LETTER OF TRANSMITTAL

On behalf of the Administrative Office of the Illinois Courts (AOIC), I am pleased to offer the 2023 Annual Report of the Illinois Courts. The Report contains a summary of the day-to-day operations of the Supreme, Appellate and Circuit Court, and highlights judges, court managers, committees, AOIC and other justice partners who carry out the work of the third branch of government. Also highlighted are some of the major initiatives undertaken and implemented in 2023.

Illinois has a long history of pretrial reform efforts starting with the abolishment of bail bondsmen in 1963. The Illinois Courts worked for years to prepare our state for additional pretrial reforms. This work began in 2017 when the Supreme Court created the Commission on Pretrial Practices. The Commission issued its report in 2020 and the Pretrial Implementation Task Force was established with the Legislature's passing of the SAFE-T Act in 2021. After legal challenges, the Supreme Court found the elimination of cash bail to be constitutional and set an effective date of Sept. 18, 2023, for Illinois to become the first state in the country to completely eliminate cash bail. It is impossible to detail the immense amount preparation, education and training that went into this initiative.

Perhaps the largest operational change resulting from the elimination of cash bail was the Supreme Court's creation of the

Office of Statewide Pretrial Services (OSPS). Under the excellent leadership of Director Cara LeFevour Smith, OSPS has grown to provide pretrial services in 70 counties where pretrial services did not exist. OSPS serves our state by promoting pretrial justice community safety throughout Illinois.

The Administrative Office of Illinois Courts is proud to support problem-solving courts throughout the state and receives grants to help fund those courts. The Illinois Courts received a \$2.5 million grant from the National Center for State Courts to support five drug courts to increase capacity, improve graduation outcomes and expand access to recovery support services.

To address issues impacting the practice of law and unmet legal needs, the Supreme Court created the Executive Committee on the Practice of Law. This group will make

recommendations to the Court on issues like legal deserts and review proposals from other Supreme Court committees and stakeholders within the legal community.

Consistent with prior reports, this Report contains an overview of the state and local funding required for the operation of our court system and current information on the judicial officers and employees who provide the residents of Illinois with a court system that fairly and impartially administers justice and efficiently resolves disputes. The Report also contains data dashboards on the more frequently requested/viewed statistics from the Supreme, Appellate and Circuit Courts. Additional court data from each appellate district, circuit and county is available at illinoiscourts.gov/reports/annual-report-illinois-courts

The AOIC acknowledges with appreciation the clerks of the Supreme, Appellate and Circuit Courts for their continued support, commitment and cooperation in compiling and providing the data published in this Report. I also thank the AOIC staff, particularly the Court Services Division and the Office of Communications and Public Information, for the many hours invested in this Report.

I hope you find this information valuable to your understanding of the work and function of our state's justice system. I invite you to explore the Illinois Supreme Court website at illinoiscourts.gov for the most current information concerning the Illinois Courts.

Sincerely,

Marcia M. Meis

A MESSAGE FROM CHIEF JUSTICE MARY JANE THEIS

I am honored to present the 2023 Annual Report of the Illinois Courts. I join with my colleagues on the Illinois Supreme Court to inform citizens of the Court's ongoing efforts to promote efficiency, fairness and transparency. The Illinois Supreme Court, assisted by the dedicated staff of our Administrative Office and the judges and staff members serving our court system, works to uphold individual rights and liberties, to promote the impartial interpretation of the law, and to deliver equal justice in all matters brought before our courts.

We are so proud of everything we were able to accomplish in 2023. This included the new Code of Judicial Conduct that applies to Supreme Court Justices as well as every other judicial officer in the state. The Code helps promote the public's confidence in the fairness of an independent and impartial third branch of government.

Additionally, the Court created the Office of Statewide Pretrial Services (OSPS) to prepare for the pretrial reform efforts that included Illinois becoming the first state to end cash bail. OSPS provides support

in over 70 counties covering 3,000 square miles, and approximately 3 million residents. Statistics from that office published by the Court indicate there have been more than 1,400 pretrial detention petitions filed by the State — 67% of those were granted, resulting in approximately 1,200 appeals across five districts. The Court approved a rule amendment that fast-tracks consideration of petitions for leave to appeal in those cases. The judiciary's response, at all levels, to this massive change in criminal procedure has been impressive.

LEADERSHIP SUMMIT

In September, the Court hosted the inaugural Supreme Court Committee and Commission Leadership Summit. We asked the leaders of those bodies to use their imaginations to envision how they could communicate more effectively between and among each other in areas where their charges may overlap. The goal was to create an environment of synergy and collaboration, like that of the Illinois Judicial Conference Task Forces.

One initiative of the summit was the launch of a new Executive Committee on the Practice of Law. Its members include representatives from the Illinois Board of Bar Admissions, the Attorney Registration and Disciplinary Commission, the Mandatory Continuing Legal Education Board, the Professionalism

Commission, the Professional Responsibility Committee, and the Lawyers Trust Fund, as well as seven members appointed by the Supreme Court. The Executive Committee's charge is to provide "recommendations to the Supreme Court regarding issues impacting the practice of law and unmet legal needs throughout the State of Illinois."

LEGAL DESERTS AND THE RIGHT TO COUNSEL

In Illinois, those needs are real. Our state has too many "legal deserts." That may not seem like a problem in Cook County, which has more lawyers than the entire nation of Japan. In 35 other counties, there are 10 or fewer private practitioners, and in 13 counties, there

are five or fewer. Some counties only have a resident circuit court judge, a State's Attorney, and a part-time public defender. Litigants are left representing themselves in a variety of legal disputes ranging from contract and tort cases to dissolution and family law cases. The new Executive Committee can spearhead solutions to these challenges.

Similar challenges occur in criminal court, too. Now 60 years after the United States Supreme Court's landmark decision in *Gideon v. Wainwright*, the sacrosanct right to counsel is often unrealized in certain areas of the State. The Illinois Judicial Conference Indigent Criminal Defense Task Force has issued a report with recommendations in that regard. The Task Force supports fully funding trial-level public defense services across Illinois, establishing an independent statewide

Administrative Office of Public Defense to implement new services and administer funding for them, rigorously recruiting public defenders. The aim of these proposals is to assure that the right to counsel is consistent and robust throughout our state.

ACCESS TO JUSTICE AND JUROR EXPERIENCE TASK FORCE

The Court's Access to Justice Commission continued its strong efforts promoting, facilitating, and enhancing equal access to justice for all people, including the poor and vulnerable, this year. The Commission's innovative Illinois Court Help program was

widely utilized, providing court users with free information and assistance via phone, text message, or email. And the Commission's Disability Access Committee focused its attention on empowering local Court Disability coordinators and standardizing processes to obtain accommodations in court facilities across the State.

Finally, the Court began a longer-term project to reform the jury system in Illinois. Jury issues recently have received national attention after Washington, California, and Arizona drastically changed their rules on voir dire to ensure the promises of *Batson v. Kentucky* are realized. The question that remains is whether such initiatives ultimately achieve the goal of translating more representative juries into more fair and just verdicts. The Illinois Judicial Conference has created a Juror

Experience Task Force to examine the jury system here and to make recommendations. And just a few weeks ago, the IJC approved the Strategic Agenda 2024 Operational Plan, which includes plans to improve jury service across the state.

CONCLUSION

The accomplishments detailed above represent only a few of the initiatives undertaken by the Illinois Courts in 2023. I encourage you to review the 2023 Annual Report, which provides further information about the functions and activities of the judicial branch.

On a final note, I would like to offer my sincere appreciation to everyone in the judicial branch who helped make 2023 a productive year. It

takes a lot of dedication and hard work to make the Illinois court system operate with a high level of integrity and efficiency. I look forward to another year of achievement and improvements in our courts.

Sincerely,

Mary Jane Theis

Chief Justice, *Illinois Supreme Court*

IJC 2023 Achievements

MODERNIZATION OF SERVICE OF PROCESS STRATEGIC GOAL 1

The focus of this initiative was to study, explore, and recommend ways to modernize service of process in civil cases in Illinois. The IJC adopted two recommendations. The first recommendation, which was shared with the General Assembly for its consideration, is to institute a universal date-certain summons that provides the recipient with a date and time to appear in court as the first step in the court process in all civil case types. Currently, Illinois has two types of summonses: one that requires the recipient to appear in court on a particular date and time (a "date certain" summons), and another that requires the recipient to file a written answer and appearance – a requirement that can be confusing and difficult to accomplish for self-represented litigants. The case type determines which summons applies.

The second recommendation is to require process servers to use Illinois Supreme Court approved software that will record information, including location, about each service attempt and allow the process server to e-file the service return. The Supreme Court has assigned this recommendation to its e-Business Policy Advisory Board for further development.

REMOTE COURT PROCEEDINGS DECORUM VIDEO STRATEGIC GOAL 2

The Public Education and Engagement Task Force continued the work from the Remote Court Proceedings Task Force to create a Remote Court Proceedings Decorum video. Many judges, attorneys and court participants like the accessibility of remote court but find there to be a lack of decorum versus being in the actual courtroom itself. The Task Force created an animated video to walk court users through proper attire and conduct for remote court appearances and how to prepare to attend via phone or laptop. Additional resources include a one-page step-by-step guide to remote appearances and a slide for courts to show while visitors are in the waiting room. [These resources are available here.](#)

OFFICIAL RECORD OF COURT PROCEEDINGS STRATEGIC GOAL 3

This initiative focused on studying and proposing amendments to Supreme Court Rule 46 related to the feasibility of using electronic audio recordings as part or all of

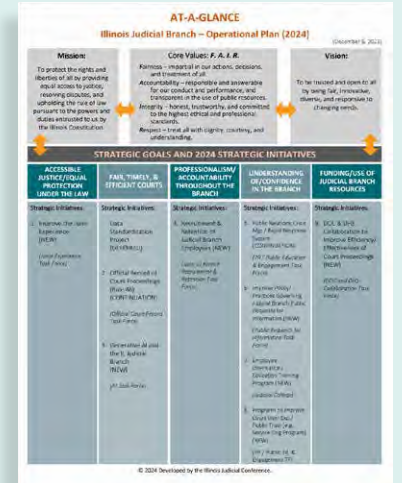

the official court record on matters on appeal to the courts of review, particularly in light of the expedited nature of appeals stemming from the Pre-Trial Fairness Act. The Task Force proposed and the Supreme Court adopted initial changes to Rule 46 in late 2022. Because implementation of the Pretrial Fairness Act was stayed until September 18, 2023 due to litigation, additional time is required to consider the impact of these changes and the need for further changes. Work on this initiative will continue in 2024.

LOCAL COURT WEBSITE TOOLS AND RESOURCES STRATEGIC GOAL 4

The Local Website Task Force conducted an inventory of Illinois local court websites and developed a Best Practices Guide for local court websites that addresses website design and content, to help improve and create a more consistent experience for local court users across the state. The Best Practices Guide has been shared with local courts.

ILLINOIS COURT HELP

EMPOWERING COURT USERS ACROSS ILLINOIS

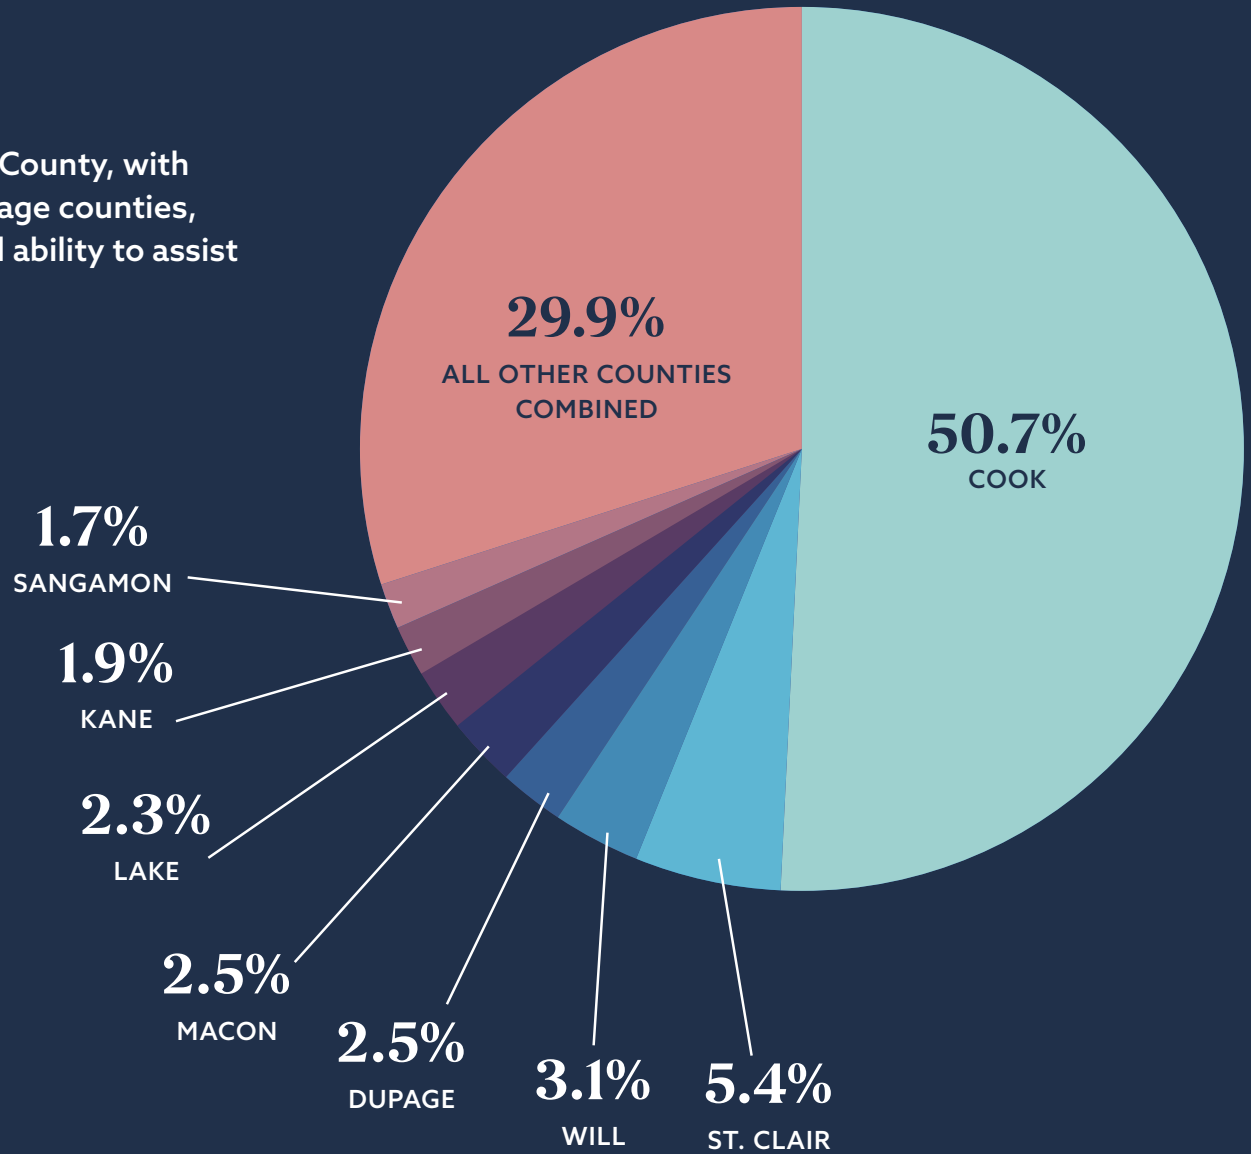

Illinois Court Help (ILCH) continues to be a beacon of support for self-represented litigants and anyone navigating the Illinois court system. Established in 2020, ILCH provides free, step-by-step guidance via phone, text, or email for court processes in all Illinois courts—including circuit, appellate, and Supreme Court. While ILCH does not offer legal advice, its trained court guides connect users to legal and community resources to help resolve their issues.

In 2023, ILCH demonstrated significant impact, assisting over 19,000 court users statewide with a high satisfaction rate of 92.1%. The program's steady growth in service delivery is highlighted in the accompanying data.

GEOGRAPHIC REACH

Over 50% of tickets originated from Cook County, with notable usage from St. Clair, Will, and DuPage counties, showcasing ILCH's statewide presence and ability to assist court users in all 102 counties.

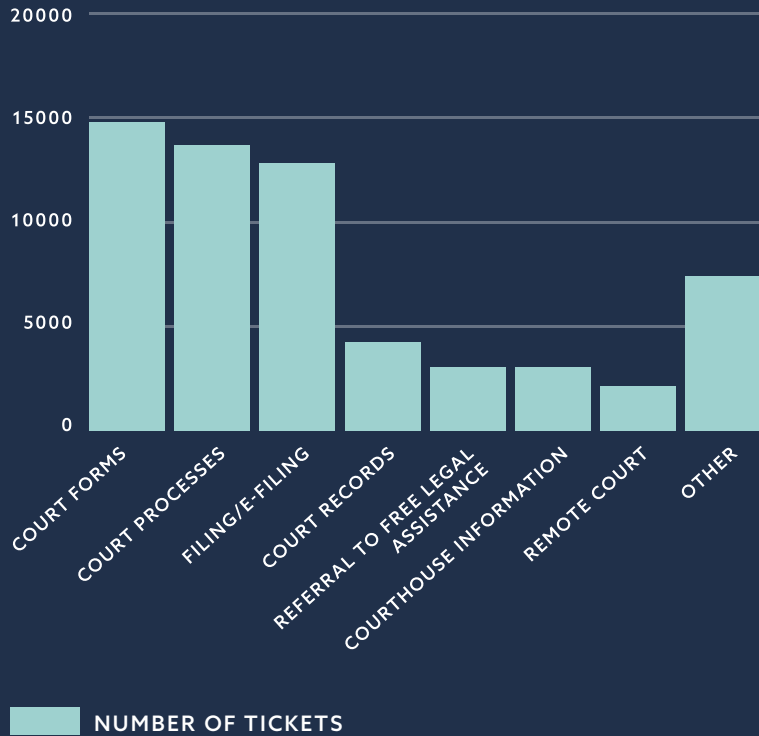

GROWTH OVER TIME

ILCH's ticket volume increased significantly compared to prior years, reflecting the program's growing visibility and the critical need for its services.

REASON FOR ASSISTANCE

The majority of court users sought help with obtaining court forms, going to court, and e-filing, highlighting the practical, procedural barriers many individuals face when navigating the court system. This data underscores ILCH's critical role in providing actionable guidance to self-represented litigants.

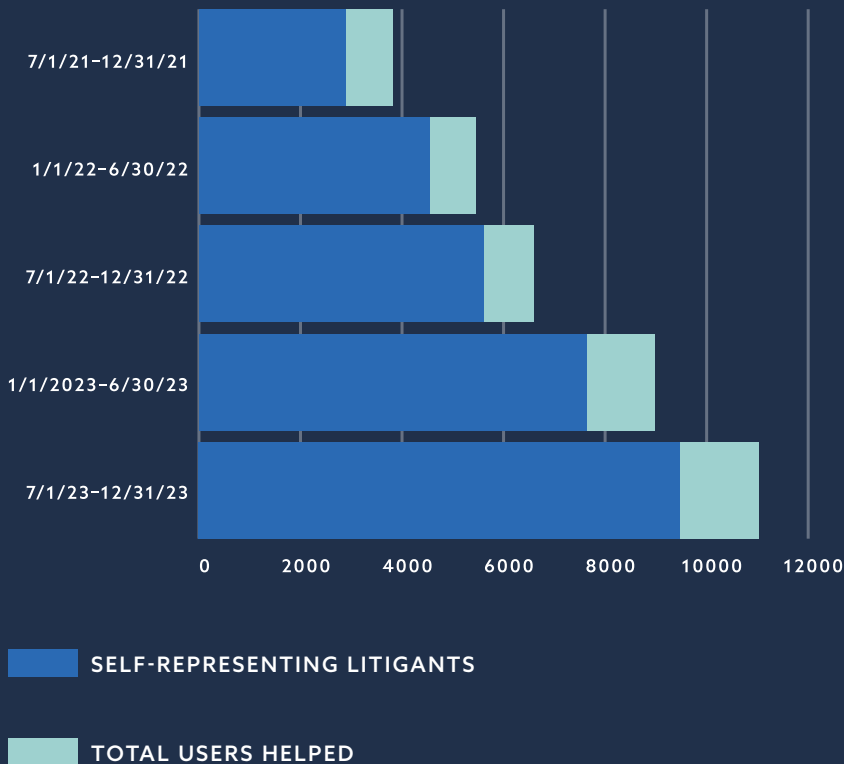

TYPES OF CASES

ILCH addressed a wide range of legal challenges, with small claims, divorce, and eviction cases among the most common.

COURT USER DEMOGRAPHICS

Consistent with prior years, the vast majority of users—85%—were self-represented litigants, underscoring ILCH’s role as an essential service for those without legal representation.

THE HUMAN IMPACT

Behind the data are powerful stories of individuals who reached out to ILCH:

“This was so hard. I had court date to amend my son’s guardianship. I fell and broke my shoulder. Surgeon scheduled to replace my shoulder same day as court. Shoulder broke 4 places, so much pain. I could not figure out the website for continuance. your staff so kind and helpful to help me get it sent. I cried so hard on the phone with your rep. I soon got email the court accepted it and reset for different date. I am Forever grateful to you all.”

—Court user, Clinton County
(GUARDIANSHIP MATTER, SEPTEMBER 2023)

“We have no legal proficiency whatsoever. We are also lower income but in that area of too much but not enough so acquiring legal representation was not doable. The people at IL legal aid were kind, patient, considerate and helpful. Our gratitude to their assistance will be in our thanks this Thanksgiving. We truly do appreciate it.”

—Court user, DeKalb County
(FAMILY MATTER, OCTOBER 2023)

LOOKING AHEAD

As ILCH grows, its mission remains clear: to empower Illinois court users in navigating legal processes with confidence and dignity. Ongoing innovations, such as the launch of a chatbot, ensure that even more court users will have access to the guidance they need.

FEBRUARY 1

E-FILING EXPANSION

The Illinois Supreme Court announced the expansion of e-filing to include quasi-criminal cases and electronic citations (e-Citations). This expansion beyond civil, criminal, and juvenile cases furthers the Supreme Court's objective to utilize technology to reduce and streamline processes. It will be done in a permissive manner initially so counties can join as their technology allows.

APRIL 11

ONLINE MCLE TRACKING

The Illinois Supreme Court announced a groundbreaking innovation to aid attorneys through a new online MCLE transcript system. Attorneys are now able to check their progress toward MCLE compliance at any time through the online portal.

APRIL 24

RULE 102 AMENDMENTS

The Illinois Supreme Court announced amendments to Supreme Court Rule 102 which provide for the electronic service of summons and complaints in civil proceedings in recognition of society's increased use of electronic methods to communicate. The amendments to Rule 102 memorialize what has long been allowed under the code of civil procedure to allow for summons to be served via social media direct message, e-mail, or text message by special order of the court, when service by traditional means is impractical.

MAY 11

RIDING THE CIRCUIT AT CHICAGO STATE

The Illinois Supreme Court left Springfield behind for a day to "ride the circuit" to hear oral arguments at Chicago State University. A crowd of over 400, including 300 students, were in attendance to hear arguments in two cases, *People v. Lane* and *People v. Lozano* at the Emil and Patricia Jones Convocation Center. Attorneys from the Cook County Bar Association hosted a question-and-answer session with the students following the arguments.

MAY 24

NEW RULE 909

The Illinois Supreme Court announced the adoption of new Rule 909 which establishes a statewide framework for courts to utilize “parenting coordinators” to resolve minor issues causing conflict in family law cases. New Rule 909, first proposed by the Illinois State Bar Association and approved unanimously by the Supreme Court Rules Committee, allows for each Illinois judicial circuit, if it chooses, to establish a parenting coordination program via local rule.

AUGUST 24

COMMITTEE ON PRETRIAL EDUCATION

The Illinois Judicial College Committee on Pretrial Education (CPTe) was created as a seventh Standing Committee of the Illinois Judicial College (Judicial College), elevating pretrial education from its current Pretrial Board Workgroup status in the Judicial College. SEPTEMBER 14

NEW ARDC ADMINISTRATOR

The Illinois Supreme Court appointed Illinois attorney Lea S. Gutierrez to serve as the new Administrator of the Attorney Registration & Disciplinary Commission (ARDC). The ARDC is the Supreme Court agency that regulates lawyers in Illinois, and the Administrator is the ARDC’s principal executive officer. Ms. Gutierrez takes over for Jerome E. Larkin, who is retiring after 16 years as ARDC Administrator.

SEPTEMBER 18

END OF CASH BAIL

Illinois has a long history of pretrial reform efforts starting with the abolishment of bail bondsmen in 1963. Those efforts continue as Illinois became the first state to abolish cash bail on Sept. 18. The Illinois Supreme Court has taken significant steps to prepare the Judicial Branch for pretrial reform. These efforts began with the formation of the Commission on Pretrial Practices in 2017, which consisted of all three branches of government and criminal justice stakeholders. The Commission issued its final report in 2020 and that led to the creation of the Pretrial Implementation Task Force. Additional steps taken by the Supreme Court and its related bodies are detailed [here](#).

SUPREME COURT SUPPORT STAFF

CLERK OF THE SUPREME COURT

CYNTHIA A. GRANT

The Clerk of the Supreme Court is appointed by the Court, reports to the Court and serves at the Court's pleasure. The Clerk is the Court's principal case processing and records manager who operates the office through a staff of specialized deputies, and by planning, developing, and implementing policies and procedures necessary to execute the responsibilities of the office. The office has existed since circa 1818 and supports the Court in the exercise of its statewide jurisdiction, authority to regulate the practice of law in Illinois, and supervisory authority over the courts in the state.

In its case management capacity, the Clerk's Office maintains four distinct automated dockets, executing all associated processes, to ensure compliance with Supreme Court Rules and to ensure that cases are effectively monitored and scheduled, from initiation to issuance of mandates and final orders as appropriate. The general docket unit of the office supports the Court's primary docket. The miscellaneous record docket consists primarily of attorney matters. The miscellaneous docket consists of conviction-related cases filed by pro se incarcerated litigants and provides a forum without compromising standard filing requirements. The proposed rule docket was developed and functions consistent with the mandate of Supreme Court Rule 3. E-filing of Court documents began in 2012 on a pilot basis and in July 2017, mandatory e-filing of civil cases was established through a single, centralized electronic filing manager (EFM), called eFileIL and included integration with the Court's case management system.

In its record management capacity, the Clerk's Office maintains the Court's active and closed files and permanent records, dating to 1818, including historically significant documents which are housed and preserved in the State Archives by agreement, and through an agreement with State Archives oversees the conversion of paper documents to microfilm, a more stable medium.

The Clerk's Office registers and renews professional service corporations and associations, and limited liability companies and partnerships engaged in the practice of law. In October 2012, the Supreme Court announced an e-renewal process that gave law firm entities the option to

electronically renew their annual registration and pay the \$40 renewal fee electronically. In 2023, approximately 77% of law firm entities chose to electronically renew their registration. The Clerk's Office is also responsible for maintaining the roll of attorneys, which includes the licensing process, and issuance of law licenses; files judicial financial disclosure statements required of state court judges. Beginning in March 2019, state court judges were offered an electronic option to file their annual statement of economic interests. The office compiles, analyzes, and reports statistics on the Supreme Court's caseload and other activity, as reflected in the accompanying statistical summary and narrative for 2023.

The Clerk's Office provides information to the public at large and the practicing bar and has working relationships with other courts and judicial branch offices, Supreme Court agencies, and state and county departments.

MARSHAL OF THE SUPREME COURT

JIM CIMAROSSA

The Marshal attends all sessions of the Court held in September, November, January, March, and May. In addition, the Marshal directs a staff which maintains the Supreme Court Building and grounds, provides security for justices and employees, and conducts tours of the building.

SUPREME COURT CHIEF INTERNAL AUDITOR

JOHN BRACCO

The Supreme Court Chief Internal Auditor and staff perform audits of the state-funded activities of the judicial branch. In addition, the Internal Auditor annually assesses the adequacy of internal controls for state-funded activities.

SUPREME COURT RESEARCH DIRECTOR

JOHN ROBINSON

The Librarian oversees all aspects of library administration including budget and program planning, materials and equipment acquisition, cataloging and collection development, and library reference and research services

STATE AND LOCAL FUNDING FOR THE COURTS

Financing the state court system is a shared responsibility of the state and the 102 counties of the state. Revenue to provide court services to the people of the state comes from a variety of sources: the state income tax, county property taxes, case filing fees, court-imposed fines and assessments, and other fees.

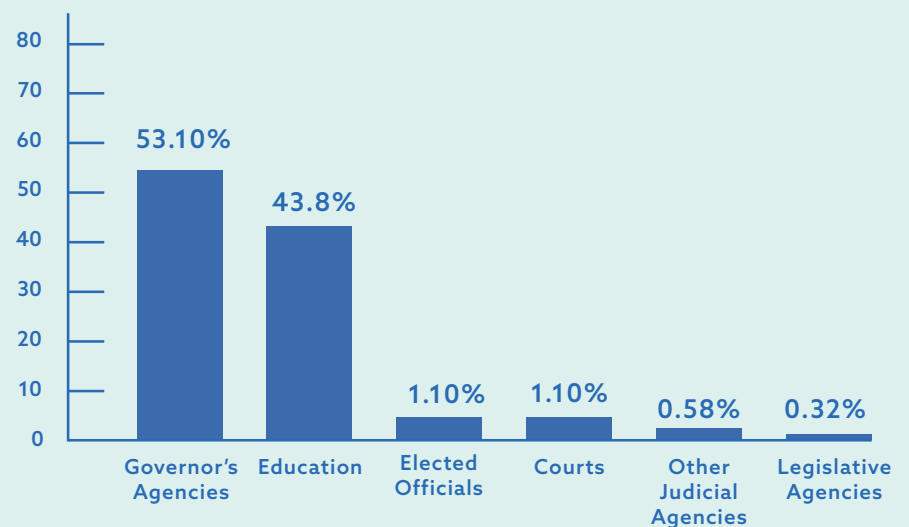

State government pays for the salaries, benefits, and office expenses of supreme and appellate court judges, and salaries and benefits of circuit court judges. Effective July 1, 2023, judicial salaries, as determined by the legislature, were: Supreme Court justices, \$271,379; appellate court judges, \$255,419; circuit court judges, \$234,380; and associate judges, \$222,661. The state also pays for support staff of supreme and appellate court judges, staff in other units of the supreme and appellate courts, a small number of other personnel in the circuit courts, and mandatory arbitration staff in several counties. Part of the cost of operating the mandatory arbitration program is offset by fees paid by participants in the program. During Calendar Year 2023, the arbitration filing and rejection fees collected amounted to \$3,991,936.

State funding for probation and court services departments covers approximately 3,100 probation and court services personnel, for which the counties receive full and partial salary reimbursement on a monthly basis. The statutorily mandated full funding level was appropriated to fund eligible probation services positions. The state Judicial Branch appropriation also supports other operational and program expenses. County governments pay part of the cost of financing circuit court operations. Counties provide office and courtroom space, maintenance, and support staff to assist the circuit court judges. Circuit clerks collect money to help pay for their operations and some court operations. They also collect and disburse revenues to help fund local and state government programs, as summarized on the next page.

STATE FUNDING

General Revenue Fund Appropriations for State Agencies *Fiscal Year 2024*

This graph shows the Supreme Court's share of the General Revenue Fund appropriations for Fiscal Year 2024 (July 1, 2023 to June 30, 2024). The total General revenue Fund appropriation for the entire state was \$48,309,111,000. The Court's appropriation was \$522,601,300.

SOURCE: Table 1-A: General Revenue Fund Appropriations by Agency Chapter 3 Governor's Budget Message to the General Assembly

LOCAL FUNDING

The circuit clerk's office in each county provides a variety of court recordkeeping and financial accounting services. Circuit clerks are elected for four-year terms by the voters in each county. Circuit clerks, with help from deputy clerks, attend sessions of the court, preserve court files and papers, and maintain complete records of all cases. Employees of the clerks' offices are appointed by and are accountable to the circuit clerk, with the county board having budgetary authority.

During 2023, the total number of full-time employees in all 102 circuit clerk offices was 3,162, assisted by a total of 133 part-time employees. The cost of operating all circuit clerks' offices totaled \$239,077,063 in 2023.

Revenue to pay for these court-related services comes primarily from property taxes, filing fees, and court-ordered fines and costs. Fines, fees and other costs collected by circuit clerks are governed primarily by statute and Supreme Court rule.

REVENUE TO FINANCE LOCAL IMPROVEMENTS

Fees and court-ordered fines were collected in 2023 by circuit clerks and earmarked for improvements in the clerks' offices and to help defray the cost to the county of operating the courts at the local level.

\$20,161,146

Court Document Storage Fund

is used for any costs relative to the storage of court records.

\$19,835,199

Court Automation Fund

Used to establish and maintain automated systems for keeping court records.

\$8,104,129

County Law Library Fund

Helps defray the costs of maintaining a law library in the county for judges, attorneys, and the public.

\$5,420,143

County Fund To Finance the Court System

Available from fees collected by circuit clerks to help finance the court system in the county.

\$7,933,452

Circuit Court Clerk Operations and Administrative Fund

Used to offset costs incurred for collection and disbursement of State and local funds.

UNCOLLECTED CLAIMS

The Administrative Office, the Supreme Court Clerk, the Supreme Court Library, and the Clerks of the five Appellate Districts are responsible for collecting certain fees. Outstanding accounts receivable are normally collected by the unit to which the account is owed. Additionally, a small number of accounts receivable are turned over to the State Comptroller's offset system. At the end of FY23, there were 6 claims due and payable, totaling \$12,989.82.

REVENUE TO FINANCE OTHER PROGRAMS

In addition to collecting fees for local improvements, circuit clerks receive, account for, and distribute millions of dollars to county governments, various local governmental entities, and various state funds. Some of the programs and dollars collected in 2023 by circuit clerks are listed below:

\$941,778,151

Child Support and Maintenance

Court ordered payments collected and distributed by Circuit Clerks and the State Disbursement Unit.

\$3,887,614

Drug Treatment Fund

Court ordered drug assessments are used to pay for treatment programs for people addicted to alcohol, cannabis, or controlled substances.

\$4,689,136

Violent Crime Victims Assistance

Court ordered penalties in criminal and certain traffic cases are used to support victim and witness assistance centers throughout the state.

\$1,745,704

Trauma Center Fund

Fees collected in certain traffic, DUI, and criminal cases are used to support Illinois hospitals that are designated as trauma centers.

\$6,151,299

Traffic and Criminal Conviction Surcharge

An additional penalty imposed in traffic and criminal cases is used for training of law enforcement and correctional officers.

\$1,619,014

Drivers Education Fund

Penalties and forfeitures in offenses reportable to the Secretary of State are used for driver education programs in high schools.

CASEFLOW

Illinois has had a unified court system since 1964. In that year, voters approved an amendment to the 1870 Constitution which made major changes in the system. Prior to 1964, the court system was fragmented. The courts of original jurisdiction had some concurrent and overlapping jurisdiction, and each court operated independently of the others.

The old system had a circuit court with statewide original jurisdiction in all cases and some appellate jurisdiction; a Superior Court of Cook County having concurrent jurisdiction with the Circuit Court of Cook County; the Criminal Court of Cook County also having concurrent jurisdiction with the Circuit Court of Cook County but limited to criminal cases; a county court in each county with special jurisdiction that partially overlapped that of the circuit court; a probate court in certain counties with special jurisdiction; statutory municipal, city, town and village courts, with jurisdiction overlapping that of the circuit court; and justice of the peace and police magistrate courts with limited jurisdiction.

By 1962, Cook County alone had 208 courts: circuit court, superior court, family court, criminal court, probate court, county court, twenty-four city, village, town and municipal courts, seventy-five justice of the peace courts, and 103 police magistrate courts. In addition, there were seven supreme court districts numbered from south to north

and four appellate court districts numbered from north to south. For example, the First Supreme Court District was in a part of the Fourth Appellate Court District and the Seventh Supreme Court District was in a part of the First Appellate Court District. In today's system, as shown on Page 35, there are three levels of courts: circuit, appellate, and supreme, all operating within clearly defined geographical boundaries. The circuit court is a court of original jurisdiction which is divided into twenty-four circuits. Each circuit is located in one of five appellate court districts. Cases enter the circuit court via the circuit clerk's office in a county of the circuit. Cases may be appealed to the appellate court in the district containing the circuit court, or, in certain circumstances, directly to the Supreme Court. After an appellate court decision, parties to the case may seek discretionary review by the Supreme Court. Supreme and appellate district and circuit maps are found in their respective sections of this publication.

The path a case may follow in the process from start to finish can be complicated. The diagram, to the right, demonstrates, in general terms, how cases proceed through the state court system.

JUDICIAL BRANCH ADMINISTRATION

SUPREME COURT

The Supreme Court of Illinois, in addition to being the state's highest Court, is responsible for the state's trial courts, one appellate court with five districts, and several supporting units. General administrative and supervisory authority over the court system is vested in the Supreme Court. Several advisory bodies assist with this mission by making recommendations to the Court. These include the Judicial Conference of Illinois, the Conference of Chief Judges and the various committees of the Court. More information about these committees can be found within this report. The Supreme Court also makes appointments to other committees, commissions, and boards available here. The Chief Justice is responsible for exercising the Court's general administrative and supervisory authority in accordance with the Court's rules. The Supreme Court appoints an Administrative Director to assist the Chief Justice in those duties. The staff of the Administrative Office of the Illinois Courts support this function. Key support personnel exist at each level of the courts to assist judges with the administration of justice. At the Supreme Court level, this includes the clerk, research director, marshal, librarian, reporter of decisions and their staffs. Each support unit is described within this report.

APPELLATE COURT

At the appellate court level, the presiding judge and judges of each appellate district are assisted by a clerk of the appellate court and a research director and their staffs appointed by

the appellate judges. Appeals enter the clerk's office, where deputy clerks assign each filing schedules and actively monitor and review cases as they progress through record preparation, motions, briefing, and oral arguments. Problems such as late filings, jurisdictional defects, inadequate records or noncompliant briefs are referred to the court. After the court has heard an appeal, the clerk's office issues the court's decision and tracks all post-decision activity. The clerk's office also manages the court's computerized and manual recordkeeping systems and oversees the maintenance of physical facilities. The clerk responds to requests and questions concerning the court's cases and procedures. The research director oversees a staff of attorneys and secretaries providing centralized legal research services to judges.

CIRCUIT COURT

Each circuit is administered by a chief judge who is elected by vote of the circuit court judges of that circuit. The chief circuit judge is assisted by an administrative assistant and/or trial court administrator and other support staff. The number of counties in each circuit currently ranges from one to twelve. In each county, voters elect a circuit clerk for a four-year term. Circuit clerks, with help from deputy clerks hired by the circuit clerk, attend sessions of the court, preserve court files and documents, maintain complete records of all cases, and maintain records of money received and disbursed related to these cases.

JUDICIAL INQUIRY BOARD

The Supreme Court appoints two judges to the Board, the governor also appoints four non-lawyers and three lawyers, which receives and investigates complaints against judges and brings the validated complaint before the Illinois Courts Commission.

ILLINOIS COURTS COMMISSION

The Commission consists of a supreme court justice, two circuit judges selected by the Supreme Court, two appellate court judges selected by the appellate court, and two citizen members selected by the governor. The Commission hears complaints brought by the Judicial Inquiry Board and can discipline a judge or remove a judge from office. An Executive Director/General Counsel serves the Commission in their duties.

BOARD OF ADMISSIONS TO THE BAR

The Supreme Court establishes rules and standards for the education, testing, and admission of law school graduates to the practice of law in the state and appoints seven attorneys to sit on the Board. The Board oversees the process of admitting law school graduates to the practice of law.

Committee on Character and Fitness

The Supreme Court appoints attorneys to a committee in each of the five judicial districts to evaluate the moral character and general fitness of applicants for the practice of law.

Attorney Registration and Disciplinary Commission

The Supreme Court establishes rules for the registration and discipline of attorneys and appoints four lawyers and three non-lawyers to the Commission which oversees the registration and disciplinary process.

State Appellate Defender

The Supreme Court appoints the State Appellate Defender and two members to the State Appellate Defender Commission. Each appellate court district appoints one member to the Commission and the governor appoints two members.

Board of Trustees of the Judges Retirement System

The Supreme Court appoints three judges to the Board of Trustees of the Judges Retirement System and the chief justice is an ex-officio member, as is the state treasurer.

APPELLATE COURTS

Except for those cases appealed directly to the Supreme Court, a person has the right to request a review of a circuit court judge's decision by the Appellate Court.

The Appellate Court is organized into five districts. The first meets in Chicago, second in Elgin, third in Ottawa, fourth in Springfield, and the fifth in Mt. Vernon.

Each district can have one or more divisions. There are six divisions in the first district and one in each of the other four. The Supreme Court assigns judges to the various divisions. The presiding judge of each division assigns judges to panels of three to hear appeals.

The number of appellate court judgeships, currently 54, is determined by the legislature.

The Supreme Court can assign additional circuit, appellate or retired judges temporarily to any district. Judges are elected by voters in each district for 10-year terms, and may be retained for additional ten-year terms. Each judge has a support staff of two law clerks and a secretary.

Each district manages its own operations, subject to the overall authority of the Supreme Court. In the first district (Cook County), an executive committee exercises general administrative authority. This committee elects a chairperson and vice-

chairperson for one year. In the other districts, judges select one of their members to serve as presiding judge for one year.

serve as Honorary Chair of the 2024 Annual Meeting of the Appellate Court to be held April 8, 2024.

APPELLATE COURT ADMINISTRATIVE MATTERS

Annual Meeting: The Appellate Court held its annual meeting on April 3, 2023, with the Honorable Robert Steigmann (Fourth District Appellate Court) serving as the Honorary Chair of the 2023 Annual Meeting. Over 50 appellate justices were in attendance. The Honorable Bertina E. Lampkin (First District Appellate Court) was elected to

Administrative Committee: The Appellate Court Administrative Committee was established to study and recommend improvements to the Illinois Appellate Court. Additionally, the Committee plans the Annual Meeting of the Appellate Court and develops the curriculum for the annual Appellate Court Conference. In addition to the appellate justices in attendance were the Clerks and Legal Research Directors of the Supreme and Appellate Courts, appellate court law clerks and legal staff, and the Office of the Reporter of Decisions.

CIRCUIT COURTS

In Illinois, the circuit court is the court of original jurisdiction. There are twenty-five judicial circuits in the state. Seven are single county circuits (Cook, DuPage, Kane, Lake, McHenry, St. Clair and Will) and the remaining eighteen circuits comprise as few as two and as many as twelve counties each.

Except for redistricting of the general assembly and ruling on the ability of the governor to serve or resume office, the circuit court has jurisdiction for all matters properly brought before it. The circuit court shares jurisdiction with the Supreme Court to hear cases relating to revenue, mandamus, prohibition, and habeas corpus. If the Supreme Court chooses to exercise its authority in a case of these types, the circuit court loses jurisdiction. The circuit court is also the reviewing court for certain state agency administrative orders. There are two types of judges in the circuit court: circuit judges and associate judges. Circuit judges are elected for a six-year term and may be retained by voters for additional six-year terms. They can hear any circuit court case. Circuit judges are initially elected either circuit-wide, from the county where they reside or from a sub-circuit within a circuit, depending on the type of vacancy they are filling. Associate judges are appointed by circuit judges of that circuit, pursuant to

Supreme Court Rule 39, for four-year terms. An associate judge can hear any matters deemed suitable by the chief judge or designated circuit judge. Circuit judges in a circuit elect one of their members to serve as chief circuit court judge. The chief circuit judge has general administrative authority in the circuit, subject to the overall administrative authority of the Supreme Court. The chief judge can assign cases to general or specialized divisions within the circuit.

CIRCUIT COURT ADMINISTRATIVE MATTERS

The Conference of Chief Circuit Judges is comprised of the chief circuit judges from the twenty-five judicial circuits. Beginning in December 2023, Judge Katherine D. Gorman, Chief Judge of the Tenth Judicial Circuit, served as Chair of the Conference, with Judge William J. Thurston of the First Judicial

Circuit serving as Vice-Chair since December 2023. The Conference meets regularly to discuss issues related to the administration of justice in the circuit courts and other matters referred to the Conference by the Supreme Court. The Administrative Office serves as secretary to the Conference.

Conference Committees and Activities:

The Conference has several established committees which address particular issues and provide information and recommendations. Conference Committees active during 2023 included the Article V Committee; Associate Judge Vacancy Committee; Children and Families Committee; Criminal Procedure Committee; Evidence-Based Pretrial Practices Committee; Executive Committee; Orientation Committee; Probation and Public Defender Committee; Technology Committee; as well as the new Juvenile Courts Committee. From time to time, the Conference may establish an ad hoc or special committee convened to study specific short-term subject matter such as the Special Committee to Review Standardized Forms, or the new Remote Hearings Security Committee.

These committees of the Conference considered topics in several areas. In January, the Orientation Committee, along with staff from the Administrative Office, met with and provided new Chief Circuit Judges with

information and tools to help guide them in their new administrative role. The Evidence-based Pretrial Practices Committee worked closely with the Supreme Court Commission on Pretrial Practices and representatives from the various circuits to ensure the successful implementation of the SAFE-T Act and the elimination of cash bail effective September 18, 2023. This implementation included working with the Supreme Court to ascertain each circuit's availability to conduct initial appearances in person, and whether there were local operational issues doing so. Throughout the year, the Committee to Review Standardized Forms sought review of many draft standardized court forms developed for use by the Commission on Access to Justice designed to aid self-represented litigants navigating the justice system. The Article V Committee continued to review and recommend amendments to several Article V rules as a result of the SAFE-T Act. The Executive Committee worked to review policies, issues and budget related to Court Reporting Services, while the Children and Families Committee studied the proposed new juvenile abuse and neglect forms referred by the Supreme Court Juvenile Courts Committee. The Technology Committee began studying the topic of artificial intelligence, which will have far-reaching effects on courts going forward. All of the many Conference committees continued to monitor and analyze new legislation, Supreme Court rules and policies

relevant to the committee's focus and the administration of justice in the trial courts as it is introduced and adopted.

Presentations to the Conference:

In the interest of furthering the knowledge and skills of its members, the Conference hosted a variety of guest presentations focused on judicial and trial court issues. For example, Justice Kathryn Zenoff discussed recent changes to the Problem Solving Court Standards in her role as chair of the Special Supreme Court Advisory Committee on Justice and Mental Health Planning. Judge Jorge Ortiz presented along with 11th Circuit TCA Will Scanlon to review the results of the Weighted Caseload Study. Judge Sandra Parga, Chair of the Language Access Committee, discussed a language access survey with the Chief Judges. Representatives from the Department of Human Services, the Attorney General's Office and the Governor's office presented to the Conference on competency restoration needs and resources and representatives from the ISBA discussed Guardian ad Litem best practices. AOIC staff presented to the Conference on subjects ranging from juvenile detention and court case level data analytics to the first anniversary of Illinois Court Help and the redesign of standardized forms.
