After checking Wallis Hall, IWU security suggested that we might want to take a walk through McPherson Hall, the theatre building at IWU. We then went to McPherson Hall and began walking through. While in the building, I made contact with Chris Thunker [redacted] / 556-2440) and Leigh Kuyper ([redacted] / 556-2028). Chris and Leigh both stated that they knew Alan Beaman and Mike Swaine from working the theatre. They described Alan as being a very melodramatic person. They stated that Mike Swaine, on the other hand, was a pacifist. When asked about other people that we could talk with, Leigh and Chris provided the names of: J.C., Mike and Tish Mackey, Ross Minion (827-0441), Don, and Meredith Hanes (828-4737). Chris stated that he was at Jennifer Lockmiller's residence about two weeks earlier and that he knew Mike was staying with Jennifer. Leigh stated that she believed Mike had some belongings that he was storing in the photo lab there at McPherson Hall. After talking with Leigh and Chris, IWU security and I went to the photo lab and looked through the belongings that were being stored there. Since the Photo lab is IWU property and the items were not secured in any closed containers, we felt there was no expectation of privacy. We looked through Mike Swaine's belongings but found nothing that seemed pertinent to this case. I then returned to NPD.

Also, on that same date, I checked with the Credit Bureau for any credit cards listed to Alan Beaman or Michael Swaine. The Credit Bureau showed no credit cards issued to Michael J. Swaine. They showed two credit cards issued to Alan Beaman, a Discover Card and a Citibank Visa. The Discover card showed no usage since it's issuance. I called and spoke with Citibank Visa, they stated the card showed it's last usage on August 12, 1993 at the Denny's restaurant in Rockford.

After checking the credit card usage, I talked with our Records Department Supervisor for any calls that were dispatched to the general area of the victim's apartment during the last two weeks. That report did not reveal anything significant.

At 6:00 pm, we had another investigator's meeting to discuss the results of our various actions thus far.

On Tuesday, August 31, 1993, we began with another investigator's meeting. After the

Offense Supervisory Correction of #2 or #3  
Homicide

Victim Name (or Business Name) Responsible Party  
Jennifer Lynn Lockmillar

At approximately 1500 hrs, I received consent from Michael Swaine's attorney for a polygraph exam. I had prearranged an appointment for 4:00 with Kenneth Frankkenberry at the Illinois State Police Crime lab in Rockford, Il. After speaking with Michael's attorney, I picked Michael up at the attorney's office and headed for Rockford. While we were enroute to Rockford, Detective Hospelhorn continued the overhear request and obtained the required court order.

Michael Swaine and I arrived in Rockford at approximately 4:45 pm and a polygraph exam was administered by Kenneth Frankkenberry. Mike was asked the following three questions:

- 1) "Between August 23 and August 27, 1993, were you in the company of Jennifer Lockmillar in apartment [redacted] at [redacted] in Normal?" Answer: "No"
- 2) "Did you cause Jennifer's death?" Answer: "No"
- 3) "Have you withheld any information from investigators regarding Jennifer's death?" Answer: "No"

After the polygraph, Ken explained the results of the test and stated that he felt Michael J. Swaine was answering the questions truthfully and that he was not the person responsible for the homicide.

Michael and I then began our return trip back to Normal. During that time, I gave Mike several reasons why we felt that Alan Beaman was a strong suspect in the homicide of Jennifer Lockmillar. I explained to Mike that we were asking for his cooperation in a court authorized overhear during a phone conversation between himself and Alan Beaman. After talking about the aspects of the overhear in detail, Mike agreed to assist our department in any way possible to solve this case.

Mike and I arrived back at NPD at approximately 8:45 pm and met with Lt. Frank Zayas, ASA James Souk, and ASA Keri Mason. After setting up the equipment in the upstairs conference room of the police department, we sat and discussed our strategy for directing the conversation. Upon the conclusion of our discussion, we attempted contact with Alan Beaman at his residence in Rockford (815)962-6540.

On our first attempt at approximately 9:40 pm, an older male voice answered the phone and stated that Alan was sleeping. We called back approximately 5 minutes later and an older female voice answered. The female stated that he is not allowed to talk to anyone right now. The female stated it would be better if Mike did not call back that

Jennifer Lynn Lockmiller

week. The female also stated that they were advised not to let him talk to anyone.  
We then concluded the session for that evening and I gave Mike a ride back to his residence.

On September 2, 1993, we began the day once again with a group meeting. After the meeting, I went before the Grand Jury of McLean County and was granted approval for the nine subpoenas that I had requested the day before. After leaving the Grand Jury, I stopped and picked up Mike and we attempted another phone call to Alan Beaman. The second attempt was made at the Normal Police Department in the same conference room as before.

We began the second call at approximately 11:28 am. The phone was answered by an older gentleman, believed to be Alan's grandfather. Mike asked if Alan was there and the person first stated he wasn't, then he stated that he was there but that he was sleeping. The person asked who was calling and stated that they were keeping a record of who called. Mike asked if Alan could call him back and the man stated "no". We then concluded the calling session at 11:34 pm. I then took Mike home and then came back to NPD to begin compiling my report and organizing the phone records that I was beginning to receive from GTE.

At approximately 2:00 pm, we held another meeting with the Assistant State's Attorney's and the Chief of Police. Prior to the meeting's start, ASA James Souk gave me the subpoena's that I had requested so that I could serve them to the respective companies. It was decided at that meeting, that we would take Mike Swaine through the apartment to see if there was anything that he would note as unusual. We were also advised to look for a sorority pin, a necklace, and a watch that might be of value. After the meeting, I went to the scene with Kari Mason and Detective Dave Warner. After reviewing the apartment once more, I went to pick up Mike Swaine and then returned to the apartment. Mike was allowed into the apartment and he began to survey the apartment room by room. Mike did not mention anything that was unusual and was successful in helping us locate the sorority pin. The watch and the necklace were also located. After reviewing the apartment, Mike was taken back to his residence.

On Friday, September 3, 1993, I went to Rockford Illinois to attempt to interview Alan Beaman's neighbors regarding anything they might have seen or heard during the prior week. I first met with Sgt. Greg Lindmark of the Rockford Police Department. I advised Sgt. Lindmark that I wished to interview several people in the area regarding Alan Beaman. Sgt. Lindmark was somewhat familiar with the case from assisting Det.

Daniels on 8/28/93 and he assigned Detective Al Johnson to accompany me through the city and to serve as a guide to get me where I needed to go.

Detective Johnson and I began by going to the neighborhood where Alan Beaman resides. As we drove past Alan's residence at [REDACTED], we observed an elderly gentleman in the driveway cleaning a mobile home. We also observed a grey Ford Escort with Illinois license plates "BBB 282" sitting in the driveway parked to the left of the garage. After driving past and taking several pictures of the Ford Escort, we began to make attempts at contacting neighbors.

There are five houses that border the Beaman residence. Those residence are:

- 1) Henry Taylor - [REDACTED], Rockford, Il. (Due East of the Beaman)
- 2) Lawrence & Melba Rinaldo - [REDACTED], Rockford, Il. (Northeast of Beaman)
- 3) Schultzes - [REDACTED], Rockford, Il. (Due North of Beaman)
- 4) Unknown - [REDACTED], Rockford, Il. (Northwest of Beaman)
- 5) Michael & Linda VanBarriger - [REDACTED], Rockford, Il. (Due West of Beaman)

Of the five residence, I was able to make contact with only one individual. That individual was Michael P. Vanbarriger (4-8-74) who lives due west of Alan Beaman. Mike is 19 years old and stated that he grew up with Alan Beaman. Mike stated that on the evening that Alan was initially stopped, he came over to Mike's window to talk with him. According to Mike, Alan said he was going to Denny's for coffee when he was pulled over and taken downtown for questioning. He stated to Mike that the detectives were trying to get him to say something. Mike said Alan was shaken up over his old girlfriend and that Alan told him that the police were trying to find out where he was. Alan told Mike that he had a receipt for some tires that were installed on his car. The receipt had the mileage written on it and the mileage had not accrued over three hundred since the tires were put on. Alan stated that it was over 300 miles to Bloomington and back so he couldn't have driven to Bloomington after getting the tires. Alan told Mike that he loved his old girlfriend and wanted to call down and find out what happened to Jen but if the cops thought he did it, he didn't want to start anything. Mike stated that Alan was talking about "Bubba" and how Bubba would bother Alan and Jennifer while they were together. Alan told Mike that they broke up about a month before school let out. Alan did not tell Mike the last time he saw Jennifer.

When asked to describe the vehicles driven by Alan's parents, Mike stated that they had two chryslers, one's grey and the other is pinkish-tan. Mike stated that the car

might be white because he has seen Alan's mom driving a white car. While talking, Mike stated that he doesn't think Alan has a temper. Mike stated that he usually sees Alan's car around 10 am and around 12:30 am. However he added that Alan hasn't been driving the car since we interviewed him because he didn't want to change the mileage.

Alan told Mike that he was originally taken to the station for questioning about a homicide and then after getting to the station he was told that she was beaten up real bad. Mike stated, for a second time, that Alan was shaken up but wasn't crying. Mike then recalled Alan saying something about Jennifer being beat up or cut-up but didn't know if she was raped or not. We then concluded the interview and I left the residence.

After checking the neighborhood, Al Johnson and I went to David Olson's residence located at [redacted] in Rockford. We arrived at the residence at approximately 11:10 am and were unable to make contact with anyone at that residence. We then returned to the Rockford Police Department.

I checked the Rockford City Directory in an attempt to locate Alan's pastor, Frank Moore. I was unable to locate a Universal Church located anywhere in the Rockford Area. I did locate a Frank Moore in the city directory but there was no answer when I called the house.

The only person able to verify Alan's alibi, during the time that the homicide occurred, was his mother, Carol Beaman. Before returning to Normal, I went to Auburn High School to see if I could verify either Alan Beaman's presence or Carol Beaman's presence during the time in question. After arriving at the School, I talked with the Assistant Principal, Mrs. Ann Anderson. (815-966-3305) Mrs. Anderson stated that she remembered seeing Alan and Carol in the school building on the previous week, however, she couldn't remember which day. Mrs. Anderson stated that a lot of teachers come in to prepare their classroom before school starts and that they do not sign in or out when they enter the building. Mrs. Anderson stated that she was at the school every day of the week in question.

After leaving the school, I returned to the Normal Police Department.

On Tuesday, September 7, 1993, I continued to compile phone records that I was receiving from the various subpoena's that were sent out. At approximately 1630 hours, we held another investigators meeting to discuss the various findings of each investigator. On Sunday, September 5, Alan Beaman returned to Bloomington/Normal and moved into his room at [redacted]. After the meeting, I went to Mike Swaine's residence and picked him up for another attempt at the overhear. We returned to the

Jennifer Lynn Lockmiller

station and attempted calling Alan at his dorm room at approximately 8:00 pm. We made several attempts and were unable to get an answer at Alan's apartment in [REDACTED]. I asked Mike if he would be willing to assist us by approaching Alan in person and engaging him in a conversation while wearing a body wire. Mike consented and stated that he was to be with Alan the following night at the theatre to set up for a performance. Mike stated that he could ask Alan to go for a walk with him after they were done setting up the theatre. We made temporary plans to conduct a body wire on the following evening and I took Mike back to his residence.

On Wednesday, September 8, 1993, I went to the Mclean County State's Attorney's Office to request a court order for a body wire and also for two additional subpoenas for phone records. The subpoena's requested were due to two requests that were written incorrectly on the week prior. The two additional subpoena's were:

Agency	Records	Phone Records	Subscriber
MCI 1133 19th St. Northwest Washington D.C. 20036 Linda Stewart (202)736-6072 Fax (202)736-6072	Records of all calls terminating at 452-9913 between 7/20 - 8/30	(309)452-9913	Jen Lockmiller
Illinois Bell 212 W. Washington Rm 2G Chicago, IL. 60606 Larry Renfro (312)727-5429 Joy (312)727-6890 Fax (312)845-3521	Large computer study on three numbers from 7/25 to 8/30.	(815)964-5761 (815)962-6540 (708)530-5865	Josh Whitney Alan Beaman Mike Swaine

After presenting Judge Prall with the request for a body wire, the request was approved. I called Tech Services in Springfield Illinois and they agreed to assist our department at 6:30 that evening. I contacted Mike Swaine and picked him up at approximately 12:45 pm. Mike was brought to NPD and fingerprinted so that the lab could begin eliminating his prints. We then made arrangements to do the overhear that night and I took Mike back to his residence.

At 6:30 pm, I picked Mike up again at his residence and brought him to NPD. We then

met with Pat Keen and Keith Frederick of ISP Technical Services and discussed the plan for the body wire. It was decided that Mike would be dropped off at about 7:00 pm to work at the theater and we would designate a meeting place at that time. Shortly before they were done working, Mike would slip out to the meeting place and get into the van. We would then strap on the body wire and send him back in. After completing work, Mike would attempt to engage Alan in conversation.

We dropped Mike off at about 7:00 pm and established a meeting point. Pat, Keith, and I returned at about 9:00 pm and found that there was another vehicle in the spot where we were going to meet. We parked across the street from McPherson hall and waited for Mike to come out. At about 9:40 pm, Mike approached the van and entered by the side door. Pat Keen applied the body wire while Keith and I kept watch for pedestrians passing by the van. Mike Swaine stated that Alan was working in a brown house that was located about 30 yards south of the van. After the body wire was installed, Mike exited the vehicle and approached the brown house.

Mike was successful in making contact with Alan Beaman and convinced him to go outside to the front porch to talk. Alan and Mike talked about Jennifer for approximately 50 minutes before Mike terminated the conversation. (For a complete detail of the conversation, see the transcript of the tape prepared by Jackie Thomas.) After the conversation terminated, Mike Swaine began walking towards his residence and we stopped and picked him up along the way to return to NPd. After removing the wire at NPd, I returned Mike to his residence. The original tapes were submitted into evidence and a copy of the tape was made for investigative use.

On Thursday, September 9, 1993, I went before the Grand Jury of McLean County and obtained approval for the last two subpoena's that I requested. After obtaining the subpoenas, I returned to NPd and faxed off the copies to the respective agencies. I then mailed the hard copy to MCI via registered mail and began to update my reports.

On Wednesday, September 15, 1993, we conducted another overhear using a body wire. Mike Swaine was picked up at his residence and escorted to the Normal Police Department by this R/O. After arriving at NPd, we met with Pat Keen from Tech Services and discussed the plans for the overhear. At approximately 1900 hours, the nagra recorder was turned on and Pat Keen and I took a position near Alan Beaman's apartment while John Russell and John Belcher dropped Mike Swaine off near the Walgreen's store located on Center street. At approximately 1915 hrs, Mike was dropped off and began walking towards [redacted] located on the IWU campus. Mike entered the hall and made

contact with Alan Beaman in Alan's dorm room. Alan consented to talking with Mike and they went to the front porch to talk. The conversation lasted for about 15 to 20 minutes before Alan became upset and walked away. Mike then began walking back to Walgreens where we picked him up and returned him to NPD. After arriving at NPD, the tape was transferred to a cassette copy and the Mike was returned back to his residence. For a complete detail of the conversation between Mike Swaine and Alan Beaman, see the transcription done by Jackie Thomas.

On 09/22/93, Lt. John Brown and I went to Rockford to attempt at interviewing other possible witnesses. We made contact with Dennis Clark and received a hardcopy of Alan's work schedule for the week of August 23, through August 27. According to Dennis, they had been paving parking lots during the evenings and were not in the stores.

After talking to Dennis Clark, we went to the Winnebago County Sheriff's Department and spoke with Detective Chris Cowan. According to Mike Van Barriger, on the evening that Alan was stopped, Alan had told him that he had just had new tires put on his car and had not driven the car over 300 miles since having the new tires installed. Detective Cowan checked to see if a tow sheet was completed on Alan Beaman's vehicle on the night that Detective Daniels and Detective Hospelhorn talked with him. After checking the tow-sheet, we were unable to find any mileage statements that were taken.

Before returning to Normal, we went to [REDACTED] in Rockford. David Olson was the person sponsoring the party that Alan stated he attended on Wednesday night. We arrived at David Olson's house at approximately 1050 and remained there until about 1140. After being unable to make contact with David, we returned to Normal.

On 09/23/93, I went before the McLean County Grand Jury to request a subpoena for banking records of Alan W. Beaman's accounts at Bell Federal Savings and Loan. I also requested a subpoena for the AT&T trap and trace division in order to identify the truncated calls coming into the victim's apartment. Both requests were granted.

After returning to the Normal Police Department, I faxed the subpoena's to AT&T and Bell Federal Savings and Loan. I followed up the fax by mailing out the hardcopies via registered mail.

At approximately 2:30 pm, John Brown and I made contact with Chris Carbone on the IWU campus. I asked Chris if he would be willing to speak with us for a little while and he agreed. We then transported Chris to the McLean County State's Attorney's office and began an interview in Lt. Brown's office. I began by informing Chris that he was still

a suspect and therefore, I needed to advise him of his Miranda rights. I advised Chris of his rights and asked if he understood his rights to which he stated, "yes". I then asked if he was willing to waive those rights and he agreed he would. I began by asking Chris to tell me about himself. Chris talked for about 15 minutes about himself and then began to talk about Alan. We continued to talk for about another 30 minutes and then brought up the issue of the polygraph test. Chris stated that he refused the test because he was unsure where we were going with the interviews. After talking for an extended time regarding the polygraph, Chris stated that he had no problem with the polygraph but would prefer to talk with his family first. Chris stated that he would get back with Lt. Brown next week regarding whether he would take a polygraph or not. After our discussion, Chris was driven back to his dorm on the IWU campus.

On 09/24/93, I had contact with representatives of Bell Federal Savings and Loan. They informed me that Alan Beaman had made a deposit of \$400 at approximately 1011 am on Wednesday August 25, 1993. They further advised that the transaction occurred at the Rockford Illinois branch office and that the transaction was captured on video tape. They agreed to follow up our conversation by mailing copies of the transaction and the video tape to our department. There were no vehicle descriptions obtainable by the video tape. It was also confirmed that Alan Beaman did not have an ATM card.

On 09/25/93, I obtained facsimile copies of the records from Bell Federal. The records show that Alan made a deposit of \$400 on 8/25/93. That deposit was comprised of \$300 cash and a \$100 check from Barry & Carol Beaman (Check #2387).

On 10/11/93, I received the video tape from Bell Federal Savings and Loan. I took the video tape to the First of America bank in Bloomington and reviewed it's contents. After identifying the frames in the video containing Alan Beaman's picture, I made several print-outs of the frames. I also confirmed that the video showed Alan Beaman entering the bank at 10:09:22 on 8-25-93 and remaining there until 10:11:43 on the same date. The tape was placed into evidence at the Normal Police Department and the print-outs were placed with the rest of the report.

On that same date, I also reviewed the copies of Alan Beaman's account statements for the period from June 2 through September 1, 1993. There was nothing of significance in the statements.

On 10/12/93, Kenneth Frankenberry, a polygraph operator from the State Police Crime Lab in Rockford, IL, agreed to come to NPD to administer three polygraph tests. At 0945 hrs, Christopher Carbone arrived at NPD as requested. Christopher was given a polygraph test and passed with no notable problems. An attempt was made to get Larbi

Murray to take a polygraph exam at 11:00 that same date but Larbi stated he was not available at that time. The third appointment was reserved for Alan Beaman, should he choose to take the exam.

On that same date, Lt. Brown obtained a search warrant to collect body fluids from Alan Beaman's body. Lt. Brown and I made contact with Alan Beaman on the campus of Illinois Wesleyan at approximately 1200 pm and asked him to accompany us to the hospital. Alan asked at first if he could go after class and we informed him that he was under the effect of a court ordered search warrant to obtain body fluid and hair samples. Alan agreed to come willingly and we escorted him back to my squad car. After the three of us were in the car, I advised Alan of his Miranda rights by reading them straight from a warning card that was provided to me by the Normal Police Department. After verifying that Alan was aware of his Miranda rights, we transported him to the Brokaw emergency room.

After arriving at Brokaw, Alan was registered and we waited in a small waiting area until a room became available. After waiting for approximately five to ten minutes, we were escorted back to an examining room and prepared to collect the samples listed on the search warrant. The attending nurse was Ron Bartlett. We began by opening the collecting kit, supplied by Brokaw E.R. and sorting what items were needed. The first sample taken was saliva, following by head hair samples, blood, and ending with pubic hair samples. The blood sample was drawn from Alan's right forearm by Ron Bartlett. The saliva packet was moistened and placed in the collection package by Alan Beaman. The hair samples were plucked by Alan Beaman from the various parts of his head and pubic region and placed in the collection envelopes by Alan Beaman. The various collection envelopes were sealed in my presence as was the entire collection package. After all seals were placed and signed, the package was turned over to me by Ron Bartlett and we then transported the package and Alan Beaman to the Normal Police Department. After arriving at the Normal Police Department, Alan was taken to the booking area and his fingerprints and photograph were taken. After we concluded in the booking area, we escorted Alan back upstairs to the Juvenile Detective's Office. After arriving in the office, I took a seat at my desk and asked Alan to have a seat next to my desk. Lt. Brown took a seat behind Alan in order to observe the conversation. I verified that Alan remembered his rights and that he understood his rights. I then advised him that the effect of the search warrant was completed and that he was free to leave at any time. Alan stated that he understood. I informed Alan that we had been talking to numerous people regarding this case and that I would appreciate the opportunity to speak to him about the matter. Alan agreed and told me to go ahead and

ask the questions that I had to ask.

I began by asking Alan about any personal habits that Jennifer maintained. Alan stated that she smoked clove cigarettes, drank Bud Light beer, hated condoms, and liked watching "L.A. Law." I asked Alan about bars that Jennifer used to frequent and he listed The Gallery, Kilarney's, Rhino's, and Rocky's. Alan stated that Jennifer liked listening to "Pearl Jam" and worked for the Vidette and "Inside Edge" as a writer. Alan stated that Jennifer had a lot of problems in her life and that she did not seem to like herself much. Alan stated that she referred to herself as "Jade". We talked for several more minutes regarding Jennifer's habits and recent hang-outs.

As Alan became more comfortable with the conversation, I began to direct the topic towards his relationship with Jennifer. Alan openly admitted that their relationship was very unstable. Alan stated that they broke up about 18 times in one year and that there was a lot of psychological battles that would take place. Alan stated that he would never hit Jennifer, citing that she had been hit enough by her parents. When Alan felt the need to fight with Jennifer, he stated that they would have psychological battles were one would mention the others past boyfriend/girlfriend as a way to irritate the other. Alan stated that Jennifer would always win the psychological battles. While we were talking, I mentioned to Alan that it sounded like Jennifer "really raked him over the coals" to which he agreed. He further commented on a time that she had sexual intercourse with Mike Swaine in the Sig Chi basement during the exact time that Alan was driving to Rockford to obtain marijuana for her. Alan made it clear that she was much less than faithful to him and that she took everything he had to give leaving him "a hollow fucking shell." As we talked, Alan would change the tone of his voice, speaking first in a normal tone and then reducing his voice to a low whisper, then back to his normal voice. At one point in the conversation, Alan's eyes began to tear up and Alan sat back in his chair and stated, "What do you want me to say, I've told you everything." At that point, I explained to Alan that we wanted him to take a polygraph test. I told Alan that if he has told us everything, then he should have nothing to fear from the polygraph test. I informed Alan that we had an operator on hand and that the test could be administered immediately. Alan stated that he did not want to take the test because he did not trust machines. I explained the test further to him and he stated that he would check with his lawyer and then get back with me. After a few more minutes of talking, I called a break and Alan and Lt. Brown stepped outside for a cigarette.

After their return, I asked Alan if he was willing to talk for a while longer. Alan agreed and we continued our conversation. I asked Alan if he would write out a

schedule of his activities during the week of August 23 through August 27. Alan agreed and I handed him a piece of paper and a pencil. I asked Alan to begin by writing the days of the week on the left hand side and then to fill in the days with his activities. Alan then wrote the days of the week on the left and began to complete each days agenda. Alan went to Wednesday first and wrote in "Church ice cream social 7:00", "rehearse - Mitch Olson - choir director", "Carbone - 8:00 Dave Olson's". After filling in Wednesday, Alan went immediately to Monday and inserted, "Jen called - I hung up about 5 min." After that Alan began to skip around to several different days until he had completed the schedule.

On the schedule, I asked Alan to list the times he went to bed and the time he got up. On Tuesday, Alan reported that he went to bed about 10:00. (am) He wrote, "parents woke me up about 5 or 6". At the end of Tuesday, Alan noted, "(home 9-10 am wed)." Alan did not list a time that he woke up on Wednesday. On Thursday, he documented "9-10 am home in bed parents wake me up at 8-9." On Friday he failed to list a time he went to bed or a time he was awakened.

While writing his activities for Thursday, he stated that he remembered being at home with his parents until around 12:00 am because he was fighting with them. I asked what the fight was about and he stated that his mom was bugging him and he yelled at her stating, "Don't you think I've got enough on my mind right now!" He stated that his father was following him into his bedroom and grabbed him by the shirt. Alan stated that he grabbed his father's hand and pushed it away while stating, "Don't assault me."

After he finished his schedule, I asked what time he woke up on Wednesday and he stated that his parents woke him up at around 3:30 to 4:00 when they got home. We talked a while longer about the week in question before the interview was finally concluded. Alan stated that he would call his attorney to ask about a polygraph and then get back with us.

Alan was then driven back to his residence on the Illinois Wesleyan Campus and I returned to NPD.

On 10/22/92, after getting no return response from Alan regarding the polygraph test, Lt. John Brown and I attempted to make contact with Alan. At approximately 0820 hrs, Lt. Brown and I arrived at Alan's dorm room and I knocked on the door. I was met by Alan's roommate, Chris Carbone, and was informed that Alan was still asleep. I asked Chris to wake Alan so I could talk with him. After waiting for about five minutes, Alan Beaman opened the door and began to walk downstairs towards the door. Alan was completely dressed and had on his shoes and coat. I told Alan that we wanted to talk

with him for a little while and he agreed. After making a restroom stop, Alan, Lt. Brown, and myself left the dorm enroute to the State's Attorney's office.

Since Lt. Brown and I had brought two separate vehicles, Alan rode to the S/A's office with me while Lt. Brown followed. While enroute to the office, I advised Alan that he was not under arrest and that we just wanted to talk with him for a while. I then advised Alan of his Miranda rights once again and verified that he understood his Miranda rights.

After arriving at Lt. Brown's office in the State's Attorney's office, We offered Alan a seat in front of Lt. Brown's desk while I took a seat behind the desk. Lt. Brown took a seat next to Alan and asked Alan if he had been advised of his rights to which Alan stated "yea". Lt. Brown asked if Alan would agree to talk with us once again and he stated he would. Lt. Brown started the conversation by talking about Alan's relationship with Jennifer Lockmiller. Alan began talking about their relationship and stated that he had bought Jennifer a cheap ring at Mother Murphys to verify their engagement. Alan stated that Jennifer lost the ring in June. Lt. Brown asked about the last time that Alan had sex with Jennifer and he stated that it was during the last week of June and the sexual intercourse occurred at Alan's apartment. As he continued to talk, Alan stated once again that their relationship was rocky at best. Alan stated that Jennifer had broken off the relationship with him 16 times in the last year and that he broke off the relationship twice, the second time being the final time.

After Lt. Brown and Alan had talked for about ten to fifteen minutes and the subject of Jennifer's death was brought to the foreground, Lt. Brown asked Alan "what happened that day?" Alan then asked, "What day?" Lt. Brown clarified, "The day Jennifer died?" Alan's response was, "I wasn't there, I don't know." Lt. Brown then stated to Alan, "I think you do know." At that point, Alan's calm demeanor changed completely as he stood up and yelled, "YOUR JUST LIKE FUCKING DANIELS". Alan then grabbed his coat from the back of his chair and bolted for the door of the office. After flinging the door open violently, Alan stormed out of the office stating "I'LL FUCKING WALK HOME!" I immediately got my keys and went after Alan in an attempt to speak with him. I headed for the outer hallway where I found him waiting for the elevator. When Alan saw me he commented, under his breath, "I'll take the fucking stairs." Alan then began to walk down six flights of stairs as I took the elevator to the lobby. After exiting the elevator, I observed Alan walking out the front door of the Law and Justice Center. I yelled to Alan that this was his best chance to talk. After turning once to look at me, he continued to walk away.

On that same day at approximately 1430 hrs and 1530 hrs, I attempted to make contact with Alan Beaman once again and was unsuccessful.

At 1500 hrs on that same day, I had another interview with Michael J. Swaine. The interview took place on the front step of Michael's residence with only Michael and myself present. I asked Michael if he could remember when the sheets to Jennifer's single bed had last been changed. Michael stated that he remembered thinking to himself that Jennifer changed the sheets for him on August 18. Michael stated that he was almost positive the sheet was changed on August 18, but could not testify to that recollection. Michael stated that he and Jennifer had sex on the sheets on August 19 but he did not recall any stains as a result of that activity. I asked Michael if he remembered any stains at all being on the single bed bedsheets before he left on August 22 and he stated that he did not.

I asked Mike if he recalled Jennifer giving anything to Alan during the time that they were dating. Mike stated that Jennifer had given him a Kappa Kappa Gamma coat which Alan would wear proudly. Mike believed he wore the coat more because of it's affiliation with the Kappa Kappa Gamma Sorority in general than with Jennifer. I asked Mike if he had ever seen Jennifer with a guitar and he stated "no", he then commented that Alan has a guitar.

I asked Mike if he could remember the last time that Alan would have been in Jennifer's bedroom. Mike stated that Alan probably slept with Jennifer for the last time around the end of June. Mike added that Jennifer had been withholding sex from Alan since June 11, 1993. Mike knew of one contact between Alan and Jennifer on July 25th when Alan talked to her. Mike stated that Alan got angry, ripped up some letters, and threw them at Jennifer.

Finally, I asked Mike about the alarm clocks once again that were located in Jennifer's bedroom. Mike stated that the brown clock was his and the white clock was Jennifer's. I asked if Alan had an occasion to touch Jennifer's clock and he stated that Alan used to spend the night over at her place quite frequently. The last time Alan would have stayed over would have been in late June. I asked if Mike had any occasion to touch Jennifer's clock and he stated that he used to set both clocks each night and was usually the one to shut them off in the morning.

After concluding the interview, I returned to NPD.

On 10/27/93, I attempted to make contact with Alan Beaman once again. After trying to reach him at his 10:00 am class and being unsuccessful, I went to McPherson Hall to check at the theater shop. After obtaining approval to check the shop from the

building secretary, I entered the shop area where Michael Swaine, Alan Beaman, and several other individuals were working. Upon my arrival, Alan had his back to me and was speaking with another person. When he concluded talking and turned to see me waiting, Alan pointed outside with a gesture to have me follow and headed for the exit door. Alan and I then stepped out the back door of McPherson Hall to the east side of the building.

I initiated the conversation by telling Alan that I did not want him to accompany me to any other place as before. I told Alan that he was not in custody and that I merely wanted about five minutes of his time in order to talk. I then took a seat on a small wooden bench located next to McPherson and asked Alan to have a seat beside me. After Alan lit a cigarette and took a few deep breaths, he sat down next to me on the bench.

I informed Alan that I was not going to beat around the bush with him and I was not going to mince words. Alan was informed that he was going to be arrested for Jennifer's death at one point or another. I told Alan that probable cause for an arrest already existed and that we were simply waiting for finalized results from the lab before we arrested him and started the timeclock. At that point, Alan once again experienced a mood swing and stood up abruptly and began walking away while swearing at me and the situation. I then stated, "Go ahead Alan, walk away, that's how you seemed to handle everything in this case." I continued to talk to Alan and convince him that walking away was not going to solve the situation. Alan began to pace back and forth for a few minutes before he eventually came back and sat down next to me again.

Alan and I then proceeded to carry on a conversation for the next ten to fifteen minutes. I informed Alan that we had Jennifer's phone records verifying that she had called him 28 times on August 22. I informed Alan that we had copies of his letters which vividly displayed his infatuation for Jennifer and his deep sense of despair when she would break up with him. I explained that we had checked his alibi and he had an unverifiable opening in that alibi at the same time that Jennifer was killed. I informed him that we had a copy of the video tape showing him at his bank at 10:11 am on the south side of Rockford the day Jennifer was killed in direct conflict with his statement that he went straight home from work and went to bed. And finally, I informed Alan that his fingerprint was found on the murder weapon. After explaining what he was facing, I told Alan that if he wanted to talk to be about the incident and get the incident off his chest, that the State's Attorney had authorized me to tell him that we would not go for the death penalty in this case. I followed up by telling him, "But if this facade continues, we're going for the death penalty." At this point, Alan was resting his arms on his legs with his head facing the ground. After waiting a few

seconds, Alan lifted his head and stated "But I didn't do it".

I asked Alan to give me any information that I could use to prove that he wasn't responsible for Jennifer's death. I reminded Alan that we offered a polygraph test and he refused to take it. I then reminded him that he did not even call back to tell us that he wasn't going to take the polygraph, after he said he would call us. I asked Alan if he in fact told us that he went straight home on Wednesday, August 25, after getting off work and he stated that he had in fact told us that. I then pointed out the conflict in his story that arose after we obtained a video tape of his presence in the bank on the opposite side of his place of employment from his house. When asked to explain the inconsistency, Alan simply stated, "I didn't go to Normal." I then asked Alan if he recalled telling me that he was home by himself sleeping on Wednesday until around 1530 to 1600 hrs when his parents arrived home to wake him. Alan then again confirmed that he was home by himself on Wednesday, August 25, from around 1000 or 1100 hrs until his parents arrived home at around 1530 to 1600 hrs. I asked Alan if he had anyone over to his house and he stated no. I asked if he made any phone calls that morning and he stated "no". Once again, I asked Alan to give me any way possible to clear him and he stated that he couldn't.

I then confronted Alan one more time and clarified that he had a definite motive, to which he agreed, he had no alibi for the time of Jennifer's death, to which he agreed, he had an opportunity for the crime since Jennifer knew him, to which he agreed, and that his fingerprint was on the murder weapon, which he acknowledged. I then told him that he would be best off to talk with me now and to get this entire ordeal over with before we have to go to court and ask for the maximum penalty, that being death. Alan once again paused before looking straight at me and stating in a low, soft voice, "I didn't do it."

Before I left, Alan stated that he would take a polygraph if I called his lawyer and got his lawyer's approval. I stated that I would contact his attorney and get back in touch with him. I then asked Alan if I could contact him at his dorm room and he stated "yea".

I then left the area and returned to the State's Attorney's office.

On 10/29/93, I met with Michael J. Swaine once again and escorted him to Brokaw Hospital where he agreed to give voluntary samples of blood, saliva, pubic hair, and head hair to be used for comparison with the samples taken from the scene. After obtaining the samples, they were sealed into an evidence kit and turned back over to my custody. I then returned Michael to his residence and then secured the evidence kit in the evidence refrigerator at NPD.

On 11/1/93, I transported the evidence kit containing Michael J. Swaine's samples to

the Morton Crime Lab where I turned them over to Pat Orr of the serology department.

On 11/03/93, I obtained a court order authorizing a third bodywire in this case. The purpose of the bodywire was to tape a conversation between Alan Beaman and myself in which we expected Alan Beaman to verify that he was home alone from 10 am on 8/25/93 to 4 pm on that same date.

On 11/05/93, I met with Tech Services at the Normal Police Department. After having the bodywire attached to my body, I drove to IWU to attempt to speak to Alan Beaman. Pat Keen provided surveillance along with Detective Belcher. I made contact with Alan Beaman after he finished one of his classes and we went to the quad to talk. During the conversation, Alan stated that he was home alone from 10:00 am on 8/25/93 until 4:00 pm when his mother returned from school. Alan stated that his father returned home sometime between 5pm to 6pm. At that time, I asked Alan if he had any other way that we could clear him of this case and he stated "no".

Lt. Brown and I were contacted by John Revis shortly after a reward was offered in this case. We met with John Revis at the McLean County Sheriff's Dept. and began an interview. John stated that a man by the name of Jason Garinger might be a possible suspect in this case. John stated that Jason Garinger lives in Rutland, Illinois. John stated that Jason was a "real psycho" and that he was always talking about strangling people. The reason John felt that Jason was a suspect was because he knew Jennifer and that Jennifer had told him a while back that Jason came over. John couldn't remember when Jennifer had said this but felt it was several months earlier. John also talked about Alan Beaman. He stated that he sold a lot of marijuana to Beaman and also smoked a lot of marijuana with Beaman. John stated that he used to go places with Jennifer and Alan would get very upset over them being together. John stated that he was the reason for the fights between Jennifer and Alan during the summer of 1992. John stated "Alan was very jealous".

When asked about Jennifer's personal habits, John began to describe her drug use. John stated that Jennifer was always asking for pills. Percadin and Darvacet were two of the pills that John recalled Jennifer asking for. He stated that Jennifer also asked for speed, snortable, edible, or smokable. Revis recalled one evening when he obtained cocaine and he and Jennifer smoked it on top of the Law and Justice Parking garage.

Revis also brought up the name of Terry Boyd once again and stated that he knew

Jennifer. He stated that Terry went to Jennifer's apartment with him once along with Josh Hill. When they arrived, they heard someone inside telling someone else not to answer the door. After returning outside, Jennifer came to the window and told him to come back after the weekend. He then saw a guy known to him as "Bubba" through the window and the man asked him who he was and what he wanted.

After the interview, John was transported back upstairs and Lt. Brown and I left the Sheriff's Dept.

On 11/10/93, at about 1400 hrs, a meeting was held at the Morton Crime Lab to discuss this case. Present for the meeting was Assistant State's Attorney Jim Souk, Assistant State's Attorney Kari Mason, Lt. John Brown, Pat Orr of the serology department, John Derker of the latent prints department, Ken Knight of the microscopy department, George Whitlat who directs the forensic lab, and Susan Johns who is the director of research and development for the forensic lab. We began the meeting by reviewing the facts of the case to determine if any other types of evidence could be found. After reviewing the case, we received a report from each laboratory department regarding their findings as of that date. Susan Johns stated that the DNA testing would begin soon and a result should be obtained in four to eight weeks from that date. Susan stated that if we could obtain blood samples from Jennifer Lockmiller's parents, a better DNA result could be obtained. John Derker also suggested that we submit Jennifer's shoe that was found in the hallway for possible prints.

On 11/11/93, I drove to Decatur and met with Norma and Richard Lockmiller, Jennifer's parents. We met at their doctor's office and blood samples were taken. The samples were drawn by Benita Baker, the RN working at Dr. Newlin's office. They were then packaged in a State Police Evidence kit. I also received a photograph from Norma Lockmiller which was taken in 1989. The photograph was a picture of Jennifer's dorm room at IWU and depicted the clock that was used in her death. I also asked Norma Lockmiller if she recalled Jennifer doing any laundry while she was home in August. Norma stated that she did numerous loads of laundry for Jennifer the last time she was home but could not remember what type of laundry it was. When asked about Jennifer's black bedsheets, Norma stated that she remembered Jennifer having black sheets but could not verify if she washed them or not while she was last home. After obtaining the necessary blood samples, I delivered them straight to the Morton Crime Lab and deposited them into the Serology evidence refrigerator.

On 11/16/93, I drove to Peoria in an attempt to verify Stacy Gates alibi during the time of the homicide. I went to his place of employment, Harrison School, and spoke with the school principal, Miss Aurthur Perkins (672-6522). I explained my purpose of being at her school and Miss Perkins stated that Stacy had informed her of the

Victim Name (or Business Name) Responsible Party  
Jennifer Lynn Lockmiller

situation. I asked Miss Perkins if she could verify Stacy's presence during the week of 8/22/93. Miss Perkins pulled the weekly attendance sheets for that week and made a copy for our investigation. Miss Perkins then explained how the sheet was set up and verified that Stacy Gates was present at Harrison School on Monday through Friday from 8:00 am to 4:00 pm. I then left Harrison School and returned to NPD.

When asked about his whereabouts on August 25, 1993, Michael Swaine stated that he was working at York High School at the bookstore until 3:30 when he got off work and walked back to his residence. On 11/17/93, I attempted to verify driving time from Michael Swaine's residence to Jennifer's apartment. I left from the driveway at [redacted] at 9:52 am and drove straight to Michael Swaine's residence in the most direct route I could find. By driving the speed limit the entire way, I arrived at Michael Swaine's residence at [redacted] in Elmhurst at 11:57 am. The trip took two hours and five minutes to complete. I then parked my vehicle in front of Michael Swaine's residence and walked to York Community High School at 355 W. St. Charles Road in Elmhurst. I left my vehicle at 12:20 pm and arrived at the school on foot at 12:33 pm walking a normal to moderate pace. The .8 mile walk took 13 minutes. While at York Community School, I spoke with the building principle, Dr. James W. Nelson. Dr. Nelson stated that he remembered Swaine from his high school days and stated that the scheduling records kept by the bookstore manager, Virginia Betteridge, would be kept at the Unit's Business Office located at Hawthorne School. After getting directions from Dr. Nelson, I walked to Hawthorne school and obtained a copy of Michael Swaine's work schedule for the week of August 22, 1993. The schedule showed Swaine working on the 25th for seven and one half hours. Those hours were reported to be 8:00 am to 3:30 pm. I then returned to Swaine's residence. I left Swaine's residence at 1:33 pm and headed for Jennifer's apartment at [redacted]. For this trip, I was traveling five to ten miles over the speed limit to attempt to approximate a true travel time. I arrived at [redacted] in Normal one hour and fifty-one minutes later at 3:26 pm.

Based on the above findings, The total time for Michael Swaine to walk home from work, drive to Jennifer's apartment, then turn immediately around and return home, would have been 4 hours and 10 minutes. If Michael Swaine got off work at 3:30 as his supervisor can verify, then drove to Normal and back, he would not return home until 7:40 pm. However, phone records reflect a call from Swaine's residence in Elmhurst to Jennifer's apartment at 7:17 pm. This time corresponds to the message left on Jennifer's answering machine by Michael Swaine. This segment of the investigation proves to further clear Michael Swaine of the homicide by eliminating his opportunity.

Victim Name (or Business Name) Jennifer Lynn Lockmiller Responsible Party

On 1/12/94, I went to Illinois Wesleyan University to speak with Samone Weissman. Samone is the current girlfriend of Alan Beaman. I made contact with Samone at 0905 am by phone and asked her to meet me in the lobby of her dormitory, that being [REDACTED]. Samone agreed to speak with me and met me shortly thereafter in the lobby. I introduced myself as a Detective with the Normal Police Department and asked if she would be willing to sit down and talk for a while. Samone agreed and we went into the [REDACTED] lounge where we took a seat on a couch to talk. I informed Samone that she wasn't obligated to talk with me in any way and she stated that she would answer any questions that she felt were appropriate.. She then stated, "You want to talk about Alan don't you".

I began by asking Samone to describe Alan Beaman for me. She stated that Alan was a very gentle person and that he was incapable of hurting anyone. She stated that she has only known Alan since September but that she has never seen him angry or violent. She stated that Alan had never even gone as far as to comment what he would to certain people if he "had them in a dark alley". I asked Samone if Alan ever talked about Jennifer to him. Samone stated that they don't talk about Jennifer since it is such a touchy subject. She stated that he mentioned her once or twice but prefers not to talk about her. I asked Samone if she thought it was strange that Alan dated Jennifer for a year and then could just shut off his emotions for her. Samone stated that she understood that Jennifer was less than faithful to Alan and he could therefore forget her easily.

After talking for a while, I asked Samone about her sexual activity with Alan. Samone was willing to talk about their sex life and stated that everything was pretty much normal. I asked if Alan ever wanted to explore new sexual options and Samone stated that he commented to her that "He could never watch Basic Instinct with me." When asked to explain what she meant, she recalled a scene in the movie where the male actor's hands were tied to the bedpost while the female actor was on top of him. While in this position, they were having sex and the female reached back, grabbed an icepick, and stabbed the male in the chest. I asked Samone if Alan told her this happened with Jennifer and she stated yes. Alan had told Samone that she tied him to the bed and was on top of him. She then stretched back several times which Alan thought to be synonymous with reaching for an object. This was the only unusual instance regarding sexual actions between Alan and Jennifer that Samone could recall hearing from Alan.

At the conclusion of the interview, Samone still believed that Alan was incapable of hurting anyone. She stated she was unaware that Alan had broken into Jennifer's apartment and was unaware of the large amount of phone calls between Jennifer and Alan.

however, she could not believe that Alan could be capable of murder. After thanking Samone for her time, I left [redacted] to return to NPd.

On 2/5/94, at approximately 1015 hrs, I received a call from the Normal Police Dispatcher. They advised Norma and Richard Lockmiller had received a prank call and were wanting to talk with me. I called the Lockmiller's from my residence and talked with them about the phone call. Richard Lockmiller informed me that they were gone from about 5:15 pm to about 10:00 pm on that same date and had received a call on their answering machine during their absence. The caller seemed to be a female voice and it was the Lockmiller's impression that the caller was talking to someone else in the background of the caller's location. The caller stated that the Lockmiller's had an answering machine and then the caller repeated the Lockmiller's phone number. After repeating the Lockmiller's number, the caller spent the next several minutes playing a song into the mouthpiece of the phone. The Lockmiller's stated that they believe the title of the song to be "Can't get you out of my mind." The caller then terminated the call. I informed the Lockmiller's that I would attempt to get a trace on the line to determine where the call came from.

Immediately after hanging up with the Lockmiller's, I contacted a phone operator for the Decatur area. The operator informed me that the Decatur area used Illinois Bell as a local service company. I then called the 1-800 operator to obtain the number for Illinois Bell Security. The number given to me was 1-800-451-2761. I called the number and was told that I would have to call the Illinois Bell Security Office at 1-312-727-5411. I then called that number and received an individual from the answering service. I explained the situation to the answering service employee and stated that I needed a trace put on the line as soon as possible to determine where the incoming call came from. The person stated that there was nobody in the office on the weekends and that I would have to call back on Monday between 9am and 5 pm. I explained the urgency and stated that I wanted to catch the records before they were dumped and she again told me that they could not help me at that time and that I would have to call back and talk with Larry Renfro on Monday morning. I then asked if the records would still be available on Monday and she stated that they would.

On Monday morning at approximately 0900 hours, I called 1-312-727-5411 and asked to speak with Larry Renfro. They stated that Larry was not in and gave me another representative from the security division. I explained the circumstances to them and asked for a listing of all calls coming into that residence on 2-5-94 between the hours of 1715 and 2200. The representative stated that they no longer had those records an

that they only hold incoming calls for 24 hours. I advised her of the information I received from the answering service on Saturday and she stated that she could not help me any further since the records had been destroyed.

After talking with Illinois Bell, I made contact with the three major long distance carriers in our area and asked for searches for any calls going to the Lockmiller's residence between the time frame in question. The people I talked with were as follows:

AT&T	MCI	Sprint Communications
Warren Volk	De Ogle	Diane Atkins
1-800-648-4936	1-800-877-7330	1-214-701-1221

After thorough checks of their records, all three companies verified that they had no calls going to that residence during that time frame. AT&T stated they had a call connecting to that residence at 10:33 pm for about 5 minutes. After asking, they confirmed that it was a call from my residence during the time that I returned the Lockmiller's call. According to the companies above, they stated that there was a 90% to 95% assurance that their searches did not miss an incoming call. This leads to the final conclusion that it was probably a local incoming call which would not appear on any long distance searches.

On 02/09/94, I drove to Morton and met with John Dierker of the Illinois State Police Crime Lab. John explained the latent print findings once more and described where he located two of Alan Beaman's prints on the clock and four of Michael Swaine's prints on the clock. John stated that he had found a palmprint on the kitchen garbage bag found in Jennifer's apartment and had verified that it did not belong to Michael Swaine. He stated that if he was provided with a palmprint of Alan Beaman he could compare it with the palmprint on the bag. John released all evidence from the Latent division regarding the Lockmiller case to me and I transported it back to Normal where I turned it over to our evidence custodian, Det. David Warner.

At approximately 1415 hours on that same date, I went to Alan Beaman's residence at [redacted] on the IWU campus. I made contact with Alan and asked if he would be willing to accompany me to the Morton Crime Lab for palmprints. Alan agreed and we confirmed a date of 2/16/94 at 0900 hrs. As I was walking down the stairs to leave, Alan made a comment causing me to stop and face him. Alan then made several statements similar to "I've been freaking out on you lately, I'm sorry. I've treated you poorly

and I shouldn't have, I apologize." I then told Alan that I understood and that I would pick him up at 9:00 am on Wednesday. At that point I left the residence.

On 2/10/94, Lt. Brown and I met Rob Miller at his girlfriends's residence located at [redacted] in Bloomington. Rob was just getting ready to leave and we talked with him in the driveway to the residence. Rob agreed to meet with us at 1330 hrs on that date and I made plans to pick him up at that location at that time. We asked Rob where we could locate his girlfriend Shane and he stated that she was working at the IWU Rat lab until 7:00 pm.

We then met with Shane (Last name unknown) at the Illinois Wesleyan University Rat Lab. We introduced ourselves to Shane and asked if she would be willing to talk with us for a while. Shane agreed and we went into a conference room located on the lower level of Stevenson Hall at IWU. I began the interview by asking Shane what she could tell us about Jennifer Lockmiller. Shane stated that she really didn't know Jennifer that well but she did live in the apartment over Michael Swaine and Alan Beaman over the summer. She stated that she would see Jennifer around Alan's apartment but really didn't talk with her much. I asked if she had ever seen Alan loose his patience with Jennifer and she recalled one instance. She state that she remembered Alan barging into her apartment on one occasion yelling for Jennifer as if he thought she was in Shane's apartment. Shane stated that Jennifer had left without telling Alan goodbye and he became very upset and loud about the incident. Shane stated that Alan was a very melodramatic person and that he blew everything way out of proportion. Shane remembered times when Alan would get upset and sit on the front stoop of the apartment drinking from a bottle of whiskey until he was inebriated. Shane stated that Alan had called her sometime after Jennifer's death and asked if she knew where he could get some drugs. She recalled Alan making the statement, "Life is getting too boring, I've only lived once, ....." Shane stated that she doesn't associate with Alan very much anymore.

After concluding the interview, we left the rat lab and returned to the McLean County State's Attorney's office. It was the opinion of the investigating team that any direct contact with Beaman in the future should be done with the aid of a bodywire in the event that he would make further incriminating statements. I made contact with the Illinois State Police Technical Services Division and spoke with Pat Keene once again. Pat agreed to meet me at MPD on 2/16/94 at 0800 hours to provide his assistance with a bodywire. In order to get a clear recording on the wire as Alan and I traveled to Morton and back, I made arrangements to get a newer unmarked squadcar to reduce the

Jennifer Lynn Lockmiller

road noise in the cabin area. I then went to Rebbec Motors in Normal and spoke with the sales manager, Doug Haas. After explaining the circumstances, Doug agreed to loan our department a new buick for tech services to use in following Beaman and I to Morton. The purpose of the loaner was to reduce the cabin volume in the trail car so that the transmitter could be more easily heard and understood. Arrangements were made to pick up the car on 2/15/94.

At 1330 hours, I met Rob Miller at his girlfriend's residence once again and took him to the State's Attorney's office for an interview. Rob stated that he was once part of the group that Alan ran around with but has changed his lifestyle since he joined the ROTC. Rob stated that he had been around Alan at time when he got high and that Alan would sometimes get depressed and just walk off by himself. Other times, Alan would get very happy. Rob stated that when he first knew Alan, alcohol was a bigger problem for Alan than drugs. When asked about drug activity, Rob stated that he knew Alan about involved but Rob has not been a direct part of it for a while. When we asked Rob about his roommate, Linus, Rob agreed that Linus was doing drugs and possibly selling drugs out of his dormroom. Rob technically shares a room with Linus but Rob stays at Shanes' house most often to avoid the situation. I asked Rob what would shake Alan up the most and he stated that if a girl were to break up with him, that would set him off. Pat also described Alan as being very melodramatic and exaggerating all his problems as a way of getting attention. After talking for about 45 minutes, I returned Pat to his girlfriend's residence.

On that same date, I completed a request form for an eavesdropping order and it was submitted to Judge Prall. Judge Prall approved the order allowing for the use of a bodywire from 2/16/94 at 6:00 am to 2/26/94 at 6:00 am to capture conversation between Alan Beaman and myself.

On 2/11/94, I called and informed John Dierker that Alan and I would be arriving on 2/16/94 at approximately 0945 hrs and that I would have Lt. Brown call from a cellular phone just prior to our arrival so that we could limit the number of people that Alan and I have contact with inside the Crime lab.

On 2/15/94 at approximately 1750 hrs, Ross Minion came to NPD and requested to speak with an investigator in reference to the Lockmiller Homicide. Ross and I sat down in my office and we began to discuss the information he wished to share.

Ross stated that he was around John Revis the night before while Revis was high on drugs and that Revis told Ross that he was the one that killed Jennifer Lockmiller. Ross stated that he just wanted to get this thing over with and that is why he is

coming forward with the information on Revis.

I then proceeded to inform Ross that this was the second or third time Revis had told someone he killed Jennifer when in reality he was incarcerated in a Florida jail. Ross stated that he was unaware of Revis' incarceration and then seemed to understand why Revis had been disregarded as a suspect.

While talking further, Ross stated that he had filed a complaint with Illinois Wesleyan University in reference to the people that have been surveilling his house. Once again, I explained to Ross that there was no surveillance on his house by our investigative team and that if we wished to speak with someone we would approach the house and knock on the door. After addressing Ross' concerns, we began to talk about in depth about the Lockmiller case and about Alan Beaman. Ross stated that he knew Alan was the prime suspect and that he wasn't sure about any possible involvement by Alan in Jennifer's murder. Ross confirmed that Alan's marijuana use has increased over the last several months. He stated that Alan used to use marijuana every other day or so but is now using marijuana every day. Ross explained that Alan uses marijuana as a way to calm his nerves and to even out his moods. I asked Ross if Alan ever talks about Jennifer or her death to anyone and he stated that he does not. Ross informed me that he sees Alan about once a week and the subject is never brought up.

As we continued to talk, Ross asked if I knew anything about Alan's past. Ross stated that Alan spent a lot of his childhood locked in a closet while he was living at home. He stated that he is unaware of any physical abuse but feels that things were certainly not normal at home. It was Ross's opinion that Alan was not capable of homicide but he stated that he had seen Alan acting as a child on many occasions. Ross recalled an instance just prior to Mike and Trish Mackey's wedding when Alan laid on the ground and pounded his fists and feet on the ground like a child. It was Ross's opinion that when Alan feels insecure, he reverts to a child-like behavior.

After we finished talking, I asked Ross if he would keep me informed of anything that he hears on campus regarding Lockmiller. Ross agreed and stated that he and several of his friends want to get this thing over with as soon as possible.

On 02/16/94 at approximately 0815 hrs, I met with Pat Keene and Kenneth Parker of the ISP Technical Services Division. We met at the Normal Police Department and they installed a body wire on my person in accordance with the latest court order that we had obtained. At approximately 0900 hours, I left the station in route to Alan Beaman's residence. Lt. Brown, Pat Keene, and Kenneth Parker followed in the borrowed vehicle and monitored the conversation over the transmitter attached to my side.

I pulled in front of Alan's apartment at about 9:05 am as Alan was coming down the stairs. Alan took a seat in the front of my vehicle and we proceeded to the Morton Crime lab. As we started the trip, I reminded Alan that he was not under arrest. However, since it would be hard for him to walk away while we were driving, I advised Alan of his Miranda rights and he stated he understood his rights. I then asked Alan if he would be willing to talk on the way to Morton and back and he agreed.

We conversed for the entire trip to Morton and covered various topics including his childhood and his past and present drug use. Alan stated that he is currently using marijuana four to five times a week. When asked about acid, Alan stated that he still "trips" (uses) occasionally and that he had only had one "bad trip". Alan recounted the fight that he got into with his parents on August 26, 1993 and stated that it was the one and only time that he had ever become physical with his father.

After we arrived at the Morton Crime Lab, we were met by John Dierker and were led to the conference room where they had a fingerprinting table set up. After the appropriate introductions, John spent the next hour taking complete fingerprints and palmprints from Alan Beaman. During this time there was small talk and instructions given to Alan as to how to proceed with the fingerprinting. There was nothing of significant value said during the fingerprinting time.

After the fingerprinting process was completed, Alan and I returned to the car and began the return trip to Bloomington/Normal. As we were leaving Morton, I asked Alan where we would find his fingerprints in the apartment. Alan stated that they would probably be on the bathroom garbage can. When asked why his prints would be there, he stated that he went through her garbage looking for evidence of birth control. I asked if he had done this often and he stated that he went through her garbage several times looking for evidence that she was cheating on him. In an indirect way, Alan confirmed that the last time he would have had the occasion to touch Jennifer's clock would have been prior to July 2, 1993.

As we continued home, Alan mentioned that there was a black truck sitting outside his house on the night he was stopped in Rockford. He stated that the person in the truck was also in the Detective's office when he was being interviewed. As we talked about his interview in Rockford, he stated that he was placed under "house arrest" for three days. I asked what made him say that and he stated that he couldn't talk to anyone or see anyone for three days. I asked if that was his idea or someone else's and he stated that it was his lawyer's decision. When asked why, he stated that he was not allowed to leave the property so that if the police wanted to come and get him they would need

a search warrant.

I then asked Alan if there was anyway that he could help me prove that he was not responsible for Jennifer Lockmiller's death. Alan stated that he had told me everything that he could tell me. I explained to Alan that other suspects had taken polygraph and cleared themselves along with giving valid alibis. I went on to remind Alan that he could not verify his alibi and had refused to take a polygraph. Alan stated that he would ask his attorney about a polygraph and then call me back.

As we neared Bloomington/Normal, Alan stated that he had thought he made himself pretty clear that he would talk to no one but myself regarding this investigation. Alan stated that he was beginning to trust me and that if I had any further questions I could come to him and ask. After we arrived back at Wesleyan, I dropped Alan off at his apartment and returned to NPD to meet with Tech Services.

After arriving back at NPD, Tech Services removed the wire and turned over six original transmitter tapes. Pat Keene agreed to send the Nagra recording the following week after he made a cassette copy for our department.

On 2/17/94 upon my arrival at work, I found a message on my answering machine from Alan Beaman. Alan stated that he had tried to reach his attorney but that the attorney was out of town. Alan stated that he would try again when he returned and then get back to me. This marked the first time that Alan initiated contact with our department or returned a call as asked.

On 02/18/94, Det. Daniels, Lt. Zayas, and myself went to Chicago to meet with Jack Regan of the Chicago Police Department's Violent Crimes Unit. We had sent a copy of our report to Lt. Regan and asked that he review the case to see if he could offer any advise for further possible follow-up. It was believed that since their department handled a large volume of homicides each year, they might be able to suggest techniques that worked for them in the past.

We talked with Lt. Regan and one of his fellow investigators for about two hours regarding the case. Both Lt. Regan and his fellow investigator felt that our department had done everything possible as a means of solving this case. They offered a different viewpoint on a few matters and shared their reactions to the reports and interviews contained in the case files. Their main suggestion was that we continue to build a rapport between Alan Beaman and myself until he either took a polygraph exam or ended all communication with us. They felt that as long as Alan Beaman was willing to communicate with us and we were unable to rule him out as a suspect, we should continue to focus our entire effort on him. We then returned to NPD.

NORTH POLICE SUPPLEMENTAL CASE REPORT

Page of Case #  
45 C93-4033

Offense Supervisory Correction of #2 or #3  
Homicide

Victim Name (or Business Name) Responsible Party  
Jennifer Lynn Lockmiller

On 2/21/94, At approximately 0800 hours, Melissa Klavins called NPD and asked to meet with Det. Daniels. As per an earlier agreement, Melissa was referred to me and I set up an appointment for 10:30 that morning. At approximately 9:30 am, Melissa came to NPD with her father and we conducted an interview in my office.

Melissa stated that she really didn't know much about the Lockmiller case but stated that she knew Alan Beaman and John Revis. When asked, she stated that she met Alan around February and that she sees him occasionally. She stated that she has known John Revis for about three weeks. Melissa was unable to provide much information at all but stated that she didn't believe Alan was capable of doing anything like this. I asked if Melissa knew where John Revis was staying and she stated that she didn't know but that she would probably see him soon. I gave her my business card and asked if she would have John Revis call me when she saw him. Melissa stated that she was leaving Wesleyan for good and that she could be reached at the following home address if I needed to talk to her.

Melissa Klavins (414) 332-5460  
[REDACTED]  
Milwaukee, Wisconsin  
53217

Shortly after Melissa left, I received a call from John Revis. I asked Revis why he was telling people that he killed Jennifer Lockmiller. John stated that he had not told anyone that he killed Jennifer and that he didn't think that the statement was funny at all. I explained to John that I had heard from others on the Wesleyan campus that he told them he killed Jennifer. John again denied making the statements and stated that he doesn't go to parties anymore since he is in hiding from everyone. I asked John to explain and he stated that there were several people on the IWU campus that wanted to hurt him because of things he had done. I asked if that involved ripping people off during drug deals and he stated that he did that once to Alan Beaman a long time ago. He stated that recently he had stolen a few girlfriends from people and they don't like that. He stated that a guy named Greg Golden was after him for taking his girlfriend and that Alan Beaman and Chris Carbone no longer wanted to be friends with him.

John stated that he was in a real bad predicament at the time and informed me that he had gotten Melissa Klavins pregnant and he has nowhere to go. John gave me his mother's phone number, 827-2343, and stated that if I needed to reach him for any

reason that I could leave a message at his mother's house and he would call me back as soon as possible.

At about 11:30 that same day, Jennifer Sieg came to NPD to speak with an investigator in reference to the Lockmiller case. Jennifer had been speaking with Det. Daniels and Lt. Fillipponi and had been referred to me for further interviews. Jennifer stated that she had recalled one item that she had not told Det. Daniels during previous interviews. Jennifer stated that while talking with Alan before break (November 1993 or December 1993) he had told her that he didn't know Swaine was living with Jennifer until the detective told him about it while investigating Jennifer's death. Jennifer stated that she didn't think it was important until she took some time to think about it. Jennifer agreed to call me if she heard anything further from Alan or anything else regarding the Lockmiller investigation.

On 2/22/94, I called Alan Beaman at his residence and asked if he had talked with his attorney yet. Alan stated that his attorney was out of town and would not return until Wednesday, February 23. Alan stated that he would call after he talked with him.

On 2/24/94, upon arriving at work, I found the following message on my answering machine.

"Yea Tim, it's Alan. Uh, I just got off the phone with my lawyer, he still says "no". So, I'm sorry, I can't go against what he says, you know, I just, I don't know what to do. I mean, your just going to have to come up with something better than that I guess. See ya later, I'm sure you'll be around again. Bye.

At about 1600 hours on that same day, Jennifer Seig came to NPD. Jennifer stated that she talked with Alan on Monday, February 21, 1994. After she knocked on the door, Alan allowed her into the room and immediately told her "the pigs are after me again". He then told her that the room was bugged and that her conversation was being recorded. He stated that he believed the phone to be tapped also. As Jennifer was standing in the room, Alan jumped across his bed and yelled "hi you assholes" towards the floor. He informed Jennifer that he would only deal with Freesmeyer because he was the only one that wasn't an asshole towards him. He then went on to tell her that the "pigs" are pressuring him into taking a polygraph. He said he had to wait until his lawyer

"got back" (Wednesday) to ask him "whether I can take the damn thing or not". Jennifer asked him if he wanted to take the polygraph or not and he said yes, but he wasn't going to do anything his lawyer didn't want him to do. After talking, Jennifer stated that she left Alan's residence.

While talking with Detective Daniels, I was informed that there were three bags of trash that were removed from the apartment at [redacted] shortly after the body was discovered. The bags had been brought back to the Detective's office and placed in a box for safekeeping until we could determine what to do with them. On 02/24/94, I packaged the bags into paper sacks and submitted them into evidence so that they could be transported to the Morton Crime lab for latent analysis.

On 03/09/94, I visited Alan Beaman at his residence. I arrived at [redacted] at about 11:30 am and was allowed in by another resident. I then went upstairs and knocked on Alan's Dorm room. Chris Carbone answered the door and then woke Alan for me. After Alan awoke, Chris excused himself and stated that he would leave us alone to talk. Alan offered me a seat and we began to talk. I asked Alan about his lawyers decision regarding the polygraph and Alan again stated that he could not go against his attorney's advise. I asked Alan if there was anything else he could add and he stated that he had told me everything. I explained to Alan that I had exhausted all means to prove his innocence. I explained that I had initially set out to prove he was not involved but must now change gears and prove that he was. I explained to Alan that, as it stands at that point, he was going to be arrested once we finished the remainder of the lab work. I explained that he would be incarcerated on a high bond for several months until the court hearing began, would spend several more months while the court hearings continued, and would have his friends and relatives subpoenaed to court. After hearing this, Alan responded by saying "Bring it on, I've told you everything I know." I then asked Alan when he first found out that Michael Swaine was living with Jennifer and he stated that he didn't know until Jennifer was already dead. After talking for a while longer, I asked Alan if he felt I was harassing him by coming to his apartment and he responded "no". I then asked if I could come back to talk with him if i had any further questions and he stated "yea, as long as you come." I then thanked him for his time and left the dorm to return to NPD.

On 3/24/94, I called NCIC directly and requested an off-line search of any inquiries

made on Alan Beaman, the registration numbers on his vehicle, and the registration numbers on his parents' two vehicles. The off-line search would return with any inquiries made in the U.S. from the first of July, 1993, to the end of August, 1993. The number called was (202)324-6242 and I spoke with Rod Miller. Mr. Miller advised that he should have a response for me in a couple of days. The registration numbers given were "BBB 282", "LW 1057", "AAVSO 44".

On that same date, I called the Financial Crimes Enforcement Network and asked for a FinCEN Search on Alan Wayne Beaman. The search would disclose any credit cards, calling cards, bank accounts, etc. and might possibly produce other leads that could be followed in this case. I was referred to Dora Rentmeister, (217)782-6053, of the Illinois State Police and she faxed the necessary paperwork to me so that we could initiate the search.

On 3/31/94, I received a return from the U.S. Department of Justice regarding the Off-line search that I had requested. According to the off-line search, there was an inquiry on Alan Beaman's Ford Escort license plate on August 22, 1994 by the Loves Park Police Department. The next recorded inquiry was on August 28, 1994 by the Winnebago County Sheriff's Department. There were no inquiries between those times.

On 4/12/94, I received a return from the Financial Crimes Enforcement Network (FinCEN). The report did not contain any significant information that was not already known.

On 05/16/94, a meeting was held to determine the course of action in this case. Present at the meeting was Chief James Taylor, State's Attorney Charlie Reynard, Assistant State's Attorney James Souk, Lt. Frank Zayas, Lt. John Brown, Detective Tony Daniels, and myself. We reviewed the facts of the case once again and then opened the meeting up for input. When the discussion had ended, the decision had been made to effect the arrest of Alan W. Beaman for the homicide of Jennifer Lockmiller.

On 05/17/94, I made contact with the Illinois State Police Technical Services Bureau, and they agreed to assist our department with a fifth consensual overhear via bodywire. I then met with ASA Souk at the McLean County State's Attorney's office and we prepared a petition for a consensual overhear order and a petition for an arrest warrant for Alan W. Beaman. Both petitions were presented to Judge Prall and an overhear order was granted as well as an arrest warrant for Alan W. Beaman on two counts of first degree murder.

At approximately 1530 hours on that same date, I met with tech services at the Normal Police Department. After reviewing the overhear order, the overhear agent, Keith Frederick, prepared the overhear equipment and strapped it in place. After testing the

equipment, I proceeded to the Wesleyan University Campus to attempt to locate Alan Beaman. Keith Frederick was accompanied by Detective Warner and they also proceeded to the Wesleyan Campus in order to monitor the conversation once I made contact with Alan Beaman.

After checking numerous locations, I located Alan Beaman in the main cafeteria located in the Student Union Building. I approached a table where Chris Carbone was sitting and asked if he knew where Alan could be found. Chris stated that he had just gotten up to take his tray to the kitchen and he then pointed towards Alan's location. I located Alan and stated that I needed to talk with him. He agreed and we walked to the south side of the building. As we were walking, Alan was in a pleasant demeanor and was talking freely. After we reached the south door of the building, I led Alan over to my squad car. I then asked Alan if he would accompany me to the Normal Police Department so we could talk for a while. He asked what I wanted to talk about and I told him that I wanted to discuss this case. He asked if he could follow me in his own vehicle and I stated that I would prefer for him to ride with me. I informed Alan that he would not be coming back to Wesleyan and he asked why not. I informed him that he was going to be arrested. Alan then asked if he was under arrest and I stated that I was hoping he would come to the police department willingly so we could talk for a while. Alan stated that I would have to arrest him to get him to go with me. I then informed Alan that he was under arrest for the homicide of Jennifer Lockmiller and I placed him in custody. While I was putting the handcuffs on Alan, he saw an acquaintance walking towards him on the street. The person asked Alan "what was up?" and Alan's reply was "Spread the word, bullshit." Alan was then placed into my squad car and transported to the Normal Police Department.

While enroute to the station, I advised Alan of his Miranda rights and he stated that he understood his rights. Alan then stated "I really wish you would have done this right away so I wouldn't have wasted my entire semester."

After arriving at the station, I led Alan into my office and removed the handcuffs. I asked Alan to have a seat by my desk and readvised him that he was officially under arrest for two counts of first degree murder in the death of Jennifer Lockmiller. I then allowed him to call his attorney and stated once again that I would like to speak with him if he desired to do so. Alan stated that he was not going to talk to anyone until he was in a place where he could smoke a cigarette. I then made arrangements to get his lawyer's phone number from his wallet and also his tobacco that was taken from

him at the time he was picked up. I handed Alan a copy of the warrant and allowed him to review it's contents. After he finished reading the warrant, I allowed him to get his lawyer's phone from his wallet and his tobacco. Alan then attempted to call his lawyer and could not get an answer. He then tried a home number and could not get an answer. He then called his parent's residence in Rockford and got the answering machine. The message he left was "Mom, Dad, it's Alan. I've been arrested. Wonderful thing huh. I'm at the Normal Police station. And I'm just going to sit here until Bill gets here. So if you could get ahold of him somehow, that would be appreciated. Thank you very much, love you, bye." I then told Alan it was his call and he stated that he was just going to sit there until his attorney got there.

As I was completing the booking forms, Alan stated, "Enjoy your job while you got it, cause I'm going to take it away from ya. I'm gonna sue the shit out of this whole place. Guess who'll be fucked?" While inventorying his belongings he stated that two of his keys belonged to the university. I asked, "If the university were to ask for them, do you mind if we give them back?" Alan replied, "I'll be out of here by then."

After Alan's belongings were inventoried, we stepped into the detective's office where Alan was fingerprinted and photographed. After the process was complete, Alan and I left NPD enroute to the McLean County Jail.

While enroute to the McLean County Jail, Alan was riding in the front passenger seat of my squad car and was heard to make several statements. Alan asked "What was the last recompense for wrongful arrest the guy got awarded, two million dollars, something like that?" I responded, "I don't know, I'm unfamiliar with that case Alan." Alan's next response was "I can't wait." He then made a barely audible comment in which he referred to me as a "cut-throat fucker". I told Alan "Alan, I told you what was going on the whole time along, I never lied to you through this whole thing. I told you exactly what was going on." to which he stated "back-stabbing bastard." I told him that "last time I talked to you I told you that we were getting to a T-road." Alan replied "Your a fuckin pig just like the other pigs." He then stated "that's the law". As we got farther down the road Alan stated, "As soon as I get out you'll just come back and bust me for weed because you can .....(inaudible)". He then stated, "You gotta make a scape goat, so you find the weakest guy that nobody will support. I guess you can't fight against the system."

At that point, we arrived at the McLean County Jail and Alan was escorted into the booking area. After Alan was turned over to the correctional staff, I left the sally-

the name of Alan Beaman presented themselves to the Health Department on 8/25/93.  
On June 22, 1994, I travelled to Rockford once again to verify mileages that Alan Beaman would have traveled between August 24th and August 28th. I left the driveway of [redacted] in Normal at 8:28 am and drove straight to Alan Beaman's house driving strictly at the posted speed limit. I arrived at Alan's house at 10:45 am making the trip in 2 hours and 17 minutes. The total mileage from [redacted] to Alan Beaman's residence was 139.7 miles. We then drove the routes that were given us by Alan during numerous interviews. The time required to drive from Alan Beaman's residence to the Bell Federal Bank, observing all speed limits, was 31 minutes. After we completed our business in Rockford, we returned to Normal. We left Bell Federal bank at 4:43 pm and drove straight to Normal observing the speed limit. We arrived at [redacted] at 6:44 pm. We made one stop along the way which consumed 7 minutes. The return trip therefore took 1 hour and 54 minutes. The total mileage from Bell Federal to [redacted] was 126.7 miles. The trip from Bell Federal, to [redacted], and then back to Alan Beaman's house was a total of 266.4 miles. The total time for the drive was 4 hours and 11 minutes if the speed limit was observed at all times.

Within the next few days, I received a call from Carol Beaman. Mrs. Beaman stated that she was going through some receipts at home and found a receipt from the IGA store on Auburn Road dated August 25, 1993. The receipt showed a check-out time of 14:03 or 2:03 pm. Mrs. Beaman stated that she drove straight home from the store and that would have put her at home by no later than 2:15 pm. I asked why it took her this long to produce a cash register receipt and she stated that she was busy with school and didn't have time to look.

On June 27, 1994, I travelled to Rockford once again for follow-up in this case. Prior to my trip, I had called the IGA store on Auburn Road and asked what type of cash registers they were using. I was informed that the registers were Hugin-Sweda brands and was able to obtain a phone number for the service center that services the store's registers. While speaking with the representative, Heidi Gonzalez, I was informed that the Hugin-Sweda machines print an internal journal of all transactions in addition to the customer's receipt. The machine also produces a report on price changes, date and time changes, and auditor reports. I asked how long it took to change the date and time in the computer and was advised that if I had the right key she could walk me

through the procedure over the phone in a "matter of seconds". When I arrived in Rockford, I went to the IGA store on Auburn road and made a purchase. The format of the receipt that I received was similar to the receipt received by Mrs. Beaman. I observed one of the pieces of equipment on the register to be a Hugin-Sweda Slip Printer with a model #3456.

While in Rockford, I went to interview Chris Gray, Alan's grandmother. I made contact with Miss Gray at her apartment located on [redacted] road. Miss Gray lives in a retirement village with several hundred other residents. I explained the reason for my visit and asked Miss Gray if she had time to talk. She agreed and invited me into her apartment. I asked Miss Gray if she could remember back to August 25, 1993 when Carol Beaman took her to the doctor's office. She stated that she could not remember the trip as Carol takes her to the doctor quite often. I asked if Carol would have stopped to buy her any groceries or anything and Miss Gray stated "no". She followed her response by telling me to look around the apartment to see that there was no need for food since she eats in the dining area of the retirement center. I asked Miss Gray if she could remember going anywhere else besides the doctor's office such as a restaurant and she stated she could not remember. After thanking her for her time, I left her apartment and proceeded to leave the retirement center. Before leaving, I stopped at the receptionist desk and asked if the residence had to sign in and out of the facility when they leave. The receptionist stated that the residence signed a log sheet for the facility. I asked if they still had the log sheet from August of 1993 and she stated she might. The receptionist then referred me to the retirement village manager and I explained the situation to him. He stated that he believed they still had the records and then left in an attempt to find them. He returned a short time later with the sign in log from August 1993. He allowed me to review the log and I noticed that Chris Gray signed out at 7:30 am and signed back in at 10:00 am. I then asked for a photocopy of the sign-in log and the manager agreed and provided me with a photocopy that accurately represented the actual log.

While in Rockford, I drove the route that Alan reported once again in a different vehicle. The results were consistent with the first time varying by only 1.7 miles. The total mileage for the inner city driving that Alan claims to have driven from the time his tires were changed until the photograph was taken of his odometer was an average of 198.85 miles.

On June 30, 1994, I met with Barry Beaman, Carol Beaman, and William Beu. Carol and Barry were at the Law and Justice Center to testify in Grand Jury. Upon my request, Carol Beaman brought a copy of the receipt that she found dated August 25, 1993. She also brought a copy of her canceled check and numerous other items including her notes and her calendar from August 1993. Carol also mentioned that she saved all her receipts and she handed me numerous store receipts from various stores. After testifying in grand jury, Carol brought other receipts from 8/25/93 to our attention including a receipt from Wal-mart at 11:10 am and a receipt from Union Hall at 12:39 pm, both in Rockford.

On June 24, 1994, I conducted an interview with Todd Heyse. Todd came to the Normal Police Department to report an incident that he felt should be forwarded to investigators in this case. Todd informed me that he was the owner of [redacted] street, the apartment that Jennifer Lockmiller was residing in prior to her death. Todd stated that during the week of August 22 through August 28, he was working on some other property that he owns on south Main street in Normal. Todd stated that while working on the other property, he would drive past [redacted] on his way home for lunch. Todd stated that on one particular day, either Tuesday, Wednesday, or Thursday, he drove past [redacted] and observed a man and woman walking up the drive towards the door of the apartment building. Todd stated that he observed a blond female that was about a head shorter than the male. He described the male as having long, dark hair, reminiscent of the seventies, with the hair being parted in the middle and hanging over the back of his shoulders. Todd recalled the time as being late morning to early afternoon and recalled the male wearing dark, "trendy euro" type clothing. A written statement was taken from Todd and he then left the station.

Throughout the month of November, I worked on arrangements to have Alan Beaman's car inspected and to determine the integrity of the speedometer/odometer. On December 5, 1994, the following people met at NPD to inspect Alan Beaman's 1987 Ford Escort:

- Walter Kryszak ..... Morton Crime Lab, Tool mark expert
- James Souk ..... McLean County State's Attorney's Office
- Timothy Freesmeyer ..... Normal Police Department, CID Division
- Marvin D. Van Etten ..... Vehicle Expert for Alan Beaman

After meeting at NPD, the individuals listed above traveled to rural Bloomington where Alan Beaman's vehicle was being stored. We were accompanied by two mechanics for the town of Normal, Keith Simpson and David Olson. After both the defense and prosecution had a chance to review and photograph the vehicle, it was towed to the Normal Public Works garage by Keith Simpson using the Town of Normal towtruck. The towtruck was attached to the escort with a hydraulic boom attached to the escort's front wheels. After arriving at the Normal Public Works garage, the vehicle was backed inside the shop and the towtruck was disconnected. Several more photographs were taken after the vehicle was in the shop.

At the direction of the prosecution team, Keith Simpson began to disassemble the vehicle's interior. Throughout the entire process, the vehicle was photographed extensibly by both myself and Dr. Van Etten. The first item removed was the finish panel that surrounded the instrument cluster. There were six screws holding the finish panel in place. There appeared to be tool-marks on the six screws which prompted us to force the plastic panel out from around the head of the screws. After removing the finish panel, we removed the finish panel screws by using a pair of pliers on the outside of the screw. After the finish panel was removed, the instrument cluster could be seen in its entirety. There were four screws holding the instrument cluster in place and the screws had both a hex head on the outside and a phillips's head on the inside. By looking at the four screws, it appeared the phillips's head had been marked by an unknown tool. We removed the screws using a hex-head nut-driver and then placed the screws into a piece of cardboard for safekeeping. At that point, we were prepared to pull out the instrument cluster. With Walter Kryszak sitting in the passenger seat and Keith Simpson in the driver's seat, they began to slowly remove the instrument cluster. The cluster pulled out without resistance and Walter Kryszak informed me to look behind the instrument cluster. Mr. Kryszak pointed out to me that the speedometer/odometer cable was not connected to the instrument cluster and was simply laying in the housing area behind the instrument cluster. Both Dr. Van Etten and myself took numerous photographs while Walter Kryszak held the instrument cluster in the same fashion as he had pulled it out. Dr. Van Etten commented on the fact that the speedometer/odometer cable was not properly snapped into place. After photographing, the instrument cluster was removed and a closer inspection of the area was done.

Jennifer Lynn Lockmiller

By looking straight into the speedometer/odometer cable, it appeared that the tip of the cable had been bent to one side, possibly by an attempt to force the cable into the housing. I asked the city mechanics to push the car forward and back as I observed the inner cable spinning in the housing as it should. After more photography, the speedometer/odometer cable was disconnected from the transmission and removed from the car. After photographing all items removed from the vehicle, Mr. Van Etten was given another chance to do any type of analysis on the vehicle that he wished. After Dr. Van Etten stated that he was satisfied, the items removed from the vehicle were collected and vehicle was removed to the Public Works parking lot. We then returned to the Normal Police Department where all items were photographed once again and then entered into evidence.

While at NPD, I began to experiment with a new cable and speedometer that I had purchased at Dennison Ford. The parts I had purchased were for a 1987 Ford Escort similar to Alan Beaman's. I found that if I inserted the cable into the speedometer housing, and spun the opposite end of the cable, I could simulate the way the car would keep the mileage. I then unsnapped the cable from the speedometer housing while another person continued to spin the cable. As I slowly pulled the cable out of the housing, the speedometer went from an accurate reading, to a false sporadic reading, to no reading at all. Thus, since the cable was not snapped into place on Alan Beaman's car, it is quite obvious that the integrity of the speedometer/odometer is destroyed.

On December 7, 1994, a meeting was held at NPD to discuss the evidence in this case. Present were Alan Beaman, William Beu, William Beu's investigator, Jim Souk, Terri Dimnick, Detective David Warner, and myself. We reviewed the evidence in this case piece by piece giving the defense team an opportunity to review any piece that they wished to see. Photocopies were made when requested and the evidence was then resecured after the meeting. Before leaving, I asked William Beu if he was aware of what the Beaman family wanted done with the vehicle as it was still sitting at the public works garage. William Beu advised that he would get back with me about the vehicle.

During the week of December 12th, I began to research the 1987 Ford Escort that belonged to Alan Beaman in an attempt to determine who the previous owner was. By

checking with the Secretary of State's office, I was able to determine that the previous owner was "Gervaise Sparhawk" of [redacted] in Roscoe, Illinois. I made phone contact with Gervaise Sparhawk's son, Gilbert Sparhawk, at (815)389-4129 and spoke with him about the vehicle. Gilbert stated that the car belonged to his mother and that she was between the ages of 53 years and 57 years when she owned the car. Gilbert stated that his mother was the principal driver and that he had not had a license for numerous years and he therefore did not drive the car. I set up an interview for he and his mother for December 22, 1994 at their residence.

The Secretary of state was also able to provide information that the car was sold to Strandquist motors in Rockford in 1992. I called Strandquist motors at (815)962-0621 and spoke with Lori Carter. Lori confirmed that Strandquist motors did buy a car from Gervaise Sparhawk and then sold the car to Barry and Carol Beaman. I was able to obtain a subpoena for the records of those sales and informed Lori that I would be coming to Rockford on December 22, 1994.

On December 22, 1994, I traveled to Rockford and met with Lori Carter at Strandquist Motors. Lori provided me with the mileage disclosure statements for the transaction between Strandquist and Gervaise Sparhawk and between Strandquist and Barry Beaman. Lori pointed out that due to the appraisal form when the vehicle was purchased, their agency would not have done any work on the vehicle.

While in Rockford, I stopped at Bell Federal bank and attempted to speak with the teller that took William Beu's original call on September 3, 1993 concerning Alan Beaman's presence on 8/25/93. I found the teller's name to be Kim Schiavo and believe her home phone number to be (815) 229-8441. Kim was on vacation so I was unable to interview her about this case.

At 3:00 pm on that same date, I met with Gervaise and Gilbert Sparhawk at their residence in Roscoe, Il. I was invited in and we began to discuss the 1987 Ford Escort that Gervaise had previously owned. I asked Gervaise if she had ever had any work done on the vehicle while she owned it. Gervaise stated that she had a three year warranty on the car and that she began to have problems with it in late 1991. She stated she began to have electrical problems with the car and then the speedometer quit working in early December of 1991. Her son, Gilbert, replaced the inner cable for the speedometer and it broke a second time just two weeks later, just before Christmas. Gilbert then replaced the inner cable again and she sold the car the following month. While

speaking to Gilbert, he stated that a friend named "Tom" helped him replace the cable and that they had replaced speedometer cables numerous times before. I asked Gilbert how many cables they had replaced and he stated that he had changed two or three and "Tom" had changed at least ten. I asked Gilbert if he removed the dash to get to the cable and he stated hat "yes" he had. I then asked Gilbert if he knew how the speedometer cable attached to the instrument cluster and he stated that there was a plastic clip that secured the cable to the instrument cluster. Gilbert stated that he believed he used a nut-driver to remove the instrument cluster when he replaced the cables. When asked, Gilbert stated that he bought the cables for the car from Jerry's Auto parts store in Roscoe.

After leaving the Sparhawk residence, I went to Jerry's Auto parts store in Roscoa. I talked with Todd Fehler and asked if they still had their receipts from 1991. Todd stated that their registers are computerized and that they keep duplicate copies for their auditor. Todd pointed out a large number of boxes in the rear of the store and stated that I was welcome to look through the boxes for the receipts that I was looking for. After looking through numerous boxes, I located the receipts for December of 1991. I found four receipts for speedometer cables during the month of December and one return. One receipt was for a local dealership and was ruled out due to the specific part. The other three receipts showed a universal cable that could be used in a number of different vehicles. Of those three remaining receipts, two were about two weeks apart dated 12/13/91 and 12/26/91. The final receipt also showed a purchase for Orange hand Cleaner "DL 23-114" which Gilbert Sparhawk does not recall ever purchasing.

On subsequent calls to Gilbert Sparhawk, he stated that he was familiar with the plastic clips used to hold the speedometer cable to the instrument cluster and state d that they surely would have made sure that the clip was seated after installing the new cable into the sheath.

On 01/18/94, I traveled to Rockford once again to verify mileages between several different locations. I began at [redacted] and drove directly to Alan Beaman's residence at an average of about 75 mph. The total distance was recorded as 138 miles with a driving time of 1 hr and 56 minutes. The following inner-city driving was also recorded:

Beaman Residence	Denny's (State)	26 minutes	11.9
Beaman Residence	Cafe Esperanto	13 minutes	8.2
Cafe Esperanto	Sinissippi Gardens	6.5 minutes	1.8

After finishing the inner-city driving, we checked the distance from Bell Federal to [redacted], Normal, at an average of 75 mph. The total distance was 123.9 miles with a travel time of 1 hour and 48 minutes.

On 1/18/95, I received a copy of the lease for the apartment where Michael Swaine and Alan Beaman were living from May 24, 1993 to August 15, 1993. The lease was in the name of "Theater Arts" bearing the signature of the department secretary, Kelly Ullom.

On that same date, I spoke with Dr. David Eaton from Illinois State University. Dr. Eaton stated that he was teaching a class on Social Gerontology that met on Monday, Wednesday, and Friday at 11:00 am. Dr. Eaton stated that since it was early in the semester, he had not yet established a seating chart as of August 25, 1993. I explained to Dr. Eaton that we had one of Jennifer's notebooks with a page dated Wednesday, August 25, with only one note on the page. Dr. Eaton explained that each time he starts the course, he begins with a handout that they cover for the first few days. He stated that he was probably lecturing from the handout and would therefore not expect many notes in Jennifer's notebook. Dr. Eaton was unable to say that he definitely saw Jennifer in class on Wednesday August 25, 1993 but due to her notes he would assume that she was there.

On 1/19/94, I conducted a brief interview with Dale Janssen of Janssen Construction. Dale stated that on July 22, 1993, he repaired a door for Redbird Apartment Management at [redacted]. Dale stated that he did not remember the occupant, believed to be

Jennifer Lockmiller, saying anything to him while he repaired the door. He stated that it appeared the door had been forced open near the latch and he put several screws into the doorframe so that the door could be secured. Dale stated that he was also the person that responded to [REDACTED] on August 28, 1993 when Jennifer's body was discovered. Dale was asked to come to that address and secure the door so that the crime scene would not be disturbed. Dale examined the door on that date and did not notice any fresh damage since he last repaired it on July 22, 1993. Before Dale left the station, he left his copy of the repair bill that he gave to Redbird Apartment management. Dale stated that the bill was a business record for the business that he owns, Janssen Construction. The bill was placed into evidence and a copy was made for Dale Janssen.

C05478

1 end, right?  
2 A. Right. It would go to whoever the state  
3 attorney that's handling the case.  
4 Q. Okay. So as I'm understanding, so far what  
5 we've -- what we've talked about with regard to copies  
6 of police reports is that there's an original that  
7 ultimately makes its way to the chief; after the chief's  
8 review there are copies for all the investigators;  
9 there's an original that goes from the chief to the  
10 records office, and ultimately to the state's attorney.  
11 Right?  
12 A. Yes.  
13 Q. Okay. Are there any other copies of a report  
14 that would be generated in that process that we haven't  
15 talked about yet?  
16 A. Not to my knowledge, no, sir.  
17 Q. And as for the part about the investigators all  
18 getting copies of a report, that's something that  
19 happens throughout the investigation, right?  
20 A. Yeah. The investigators are involved in that  
21 particular investigation, not necessarily all of them,  
22 just the ones that are involved. So that would have  
23 been Tony Daniels and Freesmeyer and Warner, I think.  
24 Q. And John Belcher?

41

1 A. Yes, sir, John Belcher.  
2 Q. And your recollection was that Hospelhorn  
3 wasn't working on the investigation?  
4 A. I don't remember working with him. I really  
5 don't. I'm sorry.  
6 Q. Okay. But -- but if you -- if you were, he  
7 would receive copies of the reports, right?  
8 A. Yes, sir.  
9 Q. Okay. What's the purpose of making sure that  
10 all of the investigators in a case receive copies of all  
11 the reports?  
12 MR. DiCIANNI: Object to the form of the  
13 question.  
14 You may answer.  
15 A. You want them to be well informed as to where  
16 the investigation is going and what we're looking at so  
17 we're all on the same page.  
18 Q. And as a supervisor, was it your expectation  
19 that the investigators would read all the reports that  
20 they received?  
21 MR. DiCIANNI: Objection; speculation.  
22 A. I suspect that they did read the reports. That  
23 was their job.  
24 Q. So, for example, as an investigator on the

42

1 case, it would have been part of Freesmeyer's job to  
2 read the reports prepared by other officers, right?  
3 A. Yes, should have, yes.  
4 Q. So we've talked through the process of reports  
5 making their way into the central file. Can you  
6 describe how the process would work for transcripts of a  
7 witness interview?  
8 A. Well, if the transcript -- I don't remember how  
9 they were -- if they were recorded and then transcribed.  
10 Is this what you're talking about? I don't understand  
11 your question.  
12 Q. Right. Typically if an --  
13 Would officers typically record interviews?  
14 A. Sometimes they did, yes.  
15 Q. Okay. In the case of a recorded interview, the  
16 interview would generally be transcribed, right?  
17 A. Yes.  
18 Q. Okay. And who does the transcription?  
19 A. The secretarial staff there. I don't remember  
20 who -- who was there at the time.  
21 Q. So the officer would give the tape to the  
22 secretarial staff?  
23 A. Yes, sir.  
24 Q. And would the secretarial staff then give the

43

1 transcript back to the officer after transcribing it?  
2 A. Yes, sir, and he would review it.  
3 Q. After the officer's review of the -- of the  
4 transcripts, would that be submitted to -- to you as the  
5 lieutenant?  
6 A. Yeah. Then I would -- I would see it and  
7 review it.  
8 Q. And after your review of the transcripts, what  
9 would you do next?  
10 A. Then they would be put in the records file  
11 where -- then the record would -- would put the original  
12 in the -- in the -- in the records. The chief would  
13 probably get a copy of it to -- to review it. Or if he  
14 came down and got the record or the transcript, he may  
15 have taken it upstairs to -- to read it and then brought  
16 it back down. Could have been that way.  
17 Q. So -- so you're not sure whether the transcript  
18 would go to the chief prior to going to records, right?  
19 A. I don't remember how that would -- how that  
20 would have occurred on that particular date and time. I  
21 really don't.  
22 Q. Uh-huh. But safe to say that either after your  
23 review or after the chief's review, the transcript would  
24 go into central records, right?

44

C05488

APPENDIX 001352

1 it won't.

2 So the body was first discovered on August 28th

3 of 1993. It was a, you know, pretty -- pretty gruesome

4 crime scene, cord around the victim's neck, significant

5 amount of bloating because it had been some time since

6 the murder occurred.

7 Do you remember how you first became aware that

8 there had been a murder?

9 A. No. I don't remember how the call came in.

10 Q. Do you recall ever visiting the crime scene?

11 A. Yes, I did.

12 Q. When you visited the crime scene, was the

13 victim's body still there or had it been removed --

14 A. No. It was still there.

15 Q. Okay. Did you visit the crime scene on the

16 same day that the call came in?

17 A. Yes, I'm sure it was.

18 Q. What recollections do you have about the crime

19 scene?

20 A. It was -- I think it was like a one-bedroom

21 apartment, shag carpet. I think she had two cats. It

22 was flea infected. I remember seeing the body in the

23 bedroom. Not a pretty scene.

24 Q. Who else was present, if you remember, when you

89

1 were first on the scene?

2 A. I think Officer Warden was with me.

3 Q. Warner?

4 A. Warner, I'm sorry, yeah.

5 Q. And he -- he -- one of his roles was evidence

6 technician, right?

7 A. Yes. Yeah.

8 Q. So he would have been there in connection

9 with --

10 A. Right.

11 Q. -- those duties?

12 A. Yeah.

13 Q. Okay. Based on your seeing the crime scene,

14 did you form any theories or possibilities about the

15 nature of the murder?

16 A. Well, I first thought, you know, whoever

17 committed this was evil. As far as a particular type of

18 suspect or -- no, I didn't have any particular idea. In

19 a college town, I mean, there's so many possibilities.

20 Q. What is it about a college town that -- that

21 causes you to say that there were so many possibilities?

22 A. The transient nature of the campus. The

23 activities during the day and night, you know. A lot of

24 parties. Kids are always out, all hours of the night

90

1 and day. The crime scene is on -- right on a main

2 thoroughfare, Route 51. You know, it -- pretty well, it

3 was kind of like an open case. We -- we had no idea on

4 where to go.

5 Q. As the investigation went forward, do you

6 remember -- well, strike that.

7 You had mentioned partying and the college

8 scene generally.

9 As the investigation went forward, do you

10 recall learning anything about Lockmiller's lifestyle as

11 it related to partying, drugs, alcohol?

12 A. I remember a little bit from the reports that I

13 saw, that she was -- I think she was a volunteer

14 employed at The Vidette, the newspaper, and that she

15 frequented a lot of parties. She was always at parties,

16 drank heavily, was very sexually active, from the

17 reports we were getting.

18 Q. And those are factors that contribute to a wide

19 universe of possible perpetrators. Is that a fair

20 statement?

21 A. No, not -- not just necessarily that. I'm sure

22 there was other factors. Just -- I don't know. Just

23 the area where she lived, the activity. The gas station

24 is right by, the 24-hour operations that were going on

91

1 all the time.

2 Q. So there were a lot of different factors that

3 pointed to a potentially broad range of suspects, right?

4 A. Yes, sir, it did.

5 Q. And during the course of the investigation,

6 what's your recollection of what was done to investigate

7 the whole universe of potential suspects who might have

8 come in and out of Jennifer Lockmiller's life?

9 A. Well, we had the officers canvass the

10 university. Other neighbors were interviewed, service

11 station right there at the corner. The Vidette staff

12 was talked to. Generally tried to track as many

13 friends, family members that may have known something

14 about her whereabouts at the time.

15 Q. When you say "canvass the university," what do

16 you recall of what was done to -- to canvass the

17 university?

18 A. Well, through The Vidette we would be able to

19 get names of people that knew -- knew her, and then we

20 would have tried to interview them. If my memory serves

21 me correctly, I think we even looked into her phone

22 records. I think, the best of my memory, that's all I

23 can remember.

24 Q. Uh-huh. Is it fair to say that on -- strike

92

1 Q. There's nothing that you could testify to as to  
 2 whether anyone at that meeting agreed or disagreed with  
 3 the decision to arrest Mr. Beaman?  
 4 A. No, sir. I don't remember.  
 5 Q. You don't have any recollection of any position  
 6 that you took at that meeting, right?  
 7 A. No, sir, I don't remember.  
 8 Q. Do you have any recollection of who led any of  
 9 the meetings that were held as part of this case?  
 10 A. No, sir, I don't.  
 11 Q. Do you recall any discussions that you had  
 12 with -- with Tony Daniels during the time of the  
 13 Lockmiller homicide case?  
 14 A. Just in a general, I think he -- I mean, at the  
 15 time we didn't have sufficient evidence yet. It was all  
 16 circumstantial. I think we would talk about that. But  
 17 specifically I don't remember, you know, per se what --  
 18 what we actually delved into. But I know that we  
 19 discussed that.  
 20 Q. Have you spoken with Tony Daniels about this  
 21 case subsequent to when you -- when you left the Normal  
 22 Police Department?  
 23 A. No, sir.  
 24 Q. And I think you mentioned earlier that -- that

117

1 you had a conference with Mr. Daniels at some point?  
 2 A. Oh, yeah. We've -- we've communicated. I mean  
 3 we -- when I go to Normal, we get together for coffee or  
 4 something, but we don't talk about the case.  
 5 Q. Understood.  
 6 What's your -- what's your opinion of  
 7 Tony Daniels?  
 8 A. Tony is a very intelligent officer, to the  
 9 point that he could be bullheaded. Sometimes he could  
 10 be difficult. You know, he's very opinionated. But  
 11 he's -- he's pretty honest, straight. What you see is  
 12 what you get with Tony.  
 13 Q. Is he a good cop, in your opinion?  
 14 A. I think -- yeah, I thought he was a good --  
 15 excellent cop, yes, yeah. He's a very caring guy. He's  
 16 kind of a real sensitive-type guy.  
 17 Q. He has good judgment?  
 18 A. You're asking me to speculate. I -- I don't --  
 19 I don't know how to answer that.  
 20 Q. You don't have any reason to doubt his  
 21 judgment, right?  
 22 A. No.  
 23 MS. EKL: Objection; form, foundation.  
 24 Q. Okay. So I understand that you don't have any

118

1 recollection of the meeting to decide whether to arrest  
 2 Beaman or to decide to arrest Mr. Beaman.  
 3 Do you have any recollection of what the  
 4 probable cause to arrest Mr. Beaman consisted of?  
 5 A. No. Sorry, I'm afraid that I didn't read the  
 6 affidavit and I -- I didn't see it. If my memory served  
 7 me correct, he was not -- he was arrested after I had  
 8 left the department, so -- or he was indicted, I think,  
 9 after I left the department. So, no, I don't.  
 10 Q. Okay. Is there any piece of evidence against  
 11 Mr. Beaman that -- that you can recall?  
 12 A. I know that it was mostly circumstantial  
 13 evidence, but specifically I don't remember what it was.  
 14 Q. Okay. Is there -- is there any document you  
 15 could review or anything that I could do to help refresh  
 16 your recollection as to the evidence against Mr. Beaman?  
 17 A. I -- no, I don't think so.  
 18 MR. SHAPIRO: Okay. Would you mark that as  
 19 Exhibit 4, please. Thank you.  
 20 (Zayas Exhibit No. 4 was marked for  
 21 identification.)  
 22 Q. Mr. Zayas, I've shown you a document that's  
 23 been marked as Exhibit 4. Please go ahead and review  
 24 the document and let me know when you've had a chance to

119

1 do so.  
 2 A. Okay.  
 3 Q. So Exhibit 4 is a polygrapher's report  
 4 regarding Larbi John Murray, dated October 5th, 1993,  
 5 right?  
 6 A. Yes, yes, sir.  
 7 Q. Do you recall ever -- ever having seen this  
 8 document?  
 9 A. No, sir, I don't remember it.  
 10 Q. Okay. And we talked earlier about the process  
 11 of receiving reports from outside specialists?  
 12 A. Uh-huh.  
 13 Q. In this case, the report is addressed to  
 14 Detective David Warner. How would this report have been  
 15 routed through the police dependent upon receipt?  
 16 MR. DiCIANNI: I object to lack of foundation,  
 17 speculation.  
 18 MS. EKL: Also form.  
 19 A. I don't know how to answer the question because  
 20 if -- if it came into the police department addressed to  
 21 David Warner, I think he would have gotten it and it  
 22 would -- then he would read it, submit it, run copies of  
 23 it, get the original to -- to records, make sure that,  
 24 you know, I would have gotten a copy of it, the chief

120

30 (Pages 117 to 120)

McCorkle Litigation Services, Inc.  
 Chicago, Illinois (312) 263-0052

005507

1 would have gotten a copy of it. So he would have had to  
 2 disseminate the report. If my memory serves me  
 3 correctly, that's -- should have been the way to process  
 4 that.  
 5 Q. Okay. So let me try to take that step by step  
 6 so I make sure I'm understanding.  
 7 Assuming Detective Warner received the report,  
 8 he should direct the original to records?  
 9 A. Yes. The originals always went to records.  
 10 Q. And by sending it to records, the report would  
 11 become part of the central file for this case?  
 12 A. Right, uh-huh.  
 13 Q. And upon receiving this report, Warner should  
 14 make sure that you get a copy?  
 15 A. Yeah, should have made sure everybody else  
 16 would have gotten a copy of it.  
 17 Q. And when -- when you say "everybody," do you  
 18 mean all of the detectives working on the case?  
 19 A. Working on the case, yes.  
 20 Q. Okay. And he should have also made sure that  
 21 the chief got a copy?  
 22 A. Oh, yes, sir.  
 23 Q. Okay. And upon receiving the report that's  
 24 shown in Exhibit 4, do you have any reason to doubt that

121

1 Detective Warner would have gone through the steps that  
 2 you and I just discussed?  
 3 MR. DICIANNI: Object to speculation.  
 4 A. I -- I don't know. I -- he should have  
 5 followed the procedure, disseminated the information.  
 6 Q. Uh-huh. And he would have been trained to  
 7 follow that procedure?  
 8 A. Yes, sir.  
 9 Q. And assuming the report went to the records  
 10 department and became part of the central file, the  
 11 report would have been transmitted to the State's  
 12 Attorney's Office, right?  
 13 A. Yes.  
 14 MS. EKL: Objection; form, foundation.  
 15 A. It should have been, yes, sir.  
 16 Q. Okay. If the lead state's attorney in this  
 17 case did not receive a copy of this report, would you  
 18 find that surprising?  
 19 A. Yes, I would have, yes.  
 20 Q. Now, I'll represent to you that this report was  
 21 not provided to Mr. Beaman's defense lawyers prior to or  
 22 during his trial. Do you have any explanation of why  
 23 that might have occurred?  
 24 A. No, sir, I don't.

122

1 Q. Would you agree with me that this is a report  
 2 that should have been provided to Mr. Beaman's defense  
 3 lawyers?  
 4 A. Yes, sir.  
 5 MR. DICIANNI: I'll object to speculation, to  
 6 lack of foundation, legal conclusion.  
 7 A. Yeah, they should have gotten a copy of it,  
 8 yes.  
 9 Q. When you were a law enforcement officer, did  
 10 you receive training with regard to the duty to provide  
 11 exculpatory evidence to defendants' lawyers?  
 12 A. Yes, sir.  
 13 Q. And did -- did detectives that you supervise  
 14 also receive that training?  
 15 A. Yes, sir, I'm sure they did.  
 16 Q. Based on the training that the detectives  
 17 working on the Lockmiller case received, should they  
 18 have recognized that the report shown in Exhibit 4 is  
 19 something that ultimately should have been provided to  
 20 the defense?  
 21 MR. DICIANNI: Objection; speculation.  
 22 A. Yes, sir.  
 23 Q. And why is it that the report should have been  
 24 provided to the defense?

123

1 A. It's valuable information. It should have  
 2 relayed to the State, yes.  
 3 Q. And you didn't -- you mentioned relayed to the  
 4 State. And ultimately relayed to the defense, right?  
 5 A. Right, yes, sir.  
 6 Q. And when you say that it's valuable  
 7 information, what's valuable about it?  
 8 MR. DICIANNI: I'll object to asking him to  
 9 speculate about why it would be valuable.  
 10 A. Well, I mean, it's a result of an examination  
 11 conducted on one of the suspects; therefore, it's  
 12 something that should have been relayed to the defense.  
 13 Q. And the report shown in Exhibit 4 indicates  
 14 that Mr. Murray didn't follow directions given to him  
 15 during the polygraph, right?  
 16 A. I'm sorry. Repeat that question again.  
 17 Q. Sure. Does the report indicate that Mr. Murray  
 18 did not follow directions given to him by the polygraph  
 19 examiner?  
 20 A. It says, "Did not follow specific directions."  
 21 That's what it says, yes.  
 22 Q. Uh-huh. And it also says that the subject had  
 23 to be dismissed from the laboratory because he wasn't  
 24 complying with the instructions, right?

124

1' retired and gone for a few months.  
 2 Q. Well, you retired in November of '94, right?  
 3 A. I'm sorry. Yes, sir. Sorry. Yes.  
 4 Ask the question again.  
 5 Q. Sure. Does the 10 January '94 date on the  
 6 first page of the unsigned report indicate to you  
 7 anything about the point at which the state's attorney  
 8 began exercising supervision over Freesmeyer?  
 9 MS. EKL: Same objection.  
 10 A. Again, I couldn't answer that question because  
 11 I don't know.  
 12 Q. If I could ask you to turn to page 33 of  
 13 Exhibit 3, please.  
 14 At the bottom of page 33, in the "date and time  
 15 report typed" field, it says "July 1st, '94," right?  
 16 A. July -- 1600, yes.  
 17 Q. And that's a jump ahead in time from the date  
 18 shown on page 32, which is January 10th, '94, right?  
 19 A. Yes, it is.  
 20 Q. Okay. Does that jump in the date strike you as  
 21 odd in any way?  
 22 A. I don't know. You're asking me to speculate.  
 23 I don't know.  
 24 Q. Do you have any idea why that jump in date

1 Investigators kept an open mind until the end of the  
 2 investigation, but I'm wondering whether there was any  
 3 information or evidence that was obtained that made it  
 4 possible for anyone to rule out the possibility of an  
 5 unknown drifter being responsible.  
 6 A. Not that I can recall, no.  
 7 Q. What about a home invader?  
 8 A. Not that I recall, no.  
 9 Q. Do you recall a victimology ever being  
 10 performed in connection with this case?  
 11 A. No, I don't remember that.  
 12 Q. Do you recall any attempt to create a profile  
 13 as part of this case?  
 14 A. No, I don't remember that.  
 15 Q. How certain are you today that Alan Beaman  
 16 killed Jennifer Lockmiller?  
 17 A. I'm not certain at all. I don't know.  
 18 Q. Were you certain that Alan Beaman killed  
 19 Jennifer Lockmiller at any point prior to your  
 20 retirement?  
 21 A. No. I don't think we had all the information  
 22 needed at the time when I left. That was still in  
 23 limbo. They were still working on it. So at the point,  
 24 I didn't know.

1 would occur in the middle of a report?  
 2 A. Wouldn't have the slightest idea.  
 3 Q. Okay. In your opinion, did the investigation  
 4 of the Lockmiller homicide exclude the possibility that  
 5 some unknown drifter was the murderer?  
 6 MR. DICIANNI: Well, let me object to the point  
 7 in time.  
 8 Are you saying from the beginning or -- or when  
 9 they completed the investigation?  
 10 MR. SHAPIRO: Yeah, I'm saying at any point.  
 11 A. Excluded a drifter? No. I -- I think we tried  
 12 to keep an open mind and tried to look at, you know, all  
 13 the evidence that came in and all the information and  
 14 the suspects. We tried to keep an open mind. We didn't  
 15 want to get tunnel vision and focus in on something that  
 16 wasn't there.  
 17 Q. So there's no piece of evidence that you recall  
 18 that would have closed the possibility that the murderer  
 19 was an unknown drifter; is that a fair statement?  
 20 A. Pretty well. I mean, if it was -- it was still  
 21 open to any suspects that looked like, you know, a  
 22 likely responsible person, yeah, then we would have went  
 23 that way, yes.  
 24 Q. And I understand you're saying that the

1 Q. And do you remember any information or leads  
 2 that were still outstanding in the case?  
 3 A. No, I -- I don't.  
 4 Q. Uh-huh. But it was your sense when you retired  
 5 that there were still loose ends in the case?  
 6 A. Still work to be done.  
 7 Q. And that no one could reasonably say with  
 8 certainty that Alan Beaman was the killer, right?  
 9 A. That's true.  
 10 MS. EKL: Objection; foundation.  
 11 A. My opinion at the time is true.  
 12 Q. Was there anything to -- that caused you to  
 13 doubt whether Alan Beaman was the killer?  
 14 A. I think most of the evidence was  
 15 circumstantial. I like physical evidence, and it wasn't  
 16 there. It was all, you know, a time frame. So at the  
 17 time I -- I -- they didn't have it. When I left, they  
 18 didn't.  
 19 Q. When you left, you felt that the case against  
 20 Beaman was -- was weak? Is that a fair statement?  
 21 A. At this point -- I'll put it this way.  
 22 I don't think it was ready to be sent to the  
 23 State yet. I think we needed to work on it some more.  
 24 Q. And that was true in November of '94, when you

1 retired?  
2 A. Yes, sir.  
3 Q. There were a lot of people who were talked to  
4 in this case who said you ought to look at Alan Beaman,  
5 right?  
6 A. I don't know if I'd categorize it that a lot of  
7 people said to look at Alan Beaman. I think the facts  
8 would -- as they were presented at the time and the  
9 conflicts that he had with Jennifer, I think caused us  
10 to look at him a little bit harder than anybody else.  
11 He was a difficult person to talk to, from what  
12 I understand from the officers. They told me he was  
13 very difficult. So that's probably why, one of the  
14 reasons -- I'm sure there's a lot more -- that caused  
15 the officers to focus in on him.  
16 Q. Would it be fair to say that one of the reasons  
17 Beaman was focused on was speculation that was put  
18 forward by some of his classmates, his acquaintances?  
19 A. I don't know. You're asking me to speculate.  
20 I don't know. I just don't know. I don't know how to  
21 answer that question.  
22 Q. When you retired from the Normal Police  
23 Department in November of '94, did you have any concerns  
24 about other suspects who had not yet been fully

181

1 Investigated?  
2 A. Well, I know they were looking other people at  
3 the time. And I felt confident that they were going to  
4 follow up on that. But I don't know what happened once  
5 I left.  
6 Q. Uh-huh. And that process of foreclosing other  
7 suspects, in your mind, had not been accomplished as of  
8 November '94?  
9 A. No. Still had a lot of work to do.  
10 MR. SHAPIRO: I think I'm getting very close to  
11 done, but let's just take a brief break, if that's  
12 all right.  
13 THE WITNESS: That's fine.  
14 THE VIDEOGRAPHER: We're off the video record  
15 at 4:00 p.m.  
16 (Recess from 4:00 p.m. until 4:09 p.m.)  
17 THE VIDEOGRAPHER: We're on the video record at  
18 4:09 p.m.  
19 BY MR. SHAPIRO:  
20 Q. Mr. Zayas, as I'm sure is obvious to you, my  
21 view is that Mr. Beaman is innocent of the murder of  
22 Jennifer Lockmiller and was in prison for over a decade  
23 for -- for something that he -- he didn't do. And  
24 obviously, I've been asking you questions today in

182

1 connection of my representation of Mr. Beaman in that  
2 matter. But since I wasn't present in the  
3 investigation, I don't always know the best questions to  
4 ask.  
5 So I wanted to ask you if there is anything  
6 that -- about the investigation that you think I should  
7 know or you think Mr. Beaman should know that we haven't  
8 covered in our discussion today.  
9 MS. EKL: Objection; form, vague.  
10 MR. DICIANNI: Yeah, I'll object, too.  
11 You can answer.  
12 A. Well, at the time, I think the team worked well  
13 together. I -- I don't think that they were focusing  
14 unjustly on one particular person or another. They were  
15 looking at the evidence as they saw it coming in.  
16 The documentation was done as -- as it was  
17 performed while I was there. The chief was kept  
18 abreast. The State was kept abreast. They worked  
19 closely with us. And to the best of my knowledge, every  
20 piece of paper that was created by us was forwarded to  
21 the State and should have been in the packet for  
22 discovery purposes.  
23 Q. Okay. I want to ask you just a couple of  
24 questions about discipline, and then -- then I should be

183

1 done.  
2 Did you ever have occasion to discipline any of  
3 the officers who were involved in the Lockmiller case?  
4 A. I -- I did not. There was an incident that the  
5 chief, I think, was involved in with Tony Daniels and  
6 Freesmeyer because there was a little conflict between  
7 those two. But I think that's one of the reasons.  
8 There might have been a little rift between those two.  
9 Q. What was the basis of the conflict between  
10 Daniels and Freesmeyer?  
11 A. I think there was a conflict between of  
12 pursuing different pieces of evidence. Tony had his  
13 particular style, Tim had his, and they would clash  
14 against each other.  
15 Q. Did -- did part of the clash involve different  
16 views regarding the strength of the case against  
17 Mr. Beaman?  
18 A. I don't know -- no, I don't know if it was  
19 anything about the strength. I think just their  
20 particular styles. They're two different personalities,  
21 and that was the big conflict with them.  
22 Q. Okay. When you were with the Normal Police  
23 Department, do you -- do you recall any incidents when  
24 you were disciplined?

Report of Crime Scene Analysis

Beaman v. Freesmeyer et al  
Circuit Court #14L51  
Our Case # 1343

I have been retained to provide an independent review and analysis in the death of Jennifer L. Lockmiller.

*My curriculum vita is attached to this report.*

In rendering my analysis I have reviewed the following materials:

- Initial and supplemental reports prepared by members of the Normal Illinois Police Department in their case #C93-4033.
- Illinois State Police Crime Scene Report G93-1500-9-1 by Dean Kennedy.
- Illinois State Crime Lab Report #P93-2654
- Crime scene, evidence, and autopsy photographs
- Autopsy Report from McLean County Coroner.
- Summary of Trial Testimony of Dr. Sharon Schnittker.
- Transcript of Trial Testimony of Dr. Sharon Schnittker.
- Transcript of the testimony of Dean Kennedy.
- Transcript of the deposition of Timothy Freesmeyer.

Methodology

The reconstruction of any crime scene is an attempt to step back in time to understand a chain of events using physical evidence as a base against which later statements and

C05546

130 Hernandez Avenue • San Francisco, CA 94127  
Phone: 415.664.2600 • Fax: 415.704.3200 • Email: forensid@sbcglobal.net

theories are evaluated. In all scene investigations, missing pieces and variables exist giving rise to more than one possible scenario. Each scenario is constrained by the physical evidence giving more weight to some theories and excluding others as improbable or impossible.

#### Description of Scene

The decomposing body of Jennifer Lockmiller was found inside her second floor apartment at 412 Main St. She had been strangled with her alarm clock cord, stabbed multiple times with a pair of scissors, and sexually assaulted as evidenced by her clothing and the position of her body. The bedroom was in disarray. The closet and several of the drawers showed signs of having been searched. A large floor fan had been placed or fallen on the victim's head. The rest of the house was largely undisturbed except for the kitchen where a plastic can had been removed from under the counter and the contents deposited on the living room sofa. Dirty dishes and food items cluttered the kitchen counter top and sink. The victim's purse was sandwiched between two book bags on the kitchen table. The front door had been damaged and repaired from a previous incident. There was no sign of fresh damage around the locks.

#### Analysis

There is a high correlation between the crimes of rape and the crime of burglary. Nearly all forcible rapes that occur between strangers are committed by perpetrators with burglary records. As such, a rapist will exhibit nearly the same habits or *modus operandi* in a rape as he would in a burglary. Many rapes are merely crimes of opportunity where the burglar unexpectedly finds the victim at home. My overall impression of the murder of Jennifer Lockmiller is that it fits this type of crime based on the totality of the following observations.

1. Most residential burglaries occur in the middle of the day when the residents are away at work or at school. In a multi-floor building, the burglar will commonly go to the top floor to avoid interruptions from first floor residents. (Burglars who

prefer window entries will naturally prefer the first floor.) Once on the top floor, he will select the weakest lock to attack. Weakened doors and locks and doors where the deadbolt is either not engaged or has a very short throw are usually attacked using a thin piece of plastic called a "loid" to slip the lock without leaving visible damage to the wood or the metal. It is common that the intruder will ring the doorbell or knock on the door before attempting entry.

2. One of Jennifer Lockmiller's earrings was located on the floor near the front door; the other earring and one of her shoes was found close to the bedroom door. This indicates that the victim was overpowered by a blitz-like attack and driven straight back to the bedroom. This would have required a person of considerable strength and power to maintain complete control over Jennifer up through wrapping the electrical cord around her neck.

3. The position of the body suggests that the perpetrator stood with his back to the twin bed with the victim on her knees in front of him. He then probably forced her backwards and may have raped her before or after plunging the scissors into her chest. That this was a crime of opportunity is evidenced by the fact that the assailant did not bring with him a weapon or materials for controlling his victim.

4. Once the victim was deceased, the perpetrator rummaged through the closet and drawers searching for valuables. At some point, the floor fan fell or was placed on the victim's head. It is not uncommon for a perpetrator to cover the head of his victim while he conducts his search, however, the covering is usually more opaque such as a blanket or pillows.

5. In cases like this, it is important that the investigator consider the possibility that the scene might have been staged by the perpetrator to throw off the investigation. In all cases, a decision that staging occurred must be based on a rigorous evaluation of the physical evidence and not on mere speculation, suspicion, or rumination. Some of the things in this scene that could indicate staging might include inconsistent patterns of livor mortis, drag trails from urine and

other bodily fluids, unnatural lateral bunching of the victim's clothing, positioning of the body in relation to the furniture to suggest intercourse, and a more obvious forced entry and search pattern. None of the features in the Lockmiller scene would lead me to believe it was staged. However, even without evidence of staging, it was not inconsistent that this crime could have been committed by someone known to the victim.

Freesmeyer's opinion that the stab wounds in the victim's chest were postmortem and an expression of emotion and vengeance on the part of the assailant is not only incorrect but would tend to negate the staging theory by pointing right back to someone she knew instead of diverting the investigation away. According to Dr. Schnittker, Jennifer may have still been alive when stabbed and therefore, the perpetrator may have delivered three closely spaced wounds to ensure her death. Emotionally charged stabbings generally have far greater numbers of wounds in a frantic pattern.

6. Other evidence in this scene correlate to burglary. Burglars often seek out containers in the form of suitcases, pillow cases, garbage cans, or garbage bags with which to carry out stolen goods. These containers like the garbage container in Jennifer's kitchen are often left in the middle of the floor if they are not needed.

Burglars commonly eat, drink, or use the bathroom. I could find nothing in the reports to indicate that the items on the kitchen counter were either brought in or processed for latent fingerprints. Most of those items such as the Pepsi bottle would best be processed in the crime laboratory.

It is not known if anything of value was taken from the apartment. There was nothing in the Lockmiller living room that would be irresistible value-wise to a burglar. Jennifer's purse was on the kitchen table but it was sandwiched between her book bags and not plainly visible.

7. It struck me as unusual that the first items booked into evidence were boxes of the victim's letters and personal papers rather than the physical evidence from the crime. It reflected that at the initial stages of this homicide investigation, the

detectives prematurely ruled out the likelihood that this had been a random attack by a stranger. From all of the reports I saw, the focus remained narrow.

8. Finally, even though Beaman was suspected on the first day of the investigation, I saw no attempt to seize and conduct forensic examinations of his clothing and footwear for injuries and trace evidence.

My observations and conclusions are based on the reports and documentation I have reviewed. Please feel free to contact me if you would like to further discuss these observations or if new facts arise that might alter my hypotheses.

### Summary of Qualifications:

Kenneth Moses has over forty years of experience in forensic evidence. He established the Crime Scene Investigations Unit of the San Francisco Police Crime Laboratory in 1983 and was instrumental in the installation of automated fingerprint systems in San Francisco and at the California Department of Justice. His experience includes examination of a wide variety of physical evidence in criminal and civil cases. Over the years, he has worked with attorneys, with local, state, and federal agencies, and with private companies in a number of complex investigations. Mr. Moses holds an interim top-secret security clearance for work with the Office of Military Commissions in crimes involving members of the armed forces. He has been active in national efforts to establish professional standards in forensic science. Mr. Moses currently serves in as Laboratory Director of Forensic Identification Services in San Francisco.

### Education:

- Bachelors Degree in Criminology; University of California, Berkeley, 1969
- Chemistry major, University of San Francisco, 1963-65
- Administrative Advanced Latent Fingerprint School; F.B.I., 1972
- Field Evidence Certification Program; Long Beach State University 1971
- Bloodstain Evidence Institute, Elmira College, N.Y., 1981
- Continuing Education, Bloodstain Evidence, IAL, Milwaukee, 1999, 2009, 2010
- Bayesian Networks in Forensic Science, Dept. of Biostatistics, U. of Washington

### Professional Experience:

- Founder, Forensic Identification Services, 1997
- Qualified panel expert in Crime Scene Analysis—Los Angeles Superior Court
- San Francisco Police Inspector (ret.)
- Supervisor, Crime Scene Investigations, Crime Laboratory, 1980-1997
- Firearms and tool mark examiner, 1972-1982
- Latent print examiner and crime scene investigator, Crime Laboratory, San Francisco Police Department, 1971-1998
  - Investigation of 17,000 crime scenes including approximately 500 homicide scenes

- Court testimony as an expert witness in crime scene investigations, physical evidence, scene reconstruction, blood spatter analysis, shoe and tire impressions, firearms, gunshot residue and fingerprint identification in 750 cases in State and Federal courts

Systems Manager, Automated Fingerprint Identification System, 1983-1997

- Police Officer, San Francisco Police Department, 1970
- High school chemistry and biology teacher, 1967-1969
- Investigator, Alameda County Coroner's Office, 1966-67

#### Additional Professional Activities

- Interim top-secret security clearance for work with the Office of Military Commissions
- International Conference on Forensic Inference and Statistics, 2011
- Instructor in Biometrics, U.C.L.A., 2002-2007
- Instructor in Criminal Identification, Central Intelligence Agency, 2005
- Consultation to The Innocence Projects (numerous)
- Technical Working Group, Mass Fatalities Incidents, Human Identification, National Institute of Justice, 2001
- Project Director, Infant Identification Program, 2001
- Design and implementation of Digital Image Enhancement System for latent prints, 1989
- National Scientific Working Group for Friction Ridge Analysis, Standards, and Training (SWGFAST), 1998
- Design and construction of Fingerprint Processing Laboratory, SFPD Crime Lab, 1983
- Instructor, Bloodstain Evidence Courses (3), 1986-87, San Francisco Police Academy
- Associate Editor, California Identification Digest, 1997-2001
- Firearms and Tool Mark Examiner, San Francisco Police, 1972-1982
- Lecturer in forensic evidence before the following organizations
  - California Appellate Project
  - National Assoc of Criminal Defense Lawyers
  - DePaul University School of Law
  - USF School of Law
  - Golden Gate U School of Law

### The Mayfield Effect

In 2004, fingerprint examiners at the Federal Bureau of Investigation erroneously identified the fingerprint of a Portland attorney, Brendan Mayfield, to a latent print lifted in the bombing of a train in Madrid Spain. Later, Mr. Moses was retained to check the work of the FBI examiners, and he too erroneously identified the print as that of Mayfield.

This was not only an error but also a significant scientific discovery. Never before in history had two prints with so many similar features (15) been found to come from two different persons. The cause of the error was not just the similarity of the features, but also the recent expansion of fingerprint computers to search huge databases across international lines. The larger the database searched, the more likely that increasing numbers of similarities and false positives will be found.

As a direct result of the Mayfield case, numerous international governmental and university studies have been

1 Thereupon:  
 2 MORGAN HARTMAN  
 3 Was called as a witness, and having been  
 4 first duly sworn and responding "I do," was  
 5 examined and testified as follows:  
 6 DIRECT EXAMINATION  
 7 BY MR. SHAPIRO:  
 8 Q Miss Hartman, we just took your  
 9 discovery deposition and you recall that at the  
 10 beginning of the deposition I went through some of  
 11 the rules that accompany giving a deposition?  
 12 A Yes.  
 13 Q Okay. Do you recall those rules or  
 14 should I repeat them?  
 15 A I recall them.  
 16 Q Okay. Thank you.  
 17 And your full name is Morgan Hartman and  
 18 it's spelled H-a-r-t-m-a-n; yes?  
 19 A Yes.  
 20 Q Okay. And in 1993 your name was Morgan  
 21 Keefe?  
 22 A Yes.  
 23 Q And you were a friend of Jennifer  
 24 Lockmiller who was murdered in that year; yes?  
 25 A Yes.

Page 6

1 Q And you were the person who discovered  
2 the body of Jennifer Lockmiller in her apartment;  
3 right?  
4 A Yes.  
5 Q Okay. And when the police were  
6 investigating the Lockmiller homicide, you spoke  
7 with them and were interviewed; yes?  
8 A Yes.  
9 Q Okay. During the summer of 1993 you had  
10 spent the night at Jennifer Lockmiller's apartment  
11 four or five times; right?  
12 A Right.  
13 Q And that gave you, along with being a  
14 close friend of hers, some familiarity with her  
15 habits and how she lived; yes?  
16 A Yes.  
17 Q Okay. And with regard to her apartment,  
18 in your experience was Jennifer Lockmiller  
19 generally a clean and tidy person or a messy  
20 person?  
21 A Clean and tidy.  
22 Q Okay. We marked some exhibits during  
23 the discovery deposition. I believe -- do you  
24 still have those in front of you?  
25 A Yes.

Page 7

1 Q Okay. So a number of those exhibits,  
2 the ones that I mention, we're just going to also  
3 treat as exhibits for the evidence deposition as  
4 well.  
5 Let me first direct your attention to  
6 what was marked as Exhibit 6 and which will also  
7 be Exhibit 6 for purposes of this evidence  
8 deposition.  
9 (The referred-to photograph was marked  
10 Plaintiff's Exhibit 6 for Identification by  
11 the Court Reporter.)  
12 BY MR. SHAPIRO:  
13 Q What does Exhibit 6 show?  
14 A A messy kitchen.  
15 Q Okay. And do you recognize it to be the  
16 kitchen of the apartment that Jennifer Lockmiller  
17 occupied in 1993?  
18 A Yes.  
19 Q Okay. And you'll see that there is a  
20 pot left out on the stove, what appears to be the  
21 lid of the pot next to it on the counter, and some  
22 sort of mess next to the lid on the counter.  
23 Do you see that?  
24 A Yes.  
25 Q Okay. Based on what you knew about

Page 8

1 Jennifer Lockmiller's living habits, would it be  
2 typical for Jennifer to have a pot and a lid and  
3 some mess out in this manner in her apartment?  
4 MR. SHAPIRO: Objection --  
5 THE WITNESS: No.  
6 MS. BEDNAREK: -- to form of the  
7 question.  
8 THE WITNESS: No.  
9 BY MR. SHAPIRO:  
10 Q Okay. So fair to say that what you see  
11 depicted in Exhibit 6 of the pot, the lid and the  
12 substance by the lid wasn't typical of Jennifer  
13 Lockmiller's habits as far as you knew them?  
14 MS. BEDNAREK: Same --  
15 THE WITNESS: Not typical.  
16 MS. BEDNAREK: Same objection.  
17 BY MR. SHAPIRO:  
18 Q Okay. Let me ask you to turn to what  
19 was marked as Exhibit 8 for purposes of the  
20 discovery deposition; and we'll also mark this as  
21 Exhibit 8 for purposes of this evidence  
22 deposition.  
23 (The referred-to photograph was marked  
24 Plaintiff's Exhibit 8 for Identification by  
25 the Court Reporter.)

Page 9

1 BY MR. SHAPIRO:  
2 Q Do you recognize Exhibit 8 to be a  
3 picture from Jennifer -- strike that.  
4 Do you recognize Exhibit 8 to be a  
5 picture from the apartment that Jennifer  
6 Lockmiller occupied in 1993?  
7 A Yes.  
8 Q Okay. And does it depict a portion of  
9 her bedroom that includes a desk?  
10 A Yes.  
11 Q Okay. You'll see that there is a  
12 cooking pot out in the -- on the desk in  
13 Exhibit 8; yes?  
14 A Yes.  
15 Q Is having a cooking pot out on the desk  
16 like that consistent with Jennifer Lockmiller's  
17 habits as you knew them?  
18 A No.  
19 Q Okay. You'll also see in Exhibit 8 that  
20 there's a calendar on the floor of the apartment?  
21 A Yes.  
22 Q Okay. Is having a calendar on the floor  
23 of the apartment as it's shown in the picture  
24 consistent with Jennifer Lockmiller's habits as  
25 you understood them?

C05562 3 (Pages 6 - 9)

Page 10

1 A No.  
2 Q Okay. Thank you.  
3 Let's turn now to Exhibit 9. And,  
4 again, Exhibit 9 was marked as Exhibit 9 in the  
5 discovery deposition. We'll mark it as Exhibit 9  
6 also for this -- for this evidence deposition.  
7 (The referred-to photograph was marked  
8 Plaintiff's Exhibit 9 for Identification by  
9 the Court Reporter.)  
10 BY MR. SHAPIRO:  
11 Q Does Exhibit 9 depict the bunk bed that  
12 was in Jennifer Lockmiller's apartment in 1993?  
13 A Yes.  
14 Q Okay. And you'll notice that on the  
15 bunk bed there are towels, what appears to be a  
16 smallish boom box, what appears to be mouthwash,  
17 and some other items; yes?  
18 A Yes.  
19 Q Okay. Now, during the time that you  
20 would sleep over at Jennifer's apartment, you  
21 would sleep on this bunk; right?  
22 A Yes.  
23 Q Okay. So, obviously, it wasn't typical  
24 for Jennifer to have stuff piled up on the bunk  
25 while you were sleeping there; right?

Page 11

1 MS. BEDNAREK: Objection to form.  
2 THE WITNESS: Not typical.  
3 BY MR. SHAPIRO:  
4 Q Okay. Well, let me just ask. So was it  
5 typical when you were sleeping on the bunk in  
6 Jennifer Lockmiller's apartment for her to have  
7 items piled up on the bunk?  
8 A No.  
9 Q Okay. Aside from the fact that it  
10 wouldn't be typical for these things to be piled  
11 up on the bunk while you were sleeping there, was  
12 it consistent with Jennifer's general habits with  
13 regard to cleanliness and housekeeping to have a  
14 number of items piled up in the bed as they're  
15 shown on Exhibit 9?  
16 A I can't recall. All I can speak to is  
17 the weekends that I was there and it -- there  
18 wasn't stuff piled on the bunk when I was there.  
19 Q Okay. Was -- I mean, was it -- based on  
20 what you knew about how she kept her apartment and  
21 whether she kept it clean, would it be normal for  
22 her to leave out towels and a boom box and  
23 mouthwash on a bunk?  
24 MS. BEDNAREK: Objection to form, calls  
25 for speculation as to what she did during the

Page 12

1 week.  
2 THE WITNESS: I -- yeah, I can't answer  
3 to that.  
4 BY MR. SHAPIRO:  
5 Q Okay.  
6 THE VIDEOGRAPHER: You're okay, but just  
7 don't -- don't because...  
8 BY MR. SHAPIRO:  
9 Q I showed you, and we marked, during the  
10 discovery deposition Exhibits 1, 2, 3 and 4. I  
11 just want to identify and mark them for purposes  
12 of this deposition, too. Would you take out -- do  
13 you have Exhibit 1?  
14 A Yes.  
15 Q Okay. And that will be Exhibit 1 for  
16 purposes of this evidence deposition as well.  
17 (The referred-to document was marked  
18 Plaintiff's Exhibit 1 for Identification by  
19 the Court Reporter.)  
20 BY MR. SHAPIRO:  
21 Q On Exhibit 1 is a true and accurate copy  
22 of a 911 call that you placed to the police after  
23 you discovered Jennifer Lockmiller's body; right?  
24 A Yes.  
25 Q Okay. And let's turn to Exhibit 2,

Page 13

1 please. And we'll mark this as Exhibit 2 for  
2 purposes of the evidence deposition as well.  
3 (The referred-to document was marked  
4 Plaintiff's Exhibit 2 for Identification by  
5 the Court Reporter.)  
6 BY MR. SHAPIRO:  
7 Q Is Exhibit 2 a true and accurate copy of  
8 the first interview that you gave to the police on  
9 August 28th?  
10 A Yes.  
11 Q And August 28th was the same day that  
12 you discovered Miss Lockmiller's body; right?  
13 A Yes.  
14 Q And this interview was given on the same  
15 day as the 911 call?  
16 A Yes.  
17 Q Okay. If you could turn, please, to  
18 Exhibit 3. Exhibit 3 is the -- and we'll mark  
19 this as Exhibit 3 for purposes of the evidence  
20 deposition.  
21 (The referred-to document was marked  
22 Plaintiff's Exhibit 3 for Identification by  
23 the Court Reporter.)  
24 BY MR. SHAPIRO:  
25 Q Exhibit 3 is a true and accurate

Page 14

1 transcript of an interview that you gave with  
2 police on September 10th, 1993; right?  
3 A Yes.  
4 Q Okay. And if we could turn to Exhibits  
5 4 and I think it was 5. Exhibit 4 and 5, please.  
6 A Yes.  
7 Q Exhibit -- and we'll mark Exhibits 4 and  
8 5 as Exhibits 4 and 5 for purposes of the evidence  
9 deposition.  
10 (The referred-to documents were marked  
11 Plaintiff's Exhibits 4 and 5, respectively,  
12 for Identification by the Court Reporter.)  
13 BY MR. SHAPIRO:  
14 Q Exhibits 4 and 5 are copies of testimony  
15 that you gave in the prosecution of Alan Beaman;  
16 right?  
17 A Yes.  
18 Q Okay. At the time that you placed the  
19 911 call, is it accurate to say that you were  
20 extremely shaken and distraught?  
21 A Yes.  
22 Q Okay. And you weren't present at the  
23 time that the murder occurred; right?  
24 A Right.  
25 Q Okay. And did you witness the murder?

Page 15

1 A No.  
2 Q Okay. Do you have any knowledge of who  
3 committed the murder?  
4 A No.  
5 Q And you didn't know Alan Beaman at all  
6 well; right?  
7 A No.  
8 Q You had only met him once or twice?  
9 A Yes.  
10 Q And so when you told the police that you  
11 thought Alan Beaman might have been the murderer  
12 you were guessing; right?  
13 A Right.  
14 MS. BEDNAREK: Objection to form.  
15 THE WITNESS: Yes.  
16 BY MR. SHAPIRO:  
17 Q And Jennifer had told you that she was  
18 afraid of Alan but you didn't consider him  
19 violent?  
20 A No.  
21 Q Is that an accurate statement, that she  
22 was afraid but you didn't consider him violent?  
23 A I was not afraid of him.  
24 Q Okay. And you didn't expect that the  
25 guesses you expressed to the police would carry a

Page 16

1 lot of weight; is that accurate?  
2 MS. BEDNAREK: Objection to form.  
3 THE WITNESS: That is accurate.  
4 BY MR. SHAPIRO:  
5 Q And you didn't think that the statements  
6 you made to the police would carry a lot of weight  
7 in the investigation?  
8 MS. BEDNAREK: Objection to form.  
9 THE WITNESS: As I said earlier, I was  
10 22 and I was in shock, probably some  
11 posttraumatic stress; so I really had no idea  
12 of how this would legally play out.  
13 BY MR. SHAPIRO:  
14 Q And Jennifer had never said that Alan  
15 had ever been violent with her or touched her;  
16 right?  
17 A She --  
18 Q I'm sorry, that was an unclear question.  
19 Did Jennifer ever tell you that Alan had  
20 been physically violent with her?  
21 A No.  
22 Q Okay. And did -- you never saw Alan be  
23 physically violent with Jennifer; right?  
24 A No.  
25 Q Okay.

Page 17

1 A I did not.  
2 Q And -- but there was an occasion in  
3 which Jennifer told you that Alan had broken her  
4 door; is that true?  
5 A Yes.  
6 Q Okay. But you never actually saw that  
7 happen; right?  
8 A Right.  
9 Q Okay. Although you did look at the door  
10 afterwards?  
11 A Yes.  
12 Q Okay. And so when you suggested to the  
13 police that Alan might have been the murderer, is  
14 it accurate to say that it was based on what  
15 Jennifer had told you about him kicking down the  
16 door and Jennifer saying she was afraid of him  
17 even though you didn't personally consider him  
18 violent?  
19 A Please say that again.  
20 Q Sure, sure, sure. I just -- I want to  
21 make sure I understand, you know, all of the --  
22 everything that you were basing it on when you  
23 suggested to the police that Alan might have been  
24 the murderer. One thing you were basing it on was  
25 that Jennifer had told you that he had kicked down

Page 18

1 the door?

2 A Yes.

3 Q Okay. And it was also based on Jennifer

4 saying that she was afraid of Alan even though you

5 didn't personally think he was violent; is that

6 accurate?

7 A I knew that she was afraid of him.

8 Q Okay. But you personally weren't afraid

9 of him?

10 A I personally didn't know him well enough

11 and didn't see enough evidence to think that he

12 was violent, but I heard her say over and over and

13 over again that she was afraid of him.

14 Q Okay. Was your statement to the police

15 that Alan might have committed the murder based on

16 anything else than what we've just discussed?

17 A I was aware that he was possessive and

18 that he had told Jen on one occasion -- I didn't

19 witness this. She told me that he told her on one

20 occasion that he would commit suicide if she broke

21 up with him.

22 Q Okay. Anything else?

23 A Well, she would -- he would call her and

24 call her and would -- it was almost harassing.

25 And I was in the apartment a few times when he

Page 19

1 called and she would just be frustrated; but

2 that's as much as I can remember.

3 Q Okay. And if you told police during the

4 911 call that he was a psycho, that Alan was a

5 psycho, that would be based on the same things

6 that you just told me?

7 A Yes.

8 Q Okay. And it's fair to say that you

9 didn't like Alan?

10 A Yes, it's fair to say that.

11 Q Okay. And you told the police that he

12 was really kind of gross, he was greasy?

13 A Yes.

14 Q Okay. You recall that Jennifer had a

15 former boyfriend whose name was Stacey Gates or

16 Bubba Gates; right?

17 A Yes.

18 Q Okay. And you knew that Jennifer had

19 plans to go and see Stacey Gates in Peoria on

20 August 27th; right?

21 A Yes.

22 Q Okay. And she was going to Peoria for

23 the purpose of seeing him --

24 A Yes.

25 Q -- is what she told you?

Page 20

1 Okay. And in romantic terms, is it

2 accurate to say that Bubba Gates was very much

3 into Jennifer Lockmiller but she wasn't really

4 into him?

5 A True.

6 Q Okay. And you described her attitude

7 toward him as kind of flippant; right?

8 A Yes.

9 Q Okay. And during your interviews with

10 police in the Lockmiller homicide investigation

11 you told them that Jennifer was the queen of

12 scamming drinks off --

13 A Yes.

14 Q -- of guys; right?

15 A Yes.

16 Q Okay. And by that you meant that she

17 would meet guys in bars and she would smile and

18 flip her hair and be flirtatious; right?

19 A Yes.

20 Q Okay. On Saturday, the 21st of August

21 of 1993 you went out drinking with Jennifer

22 Lockmiller and a person named Kelly Hamburg;

23 right?

24 A Yes.

25 Q And Kelly Hamburg was a former boyfriend

Page 21

1 of yours and at the time a close friend?

2 A Yes.

3 Q Okay. And you started off at a bar

4 called Spanky's and were going to head over after

5 that to a bar called The Cellar; correct?

6 A Correct.

7 Q Okay. And at Spanky's there was a

8 stranger that Jennifer met and began speaking

9 with; right?

10 A Yes.

11 Q Okay. And that stranger bought Jennifer

12 four or five drinks?

13 A Yes.

14 Q Okay. And she might have given him her

15 phone number in that interaction as far as you

16 know?

17 A There was a phone number exchanged. I

18 don't know who gave it to who.

19 Q Okay.

20 A This is before the lipstick incident.

21 Q Yes. We'll get to -- we'll get to the

22 lipstick incident in a second; right.

23 And that person who Jennifer met and who

24 bought her four or five drinks at Spanky's had

25 said that he lived in Woodstock, Illinois?

Page 22

1 A Yes.  
2 Q Okay. And when you saw Jennifer on  
3 Tuesday, the 24th, she said that the Woodstock guy  
4 from the bar had called her; right?  
5 A Yes.  
6 Q And you surmised that he had called her  
7 the day before, on Monday, the 23rd?  
8 A Yes.  
9 Q Okay. And is it accurate to say that  
10 Jennifer wasn't into this guy but that he was into  
11 her and pursuing her?  
12 A Yes.  
13 Q Okay. And -- so Monday, the 23rd, that  
14 would have been two days before the murder,  
15 assuming it occurred on Wednesday, the 25th?  
16 A Yes.  
17 Q And you told the police in your  
18 interviews with them about the stranger that  
19 Jennifer had met in the bar and who bought her  
20 drinks and who had called her; right?  
21 A Yes.  
22 Q Okay. Now, after you left Spanky's you  
23 were on the way to another bar called The Cellar?  
24 A Yes.  
25 Q Okay. And there -- strike that.

Page 23

1 And you never made it all the way to The  
2 Cellar?  
3 A Right.  
4 Q On the way to The Cellar you and  
5 Jennifer and Kelly Hamburg ran into a group of  
6 men?  
7 A Yes.  
8 Q And you'd never met these guys before?  
9 A No.  
10 Q And as far as you knew, Jennifer had  
11 never met them before either?  
12 A As far as I know, no.  
13 Q Yeah. And there was some exchange where  
14 a phone number was written on a napkin in lipstick  
15 and passed between Jennifer and the --  
16 A Yes.  
17 Q -- men; right?  
18 A Yes.  
19 Q Okay. And you told the police during  
20 your interviews with them about the encounter with  
21 this group of men on the way from Spanky's to The  
22 Cellar; right?  
23 A Yes.  
24 Q Okay. Oh, and when you spoke with the  
25 police on one occasion, you told them that

Page 24

1 Jennifer just always seemed to have pot; right?  
2 A Yes.  
3 MR. SHAPIRO: Those are all of my  
4 questions.  
5 MS. BEDNAREK: Okay. I do have some.  
6 CROSS-EXAMINATION  
7 BY MS. BEDNAREK:  
8 Q You testified that when you called 911  
9 after you discovered Jennifer's body that you were  
10 shaken and distraught; correct?  
11 A Correct.  
12 Q When you were interviewed by the police  
13 on August 28th, 1993 and September 10th, 1993,  
14 were you still shaken and distraught?  
15 A Yes.  
16 Q Would you describe your -- when --  
17 during your interview, though, would you -- were  
18 you able to speak in a -- what you've previously  
19 described as a sane manner or a reasonable manner?  
20 A Yes, I was -- I was clearheaded. I was  
21 just still shaken, that's all.  
22 Q You testified that you didn't -- that  
23 you did not believe that Alan Beaman was violent  
24 towards Jennifer; correct?  
25 A Not physically.

Page 25

1 Q Or you never -- not physically; correct,  
2 but that he was verbally aggressive towards her;  
3 correct?  
4 A Yes.  
5 Q And you described him as kind of pushy  
6 to the police; right?  
7 A Yes.  
8 Q You were -- one of the reasons that you  
9 believed or you told the police that you believed  
10 the killer may be Alan Beaman was based on an  
11 incident where Jennifer told you that Alan broke  
12 down her door; correct?  
13 A Yes.  
14 Q And you saw the door the same day that  
15 that happened; right?  
16 A Yes.  
17 Q Can you describe for me what the door  
18 looked like?  
19 A It was off the hinges. And I remember  
20 that it didn't shut quite right, so it wasn't in  
21 the jam, so it wouldn't latch. So it was -- she  
22 kind of makeshifted a way to keep it up with a  
23 door and I just remember having to push it to get  
24 in.  
25 Q And when you pushed the door to get in,

C05566 7 (Pages 22 - 25)

Veritext Legal Solutions

800-726-7007

305-376-8800

APPENDIX 001376

Page 26

1 what happened?  
2 A Jen screamed. And I said, "It's okay.  
3 It's just me." And she said -- she was on the  
4 phone in the corner of the living room like kind  
5 of hunkered down and said Alan had been there and  
6 that she was scared and she was on the phone with  
7 one of our friends.  
8 Q You and Jennifer were very good friends;  
9 right?  
10 A Yes.  
11 Q You would -- you considered her one of  
12 your best friends?  
13 A Yes.  
14 Q And you'd known her for at least five  
15 years prior to the date she was murdered; right?  
16 A Yes. Four years.  
17 Q Four years.  
18 A Let's say four years.  
19 Q When you -- if I could direct your  
20 attention to Exhibit Number I, which is the  
21 audio -- or the transcript of the audio from the  
22 911 call.  
23 A Yes.  
24 Q When you called the 911 after you  
25 discovered her body, you told the 911 operator

Page 27

1 that, quote, "She had this psycho ex-boyfriend  
2 that she broke up with. His name is Alan, he went  
3 to Wesleyan and I only met him once and he was  
4 psycho and he used to harass her all the time and  
5 he used to break down her door;" right?  
6 A Yes.  
7 Q Is that an accurate summary of what you  
8 told the 911 operator after you found her body?  
9 A Yes.  
10 Q You were also asked about one of  
11 Jennifer's previous boyfriends, Stacey Gates, or  
12 Bubba Gates as he was also known. Would you  
13 describe him as a nice individual at the time and  
14 that there was nothing odd about him?  
15 A I thought it was odd that he continued  
16 to pursue her when she kept saying she wasn't  
17 interested, but he wasn't pushy or harassing. He  
18 just -- he just really loved her.  
19 Q Now, you were also asked about a number  
20 of times when Jen and you were out at the bars and  
21 Jen would flirt to get drinks from guys; right?  
22 A Yes.  
23 Q Would you describe -- how would you  
24 describe that flirting?  
25 A Benign. Completely benign. And she

Page 28

1 would -- she -- as far as I remember, she would  
2 collect phone numbers and never act on them or  
3 anything. She just liked to flirt. And it was  
4 almost like a game to see how many drinks she  
5 could get.  
6 Q She didn't promise any of the guys  
7 anything; right?  
8 A No.  
9 Q And she -- you didn't see her physically  
10 touch any of the guys that she was flirting with;  
11 right?  
12 A No. I never saw her follow-up with any  
13 of the guys either.  
14 Q The guys that -- with the lipstick  
15 incident and the guy from Woodstock, was there  
16 anything -- I know that you talked to the police  
17 about those incidents and those men. Did you at  
18 any time believe that any of those men had  
19 anything to do with Jennifer's murder?  
20 A No.  
21 Q And you didn't tell the police that  
22 either; right?  
23 A I don't think so, no. I was just  
24 recalling the last night that she and I had gone  
25 out. Because Tuesday night we went to a movie,

Page 29

1 but Saturday night was the last night that we had  
2 been out at the bars.  
3 Q And you were shown a number of  
4 photographs of the inside of Jennifer's apartment;  
5 right?  
6 A Yes.  
7 Q And those were Exhibits 6, 8 and 9 for  
8 the purposes of this video deposition or this  
9 evidence deposition.  
10 You don't -- do you know when these  
11 photographs were taken?  
12 A No.  
13 Q Do you know who took them?  
14 A No.  
15 Q You were asked about Jen's habits as to  
16 how she kept her -- the inside of her apartment,  
17 you know, whether it was clean or not. Can you --  
18 you were there mostly on the weekends; right?  
19 A Um-hmm.  
20 Q Yes?  
21 A Yes.  
22 Q So are you able to speak to how she kept  
23 the inside of her apartment during the week?  
24 A No. And when I was there, nothing  
25 seemed unusual for a college student; I will say

8.(Pages 26 - 29)

C05567

Page 30

1 that.

2 Q Sometimes college students are messy?

3 A Yeah.

4 MR. SHAPIRO: I'm sorry, I'm going to

5 object to that last question.

6 MS. BEDNAREK: They are.

7 BY MS. BEDNAREK:

8 Q And I apologize. I don't know whether

9 you actually testified to this earlier, but you

10 told the police in your interviews with them that

11 you believed that Jennifer was afraid of Alan

12 Beaman; right?

13 A Yes.

14 MS. BEDNAREK: Give me one second.

15 I have nothing further.

16 MR. SHAPIRO: I just have a couple of

17 quick questions.

18 REDIRECT EXAMINATION

19 BY MR. SHAPIRO:

20 Q In response to questions from

21 Miss Bednarek you said that for Jen scamming

22 drinks from a guy was kind of a game, how many

23 drinks could she get, how many numbers could she

24 get; right?

25 A I know -- not numbers.

Page 31

1 Q Oh, drinks. Okay.

2 A Just drinks.

3 Q Drinks. It was sort of a game, how many

4 drinks she could get?

5 A Um-hmm.

6 Q And sometimes she would take numbers,

7 but she wouldn't give her number out?

8 A I can't remember her giving her number

9 out as a regular thing. Maybe she did once or

10 twice, but I don't remember.

11 Q When you went out with Jennifer and

12 Kelly Hamburg on August 23rd, two days before the

13 murder, you recall testifying that she met a guy

14 from Woodstock at Spanky's; right?

15 A On the 21st, yes.

16 Q Oh, I'm sorry, on the --

17 A Yes.

18 Q You're right, the 21st. 21st.

19 A Yes.

20 Q And she reported to you that that guy

21 had called her and you surmised that that was on

22 Monday, the 23rd, that he called her?

23 A Yes.

24 Q Okay. Did Jennifer explain to you how

25 the guy from Woodstock got her number such that

Page 32

1 she was -- such that he was able to call her?

2 A No.

3 Q Okay.

4 MR. SHAPIRO: Thank you. That's all I

5 have.

6 MS. BEDNAREK: I have nothing further.

7 THE VIDEOGRAPHER: The time is 12:14.

8 Deposition concluded. Off the record.

9 (Witness excused.)

10 (Thereupon, at 12:14 o'clock p.m. the

11 deposition was concluded.)

12 DEPO OF: Morgan Hartman

13 TAKEN: September 24, 2015

14 READ & SIGN BY: October 25, 2015

15 Dear Counsel,

16 The original transcript of the deposition  
17 listed above is enclosed for your file. The  
18 witness did not waive reading and signing and has  
19 been sent a letter notifying them to come and read  
20 and sign their deposition transcript.

21 The witness will be provided a copy of their  
22 deposition transcript for reading in our office  
23 should they come in to review the transcript, and  
24 we will forward to you any corrections made by the  
25 witness at that time, along with an original  
signature page which should be attached to the  
original transcript which is in your possession.

Sincerely,

CAROL ANN KRIDOS, RPR

	)	
Defendants.	)	

The videotaped deposition of JOHN BROWN taken in the above-entitled cause, before LISA K. HAHN, CSR, RMR, on the 19th day of December, 2012, at the Bloomington-Normal Marriott Hotel and Conference Center, 201 Broadway Street, Normal, Illinois, pursuant to Notice at the hour of 10:05 a.m.

Reported by: Lisa K. Hahn, CSR, RMR

License No. 084-002149

1 Q. Was it before Alan Beaman was charged?

2 A. Yes.

3 Q. Okay. Was it still in 1993, that fall you  
4 started working on the investigation?

5 A. I couldn't be sure.

6 Q. Okay. And do you remember if it was before all  
7 the body wires occurred with Freesmeyer and Alan?

8 MS. BARTON. Object to form.

9 A. I don't recall.

10 Q. Do you know what Daniels' role in the  
11 investigation was after he was no longer lead  
12 investigator?

13 MS. BARTON. I'll object to form.

14 A. I believe he was still investigator.

15 Q. On the case.

16 A. Yes.

17 Q. But he had a less substantive role afterwards?

18 MS. BARTON. Objection to foundation.

19 A. I believe so.

20 Q. When you say that Freesmeyer was the lead  
21 investigator, what does that mean?

22 MS. BARTON. I'll object to foundation.

23 A. He would be the one that would have reported to  
24 the superior on the case, to his Lieutenant on the case.

113

1 He would probably make more of the decisions about the  
2 direction of the case.

3 Q. Would he have more responsibility than others  
4 for the case?

5 MS. BARTON: Objection to foundation.

6 MR. DiCIANNI: I'll object. Speculation;  
7 foundation.

8 A. Yes.

9 Q. Okay. And would he receive the most credit for  
10 solving the case?

11 MS. BARTON: Objection to form; foundation.

12 MR. DiCIANNI: Objection.

13 A. Probably.

14 Q. And if this case were not solved, would he  
15 receive the most blame?

16 MS. BARTON: Same objection.

17 MR. DiCIANNI: Same objection.

18 A. Yes.

19 MS. BARTON: Can we take a short break? Just a  
20 few minutes.

21 MS. VAN BRUNT: Yeah, we'll take a break.

22 VIDEOGRAPHER KOSBERG: Off the record at 12:19.

23 (A brief recess was taken.)

24 Back on the record, 12:32.

No. 42	296
No. 43	298
Nos. 44 through 47	301

Exhibit Nos. 1 through 41 were retained by Counsel.

1 THE VIDEOGRAPHER: This is the video  
2 deposition of Timothy Freesmeyer taken by Roderick  
3 MacArthur Justice Center in the matter of Beaman v.  
4 Souk, et al., Case No. 10-CV-1019 held in the Chateau  
5 Hotel and Conference Center, 1601 Jumer Drive,  
6 Bloomington, Illinois. Today is December 7, 2012  
7 {sic}. The time is 10 o'clock.

8 The court reporter is Christine Luciano. The  
9 videographer is Rick Kosberg. If counsel can now  
10 introduce themselves, and the court reporter is free  
11 to administer the oath.

12 MR. SHAPIRO: David Shapiro for the plaintiff  
13 Alan Beaman.

14 MS. VAN BRUNT: Alexa Van Brunt for the  
15 plaintiff Alan Beaman.

16 MR. BOWMAN: Locke Bowman for Mr. Beaman.

17 MS. BARTON: Elizabeth Barton for McLean  
18 County, Reynard, Souk, and Brown.

19 MR. DiCIANNI: Thomas DiCianni for the Town  
20 of Normal defendants including Mr. Freesmeyer.

21 (Witness duly sworn.)

22 TIMOTHY JOHN FREESMEYER,  
23 called as a witness herein, having been first duly  
24 sworn, was examined and testified as follows:

5

1

DIRECT EXAMINATION

2 BY MR. SHAPIRO:

3 Q. All right. Please state your name, sir.

4 A. Timothy John Freesmeyer.

5 Q. Mr. Freesmeyer, you were deposed by my  
6 colleague, Mr. Urdangen, in 2004, correct?

7 A. Yes.

8 Q. And that was the first time you had given a  
9 deposition such as this one today?

10 A. Yes.

11 Q. Have you given a deposition since then?

12 A. No.

13 Q. Okay. Sir, you're somewhat familiar with  
14 the rules of the road based on -- based on that  
15 deposition, but just I'll few -- go through a few  
16 through of them quickly.

17 It's important when I'm asking a question  
18 that you wait for me to finish. You may know what  
19 the question is going to be before I finish, but for  
20 the sake of having a clear record, it's important  
21 that you wait until my question is finished. Will  
22 you try to do that?

23 A. Yes, sir.

24 Q. And relatedly it's important that we try not  
6

1 to talk over each other, okay?

2 A. Yes.

3 Q. And we also -- it's also important that you  
4 answer my question audibly, yes or no where possible.  
5 No uh-huhs or uh-uhs or nods or shakes of the head.  
6 Will you try to do that as well?

7 A. Yes.

8 Q. Okay. And if I ask a question and you don't  
9 understand it, just tell me that you don't understand  
10 it, okay?

11 A. Yes.

12 Q. And if you answer a question, I'll assume  
13 that you understood it, okay?

14 A. Yes.

15 Q. Are you under a doctor's care for any  
16 illness that would interfere with your ability to  
17 testify today?

18 A. No.

19 Q. Are you taking any medication that would  
20 affect your ability to testify?

21 A. No.

22 Q. Is there any reason whatsoever that you  
23 can't give accurate and truthful testimony today?

24 A. No.

7

1 Q. And you understand that you're testifying  
2 today under oath and under penalty of perjury just as  
3 if you were testifying in court?

4 A. Yes.

5 Q. Begin by asking you some questions about  
6 your preparation for today's deposition. What did  
7 you do to prepare for your deposition today?

8 A. I spoke with my attorney. I also reviewed  
9 numerous court documents and also police reports.

10 Q. What court documents did you review?

11 A. I've reviewed my grand jury testimony, my  
12 courtroom testimony in the trial, my posttrial  
13 testimony, my deposition. I believe that's all.

14 Q. Okay. And what police reports did you  
15 review?

16 A. My main police report that I wrote, the  
17 overview -- or the taped overviews or conversations  
18 between Mr. Beaman and Mr. Swain, between Mr. Beaman  
19 and myself.

20 Q. Other than what you mentioned already, are  
21 there any other documents that you reviewed to  
22 prepare yourself today?

23 A. There were some other assorted documents in  
24 the binders that were sent to me such as police

8

1 reports and such.

2 Q. When you say and such, what other documents  
3 are you referring to?

4 A. There was some statements that were taken  
5 from previous owners of Mr. Beaman's Escort, there  
6 were some evidence returns from the crime lab, there  
7 were some -- short list of phone records. I didn't  
8 look deeply at the phone records that were contained  
9 in the binder.

10 Q. Okay. Are there any other documents you  
11 reviewed beyond the ones that you've mentioned so  
12 far?

13 A. Only what was in the binders that were sent  
14 to me by my attorney.

15 Q. And you've stated all the contents of the  
16 binders as you remember them, correct?

17 A. I've stated the majority of them. If you  
18 wanted me to --

19 Q. Just any others that you remember, just tell  
20 me.

21 A. I've given you the ones that stick out in my  
22 mind, sir.

23 Q. Are there any others you remember?

24 A. My police report; the overhears; there was a  
9

1 interview with the Sparhawks; there were a couple of  
2 interviews, I believe. But I may have -- be  
3 confusing those with things that I documented in my  
4 police report. There was a lot to read. I think  
5 I've covered the majority of what I've reviewed.

6 Q. And there are -- you don't remember anything  
7 else that you haven't covered; is that correct?

8 A. Yes.

9 Q. Okay. Did those documents that you reviewed  
10 refresh your recollection as to the facts as to the  
11 Lockmiller homicide and prosecution?

12 A. Yes.

13 Q. Were there particular documents among those  
14 that you mentioned that you focused on?

15 A. Yes.

16 Q. Which were those?

17 A. My main police report, my courtroom  
18 testimony, my grand jury testimony, my deposition  
19 testimony.

20 Q. Let's start with your police report. Were  
21 there particular portions of your police report that  
22 you read with particular care? I'm sorry. Strike  
23 that.

24 When you reviewed your police report, did

10

1 you read it word for word?

2 A. Yes, sir, I did.

3 Q. And were there particular parts that you  
4 focused on with particular care when you were reading  
5 it?

6 A. No.

7 Q. What about your courtroom testimony, did you  
8 focus on any particular portions of that?

9 A. No.

10 Q. What about with regard to your grand jury  
11 testimony, any particular portions of that that you  
12 paid more attention to than less?

13 A. No.

14 Q. Any portions that you skimmed over?

15 A. No.

16 Q. With regard to your deposition testimony,  
17 were there any portions that you skimmed over?

18 A. No.

19 Q. Any portions that you reviewed with greater  
20 care than others?

21 A. No.

22 Q. Other than your attorney, did you meet with  
23 anyone else in preparation for today's deposition?

24 A. No.

11

1 Q. Did you discuss your testimony today with  
2 anyone other than your attorney?

3 A. No.

4 Q. Have you discussed your testimony today with  
5 anyone else who was involved in the Lockmiller  
6 investigation?

7 A. No.

8 Q. When's the last time you had a conversation  
9 with James Souk?

10 A. I believe it was shortly after the last  
11 hearing that was held in the courtroom in McLean  
12 County.

13 Q. Which hearing was that?

14 A. It might have been 2004 or 2005. It was  
15 when Mr. Urdangen was questioning me on the stand.

16 Q. Are you referring to the post-conviction  
17 hearing --

18 A. Yes.

19 Q. -- in which you testified?

20 A. Yes, sir.

21 Q. So you spoke to -- you recall speaking to  
22 Mr. Souk at that hearing?

23 A. I spoke with him, yes.

24 Q. What did you talk about?

12

1 A. Just caught up on how his family was doing,  
2 how his wife was. I believe she was going through  
3 some medical problems at that time. He asked me what  
4 I was doing, where I was living.

5 Q. Did you have any discussion concerning  
6 Alan Beaman or the Lockmiller homicide investigation?

7 A. No, there was -- it may have been  
8 superficial comments over are you okay with what's  
9 happening; but it was nothing in detail of the case.

10 Q. What are the superficial comments that you  
11 remember?

12 A. I don't remember any superficial comments.  
13 I said there may have been --

14 Q. Do you remember --

15 A. -- but I don't remember.

16 Q. Do you remember anything that he said  
17 related to the Lockmiller homicide investigation or  
18 Alan Beaman?

19 A. No, I do not.

20 Q. Did Mr. Souk call you at any time  
21 subsequent -- strike that.

22 Did you have any phone conversations with  
23 Mr. Souk at any time subsequent to that pro -- to  
24 that post-conviction hearing you were just

13

1 describing?

2 A. I remember Jim Souk leaving a message on my  
3 answering machine that Alan Beaman had been released.  
4 That was the last phone conversation I remember  
5 having with Mr. Souk.

6 Q. And did you call him back?

7 A. I believe I did.

8 Q. And did you have a conversation with him  
9 then?

10 A. I don't have an independent recollection of  
11 that, sir.

12 Q. You don't have an independent recollection.  
13 Is there some document that refreshed your  
14 recollection -- when you say -- strike -- when you  
15 say you don't have an independent recollection, it  
16 implies that there may be some source of a  
17 recollection. Do you have any remembrance of what  
18 happened --

19 A. No.

20 Q. -- during that conversation?

21 MR. DiCIANNI: Object to the form of the  
22 question.

23 BY MR. SHAPIRO:

24 Q. That was a no, right?

14

1 A. That's a no.

2 Q. Okay.

3 A. I have no documents or notes about that.

4 Q. Mr. Souk call you when this case was filed?

5 A. No.

6 Q. He did not?

7 A. No.

8 Q. Have you spoken to any of Mr. Souk's lawyers  
9 representing him in this case?

10 A. No.

11 Q. How would you characterize the state of your  
12 recollection with regard to the investigation of the  
13 Lockmiller homicide?

14 A. It's been 19 years, sir. Major things in  
15 the investigation are still in my mind, but much of  
16 the details have faded.

17 Q. So there's a lot that you don't remember  
18 about that investigation; is that correct?

19 A. Yes, sir.

20 Q. Ask you a few questions about your  
21 employment history. Prior to joining the Normal  
22 Police Department, you were a correctional officer;  
23 is that correct?

24 A. Yes, sir.

15

1 Q. Okay. And what positions did you hold as a  
2 correctional officer?

3 A. I started as a correctional service officer  
4 with the State of Arizona and the Arizona Department  
5 of Corrections. I held that position for roughly  
6 eight months, moved back to Illinois, and was hired I  
7 believe in the end of 1988 by the Champaign County  
8 Sheriff's Office and worked as a correctional  
9 service officer -- sorry, deputy sheriff correctional  
10 officer I believe was the official title and worked  
11 in the county jail for a period of 12 to 14 months, I  
12 believe, before being hired on the force.

13 Q. And when you joined the Normal Police  
14 Department, that was the first time that you were  
15 employed as a police officer; is that correct?

16 A. Yes, sir.

17 Q. And when was that?

18 A. March 12 of 1990.

19 Q. What was your position when you joined?

20 A. Police officer.

21 Q. And the next position that you held was  
22 detective; is that right?

23 A. Yes, sir.

24 Q. When did that occur?

16

1 A. My memory serves, approximately 11 months  
2 after I graduated from PTI and started on the street.

3 Q. And how old were you approximately when you  
4 became a detective?

5 A. 23, 24 years old.

6 Q. And when you were -- when you became a  
7 detective, that was a promotion from being a police  
8 officer; is that correct?

9 A. It was a different job position. There was  
10 no increase in pay. There was no increase in rank.  
11 It was just a different job function.

12 Q. Was there an increase in prestige and  
13 desirability of the position?

14 A. Not necessarily, sir.

15 Q. Did you apply for the position?

16 A. No, I did not.

17 Q. Did you want the position?

18 A. I was approached by the assistant chief  
19 asking if I would move back into the detective  
20 division.

21 Q. And after serving as a detective, you were  
22 later promoted to detective sergeant; is that right?

23 A. There was no rank of detective sergeant. It  
24 was just sergeant.

17

1 Q. There's no rank of detective sergeant?

2 A. No. There was no distinguishment at the  
3 time in the Normal Police Department as a patrol  
4 sergeant or a detective sergeant. It was just simply  
5 police officer, sergeant, lieutenant, captain,  
6 assistant chief, chief.

7 Q. So the term "detective sergeant" would be  
8 sort of a nonexistent title?

9 A. Correct.

10 Q. When you were promoted to sergeant, did you  
11 have supervisory responsibility over the detectives?

12 A. Not at first, no.

13 Q. When -- when was it that you acquired  
14 supervisory responsibility over the detectives?

15 A. Upon Frank Zayas's retirement.

16 Q. When was that?

17 A. I believe it was around November of 1994.

18 Q. All right. What -- what position did you  
19 hold after being the sergeant with supervisory  
20 responsibilities over the detectives?

21 A. I had supervisory responsibility from  
22 November until the end of December. And at that  
23 point, I was moved to the State's Attorney's Office  
24 to begin prepping for this trial -- excuse me, for

18

1 the original trial.

2 Q. That's November to December of 1994 you were  
3 moved to the State's Attorney's Office?

4 A. It would have been around January 1 of 1995  
5 that I was moved to the State's Attorney's Office.

6 Q. How long were you at the --

7 MR. BOWMAN: What year was that, January of  
8 '95?

9 THE WITNESS: Yes, sir.

10 BY MR. SHAPIRO:

11 Q. How long were you at the State's Attorney's  
12 Office?

13 A. From January 1, I believe, around that time,  
14 up until the trial concluded.

15 Q. And at that point, you moved your office  
16 back to the Normal Police Department?

17 A. No, sir. Upon the end of the trial -- I  
18 believe the trial ended towards the end of the week  
19 on a Friday or a Saturday. The following day, I went  
20 to Northwestern University and was enrolled in the  
21 School of Police Staff and Command, spent the next 10  
22 weeks living in the Omni Orrington Hotel at the  
23 School of Police Staff and Command.

24 Q. During that period, you were still employed  
19

1 by the Normal Police Department; is that correct?

2 A. Yes.

3 Q. Okay. After those 10 weeks at Northwestern,  
4 did you return to your office in the Normal Police  
5 Department?

6 A. I returned back as a sergeant on the patrol  
7 shift on the midnight shift, I believe.

8 Q. What were your responsibilities as sergeant  
9 on the midnight shift?

10 A. I was responsible for the shift, supervising  
11 the shift officers, approving reports, basically  
12 overseeing the patrol force on the midnight shift.

13 Q. In that capacity, were you a detective?

14 A. No, sir.

15 Q. Did you have supervisory responsibilities  
16 over detectives?

17 A. No, sir.

18 Q. Would it be accurate to say that after the  
19 Beaman investigation, you never had responsibilities  
20 as a detective again?

21 A. Yes, that's correct.

22 Q. And you never had supervisory  
23 responsibilities over other detectives after the  
24 Beaman investigation?

20

1 A. Correct.

2 Q. How long did you serve in that position of  
3 sergeant on the midnight shift?

4 A. Would have been a period of approximately  
5 three to four years.

6 Just prior to leaving the department, I did  
7 a few tours on day shift as the day shift supervisor.  
8 So I believe three to four years I spent on  
9 midnights.

10 Q. Uh-huh. And when did you -- when did you  
11 leave the Normal Police Department?

12 A. I left, I believe it was, August of 1990.  
13 I'm sorry. August of 2000.

14 Q. Okay. What position did you assume after  
15 leaving the Normal Police Department?

16 A. I was hired by Northwestern University as a  
17 junior faculty member, and I took over as the  
18 director of the management training division for the  
19 Center For Public Safety at Northwestern University.

20 Q. Did your responsibilities at Northwestern  
21 include teaching in the traffic school in any way?

22 A. Well, the center had changed names from  
23 Traffic Institute to the Center For Public Safety. I  
24 was not teaching in the traffic courses per se. I

21

1 was -- my entire focus was in the management training  
2 division, primarily the School of Police Staff and  
3 Command, the executive management program, and the  
4 staff supervision program.

5 Q. What were your responsibilities in that  
6 position?

7 A. I was the director of that division, so I  
8 was responsible for setting up courses across the  
9 country, hiring faculty, overseeing the curriculum,  
10 reviewing and evaluating faculty; basically  
11 everything to do with the School of Police Staff and  
12 Command, the executive management program, and the  
13 staff supervision program.

14 Q. Did your responsibilities include writing  
15 curricula?

16 A. Most of our curricula was written by the  
17 content experts in that particular area. It would be  
18 more fair to say that I reviewed curriculum rather  
19 than to write the curriculum. I'm not an expert in  
20 all areas of that program.

21 Q. Would it be fair to say you reviewed an  
22 edited curriculum or would that be inaccurate?

23 A. I reviewed and edited my own topics that I  
24 taught, which was resource allocation and staff

22

1 scheduling and computers for law enforcement. The  
2 other curriculum the adjunct instructors were  
3 responsible for editing and correcting their  
4 material.

5 Q. How long were you in that position at  
6 Northwestern?

7 A. For one year, sir.

8 Q. What were the circumstances of your  
9 departure?

10 A. I was traveling extensively. I was on the  
11 road an average of roughly three weeks out of every  
12 month. My children were young at the time. I was  
13 driving 40 miles to work and 40 miles back, which was  
14 a two-hour commute, roughly.

15 There was a particular day when I came home  
16 from a trip on a Friday afternoon, walked into the  
17 house, and my four-year-old son addressed me as  
18 Uncle Tim as opposed to dad, and I realized that I  
19 was losing touch with my family.

20 So after church on that Sunday, I asked my  
21 wife if she was happy in Chicago. She said no. She  
22 asked if I was happy. I said no. We immediately  
23 made a life change and moved to Macomb, Illinois  
24 where we could have time with our family while they

23

1 were young.

2 Q. While you were at Northwestern, were you  
3 ever criticized in any way for your writing  
4 curricula?

5 A. No, sir. I was actually praised for putting  
6 all the curriculum onto CD which saved the institute  
7 a large amount of money in printing costs.

8 Q. And was your departure purely voluntary?

9 A. Yes, it was.

10 Q. What position did you hold after your  
11 departure from Northwestern?

12 A. When I left Northwestern, I was hired from  
13 Wes -- by Western Illinois University. I was hired  
14 as a coordinator for -- I can't remember the exact  
15 title, sir.

16 But there was a training lab that trained  
17 faculty on how to use technology. It was an  
18 instructional services lab. I was hired in two  
19 roles; one, to supervise that instructional services  
20 lab and to be the conduit between the faculty and the  
21 technologists, and the second role was to oversee the  
22 technology that was being infused throughout the  
23 college of education. So I was responsible for their  
24 blackboard system. I was responsible for their user

24

1 services and support which supported their computer  
2 systems. So I supervised a number of people.

3 Q. Okay. And let me just say when -- in the  
4 interest of time and getting through today  
5 efficiently, you know, when I ask a question about --  
6 just what was your position, if -- you know, if I  
7 want you to elaborate, I'll just ask you to do so.  
8 But if you could try to answer my questions as  
9 directly as possible, I'd appreciate that.

10 A. Yes, sir. I'm sorry.

11 Q. When was the time that you assumed the  
12 position that you were just describing?

13 A. I believe it was around September of 2001  
14 that I started with Western Illinois University.

15 Q. And when did you depart that position?

16 A. July 7 of 2004.

17 Q. What position did you assume after that?

18 A. I started my own corporation at that point.  
19 I was teaching for the International Association of  
20 Chiefs of Police, so I was working for them as  
21 adjunct when --

22 Q. Was that Addeco Solutions that you're  
23 referring to?

24 A. Yes, it is.

25

1 Q. Okay. And is that -- that's a position that  
2 you continue to hold today, correct?

3 A. Yes, sir.

4 Q. Okay. All right. I want to ask you some  
5 questions about how the police department files  
6 pertaining to the Lockmiller murder investigation  
7 were maintained at the time.

8 Could you begin by please describing how the  
9 file related to the Lockmiller case was maintained  
10 and organized.

11 A. I don't know how everything was maintained  
12 beyond the control that I had, sir. My documents  
13 were submitted to my supervisor. What he did with  
14 those, I don't know exactly.

15 Q. You became the lead investigator in the case  
16 in October or November of 1993, correct?

17 A. I became the primary investigator in the  
18 case, yes, around October to November of '94.

19 Q. Of '94?

20 A. Yes.

21 Q. As the primary investigator in the case --

22 A. I'm sorry, sir. Let me back up.

23 Q. Yeah.

24 A. The arrest was in May of '94 -- May of

26

1 '94 -- let me say that I was taking more of a lead  
2 role in October-November of '93. I told you '94 a  
3 moment ago.

4 Q. Uh-huh..

5 A. I was taking more of a lead role in October  
6 or November of '94.

7 At that point, however, Frank Zayas was  
8 still the lieutenant in charge, so the case was  
9 ultimately run by him; but I was taking more of a  
10 lead in the case.

11 MR. DiCIANNI: Let me just clarify. You just  
12 said '94 again. Did you mean to say '93?

13 THE WITNESS: I meant to say '93.

14 BY MR. SHAPIRO:

15 Q. All right. So as of October or November of  
16 1993, you began to take more responsibility in the  
17 case; is that correct?

18 A. Yes, that's correct.

19 Q. Okay. And at that time, you were reporting  
20 to Zayas as a supervisor; is that correct?

21 A. Yes.

22 Q. And then in October or November of 1994,  
23 Zayas ceased to be a supervisor?

24 A. Say that again, sir.

27

1 Q. When did it cease to be the case that you  
2 were being supervised by Lieutenant Zayas?

3 A. When he retired.

4 Q. And when was that again?

5 A. I believe it was November of 1994.

6 Q. Okay. So let's talk about the period  
7 between October or November of 1993 and October or  
8 November of 1990 -- I'm sorry.

9 Was it October or November of 1994 that you  
10 said Zayas retired? Did I mishear you?

11 A. Yes, sir, that's correct.

12 Q. Okay. So let's talk about that period  
13 between October or November of 1993 and October or  
14 November of 1994.

15 Is it fair to say that during that period,  
16 even though you were supervised by Zayas, you were  
17 the primary investigator on the case?

18 A. I don't know how much other people were  
19 doing in the background being directed by  
20 Frank Zayas, but I know that I took over the main  
21 interviewing process with Alan Beaman and the main  
22 contacts with Alan Beaman.

23 Q. Was there any other investigator besides  
24 Zayas on the team who was your superior as of

28

1 October-November of '93?

2 A. There were other detectives who had more  
3 seniority than I, but they were not my supervisor.

4 Q. So are you denying, Mr. Freesmeyer, that in  
5 October or November of 1993 you became the lead  
6 investigator in this case?

7 MR. DiCIANNI: I'm going to object to the  
8 form of the question.

9 Go ahead and answer.

10 THE WITNESS: It depends on how you choose to  
11 define lead investigator --

12 BY MR. SHAPIRO:

13 Q. How would you define lead investigator?

14 A. Lead investigator is the person who's taking  
15 the primary role in the investigation. However,  
16 since I was not supervising the case, I can't tell  
17 you what the other investigators were doing. I know  
18 that my role became heavier when I took on the  
19 relationship with Mr. Beaman and the investigation of  
20 Mr. Beaman.

21 Q. So you're saying that even when you became  
22 the primary investigator in the case, you had no idea  
23 what the other detectives were doing in the case; is  
24 that what you're saying?

29

1           A.    I'm not saying I had no idea.  I'm saying  
2    I -- I'm not totally aware of everything that was  
3    being done by everybody else on the case.

4           Q.    Were you working full-time on this case as  
5    of October or November of 1993?

6           A.    I don't believe I was full-time on it.  I  
7    believe there were other cases that I was also  
8    working.

9           Q.    Was there any point at which you were  
10   working full time on this case?

11          A.    Yes, in January of 1995, when I moved to the  
12   State's Attorney's Office.

13          Q.    In October or November of 1993, what  
14   proportion of your time would you say was devoted to  
15   the Lockmiller homicide investigation?

16          A.    I'm speculating 50 to 60 percent of my time,  
17   sir.

18          Q.    What about in December of 1993?

19          A.    I don't know.

20          Q.    Was there anyone besides you who was  
21   spending more time on the Lockmiller homicide  
22   investigator -- investigation?

23          A.    I can't answer that question, sir.  I don't  
24   know what the other detectives were doing.

30

1 Q. You had no idea what the other detectives  
2 were doing with their time; is that correct?

3 MR. DiCIANNI: Objection, characterization of  
4 his -- of that.

5 BY MR. SHAPIRO:

6 Q. It's a question. Did you have any idea what  
7 the other detectives were doing with their time?

8 MR. DiCIANNI: Asked and answered.

9 THE WITNESS: No, sir.

10 BY MR. SHAPIRO:

11 Q. You didn't talk with the other detectives  
12 about what they were doing?

13 A. Sir, I was in a separate room than the other  
14 detectives. I operated out of the juvenile office  
15 where Detective John Belcher and I were stationed.  
16 John Belcher was our vice narcotics guy. The other  
17 detectives were in a separate office in the  
18 detectives' office.

19 Q. So if others in this case testified that you  
20 were the primary investigator in October or November  
21 of 1993, you would disagree with that  
22 characterization?

23 MR. DiCIANNI: Objection, form of the  
24 question.

31

1 MS. BARTON: I'll join the objection.

2 THE WITNESS: Could you repeat the question,  
3 sir?

4 BY MR. SHAPIRO:

5 Q. Uh-huh. If others on the investigation were  
6 to characterize you as the lead investigator  
7 beginning in October or November of 1993, would you  
8 disagree with that characterization?

9 MR. DiCIANNI: Same objection.

10 MS. BARTON: Same objection.

11 THE WITNESS: That would be their opinion,  
12 sir.

13 BY MR. SHAPIRO:

14 Q. I'm asking whether you'd agree with that or  
15 not?

16 A. No.

17 Q. Okay. So is it your testimony,  
18 Mr. Freesmeyer, that there was no lead investigator  
19 in October-November 1993?

20 A. No, that is not my testimony.

21 Q. And that's because Zayas was supervising,  
22 correct?

23 A. That's correct. Lieutenant Zayas was in  
24 charge of the detective division, and he had ultimate

32

1 responsibility for that case.

2 Q. Was it ordinarily the case when -- that  
3 there would be a lead or primary detective on a  
4 particular investigation?

5 A. Would you repeat the question?

6 Q. Sure. When cases were staffed -- not  
7 talking about just the Lockmiller case, I'm talking  
8 about general practices -- was it ordinarily the case  
9 that there would be a lead or primary detective  
10 assigned to each case?

11 A. That occurred.

12 Q. And it's your testimony that it did not  
13 occur in the Lockmiller investigation?

14 MR. DiCIANNI: I object.

15 THE WITNESS: No, sir.

16 BY MR. SHAPIRO:

17 Q. Why do you disagree with that with respect  
18 to the Lockmiller investigation, because of Zayas?

19 MR. DiCIANNI: Objection. Agree with dis --  
20 agree with what or disagree with what? You said why  
21 do you disagree with that.

22 BY MR. SHAPIRO:

23 Q. You disagreed with the characterization that  
24 there was a lead in the Lockmiller investigation

33

1 other than Zayas, right?

2 A. Sir --

3 Q. I'm sorry. Strike that.

4 Other than Zayas, was there any lead  
5 investigator in the Lockmiller investigation?

6 A. We all served as a team on that  
7 investigation, sir. Whether a person was a lead or  
8 not a lead to me would be a matter of opinion of who  
9 you're asking.

10 From a formal hierarchy, Lieutenant Zayas  
11 was the lieutenant of that division; therefore, he  
12 was responsible for every case taking place in that  
13 division.

14 I worked on that case. I testified to you  
15 that my role became heavier in October or November.  
16 You're asking me if I reached a milestone of a lead  
17 detective, and that would depend on who you asked,  
18 sir.

19 Q. I'm not asking you if you reached a  
20 milestone. My question is: Were you the  
21 investigator with primary responsibility for the  
22 Lockmiller investigation as of October-November '93?

23 A. In October-November of '93, my  
24 responsibility focused on Alan Beaman and

34

1 Michael Swain. If they were the primary players or  
2 if Alan Beaman was a primary player in this case and  
3 somebody wanted to assume I was a primary  
4 investigator because I was investigating Alan, they  
5 could make that assumption, sir.

6 Q. When did you become the individual with  
7 primary responsibility for the Beaman investigation?

8 A. Upon Lieutenant Zayas's retirement.

9 Q. And it's your contention that prior to  
10 Lieutenant Zayas's retirement, you did not have  
11 primary responsibility over the Lockmiller  
12 investigation?

13 A. That's correct.

14 Q. And I want to be perfectly clear that I'm  
15 not just talking about supervisory responsibility.  
16 I'm talking about working on the investigation on a  
17 day-to-day basis.

18 Is it your testimony that prior to  
19 Lieutenant Zayas's retirement, you did not have prior  
20 responsibility for working on the Lockmiller homicide  
21 investigation on a day-to-day basis?

22 MR. DiCIANNI: Well, I'm going to object to  
23 the form of the question.

24 Go ahead and answer.

35

1 THE WITNESS: I don't know that I can answer  
2 that question in the form you asked. You're asking me  
3 if I worked more on that case than any other  
4 detective, and I've already told you that we were  
5 working in separate rooms, and I don't know what  
6 Lieutenant Zayas was assigning to those other  
7 detectives while I was doing my part.

8 BY MR. SHAPIRO:

9 Q. So until Lieutenant Zayas's retirement, you  
10 had no idea what the other detectives were doing in  
11 the case; is that right?

12 A. I did not have primary responsibility --

13 Q. That wasn't my question. I said until  
14 Lieutenant Zayas's retirement, did you have any idea  
15 what the other detectives were doing in the case?

16 A. I had marginal information of what they were  
17 doing.

18 Q. You had marginal information about that.  
19 Your in -- your information about what the  
20 other detectives was doing was sketchy and  
21 incomplete; is that what you're saying?

22 A. No, that's not a fair statement.

23 Q. Well, what did you mean by marginal?

24 A. We would have meetings periodically that

36

1 would -- that we would brief each other on what was  
2 happening. But I was not with them day-to-day. I  
3 was not sitting next to them day-to-day to know what  
4 they were doing. We each had a part to play in this  
5 investigation. I was aware of the major things they  
6 were doing; but I didn't read every statement, every  
7 document, every interview.

8 Q. We were talking about files earlier before  
9 we went off in this direction, and I asked you to  
10 describe for me, if you could, what knowledge you had  
11 about the files in the Beaman investigation. Could  
12 you describe those for me?

13 A. Is there a particular file you'd like me to  
14 start with, sir?

15 Q. I'd like you to -- well, first of all, I'd  
16 like you to provide whatever general description you  
17 can of the manner in which files were maintained and  
18 what files there were.

19 A. My police report was written on a computer  
20 in my office, kept on the mainframe. Periodically, I  
21 would give Lieutenant Zayas a copy of the updates to  
22 that report, and it was one running report throughout  
23 the entire investigation.

24 Additional files such as phone records would  
37

1 have either been put into evidence or they would have  
2 been submitted to Lieutenant Zayas who then would  
3 have submitted them, I imagine, to the records  
4 section as an official archive in the case.

5 Q. Was there a central file in the case?

6 A. I believe there was in the records section.

7 Q. Did you maintain an individual file of  
8 documents related to the investigation?

9 A. Only the main police report that I spoke of  
10 which is on my computer.

11 Q. So during the investigation, you didn't have  
12 a file on your desk with documents that you  
13 considered relevant and were working on at any point?

14 A. It would have been a temporary file only --

15 Q. That's what I'm asking you, sure.

16 A. -- so that, yes. There would have been a  
17 temporary file of things that I was working on until  
18 that information was placed into my police report.

19 Q. What would you -- what would you do with the  
20 information once it was placed into your police  
21 report?

22 A. I would throw it away, destroy it.

23 Q. Did you maintain any other sort of working  
24 file throughout the case?

1 A. No.

2 Q. So anything that you had, once it was  
3 described in your police report, was thrown away?

4 A. Or placed into evidence or given to  
5 Lieutenant Zayas to go to the records section.

6 Q. Were there binders of materials that were  
7 distributed to detectives in this case?

8 A. I don't recall, sir.

9 Q. What sort of documents did you keep in your  
10 temporary file?

11 A. It would have been personal notes of times  
12 and dates when people came in; things that I would  
13 want to document in my police report when I had a  
14 moment to catch up my report.

15 Q. Did you ever have, for example, transcripts  
16 of interviews?

17 A. Those would have been done on the computer,  
18 printed out, and submitted to the Lieutenant Zayas,  
19 and then made a record of -- made a record in the  
20 records department.

21 Q. Transcripts of body wire overhears, same  
22 answer?

23 A. Same answer. That tape immediately was --  
24 when the Nagra recorders were done --

39

1 Q. I'm sorry. I'm not talking about the actual  
2 recorder. I'm talking about the transcript.

3 A. The transcripts. I would have received  
4 copies of that transcript to work off of. Once I was  
5 done with it, if it had not been entered into  
6 records, I would have submitted it to Frank Zayas.  
7 If we already had a copy of that, I probably would  
8 have thrown them away.

9 Q. All right. Well, we've covered the computer  
10 file, the central file, and temporary files. Are  
11 there any other types of files that were maintained  
12 during the course of this investigation that you're  
13 aware of?

14 A. Evidentiary material which would have been  
15 filed in the evidence vault.

16 Q. Anything else?

17 A. That's all I can recall, sir.

18 Q. What was supposed to go into the central  
19 file?

20 A. Central file was the police reports, written  
21 statements, transcripts, any other document that  
22 provided information that was not part of an official  
23 police report written by one of the detectives nor  
24 evidence.

40

1 Q. Polygraph reports, do those go into the  
2 central file?

3 A. I don't know if they went in the central  
4 file or if they went into evidence.

5 Q. But they would have gone -- polygraph  
6 reports would have gone either into the central file  
7 or into evidence, correct?

8 A. I believe so.

9 Q. Did other detectives in the case maintain  
10 temporary files?

11 A. I can't answer that, sir. I don't know.

12 Q. Was it the ordinary practice of detectives  
13 to maintain temporary files?

14 A. I don't know what their ordinary practice  
15 was, sir.

16 Q. You've never been in another detective's  
17 office and saw a file related to a case they're  
18 working on?

19 A. The desks were full of files, sir. Many of  
20 them were active cases. I don't know what they kept  
21 as personal notes or what they kept as official  
22 files.

23 Q. Were there any documents that were  
24 distributed to all members of the investigative team?  
41

1 A. Could you expand on the question, what type  
2 of documents you're referring to?

3 Q. Well, I'm asking you. Any sort of doc --  
4 were police reports distributed to everyone working  
5 on the case?

6 A. It would depend on the police report. It  
7 would depend on what type of document it was.

8 Q. Was there -- were there any police reports  
9 you can recall that were distributed to anyone  
10 working on the case?

11 MS. BARTON: Objection to form.

12 THE WITNESS: No, not that I remember.

13 BY MR. SHAPIRO:

14 Q. At any point in the investigation, did you  
15 read the full central file?

16 A. I don't remember doing that, sir.

17 Q. Do you recall reviewing documents from the  
18 central file when you became the lead investigator?

19 A. It's been too long ago, sir. I don't recall  
20 if I did or not.

21 Q. When you became the lead investigator,  
22 didn't you want to inform yourself of the facts of  
23 the case?

24 A. Again, sir, that was 19 years ago. I don't  
42

1 remember exactly what I did then.

2 Q. Well, earlier you characterized your  
3 understanding of what others were doing on the case  
4 as marginal. Do you remember that?

5 A. I remember that, yes.

6 Q. As the lead investigator, would you want to  
7 have a marginal understanding of what was going on  
8 with the case as whole?

9 A. No, sir.

10 Q. So it would have been logical, would it not  
11 have, to review the central file when you became the  
12 lead investigator if your knowledge prior to that was  
13 marginal, right?

14 MR. DiCIANNI: Object to the form of the  
15 question.

16 THE WITNESS: Are you asking me if it would  
17 have been logical to look at it?

18 BY MR. SHAPIRO:

19 Q. Yeah.

20 A. Yes.

21 Q. Do you think you did?

22 A. I don't recall, sir.

23 Q. Do you think you did?

24 A. I don't recall, sir.

43

1 Q. Do you think you would have?

2 MR. DiCIANNI: Objection; speculation, form  
3 of the question.

4 THE WITNESS: Sir, I can't tell --

5 MR. DiCIANNI: Asking him to guess.

6 THE WITNESS: I can't tell you what I did 19  
7 years ago. I don't recall.

8 BY MR. SHAPIRO:

9 Q. So you think it's possible that when you  
10 became lead investigator, you made no effort to  
11 inform yourself of the facts of the case; is that --

12 MR. DiCIANNI: Same objection.

13 BY MR. SHAPIRO:

14 Q. -- what you're saying?

15 MR. DiCIANNI: Same objection.

16 THE WITNESS: That is not what I'm saying,  
17 sir.

18 BY MR. SHAPIRO:

19 Q. You're saying when you became the lead  
20 investigator, it's possible that you made no effort  
21 to review the documents in the central file in order  
22 to familiarize yourself with the case?

23 A. I did not say that.

24 MR. DiCIANNI: Objection, objection.

44

1 BY MR. SHAPIRO:

2 Q. Well, I'm asking what you're saying.

3 MR. DiCIANNI: Objection.

4 BY MR. SHAPIRO:

5 Q. I'm asking what you're saying.

6 A. I told you I don't remember, sir.

7 Q. And when you say you don't remember, you're  
8 saying it's possible that you did not review the  
9 central file when you became the lead investigator to  
10 familiarize yourself with the facts of the case?

11 MR. DiCIANNI: Objection; speculation, asked  
12 and answered.

13 THE WITNESS: I'll repeat my answer, sir. I  
14 do not remember.

15 BY MR. SHAPIRO:

16 Q. Would it have been consistent with your --  
17 strike that.

18 As the lead investigator, you'd want to be  
19 familiar with the facts of the case, wouldn't you?

20 A. Yes.

21 Q. And the central file would be an important  
22 repository of information regarding the facts of the  
23 case, right?

24 A. Yes.

45

1 Q. So the responsible thing to do upon becoming  
2 lead investigator would be to review the central  
3 file, right?

4 MR. DiCIANNI: I'll object to the form of the  
5 question.

6 THE WITNESS: Can you repeat your question,  
7 sir?

8 BY MR. SHAPIRO:

9 Q. Yeah. Would you agree with me that the  
10 responsible thing to do upon becoming the lead  
11 investigator would be to review the central file?

12 MR. DiCIANNI: Same objection.

13 THE WITNESS: Yes.

14 BY MR. SHAPIRO:

15 Q. But you're not sure if you did?

16 A. I do not remember.

17 Q. And, therefore, you're not sure?

18 A. I do not remember.

19 Q. How did you remain -- strike that.

20 When you became lead investigator, how did  
21 you remain abreast of developments in the case that  
22 you weren't personally involved in?

23 A. That would have been -- to the best of my  
24 memory, sir, that would have been through meetings

46

1 that we had as an investigative team.

2 Q. So now you're saying that you don't think  
3 you would have reviewed paper files, right?

4 A. I didn't say that, sir. You asked me how  
5 pertinent information would come to my attention.

6 Q. No, I asked you how you remained abreast of  
7 rele -- of developments in the investigation.

8 MR. DiCIANNI: And he answered the question.

9 BY MR. SHAPIRO:

10 Q. Was the only mechanism through which you  
11 remained abreast of developments in the investigation  
12 participating in meetings with the other  
13 investigators?

14 A. I don't remember, sir.

15 Q. So as far as recollection serves, it could  
16 be that that was the only manner in which you  
17 remained abreast of further developments in the  
18 investigation?

19 MR. DiCIANNI: Objection, speculation.

20 THE WITNESS: I don't remember, sir.

21 BY MR. SHAPIRO:

22 Q. Do you have any recollection of whether you  
23 reviewed the central file as it continued to expand  
24 over the course of the investigation?

47

1 A. I don't --

2 MR. DiCIANNI: Same objection.

3 THE WITNESS: -- remember.

4 MR. SHAPIRO: You have an objection to does  
5 he remember if he -- what's your objection?

6 MR. DiCIANNI: You've asked that question  
7 about five times.

8 MR. SHAPIRO: So it's an asked and answered  
9 objection --

10 MR. DiCIANNI: Well, and each time it's a --  
11 you're asking him to speculate because he says he  
12 doesn't remember. So all he can do at this point is  
13 guess. So you're asking him to guess, which I object  
14 to.

15 BY MR. SHAPIRO:

16 Q. Well, let me -- let me rephrase my -- I  
17 don't think I need to rephrase it, but let me restate  
18 it so that it's perfectly clear.

19 Do you have any recollection of reviewing  
20 the central file as it continued to expand over the  
21 course of the investigation?

22 MR. DiCIANNI: Same objection.

23 THE WITNESS: I do not remember.

24

48

1 BY MR. SHAPIRO:

2 Q. Were investigative files provided to the  
3 prosecutor's office at some point?

4 MS. BARTON: Objection to form.

5 THE WITNESS: That was out of my control,  
6 sir. That was not my responsibility, to provide files  
7 to the State's Attorney's Office.

8 BY MR. SHAPIRO:

9 Q. Did you have any responsibility for ensuring  
10 that the State's Attorney's Office received the  
11 relevant files related to the investigation?

12 A. No, sir.

13 Q. None whatsoever?

14 A. No, sir.

15 Q. Who was responsible for doing that?

16 A. That would have been Lieutenant Zayas and  
17 the records section.

18 Q. What about upon Zayas's retirement?

19 A. My responsibility would be providing them to  
20 the records section, which is our official archive of  
21 our documents.

22 Q. Have you received any training regarding the  
23 obligation of law enforcement officers to provide  
24 pertinent exculpatory evidence to prosecutors

1 handling a case?

2 A. Can you explain exculpatory, sir?

3 Q. What does the word "exculpatory" -- do you  
4 know what the word "exculpatory" means?

5 A. No, sir.

6 Q. Okay. Well, I'll define it as evidence that  
7 could be favorable to the defense in a criminal case.

8 Did you receive any sort of training related  
9 to the obligation of a law enforcement officer to  
10 provide exculpatory evidence as I've defined it to  
11 the prosecutor in a criminal case?

12 A. My training from the basic police academy  
13 was to report the documents and the facts, present  
14 all of that information to the State's Attorney's  
15 Office in the situation of an arrest. Or if there's  
16 probable cause, to submit that on.

17 Q. So you're -- you're -- you're -- you did not  
18 receive any training in providing additional  
19 exculpatory evidence post arrest over the course of  
20 the investigation; is that what you're saying?

21 A. I don't recall receiving any training, sir.

22 Q. At the time of the Beaman investigation, did  
23 you understand that you had any obligation to provide  
24 exculpatory evidence to the prosecutors after the

50

1 time of an arrest?

2 A. No, sir.

3 Q. Did you provide any files to the  
4 prosecutor's office in the course of the Beaman  
5 investigation?

6 MR. DiCIANNI: Him personally?

7 MR. SHAPIRO: I'm sorry?

8 MR. DiCIANNI: Him personally, is that what  
9 you're asking?

10 MR. SHAPIRO: Yeah.

11 BY MR. SHAPIRO:

12 Q. I'll ask -- yes, you personally, did you  
13 provide any documents to the prosecutor in the Beaman  
14 investigation?

15 A. I don't recall, sir.

16 Q. Do you recall anyone in the Normal Police  
17 Department providing documents to the prosecution in  
18 the course of the Beaman investigation and  
19 prosecution?

20 A. No, sir. I don't recall the exact process  
21 of how that was provided to them.

22 Q. Is it your testimony that the only people  
23 who were in charge of making sure the prosecutors got  
24 the police files they needed were Lieutenant Zayas

51

1 and the records department?

2 A. Lieutenant Zayas had primary responsibility  
3 for providing that as leader of the detective  
4 division and the supervisor of the detective  
5 division.

6 Q. Did you ever provide a document to Zayas and  
7 say that it's something that in your opinion should  
8 be provided to the State's Attorney?

9 A. I don't have a recollection of that, sir.

10 Q. What was the role of the records department  
11 in ensuring that documents were transferred to the  
12 State's Attorney's Office during the prosecution?

13 MR. DiCIANNI: Object, speculation.

14 THE WITNESS: I didn't work in the records  
15 section, sir. I don't know what their role was.

16 BY MR. SHAPIRO:

17 Q. When you moved to the State's Attorney's  
18 Office -- well, first of all, remind me when you  
19 moved to the State's Attorney's Office, please.

20 A. I believe it was around January 1 of 1995.

21 Q. When you were working out of the State's  
22 Attorney's Office, did there ever come a time when  
23 you needed to access a related to the Beaman  
24 investigation?

52

1 A. I don't recall, sir.

2 Q. What files did you take with you to the  
3 State's Attorney's Office?

4 A. I don't recall, sir.

5 Q. Well, maybe you can help me out here. I'm  
6 just -- and let me set up the question this way. I'm  
7 just having trouble imagining how you're working out  
8 of a completely separate office where presumably you  
9 need, you know, to be reviewing documents in order to  
10 be working on, you know, reports and managing the  
11 progress of the investigation.

12 So I'm just trying to understand what  
13 documents or what type of files you had with you when  
14 you were at the State's Attorney's Office?

15 MS. BARTON: Objection to form.

16 BY MR. SHAPIRO:

17 Q. What type of documents did you have with you  
18 at the State's Attorney Office when you moved there?

19 MR. DiCIANNI: I'll object to form as well.

20 THE WITNESS: I believe the question you  
21 asked me first was what documents --

22 BY MR. SHAPIRO:

23 Q. Well, the pending question is: What  
24 documents did you have with you when you went to the

53

1 State's Attorney's Office?

2 MR. DiCIANNI: In his pocket?

3 MR. SHAPIRO: Yes, in his pocket. No.

4 BY MR. SHAPIRO:

5 Q. What documents did you bring with you when  
6 you went to the State's Attorney's Office?

7 A. Sir, I do not recall what documents I took  
8 with me. I did have at my disposal the case files  
9 that were at the State's Attorney's Office to review.

10 Q. Okay. So when you wanted to access a  
11 document while -- during the period of time when you  
12 were working out of the State's Attorney's Office,  
13 would you generally access it from the State's  
14 Attorney's files?

15 A. Yes, sir.

16 Q. What was James Souk's role in the  
17 investigation and prosecution of Alan Beaman?

18 MS. BARTON: Objection to form, foundation.

19 THE WITNESS: He was the prosecuting attorney  
20 in the case.

21 BY MR. SHAPIRO:

22 Q. What role did he have prior to the charging  
23 of Mr. Beaman with murder?

24 A. He was our liaison, our contact with the

54

1 State's Attorney's Office as we were investigating  
2 the case.

3 Q. What do you mean by a liaison or contact?

4 A. If we had legal questions or if needed to  
5 obtain documents such as a subpoena for phone  
6 records, subpoena for overhears, overhear returns, he  
7 was our primary contact for that.

8 Q. Did he ever suggest that you perform an  
9 investigative task prior to the charging of  
10 Alan Beaman?

11 A. Yes.

12 Q. Which tasks?

13 A. I don't recall.

14 Q. Fair to say that there were several tasks  
15 that he assigned to you prior to the charging of  
16 Alan Beaman?

17 MS. BARTON: Objection to form.

18 THE WITNESS: I don't recall that he assigned  
19 them directly to me. He would have advised the team  
20 in general of things that we should follow up on,  
21 things that we should do.

22 BY MR. SHAPIRO:

23 Q. Uh-huh. Is it accurate to say that he  
24 assigned tasks to the team as a whole?

55

1           A.    He did not assign tasks to the team, sir.  
2           That would have been Frank Zayas's responsibility.  
3           He would have made recommendation on things that we  
4           should do.

5           Q.    Do you recall him ever asking you to do  
6           something in connection with the investigation?

7                    MS. BARTON:  Objection to foundation.

8                    THE WITNESS:  Yes.

9           BY MR. SHAPIRO:

10           Q.    Do you remember him asking you to do  
11           something related to the investigation prior to the  
12           charging of Alan Beaman?

13           A.    I don't recall.

14           Q.    So you think it's possible that prior to the  
15           charging of Alan Beaman in May of 1994, Souk never  
16           asked you to do anything related to the  
17           investigation?

18           A.    My response is I don't recall, sir.

19           Q.    You don't re -- do you think it's possible  
20           that he never asked you to do anything related to the  
21           investigation prior to the charging of Alan Beaman?

22                    MR. DiCIANNI:  Objection, speculation.

23                    MS. BARTON:  Same objection.

24                    THE WITNESS:  I do not recall, sir.

1 BY MR. SHAPIRO:

2 Q. Did you consult with Souk frequently prior  
3 to the decision to charge Mr. Beaman?

4 A. Yes.

5 Q. How frequently?

6 A. I don't recall exactly, sir.

7 Q. Well, let's talk about the period in between  
8 the discovery of the body on August 28 and the  
9 decision to charge him on May 16, 1994.

10 During that period, did you have more or  
11 fewer than 20 conversations with Souk related to the  
12 investigation?

13 A. More than 20.

14 Q. More than 50?

15 A. I don't recall, sir.

16 Q. It could have been as many as 50?

17 A. It could have.

18 Q. That number, are you including telephone  
19 contacts or face-to-face only?

20 A. Telephone contacts.

21 Q. Okay. You're including both?

22 A. Yes, sir.

23 Q. Now, you say prior to the decision to charge  
24 Beaman, Souk issued recommendations with regard to

57

1 the investigation, correct?

2 A. Repeat your question, please, sir.

3 Q. If I am understanding your testimony, you  
4 said that prior to the decision to charge Beaman,  
5 Souk issued recommendations with regard to how the  
6 investigation should be carried out? Did I  
7 understand that right?

8 A. That's not how I recall the question you  
9 asked me, sir. You --

10 Q. Okay.

11 A. -- asked me at any time --

12 Q. Well --

13 A. -- had Souk asked me to do anything. You  
14 didn't specify prior to the arrest or conviction.

15 Q. Prior to the arrest or conviction -- strike  
16 that.

17 Prior to the arrest of Alan Beaman, did Souk  
18 make any recommendations to you with regard to the  
19 manner in which the investigation should be  
20 performed?

21 A. I don't recall.

22 Q. So you think that you had as many as up to  
23 50 contacts with him prior to the decision to charge  
24 Beaman, but you're not sure whether he made any

58

1 recommendations with regard to how the investigation  
2 should be performed?

3 MS. BARTON: Objection to form.

4 BY MR. SHAPIRO:

5 Q. Is that right?

6 A. I don't recall.

7 MR. DiCIANNI: Could you -- sorry. Could you  
8 read back that question.

9 MR. SHAPIRO: I'll just -- you know, I'll  
10 just re-ask it if that's easier.

11 MR. DiCIANNI: Okay.

12 MR. BOWMAN: Actually, can we just take a  
13 break at this point?

14 MR. SHAPIRO: Yeah. Let's do it.

15 THE VIDEOGRAPHER: Off the record, 10:54.

16 (Whereupon, a break was taken,  
17 after which the following  
18 proceedings were had:)

19 THE VIDEOGRAPHER: Back on the record, 11:09.

20 BY MR. SHAPIRO:

21 Q. Mr. Freesmeyer, before the break, we were  
22 talking about some of the recommendations that  
23 Mr. Souk issued in the course of the investigation,  
24 and I wanted to ask you whether you remember any

59

1 conversations in which a recommendation was  
2 mentioned?

3 A. Yes.

4 Q. Tell me about that conversation.

5 A. During the jury trial, there was some new  
6 information that came up during testimony, and so  
7 Jim Souk asked me to go back up and recheck some  
8 mileage in Rockford. So I drove back up on a  
9 Saturday and rechecked some mileage.

10 Also, he asked me to check on some things  
11 that were disclosed during grand jury testimony such  
12 as Carol Beaman's IGA receipts, several other  
13 documents that she had given to us. So I made  
14 several trips to Rockford to check on those.

15 Q. Do you remember any conversations about a  
16 recommendation he made prior to the arrest of Beaman?

17 A. I don't have a remembrance of any.

18 Q. What was Mr. Souk's involvement in the  
19 decision to place a wire on Mr. Swain?

20 MS. BARTON: Objection, foundation.

21 THE WITNESS: Could you repeat the question,  
22 sir?

23 BY MR. SHAPIRO:

24 Q. Yeah. Was -- well, first of all, let me ask  
60

1 you, was Mr. Souk involved in any way on the decision  
2 to place a body wire on Michael Swain?

3 A. I don't know if he was involved in the  
4 decision. I do believe he was present when we  
5 discussed that idea.

6 Q. And what was his role in that process?

7 A. He was an advisor from the State's  
8 Attorney's Office.

9 Q. What advice, if any, did he give in  
10 connection with the body wire?

11 A. I don't recall, sir.

12 Q. You said that he was an advisor, and I think  
13 earlier you characterized him as a liaison. Can you  
14 remember any meetings prior to the charging of Beaman  
15 in which he was present in his capacity as an advisor  
16 or liaison?

17 A. In reviewing my police report, I was  
18 reminded of meetings that were documented in my  
19 police report where he was present.

20 Q. Do you have any recollection what he said at  
21 any of those meetings?

22 A. No, sir.

23 Q. None whatsoever?

24 A. No, sir, unless it's documented in my police  
61

1 report.

2 Q. Did reviewing your police report refresh  
3 your recollection as to anything that he said in any  
4 of those meetings?

5 A. I don't recall any statements of what he had  
6 said in those meetings. And my recollection from  
7 reading those police reports was just stating his  
8 presence and documenting his presence at a couple of  
9 meetings.

10 Q. Do you remember there was a meeting held the  
11 day after the body was discovered, a Sunday?

12 A. I believe there was a meeting then, yes.

13 Q. Everyone had to come in from -- from home  
14 presumably because it was -- it was a Sunday, and the  
15 body discovered the previous day?

16 A. Yes.

17 Q. What was discussed at that meeting?

18 A. If I recall correctly from reviewing my  
19 reports over the last couple of days, that was a  
20 meeting with the coroner, Dan Brady, to verify the  
21 cause of death. The autopsy, I believe, was done  
22 that Sunday morning.

23 Q. What was discussed at that meeting?

24 A. All I can remember is what I read in my

62

1 police report, sir.

2 Q. You don't have any recollection of anything  
3 that Mr. Souk said at that meeting?

4 A. No, sir.

5 Q. Do you recall him being present?

6 A. It's documented in my police report that he  
7 was present at that meeting.

8 Q. Do you have an independent recollection of  
9 his being present?

10 A. No, sir.

11 Q. Now, earlier you said that you were the  
12 principal person working on the investigation of  
13 Beaman specifically, correct?

14 A. Yes, I believe I testified that I was  
15 focusing on Alan Beaman.

16 Q. And if -- would it be fair to infer from  
17 that that if Souk had an issue he wanted to discuss  
18 with regard to Beaman specifically, that would be an  
19 issue he'd discuss with you?

20 MS. BARTON: Objection to form.

21 THE WITNESS: That would be -- I would only  
22 be able to speculate on that, sir.

23 BY MR. SHAPIRO:

24 Q. Well, I'm asking what your -- what you

63

1 think, what your opinion is.

2 MS. BARTON: Same objection.

3 THE WITNESS: Would you restate the question,  
4 please?

5 BY MR. SHAPIRO:

6 Q. Sure. Given that you were the investigator  
7 with primary responsibility for focusing on Beaman  
8 specifically --

9 A. Yes, sir.

10 Q. -- is it a reasonable inference that Souk  
11 would speak with you with regard to issues in the  
12 investigation specifically confirm -- concerning  
13 Beaman?

14 MS. BARTON: Objection to form and  
15 foundation.

16 THE WITNESS: If you're asking me if that's  
17 what Jim would have done --

18 BY MR. SHAPIRO:

19 Q. Uh-huh.

20 A. -- I assume that would be reasonable, but I  
21 can't say if that's what he would have done.

22 Q. That would have been the reasonable thing to  
23 do?

24 MR. DiCIANNI: I'll object.

64

1 MS. BARTON: Same objection.

2 BY MR. SHAPIRO:

3 Q. That's what you said; is that right? You  
4 think that would have been the reasonable thing to  
5 do?

6 A. I'm saying that that would have been a  
7 reasonable thing to do.

8 Q. Uh-huh. Do you recall that a series of  
9 investigators meetings were held throughout the  
10 course of the investigation?

11 A. Yes, there were a number of meetings held.

12 Q. Who was typically present at those meetings?

13 A. I can only tell you who was present in those  
14 times in my police report where I documented those  
15 who were present.

16 Q. I mean, there were a core group of people  
17 who are working on the case and others who were more  
18 peripheral, right?

19 A. Yes.

20 Q. Who were the core group?

21 A. It depends on what the meeting was about and  
22 when the meeting would have been held.

23 The core group would probably have been the  
24 main detectives assigned to the case, which would

65

1 have been Tony Daniels, Dave Warner, Frank Zayas,  
2 Rob Hospelhorn, and myself.

3 Q. You would not include Souk in the -- in sort  
4 of that core group who were involved in the case?

5 A. Sir, the only recollection I have is when I  
6 documented who was present in my police report. I  
7 have no independent recollection of who was there.

8 Q. Well, you just -- you just gave me a  
9 characterization of who were the core people, right?

10 A. Yes, you asked me who the core investigators  
11 were.

12 Q. Was Souk typically present at the  
13 investigators meetings that were held?

14 MS. BARTON: Objection to form.

15 THE WITNESS: I don't recall, sir.

16 BY MR. SHAPIRO:

17 Q. Do you recall his presence at any meetings  
18 prior to the charging of Mr. Beaman other than the  
19 August 29 meeting that we were just discussing?

20 A. I recall, in reading my police report over  
21 the last several days, that I documented his presence  
22 on August -- it would have been right after the  
23 finding of the body and just prior to the arrest of  
24 Mr. Beaman.

66

1 Q. Independent of what's stated in your police  
2 reports, you're saying you have absolutely no  
3 recollection of any investigators meeting in the  
4 course of the Beaman investigation; is that --

5 A. That's correct, sir.

6 MR. DiCIANNI: Could you repeat that question  
7 and answer.

8 (Whereupon, the record was  
9 read as requested.)

10 BY MR. SHAPIRO:

11 Q. When there was a meeting in the course of  
12 the investigation, did you always document it in your  
13 report?

14 A. I made an attempt to document every meeting.  
15 I can't tell you for sure that I documented every one  
16 of them.

17 Q. So -- did -- in -- in -- in each of your --  
18 strike that.

19 In -- you stated that when you were writing  
20 your report, you -- there were some meetings that  
21 were documented, right?

22 A. Yes.

23 Q. Okay. Did you always document who was  
24 present at every meeting?

67

1 A. No.

2 Q. Okay. So it's possible that there would be  
3 some meetings mentioned in your report which do not  
4 refer to a specific individual being present at a  
5 meeting even if the individual were present, right?

6 A. Yes.

7 Q. And that would include Mr. Souk?

8 MS. BARTON: Objection to foundation.

9 THE WITNESS: Yes.

10 BY MR. SHAPIRO:

11 Q. Now, your view is that this case involved a  
12 staged rape; is that correct?

13 A. No, sir.

14 Q. Are you aware that that was the theory  
15 advanced by the prosecution at trial?

16 A. I don't remember that, sir.

17 Q. So your view is the case was not a staged  
18 rape?

19 A. I don't have a view. I do not know if there  
20 was a rape done or -- or not.

21 Q. Okay. So it's your testimony that you have  
22 absolutely no idea whether Jennifer Lockmiller --  
23 strike that.

24 It's your testimony that you have absolutely  
68

1 no idea as to whether the murderer of Jennifer  
2 Lockmiller staged a rape?

3 A. Yes.

4 Q. Yes, you have no idea?

5 A. That is my testimony, yes, sir.

6 Q. Did you sit through the trial in this case?

7 A. Yes, I did.

8 Q. How many days did you miss?

9 A. I don't recall, sir. I don't think I missed  
10 any days.

11 Q. You don't recall there ever being mentioned  
12 at the trial of a staged rape theory?

13 MS. BARTON: Objection to form.

14 THE WITNESS: I'm saying the trial was 19 --  
15 almost 19 years ago. I don't remember that, sir.

16 BY MR. SHAPIRO:

17 Q. Can you recall any evidence that would have  
18 led you to conclude that there was a staged rape?

19 MR. DiCIANNI: I'll object to the form --  
20 foundation and form of the question.

21 THE WITNESS: Could you be more specific,  
22 sir?

23 BY MR. SHAPIRO:

24 Q. I'm asking can you recall any evidence that

69

1 led you to believe that there was a staged rape?

2 MR. DiCIANNI: Objection. He's testified --

3 THE WITNESS: I testified earlier that I  
4 didn't know if there was a staged rape or not.

5 BY MR. SHAPIRO:

6 Q. And I'm asking you whether you are aware of  
7 any evidence that would indicate that there was one?

8 A. No.

9 Q. You mentioned earlier there was a point in  
10 which you began assuming greater and greater  
11 responsibility in the course of the investigation,  
12 right?

13 A. Yes.

14 Q. Was Mr. Souk involved in the decision to  
15 give you greater responsibility in any way?

16 A. I don't know, sir.

17 Q. Was he opposed to it?

18 MS. BARTON: Objection to foundation.

19 THE WITNESS: The same answer, I don't know,  
20 sir.

21 BY MR. SHAPIRO:

22 Q. Do you recall him ever mentioning anything  
23 to you as to whether you should assume greater  
24 responsibilities in the course of the investigation?

70

1 A. I don't recall any such conversations, sir.

2 Q. There was a meeting in which a decision was  
3 made to charge Alan Beaman, right?

4 A. Yes.

5 Q. Do you have any recollection of that meeting  
6 whatsoever?

7 A. Yes.

8 Q. What's your recollection?

9 A. I recall reading about it in the police  
10 report, and I do recall that meeting.

11 Q. You do recall that meeting independently?

12 A. Yes, I recall that that meeting happened.

13 Q. Do you have independent recollection of any  
14 other meeting happening prior to the charging of  
15 Beaman?

16 A. I remember the initial two meetings that we  
17 held on Saturday night and Sunday after the body was  
18 found. They were important meetings.

19 Q. Do you remember any other meetings that you  
20 haven't mentioned so far?

21 A. None.

22 Q. None whatsoever?

23 A. Not a special rec -- recollection of them,  
24 no.

71

1 Q. What happened at the Saturday meeting on the  
2 day the body was discovered?

3 A. It was a meeting to talk about what each one  
4 of us had found and what information we had at that  
5 time.

6 Q. Do you recall anything that was said at the  
7 meeting?

8 A. No, I do not.

9 Q. Who was present at the meeting?

10 A. It's documented in my police report, I  
11 believe. If it's not documented in my police report,  
12 I can't tell you exactly --

13 Q. You have -- you have no independent  
14 recollection of who was present?

15 A. No, sir. I just remember that the meeting  
16 was held.

17 Q. What do you remember about the Sunday  
18 meeting on August 29?

19 A. I remember that we met again that evening to  
20 talk about the developments because we were going in  
21 many different directions.

22 And, again, my memory was sparked by reading  
23 about it in my police report.

24 Q. What -- what -- what different directions

72

1 were you going?

2 A. Again, according to my police report,  
3 Detective Daniels and Detective Hospelhorn were  
4 trying to deal with people up in Rockford,  
5 specifically Alan Beaman and his parents. I was  
6 dealing with Michael Swain because I was present at  
7 the scene when Michael Swain showed up.

8 And so those were two different avenues we  
9 were exploring, and that meeting on Sunday was to  
10 talk about the developments in those two directions.

11 Q. What was said with regard to the  
12 developments?

13 A. I don't recall exactly what was said, sir.

14 Q. Who was -- who was present at that meeting  
15 on August 29?

16 A. Unless it's documented in my police report,  
17 I don't recall.

18 Q. Do you remember Mr. Souk being present?

19 A. Same answer, sir. Unless it's documented in  
20 my police report, I don't recall.

21 Q. Do you remember his being present at the  
22 Saturday meeting, August 28?

23 A. Unless it's documented in my police report,  
24 I don't recall.

73

1 Q. Let's go back to the meeting in May of 1994  
2 regarding the charging decision. How was the  
3 decision made to charge Mr. Beaman at that meeting?

4 A. I don't recall exactly, sir, how the  
5 decision was made.

6 Q. Who chaired the meeting?

7 A. I don't recall who chaired the meeting.

8 Q. Do you remember who led any of the meetings  
9 that we've been talking about?

10 MS. BARTON: Objection, foundation.

11 THE WITNESS: No, sir, I don't recall who led  
12 the meetings.

13 BY MR. SHAPIRO:

14 Q. Was there a show of hands at that meeting?

15 A. I don't recall.

16 Q. Did anyone express doubts about arresting  
17 Mr. Beaman?

18 A. That I do remember. And, no, there was no  
19 hesitation in effecting the arrest of Mr. Beaman at  
20 that meeting.

21 Q. No one expressed any doubt whatsoever about  
22 arresting Mr. Beaman?

23 A. That is my recollection, sir.

24 MS. BARTON: Objection, foundation.

74

1 BY MR. SHAPIRO:

2 Q. I'm sorry. I didn't hear your answer.

3 A. That is my recollection. There was no doubt  
4 expressed in arresting Mr. Beaman.

5 Q. Okay. Your testimony is that Tony Daniels  
6 expressed no doubt whatsoever at that meeting?

7 MS. BARTON: Object.

8 THE WITNESS: My testimony is that I don't  
9 recall exact words that were being said, but what  
10 sticks out in my mind was that was the meeting just  
11 prior to the arrest; and there was no doubts brought  
12 up as to the arrest, should we arrest Alan Beaman --

13 Q. Right.

14 A. -- for the murder of Jennifer Lockmiller.

15 Q. So you're saying you specifically recall  
16 that no one raised any doubts whatsoever?

17 A. No one raised objection to the arrest of  
18 Alan Beaman.

19 Q. So they might have raised doubts, they  
20 just -- you're not -- they just didn't raise  
21 objections; is that what you're saying?

22 A. It may have been doubts as to whether we  
23 have enough information to convict, but there was no  
24 doubt as to whether we should arrest Alan Beaman for

75

1 the murder of Jennifer Lockmiller.

2 Q. So someone said, I doubt that there's enough  
3 information to convict, but I think we should arrest  
4 him anyway?

5 A. Well, you've just put those words in my  
6 mouth, sir.

7 Q. Well, that's -- well, that's -- that was --  
8 well, I understood you to say that there was  
9 hesitation about whether there was enough evidence to  
10 convict; is that correct?

11 A. No, sir.

12 Q. Okay. Well, what were -- what were you  
13 saying about that then?

14 A. If we go back to my answer, I believe I said  
15 that there may have been objections or doubts as to  
16 whether we had enough information to convict; but  
17 there was no doubt as to whether we should arrest  
18 Alan Beaman.

19 Q. What were -- what were the doubts that were  
20 expressed with regard to sufficient evidence to  
21 convict?

22 A. I don't recall what the individual doubts  
23 were, sir. I said there may have been doubts as to  
24 whether we had enough to convict, but I don't

76

1 remember exact circumstances or exact items.

2 MR. BOWMAN: Who had the doubts?

3 BY MR. SHAPIRO:

4 Q. Who had the doubts?

5 A. Sir, I said there may have been doubts. I  
6 don't know if any particular person brought up a  
7 particular doubt.

8 MR. BOWMAN: Why are you saying --

9 BY MR. SHAPIRO:

10 Q. Yeah, why are you saying there may have been  
11 doubts then?

12 A. Because I know after the fact of  
13 Tony Daniels' statements. And so you're asking me if  
14 anybody had any doubt in their mind, I'm saying he  
15 may have had doubt; but there was nothing expressed  
16 in that meeting that said we should not arrest  
17 Alan Beaman for the murder of Jennifer Lockmiller.

18 Q. Wait, wait, wait. So you're -- so you're  
19 saying you don't have -- you're saying that your sole  
20 basis for thinking that Tony Daniels had doubts about  
21 evidence to convict is based on subsequent  
22 information, not your independent recollection of the  
23 meeting?

24 A. I told you I don't remember exact statements

77

1 that were made in that meeting.

2 Q. That wasn't the question.

3 A. Okay. Please state your question --

4 Q. Okay.

5 A. -- again for me, sir.

6 Q. The question is: Do you have any  
7 independent recollection of doubts being expressed at  
8 the meeting with regard to sufficient evidence to  
9 convict?

10 A. No.

11 Q. So the sole basis for your assertion that  
12 there were doubts expressed with regard to evidence  
13 to convict is subsequent statements?

14 A. You've just changed your statement again,  
15 sir.

16 Q. Well, I'm asking a question.

17 A. Okay. You asked -- in my answer, I told you  
18 there may have been doubts. You've just stated that  
19 my sole reason --

20 Q. What is your statement that there may have  
21 been doubts based on?

22 A. My statement that there may have been doubts  
23 based on -- that is that based on subsequent  
24 statements that Tony has made throughout this entire

78

1 process that he may have had doubts at that meeting;  
2 however, there was nothing raised at that meeting  
3 that said we should not arrest Alan Beaman for the  
4 murder of Jennifer Lockmiller.

5 Q. Do you recall anything about this  
6 investigation that's not documented in your police  
7 report?

8 MR. DiCIANNI: I'm going to object to that.  
9 I think that's a vague and broad question.

10 THE WITNESS: No.

11 BY MR. SHAPIRO:

12 Q. The answer is no?

13 A. The answer is no.

14 Q. Did you make it clear at the May 1994  
15 meeting that you thought Beaman should be arrested?

16 A. I don't recall my exact words at that  
17 meeting, sir.

18 Q. I'm not asking you for exact words. I'm  
19 asking you whether you made it clear that you thought  
20 Beaman should be arrested?

21 A. I don't know that I made it clear. I  
22 know at that meeting I was convinced in my mind  
23 that he should be arrested for the murder of  
24 Jennifer Lockmiller.

1 Q. Did Souk make it clear that he thought  
2 Beaman should be arrested?

3 A. Again, sir, I don't remember the exact words  
4 that were said at that meeting. I've told you I  
5 remember the meeting happened; I remember the  
6 importance of the meeting; but I don't remember exact  
7 things that were said there.

8 (Plaintiff's attorneys confer off  
9 the record.)

10 BY MR. SHAPIRO:

11 Q. All right. I'd like to hand you a binder of  
12 exhibits, Mr. Freesmeyer. Get copies for opposing  
13 counsel. These are all premarked.

14 MR. DiCIANNI: Thank you.

15 MS. BARTON: Thanks. So this is not a group  
16 exhibit? It's separate exhibits?

17 MR. SHAPIRO: It's separate exhibits, yes.

18 MS. BARTON: Thanks.

19 BY MR. SHAPIRO:

20 Q. Let's start with Exhibit 6, if you wouldn't  
21 mind, behind tab 6.

22 A. I don't have a tab 6, sir.

23 Q. I'm sorry. I'm sorry. Thanks.

24 You have Plaintiff's Exhibit 6?

80

1 A. I believe so, yes.

2 Q. Okay. Do you know whose notes these are on  
3 Plaintiff's Exhibit 6?

4 A. No, sir.

5 Q. Okay. Take a minute to review the -- the  
6 question I'm going to ask you is whether these are an  
7 investigator's notes related to the Lockmiller  
8 homicide investigation. Take a moment to review them  
9 until you feel you're able to answer that question.

10 MR. DiCIANNI: I'm sorry. What's the  
11 question?

12 BY MR. SHAPIRO:

13 Q. The question is: Are these an  
14 investigator's notes related to the Lockmiller  
15 homicide investigation?

16 A. Sir, they're notes taken by somebody --

17 Q. Uh-huh.

18 A. -- and they mention several people that were  
19 involved in the Lockmiller investigation.

20 Q. Uh-huh. I mean, it's a reasonable inference  
21 that these notes were taken by someone present at an  
22 investigators meeting related to the Lockmiller  
23 homicide investigation on September 7, '93, right?

24 MR. DiCIANNI: I'll object --

81

1 MS. BARTON: Objection; form, foundation.

2 MR. DiCIANNI: Yeah, I'll object to --

3 BY MR. SHAPIRO:

4 Q. Just looking at the face of the document --

5 A. I can't make an inference of what these  
6 notes refer to, sir. I've told you they're notes  
7 taken by somebody, and they mention several people  
8 involved in the Lockmiller homicide.

9 Q. Who else could have taken these notes other  
10 than someone involved in the Lockmiller homicide  
11 investigation?

12 MR. DiCIANNI: Objection, speculation.

13 MS. BARTON: Same objection.

14 THE WITNESS: Sir, I don't know who the notes  
15 were taken by.

16 BY MR. SHAPIRO:

17 Q. That's not the question.

18 A. I've never seen these notes.

19 Q. That's not the question. The question is:  
20 Can you think of any explanation for the existence of  
21 notes -- these notes other than the fact that they  
22 were taken by an investigator in the course of the  
23 Lockmiller homicide investigation?

24 MR. DiCIANNI: Objection, speculation.

82

1 MS. BARTON: I'll join.

2 THE WITNESS: Sir, these notes could have  
3 been written by anybody. I've never seen these notes  
4 before. They could have been written yesterday and  
5 photocopied and handed to me. I didn't --

6 BY MR. SHAPIRO:

7 Q. Well, I'll represent to you that I didn't do  
8 that. Are you willing to take my word that these are  
9 notes -- and I'll further represent that these were  
10 notes produced to us in discovery by your lawyer.

11 You -- okay. You really want to fight me?  
12 Plaintiff's Exhibit Number 6 might not be notes taken  
13 by an investigator in the Lockmiller homicide  
14 investigation?

15 MR. DiCIANNI: He's saying he doesn't know.

16 THE WITNESS: I'm saying I don't know where  
17 these notes came from --

18 BY MR. SHAPIRO:

19 Q. All right. And my question is: Do you have  
20 any basis to doubt that they are?

21 A. If it says Plaintiff's Exhibit 6, I doubt --  
22 I do not doubt that they're official notes, sir --

23 Q. Okay.

24 A. -- if that's what you're asking.

83

1 MR. DiCIANNI: But you don't know?

2 THE WITNESS: No. I've never seen these  
3 before until today.

4 BY MR. SHAPIRO:

5 Q. I'll represent to you that in your report,  
6 you document that you were present at a meeting in  
7 the afternoon of September 7, 1993, for what it's  
8 worth.

9 A. Okay.

10 Q. What do you think the "S" notations on the  
11 left-hand margin indicate?

12 MR. DiCIANNI: I'm going to -- you're asking  
13 him to speculate.

14 MR. SHAPIRO: I'm asking what he thinks.

15 MR. DiCIANNI: That's asking him to  
16 speculate.

17 THE WITNESS: Sir, I have no idea. These are  
18 not my notes. I have no idea.

19 (Plaintiff's attorneys confer off  
20 the record.)

21 BY MR. SHAPIRO:

22 Q. Okay. Was Rob Curtis -- well, strike that.

23 Was John Murray ever a suspect in the  
24 Lockmiller homicide investigation?

84

1 MR. DiCIANNI: Object to it, foundation, form  
2 of the question.

3 MS. BARTON: I'll join.

4 THE WITNESS: I did not have any  
5 involvement with John Murray. That was handled by  
6 Detective Daniels and Hospelhorn. He was a person of  
7 interest.

8 BY MR. SHAPIRO:

9 Q. He was a person of interest?

10 A. Yes.

11 Q. What do you mean by person of interest?

12 A. He was a person that was investigated as  
13 part of this investigation, sir.

14 Q. As someone who could have committed the  
15 murder?

16 A. He was a person who was investigated as part  
17 of this investigation, yes -- so, yes, the answer  
18 would be yes to that question.

19 Q. What's the difference between a suspect and  
20 someone who's investigated as someone who might have  
21 committed the murder?

22 MR. DiCIANNI: I'll object to form of the  
23 question.

24 THE WITNESS: Could you ask the question

85

1 again, sir?

2 BY MR. SHAPIRO:

3 Q. Yeah. What's -- so -- are you saying he's  
4 not -- are you saying John Murray was never a suspect  
5 in the Lockmiller homicide investigation?

6 A. No, I'm not saying that.

7 Q. Was John Murray a suspect in the Lockmiller  
8 homicide investigation?

9 MR. DiCIANNI: Objection; form of the  
10 question, foundation.

11 MS. BARTON: I'll join.

12 THE WITNESS: I believe in some people's  
13 mind, yes, he was a suspect.

14 BY MR. SHAPIRO:

15 Q. He was never a suspect in your mind; is that  
16 correct?

17 A. I didn't know --

18 MR. DiCIANNI: Same objection.

19 THE WITNESS: I didn't know that much about  
20 Larbi Murray to make a very valid decision on that,  
21 sir.

22 BY MR. SHAPIRO:

23 Q. You couldn't make a valid decision as to  
24 whether Murray was a suspect?

86

1 A. I'm saying that I didn't --

2 MR. DiCIANNI: Same objection.

3 THE WITNESS: I didn't have very much contact  
4 at all with Larbi Murray. I did not interview him. I  
5 don't know that I ever had face-to-face contact with  
6 Larbi Murray.

7 BY MR. SHAPIRO:

8 Q. Do you have any opinion as to whether he  
9 should have been considered as a suspect?

10 MR. DiCIANNI: Same objection.

11 THE WITNESS: My same answer, sir. I had  
12 very limited contact with Larbi Murray. He was not an  
13 area of my responsibility.

14 BY MR. SHAPIRO:

15 Q. And there's no disagreement among us,  
16 Mr. Freesmeyer, that by the time the investigation  
17 ended, you were the lead investigator, right?

18 A. Yes, sir.

19 Q. And as the person who was, by the conclusion  
20 of the investigation the lead investigator in the  
21 Lockmiller homicide investigation, your testimony is  
22 that you don't know whether John Murray should have  
23 been considered a suspect; is that -- is what you're  
24 saying?

87

1 MR. DiCIANNI: Same objection.

2 THE WITNESS: My answer stands. I did not  
3 have that much contact with Larbi Murray through this  
4 investigation, sir.

5 BY MR. SHAPIRO:

6 Q. That's not the question that I asked you, so  
7 let me ask it again.

8 A. Okay.

9 Q. You were the lead investigator by the end of  
10 the investigation? No question about that, right?

11 A. Yes, after Lieutenant Zayas's retirement.

12 Q. Uh-huh. And you do not have a view as to  
13 whether John Murray should have been considered a  
14 suspect, correct?

15 A. I don't recall what that view was, sir.

16 Q. So you're saying you had a view, but you  
17 don't recall what it was?

18 A. I'm saying I don't recall if I had a view or  
19 not, sir.

20 Q. Do you have any view as you sit here today?

21 A. No, sir.

22 Q. All right. So if someone said that  
23 John Murray should have been considered as a suspect  
24 in the Lockmiller homicide investigation, as you sit

88

1 here today, you would had no basis for disagreement  
2 with that, right?

3 MR. DiCIANNI: I'll object to --

4 THE WITNESS: I have no view on that --

5 MR. DiCIANNI: -- the question.

6 THE WITNESS: --sir.

7 MS. BARTON: I'll join the objection.

8 BY MR. SHAPIRO:

9 Q. And you have no basis for disagreeing with  
10 that statement?

11 MR. DiCIANNI: Objection; form of the  
12 question, foundation.

13 THE WITNESS: I have no view on that, sir.

14 MS. BARTON: I'll join the objection.

15 BY MR. SHAPIRO:

16 Q. Who thought that John -- you said that some  
17 people thought John Murray was a suspect. Who were  
18 these people?

19 A. I didn't say that, sir. I said that some  
20 people could have thought him to be a suspect.

21 Q. Who could have thought him to be a suspect?

22 MR. DiCIANNI: Objection, speculation.

23 MS. BARTON: I'll join.

24 THE WITNESS: Evidently from the line of your  
89

1 questioning, Tony Daniels did, sir.

2 BY MR. SHAPIRO:

3 Q. Who else?

4 A. I don't know of anybody else.

5 Q. Was Stacey Gates, also known as Bubba, ever  
6 a suspect in the Lockmiller homicide investigation?

7 MR. DiCIANNI: Same objection; foundation,  
8 form of the question.

9 MS. BARTON: I'll join.

10 THE WITNESS: Yes, for a short time.

11 BY MR. SHAPIRO:

12 Q. What -- during what period of time?

13 A. Early on in the investigation until we were  
14 able to verify his alibi, sir.

15 Q. When was alibi verified?

16 A. I don't remember the exact date.

17 Q. Your testimony is he was a suspect from  
18 early on in the investigation up until the point when  
19 his alibi was verified, right?

20 A. Yes.

21 MR. DiCIANNI: Same objection.

22 I'm going to confer with my client for a  
23 second.

24 Is there a question pending?

90

1 THE COURT REPORTER: No.

2 THE VIDEOGRAPHER: Off the record, 11:40.

3 (Whereupon, a break was taken,  
4 after which the following  
5 proceedings were had:)

6 THE VIDEOGRAPHER: Back on the record, 11:44.

7 BY MR. SHAPIRO:

8 Q. Now, Mr. Freesmeyer, if I'm remembering your  
9 testimony correctly, and forgive me and correct me if  
10 I'm wrong, I believe you said when you're talking  
11 about the meeting in which the decision was made to  
12 charge Mr. Beaman that when I asked you a question  
13 about who raised objections, you said you assumed I  
14 was talking about Tony Daniels; did I get that right?

15 A. Yes -- no.

16 Q. Okay. Well, correct me then, please.

17 A. There were no objections raised. You asked  
18 if anybody had objections, and I misstated my  
19 response because I learned later that Tony did have  
20 questions in his mind. However, at that meeting,  
21 there was no objections raised as far as I recall.

22 Q. So is that why you assumed that my question  
23 was related to Daniels?

24 A. Yes.

91

1 Q. Okay. Now, you said -- I want you to tell  
2 you me everything that you can recall independently  
3 about John Murray as it relates to the Lockmilller  
4 homicide investigation.

5 MR. DiCIANNI: Independently, you mean not  
6 contained in reports?

7 BY MR. SHAPIRO:

8 Q. That's a fair character -- I want -- as you  
9 sit here today, I want you to tell me everything you  
10 can remember about John Murray as it relates to the  
11 Lockmilller homicide investigation.

12 A. I remember that on one particular day, I  
13 called Kenneth Frankenberg down from Rockford to  
14 conduct three polygraph exams; one on Chris Carbon,  
15 one on Larbi Murray, and one on Alan Beaman, if he  
16 agreed to take it. I documented in my police report  
17 that Larbi Murray did not show that day.

18 I also read a police report after the  
19 conviction where Larbi Murray was arrested for, I  
20 believe, domestic violence; and I signed off on that  
21 report as a supervisor on the following shift after  
22 that occurred.

23 That occurred on the 3:00 to 11:00 shift.  
24 The officer stayed over late, dropped the report in

92

1 the box; and as a midnight shift supervisor, I had to  
2 approve it because it was a custody arrest.

3 That is the only thing I can tell you about  
4 Larbi Murray.

5 Q. And that incident where you signed off on a  
6 domestic violence report related to Murray, was that  
7 after -- that was after the arrest of Beaman; is that  
8 right?

9 A. I believe it was, yes.

10 Q. Was it prior to the conviction of Beaman?

11 A. There were two reports, sir. I believe one  
12 was prior. I would have to look at the reports. I'm  
13 sorry. I'm trying to guess on my memory. I would  
14 have to look at the reports to determine when they  
15 were filed.

16 Q. Okay. So you're not sure if those reports  
17 were filed before or after the trial of Alan Beaman?

18 A. That's correct, sir, not as I sit here  
19 today.

20 Q. Can you remember anything else as you sit  
21 here today with respect to Mr. Murray?

22 A. No, sir.

23 Q. Okay. I want to give you a series of  
24 statements about John Murray, and I want you to tell

93

1 me on the basis of those statements, assuming them as  
2 true, and I know you may not agree with them; but I  
3 want you to assume them as true for purposes of this  
4 question whether he should be -- whether he should  
5 have been considered a suspect, okay?

6 First statement is that John Murray had no  
7 alibi at the time of the murder. Second statement is  
8 that John Murray had a history of domestic violence  
9 and steroid use. Third statement is that John Murray  
10 had a series of drug charges against him. Fourth  
11 statement is that Jennifer Lockmiller received  
12 marijuana from Murray and owed him money for it. And  
13 the fifth statement is that John Murray was a former  
14 lover and boyfriend of Lockmiller who was attempting  
15 to rekindle the relationship.

16 Based on those statements, would you agree  
17 that Murray should have been a -- considered a  
18 suspect in the Lockmiller murder?

19 MR. DiCIANNI: I'm going to object on several  
20 bases. First of all, you're asking him something that  
21 may be considered a legal opinion based on a  
22 hypothetical, which I think is an incomplete  
23 hypothetical; you're asking him to speculate; and  
24 there's a -- there's a lack of a complete foundation

94

1 for the question.

2 Apart from that, you can go ahead and answer.

3 MS. BARTON: I will join in all of the  
4 objections.

5 THE WITNESS: If those statements were true,  
6 he would been -- be an individual that we would need  
7 to continue an investigation on.

8 BY MR. SHAPIRO:

9 Q. What do you mean continue investigation?

10 A. I mean those things should have been  
11 investigated.

12 Q. Do you have any reason to doubt that  
13 John Murray lacked an alibi for the Lockmiller  
14 murder?

15 A. Do I have a reason to doubt that he lacked  
16 an alibi?

17 Q. Uh-huh.

18 A. Yes, I do.

19 Q. Which is what?

20 A. Because in the final meeting on May 16, I  
21 don't recall any verbal objection to the arrest of  
22 Alan Beaman.

23 As I stated earlier in my statement, I was  
24 focusing on Alan Beaman and Mike Swain. Other

95

1 members of the team were responsible for focusing on  
2 these other people. And, therefore, if there was an  
3 objection, if that had not been investigated fully,  
4 then that should have been verbalized and brought out  
5 at that meeting; and that -- I did not recall that  
6 happening, sir.

7 (Plaintiff's attorneys confer off  
8 the record.)

9 BY MR. SHAPIRO:

10 Q. If he didn't have an alibi, would that mean  
11 that Beaman should not have been arrested?

12 MR. DiCIANNI: That's speculative. I object  
13 to that.

14 MS. BARTON: I join the objection.

15 THE WITNESS: I'm not saying that, sir.

16 There were a number of people that were acquaintances  
17 with Jennifer that didn't necessarily have an alibi  
18 for that day. Once instant -- just the fact that he  
19 did not have an alibi does not mean that the evidence  
20 is not overwhelming enough for the conviction of  
21 Alan Beaman.

22 BY MR. SHAPIRO:

23 Q. Did you have any other reason beyond nothing  
24 being raised, in your view, in the May 1994 meeting

96

1 to conclude that John Murray had an alibi?

2 A. I'm sorry, sir. Could you state that again?

3 Q. Okay. You gave one basis for why you  
4 thought John Murray did not have an alibi, right?

5 MR. DiCIANNI: Could you repeat the question?

6 THE WITNESS: I don't --

7 MR. DiCIANNI: I'm not following --

8 MR. SHAPIRO: All right.

9 MR. DiCIANNI: I'm not trying --

10 BY MR. SHAPIRO:

11 Q. Maybe my question is not clear. I  
12 understood you to be -- to say -- all right. We'll  
13 move on.

14 Do you have any reason to doubt that  
15 John Murray had a history of domestic violence and  
16 steroid use?

17 A. I recall seeing a police department report  
18 where he was arrested for domestic violence, and it  
19 was rumored that he was on steroids. So if one  
20 incident creates a history, I would agree with you  
21 that he has a history.

22 Q. And you have no reason to disagree, right?

23 A. I saw the police report of the domestic  
24 abuse and the suspicion of the steroid use.

97

1 Q. Uh-huh. Do you have any reason to doubt  
2 that John Murray had a history of drug charges?

3 A. I don't have any independent knowledge of  
4 whether he has a history of drug charges, sir.

5 Q. Do you have any reason to doubt that  
6 John Murray was owed money by Jennifer Lockmiller  
7 for drugs?

8 A. I know nothing about that, sir.

9 Q. And you have no reason to doubt it?

10 A. I know nothing about it.

11 Q. Do you have any reason to doubt that  
12 John Murray was a former lover of Ms. Lockmiller who  
13 was attempting to rekindle the relationship?

14 A. I know nothing about that either, sir.

15 Q. Do you remember what John Murray looked  
16 like?

17 A. No, sir, I don't.

18 Q. If I showed you picture of him, do you think  
19 you could recall?

20 A. I don't know that I ever met him  
21 face-to-face, sir. He didn't show up for the  
22 polygraph exam that I scheduled, and I was not on  
23 duty when he was arrested in the police report. I  
24 simply signed off on the police report after the

98

1 fact.

2 (Plaintiff's attorneys confer off  
3 the record.)

4 BY MR. SHAPIRO:

5 Q. As a lead investigator on this case on  
6 May 16, 1994, were you totally clueless about  
7 John Murray's role in the investigation?

8 MR. DiCIANNI: I'll object to the premise of  
9 the question that he was lead investigator as of  
10 May 16, 1994.

11 I'll also object to the characterization of  
12 clueless. Seems to me to be some type of pejorative  
13 term that I think they made a movie about, but --

14 MR. SHAPIRO: All right. Well, this is  
15 becoming a speaking objection, but let -- if you want  
16 to me re-ask the question.

17 BY MR. SHAPIRO:

18 Q. Were you -- did you consider yourself the  
19 primary investigator as of May 16, '94?

20 A. No, Lieutenant Zayas was still in charge of  
21 the investigation at that point.

22 Q. As of May 16, 1994, fair to say you were  
23 clueless about any potential involvement by  
24 John Murray in the homicide investigation?

99

1 A. No, sir, I was not clueless. His name had  
2 come up in meetings before.

3 Q. What was said about him in meetings?

4 A. I don't recall what was said.

5 Q. Right. So earlier you said that if it's not  
6 in your police report, you don't have any  
7 recollection of it at all, right?

8 A. Correct.

9 Q. And now you're telling me that you, in fact,  
10 remember instances when there were references to --  
11 that you remember that there was discussion of  
12 John Murray at meetings, right?

13 A. No, sir. You asked if I was clueless about  
14 his involvement in this case, yet my police report  
15 says we had meetings periodically about this case.  
16 And obviously he was investigated by Tony Daniels and  
17 Rob Hospelhorn.

18 Q. And that was brought up in meetings?

19 A. Therefore, I'm making the inference it was  
20 brought up in the meetings and discussed. But I do  
21 not recall exact statements that were made during  
22 those meetings or exact conversations.

23 Q. Do you have any basis for disagreeing with  
24 my characterization that on May 16, 1994 you were

100

1 clueless as to whether Murray had any potential  
2 involvement in the murder?

3 MR. DiCIANNI: I'll object, form of the  
4 question.

5 THE WITNESS: Would you ask that question  
6 again, sir?

7 BY MR. SHAPIRO:

8 Q. Do you have any reason to doubt that as of  
9 May 16, 1994, you were clueless as to whether  
10 John Murray could have had any potential role in the  
11 murder?

12 A. I have reason to doubt that I was clueless,  
13 sir. We had meetings periodically. And if he was  
14 being investigated by somebody on the team, that  
15 would have been brought up in the meetings.

16 (Plaintiff's attorneys confer off  
17 the record.)

18 BY MR. SHAPIRO:

19 Q. Was Souk at those meetings?

20 MS. BARTON: Objection to foundation, form.

21 THE WITNESS: I don't recall, sir. I've told  
22 you already if it's in my police report of who was  
23 present, I can tell you that from my police report;  
24 but I don't have an independent recollection of who

101

1 was present at those meetings.

2 BY MR. SHAPIRO:

3 Q. You mentioned that you received and signed  
4 as a supervisor police reports related to  
5 John Murray, right?

6 A. Yes, sir.

7 Q. Did you ever raise with anyone else in the  
8 investigation the possibility that those police  
9 reports related to Murray should be provided to the  
10 defense?

11 MS. BARTON: Objection to form.

12 THE WITNESS: That was not my responsibility,  
13 sir.

14 BY MR. SHAPIRO:

15 Q. Did you ever raise that?

16 A. I don't recall if I did or not.

17 (Plaintiff's attorneys confer off  
18 the record.)

19 BY MR. SHAPIRO:

20 Q. Yeah, why was it not your responsibility?

21 A. I was a patrol supervisor at that point.

22 That arrest, a copy would have also gone to the  
23 supervisor of detectives. And if it was important to  
24 an investigation, it was their responsibility to make

102

1 sure that's done.

2 Q. Your testimony is that you had no  
3 responsibility whatsoever for determining what  
4 documents related to John Murray should be provided  
5 to the prosecutors; is that right?

6 A. That's correct, sir. I was working the  
7 midnight shift, 11:00 p.m. to 7:00 a.m. My  
8 responsibility in arrest was to make sure that report  
9 was put in the box to go to detectives, and another  
10 copy was put in the box to go to the State's  
11 Attorney's Office for arraignment.

12 Q. Did it concern you at all that during the  
13 time that Beaman was being prosecuted for the murder  
14 of Jennifer Lockmiller reports were coming in  
15 regarding criminal activity by John Murray?

16 A. I don't recall that, sir.

17 Q. Would that have concerned you? Is that  
18 something that should be of concern?

19 MR. DiCIANNI: Objection, speculation.

20 MS. BARTON: Same objection.

21 BY MR. SHAPIRO:

22 Q. Would it have concerned you?

23 A. The time frame again, sir?

24 Q. In between the charging and trial of

103

1 Alan Beaman.

2 A. Uh-huh.

3 Q. You received reports related to criminal  
4 activity by John Murray. Did that concern you?

5 MR. DiCIANNI: Ob -- same -- asked and  
6 answered.

7 THE WITNESS: It's not my responsibility,  
8 sir.

9 BY MR. SHAPIRO:

10 Q. Okay. So if it's not your responsibility,  
11 it wouldn't have concerned you; is that what you're  
12 saying?

13 A. I don't recall if I was concerned by it or  
14 not, sir. I'm saying after 19 years looking back at  
15 my position, that would have not been my  
16 responsibility; but I don't recall if it concerned me  
17 or not.

18 Q. Would it concern you today if there -- in  
19 the middle of the investigation, prosecution of  
20 Beaman, documents regarding Murray were discovered  
21 and signed by you but not disclosed?

22 MR. DiCIANNI: I will -- first of all, I'll  
23 object to the premise of the question because they  
24 were disclosed.

104

1 MR. SHAPIRO: All right. This is -- this  
2 is -- this is speaking objection.

3 MR. DiCIANNI: Well, I mean --

4 MR. SHAPIRO: If you want to state an  
5 objection --

6 MR. DiCIANNI: If you want to make facts up  
7 and just ask him about facts that are completely  
8 fabricated, then we can -- we can --

9 MR. BOWMAN: Don't go there.

10 MR. SHAPIRO: Just let's -- let's -- yeah.

11 MR. BOWMAN: Don't go there. Don't go there.

12 MR. DiCIANNI: Are you saying they weren't  
13 disclosed?

14 MR. SHAPIRO: Yes, but that's not -- yes,  
15 that's what we're saying.

16 MR. DiCIANNI: Didn't we just hear  
17 Judge Souk --

18 MR. BOWMAN: You should --

19 MR. SHAPIRO: Okay. Can you --

20 MR. DiCIANNI: -- say yesterday that he had  
21 that report and he knew all about it?

22 MR. SHAPIRO: I'm saying they weren't  
23 disclosed to defense.

24 MR. DiCIANNI: Oh.

105

1 MR. SHAPIRO: Here's the question --

2 MR. DiCIANNI: Well, all right.

3 MR. SHAPIRO: And I -- I.

4 MR. DiCIANNI: All right. Go ahead. I'm  
5 sorry. Ask the question. I apologize. Go ahead.

6 MR. SHAPIRO: Thank you. Thank you.

7 BY MR. SHAPIRO:

8 Q. Question is: Would it concern you today to  
9 learn that documents regarding John Murray and  
10 criminal activity by him, which were reviewed by you  
11 in between the charging and trial of Alan Beaman,  
12 were not disclosed to the defense?

13 MR. DiCIANNI: Yeah, I will object, lack of  
14 foundation --

15 MS. BARTON: I'll join.

16 MR. DiCIANNI: -- vagueness as to what it  
17 means by concern.

18 MS. BARTON: I'll join the objection.

19 THE WITNESS: Sir, as a police officer, it  
20 was my -- not my responsibility to make sure that  
21 documents were provided to the State's Attorney's  
22 Office.

23 To go back and say that I'm concerned today  
24 that documents were not disclosed, that is outside of  
106

1 my -- outside of my knowledge base. I don't have a  
2 concern over that, sir.

3 BY MR. SHAPIRO:

4 Q. Let's go to Exhibit 25. You know, actually  
5 this is -- all right.

6 So for the record, Exhibit 25 is a lengthy  
7 exhibit, and it actually expands the end of the first  
8 binder and the beginning of the second binder.

9 MR. DiCIANNI: Okay.

10 BY MR. SHAPIRO:

11 Q. Exhibit 25 is the entirety of the  
12 components. Okay. I'd like to direct your attention  
13 to page 1 of Exhibit 25.

14 This is a police report regarding domestic  
15 battery by John Murray, right?

16 A. Yes.

17 Q. It was signed by you, right?

18 A. Yes.

19 Q. This is something you signed as a shift  
20 supervisor?

21 A. Yes.

22 Q. Report indicates that on the third line that  
23 Mackoway was the victim of physical abuse on a  
24 continual basis, right?

107

1 A. Could you repeat your question, please?

2 Q. The document states that according to  
3 Mackoway, she was the victim of physical abuse on a  
4 continual basis, right?

5 A. Yes, it states that.

6 Q. Beginning on the bottom line, it says --  
7 begins: Mackoway said that Murray pinned her down on  
8 the floor today and elbowed her repeatedly in the  
9 chest. Mackoway reported that she was injured and  
10 that there were visible marks on her in between her  
11 breasts. A friend of Mackoway, Melissa M. Huebner,  
12 was present and did verify there was a prominent red  
13 mark between Mackoway's breasts where she had been  
14 elbowed. Both Mackoway and Huebner are registered --  
15 well --

16 THE COURT REPORTER: You have to read slower.  
17 I'm sorry. You have to read slower.

18 MR. SHAPIRO: Sure. I'll provide this to you  
19 at a break.

20 BY MR. SHAPIRO:

21 Q. But did I read that correctly,  
22 Mr. Freesmeyer?

23 A. Yes.

24 Q. Okay. And you -- and you signed both pages

108

1 of this, right?

2 A. Yes, I did.

3 Q. So you knew about Murray's history of  
4 domestic violence against Mackoway, correct?

5 MS. BARTON: Object to form.

6 THE WITNESS: Sir, I - the fact that I signed  
7 off on this report says that I knew what happened in  
8 this instant. It doesn't say that I knew about a past  
9 history.

10 BY MR. SHAPIRO:

11 Q. Well, this refers to a continual -- it  
12 refers to physical abuse on a continual basis, right?

13 A. That was her statement, sir.

14 Q. And you read this and signed it, right?

15 A. Yes, I did.

16 MR. BOWMAN: The date.

17 BY MR. SHAPIRO:

18 Q. Oh, right. And you signed this on  
19 October 10, 1994, correct?

20 A. Yes, I did.

21 Q. And that was in between --

22 MR. DiCIANNI: Whoa, whoa, whoa, whoa.

23 October 7?

24 MR. SHAPIRO: October 7, 1994. Thanks.

109

1 BY MR. SHAPIRO:

2 Q. And that was in between the time when Beaman  
3 was charged and the time when he was tried, correct?

4 A. Yes, it was.

5 Q. Okay. Does it concern you that this  
6 document was not disclosed to the defense in this  
7 case?

8 MR. DiCIANNI: Same objection as before.

9 MS. BARTON: Join the objection.

10 MR. DiCIANNI: Go ahead and answer.

11 THE WITNESS: I don't know that it was not  
12 disclosed, sir.

13 BY MR. SHAPIRO:

14 Q. If it were not disclosed, would that concern  
15 you?

16 MR. DiCIANNI: Same objection as before.

17 THE WITNESS: No, I don't believe so.

18 BY MR. SHAPIRO:

19 Q. Would it concern you that the defense did  
20 not receive a document regarding allegations and  
21 charges of domestic violence against John Murray?

22 A. No.

23 Q. Why would that not concern you?

24 MR. DiCIANNI: Same objection.

110

1 THE WITNESS: Because of the amount of  
2 overwhelming evidence that I knew against Alan Beaman.  
3 I was convinced in my mind that he was the one and  
4 still am convinced in my mind that he was the one that  
5 committed the homicide.

6 In this particular case, we dealt with  
7 domestic batteries a lot. I won't tell -- I don't  
8 know how often, but a lot. And so another domestic  
9 battery coming through did not raise a red flag in my  
10 mind that this should be a concern.

11 BY MR. SHAPIRO:

12 Q. Uh-huh.

13 A. I did not know that much about Larbi Murray  
14 during the investigation. To me, he was not that big  
15 of a concern. And so signing off on this report did  
16 not alert a red flag to me.

17 Q. Part of the reason you're not concerned  
18 about nondisclosure is you think that there was so  
19 much evidence against Beaman that it was -- it wasn't  
20 necessary to disclose; is that fair?

21 A. No, sir. Disclosure is not my  
22 responsibility. I don't know anything about that.

23 You're asking me if I'm concerned that it  
24 wasn't disclosed, and I'm telling you that domestic

111

1 batteries occurred often in the City of Normal. This  
2 was one instance that I signed off on. And knowing  
3 the totality of the case, this did not raise a red  
4 flag to me.

5 Q. So you would have seen no reason to raise  
6 this document with the prosecutors as something that  
7 should possibly be disclosed to the defense, right?

8 A. That was not my responsibility, sir.

9 Q. And you would have seen no reason to do so?

10 A. I don't have an answer for your question.  
11 It was not my responsibility.

12 Q. But --

13 A. I've never contemplated that question  
14 before.

15 Q. Well, you can contemplate it now.

16 A. Okay. Repeat the question, sir.

17 MR. DiCIANNI: Let me just clarify. Go  
18 ahead. Finish --

19 MR. SHAPIRO: Yeah. Read the question back,  
20 please.

21 (Whereupon, the record was  
22 read as requested.)

23 BY MR. SHAPIRO:

24 Q. Well, the question was: Do you think that

112

1 you should have raised this report with the  
2 prosecutors in the Beaman case?

3 MR. DiCIANNI: No, you're -- let me object.  
4 Are you asking him looking at it now --

5 MR. SHAPIRO: Yes.

6 MR. DiCIANNI: -- or back on it?

7 MR. SHAPIRO: Looking at it now, looking at  
8 it now.

9 THE WITNESS: As of what I know now because  
10 of where we are today, yes, this should have been  
11 raised. I don't know that it wasn't. But, yes, it  
12 should have as I sit here today.

13 BY MR. SHAPIRO:

14 Q. Uh-huh. And it should have been disclosed  
15 to the defense?

16 A. As I sit here today, yes.

17 Q. When you signed off on this report, you were  
18 well aware of who Murray was in relation to the  
19 Lockmiller investigation, was?

20 A. I was aware his name was involved in the  
21 Lockmiller investigation.

22 Q. You had been -- you had been briefed on who  
23 he was in the meetings that you attended throughout  
24 the course of the investigation, right?

113

1 A. I was familiar that Larbi Murray was being  
2 investigated in the case, yes.

3 Q. Okay. Let's turn to page 3 of Exhibit 25.  
4 It's another report by you that was -- strike that.

5 This is another report that was signed by  
6 you regarding the same incident of domestic violence  
7 by Murray, correct?

8 A. No, this is not domestic violence. Page --  
9 I must be on the wrong page.

10 Q. Page -- I'm on page 3.

11 A. Okay. I'm sorry. I'm looking at number 3  
12 down here.

13 Q. Page 3 of Exhibit 25.

14 A. It's the supplement?

15 MR. DiCIANNI: Bates stamp 3 --

16 MR. SHAPIRO: Page 3 of Exhibit 25 --

17 MR. DiCIANNI: -- on the right-hand corner.

18 THE WITNESS: Okay. I'm looking at number 3  
19 now. Please repeat your question, sir.

20 BY MR. SHAPIRO:

21 Q. My question is: This is another police  
22 report of the same incident of domestic violence  
23 regarding John Murray that we were discussing a  
24 moment ago, right?

114

1 A. It's a supplemental report from a secondary  
2 officer.

3 Q. Uh-huh. In this report do you see,  
4 beginning about a third of the way down at the end of  
5 the line, it begins she, she reported, on the next  
6 line?

7 A. Yes.

8 Q. She reported that one time he had pinned her  
9 to the floor and was striking her in the chest with  
10 his elbow. She reported that there was another  
11 argument the night before in which he grabbed her and  
12 scratched her right wrist and caused a bruise on her  
13 left arm. Both injuries were evident.

14 Would you agree with me that if Beaman's  
15 defense team had received this document, it's  
16 evidence that could have been used by the defense at  
17 trial?

18 MR. DiCIANNI: I'll object to that. It's  
19 speculation. It's also a legal conclusion.

20 MS. BARTON: Join the objection.

21 THE WITNESS: If they received a copy of  
22 this, I assume they could have used it, yes.

23 BY MR. SHAPIRO:

24 Q. Uh-huh. And they could have used it to put  
115

1 forth a case that Beaman was not guilty of the  
2 murder, right?

3 MR. DiCIANNI: Same objection.

4 MS. BARTON: I'll join.

5 THE WITNESS: I'll agree with you they could  
6 have used it. I don't know how effective it would  
7 have been in the trial.

8 BY MR. SHAPIRO:

9 Q. Could it have been used to cross-examine you  
10 as to why Murray was not investigated further as a  
11 suspect?

12 MR. DiCIANNI: Same objection.

13 MS. BARTON: I'll join.

14 THE WITNESS: Sir, I don't know the rules of  
15 court. I don't know if this could have been used for  
16 cross-examination of me or not. I assume -- I don't  
17 know --

18 MR. DiCIANNI: Let's not assume.

19 THE WITNESS: I'm not going to assume. I  
20 don't know.

21 BY MR. SHAPIRO:

22 Q. When you became the lead investigator in  
23 this case, was it then your responsibility to turn  
24 over documents to the prosecutor?

116

1 MR. DiCIANNI: Objection. What response --  
2 vagueness of responsibility, speculation --

3 MS. BARTON: Join the --

4 MR. DiCIANNI: -- lack of foundation.

5 MS. BARTON: Join the objection.

6 THE WITNESS: In November, when I took over  
7 as the supervisor of CID, it would have been my  
8 responsibility to forward reports to the State's  
9 Attorney's Office. Does that answer your question,  
10 sir?

11 BY MR. SHAPIRO:

12 Q. In November of '94?

13 A. After Frank retired, yes. There was a short  
14 period where I was put in charge of the detective  
15 division.

16 Q. Remind me when that period was again.

17 A. I believe it was November of '94 until  
18 January of '95.

19 Let me clarify, however, that original case  
20 reports like this, if it's an arrest situation, the  
21 report automatically goes to the State's Attorney's  
22 Office because they have arraignment the following  
23 day.

24 So even if I was in charge of detectives, a

117

1 copy would have been sent through the normal process  
2 at the same time that I was receiving a copy in my  
3 office.

4 Q. Would that have ensured that the same  
5 State's Attorney who was working on the Beaman  
6 investigation received a copy of this?

7 MR. DiCIANNI: Objection, speculation.

8 THE WITNESS: I don't know.

9 MS. BARTON: I'll join.

10 BY MR. SHAPIRO:

11 Q. You don't have any -- okay.

12 A. I don't know.

13 Q. All right. Okay. Turn to page 4 of the  
14 exhibit.

15 Pages 4 to 6 of the exhibit are a police  
16 report signed by you regarding drug charges against  
17 John Murray, correct?

18 A. Yes.

19 Q. And you signed them on October 7, 1994,  
20 correct?

21 A. Yes, sir.

22 Q. And if you turn to page 6, second line,  
23 you'll see that Murray was found to be in possession  
24 of 68 grams of cannabis, correct?

118

1 A. Yes.

2 Q. Is this report evidence that could have been  
3 used to put forth Murray as an alternative suspect in  
4 the trial?

5 MR. DiCIANNI: Objection; speculation, legal  
6 conclusion.

7 MS. BARTON: Join.

8 THE WITNESS: I don't know if this report  
9 could be used in the trial or not, sir.

10 BY MR. SHAPIRO:

11 Q. Could the fact that Murray was a drug dealer  
12 been used against you in cross-examination?

13 MR. DiCIANNI: Same objection.

14 MS. BARTON: I'll join.

15 THE WITNESS: I don't know, sir.

16 BY MR. SHAPIRO:

17 Q. Does it concern you in any way today that  
18 this document was not disclosed to the defense in the  
19 Beaman case?

20 MR. DiCIANNI: Same objection as to the  
21 vagueness of concern and speculation --

22 MS. BARTON: Join.

23 MR. DiCIANNI: -- lack of foundation.

24 THE WITNESS: I have a similar answer as to  
119

1 before. As we sit here today, yes, it concerns me  
2 because I'm aware that this was an issue in the case.  
3 At the time, I don't recall that it concerned me. I  
4 don't recall if it did or if it didn't.

5 BY MR. SHAPIRO:

6 Q. What -- why does it concern you now?

7 A. Because this is part of the reason why we're  
8 here, sir. From everything I've put together, this  
9 is part of your discussion, so this is part of the  
10 reason why we're here.

11 Q. Do you have any concern about the fact that  
12 it -- strike that.

13 Do you have any concern related to it's  
14 weakening Beaman's defense as a result of not having  
15 these documents?

16 MR. DiCIANNI: Objection; speculation and  
17 legal conclusion.

18 MS. BARTON: I'll join the objection. And  
19 vagueness.

20 MR. DiCIANNI: Or legal opinion I think is  
21 probably better.

22 THE WITNESS: No, sir. In my mind, nothing  
23 in this report discounts the evidence against  
24 Alan Beaman. It simply clouds the issue that it could

120

1 be somebody else.

2 BY MR. SHAPIRO:

3 Q. This report clouds the issue that it could  
4 be somebody else?

5 A. It's a distraction to me. It doesn't take  
6 away from the evidence against Alan.

7 Q. Let's turn to page 11 of Exhibit 25, please.  
8 Take a moment to review the exhibit and the attached  
9 letter, the letter on page 12 for the record.

10 Look up when you've had a chance to review  
11 it.

12 A. Okay.

13 Q. This document reflects an attempt to -- or  
14 pages 11 to 12 reflect an attempt to seize or forfeit  
15 John Murray's car in connection with drug charges,  
16 right?

17 A. Yes.

18 Q. So you would have been aware of the drug  
19 charges against John Murray at the time you signed  
20 this report, correct, because you signed it on  
21 December 16, 1994, right?

22 A. Yes.

23 Q. And you would have also been aware on  
24 December 16, 1994, that Murray was being investigated

121

1 in connection with the Beaman case, right?

2 A. Yes.

3 Q. And this was during a period during which  
4 Zayas had retired because it's December of '94 and  
5 you had assumed responsibility, right?

6 A. Yes.

7 Q. Did you turn this document over to the  
8 prosecutors, pages 11 to 12, Exhibit 25?

9 A. I don't recall, sir.

10 Q. When this document came across your desk,  
11 did that refresh your recollection as to the drug --  
12 other documents regarding drug charges against  
13 Murray?

14 A. I don't recall, sir.

15 Q. Did you consider when this document came  
16 across the desk whether any of the documents related  
17 to drug or domestic violence charges against Murray  
18 should have been disclosed and provided to the  
19 State's Attorney's Office?

20 A. I don't recall, sir.

21 Q. Let's turn to page 14, please.

22 This is another document signed by you in  
23 connection with drug charges against John Murray,  
24 correct?

122

1           A.    I believe this is the same document we  
2 looked at back at the beginning.

3           Q.    I don't think -- I don't believe you're  
4 right.

5           A.    I'm sorry.  It's a different case number.

6           Q.    Uh-huh.  You also signed this document on  
7 October 7, 1994, right?

8           A.    Excuse me just a moment, sir.

9           Q.    Uh-huh.

10          A.    Comparing these two documents, they happened  
11 on the same date, 10-7-94, at the same time.

12          Q.    Right.  And they have a different case  
13 number because one's a domestic battery charge and  
14 one's related to drugs, right?

15          A.    No, no, they're both domestic battery.

16          Q.    Okay.  But you signed both documents, right?  
17 You clearly signed on multiple times because the case  
18 numbers at the top are different so it's a different  
19 document, right?

20          A.    Okay.  I'll agree that it's a different case  
21 number.

22          Q.    Okay.  And you signed this document,  
23 Exhibit 14 and 15, as well, right?

24          A.    Yes, I did.

123

1 Q. Did you apprise the State's Attorney's  
2 Office of this document or provide a copy to them?

3 MS. BARTON: Objection to form and  
4 foundation.

5 THE WITNESS: I don't recall, sir.

6 All I can tell you is, looking at this  
7 report, there was an arrest, and I signed off on it.  
8 Therefore, a copy would have gone to the file to go to  
9 the State's Attorney's Office for arraignment on that  
10 charge.

11 BY MR. SHAPIRO:

12 Q. And you don't -- you don't recall -- but you  
13 don't recall mentioning this document to Souk?

14 A. I don't recall, sir.

15 Q. In fact, if we look through pages 1 through  
16 16 of Exhibit 25, you don't recall providing any of  
17 these documents to Souk or anyone in the State's  
18 Attorney's Office, correct?

19 MS. BARTON: Objection to foundation.

20 THE WITNESS: No, sir.

21 MR. DiCIANNI: Did you say 1 of 25?

22 MR. SHAPIRO: 1 through 16 of 25.

23 BY MR. SHAPIRO:

24 Q. Mr. Freesmeyer --

124

1 (Plaintiff's attorneys confer off  
2 the record.)

3 THE WITNESS: All of these documents, 1  
4 through 16, all originates out of the same event on  
5 the same day at the same time.

6 BY MR. SHAPIRO:

7 Q. My question is: Did you provide any of  
8 those documents to the State's Attorney's Office?

9 MS. BARTON: Objection --

10 THE WITNESS: I do not recall.

11 MS. BARTON: -- to foundation.

12 BY MR. SHAPIRO:

13 Q. Did you mention any of these documents to  
14 Mr. Souk?

15 MR. DiCIANNI: Wait, whoa, whoa, whoa. She  
16 objected, and then he didn't answer, then you asked  
17 another question. So he's got to answer --

18 MR. SHAPIRO: All right. Okay.

19 MR. DiCIANNI: -- the first question.

20 Could you read back --

21 MR. SHAPIRO: Well, I'll --

22 MR. DiCIANNI: Do it again.

23 BY MR. SHAPIRO:

24 Q. Yeah. Did you provide any of these

125

1 documents, pages 1 through 16 of Exhibit 25, to  
2 Mr. Souk?

3 MS. BARTON: Objection to foundation.

4 THE WITNESS: I do not recall, sir.

5 BY MR. SHAPIRO:

6 Q. Did you mention them to Mr. Souk?

7 MS. BARTON: Objection to foundation.

8 THE WITNESS: I don't recall, sir.

9 BY MR. SHAPIRO:

10 Q. Ask you to turn to page 68 of Exhibit 25.

11 MS. BARTON: What page? I'm sorry.

12 MR. SHAPIRO: 68.

13 MS. BARTON: Thank you.

14 BY MR. SHAPIRO:

15 Q. Are you ready?

16 A. Yes, sir.

17 Q. Do you know whether you received this  
18 document at any point?

19 A. I don't recall receiving this document.

20 Q. Do you know if you ever -- at any -- to be  
21 clear, I'm referring to pages 68 through 72. I may  
22 not have been clear about that so let me give you a  
23 moment.

24 A. I don't recall ever seeing this document,

126

1 sir.

2 Q. Okay. Let me direct your attention to the  
3 bottom of page 69. And it's a little hard to read,  
4 but let me direct you to the second line of the  
5 series of handwritten lines at the bottom of the  
6 page.

7 His behavior since then has been  
8 unexplainable. Do you see that?

9 A. No, sir, I don't.

10 Q. I do apologize. It is a little hard to  
11 read, but the -- on the second line, about two-thirds  
12 along the way in the line, there's a line that begins  
13 "his behavior"?

14 A. Okay.

15 Q. It says: His behavior since then has been  
16 unexplainable, and he has asked daily to leave and to  
17 move out of my house. Did I read that right?

18 A. He has been asked daily to leave and  
19 something out of my house.

20 Q. Okay. And this is a petition for order of  
21 protection that was filed against John Murray by his  
22 girlfriend, Deborah Mackoway, right?

23 A. Yes.

24 Q. And this document also refers to steroid

127

1 injections, is that correct, at the bottom of 69?

2 A. She stated when he experienced -- yes, she  
3 mentioned steroid injections.

4 Q. Do you think it would have been important  
5 for the defense to know in this case that  
6 John Murray's girlfriend, Deborah Mackoway, was  
7 seeking an order of protection against him in  
8 connection with unexplainable behavior connected to  
9 steroid use?

10 MR. DiCIANNI: Objection, form of the  
11 question.

12 MS. BARTON: And foundation.

13 (Plaintiff's attorneys confer off  
14 the record.)

15 THE WITNESS: Could you give me a time frame,  
16 sir? Are you asking if I feel it's important today or  
17 if I feel it was important at the time this document  
18 was given?

19 BY MR. SHAPIRO:

20 Q. Well -- okay. I'll withdraw the question,  
21 actually.

22 Is this a document that would have appeared  
23 in the Normal Police Department files?

24 A. I don't know.

128

1 MR. DiCIANNI: When you say -- you mean Town  
2 of Normal?

3 MR. SHAPIRO: Yes, I mean the Town of Normal,  
4 yes.

5 THE WITNESS: I don't know.

6 BY MR. SHAPIRO:

7 Q. Would this document have been provided to  
8 the State's Attorney's Office in the ordinary course?

9 MS. BARTON: Objection to form, foundation.

10 THE WITNESS: I don't know, sir. I don't  
11 work at the State's Attorney's Office. I don't know  
12 the routing of these documents.

13 BY MR. SHAPIRO:

14 Q. No, no. But I'm asking if it would have  
15 been provided by the Normal Police Department to the  
16 State's Attorney's Office in the ordinary course?

17 A. I don't know, sir.

18 MR. SHAPIRO: All right. I think I'm at a  
19 decent stopping place if you want to break for lunch  
20 or in the alternative, keep going.

21 MR. BOWMAN: Let's break.

22 MR. SHAPIRO: Let's break.

23 THE VIDEOGRAPHER: Off the record, 12:24.

24

129

1 (Whereupon, a break was taken,  
2 after which the following  
3 proceedings were had:)

4 THE VIDEOGRAPHER: Back on the record, 1:39.

5 BY MR. SHAPIRO:

6 Q. Mr. Freesmeyer, in the Lockmiller murder  
7 investigation, what was done to investigate whether  
8 or not John Murray had an alibi?

9 A. I don't know, sir.

10 Q. Having reviewed your police reports and  
11 various other documents and testimony in preparation  
12 for today's deposition, you've -- you have -- you  
13 still have no inkling as to what was done to  
14 investigate his alibi?

15 A. He was not an area of my responsibility  
16 during the investigation.

17 And to prepare for this deposition, I read  
18 my police reports; I read interviews that pertained  
19 -- or overhears that I did; and I read my courtroom  
20 testimony. I did not read all the other police  
21 reports of all the other investigators, so I can't  
22 tell you sitting here today what was done.

23 Q. Was John Murray's girlfriend,  
24 Deborah Mackoway, interviewed at any point?

130

1 A. I don't have an independent recollection of  
2 that, sir.

3 Q. Do you have any recollection of whether  
4 there was any inconsistency between what Murray said  
5 and what Mackoway said?

6 A. I don't remember.

7 Q. Who was in charge of investigating  
8 John Murray?

9 A. Tony Daniels.

10 Q. What did Daniels report to you about what he  
11 learned during the course of invest -- his  
12 investigation of Murray?

13 A. I don't remember that Tony Daniels reported  
14 anything to me, sir.

15 Q. What was done to investigate John Murray's  
16 motive with regard to the Lockmiller murder?

17 A. Same answer, sir. I don't know. It was not  
18 an area of responsibility of mine.

19 Q. As you sit here today, you still have no  
20 recollection of anything that was done to investigate  
21 whether he had a motive?

22 A. No, sir. I have not read Tony Daniels'  
23 reports or any other reports beside my own.

24 Q. Are you aware that John Murray was owed

131

1 money by Jennifer Lockmiller in connection with  
2 narcotics that he provided to her?

3 MS. BARTON: Objection to foundation.

4 THE WITNESS: No, I was not.

5 BY MR. SHAPIRO:

6 Q. You're not aware of that today?

7 A. I'm not aware of that today. I have no  
8 memory of that.

9 Q. As far as you know, you're -- you were never  
10 aware of that?

11 A. I don't -- I don't remember that at all,  
12 sir.

13 Q. Well, I'm having a little trouble here,  
14 Mr. Freesmeyer, because you did become the lead  
15 investigator in this case in October or November of  
16 1994, right?

17 A. Yes. Yes, sir.

18 Q. And you were involved in the prosecution of  
19 Alan Beaman, correct?

20 A. Yes, sir.

21 Q. Did you care whether there was an  
22 alternative suspect who could have been investigated  
23 in connection with the Lockmiller investigation?

24 MR. DiCIANNI: Object to form of the

132

1 question.

2 THE WITNESS: Yes, I would have cared.

3 BY MR. SHAPIRO:

4 Q. Did you do anything to inquire as to whether  
5 he had an alibi, John Murray?

6 A. I don't remember, sir.

7 Q. Did you do anything to inquire as to whether  
8 he had a motive?

9 A. I don't remember, sir.

10 Q. And did you do anything to investigate  
11 whether he owed money to -- whether he was owed money  
12 by Jennifer Lockmiller?

13 A. I don't remember, sir.

14 Q. Did you record anything in your report about  
15 whether John Murray had an alibi, had a motive, or  
16 was owed money?

17 A. I don't remember seeing that in my police  
18 report that I've read over the last couple of days.

19 Q. Well, if you cared about it, why didn't you  
20 put it in your report?

21 MR. DiCIANNI: Well, I'm going to object to  
22 that.

23 THE WITNESS: I responded, sir, that I don't  
24 remember my involvement with that. I don't remember

133

1 having any involvement with Larbi Murray.

2 BY MR. SHAPIRO:

3 Q. Well, I thought you said you would have  
4 cared, right, and I'm -- did you say that?

5 A. I don't remember. I don't remember if I --  
6 if you asked if I cared and I said I didn't remember.

7 Q. Well, let me ask you again. Would you have  
8 cared about the possibility of there being an  
9 alternative suspect in the Lockmiller homicide  
10 investigation?

11 MR. DiCIANNI: I'll object to speculating,  
12 asking him to speculate.

13 MS. BARTON: I'll join the objection.

14 THE WITNESS: Looking back now, yes, I would  
15 have cared; but I can't remember what my feelings were  
16 at that point, sir.

17 BY MR. SHAPIRO:

18 Q. So you might not have cared at the time?

19 A. I didn't say that. I said --

20 MR. DiCIANNI: Objection --

21 THE WITNESS: -- I did not remember.

22 MR. DiCIANNI: -- speculation.

23 BY MR. SHAPIRO:

24 Q. All right. You can't remember if you cared

134

1 at all about the possibility of an alternative  
2 suspect --

3 MR. DiCIANNI: Objection --

4 BY MR. SHAPIRO:

5 Q. -- correct?

6 MR. DiCIANNI: -- speculation.

7 THE WITNESS: You're asking me how I felt 19  
8 years ago. I can't remember what I cared about 19  
9 years ago, sir.

10 BY MR. SHAPIRO:

11 Q. Did you attend meetings where investigators  
12 reported on their activities?

13 A. It's documented in my police report that I  
14 attended meetings.

15 Q. Did you learn about any efforts made to  
16 investigate John Murray as a result of those  
17 meetings?

18 A. Sir, I don't remember the exact  
19 conversations that were taking place in those  
20 meetings.

21 Q. Did you learn anything about the status of  
22 the investigation of Murray?

23 A. I don't have an independent recollection. I  
24 don't remember the conversations held at those

135

1 meetings. I know we held meetings because I  
2 documented several of them in my police report.

3 Q. How is it possible that you were the lead  
4 investigator of this case, but you have no  
5 recollection whatsoever about efforts done to  
6 investigate an alternative suspect?

7 A. Because --

8 MR. DiCIANNI: Form of the question.

9 MS. BARTON: I'm going to join and object to  
10 foundation also.

11 THE WITNESS: Because you're --

12 BY MR. SHAPIRO:

13 Q. How is that possible?

14 A. Because you're asking me to remember  
15 conversations 19 years ago, sir; and I can't remember  
16 those conversations. My memory is not that good.

17 Q. Do you remember testifying in your 2004  
18 deposition this was the highest profile case of your  
19 career, right?

20 A. That's a double question. Do I remember  
21 testifying? Yes, I do remember.

22 Q. Uh-huh.

23 A. Your second question was this is the highest  
24 career -- highest profile in my career. The answer

136

1 is yes to that also.

2 Q. Okay. And your testimony is that you have  
3 absolutely no recollection whatsoever, even though  
4 you were the lead investigator about the -- strike  
5 that.

6 You have no recollection whatsoever  
7 regarding an investigation of John Murray as an  
8 alternative suspect in what you've characterized as  
9 the highest profile case of your career?

10 MR. DiCIANNI: Objection, form of the  
11 question.

12 MS. BARTON: I'll join.

13 THE WITNESS: I'd ask you to re-ask the  
14 question, please.

15 BY MR. SHAPIRO:

16 Q. You have no recollection of any efforts made  
17 to investigate John Murray as an alternative suspect  
18 in the highest profile case of your career; is that  
19 true?

20 A. No, that's not true, sir.

21 Q. Okay. What recollection do you have of  
22 efforts to investigate John Murray?

23 A. I have a recollection that he was a suspect  
24 in the case, and he was being investigated by

137

1 Tony Daniels and Robert Hospelhorn.

2 You've asked me what statements were made  
3 and what was reported to me. I don't remember  
4 exactly what was reported to me or what statements  
5 were made to me, but I remember that he was being  
6 investigated.

7 Q. So all you remember about John Murray is  
8 that there was some guy named John Murray who was  
9 being investigated by Hospelhorn and Daniels; is that  
10 what you're saying?

11 A. I remember John Murray was --

12 Q. That's not my -- I'm sorry. I don't mean to  
13 cut you off, but I just want to be very clear about  
14 the question.

15 Are you saying that you have no recollection  
16 of anything whatsoever about John Murray beyond the  
17 fact that there was someone named John Murray who was  
18 being investigated by Daniels and Hospelhorn?

19 A. How long an answer would you like, sir?

20 Q. I think you can answer that yes or no.

21 MR. DiCIANNI: If you can answer it yes or  
22 no.

23 THE WITNESS: I can answer it -- I cannot  
24 answer it yes or no.

138

1 I already testified to you that I set up a  
2 polygraph time for Larbi Murray, and he did not show.  
3 I testified to you that I signed police reports, a  
4 copy of which is right in front of me, about  
5 Larbi Murray.

6 So to tell you that I knew nothing about  
7 Larbi Murray would not be accurate. I've already  
8 testified to several things about Larbi Murray.

9 Your question is very vague, sir.

10 Q. Well, it sounds like a no to me.

11 So what have we got? We've got you ordered  
12 a police polygraph report on Murray, correct?

13 A. I did not order that, sir. I documented --

14 Q. You documented it --

15 A. I documented in my police report that  
16 Kenneth Frankenberry was brought down from Rockford  
17 to conduct three polygraph exams that day --

18 Q. Uh-huh.

19 A. -- and that Larbi Murray was one of the  
20 three, and he did not show up.

21 I did not document that I contacted Larbi  
22 for that. I didn't document that I wrote a  
23 supplement on it because I have no recollection of  
24 arranging that for Larbi Murray.

139

1 Q. Did it make you suspicious that he didn't  
2 show up for a polygraph examination?

3 A. There's a lot of people that didn't show up  
4 for a polygraph --

5 Q. So the answer is no, it did not make you at  
6 all suspicious --

7 A. No.

8 Q. -- that he did not show up for a polygraph  
9 examination?

10 A. No, it didn't.

11 Q. It did not make you suspicious?

12 A. No, it did.

13 Q. How do you remember that?

14 A. I remember that because Tony Daniels'  
15 interviewing style was scaring all of these younger  
16 people, and a number of people that we asked to take  
17 polygraphs refused polygraphs because of his  
18 interviewing styles.

19 Q. Where's that in your report? Is that in  
20 your report?

21 A. I don't think it's in my report, sir.

22 Q. I -- because I thought you told me that you  
23 didn't remember anything that wasn't in your report.

24 A. You asked me things about the case, and I

140

1 told you I don't remember anything beyond what I've  
2 testified to.

3 Q. When did you testify to the fact that there  
4 were other witnesses who were refusing to take  
5 polygraphs because of Tony Daniels' confrontational  
6 interview style?

7 A. I don't believe I testified to that, sir.

8 Q. That's what I'm saying. Right.

9 A. Okay.

10 Q. You testified, if I understood you, there's  
11 nothing in your -- beyond what's in your report that  
12 you recall; is that right?

13 MR. DiCIANNI: I think you're  
14 mischaracterizing his testimony. He's talking about  
15 meetings and he doesn't remember the -- well --

16 BY MR. SHAPIRO:

17 Q. Okay. Is there anything that you recall  
18 about the investigation that's not documented in your  
19 report?

20 MR. DiCIANNI: I'm going to object to that.  
21 That's too -- I objected the last time you asked the  
22 question. It's too vague and too broad of a question.

23 THE WITNESS: Could you be more specific in  
24 your question?

141

1 BY MR. SHAPIRO:

2 Q. No, I'd like you to -- is there anything you  
3 can remember about the investigation that you're  
4 aware of that's not documented in the report?

5 MR. DiCIANNI: I'll object to the form of the  
6 question. You're asking him to detail a lot  
7 of different -- first of all, he'd have to go through  
8 his report and compare his memory to what's in the  
9 report.

10 MR. SHAPIRO: I'm asking if he's aware of  
11 anything. That's all I'm asking.

12 MR. DiCIANNI: Okay. Objection.

13 THE WITNESS: There's a lot of peripheral  
14 things I'm aware of. I'm aware of the fact that I  
15 operated out of the juvenile office, and the rest of  
16 the detectives operated out of the detectives office;  
17 but I didn't document that in the report. I'm aware I  
18 drove a gray Caprice Classic during that  
19 investigation, but I didn't put that in the police  
20 report. I'm aware that Tony Daniels' interviewing  
21 styles was scaring off suspects and witnesses, but I  
22 didn't document that in the police report.

23 Your question before I understood to mean is  
24 there any other major details of the case that you

142

1 remember, and I answered that no. Now when I make a  
2 comment about peripheral things to the case, you've  
3 tried to back me into a corner, I feel.

4 BY MR. SHAPIRO:

5 Q. All right. Is there anything consequential  
6 about the case that's not included in your police  
7 report as far as you --

8 A. No, anything of major consequence should  
9 have been documented in the report, sir.

10 And I can only speak to my police report. I  
11 cannot speak to other people's reports.

12 Q. Anything of major consequence should have  
13 been documented in the report?

14 A. Yes, it should have.

15 Q. Do you have any reason to doubt that in the  
16 course of the investigation, the alibi of John Murray  
17 was discussed?

18 MS. BARTON: Objection to foundation.

19 THE WITNESS: I don't have a reason to doubt  
20 that.

21 BY MR. SHAPIRO:

22 Q. Do you have any doubt -- did you have any  
23 reason to doubt that in the course of the  
24 investigation the fact that Murray did not have any

143

1 alibi was discussed?

2 MS. BARTON: Same objection.

3 THE WITNESS: I don't remember that  
4 discussion.

5 BY MR. SHAPIRO:

6 Q. Do you have any reason to doubt that it was  
7 discussed?

8 A. I don't have any reason to doubt that it was  
9 discussed --

10 Q. Thank you.

11 A. -- but I don't remember a discussion like  
12 that, sir.

13 Q. Do you have any recollection -- I'm sorry.  
14 Strike that.

15 Do you have any reason to doubt that during  
16 the course of the investigation the fact that  
17 Murray's story change was discussed?

18 MS. BARTON: Same objection.

19 THE WITNESS: I don't remember that anywhere  
20 in the reports, and I don't have an independent  
21 recollection of that, sir.

22 BY MR. SHAPIRO:

23 Q. Do you have any reason to doubt that it was  
24 discussed?

144

1 MS. BARTON: Same objection.

2 THE WITNESS: I don't have any reason to  
3 doubt.

4 BY MR. SHAPIRO:

5 Q. Okay. And that's -- that -- just to be  
6 clear, that is the question I'm asking, do you have  
7 any reason to doubt; so let me ask the next question.

8 Do you have any reason to doubt that in the  
9 course of the investigation the fact that Murray  
10 failed to cooperate in his polygraph examination was  
11 discussed?

12 MS. BARTON: Objection to form, foundation.

13 BY MR. SHAPIRO:

14 Q. Any reason to doubt that? That's the  
15 question.

16 A. No, I don't have any reason to doubt that.

17 Q. Do you have any reason to doubt that all of  
18 these things that I've just mentioned would have been  
19 discussed even if you don't have an independent  
20 recollection of them?

21 MR. DiCIANNI: Let me just -- let me just ask  
22 you for a clarification. You can provide it if you  
23 want or not.

24 When you say discussed, you're talking about

145

1 in the course of the entire investigation between one  
2 person and another, not necessarily with him? That's  
3 the way I've interpreted all your questions. Is that  
4 accurate?

5 MR. SHAPIRO: We can do it again with him if  
6 you want.

7 BY MR. SHAPIRO:

8 Q. Do you have any reason to doubt that in the  
9 course of the investigation the alibi of John Murray  
10 was discussed with you? Do you have any reason to  
11 doubt that?

12 MS. BARTON: Objection to foundation.

13 MR. DiCIANNI: Yeah, I -- well, I will object  
14 to that. But I think that's a -- never mind.

15 THE WITNESS: At what point in the process,  
16 sir? Early on in the investigation or towards the  
17 later stage of the investigation prior to the arrest?

18 BY MR. SHAPIRO:

19 Q. Does your answer change depending on the  
20 stage of the investigation we're talking about?

21 A. I believe it may.

22 Q. How so?

23 A. If there was no alibi for John Murray in the  
24 first week of the investigation, then that means

146

1 that's something that we need to follow up on, and  
2 there's plenty of time to follow up on that. If  
3 there was a question about a hole in his alibi on the  
4 day before Alan's arrest, then that would have been a  
5 totally different issue.

6 So to ask me if I would have had reason to  
7 be concerned over that, it all depends on at what  
8 point in the investigation that was brought to my  
9 attention, if it was brought to my attention.

10 Q. Why would there be a difference in -- with  
11 regard to whether Murray's lack of an alibi would  
12 concern you in the first few days of the  
13 investigation versus before Beaman's arrest?

14 A. Because in the first stages of the  
15 investigation, we would not have made any attempts to  
16 try to verify that alibi. As things went farther  
17 down the road, if that alibi still existed, then that  
18 brings more concern.

19 Q. The al -- I'm talking about the lack of an  
20 alibi.

21 A. Yes, sir.

22 Q. The lack of -- you're saying that there  
23 would be more concern of the lack of an alibi in the  
24 later stages of the investigation?

147

1 thought what I was asking about is whether you were  
2 concerned with these issues. That's not what I'm  
3 asking. I'm asking whether you have any reason to  
4 doubt that they were discussed with you.

5 Do you have any reason to doubt that in the  
6 course of the investigation the alibi of John Murray  
7 was discussed with you?

8 MR. DiCIANNI: I'll object to the form of the  
9 question.

10 You can go ahead and answer.

11 MS. BARTON: I'm going to join the objection  
12 and add foundation.

13 THE WITNESS: I don't remember if that --  
14 you're asking if I have a reason to doubt if it  
15 happened?

16 BY MR. SHAPIRO:

17 Q. Yes.

18 A. I don't have a reason to believe that it did  
19 happen, and I don't have a reason to believe that it  
20 didn't happen, sir.

21 Q. Okay. No reason to doubt that it happened,  
22 right?

23 A. I guess it's a nonanswer, but I didn't  
24 investigate John Murray, and so I don't have a reason

149

1 to doubt or reason to believe.

2 (Plaintiff's attorneys confer off  
3 the record.)

4 BY MR. SHAPIRO:

5 Q. I mean, the status of Murray's alibi is an  
6 element of the investigation, right?

7 A. Yes, it is.

8 Q. And the elements of the investigation and  
9 the progress of the investigation were discussed  
10 during the investigative meetings that you and I have  
11 discussed today, right?

12 MS. BARTON: Objection to form, foundation.

13 MR. DiCIANNI: I'll join.

14 THE WITNESS: I assume they would have been,  
15 yes.

16 BY MR. SHAPIRO:

17 Q. Doesn't that suggest to you that Murray's  
18 alibi would have been discussed among the  
19 investigators during the course of the investigation?

20 MR. DiCIANNI: Objection, speculation.

21 MS. BARTON: Same objection.

22 THE WITNESS: At some point it's possible  
23 that it could have been discussed at a meeting.

24

150

1 BY MR. SHAPIRO:

2 Q. It's likely that it would have been  
3 discussed, isn't it?

4 A. Yes.

5 MR. DiCIANNI: Objection.

6 BY MR. SHAPIRO:

7 Q. And you were present at the investigators  
8 meetings, right?

9 A. I was present at a number of them. I can't  
10 tell you exactly that I was present at every one of  
11 them.

12 Q. Did you think that -- and the fact that  
13 John Murray's story shifted, that would have been an  
14 element of the investigation too, right?

15 MR. DiCIANNI: Objection.

16 MS. BARTON: Objection to form.

17 MR. DiCIANNI: Yeah, form.

18 THE WITNESS: I don't remember John Murray's  
19 story.

20 BY MR. SHAPIRO:

21 Q. That's not the question.

22 I'm asking you whether that was an aspect  
23 of -- a fact that was revealed during the course of  
24 the investigation?

151

1 A. And I --

2 MR. DiCIANNI: Objection, speculation.

3 MS. BARTON: I'll join.

4 THE WITNESS: And I answered that. I don't  
5 recall that being a part of the investigation of  
6 Mr. Murray's story changing.

7 BY MR. SHAPIRO:

8 Q. Assume with me that -- well, let me ask you  
9 this. If there were a suspect whose story changed in  
10 the course of the investigation, that's something  
11 that would be discussed at an investigators meeting  
12 in all likelihood --

13 MR. DiCIANNI: Object --

14 BY MR. SHAPIRO:

15 Q. -- is that a fair statement?

16 MR. DiCIANNI: Objection, speculation.

17 MS. BARTON: Join the objection.

18 THE WITNESS: Depending on the severity of  
19 that story and the severity of that person's  
20 involvement in the case, then it could have.

21 BY MR. SHAPIRO:

22 Q. And if it were someone who were convicted --  
23 who were connected to the murder and a -- and a shift  
24 with regard to a story on the day of the murder, is

152

1 that something that would have been discussed at an  
2 investigative meeting?

3 MS. BARTON: Objection; form, foundation.

4 MR. DiCIANNI: I'll join.

5 THE WITNESS: You're asking me to make an  
6 assumption, sir.

7 BY MR. SHAPIRO:

8 Q. I'm asking you -- yeah, I'm asking you to  
9 draw a conclusion about what would ordinarily be  
10 discussed in these meetings regarding the  
11 investigation?

12 MS. BARTON: Same objection.

13 MR. DiCIANNI: Join.

14 THE WITNESS: Okay. So if somebody's story  
15 changed and they were a part of the investigation and  
16 it surrounded the day of the murder --

17 BY MR. SHAPIRO:

18 Q. Uh-huh.

19 A. -- yes.

20 Q. That would have been discussed?

21 A. That --

22 MR. DiCIANNI: No, that wasn't the question.

23 I'll object.

24 THE WITNESS: That was not the question. You

153

1 asked if that was -- could you repeat the question,  
2 please?

3 BY MR. SHAPIRO:

4 Q. What's the question that you thought you  
5 were answering?

6 A. That's why I just asked her to repeat it,  
7 sir.

8 Q. Why don't I ask you another one.

9 MR. DiCIANNI: Well --

10 THE WITNESS: I'd like to clarify --

11 BY MR. SHAPIRO:

12 Q. That's -- that's --

13 A. -- my answer, please.

14 Q. All right. Mr. Freesmeyer, I'm just going  
15 to continue with the questioning.

16 MR. DiCIANNI: You're withdrawing the last  
17 question?

18 MR. SHAPIRO: Yeah, I'll withdraw the last  
19 question.

20 BY MR. SHAPIRO:

21 Q. Would you agree with me that if there were a  
22 suspect in the investigation whose story changed that  
23 that is something that would have been discussed in  
24 the investigative meetings?

154

1 MR. DiCIANNI: Objection, speculation.

2 MS. BARTON: I'll join.

3 THE WITNESS: I'm making an assumption as we  
4 sit here today that, yes, it would have been talked  
5 about.

6 BY MR. SHAPIRO:

7 Q. Is the fact that John Murray failed to  
8 cooperate in a polygraph examination something that  
9 would have been talked about in investigative  
10 meetings?

11 MR. DiCIANNI: Objection, speculation.

12 MS. BARTON: Objection to form and  
13 foundation.

14 THE WITNESS: As we sit here today, all I can  
15 do is assume, sir, that that would have been discussed  
16 in a meeting.

17 BY MR. SHAPIRO:

18 Q. Is John Murray's potential motive in this  
19 case something that would have been discussed in  
20 investigative meetings?

21 MR. DiCIANNI: Objection, speculation.

22 MS. BARTON: Objection to form and  
23 foundation.

24 THE WITNESS: I'm unaware of what

155

1 John Murray's motive would have been in this case,  
2 sir. I don't remember that.

3 BY MR. SHAPIRO:

4 Q. Well, I'll tell you how the Illinois Supreme  
5 Court characterized it and what -- and what -- and  
6 what the Illinois Supreme Court said was that there  
7 were two possible motives for Murray. One was the  
8 fact that he was a former lover of Lockmiller who was  
9 attempting to rekindle the relationship. The other  
10 was that he was a drug dealer that -- to whom  
11 Lockmiller owed money.

12 Assuming that to be true, is that something  
13 that would have been discussed in investigative  
14 meetings?

15 MR. DiCIANNI: Objection, speculation.

16 MS. BARTON: I'll join.

17 THE WITNESS: If there were truth to those  
18 two, then that would have been -- that could have been  
19 a topic for discussion. I don't recall that, sir.

20 BY MR. SHAPIRO:

21 Q. If an investigator had found that, that  
22 would have been a topic of discussion?

23 MR. DiCIANNI: Spec -- objection to  
24 speculation.

156

1 MS. BARTON: Objection to form and  
2 foundation.

3 THE WITNESS: It could have been a topic for  
4 discussion, sir.

5 BY MR. SHAPIRO:

6 Q. Would you assume that it would have been?

7 MR. DiCIANNI: Objection, asking him to  
8 assume something.

9 MS. BARTON: I'll join.

10 THE WITNESS: I prefer not to make an  
11 assumption, sir. I don't have an independent  
12 recollection of that conversation happening.

13 (Plaintiff's attorneys confer off  
14 the record.)

15 BY MR. SHAPIRO:

16 Q. Would it be good police practice to discuss  
17 such matters at investigative meetings?

18 MR. DiCIANNI: Objection, form of the  
19 question.

20 MS. BARTON: I'll join the objection and add  
21 foundation.

22 THE WITNESS: If it needed to be brought to  
23 the attention of the rest of the team and it wasn't  
24 able to be handled by the people that were dealing

157

1 with it, then yes.

2 MR. DiCIANNI: Let's take a break. I want to  
3 confer.

4 THE VIDEOGRAPHER: Off the record, 2:01.

5 (Whereupon, a break was taken,  
6 after which the following  
7 proceedings were had:)

8 THE VIDEOGRAPHER: Back on the record, 2:02.

9 BY MR. SHAPIRO:

10 Q. Would it be good police practices for all  
11 investigators on a case to be kept apprised of  
12 developments regarding alternative suspects?

13 MR. DiCIANNI: Objection, form of the  
14 question.

15 MS. BARTON: I'll join.

16 THE WITNESS: Yes.

17 BY MR. SHAPIRO:

18 Q. And what -- why would that be a good  
19 practice?

20 MR. DiCIANNI: Same objection.

21 THE WITNESS: For shared knowledge of  
22 everyone handling the case, sir.

23 BY MR. SHAPIRO:

24 Q. So it's a good practice for everyone

158

1 involved to be kept abreast of the developments that  
2 are going on?

3 MS. BARTON: Objection to form and  
4 foundation.

5 MR. DiCIANNI: Join.

6 THE WITNESS: Yes, it would be a good  
7 practice.

8 BY MR. SHAPIRO:

9 Q. And why is it important for everyone to be  
10 kept abreast of what's going on in the investigation?

11 MS. BARTON: Objection to form.

12 THE WITNESS: In order to do a thorough  
13 investigation, sir.

14 BY MR. SHAPIRO:

15 Q. Do you think that a thorough investigation  
16 was -- was conducted in the Lockmiller case?

17 A. Yes, I do.

18 Q. Do you think good police practices were  
19 followed?

20 A. Yes, I do.

21 Q. Would it have been a good police practice to  
22 keep the whole team informed of developments with  
23 regard to John Murray?

24 MS. BARTON: Objection to form and

159

1 foundation.

2 THE WITNESS: Yes, it would.

3 MR. DiCIANNI: Speculation too.

4 BY MR. SHAPIRO:

5 Q. Do you think that was done?

6 MS. BARTON: Objection to form.

7 THE WITNESS: Yes, I do.

8 BY MR. SHAPIRO:

9 Q. So if John Murray lacked an alibi, it would  
10 have been good practices to inform the entire team of  
11 that, correct?

12 MS. BARTON: Objection to form, foundation.

13 MR. DiCIANNI: Object to form.

14 THE WITNESS: Yes.

15 BY MR. SHAPIRO:

16 Q. And that would have been done?

17 MS. BARTON: Same objection.

18 MR. DiCIANNI: Objection, speculation.

19 THE WITNESS: I cannot recall, sir.

20 BY MR. SHAPIRO:

21 Q. I asked do you think it would have been  
22 done.

23 MS. BARTON: Same objection.

24 MR. DiCIANNI: Objection, speculation.

160

1 THE WITNESS: I don't recall, sir.

2 BY MR. SHAPIRO:

3 Q. Do you think good police practices would  
4 have been followed?

5 A. I believe good practices were followed in  
6 the investigation, sir.

7 Q. And would it have been a good police  
8 practice to keep everyone informed of developments  
9 with regard to John Murray's lack of an alibi?

10 MR. DiCIANNI: Objection, asked and answered.

11 MS. BARTON: Form and foundation.

12 MR. DiCIANNI: And form.

13 THE WITNESS: I've already answered that as  
14 yes.

15 BY MR. SHAPIRO:

16 Q. But you're not sure if anyone was informed  
17 of Murray's alibi; is that what you're saying?

18 A. I told you I have no -- no memory of that.

19 Q. Would it have been good police practice to  
20 keep everyone in the investigative team informed of  
21 Murray's alibi? I'm sorry. Strike that.

22 Would it have been good police practice to  
23 keep the full investigative team apprised of Murray's  
24 motive?

161

1 MS. BARTON: Objection to form and  
2 foundation.

3 THE WITNESS: If that rose to a level of  
4 importance, yes.

5 BY MR. SHAPIRO:

6 Q. And assuming with me that Murray was owed  
7 money by the victim in connection with a drug deal  
8 and that he was a former lover seeking to rekindle  
9 the relationship, would that be the sort of important  
10 information that should be shared with the team if  
11 good police practices are being followed?

12 MS. BARTON: Objection to form and  
13 foundation.

14 MR. DiCIANNI: Object, speculation.

15 THE WITNESS: I don't know that -- those  
16 statements to be true, sir.

17 BY MR. SHAPIRO:

18 Q. I understand that. I'm asking you to assume  
19 that they're and with that assumption. Is that the  
20 sort of information that would be shared with the  
21 whole team under good police practices?

22 MR. DiCIANNI: I'll object, form of the  
23 question.

24 MS. BARTON: Same objection.

162

1 THE WITNESS: I don't know, sir.

2 BY MR. SHAPIRO:

3 Q. Wouldn't those be important developments in  
4 the course of the investigation?

5 MS. BARTON: Objection to form.

6 MR. DiCIANNI: I agree -- I agree with that  
7 objection.

8 THE WITNESS: I don't know, sir. I was not  
9 in charge of investigating Larbi Murray.  
10 Detective Daniels and Detective Hospelhorn were  
11 responsible for his investigation.

12 BY MR. SHAPIRO:

13 Q. No, I understand that. But what I'm asking  
14 you is, would you consider it an important  
15 development to learn that he was owed money for drugs  
16 by  
17 Jennifer Lockmiller and that he was a former lover  
18 who was seeking to rekindle the relationship?

19 MS. BARTON: Objection to form.

20 MR. DiCIANNI: Object to form, speculation.

21 THE WITNESS: I don't remember that, sir.

22 BY MR. SHAPIRO:

23 Q. Okay. Did John Murray ever serve as a  
24 confidential informant for the Normal Police

163

1 Department?

2 A. I don't know, sir.

3 Q. Do you have any knowledge of a division or  
4 program of the Normal Police Department referred to  
5 as Task Force 6?

6 A. I'm aware of the existence of Task Force 6.

7 Q. What's Task Force 6?

8 A. It was a drug unit.

9 Q. What were its activities?

10 A. I don't know, sir.

11 Q. Who was assigned to Task Force 6?

12 A. I believe --

13 MR. DiCIANNI: I'll object to the foundation  
14 as to when.

15 THE WITNESS: During my tenure at Normal,  
16 John Belcher was assigned from our agency.

17 BY MR. SHAPIRO:

18 Q. Do you know if there were confidential  
19 informants who worked with Task Force 6?

20 A. I don't know, sir. I didn't work for Task  
21 Force 6.

22 Q. I want to go back for a moment to a  
23 different area. Earlier you were talking about the  
24 process through which files were put in central

164

1 records and transferred to the State's Attorney's  
2 Office.

3 Now, I understand that that's not a process  
4 that you were directly involved in, right?

5 A. Correct.

6 Q. Okay. And I'm just trying to understand how  
7 that -- how that process works.

8 What type of files get sent into central  
9 records?

10 A. Any files that become a part of the official  
11 police report. Would be written case reports; would  
12 be written statements; it could be any document  
13 received by the police department which is not  
14 evidence in fact but informational.

15 Q. Okay. And any evidence received by the  
16 police department which is not evidence would go into  
17 that central file?

18 MR. DiCIANNI: Object to form.

19 THE WITNESS: I wouldn't say any. That's a  
20 broad word, sir.

21 BY MR. SHAPIRO:

22 Q. Okay. Well, I'm not trying to put words in  
23 your mouth. I'm trying to understand.

24 Maybe if you could just continue helping me  
165

1 to understand what exactly goes into that file, we  
2 can take it from there.

3 A. Police reports, written statements,  
4 transcripts, documents received by the police  
5 department from outside agencies which are not in and  
6 of themselves evidence.

7 I can't go through the entire list, sir,  
8 because it's on a case-by-case basis what could go  
9 into records and what would need to go into evidence.

10 Q. Well, maybe you can give me some examples of  
11 one category you provided which is documents received  
12 from outside agencies that are not evidence.

13 What -- what -- what -- can you give me some  
14 examples of those --

15 A. A return from the crime lab on DNA finger --  
16 on latent fingerprints or DNA results. The items  
17 themselves tested would go into evidence, but the  
18 report explaining the results of that would go into  
19 the file and records.

20 Q. And typically that report would take the  
21 form of a letter from the DNA expert to one of the  
22 detectives working on the case; is that --

23 A. Yes.

24 Q. -- is that accurate?

166

1 A. Yes.

2 Q. Okay. Do you think the same would hold  
3 true from a letter from a polygraph examiner to a  
4 detective in the case?

5 A. Yes.

6 Q. That would go into central records?

7 A. That would be -- yes, would be one of the  
8 places it would go.

9 Q. Uh-huh. And one of the purposes of  
10 collecting documents in central records is that those  
11 are documents that at some point are provided to the  
12 State's Attorney?

13 MS. BARTON: Objection to form.

14 BY MR. SHAPIRO:

15 Q. Is that correct?

16 A. They can be. They're not presented every  
17 time depending on the nature of the case. Such as if  
18 we have a deceased body and we get results back on  
19 the deceased body and it's not a criminal prosecution  
20 of anybody, a suicide, for instance, then it may go  
21 into archive in the records section.

22 If it's an arrest situation, then there's a  
23 high potential that that information would then be  
24 forwarded to the State's Attorney's Office.

167

1 Q. I see. Okay. So let's put aside cases that  
2 are not charged in the State's Attorney's Office,  
3 doesn't have any involvement.

4 A. Okay.

5 Q. For cases that the State's Attorney's Office  
6 is involved in --

7 A. Yes.

8 Q. -- prosecuting, the central records files  
9 goes to the State's Attorney's Office?

10 A. A copy of those files, not the original  
11 file.

12 Q. A copy of the file?

13 A. Yes, sir.

14 Q. Okay.

15 (Plaintiff's attorneys confer off  
16 the record.)

17 BY MR. SHAPIRO:

18 Q. So you mentioned that polygraph reports from  
19 the polygraph exam would go into the central file,  
20 correct?

21 A. I believe so.

22 Q. I'd like to direct your attention to  
23 Exhibit 24, please. It's in Volume 1.

24 And you can take a moment to review it and

168

1 just indicate when you're done by looking up.

2 Is the document shown in Plaintiff's  
3 Exhibit 24 something that would have gone into the  
4 central file?

5 A. I believe so, yes.

6 Q. And Exhibit 24 is a letter from polygraph  
7 examiner Terrence McCann to Detective David Warner  
8 regarding an attempted polygraph of John Murray,  
9 right?

10 MS. BARTON: Objection to form. It also  
11 includes several other documents.

12 MR. SHAPIRO: That's fine. Yeah --

13 MS. BARTON: There's 30 pages here.

14 BY MR. SHAPIRO:

15 Q. We can clarify that.

16 Let's start with the first page. First page  
17 of Exhibit 24 is a report from the polygraph examiner  
18 Terrence McCann to Detective David Warner regarding a  
19 polygraph attempt of John Murray in connection with  
20 the Lockmiller investigation, right?

21 A. Yes.

22 Q. Okay. And I don't know if you -- did you  
23 have a chance to go through the pages following the  
24 first page of the exhibit?

169

1 A. No, sir. I just looked at the first page.

2 Q. Yeah, go ahead. Just take ...

3 A. Is there a difference between page 1 and  
4 page 13?

5 Q. I produced it as it was provided to us. It  
6 may be -- there may be a repeat of pages.

7 A. It looks like a duplicate of everything.

8 Q. Well, I'm not trying to hide -- well, the  
9 question is going to be are these the type of  
10 documents that go into the central file, so whatever  
11 level of review --

12 A. Yes, they are.

13 Q. All of these documents are ones that you  
14 believe --

15 A. I --

16 Q. -- would have gone?

17 A. I don't know about all the documents, sir.  
18 I know the cover letter, I believe, would have gone  
19 in.

20 Q. Okay.

21 A. I don't know about the others.

22 Q. They might have, but you're not sure?

23 A. I don't know.

24 Q. Yeah, what would have happened to the other

170

1 documents if they didn't go into the central file?

2 MS. BARTON: Objection, foundation.

3 THE WITNESS: I don't know, sir.

4 MR. BOWMAN: What's the answer?

5 MR. SHAPIRO: I don't know.

6 THE WITNESS: I don't know.

7 BY MR. SHAPIRO:

8 Q. Could you go to Exhibit 5, please. This one  
9 I'm just going to ask you about the second page of 5  
10 so just take a moment to review it. I'm sorry.  
11 Second and third page bears a Bates stamp 1496 and  
12 1497 at the bottom.

13 A. I'm sorry. Did you say --

14 MR. DiCIANNI: Is there a question pending?

15 MR. SHAPIRO: There's not a question pending.

16 I want -- I'm indicating that I'm going to ask a  
17 question --

18 MR. DiCIANNI: Okay.

19 MR. SHAPIRO: -- giving a chance --

20 MR. DiCIANNI: Okay. Before you do that, I  
21 want to confer, okay?

22 MR. SHAPIRO: All right.

23 MR. DiCIANNI: Yeah, before you ask the  
24 question.

171

1 THE VIDEOGRAPHER: Off the record, 2:18.

2 (Whereupon, a break was taken,  
3 after which the following  
4 proceedings were had:)

5 THE VIDEOGRAPHER: Going back on the record,  
6 2:19.

7 BY MR. SHAPIRO:

8 Q. We were talking about pages 2 and 3 of  
9 Exhibit 5 which bear Bates stamp 1496 and 1497.

10 Have you had a chance to review those pages?

11 A. Yes, sir.

12 Q. Uh-huh. Is this a document that would have  
13 gone into the central file in the Lockmiller case?

14 A. I believe so, yes.

15 Q. And these pages are a letter from polygraph  
16 examiner Terrence McCann to Detective David Warner  
17 regarding a polygraph of Stacey Gates in connection  
18 with the Lockmiller investigation, correct?

19 A. Yes.

20 Q. Help me understand the process through which  
21 files in the central record are provided to the  
22 State's Attorney Office. How does that work?

23 A. I can't tell you, sir. I don't know.

24 Q. Who would know how that process works?

172

1 A. I don't know, sir.

2 Q. Well, you said that a copy is provided to  
3 the State's Attorney's Office, right?

4 A. Yes.

5 Q. Is a copy made in the police department and  
6 sent over to the State's Attorney's Office?

7 MS. BARTON: Objection to form.

8 THE WITNESS: I don't know, sir. I didn't  
9 work in the records section.

10 BY MR. SHAPIRO:

11 Q. Okay. But it -- okay. It's something  
12 that's handled by the records section?

13 A. I don't know. I know the reports went to  
14 records.

15 Q. Uh-huh.

16 A. So -- I don't know.

17 Q. Now, when you -- you became the lead  
18 detective -- when you became the lead detective, you  
19 had some responsibility for ensuring that records  
20 were provided to the prosecutor; is that right?

21 A. Yes.

22 Q. Okay. What process did you go through in  
23 order to make sure that documents were provided to  
24 the prosecutor when you were in that role?

173

1           A.    I don't remember, sir. That was one month  
2 between November and December of 1994 that I was in  
3 charge of the detective division before I was moved  
4 straight to the State's Attorney's Office. I don't  
5 remember what process I used for that 30-day period.

6           Q.    Were you the lead investigator in any other  
7 cases in your career and -- within -- in the Normal  
8 Police Department?

9           A.    Oh, yes, many.

10          Q.    Uh-huh. And in those cases, did you have  
11 responsibility for ensuring that the prosecutor  
12 received documents regarding cases you were working  
13 on?

14          A.    I had responsibility for making sure my  
15 supervisor was provided those documents. So I would  
16 provide all of my documents to my supervisor, and he  
17 would have to sign off on them before anything went  
18 to the State's Attorney's Office.

19          Q.    And in the Lockmiller case, would Zayas have  
20 had to sign off on any documents before they went to  
21 the State's Attorney's Office?

22          A.    Zayas. Lieutenant Zayas was responsible for  
23 any case coming out of the detective division, so he  
24 would be responsible for either approving or signing

174

1 off on reports before they were submitted anywhere.

2 Q. Would he have to approve -- strike that.

3 When you say he would approve the reports,  
4 meaning he would sign them and make sure that they  
5 were properly completed, right?

6 A. Yes.

7 Q. And did he also have to sign off on  
8 decisions about which documents to send to the  
9 State's Attorney's Office?

10 MS. BARTON: Objection to form and  
11 foundation.

12 THE WITNESS: That I don't know, sir.

13 BY MR. SHAPIRO:

14 Q. Did he sign off on decisions about which  
15 documents to -- no, strike that. I'm sorry.

16 (Plaintiff's attorneys confer off  
17 the record.)

18 BY MR. SHAPIRO:

19 Q. Irrespective of whose individual  
20 responsibility it was to provide certain documents to  
21 the prosecutor's office, what was your understanding  
22 of a police officer's responsibility for ensuring  
23 that the prosecutor receives documents in the case?

24 MR. DiCIANNI: At Normal?

175

1 MR. SHAPIRO: Yes.

2 MR. DiCIANNI: You're talking about -- you're  
3 not taking about general police practices. You're  
4 talking about --

5 MR. SHAPIRO: Well -- well --

6 MR. DiCIANNI: -- the Normal Police  
7 Department?

8 MR. SHAPIRO: I'll ask both questions.  
9 That's good actually.

10 BY MR. SHAPIRO:

11 Q. What was your understanding -- with regard  
12 to good police practices, what was your understanding  
13 of the role of a police officer in ensuring that  
14 documents are provided to the prosecuting attorney?

15 MR. DiCIANNI: Object to the form of the  
16 question.

17 MS. BARTON: And foundation.

18 MR. DiCIANNI: And foundation.

19 THE WITNESS: My understanding at our  
20 department was the police officer was responsible for  
21 reporting the information accurately and submitting  
22 that report to their immediate supervisor. Their  
23 immediate supervisor would then send it to either  
24 their supervisor, or it would be disbursed to the

176

1 records section or the State's Attorney's Office if it  
2 were an arrest situation.

3 BY MR. SHAPIRO:

4 Q. What was your understanding of how the  
5 supervisor would determine which documents would be  
6 sent over?

7 MS. BARTON: Objection to form.

8 THE WITNESS: I don't recall, sir.

9 MR. DiCIANNI: I join.

10 BY MR. SHAPIRO:

11 Q. I mean, would you agree with me that there  
12 are some documents in a police file that are  
13 important to the prosecution and some that are not?

14 MS. BARTON: Objection to foundation.

15 MR. DiCIANNI: Same objection.

16 THE WITNESS: Yeah, I imagine a parking  
17 ticket would not be a concern to the State's  
18 Attorney's Office. So in that light, yes, I guess  
19 some documents would be of their concern and some  
20 would not.

21 MR. SHAPIRO: Uh-huh.

22 (Plaintiff's attorneys confer off  
23 the record.)

24

177

1 BY MR. SHAPIRO:

2 Q. Was it your understanding that the Normal  
3 Police Department had an obligation to provide the  
4 investigative file to the prosecutor's office?

5 MS. BARTON: Objection to form.

6 MR. DiCIANNI: Yeah, I object. And I  
7 don't -- by legal obligation, based on you're asking  
8 him for a legal opinion.

9 BY MR. SHAPIRO:

10 Q. I'm asking you whether in your view the  
11 Normal Police Department had any obligation to  
12 provide the investigative file to the prosecutor's  
13 office.

14 MR. DiCIANNI: Object to the form of the  
15 question.

16 MS. BARTON: I'll join.

17 THE WITNESS: I don't know what our  
18 obligation was, sir.

19 (Plaintiff's attorneys confer off  
20 the record.)

21 BY MR. SHAPIRO:

22 Q. Do you have any understanding of the  
23 obligation of the police department to provide  
24 documents exculpating the defendant to the State's

178

1 Attorney's Office?

2 MS. BARTON: Objection to form.

3 MR. DiCIANNI: Yeah, same objection.

4 THE WITNESS: Exculpating the defendant, can  
5 you explain that phrase?

6 BY MR. SHAPIRO:

7 Q. Tending to suggest the defendant's  
8 innocence.

9 MS. BARTON: Same objection.

10 THE WITNESS: Okay. Now would you repeat the  
11 question, please?

12 BY MR. SHAPIRO:

13 Q. Uh-huh. Do you have any understanding of  
14 the Normal Police Department's obligation to provide  
15 exculpatory evidence to the State's Attorney's  
16 Office?

17 A. Well, our responsibility was to provide  
18 information -- factual information in a case, whether  
19 it was positive or negative, to put that into the  
20 report, submit that to our supervisor. The  
21 supervisor then responsible to make sure that those  
22 are going into records or going to the State's  
23 Attorney's Office.

24 Now, I don't know if that helps you, sir, 179

1 but in the Normal police report, that original report  
2 was a triplicate form. There was a pink form, a  
3 yellow form, and a white form. The pink form went to  
4 detectives, I believe the white form went to the  
5 State's Attorney's Office -- I'm sorry. The pink  
6 form went to detectives, the yellow I believe went to  
7 the State's Attorney's Office, and the white went to  
8 the records section.

9 That's the extent of what I know of how  
10 those forms are disseminated to various places.

11 Q. I'm -- I want to be very clear that I'm not  
12 talking about the manner of dissemination right now,  
13 and I'm not talking about the color of the forms.

14 What I'm asking is: Do you have any  
15 understanding of an obligation on behalf of the  
16 Normal Police Department to provide exculpatory  
17 evidence to the prosecutors in a case?

18 MR. DiCIANNI: I'll object, asked and  
19 answered.

20 MS. BARTON: I'll join.

21 MR. DiCIANNI: He's already answered it.

22 THE WITNESS: No, sir.

23 BY MR. SHAPIRO:

24 Q. No understanding?

180

1 A. No understanding.

2 Q. Do you have any understanding of the  
3 obligation of law enforcement to provide exculpatory  
4 evidence to the defense in a criminal case?

5 A. No, sir.

6 Q. In the course of your work in the Lockmiller  
7 homicide investigation, did you do anything at all to  
8 ensure that the State's Attorney's Office received  
9 exculpatory evidence?

10 MR. DiCIANNI: Object to form of the  
11 question.

12 MS. BARTON: Join and add foundation.

13 THE WITNESS: I guess in answer to your

14 question, I just made sure that documents that I  
15 received were submitted to my supervisor and then into  
16 the records section or into evidence if they needed to  
17 be placed into evidence. If they were to go into  
18 records, I would have routed them through my  
19 supervisor. Where they go from there, sir, is not my  
20 responsibility.

21 BY MR. SHAPIRO:

22 Q. Are you talking about documents that you  
23 personally prepared?

24 A. Yes, my 62-page written police report

181

1 submitted to my supervisor.

2 Q. Beyond the fact that you submitted police  
3 reports to your supervisor, did you do anything at  
4 all to ensure that any exculpatory evidence in the  
5 Lockmiller homicide investigation was provided to the  
6 State's Attorney's Office?

7 MR. DiCIANNI: Object to form.

8 MS. BARTON: And foundation.

9 THE WITNESS: I don't recall.

10 BY MR. SHAPIRO:

11 Q. Did you take any handwritten notes in the  
12 course of the investigation in this case?

13 A. Yes, I did.

14 Q. Did you provide any of them to the State's  
15 Attorney's Office?

16 A. No, I did not.

17 Q. Did you ultimately destroy them?

18 A. Yes, I did.

19 Q. When did you destroy them?

20 A. After all that information was transferred  
21 into my police report.

22 Q. So if you had information in a handwritten  
23 note that were not transferred in the police report,  
24 it would not be provided to the State's Attorney's

182

1 Office, right?

2 MR. DiCIANNI: Objection. That's not what  
3 he's saying.

4 MS. BARTON: I'll join the objection.

5 THE WITNESS: My handwritten notes may have  
6 also been put in other types of reports such as phone  
7 records, could have been put into a presentation such  
8 as the one that we used for court purposes.

9 My handwritten notes would have been used as  
10 a temporary way of refreshing what I did until I  
11 completed some final document that would not always be  
12 the police report.

13 BY MR. SHAPIRO:

14 Q. Did you take handwritten notes in the course  
15 of the time trials you performed in this case?

16 A. Yes, I did.

17 MS. BARTON: Form, foundation.

18 BY MR. SHAPIRO:

19 Q. Did you take any handwritten notes relating  
20 to your interviews with Alan Beaman that were not  
21 recorded in report?

22 A. No.

23 Q. How do you remember that?

24 A. Because that was a habit of mine when I was  
183

1 a police officer. If I were to keep every  
2 handwritten note on every case I handled, I would  
3 have volumes and volumes of handwritten notes. So it  
4 was a practice of mine and that was taught in the  
5 academy that when you take information, you jot it  
6 down in your notebook. Once you write the police  
7 report, you destroy your notes.

8 Q. Okay. I think my question probably wasn't  
9 clear to you and -- did you take any handwritten  
10 notes regarding interviews with Beaman that were not  
11 recorded in your report? I'm not asking whether you  
12 kept them.

13 A. Oh, did I take notes?

14 Q. Did you take any notes that weren't recorded  
15 in your report?

16 MR. BOWMAN: No, that were reported.

17 BY MR. SHAPIRO:

18 Q. That were reported.

19 MR. DiCIANNI: Wait.

20 THE WITNESS: You're confusing me.

21 MR. DiCIANNI: Yeah.

22 MR. SHAPIRO: Pardon me.

23 (Plaintiff's attorneys confer off  
24 the record.)

184

1 BY MR. SHAPIRO:

2 Q. All right. There -- I'm sorry. Let me  
3 clarify.

4 There are -- some of your interviews with  
5 Beaman were recorded with a tape recorder and some  
6 were not, right?

7 A. Yes.

8 Q. Okay. Did you take any handwritten notes in  
9 the interviews with Beaman that were not recorded on  
10 the tape recorder?

11 A. Yes.

12 Q. And were those notes ultimately destroyed?

13 A. Yes.

14 Q. As of May 16, 1994, the day that Beaman was  
15 charged, had you reviewed all of the police reports  
16 that had been prepared as of that date?

17 A. I don't remember, sir.

18 Q. Okay. So it's possible that a decision was  
19 made to charge Beaman without your reviewing all of  
20 the police reports that had been prepared?

21 MS. BARTON: Objection, form.

22 MR. DiCIANNI: Objection, speculation.

23 MS. BARTON: Form and foundation.

24 THE WITNESS: I don't remember, sir, if I

185

1 reviewed all the reports or not.

2 BY MR. SHAPIRO:

3 Q. Was there a process by which the  
4 investigators on the team would receive copies of  
5 others' police reports as they were prepared?

6 MS. BARTON: Objection to form.

7 THE WITNESS: I don't remember, sir.

8 BY MR. SHAPIRO:

9 Q. Would that have been a good police practice  
10 in order to keep those on the investigative team  
11 apprised of the progress of other investigators?

12 MS. BARTON: Objection --

13 MR. DiCIANNI: Objection, form of the  
14 question.

15 MS. BARTON: I'll join.

16 THE WITNESS: I don't know, sir.

17 BY MR. SHAPIRO:

18 Q. You don't know if that would be a good  
19 police practice?

20 A. No.

21 Q. Was there any point during the trial at  
22 which you reviewed all of the police reports in this  
23 case?

24 A. I don't remember, sir.

186

1 (Plaintiff's attorneys confer off  
2 the record.)

3 BY MR. SHAPIRO:

4 Q. In the course of your investigation, did you  
5 take any handwritten notes regard -- related to  
6 interviews with Michael Swain?

7 A. I don't remember. It's likely, but I don't  
8 remember.

9 Q. Why do you say that it's likely?

10 A. Just because I could have, sir. But my  
11 interviews with Michael Swain, the first two were  
12 recorded on an auto cassette tape. So there was no  
13 need to take notes. I had the cassette tape backup  
14 to go back to.

15 Q. What about handwritten notes about your  
16 interviews with Alan's classmates?

17 A. Which interviews are you referring to, sir?

18 Q. Any interviews with students at IWU or  
19 Wesleyan?

20 A. I don't have an independent recollection of  
21 any interviews that I did with other students. I  
22 interviewed Alan and Michael Swain. I -- interviews  
23 of other people don't stand out in my mind of other  
24 students.

187

1 Q. Did you take any handwritten notes on  
2 interviews with -- interviews with Alan's neighbors?

3 A. It's possible.

4 Q. Did you take handwritten notes related to  
5 time trials conducted in this case?

6 MS. BARTON: Objection to form.

7 MR. DiCIANNI: That's been asked and  
8 answered.

9 THE WITNESS: You already asked that. Yes, I  
10 have.

11 BY MR. SHAPIRO:

12 Q. You did. Were all of those handwritten  
13 notes recorded in your report?

14 A. You've asked that also. If they weren't in  
15 the police report, they would have been put together  
16 into a presentation used for trial; but they were  
17 transferred to some other final product and then  
18 those notes were destroyed.

19 Q. What presentation are you referring to at  
20 trial?

21 A. There was a map, mileage presentation that  
22 we used at the trial that showed various times and  
23 distances. And I believe I also used that -- I only  
24 recall using it at the trial. It could have been

188

1 other places.

2 Q. Go back to John Murray for a moment, and  
3 Murray claimed in an interview that he and his  
4 girlfriend, Mackoway, were scared after hearing about  
5 the murder and slept in a hotel the first night after  
6 the murder.

7 I assume you don't have a recollection of  
8 that, right?

9 A. No, sir, I don't.

10 Q. Okay. Well, assume with me for now that  
11 it's true.

12 My question is: Was anything done to check  
13 that claim that Murray and Mackoway had slept in a  
14 hotel the night they learned about the murder?

15 MR. DiCIANNI: Objection, speculation.

16 MS. BARTON: Foundation.

17 MR. DiCIANNI: You can always speculate --

18 THE WITNESS: I don't know, sir.

19 BY MR. SHAPIRO:

20 Q. Would that have been an easy thing to check?

21 MS. BARTON: Objection to form and  
22 foundation.

23 MR. DiCIANNI: Yeah, I join.

24 THE WITNESS: I don't know, sir.

189

1 BY MR. SHAPIRO:

2 Q. Well, Mr. Freesmeyer, you've been in law  
3 enforcement for many years. You really don't know  
4 whether it would be a hard thing or an easy thing to  
5 check whether someone had slept in a hotel on a given  
6 night?

7 MS. BARTON: Same objection.

8 MR. DiCIANNI: Same objection.

9 THE WITNESS: I don't know the circumstances  
10 surrounding that if they simply said a hotel or if  
11 they gave an exact hotel in a -- you've given me no  
12 circumstances and I have no independent recollection  
13 of that statement, sir.

14 BY MR. SHAPIRO:

15 Q. Well, let's say they didn't give -- let's  
16 say they did not give a particular hotel. Could they  
17 have been easily asked what hotel they stayed at?

18 MR. DiCIANNI: Objection, speculation.

19 MS. BARTON: I'll join.

20 THE WITNESS: Yes, they could have.

21 BY MR. SHAPIRO:

22 Q. Uh-huh. And having learned and -- would it  
23 then have been easy to check whether they, in fact,  
24 had stayed at that hotel?

190

1 MR. DiCIANNI: Same objection.

2 MS. BARTON: I'll join.

3 THE WITNESS: Yes.

4 MR. BOWMAN: Take a break.

5 MR. SHAPIRO: Let's take a break.

6 THE VIDEOGRAPHER: Off the record, 2:40.

7 (Whereupon, a break was taken,  
8 after which the following  
9 proceedings were had:)

10 THE VIDEOGRAPHER: Back on the record, 2:59.

11 BY MR. SHAPIRO:

12 Q. Mr. Freesmeyer, earlier today we talked  
13 about a meeting that was held on August 29, the day  
14 after the body was discovered?

15 A. Yes.

16 Q. At the time of that -- well, Mr. Souk  
17 testified yesterday that at the time of the -- that  
18 meeting, Beaman was the primary suspect in this case.  
19 Would you agree with that characterization by  
20 Mr. Souk?

21 A. He was a major suspect.

22 Q. Was there anyone else who was a greater  
23 focus than Beaman?

24 A. I wouldn't say a greater focus, but we had

191

1 not yet ruled out Mike Swain, and we had not yet  
2 ruled out Alan Beaman; and both of them had real  
3 close relationships with Jennifer.

4 Q. Uh-huh. So as of August 29, the two primary  
5 suspects were Beaman and Swain?

6 A. Yes.

7 Q. And --

8 A. I'm sorry. Was that Saturday night or  
9 Sunday night you're referring to?

10 Q. Well, I was referring to Sunday, but who  
11 were the primary suspects on Saturday night?

12 A. Well, we had more interest in -- the primary  
13 suspect was Alan Beaman, but the interest in Swain  
14 got less as we continued in to farther conversations  
15 with him.

16 I just wanted to clarify which meeting you  
17 were talking about, the Saturday night or the Sunday  
18 night.

19 Q. So on Saturday night, Beaman was the primary  
20 suspect?

21 A. That would be a fair statement to say, yes.

22 Q. Uh-huh. And that's true on Sunday too?

23 A. Yes.

24 Q. And Swain was a secondary suspect, is that a  
192

1 fair way to put it?

2 A. Initially, yes.

3 Q. Uh-huh. And he was later eliminated as a  
4 suspect based on his alibi, right?

5 A. Yes, sir.

6 Q. I'd like to talk to you about the decision  
7 to arrest Alan Beaman and ask you to list all the  
8 reasons why you believed you had probable cause to  
9 arrest him.

10 A. Okay. First of all, his fingerprint was on  
11 the murder weapon. Second of all, the scene matched  
12 things that he had confessed to me prior on the body  
13 wire such as pulling the garbage out of the garbage  
14 can, going through her garbage for evidence of  
15 contraceptives. That was also shown at the scene  
16 with the garbage pulled out sitting on the living  
17 room couch.

18 The letter -- the voluminous letters that he  
19 had written showing his infatuation for her; 28 phone  
20 calls from her residence to his residence within  
21 the -- I think it was the day before trying to get in  
22 touch with him; his lack of an alibi during the time  
23 of the murder; his past situations of breaking down  
24 her door to get into her apartment. And the

193

1 biggest -- well, no, that came later. Those were  
2 the main things.

3 I was -- and I had gone to him point blank  
4 in interviews asking him, Alan, do you have anything  
5 else that you can give me to help clear you? And his  
6 response each time was, I got nothing or I have  
7 nothing or something to that effect. I asked him  
8 point blank, did you make any phone calls or did you  
9 go anywhere after you got off work on Wednesday  
10 morning? And he told me no, I went home and I went  
11 to bed. We know that's not true. And I know his  
12 attorney knew that wasn't true because his attorney  
13 sequestered the videotape from Bell Bank in  
14 September. So he knew that Alan went to the bank.  
15 So when Alan's making statements that I knew to be  
16 false, that was also part of the reason why I  
17 believed he was responsible.

18 MR. DiCIANNI: Let me -- are you done with  
19 your answer?

20 THE WITNESS: Yes, sir.

21 MR. DiCIANNI: Let's take a break. I want to  
22 confer.

23 THE VIDEOGRAPHER: Off the record, 3:03.

24

194

1 (Whereupon, a break was taken,  
2 after which the following  
3 proceedings were had:)

4 THE VIDEOGRAPHER: Back on the record, 3:06.  
5 BY MR. SHAPIRO:

6 Q. Mr. Freesmeyer, before the brief break, you  
7 gave me a list of reasons why you believe that there  
8 was probable cause to arrest Alan Beaman. Other than  
9 the reasons that you gave me, are there any other  
10 reasons why you believe there was probable cause to  
11 arrest Alan Beaman?

12 A. I mentioned the print on the murder weapon,  
13 I mentioned the letters and the infatuation, I  
14 mentioned the garbage can pulled out, I mentioned the  
15 fact that he had broken into her apartment before, I  
16 mentioned the 28 calls from her apartment to him  
17 trying to get in touch with him.

18 There were also a number of incriminating  
19 statements in the overhears that he made which to me  
20 seemed totally out of place and very alerting.

21 He made one comment during an overhear with  
22 Mike Swain where he said: That women dug into me  
23 with every ounce of sharp silver she had every time  
24 she could. I had never heard anybody say the

195

1 expression "dug into me with every ounce of sharp  
2 silver." And that was less than a week and a half  
3 after we found the body where she was stabbed in the  
4 chest with a pair of silver scissors with a colored  
5 handle.

6 He also made a comment to Simone Weisman  
7 that -- when we interviewed her that he told her that  
8 he could not watch Basic Instinct with Jennifer  
9 anymore because of the time when they were having sex  
10 and she reached back as if she was gonna grab  
11 something. In the movie, the female in the movie  
12 during an act of sexual intercourse reaches back and  
13 grabs an ice pick and stabs the victim in the chest  
14 with an ice pick.

15 I found that to be odd that that was fresh  
16 in his mind, the movie scene, Basic Instinct, which  
17 he had been stabbed in the chest. And we don't know  
18 if there was a sexual assault or not.

19 He also made the comment when talking to  
20 Mike Swain that he knew he was sleeping with her.  
21 And Mike said: How do you know that? And he  
22 responded: That pussy never tasted the same. That  
23 to me was incredibly crude for somebody he supposedly  
24 loved a week and a half after her death, and he said

196

1 it with hardly any remorse whatsoever.

2 He made a comment to Alan, she was never  
3 gonna be happy, man. She was never gonna be happy.  
4 And in training for homicides, they often say that  
5 when somebody makes a terminal statement like that,  
6 that they're definitive that somebody's never gonna  
7 be happy, they're trying to justify their own  
8 actions.

9 He made the comment to Mike Swain: She  
10 trained me, she trained me good, and she'd of trained  
11 you just the same. So, again, he's making those  
12 statements as a matter of fact of what would happen.

13 The fact that at the scene, there was a fan  
14 pulled down over her face which oftentimes is done  
15 when the victim -- the suspect knows the victim.

16 The fact that she was stabbed multiple times  
17 after she was already dead. According to the  
18 coroner's report, she died of strangulation and the  
19 lack of blood indicated that her heart wasn't pumping  
20 anymore when she was stabbed. That's not the act of  
21 a random person. To me, that gave me the indication  
22 that was the act of vengeance over somebody that she  
23 had hurt deeply, and she hurt Alan deeply.

24 Q. Anything else?

197

1           A.   That's about all I can recall right now,  
2   sir.

3           Q.   One of the things that you mentioned was  
4   that when you spoke to Alan and asked him whether  
5   there was anything that could clear him, he didn't  
6   mention the trip to Bell Federal Bank; right?

7           A.   That's correct.  He said he went straight  
8   home and went to bed.

9           Q.   Did you consider that a major piece of  
10  evidence against Mr. Beaman?

11          A.   I wouldn't say major, but I certainly noted  
12  that as an inconsistency especially after finding out  
13  that his attorney was well aware of that video and  
14  had actually sent a request to the bank getting a  
15  copy of the video.

16                 So as of the 1st of September, he was well  
17  aware of the fact that he was at the bank on that  
18  particular day.  And my interviews with him were well  
19  into October, November.  When I asked him if he went  
20  straight home that day, and he said:  Yes, I went  
21  straight home and went to bed.  I even asked:  Did  
22  you go anywhere else?  No, I went straight home and  
23  went to bed.

24          Q.   How do you know Alan as opposed to his

198

1 attorney was familiar with the fact that the Bell  
2 Federal evidence had been recovered?

3 A. I'm sorry. I didn't understand your  
4 question.

5 Q. Well, what you said, if I understood you,  
6 was that prior to that conversation you were  
7 describing --

8 (Plaintiff's attorneys confer off  
9 the record.)

10 BY MR. SHAPIRO:

11 Q. Let me withdraw that question and ask a  
12 different one.

13 What was incriminating, in your opinion,  
14 about Alan's not mentioning Bell Federal Bank?

15 A. It was inconsistent with what we knew to be  
16 the truth. We knew he was at the bank, and his  
17 attorney knew he was at the bank. And I gave him the  
18 opportunity to say he was at the bank, and that's not  
19 what he told me. He told me he went straight home  
20 and went to bed. It was deceit and the deceit to me  
21 was -- was suspicious.

22 Q. I think I understand your view as to why it  
23 was inconsistent. I guess what I'm asking you is why  
24 you view that as incriminating him in the murder.

199

1           A.   Well, because the Bell Federal video showed  
2   that he was out away from home; that he was out and  
3   around and he wasn't home sleeping like he claimed he  
4   was. His statement was that he went straight home  
5   and he went to bed, and his mom woke him up; and the  
6   time she woke him up varies depending on what piece  
7   of paper that you look at.

8           But the fact that he was not home asleep,  
9   that he was stopping at the bank, showed us that's  
10  not consistent with what he told us he did.

11          Q.   The fact that Mr. Beaman visited the bank at  
12  10:11 on August 25 was something that was helpful to  
13  him, right?

14          A.   I don't -- I don't know that it was helpful  
15  or hurtful to him, sir. That could have cut both  
16  ways.

17          Q.   What would you -- would you disagree that  
18  having been at Bell Federal Bank at 10:11 would have  
19  made it difficult for Alan to have been in Normal and  
20  committed a murder at noon?

21          A.   No, it would not have made it difficult.

22          Q.   It would not have made it difficult?

23          A.   It would not have made it difficult.

24          Q.   Why do you say that?

200

1 A. Because of the many time trials that I made  
2 between Bell Federal Bank and the apartment.

3 Q. How long did it take you to get from Bell  
4 Federal to the apartment?

5 A. I would have to look at my notes, sir. It's  
6 in my police report.

7 But I can tell you that the time frame from  
8 10:11 and noon at her apartment was sufficient time  
9 for him to drive from Bell Federal to Jennifer's  
10 apartment.

11 Q. Let me also ask you about your reference to  
12 the fingerprint on the clock. When you refer to the  
13 murder weapon, you're referring to the clock, right?

14 A. Yes.

15 Q. Alan Beaman had lived in that apartment with  
16 Jennifer Lockmiller for a period of time, right?

17 A. I don't believe --

18 Q. Strike that.

19 He had frequently been present in that  
20 apartment with Jennifer Lockmiller for a period of  
21 time, right?

22 A. He had been present, but I don't believe he  
23 had been living there --

24 Q. He -- he --

1 A. -- if I recall correctly.

2 Q. -- had spent the night on many occasions?

3 A. I believe so.

4 Q. Wouldn't that explain his fingerprint on the  
5 clock?

6 A. In my opinion, no.

7 Q. Why -- why do you say that?

8 A. The last time he spent the night, according  
9 to his records, was the end of June. We found the  
10 print on the clock at the end of August. That's two  
11 months down the road. We found Swain's prints on the  
12 clock, but we never found any of Jennifer's prints on  
13 the clock.

14 If he's claiming that his prints can last  
15 two months on that clock, then why didn't we find any  
16 of Jennifer's prints on it as well since she lived  
17 there every day?

18 Q. Was there any fingerprint expert who  
19 indicated to you that it was significant that  
20 Mr. Beaman's prints were on the clock?

21 A. There was a return from the crime lab  
22 showing that there was a print on the clock. I don't  
23 know that it said if it was significant or not.

24 The crime lab typically just returns a

202

1 result of what they found. Whether it's significant  
2 or not I believe is up to the investigative team.

3 Q. Was there any fingerprint expert who  
4 indicated at any point in the course of the  
5 investigation that the fingerprint on the clock was  
6 odd even though Alan Beaman had frequently spent the  
7 night at Lockmiller's apartment?

8 A. I don't recall hearing that.

9 Q. So when you say that the fingerprint was a  
10 significant piece of evidence, you're -- are you  
11 basing that solely on your own interpretation of that  
12 piece of evidence?

13 A. Yes, sir, that's my opinion.

14 Q. You also mentioned the fan that was found on  
15 Lockmiller's body. What was the significance of that  
16 piece of evidence to you?

17 A. To me it was significant because the fan was  
18 covering her face. And from what I had been taught  
19 in prior classes in investigation that when a suspect  
20 does something to someone they love or someone they  
21 know, oftentimes they'll try to cover the face as a  
22 way of dehumanizing the person. And so once they  
23 realize what they've done and unable to look at that  
24 person, that loved one, they'll put something over

203

1 the top of their face so they don't associate that as  
2 their loved one.

3 Q. Is that something you -- strike that.

4 Did you include in your police report a  
5 statement that the position of the fan was something  
6 that suggested Alan Beaman was the killer?

7 A. I don't know that I did, sir.

8 Q. If it was an important aspect of the  
9 investigation, is it something that you -- strike  
10 that.

11 If it was an important piece of evidence  
12 against Beaman, is it something that you would have  
13 included in your report?

14 A. I don't know that I would have necessarily  
15 reported or recorded that in wording. It was  
16 documented where the fan was, and to me that was an  
17 argument that would be up to the State's Attorney's  
18 Office's to point out that during the prosecution if  
19 one were to result.

20 Q. Did you -- did you mention that to the  
21 State's Attorney's Office?

22 A. I don't --

23 MS. BARTON: Objection, foundation.

24 THE WITNESS: I don't recall, sir. Been so  
204

C06225

1 long ago.

2 BY MR. SHAPIRO:

3 Q. What was the significance of the fact that  
4 Lockmiller had been stabbed multiple times in  
5 connection with your view of Beaman's guilt?

6 A. This is my own personal opinion, sir. But  
7 according to the coroner, she was killed by  
8 strangulation. And they stated when she was stabbed  
9 with the scissors, she was already dead, and that was  
10 evident because of the lack of blood flow. The heart  
11 had stopped pumping when the stabbing started.

12 To me that indicated that was a vengeful act  
13 that was done. It was not an act to stop her. It  
14 was not an act to kill her. That was a final  
15 vengeful thing towards her because she was already  
16 dead from the cord.

17 Q. What do you mean when you say it was a  
18 personal opinion?

19 A. That's my opinion, sir, from training that  
20 I've been to and just from my own thinking.

21 Q. Was there any criminologist or crime scene  
22 expert who put forth the view that the fact that  
23 Lockmiller was stabbed with the scissors was  
24 something that suggests Alan Beaman was guilty?

205

1 that she was stabbed multiple times is something that  
2 you think supported probable cause against  
3 Mr. Beaman?

4 A. It supported my belief in why Alan Beaman  
5 was responsible for that murder.

6 Q. And are your personal beliefs relevant to an  
7 establishment of probable cause?

8 A. I don't know, sir.

9 Q. You mentioned letters that were sent by  
10 Alan Beaman to Jennifer Lockmiller. What year were  
11 those letters sent?

12 A. Those letters were undated, sir. I don't  
13 know what year they were sent.

14 Q. Do you remember Mr. Beaman testifying that  
15 nearly all of those letters were from 1992?

16 A. I don't remember that, sir.

17 Q. Would the time when those letters have been  
18 written rele -- be relevant to the strength of  
19 Mr. Beaman's motive?

20 MR. DiCIANNI: Object to form of the  
21 question.

22 MS. BARTON: I'll join.

23 MR. DiCIANNI: Foundation.

24 THE WITNESS: I don't know if they would or  
207

1 not, sir.

2 BY MR. SHAPIRO:

3 Q. You don't think that there's any difference  
4 between a letter expressing feelings for someone in,  
5 you know, a year before the murder versus right  
6 before the murder in terms of their relevance to  
7 someone's motive?

8 MS. BARTON: Objection to form.

9 MR. DiCIANNI: I join.

10 THE WITNESS: I don't know that it makes that  
11 big of a difference. It showed us his level of  
12 infatuation with her. And there was no reason -- I  
13 guess I didn't see any reason to think that that  
14 infatuation had dropped any at all.

15 BY MR. SHAPIRO:

16 Q. You mentioned the breaking down of the door  
17 by Mr. Beaman?

18 A. Yes.

19 Q. Had Mr. Beaman ever been violent to another  
20 person as opposed to a piece of property?

21 MS. BARTON: Objection to foundation.

22 THE WITNESS: I don't know, sir.

23 MR. BOWMAN: I'm sorry. What was the answer?

24 THE WITNESS: I don't know.

208

1 BY MR. SHAPIRO:

2 Q. And you're aware from the domestic violence  
3 report that we reviewed earlier that Mr. Murray, in  
4 fact, had been violent against another person, right?

5 A. Yes.

6 MS. BARTON: Objection to form, foundation.

7 MR. DiCIANNI: Well, allegedly.

8 BY MR. SHAPIRO:

9 Q. You mentioned the 28 phone calls from  
10 Lockmiller to Beaman. Why did you view those phone  
11 calls as significant to the establishment of probable  
12 cause?

13 A. Because 28 phone calls in one night to any  
14 one particular person shows me that there was a deep  
15 interest in trying to communicate with him. He  
16 walked away from her, is my understanding, and she  
17 was reaching back to him.

18 He had told me in overhears numerous times  
19 that she had broke up with him -- some say 16, some  
20 say 18 times. He says twice. So there was a history  
21 of them constantly breaking up, getting back  
22 together, breaking up, getting back together.

23 She calls him 28 times in one night, it  
24 would be consistent in their past pattern for them to

209

1 get back together again, which is consistent with him  
2 coming back down the next day to see her.

3 Q. 28 calls from Lockmiller to Beaman would be  
4 consistent with Lockmiller wanting to get back  
5 together with Beaman, right?

6 A. I believe it could be interpreted that way,  
7 yes. That's the way I understood it was she was  
8 trying to reach him for some reason. And I don't  
9 know what that reason was. We'll never know.

10 Q. What was the significance of the garbage  
11 bag?

12 A. Alan Beaman stated in his letters that he  
13 had a very huge jealousy for Jennifer. Several of  
14 the people had told me he was incredibly jealous of  
15 anybody that was around Jennifer.

16 On the overheard when we drove to Morton, I  
17 actually have him on tape telling me that he had  
18 broken into her -- had gone through her garbage in  
19 the past looking for signs of birth control,  
20 contraceptives, to prove that she was sleeping with  
21 somebody else.

22 Therefore, when we got there and the garbage  
23 had been pulled out and set on the couch and gone --  
24 and appeared to have gone through, that was a

210

1 telltale sign what we found out later of something  
2 Alan used to do.

3 Q. Did you ever explore the possibility that  
4 the garbage bag might have been removed by a burglar  
5 who was looking for something to put items in?

6 MS. BARTON: Objection to form, foundation.

7 THE WITNESS: No, sir, I had not explored  
8 that thought.

9 BY MR. SHAPIRO:

10 Q. And then you smiled when you answered that  
11 question. Why are you smiling?

12 A. Well, because that is -- I'm smiling because  
13 there's just so many hypotheses that we can throw out  
14 here today what about this or what about that, but  
15 most of those things lack motive and lack opportunity  
16 and lack all of the other things in this case that  
17 Alan had.

18 She typically locked her doors. There was  
19 no forced entry into the door. If this was a burglar  
20 coming in, there probably would have been some  
21 damage -- fresh damage to the door. There was not.

22 There were valuables laying around the  
23 apartment. Her purse was laying right there that had  
24 money in it. If somebody wanted -- if a burglar

211

1 wanted to come in, why go through the garbage when a  
2 purse is sitting right on the table. It didn't make  
3 sense for a burglar, sir. That's why I smiled.

4 (Plaintiff's attorneys confer off  
5 the record.)

6 BY MR. SHAPIRO:

7 Q. Did you immediately as of August 28 or  
8 August 29 discount the possibility that the murder  
9 had been the result of a burglar?

10 A. I can't say that we ever discounted that. I  
11 can't say that we considered it or that we discounted  
12 it. I don't have any memory as I sit here today that  
13 that was a strong concern.

14 Q. You don't --

15 MR. BOWMAN: That's fine.

16 BY MR. SHAPIRO:

17 Q. Is it your view that there -- if there had  
18 been a burglar, there would have been signs of forced  
19 entry?

20 A. I believe there would have been signs of  
21 forced entry unless she would have left the door  
22 unlocked. But she -- we were told that she typically  
23 locked the door.

24 Q. You don't think it would have been possible

212

1 to unlock the door without leaving a sign of having  
2 done so?

3 MS. BARTON: Objection to form.

4 THE WITNESS: That could be a possibility,  
5 sir.

6 BY MR. SHAPIRO:

7 Q. You referred to Mr. Beaman's lack of an  
8 alibi. What -- describe to me what you mean when you  
9 say that he lacked an alibi.

10 A. I gave him every attempt to state that he  
11 had gone to the bank, to state that he had made a  
12 phone call to his pastor that came out of that house;  
13 and every one of his statements to me was that he  
14 went home and he went to bed.

15 In running the mileage charts back and forth  
16 and the times, he would have had time to leave Bell  
17 Federal Bank, arrive at Jennifer's apartment just as  
18 she's getting home from class, commit the homicide,  
19 and then drive back to his house before his mom came  
20 home. Therefore, there's a time during when we  
21 believe that murder happened that he cannot account  
22 for his whereabouts, and nobody else can account for  
23 his whereabouts other than him saying, I went home  
24 and I went to bed and my mom woke me up when she got  
213

1 home.

2 And we know from his statements that he  
3 didn't go straight home. We know he went to the  
4 bank. So his deception is right in the middle of  
5 that alibi time.

6 Q. There were two calls placed from Beaman's  
7 home on August 25 at 10:37 and 10:39, right?

8 A. Yes.

9 Q. Is there anyone who could have placed those  
10 calls other than Carol Beaman or Alan Beaman?

11 A. I don't know, sir. We were not watching the  
12 house at that time. I don't know if there could have  
13 been a relative, grandparent. I don't know.

14 Q. Did you doing anything to investigate  
15 whether anyone could have made those calls other than  
16 Carol Beaman or Alan Beaman?

17 A. We did quite a bit to investigate who  
18 answered those calls. We tried to track  
19 Carol Beaman's time on her trial --

20 Q. I'm sorry --

21 A. -- before she --

22 Q. I don't mean to cut you off, but I think you  
23 might not have understood my question.

24 My question was: Did you do anything to

214

1 investigate the possibility that someone other than  
2 Carol Beaman or Alan Beaman had made those calls?

3 A. I'm sorry. No.

4 Q. So you have --

5 A. I'm sorry. Not that I remember.

6 Q. And Carol Beaman stated that she did not  
7 make the calls, correct?

8 A. I believe that's correct.

9 Q. Would you agree with me that it would not  
10 have been possible for Beaman to have committed the  
11 murder if he had made the calls?

12 A. I don't know that that would have totally  
13 ruled him out.

14 Q. What do you mean you don't know that it  
15 would have totally ruled him out?

16 A. It would have delayed his departure from  
17 Rockford from 10:11 to 10:42, and it would have added  
18 an additional distance; the additional distance from  
19 his home to Normal as opposed to Bell Federal to  
20 Normal.

21 But as I sit here today, I can't tell you  
22 that even if he had made those calls and then left  
23 that it still would have closed the gap.

24 Q. Well, Mr. Souk stated in his closing

215

1 arguments in this case, quote, Mr. Beaman is out of  
2 the apartment, meaning Lockmiller's apartment, by  
3 12:15 or thereabouts.

4 Do you agree or disagree with Mr. Souk on  
5 that?

6 A. I don't know, sir. It's been too long since  
7 the case. I couldn't tell you.

8 Q. Well, you testified earlier that you sat  
9 through the trial and didn't miss a day, right?

10 A. Yes, I did.

11 Q. Do you remember -- well, strike that.

12 A. If you'd like me to look at the transcript,  
13 I can tell you if Mr. Souk said that or not; but I  
14 don't have an independent recollection of it, sir.

15 Q. When do you think Jennifer Lockmiller was  
16 killed?

17 A. I believe it was sometime between 12 o'clock  
18 and 2 o'clock.

19 Q. Okay. So just take my word because this is  
20 a direct quote in closing argument. Mr. Beaman is  
21 out of the apartment by 12:15 or thereabouts.

22 In your view, that's -- is that narrowing  
23 the window too much?

24 MR. DiCIANNI: I'll object.

216

1 THE WITNESS: Again, sir, I don't know. It's  
2 been too long since I did all the mileage and the  
3 times and everything. I don't know.

4 BY MR. SHAPIRO:

5 Q. But you just -- I mean, you just said you  
6 thought it happened between 12:00 and 2:00, right,  
7 which is a broader window?

8 A. Yes, I said that happened --

9 MR. DiCIANNI: Objection.

10 THE WITNESS: I told you that we believe it  
11 happened between 12:00 and 2:00 because she got home  
12 from one class at 12:00 and didn't appear to her  
13 2 o'clock class.

14 BY MR. SHAPIRO:

15 Q. So my -- so, again, my question was: Do you  
16 think the statement, Mr. Beaman is out of the  
17 apartment by 12:15 or thereabouts, is narrowing the  
18 window beyond how you would narrow it?

19 MR. DiCIANNI: Objection.

20 MS. BARTON: I'll join the objection, asked  
21 and answered.

22 THE WITNESS: I don't know, sir.

23 BY MR. SHAPIRO:

24 Q. If Alan Beaman made the calls at 10:37 and

217

1 10:39, what do you think is the soonest that he could  
2 have been home, assuming for a moment that he killed  
3 Jennifer Lockmiller?

4 MS. BARTON: Objection to form.

5 MR. DiCIANNI: Join.

6 THE WITNESS: Similar answer that I gave you  
7 before, sir. It's been so long since the time that I  
8 did the driving and the time trials, I can't tell you  
9 as I sit here what that estimated time would be.

10 BY MR. SHAPIRO:

11 Q. Let me help you out a little bit with  
12 Exhibit 19, which is a Mapquest of the route.

13 MR. DiCIANNI: 19?

14 MR. SHAPIRO: Yeah.

15 BY MR. SHAPIRO:

16 Q. All right. This is a Mapquest set of  
17 directions for -- from Beaman's home to Lockmiller's  
18 and back. And I'll represent to you that I just  
19 entered the addresses into Mapquest and asked for  
20 round-trip time, and you'll see the round-trip time  
21 is indicated here as four hours and 37 minutes.

22 Does that strike you as a reasonable time or  
23 unreasonable time for a round-trip?

24 A. I've used Mapquest quite a bit, and the

218

1 times are never that accurate for me when I use  
2 Mapquest.

3 Q. So are you saying you don't think this is a  
4 reasonable time?

5 A. Well, I would totally agree with you about  
6 the mileage that Mapquest gives --

7 Q. I'm just asking you about the time. Do you  
8 think it's an unreasonable time?

9 A. The time? I'm saying it's not an accurate  
10 time. Is it reasonable? It could be reasonable, but  
11 I wouldn't call it accurate.

12 Q. All right. Well, why don't we go with some  
13 of the time trials that you did. And I'll represent  
14 to you that in your report you indicate that once you  
15 traveled from the Beaman residence to the Lockmiller  
16 apartment, driving the posted speed limit it took you  
17 two hours and 17 minutes?

18 A. Could you tell me where that's at in my  
19 report?

20 Q. It's at page 53 of your report.

21 A. Do you have a copy of my report?

22 Q. Yeah, we can do it that way. Turn to  
23 Exhibit 53.

24 A. I'm sorry. What page?

219

1 Q. Just a moment. I apologize. It's actually  
2 Exhibit 4. And, you know, why don't we do -- why  
3 don't we just establish what these documents are.  
4 Sorry for flipping back and forth.

5 Exhibit 3 is a copy of the first report that  
6 you wrote in this case, right?

7 A. Yeah, yes.

8 Q. And Exhibit 4 is a continuation of your  
9 report shown in Exhibit 3?

10 A. That's correct. You said first report. The  
11 other question that it really was just one police  
12 report that I wrote. It was just a continuation of  
13 the one.

14 Q. You would characterize Exhibits 3 and 4 as a  
15 single report collectively; is that correct?

16 A. Yes, sir.

17 Q. Okay. So let's turn to page 53, which is  
18 actually the second page of Exhibit 4.

19 A. Okay.

20 Q. Okay. So I'm looking at left the driveway  
21 at [REDACTED] in Normal at 8:28 -- at 8:28 a.m.  
22 and drove straight to Alan Beaman's house driving  
23 strictly at the posted speed limit. I arrived at  
24 Alan house at 10:45 a.m. making the trip in two hours

220

1 and 17 minutes.

2 A. Yes, that's a statement out of my report,  
3 sir.

4 Q. Yeah. And I read that correctly?

5 A. Yes, you did.

6 Q. Okay. So that indicated on that time trial  
7 that from Lockmiller's to Beaman's, it was two hours  
8 and 17 minutes?

9 A. Yes, sir.

10 Q. Okay. Does that help you to answer the  
11 question that I was asking earlier as to assuming  
12 Beaman made the calls at 10:37 and 10:39 and further  
13 assuming that he had committed the murder what the  
14 soonest time is you think that he could have been  
15 back to his home?

16 A. Well, the two hours and 17 minutes is  
17 driving the posted speed limit, sir. I don't know  
18 how fast Alan would have driven down to Normal and  
19 back to Rockford.

20 I believe there was another trial that I  
21 made where I actually did ten miles over the speed  
22 limit. I drove 65 on the main -- or 75 on the  
23 Interstate and approximately 8 to 10 miles over the  
24 speed limit the rest of the way to his house. That

221

1 was a different time.

2 Do you remember where that's at in --

3 Q. Let's talk about it for a moment.

4 During that time trial, you averaged 75  
5 miles an hour?

6 A. Yes -- well, in the police report I stated I  
7 average 75 miles an hour. When I reached the  
8 Interstate, I would have averaged 75 on the four-lane  
9 Interstate between Bloomington and Rockford.  
10 Obviously I would not have been averaging 75 through  
11 town.

12 Q. Yes. On the Interstate you averaged 75?

13 A. Yes.

14 Q. Okay. What type of a vehicle were you  
15 driving when you averaged 75?

16 A. I don't recall, sir.

17 Q. What type of vehicles did you have access to  
18 in connection with your professional activities at  
19 the time?

20 A. I had a gray Chevy Caprice that I drove as  
21 my main assigned vehicle, and we also had a  
22 Mitsubishi Eclipse which is a vehicle given to us by  
23 Diamond Star Motors. I know I made trips in both of  
24 those vehicles.

222

1 Q. How old were those vehicles?

2 A. I don't recall, sir. Mine was the car that  
3 was the chief's old car, and it was pretty much the  
4 end of the fleet for the detective division, so it  
5 was one of the older cars we had in detectives. And  
6 I don't remember the year of the Mitsubishi Eclipse.

7 Q. Do you recall the condition of Alan Beaman's  
8 car?

9 A. I only saw his car a couple of times. I  
10 took pictures of it when it was in Rockford and  
11 during the investigation of the speedometer where we  
12 towed it into the city garage to inspect the  
13 speedometer.

14 Q. So you took picture of it?

15 A. Yes, I did.

16 Q. You towed it in?

17 A. Uh-huh.

18 Q. You took out the odometer?

19 A. Yes.

20 Q. You went with the two expert witnesses back  
21 down to the car?

22 A. Yes.

23 Q. And, you know, played with the odometer, for  
24 want of a better word, and put the odometer back in

223

1 at that time?

2 A. I don't know that we ever put the odometer  
3 back in.

4 Q. Okay.

5 A. I think we took it out and kept it for  
6 evidence, sir.

7 Q. Okay. So you viewed the car on a number of  
8 occasions, right?

9 A. Yes.

10 Q. What do you remember about its condition?

11 A. I remember when we towed it in, it was  
12 reported to have a cracked head gasket on it. That's  
13 the only thing I remember. And I remember that  
14 because I read it in my police report over the last  
15 couple of days.

16 Q. Did anyone attempt to drive the car at any  
17 point?

18 MS. BARTON: Objection; foundation, form.

19 THE WITNESS: Not that I recall, sir. I  
20 don't remember.

21 BY MR. SHAPIRO:

22 Q. Did you ever -- well, did you ever undertake  
23 a time trial using a car same make and model as  
24 Alan's car and of similar age?

224

1 A. No, sir.

2 Q. Did you make any effort to ascertain whether  
3 it would be feasible for Mr. Beaman to drive 70  
4 miles -- an average of speed of 75 miles on the  
5 Interstate in his car?

6 A. I don't recall if I did or not, sir.

7 Q. The other time trial you're referring to is  
8 on page 59 of your -- of the continuation of your  
9 report.

10 And directing your attention to Exhibit 4,  
11 the page that's marked 59 at the top. You see the  
12 bottom paragraph?

13 A. Yes, sir, I do.

14 Q. Is that the paragraph you were referring to  
15 earlier?

16 A. Yes, it is.

17 Q. This paragraph reads: On January 10, 1994,  
18 I traveled to Rockford once again to verify mileages  
19 between several different locations. I began at  
20 [REDACTED] and drove directly to  
21 Alan Beaman's residence at an average speed of 75  
22 miles per hour. Total distance was recorded as 138  
23 miles with a driving time of one hour and 56 minutes.  
24 The following -- well, we can stop there.

225

1           So this was another time trial in which you  
2   drove from Lockmiller's apartment to Beaman's, right?

3           A.   Yes.

4           Q.   Uh-huh. Did you ever do a time trial in the  
5   reverse direction from Beaman's to Lockmiller's?

6           A.   I might have, sir. I don't recall.

7           Q.   If you had done it, would you have recorded  
8   it in your report?

9           MS. BARTON:  Objection, calls for  
10  speculation.

11          THE WITNESS:  I don't remember, sir.

12  BY MR. SHAPIRO:

13          Q.   I'm asking whether -- whether you would  
14  have.

15          A.   If I had done it the other way, I don't -- I  
16  don't know, sir.

17          Q.   Why did you undertake these time trials?

18          MS. BARTON:  Objection to form.

19          THE WITNESS:  I was trying to verify an  
20  alibi.

21  BY MR. SHAPIRO:

22          Q.   And that alibi depended on how long it took  
23  to get from Beaman's to Lockmiller's and from  
24  Lockmiller's to Beaman's, right?

226

1 A. No.

2 Q. I'm sorry. That -- strike that.

3 It depended on how long it took to get from  
4 Bell Federal to Lockmiller's and then Lockmiller's to  
5 Beaman's, right?

6 A. Yes.

7 Q. Did you -- did you measure the time from  
8 Bell Federal to Lockmiller's?

9 A. I believe I did.

10 Q. If you did, would that have been included in  
11 your report?

12 A. I believe it would have.

13 Q. Would that have been an important aspect of  
14 the investigation?

15 A. Yes, it would have. If you'd like me to  
16 look at my police report, I believe it's in my police  
17 report.

18 Q. Yeah. Well, I -- if you have a moment to  
19 look over it, yeah, sure, if you can direct me to  
20 that.

21 MR. BOWMAN: Why don't we take a short break  
22 while he's looking at the report.

23 THE WITNESS: It's on page 60 after --

24 MR. SHAPIRO: Let's take a break, yeah.

227

1 MR. DiCIANNI: Your answer can -- will be the  
2 first thing we do when we come back from the break.

3 MR. SHAPIRO: Fair enough. I didn't mean to  
4 cut you off there.

5 THE VIDEOGRAPHER: Off the record, 3:42.

6 (Whereupon, a break was taken,  
7 after which the following  
8 proceedings were had:)

9 THE VIDEOGRAPHER: Back on the record at  
10 4 o'clock.

11 BY MR. SHAPIRO:

12 Q. Prior to the break, we were talking about  
13 time trials that you did in this case. You did time  
14 trials from Bell Federal Bank to the Beaman residence  
15 both using the bypass route and going through town,  
16 right?

17 A. Yes.

18 Q. Which of those did you do first?

19 A. I don't recall, sir.

20 Q. So you could have done the bypass route  
21 first, and you could have gone through town first?

22 A. That's correct.

23 Q. When you went through town, how did you  
24 determine the route that you took through town?

228

1 A. To the best of my memory, I took the most  
2 direct route between -- the shortest distance between  
3 Bell Federal and the Beaman residence.

4 Q. How would you -- how did you determine what  
5 was the shortest route?

6 A. I don't know if I indicated that in my  
7 police report. I don't remember exactly how I  
8 determined that shortest route, sir.

9 Q. Did you ever live in Rockford?

10 A. No, sir.

11 Q. How familiar were you with Rockford?

12 A. I was not very familiar, sir.

13 Q. Not -- did Mr. Souk accompany you on any of  
14 the time trials?

15 A. I recall him accompanying me to a trip to  
16 Rockford, but I cannot tell you as I sit here today  
17 if we did time trials on that trip or if we did  
18 something else on that trip.

19 Q. Had he ever lived in Rockford?

20 MS. BARTON: Objection to foundation.

21 THE WITNESS: I don't know, sir.

22 BY MR. SHAPIRO:

23 Q. Did you have any reason to think that he  
24 knew his way around Rockford particularly well?

229

1 A. I don't remember, sir.

2 Q. Did you ask anyone what was the fastest --  
3 strike that.

4 Did you ask anyone what was the most direct  
5 route from Bell Federal to the Beaman residence  
6 assuming one's going through town?

7 A. As I testified a moment ago, sir, I don't  
8 recall how I chose the most direct route, if it was  
9 off of an atlas or if it was off of a city map. I  
10 don't recall exactly what method I used to determine  
11 the most direct route.

12 Q. Do you recall anything about how you  
13 determined the route?

14 A. No, sir.

15 Q. The route you took was an important aspect  
16 of the investigation, right?

17 MS. BARTON: Objection, form and foundation.

18 MR. DiCIANNI: I'll join.

19 THE WITNESS: Yes, it was.

20 BY MR. SHAPIRO:

21 Q. You did not record the time trial from Bell  
22 Federal Bank to the Beaman residence using the bypass  
23 route in your report, right?

24 A. I don't believe I did.

230

1 Q. Why did you not include it?

2 A. I don't know, sir.

3 Q. That was an important piece of evidence,  
4 right?

5 MR. DiCIANNI: I'll object to form of the  
6 question.

7 MS. BARTON: I'll join.

8 THE WITNESS: Yes, it was. I testified to  
9 that route in grand jury, so it was important.

10 BY MR. SHAPIRO:

11 Q. Why was it important?

12 A. Because it was part of the alibi for the  
13 drive times. That's why we spent time testifying  
14 about it in the grand jury.

15 Q. It was important because it would help to  
16 establish whether or not Beaman could have made it  
17 home from Bell Federal Bank in time to make the calls  
18 at 10:37 and 10:39, right?

19 A. Yes.

20 Q. Given that -- given it's important, why did  
21 you fail to include it in your report?

22 MR. DiCIANNI: Objection, asked and answered.

23 MS. BARTON: Join.

24 MR. DiCIANNI: Speculation.

231

1 THE WITNESS: I don't know, sir.

2 (Plaintiff's attorneys confer off  
3 the record.)

4 BY MR. SHAPIRO:

5 Q. So it's fair to say you didn't actually  
6 include everything that was important in your report,  
7 right?

8 MR. DiCIANNI: Objection, form of the  
9 question.

10 MS. BARTON: I'll join.

11 THE WITNESS: The distance -- I don't think  
12 it's a fair question that you just gave me. A lot of  
13 the information that I -- the notes that I took could  
14 have been recorded in other places besides my official  
15 police report. It could have been in the presentation  
16 that we put together for the jury trial, it could have  
17 been in some other document that I prepared.

18 BY MR. SHAPIRO:

19 Q. Is it --

20 (Plaintiff's attorneys confer off  
21 the record.)

22 BY MR. SHAPIRO:

23 Q. It was in another document -- it was not in  
24 another document that you have prepared, at least one

232

1 that I've seen; and why wasn't it?

2 MS. BARTON: Objection to form, foundation.

3 MR. DiCIANNI: Yeah, I'll object to the  
4 premise and form of the question.

5 THE WITNESS: You're asking me to take your  
6 word that it wasn't in the other document, sir. I  
7 don't recall.

8 BY MR. SHAPIRO:

9 Q. What other important evidence did you not  
10 include in your police report but only put in other  
11 documents?

12 MS. BARTON: Objection to foundation and  
13 form.

14 MR. DiCIANNI: I'll join.

15 THE WITNESS: I don't believe there was any  
16 other important information that I did not document  
17 somewhere else.

18 BY MR. SHAPIRO:

19 Q. You included some time trials in your  
20 report, right?

21 A. Yes, I did.

22 Q. In fact, you included a time trial from  
23 federal -- from Bell Federal Bank to the Beaman  
24 residence not using the bypass route, right?

233

1 A. Yes, I did.

2 Q. Did you testify as to that route at any  
3 point?

4 A. I testified to the in-town route, I believe,  
5 during the jury trial.

6 Q. Okay. So there was some things that you  
7 testified to at the jury trial and included in your  
8 report, correct?

9 A. Yes.

10 Q. So why was the bypass route something that  
11 was testified to at the grand jury but not included  
12 in the report?

13 MR. DiCIANNI: Object to form of the  
14 question.

15 MS. BARTON: I'll join.

16 THE WITNESS: Sir, testifying to it in grand  
17 jury made it a matter of document and a matter of  
18 record.

19 BY MR. SHAPIRO:

20 Q. When you were writing your report, did you  
21 know exactly what you were going to say in the grand  
22 jury?

23 A. No, sir.

24 Q. So how is the fact that you testified to it  
234

1 in the grand jury an explanation for why it's not in  
2 your report?

3 A. I don't know, sir.

4 MR. DiCIANNI: Yeah, I'll object,  
5 speculation.

6 MS. BARTON: I'll join.

7 BY MR. SHAPIRO:

8 Q. Did you make any notes of the time trial by  
9 the bypass route from the bank to the Beaman  
10 residence?

11 A. I believe I would have.

12 Q. And what did you do with those notes?

13 A. Those notes would have been transferred in  
14 to either my police report or some other document  
15 that I prepared.

16 Q. We've established they're not in the police  
17 report, right, as to the time trial?

18 A. I don't believe they're in the police  
19 report, sir.

20 Q. I'm still struggling to understand,  
21 Mr. Freesmeyer. The purpose of the police report is  
22 to record what you did in the investigation, right?

23 A. Yes, sir.

24 Q. Purpose of writing a police report is not to  
235

1 think ahead to what you might testify to and only  
2 include important facts that you're not going to  
3 testify to, right?

4 A. Okay.

5 Q. Right? Would you agree with that?

6 A. Yes.

7 Q. Okay. So why is it that when I ask you why  
8 the bypass route time trial is not in the police  
9 report, you answer that by telling me that you  
10 testified to it in the grand jury?

11 MR. DiCIANNI: I object to the form of the  
12 question.

13 MS. BARTON: I'll join.

14 THE WITNESS: Sir, I responded by telling you  
15 that I don't know why it's not in the police report,  
16 and then I made a statement that I testified to it in  
17 grand jury so it was a matter of record. I didn't say  
18 that it was not in the report because I testified to  
19 it in grand jury.

20 BY MR. SHAPIRO:

21 Q. It's an omission on your part that it's not  
22 included in the report, right?

23 MR. DiCIANNI: Objection.

24 MS. BARTON: Join.

236

1 THE WITNESS: I'll agree with you that it is  
2 not in my police report.

3 BY MR. SHAPIRO:

4 Q. And was that a potentially significant  
5 omission on your part, not knowing at the time you  
6 wrote the report that you were going to testify about  
7 it in the grand jury?

8 A. I don't know, sir.

9 MR. DiCIANNI: I object.

10 BY MR. SHAPIRO:

11 Q. Is one of the purposes of preparing a police  
12 report to apprise the State's Attorney of  
13 everything -- of all the important things that you  
14 did in the course of investigation?

15 MS. BARTON: Objection to form.

16 THE WITNESS: The State's Attorney is one of  
17 many people that read that police report. The purpose  
18 of a police report is to document the facts of a case.

19 BY MR. SHAPIRO:

20 Q. Uh-huh. And one of the people that it's  
21 being documented for is the State's Attorneys, right?

22 A. Yes.

23 Q. And one of the reasons for documenting it as  
24 well is that the police reports are often turned over

237

1 to the defense, right?

2 A. I don't know about that, sir. That's out of  
3 my area of expertise.

4 Q. You've never received any training as to  
5 whether one reason to document investigations is the  
6 provision of that documentation to the defense in a  
7 criminal case?

8 A. I've been trained that the purpose of  
9 writing a police report is to document the facts,  
10 both positive and negative, of what occurred in the  
11 case.

12 Q. Okay. So is the answer to my question no?

13 A. The answer to your question is to document  
14 all the facts not knowing who's going to read that.

15 Q. So you've never received any training with  
16 regard to the need to prepare police reports in part  
17 to document facts for the defense in a case?

18 MS. BARTON: Objection to form.

19 BY MR. SHAPIRO:

20 Q. Is that correct? I think that's a yes or no  
21 question.

22 MR. DiCIANNI: I'm not sure it is.

23 Could you read it back.

24

238

1 (Whereupon, the record was  
2 read as requested.)

3 MR. DiCIANNI: I'll object to form of the  
4 question.

5 THE WITNESS: I don't recall ever receiving  
6 training with a specific focus of documenting facts  
7 for the defense. I know that I have had training in  
8 writing reports to document the facts of a situation  
9 that occurred.

10 Does that answer your question, sir?

11 BY MR. SHAPIRO:

12 Q. Not entirely, but let's move on.

13 Why were the time trials in this case  
14 conducted post arrest?

15 A. Because we received additional information  
16 from grand jury after Alan Beaman testified. We also  
17 received additional information after the arrest from  
18 Carol Beaman that she had been holding for some time  
19 such as the IGA receipts, the mileage photograph of  
20 odometer, the Sears receipt, the union hall receipt.  
21 I believe that's all.

22 Q. To be clear, I'm referring to the time  
23 trials from Bell Federal Bank to the Beaman  
24 residence.

239

1           You knew well before the arrest that  
2 Mr. Beaman had been to Bell Federal Bank, right, at  
3 10:11?

4           A.    Yes.

5           Q.    At what point did you learn that calls had  
6 been made from Mr. Beaman's home at 10:37 and 10:39?

7           A.    Shortly after the incident occurred when we  
8 got the phone records.

9           Q.    When was that?

10          A.    It would have been within the first couple  
11 of months of the investigation.

12          Q.    Okay.  So well before the arrest?

13          A.    Yes.

14          Q.    So well before the arrest, you'd agree with  
15 me that you knew that Mr. Beaman had been at the Bell  
16 Federal Bank at 10:11 and that calls were made from  
17 the Beaman residence on the same day, August 25, at  
18 10:347 and 10:39, right?

19          A.    Yes.

20                MS. BARTON:  Objection to form.

21   BY MR. SHAPIRO:

22          Q.    Was it not important at that point to  
23 determine whether Mr. Beaman could have made it home  
24 from Bell Federal Bank in time to make the calls?

240

1 MS. BARTON: Objection to form.

2 MR. DiCIANNI: I'll join.

3 THE WITNESS: Yes, it was important.

4 BY MR. SHAPIRO:

5 Q. Why was it important?

6 A. You've asked that question before. I'll  
7 answer the same way. To establish his alibi, whether  
8 it was valid or not.

9 Q. Why did you not seek to establish whether  
10 his alibi was valid or not prior to arresting him?

11 MS. BARTON: Objection to form.

12 THE WITNESS: That's a misleading statement,  
13 sir. You asked why I didn't do something which, in  
14 fact, I did. I did seek to get those times prior to  
15 his arrest, I believe.

16 BY MR. SHAPIRO:

17 Q. When did you do so?

18 A. Well, I would have to look at my times. I'm  
19 sorry. I may be mistaken. I'd have to go back to my  
20 report and see if we did any time trials before the  
21 arrest. They may have been all after the arrest.

22 Q. Yeah, go ahead. Take a look.

23 Have you had a chance to review your report?

24 A. I believe I was confusing the time trials

241

1 that I did to Mike Swain's house and back prior to  
2 the arrest with the time trials I did to Alan's  
3 house.

4 Q. Okay. So you'll agree that I was, in fact,  
5 not misleading when I --

6 A. I --

7 Q. -- suggested that there -- you had not done  
8 time trials involving Bell Federal Bank prior to the  
9 arrest of Alan Beaman, right?

10 A. I believe that's a true statement, sir.

11 Q. Okay.

12 MR. BOWMAN: So what's the answer?

13 BY MR. SHAPIRO:

14 Q. Yeah, given the importance of the time  
15 trials to Mr. Beaman's alibi, why didn't you conduct  
16 them prior to his arrest?

17 MS. BARTON: Objection to form.

18 THE WITNESS: I don't have an answer to that,  
19 sir. I don't know. I don't remember.

20 BY MR. SHAPIRO:

21 Q. Whether the person you're about to arrest  
22 has an alibi is an important element of whether  
23 probable cause exists, right?

24 A. Yes.

242

1 Q. So in establishing whether probable cause  
2 exists to arrest Mr. Beaman, it would have been  
3 important to check whether he had an alibi, right?

4 A. Yes.

5 Q. And in determining whether he could have  
6 made the calls from his house after Bell Federal Bank  
7 was an important aspect to determining whether he had  
8 an alibi, correct?

9 A. Yes.

10 Q. While we're on the topic of probable cause,  
11 what do you think probable cause means?

12 A. Probable cause means sufficient evidence to  
13 believe that an individual committed a particular  
14 crime.

15 Q. And when you're considering whether there's  
16 probable cause as to whether individual A committed a  
17 crime, is it also important to consider whether there  
18 is evidence suggesting that individual B committed a  
19 crime?

20 MR. DiCIANNI: I'll object, form of the  
21 question.

22 MS. BARTON: I'll join.

23 THE WITNESS: The fact that criminal B could  
24 commit a crime does not necessarily take away the

243

1 evidence facing criminal A.

2 The amount of evidence against Alan Beaman  
3 indicating that he committed this crime was not --

4 MR. DiCIANNI: I think that's it. You  
5 answered it.

6 MR. SHAPIRO: Well, Tom, that's coaching.  
7 Let him finish the answer.

8 MR. DiCIANNI: That's not coaching.

9 BY MR. SHAPIRO:

10 Q. Were you finished answering the question?

11 A. Yes.

12 Q. What a surprise.

13 Before arresting individual A, wouldn't you  
14 want to ensure yourself that the person who committed  
15 the crime was not individual B?

16 A. Yes.

17 Q. So why wouldn't you take the possibility  
18 that individual B committed the crime into  
19 consideration when determining whether there's  
20 probable cause?

21 MS. BARTON: Objection to form.

22 MR. DiCIANNI: Join.

23 THE WITNESS: Because when we had our meeting  
24 prior to the arrest of Mr. Beaman, there was nobody

244

1 else in the room that raised an objection that he was  
2 not the one responsible for this crime.

3 (Plaintiff's attorneys confer off  
4 the record.)

5 BY MR. SHAPIRO:

6 Q. When you're assessing probable cause against  
7 Mr. Beaman, did you consider evidence inculpatng  
8 Mr. Murray?

9 MS. BARTON: Objection to form, foundation.

10 THE WITNESS: Again, I did not handle  
11 Mr. Murray, so I don't recall the exact conversations  
12 that occurred at those meetings.

13 BY MR. SHAPIRO:

14 Q. So when the decision was made to charge  
15 Mr. Beaman, do you have any recollection of any  
16 consideration being given to the possibility that  
17 Mr. Murray committed the murder?

18 MR. DiCIANNI: Are you referring to that  
19 meeting of May --

20 MR. SHAPIRO: I'm referring to the May 16,  
21 1994 meeting in which the decision was made to charge  
22 Mr. Beaman.

23 MS. BARTON: Indication by anyone? Object to  
24 the form, vague.

245

1 THE WITNESS: Sir, I don't remember  
2 individual comments that were made. But what sticks  
3 out in my mind of that meeting was it was the final  
4 meeting before the day of arrest for Alan, and  
5 everybody present was in unison to effect the arrest  
6 of Mr. Beaman and charge him with the murder of  
7 Jennifer Lockmiller.

8 BY MR. SHAPIRO:

9 Q. So my question -- and I think this is a yes  
10 or no question -- is: Did you in any way consider  
11 evidence against Mr. Murray in making an assessment  
12 as to whether there was probable cause to arrest  
13 Mr. Beaman?

14 MR. DiCIANNI: Objection now. Asked and  
15 answered and speculation. He's already testified --

16 MS. BARTON: I'll join and add --

17 MR. DiCIANNI: He's already answered that  
18 question.

19 MS. BARTON: -- form and foundation.

20 THE WITNESS: As I just stated, in that  
21 meeting I do not recall the exact comments that were  
22 made, the exact conversation. I just remember in that  
23 meeting there was no objection to the fact that Alan  
24 was the man that committed the homicide of Jennifer

246

1 Lockmiller --

2 BY MR. SHAPIRO:

3 Q. And you remember no comments made about --

4 THE COURT REPORTER: I'm sorry. I'm sorry.

5 I can't get both of you at the same time.

6 MR. SHAPIRO: Fair enough. I'm sorry.

7 THE COURT REPORTER: I got Jennifer

8 Lockmiller. That's all I heard.

9 THE WITNESS: Jennifer Lockmiller's death.

10 I do not remember the exact conversation that  
11 took place, sir. That was 19 years ago.

12 BY MR. SHAPIRO:

13 Q. I understand you don't remember the exact  
14 conversation. My question is: Do you remember any  
15 consideration being given to Mr. Murray when the  
16 decision was made to arrest Mr. Beaman? I believe  
17 that is a yes or no question.

18 MS. BARTON: Objection to form.

19 MR. DiCIANNI: Well, I'll object to the  
20 question.

21 THE WITNESS: I don't believe it's a yes or  
22 no question. I have the same answer I gave you the  
23 last two times. I do not remember the individual  
24 conversation or comments that were made at that

247

1 meeting.

2 BY MR. SHAPIRO:

3 Q. You remember no comments about Mr. Murray?

4 MR. DiCIANNI: Objection.

5 THE WITNESS: I do not remember any comments,  
6 individual comments made at that meeting.

7 BY MR. SHAPIRO:

8 Q. You have no recollection of yourself giving  
9 any consideration to Mr. Murray?

10 MR. DiCIANNI: Same objection.

11 THE WITNESS: I have no recollection of  
12 individual comments made at that meeting.

13 BY MR. SHAPIRO:

14 Q. That wasn't the question. The question was  
15 do you have any recollection of yourself considering  
16 the evidence against Murray when the decision was  
17 made to arrest Beaman?

18 A. I do not remember that, sir.

19 Q. Okay. One of the pieces of evidence, if you  
20 want to call it that, indicating probable cause that  
21 you mentioned earlier was the 28 calls made from  
22 Jennifer Lockmiller to Mr. Beaman, right?

23 A. Yes.

24 Q. I'm not sure I understood you the first

248

1 time. Could you explain for me how that contributes  
2 to a finding of probable cause against Mr. Beaman?

3 A. You asked what in my mind led to my reason  
4 believing that he was responsible for the murder, and  
5 I explained to you that they had broken up between 16  
6 and 18 different times according to Alan's statements  
7 to me.

8 In such a relationship, if she's reaching  
9 out to him 28 times in one night to get back  
10 together, that would -- the natural conclusion would  
11 be him driving down the next day and responding to  
12 those 28 calls that she attempted to reach him.

13 Q. Why would the natural conclusion from  
14 someone calling 28 times be driving two hours to go  
15 and see them?

16 A. Because the pattern was fight, break up, one  
17 apologizes, get back together; fight, break up, one  
18 apologizes, get back together. In this case, they  
19 had fought, they broke up. We believe she may have  
20 been calling to try to apologize. He states that she  
21 called wanting him back. That was in one of the  
22 statements that he made, and his comment was, I told  
23 her to forget it.

24 So it follows the pattern of what they had

249

1 done before, fight, break up, apologize, want them  
2 back, get back together. To me that indicated that  
3 he would have a desire to come back and see her again  
4 after she's made 28 attempts to reach him.

5 Q. But if she calls him 28 times and then he  
6 says essentially, I'm no longer interested, how does  
7 that indicate that he wanted to get back together  
8 with her?

9 A. That's if you believe his statement to us  
10 that he told her he's no longer interested. I don't  
11 believe that statement.

12 MR. BOWMAN: What evidence?

13 BY MR. SHAPIRO:

14 Q. What evidence do you have to doubt the  
15 veracity of that statement?

16 A. An entire collection of letters showing his  
17 infatuation for her.

18 Q. Oh, you mean letters from 1992?

19 MS. BARTON: Objection, form --

20 THE WITNESS: They are undated, sir.

21 MS. BARTON: -- and foundation.

22 THE WITNESS: The fact that he's gotten back  
23 together with her 17 prior times or 15 prior times,  
24 depending on which number you want to go with, this

250

1 was a common pattern between the two of them.

2 So for him to say after she called him and  
3 wanted him back that he was not interested and he was  
4 walking away was hard for me to believe.

5 BY MR. SHAPIRO:

6 Q. And when you say that the -- in response to  
7 my comment that the letters were undated, are you  
8 saying that he lied when he testified, referring to  
9 Mr. Beaman, that those letters were from 1992?

10 A. I'm not saying he lied, sir. I'm simply  
11 saying the letters were undated. I don't recall his  
12 testimony on that day, and I'm not saying whether he  
13 lied or not. I'm just making a statement the letters  
14 were undated.

15 Q. What efforts did you make to ascertain the  
16 date of those letters?

17 A. I don't recall.

18 Q. Did you ask Mr. Beaman the dates of those  
19 letters?

20 A. I don't recall.

21 Q. Did you ask any of Jennifer Lockmiller's  
22 close friends whether they could identify when the  
23 letters were sent?

24 A. I don't recall.

1 Q. Do you have any reason to doubt Mr. Beaman's  
2 testimony that almost all of those letters were sent  
3 in 1992?

4 A. I have reason to believe -- reason to doubt  
5 many things that Mr. Beaman said.

6 Q. That wasn't my question. My question was:  
7 Do you have any reason to doubt Mr. Beaman's  
8 testimony that virtually all of those letters to  
9 Lockmiller were sent in 1992?

10 A. Yes.

11 Q. And what is that reason?

12 A. Because he lied to me on many other  
13 important things such as the fact that he didn't go  
14 to Bell Federal, such as the fact that he didn't make  
15 any phone -- I'm sorry. The fact that he went  
16 straight home. I misstated.

17 When I asked him if he went anywhere, he  
18 said, no, I went home. He didn't tell me about the  
19 bank. That's a lie through omission. I asked him if  
20 he made any phone calls when he got home. He said,  
21 no, I didn't make any phone calls.

22 There were a number of inconsistencies. And  
23 if he's lied to me once, then I have a reason to  
24 believe that he's lying on other issues as well.

252

1 MR. DiCIANNI: Let me just say I want to  
2 object to what's going on in the corner over there  
3 where people are making faces and gasping and making  
4 different gestures in reaction to some of the  
5 testimony. I think that's inappropriate at a  
6 deposition.

7 THE WITNESS: It's very distracting.

8 MR. DiCIANNI: And I want to take a break to  
9 confer for a second.

10 MR. BOWMAN: I don't -- I don't mean any  
11 disrespect to you, Mr. Freesmeyer. You know, there  
12 are obviously different opinions about the  
13 significance of all this, and I don't mean any  
14 disrespect to you.

15 MR. DiCIANNI: Thank you.

16 THE VIDEOGRAPHER: Off the record, 4:25.

17 (Whereupon, a break was taken,  
18 after which the following  
19 proceedings were had:)

20 THE VIDEOGRAPHER: Back on the record, 4:35.

21 BY MR. SHAPIRO:

22 Q. Why do you think Alan Beaman -- strike that.  
23 What evidence do you have to support your  
24 view that Alan Beaman lied to you about the Bell

253

1 Federal Bank as opposed to simply not remembering  
2 immediately having gone to the bank that day?

3 A. Because in early September, his attorney,  
4 Bill Beu, sent -- or made a call to Bell Federal  
5 asking for a copy of the tape. Therefore, I know his  
6 attorney was aware of that video.

7 And so when asked several times, did you go  
8 anywhere else that day, he would have been aware of  
9 that. And so his lie was through omission --  
10 omission. Excuse me.

11 Q. Your testimony is that you asked him  
12 specifically where were you on August 25 as opposed  
13 to during the week of the murder?

14 A. I asked about the entire week.

15 Q. Uh-huh. And the omission was  
16 forgetting that he -- strike that.

17 The omission was not mentioning that he had  
18 gone to the bank at some point that week?

19 A. That's correct. Actually, he was asked  
20 several times if he had done anything that day.  
21 It -- just leave it at that.

22 Q. The 28 calls suggests that -- well, strike  
23 that.

24 There was evidence that Beaman was not

254

1 interested in getting back together with Lockmiller;  
2 was there not?

3 MS. BARTON: Objection, form.

4 THE WITNESS: Not that I'm aware of.

5 BY MR. SHAPIRO:

6 Q. Beaman had gone out of town and been in Ohio  
7 for a period after breaking up with Lockmiller,  
8 correct?

9 A. He did leave to go to Ohio for a while, yes.

10 Q. Uh-huh. There had been a call in which Alan  
11 said that Jennifer wanted to get back together with  
12 him, and he was not interested, correct?

13 MS. BARTON: Objection to foundation.

14 THE WITNESS: That was Alan's version of how  
15 that conversation went.

16 BY MR. SHAPIRO:

17 Q. And that was consistent with his parents'  
18 understanding of that conversation based on what Alan  
19 told them immediately after the conversation, right?

20 MS. BARTON: Objection to foundation.

21 THE WITNESS: I don't know anything about the  
22 conversation between he and his parents.

23 BY MR. SHAPIRO:

24 Q. You don't have -- you don't have any

255

1 recollection of Alan's parents stating that he had  
2 told them prior -- immediately after a conversation  
3 with Lockmiller that she was interested in getting  
4 back together but he was not?

5 A. No, sir.

6 MS. BARTON: Objection, foundation.

7 THE WITNESS: I don't remember that.

8 BY MR. SHAPIRO:

9 Q. When you were discussing your view that  
10 there was probable cause to arrest Mr. Beaman, you  
11 discussed evidence that you think suggested a motive  
12 to kill her, right?

13 A. Yes.

14 Q. How is that evidence different from evidence  
15 indicating a bad break-up?

16 A. I don't understand your question, sir.

17 Q. Well, not everyone who has a bad break-up  
18 has a motive to kill their ex, right?

19 A. I guess that would be a fair statement, yes.

20 Q. Okay. So what made Alan Beaman different?

21 A. Well, he had a past history of breaking into  
22 her apartment thinking that Mike Swain was in the  
23 apartment. He had a history of going through her  
24 garbage looking for evidence that she was cheating

256

1 with somebody else. He stated in his letters that he  
2 was incredibly jealous. There were numerous  
3 indications of his jealousy and his rage that he  
4 would go into when finding out that she was  
5 potentially sleeping with somebody else or having  
6 sexual relations with somebody else. That's not  
7 always common in any break-up. That was a very  
8 violent --

9 Q. When did Mr. Beaman learn that  
10 Jennifer Lockmiller was having sexual relations with  
11 Mr. Swain?

12 MS. BARTON: Objection to foundation.

13 THE WITNESS: That's a very good question. I  
14 don't know.

15 BY MR. SHAPIRO:

16 Q. Well, he knew it at the time that he walked  
17 in on a night when Lockmiller was with Swain, right?

18 MS. BARTON: Same objection.

19 THE WITNESS: He had suspicions that  
20 Mike Swain was having a relationship with Jennifer.  
21 When he busted the door in, he didn't see Mike in  
22 there. According to the statements, Mike was hiding  
23 in the closet underneath one of her dresses, so he  
24 didn't see Mike at that time.

257

1 BY MR. SHAPIRO:

2 Q. So you don't think at that point he knew  
3 that there was a sexual relationship between Swain  
4 and Lockmiller?

5 A. My answer is I don't know exactly when he  
6 found out about the relationship between Mike and  
7 Jennifer.

8 Q. What do you think he inferred from the fact  
9 that Swain was, as you just stated, hiding in the  
10 closet behind dresses?

11 A. I'm sorry. Say that again.

12 Q. What do you think Mr. Beaman inferred from  
13 the fact that Mr. Swain was standing in the closet  
14 behind dresses when he walked in?

15 MR. DiCIANNI: Objection, form of the  
16 question, speculation.

17 MS. BARTON: I'll join.

18 THE WITNESS: I don't know what his inference  
19 would be, sir.

20 BY MR. SHAPIRO:

21 Q. He might have attached no significance to  
22 the fact that Mr. Swain was in the -- was hiding in  
23 the closet; is that what you're saying?

24 MR. DiCIANNI: Same objection.

258

1 MS. BARTON: I'll join.

2 THE WITNESS: I don't know exactly what he  
3 was thinking. I believe he did tell me in overhear  
4 that he had suspicion that they were romantic because  
5 he had found out later that after he broke in she was  
6 in the closet.

7 BY MR. SHAPIRO:

8 Q. So when -- when -- when do you think -- and  
9 I realize you view it as an unsubtle question, but  
10 when do you think Mr. Beaman learned there was a  
11 romantic relationship between -- strike that -- a  
12 sexual relationship between Ms. Lockmiller and  
13 Mr. Swain?

14 MR. DiCIANNI: Objection, form of the  
15 question.

16 THE WITNESS: I believe you answered the  
17 question while you asked it. I don't know at what  
18 point he realized that they were having sexual  
19 relations. He made reference to them sleeping  
20 together in the Sigma Chi basement. But as to when  
21 the point came he realized they were sleeping  
22 together, I don't know, sir.

23 BY MR. SHAPIRO:

24 Q. Is the point at which he realized that

259

1 important to establishing his motive in this case?

2 MR. DiCIANNI: Same objection.

3 MS. BARTON: I'll join.

4 THE WITNESS: It could be.

5 BY MR. SHAPIRO:

6 Q. Why is that important?

7 A. We know from the letters that Alan was a  
8 very passionate individual. And if he had discovered  
9 that, you know, recent evidence of them together, it  
10 could have fueled that passion even harder.

11 Q. But you have no idea when that would have  
12 occurred, right?

13 MR. DiCIANNI: Which -- what's that?

14 MR. SHAPIRO: The discovery of the sexual  
15 relationship.

16 MR. DiCIANNI: The knowledge? The knowledge?

17 MR. SHAPIRO: Yes.

18 THE WITNESS: No.

19 BY MR. SHAPIRO:

20 Q. Do you think that Lockmiller wanted to get  
21 together -- get back together with Mr. Beaman?

22 MR. DiCIANNI: Object, speculation.

23 MS. BARTON: Join.

24 THE WITNESS: I have no way of knowing that,  
260

1 sir.

2 BY MR. SHAPIRO:

3 Q. In discussing Mr. Beaman's motive, you made  
4 a reference to Basic Instinct. How -- how -- how did  
5 that inform your view of his motive?

6 MR. DiCIANNI: Let me object to the  
7 characterization. I don't think he said it went to  
8 motive.

9 BY MR. SHAPIRO:

10 Q. All right. Well, how -- fair enough.

11 Did the fact that Mr. Beaman watched the  
12 movie and made a reference to -- purportedly made a  
13 reference to Basic Instinct in your view constitute a  
14 piece of evidence against him?

15 A. No, sir. I found it to be a very weird and  
16 odd coincidence that he would make reference to Basic  
17 Instinct being a movie where during sex someone is  
18 stabbed in the chest.

19 Q. Uh-huh. Are you -- so you did not view it  
20 as a piece of evidence; you viewed it as weird and  
21 odd?

22 A. It was odd. I didn't view it as a piece of  
23 evidence, sir.

24 Q. If you didn't view it as a piece of

261

1 evidence, why did you tell me earlier that it was one  
2 of the bases for believing that you had probable  
3 cause against Mr. Beaman?

4 MR. DiCIANNI: I object to the form of the  
5 question. I mean, I -- go ahead.

6 THE WITNESS: I believe you asked me why I  
7 felt there was enough probable cause against  
8 Mr. Beaman, and that was one of a number of different  
9 things that I listed off that I found odd just as  
10 stating that she dug into him with every ounce of  
11 sharp silver that she had. I didn't consider that  
12 evidence either, but I found it very odd.

13 In this particular case, as you well know,  
14 there's not one smoking gun. But you have to look at  
15 the totality of everything that occurred over the  
16 entire investigation, and there were a number of these  
17 odd things that took place. And when you sit down and  
18 you start looking at them all together, it begins to  
19 build more and more and more of a case.

20 BY MR. SHAPIRO:

21 Q. Uh-huh. Well, while we're talking about  
22 there not being a smoking gun and totality of the  
23 evidence, I'm going to read to you from Mr. Souk's  
24 2004 deposition.

262

1 "Question: This was an  
2 entirely circumstantial case?

3 "Answer: It was."

4 Do you agree with that characterization.

5 A. Yes, I do.

6 Q. In his deposition yesterday, Souk testified  
7 that Lockmiller, quote, had multiple sexual partners,  
8 unquote. Would you agree with that characterization  
9 as well?

10 A. Yes.

11 Q. She liked to go to bars and meet people?

12 A. I don't know that, sir.

13 Q. You don't have any recollection of her going  
14 to bars as part of the investigation?

15 A. I don't remember, sir.

16 Q. Would you agree that Jennifer Lockmiller  
17 drank a lot?

18 A. I read in my police report where Alan or  
19 Mike did not want to get involved with her,  
20 Mike Swain, because of her alcohol use.

21 Q. So you think she drank a lot, right?

22 A. Yes, I believe that's true.

23 Q. Did she frequently use drugs?

24 A. There are several reports that she used

263

1 drugs frequently, yes.

2 Q. Uh-huh. And she drank and did drugs with  
3 multiple different people, some of whom she met  
4 casually?

5 A. I don't know about the "met casually," but I  
6 know she drank and did drugs with several different  
7 people.

8 Q. Did your investigation exclude the  
9 possibility that some drifter or unknown sexual  
10 partner was the murderer?

11 A. I don't know, sir.

12 Q. Can you recall anything that was done to  
13 exclude the possibility of an unknown sexual partner  
14 or drifter being the murderer?

15 A. At the time, I felt we did everything we  
16 could in the case to look at the evidence, to look at  
17 prints, to look at DNA statements, swabs, whatever.  
18 The door was not broken into. There was no forced  
19 entry into the apartment. There was telltale signs  
20 of things that Alan had done.

21 And, therefore, I don't recall that we made  
22 a widespread effort to look for drifters or homeless  
23 people in the area. At least I didn't, sir.

24 Q. And you have no recollection of anyone

264

1 making a widespread effort to look for drifters who  
2 might have been the murderer?

3 A. I don't recall that that was done.

4 Q. Uh-huh. And would you say the same with  
5 regard to unknown sexual partners? In other words,  
6 there was no widespread effort to exclude the  
7 possibility of an unknown sexual partner had been the  
8 murderer?

9 A. I don't know, sir.

10 Q. Did you speak to the regulars at the bars  
11 that Jennifer Lockmiller would visit in connection  
12 with the investigation?

13 A. I did not, sir, and I don't know if anybody  
14 else did.

15 Q. Did you or anyone else involved in the  
16 investigation attempt to canvas everyone that  
17 Jennifer Lockmiller knew or had encountered recently?

18 A. I don't believe we canvassed everybody that  
19 she knew. She was a college student. She attended  
20 classes with a number of different people. She  
21 worked at the Vidette, V-i-d-e-t-t-e. I can't say  
22 that we canvassed everybody that she knew and  
23 everybody that she came in contact with.

24 Q. Did you attempt to speak with everyone she  
265

1 worked with at the Vidette?

2 A. I don't know, sir. I did not personally.

3 Q. And you don't know if the investigation did  
4 that --

5 A. That's correct.

6 Q. -- as a whole. Uh-huh.

7 As part of the investigation, were lists  
8 of the other students who had classes with  
9 Jennifer Lockmiller obtained?

10 A. I don't recall. I recall in my police  
11 report speaking with her professors, and I believe I  
12 might have obtained a roster of the classes that she  
13 was currently in; but I don't recall for sure.

14 Q. Was the purpose of obtaining that roster to  
15 verify her attendance in that class?

16 A. Yes, it was.

17 Q. Okay. Was any -- having obtained that  
18 roster, was any effort made to contact the other  
19 people on the roster?

20 MS. BARTON: Objection to form.

21 THE WITNESS: I don't remember, sir.

22 BY MR. SHAPIRO:

23 Q. Separate from that roster, we were just  
24 speaking about that roster previously, but do you

266

1 recall any effort being made to speak with all of the  
2 individuals that Jennifer Lockmiller had in her  
3 classes?

4 MS. BARTON: Objection to form and  
5 foundation.

6 THE WITNESS: I don't remember, sir.

7 BY MR. SHAPIRO:

8 Q. You talked about bars -- patrons of bars  
9 earlier, but was any effort made to speak with the  
10 bartenders that the bars where Lockmiller frequently  
11 was?

12 MS. BARTON: Same objection.

13 THE WITNESS: I don't remember, sir.

14 BY MR. SHAPIRO:

15 Q. Were any efforts made to locate anyone that  
16 Lockmiller encountered during the period of mental  
17 health treatment?

18 MS. BARTON: Objection, form and foundation.

19 THE WITNESS: I don't remember anything about  
20 mental health treatment.

21 BY MR. SHAPIRO:

22 Q. So you don't remember any effort being made  
23 to track down anyone she might have met during a  
24 period of mental health treatment?

267

1 A. I don't remember that.

2 Q. Do you remember any efforts being made to  
3 track down and speak with people Lockmiller met  
4 during a period she spent at a rehabilitation clinic?

5 A. I don't remember that either, sir.

6 Q. Earlier we discussed the evidence of a piece  
7 of the fan that was found on Ms. Lockmiller. Was any  
8 consideration given to the possibility that that fan  
9 was -- thrown on her was an indication that the  
10 murder was committed by a sociopath?

11 MS. BARTON: Objection to form.

12 THE WITNESS: I don't recall, sir.

13 BY MR. SHAPIRO:

14 Q. Was a victimology ever performed to  
15 determine the killer's likely profile?

16 A. I testified to you earlier I believe written  
17 in the report somewhere that a profiler was  
18 contacted, but I don't recall any results of that  
19 profiler. I don't even recall who met with him.

20 Q. Do you have any recollection what was done  
21 to follow up on any leads suggested by the profiler?

22 A. No, sir.

23 Q. Or any investigative angle suggested by the  
24 profiler?

268

1 A. No, sir. I don't remember anything about  
2 the profiler.

3 Q. Uh-huh. I'll represent to you that in an  
4 interview with Hospelhorn, Kelly Hamburg indicated  
5 that Ms. Lockmiller met two guys on August 24 on the  
6 street on the way between two bars and gave one of  
7 them -- or rather one of them gave her his phone  
8 number.

9 What was done to identify the two men  
10 Lockmiller met in a bar the night before the murder?

11 A. I don't know, sir.

12 Q. Would it have been important to find out who  
13 Jennifer Lockmiller met on the night before she was  
14 killed?

15 A. I -- yes.

16 Q. I'll further represent to you that in that  
17 same interview with Kelly Hamburg, Hamburg stated  
18 that an Arthur Barron did know the two individuals  
19 that Lockmiller encountered on the street on  
20 August 24.

21 Was Arthur Barron interviewed?

22 A. I don't know, sir.

23 Q. Further represent to you that Kelly Hamburg  
24 stated that she -- that Lockmiller had met an

269

1 individual from Woodstock at a bar called Spanky's.

2 Were any efforts made to determine the  
3 identify of this individual?

4 A. I don't know, sir.

5 Q. Do you know if staff at the bar were spoken  
6 to in an effort to determine the identify of this  
7 individual?

8 A. I don't know, sir.

9 Q. Do you know if customers at the bar were  
10 spoken to in an attempt to identify the iden -- to  
11 identify who this individual was?

12 A. I don't know, sir.

13 Q. I'll also represent to you that in an  
14 interview with Heidi Steinman she stated that  
15 Lockmiller met a guy at a bar on August 20 or 21st  
16 who kept calling her.

17 What was done to locate that individual?

18 A. I don't remember, sir.

19 Q. I'll represent to you that a month after the  
20 murder, there was an individual named Danny Hosey who  
21 was found with knives in his car that appeared to  
22 have blood on them.

23 Was anything done to exclude Hosey as a  
24 suspect in the Lockmiller investigation?

270

1 A. I don't remember anything about a  
2 Danny Hosey, sir.

3 Q. Okay. So you don't remember whether there  
4 was any attempt to test the substance on the knives  
5 and determine whether it was blood?

6 A. I don't remember anything about that, sir.

7 Q. Okay. And you don't remember if anyone ran  
8 a criminal background check on Hosey, right?

9 A. That's correct, I don't remember anything  
10 about a Danny Hosey.

11 Q. Okay. And those would have been -- that  
12 would have been a pretty easy to do, right, running a  
13 criminal background check?

14 MS. BARTON: Objection; form, foundation.

15 THE WITNESS: A background check is an easy  
16 thing to do, yes.

17 BY MR. SHAPIRO:

18 Q. And determining whether a substance is blood  
19 is something that's commonly done in investigations?

20 A. I don't know, sir.

21 Q. One could have determined whether the  
22 substance on the knives was blood by sending it to a  
23 lab, right?

24 A. Yes.

271

1 Q. And that lab might have yielded information  
2 about who the blood came from, right?

3 A. Speculation, sir. I don't know.

4 Q. What is the reason that blood is commonly  
5 sent to crime labs in the course of investigations?

6 A. Usually to see if it could be matched to a  
7 particular person. So when a weapon is sent, it  
8 would usually be a match that they're looking to  
9 compare.

10 Q. Uh-huh. You mentioned that you looked into  
11 DNA. What did you do when you were looking into DNA?

12 A. Can you be more specific? When did I  
13 mention that and when was I --

14 Q. Well, I believe you mentioned that earlier  
15 in the deposition. And if I'm misstating that, I  
16 apologize.

17 The question was just what was done in the  
18 course of the investigation with regard to DNA  
19 evidence?

20 A. Detective Warner would be able to answer  
21 that for you better. He handled all of our evidence  
22 and -- throughout -- on the team. I had very limited  
23 ex -- involvement in crime scene processing. I  
24 didn't even videotape them. I can't -- it was bad,

272

1 the battery was bad.

2 So all of that processing was done by  
3 Dean Kennedy from the State Police, and Dave Warner  
4 was the main contact for that.

5 Q. Would your opinion that Alan is the murderer  
6 change if you knew that the -- that a vaginal swab of  
7 Jennifer Lockmiller revealed two male seminal --  
8 seminal profiles that did not match Mr. Beaman,  
9 Mr. Swain, Mr. Murray, or Mr. Gates?

10 A. No.

11 Q. Why not?

12 A. Because of all the other evidence against  
13 Alan Beaman. I'm still convinced to this day that  
14 he's responsible for that homicide.

15 Q. If there were semen that matched another  
16 individual, would it not be important to investigate  
17 who that individual was?

18 MS. BARTON: Objection --

19 MR. DiCIANNI: Object, form of the question.

20 MS. BARTON: Join.

21 THE WITNESS: Yes.

22 BY MR. SHAPIRO:

23 Q. And is that something that could change your  
24 view of Beaman's guilt?

273

1 A. No.

2 MR. DiCIANNI: I'll object, speculation.

3 MR. SHAPIRO: Let's take a break.

4 THE VIDEOGRAPHER: Off the record, 4:55.

5 (Whereupon, a break was taken,  
6 after which the following  
7 proceedings were had:)

8 THE VIDEOGRAPHER: Back on the record, 5:08.

9 BY MR. SHAPIRO:

10 Q. Mr. Freesmeyer, did Mr. Souk advise you in  
11 any way as to how probable cause might be developed  
12 against Mr. Beaman?

13 A. I don't recall, sir.

14 Q. Did he issue any recommend -- did he give  
15 any recommendations with regard to the investigation  
16 of Mr. Beaman?

17 MS. BARTON: Objection to foundation as to  
18 time.

19 THE WITNESS: I don't recall, sir.

20 BY MR. SHAPIRO:

21 Q. You were the person who was in charge of  
22 investigating Mr. Beaman, right?

23 A. In the later stages, yes -- yeah, yes, from  
24 the very beginning, yes. Sorry.

274

1 Q. So -- and as the person who was in charge of  
2 investigating Mr. Beaman and who had numerous  
3 conversations with Mr. Souk, you don't recall whether  
4 Mr. Souk ever made a recommendation with regard to  
5 the investigation of Beaman, right?

6 A. I'm --

7 MR. DiCIANNI: Let me make an objection. You  
8 know, we did this whole thing this morning about what  
9 recommendations Souk made and didn't. I'm not  
10 going --

11 MR. SHAPIRO: Your -- so it's an asked and  
12 answered objection?

13 MR. DiCIANNI: Yeah.

14 MR. SHAPIRO: I understand the objection.

15 MS. BARTON: Join the objection.

16 THE WITNESS: I'll have to change what I said  
17 just a moment ago. I said he did not make  
18 recommendations. He did. One I can remember is  
19 during the trial, he asked me to go up and do some  
20 more time tests based on what was being disclosed  
21 during the trial. So there were occasions where he  
22 would say, "This is something we need to follow up  
23 on," and I would follow up on it.

24

275

1 BY MR. SHAPIRO:

2 Q. But you just stated that you were in charge  
3 of the investigation of Beaman specifically from the  
4 very beginning?

5 A. Yes.

6 Q. And --

7 A. Well, the original contact with Mr. Beaman  
8 was with Tony Daniels and Rob Hospelhorn. So to say  
9 that I was responsible from the very beginning would  
10 not be accurate.

11 Q. Okay. Shortly into the investigation, you  
12 became in charge of --

13 A. When --

14 Q. -- investigating Beaman, right?

15 A. When he returned to campus, then it was  
16 switched to me because he would not talk to Daniels  
17 anymore.

18 Q. Uh-huh. So there was a long period of time  
19 prior to the charges being made against Mr. Beaman in  
20 which you were the person in charge of investigating  
21 him, right?

22 A. Yes.

23 Q. If Souk had a recommendation with regard to  
24 investigating Beaman prior to filing of charges, who

276

1 would he have gone to?

2 MS. BARTON: Objection to form and  
3 foundation.

4 THE WITNESS: Again, he may have come to me.  
5 He may have gone to Frank Zayas. I don't remember  
6 exactly, sir.

7 That's contrary to what I answered before.  
8 You asked me if he had made any recommendations, and I  
9 said no. He may have made recommendations to me, or  
10 he may have made them to Frank Zayas.

11 BY MR. SHAPIRO:

12 Q. Prior to charging?

13 A. Yes.

14 Q. Was Stacey Gates excluded as a suspect in  
15 the Lockmiller murder?

16 A. Yes, he was.

17 Q. How was he excluded?

18 A. By going to his place of employment and  
19 speaking with his employer. And he was in class or  
20 at his employer's place during the time that we  
21 identified as the window of opportunity for her  
22 death.

23 Q. Uh-huh. And when you say his employer, you  
24 mean the principal of the school where he was a

277

1 teacher, right?

2 A. I believe so.

3 Q. Would a principal have been able to verify  
4 Mr. Gates's presence at the school throughout the  
5 entirety of a workday?

6 A. I don't know, sir.

7 MR. DiCIANNI: Objection, speculation.

8 MS. BARTON: Join.

9 BY MR. SHAPIRO:

10 Q. Is it your general understanding that as a  
11 principal, the principal is in class observing what  
12 teachers are doing throughout the entirety of the  
13 school day?

14 MS. BARTON: Objection to foundation, form.

15 THE WITNESS: I don't know, sir, if that  
16 principal was observing him all day or not.

17 BY MR. SHAPIRO:

18 Q. Is it your understanding that it would be a  
19 normal thing for a principal to do, to observe  
20 teachers throughout the entire day?

21 MS. BARTON: Same objection.

22 THE WITNESS: That would not be a normal  
23 thing.

24

278

1 BY MR. SHAPIRO:

2 Q. Do you recall indicating in your report  
3 anywhere that the teacher monitored Mr. Gates's  
4 presence throughout the entire day?

5 MS. BARTON: Objection to form.

6 THE WITNESS: I don't recall documenting that  
7 anywhere.

8 BY MR. SHAPIRO:

9 Q. Uh-huh. Did you obtain Gates's class  
10 schedule indicating when in the day he had classes  
11 and when he had breaks?

12 A. I don't remember, sir.

13 Q. If you did, would it have been in the  
14 record?

15 A. Most likely, but I can't say. It's been too  
16 long ago, sir.

17 Q. Did you ask Mr. Gates's fellow PE teachers  
18 whether Gates asked him to cover any of his classes  
19 on August 25?

20 A. I don't know, sir.

21 Q. Do you recall having a conversation with  
22 anyone at the school where Gates taught other than  
23 the principal?

24 A. I don't recall that, sir.

279

1 Q. And you were the person principally  
2 responsible for investigating Gates's alibi, right?

3 A. I don't know, sir. I believe Dave Warner  
4 may have shared in that. I don't remember exactly.

5 Q. You were the person who went to the school  
6 to investigate his alibi, right?

7 A. I believe that's in my police report, sir.

8 Q. So that's a yes?

9 A. Yes, I believe -- if it's in my police  
10 report that I went, then yes.

11 Q. Were you able to foreclose the possibility  
12 that Gates left the Harrison School for a period of  
13 the day on August 25?

14 A. Would you restate that question, please?

15 Q. Uh-huh. Were you able to foreclose the  
16 possibility that Gates left the Harrison School for  
17 part of the day on August 25?

18 A. I'm sorry, but I'm going to ask you to  
19 repeat that one more time without using the word  
20 foreclose.

21 Q. We'll say eliminate instead.

22 A. All right. Thank you. Please.

23 Q. Were you able to eliminate the possibility  
24 that Gates left the Harrison School for a period on

280

1 August 25?

2 A. I felt that I had sufficiently, yes.

3 Q. How did you do that?

4 A. I don't remember exactly, sir.

5 Q. You don't recall doing anything other than  
6 speaking to the principal, right?

7 A. Again, I don't recall exactly, sir.

8 Q. Direct your attention to Exhibit 18. Is  
9 Exhibit 18 the document you obtained from the school  
10 regarding Mr. Gates's presence during the week of the  
11 murder?

12 A. I don't remember if I obtained this or if  
13 somebody else did, sir.

14 Q. I can direct you to this portion of your  
15 report if you'd like me to, but let me just read it  
16 to you, and you can let me know if it's necessary.

17 A. Okay.

18 Q. It says: Ms. Perkins pulled the weekly  
19 attendance sheets for that week and made a copy for  
20 our investigation.

21 A. Okay.

22 Q. You can see the signature here is Perkins?

23 A. Yes.

24 Q. So would you agree with me that Exhibit 18  
281

1 is the document that you obtained regarding  
2 Mr. Gates's presence in school during the week of the  
3 murder?

4 A. Okay. Yes, yes, I will.

5 Q. This document suggests that the principal  
6 had to verify the attendance of 34 teachers  
7 throughout the week, right?

8 A. That's what it indicates, yes.

9 Q. Uh-huh. And it would appear from the manner  
10 in which this form is filled out that the principal  
11 marked "present" for the 24th and then drew a line  
12 through the rest of the week indicating the presence  
13 of the teachers throughout the entire week, right?

14 A. I believe so.

15 Q. Uh-huh. And that would suggest that the  
16 principal filled out this form all at once with  
17 regard to attendance during the entire week. Is that  
18 a fair inference the way this document's filled out?

19 MS. BARTON: Objection to foundation.

20 THE WITNESS: I can't answer that, sir. I  
21 don't know. I don't know how she filled it out.

22 BY MR. SHAPIRO:

23 Q. Well, you see there's a "P" with a line  
24 through all the dates filled out there, right?

282

1 A. Yes.

2 Q. To me, at least, that very clearly indicates  
3 that someone didn't check off attendance on a daily  
4 basis but wrote a "P" and then a line in one sitting.  
5 You agree with that characterization?

6 MR. DiCIANNI: Object, speculation.

7 THE WITNESS: Again, I don't -- I don't know  
8 if she did that in one sitting, sir.

9 I would agree with you there's a "P" there  
10 and there's a line there; but whether she did all that  
11 at once, I don't know.

12 BY MR. SHAPIRO:

13 Q. Regardless, the document indicates that the  
14 teacher had to monitor the attendance of 34 teachers  
15 throughout the week, right?

16 A. At least 34.

17 Q. At least 34, right?

18 A. Yes.

19 Q. And you would agree with me that it would be  
20 abnormal for a principal to monitor the presence of  
21 34 people continually throughout the day, right?

22 MS. BARTON: Objection to form, foundation.

23 MR. DiCIANNI: I object to form.

24 THE WITNESS: Could you repeat your question  
283

1 again, sir?

2 MR. SHAPIRO: Uh-huh.

3 MR. BOWMAN: Just rephrase it --

4 BY MR. SHAPIRO:

5 Q. Uh-huh. It would be impossible for a  
6 principal to verify the presence throughout the  
7 entire school day of 34 people, right?

8 MR. DiCIANNI: Same objection.

9 MS. BARTON: Same objection.

10 THE WITNESS: I'm sure there's ways that they  
11 have of making sure their teachers are there. If a  
12 teacher is going to go and the teacher has students in  
13 the classroom, then obviously somebody is going to  
14 have to be in that classroom.

15 What we're looking at is a payroll form, and  
16 I'm assuming that the school is going to have some  
17 other way of verifying that a teacher is there, either  
18 in the presence of a substitute if they're not or some  
19 sort of a leave slip that would be submitted if the  
20 teacher was not there.

21 BY MR. SHAPIRO:

22 Q. I think we're talking past each other.

23 A. Okay.

24 Q. I'm not suggesting that the principal failed

284

1 to verify that the teachers were present at some  
2 point during each of the days indicated on this  
3 attendance sheet.

4 What I'm asking you is it would be  
5 impossible for the principal to continually monitor  
6 the presence of 34 people throughout the day, right?

7 A. Yes.

8 MS. BARTON: Object to form and foundation.

9 MR. DiCIANNI: Yeah, I join.

10 BY MR. SHAPIRO:

11 Q. That was a yes, right?

12 A. Yes.

13 Q. Okay. Do you remember an individual  
14 named Rob Curtis who was looked into as part of the  
15 Lockmiller homicide investigation?

16 A. I remember the name from reading through  
17 statements and other items preparing for this  
18 deposition, but I couldn't tell you anything about  
19 Mr. Curtis.

20 Q. You have no recollection of anything  
21 regarding Mr. Curtis beyond his name?

22 A. Not independently, sir.

23 Q. Well, you mentioned that you've reviewed

24 documents in preparation for your deposition, so I'm

285

1 not just asking you for your independent  
2 recollection. I'm asking you whether you have any  
3 knowledge as you sit here today about Rob Curtis?

4 A. I know somewhere in the documents that I've  
5 read over the last three days, I believe there was a  
6 name Ron Curtis or Rob Curtis.

7 Q. Let me direct your attention to Exhibit 32.  
8 Exhibit 32 is a -- 154 pages of documents primarily  
9 relating to Rob Curtis's prior charges in connection  
10 with the torture and killing of cats.

11 Do you know if these documents were ever in  
12 the Beaman investigative files?

13 A. I don't --

14 MS. BARTON: Object to the form.

15 THE WITNESS: -- know, sir.

16 BY MR. SHAPIRO:

17 Q. Have you ever seen these documents before?

18 A. You have to give me a moment to look at  
19 them.

20 Q. Oh, yeah. Please, please. Take a ...

21 A. Can you tell me which agency this came from?

22 Q. Yes, it came from the Town of Normal.

23 A. There's an investigator, Michael Metzler,  
24 here. I don't know a Michael Metzler.

286

1 Q. I'm not saying that all of the reports were  
2 originally prepared by the Town of Normal. I believe  
3 what your -- my understanding of your question was  
4 where did these documents come from? They were  
5 produced to us by Mr. DiCianni.

6 A. Okay. Thank you.

7 Q. Yeah.

8 A. I guess what I'm asking, the police reports  
9 that I'm looking at, sir, what agency are these from?  
10 Is this Urbana, Illinois?

11 Q. Yeah. I believe they're from Champaign if  
12 memory -- if memory serves, but they were provided in  
13 this case.

14 A. I think it's Urbana. There's a --

15 Q. Okay.

16 A. -- U in front of the case number.

17 Sir, I don't recall ever seeing any of these  
18 documents before.

19 Q. Uh-huh. Were any of these documents in  
20 the -- do you believe that there were any documents  
21 related to cat torture by Robert Curtis in the  
22 Lockmiller investigative files?

23 MS. BARTON: Objection, form.

24 THE WITNESS: I do not recall.

287

1 BY MR. SHAPIRO:

2 Q. Were you ever -- do you have any  
3 recollection of Robert Curtis's -- Rob Curtis's  
4 history of torturing cats?

5 A. No, I do not.

6 Q. Are you aware of any connection between  
7 Rob Curtis and John Murray other than the fact that  
8 they were both investigated in connection -- strike  
9 that.

10 Are you aware of any connection between  
11 Rob Curtis and John Murray other than the fact that  
12 they were both connected to Jennifer Lockmiller --

13 MR. DiCIANNI: I'll --

14 BY MR. SHAPIRO:

15 Q. -- one way or another?

16 MR. DiCIANNI: -- object to assuming that  
17 something hasn't been established at all.

18 MS. BARTON: I'll join the objection.

19 THE WITNESS: As I mentioned earlier, I  
20 remember seeing Curtis's name somewhere in the items I  
21 read, but I have no independent recollection of him at  
22 all.

23 BY MR. SHAPIRO:

24 Q. Do you have any explanation of why documents

288

1 regarding Rob Curtis and John Murray would be  
2 intermingled in the Normal Police Department's files?

3 MS. BARTON: Objection, form and foundation.

4 THE WITNESS: No, I have no idea.

5 BY MR. SHAPIRO:

6 Q. Okay. The point at which Zayas retired was  
7 December of 1994; is that correct?

8 A. I believe it was end of November or 1st of  
9 December 1994.

10 Q. Okay. And up until the end of November or  
11 December of 1994, Zayas was your supervisor in the  
12 Lockmiller homicide investigation?

13 A. Zayas, yes.

14 Q. Zayas. I'm sorry.

15 A. That's okay.

16 Q. That was a yes, right? He was a  
17 supervisor --

18 A. Yes, he was my supervisor.

19 Q. Okay. Let me direct your attention to  
20 Exhibit 30.

21 You testified earlier that you wrote one  
22 long police report throughout this case, right?

23 A. Yes, sir.

24 Q. Okay. And Exhibit 30 or -- is the first 24  
289

1 pages of the report as it was written by you; is that  
2 correct?

3 A. It appears to be, yes.

4 Q. Okay. And the date and time indicated on  
5 the first page and the last page at the bottom,  
6 September 14, 1993, would indicate the date when this  
7 portion of the report was prepared; is that right?

8 A. No, it would have been when it was  
9 submitted.

10 Q. When it was submitted?

11 A. Yes.

12 Q. Okay.

13 A. It would have been prepared on an ongoing  
14 basis as the investigation unfolded.

15 Q. Uh-huh. So this portion of the report was  
16 submitted to Lieutenant Zayas on September 14, 1993,  
17 right?

18 A. I would assume that what it's -- I don't  
19 have an independent recollection of exactly when it  
20 was submitted to him, but it would make sense that it  
21 was on 1138. I don't know for sure.

22 THE COURT REPORTER: It was on 1138?

23 THE WITNESS: I'm sorry. September 14 of  
24 '93.

290

1 BY MR. SHAPIRO:

2 Q. If you turn to Exhibit 31, that is the  
3 next portion of your report that was signed by  
4 Lieutenant Zayas, right?

5 A. It would appear to be.

6 Q. Uh-huh. And the September 24, 1993 date on  
7 Plaintiff's Exhibit 31 indicates that it was  
8 submitted to him at that date, right?

9 A. I would -- I would assume so, yes.

10 Q. Okay. Now, I'll represent to you,  
11 Mr. Freesmeyer, that these two portions of your  
12 report are the only ones that we've received with a  
13 signature from Lieutenant Zayas.

14 Can you -- is there any explanation as to  
15 why Lieutenant Zayas would not have signed your  
16 reports after September 24, 1993?

17 A. I have no idea, sir.

18 Q. Did you submit reports to him after  
19 September 24, 1993?

20 A. I believe I did. I can't say for sure, but  
21 that would have been the standard practice was to  
22 submit reports through him as my supervisor.

23 Q. Let's go back to Exhibit 3.

24 MS. BARTON: 3?

291

1 MR. SHAPIRO: 3, yes.

2 BY MR. SHAPIRO:

3 Q. Plaintiff's Exhibit 3 is a 54-page version  
4 of your report, correct? 51-page version of your  
5 report?

6 A. I believe so, yes.

7 Q. On the second to the last page bears Bates  
8 number AB 305. You see the date indicated is July 1,  
9 1994?

10 A. Yes, sir.

11 Q. What does the date indicate on this report?

12 A. Well, I would assume that it indicates when  
13 that report was submitted to Lieutenant Zayas.

14 Q. Uh-huh.

15 A. I don't recall as I sit here if the computer  
16 automatically changed the date each time we logged  
17 in. You know how some word processors will  
18 automatically update certain fields --

19 Q. Uh-huh.

20 A. -- when you open them up? I don't recall if  
21 that was the case, or if I had to go down and  
22 manually change the date before I submitted that. I  
23 simply can't recall.

24 It would seem that that would have been the  
292

1 date that I submitted this report.

2 Q. Uh-huh. And -- and -- and this report would  
3 have been prepared after the reports that we looked  
4 at earlier in exhibits -- I believe it was 30 and 31,  
5 right?

6 A. Yes, because the page number is higher in  
7 sequence.

8 Q. All right. If -- if -- if Zayas was still  
9 supervising your work in the investigation up until  
10 November or December of 1994, why -- why would he not  
11 have signed a report that you apparently submitted on  
12 July 1, 1994?

13 MR. DiCIANNI: Objection, foundation.

14 THE WITNESS: I don't know, sir.

15 BY MR. SHAPIRO:

16 Q. Okay. And you have no explanation  
17 whatsoever why that might be the case, right?

18 A. No, sir.

19 Q. Mr. Freesmeyer, have you ever been  
20 disciplined in any way in connection with your  
21 professional activities?

22 A. In preparation for this testimony, I  
23 reviewed some disciplinary reports that were provided  
24 to my attorney from the Normal Police Department.

293

1 Q. Uh-huh.

2 A. So there were some letter of reprimands that  
3 I received.

4 Q. What letters of reprimand did you receive?

5 A. There was a letter of reprimand, I believe,  
6 because I didn't fully support the fact that patrol  
7 officers should be entering pawn shop reports, and it  
8 should have been the job of the detective division.  
9 I had a different perspective on whether that was a  
10 patrol function or CID function at the time.

11 I believe I was -- I received a letter  
12 because during a altercation with a custody who  
13 continued to fight with us, we used OC spray on that  
14 custody. Rather than putting our hands on him and  
15 having to fight with the individual, we sprayed him  
16 with OC to subdue him. And the administration felt  
17 that was not an appropriate decision, so I was  
18 disciplined for that.

19 There were a couple others. I can't recall  
20 as I sit here, sir. They were insignificant to me,  
21 quite honestly.

22 Q. The others were insignificant to you?

23 A. Quite honestly, I couldn't remember any of  
24 them until my attorney showed them to me.

294

1 Q. Can you remember any others as you sit here  
2 today?

3 A. Not without -- not without looking at them,  
4 sir.

5 Q. Uh-huh. You said that you administered OC  
6 spray to an individual rather than putting your hands  
7 on him?

8 A. Yes.

9 Q. Why would you have had to put your hands on  
10 him if you didn't use OC spray?

11 A. He was in custody. We were trying to get  
12 him into the squad car, if I remember the incident  
13 correctly, and he was continuing to fight us. And so  
14 the only other option was to physically grapple with  
15 him where somebody could be hurt or spray him with  
16 OC. If my memory serves, I believe that's what it  
17 was referring to.

18 Q. Was he handcuffed at the time?

19 A. I believe he was.

20 Q. Was that there a policy in effect on  
21 pepper-spraying or OC spraying individuals who have  
22 been handcuffed?

23 A. Evidently there must have been because I  
24 believe that's what I was disciplined for, sir.

295

1 Q. You're aware that the administration of OC  
2 spray can cause tears, pain, and temporary blindness?

3 MR. DiCIANNI: Object to foundation.

4 THE WITNESS: I've been sprayed with OC  
5 spray, sir. It does bring pain and it does bring  
6 tears and it's hard to see for a brief period of time.

7 BY MR. SHAPIRO:

8 Q. Uh-huh. You're aware that in some cases  
9 it's even been linked to death?

10 MR. DiCIANNI: Objection, lack of foundation.

11 THE WITNESS: I'm unaware of that, sir.

12 MR. SHAPIRO: Do you want to mark this as  
13 Exhibit 42, please.

14 (Whereupon, Freesmeyer Deposition  
15 Exhibit No. 42 was marked for  
16 identification, CML.)

17 BY MR. SHAPIRO:

18 Q. Exhibit 42 is the memorandum you received in  
19 connection with the incident where you administered  
20 OC spray to a handcuffed individual that you were  
21 just describing; is that right?

22 A. Yes, this is what I was referring to.

23 Q. Now, I believe you stated that beyond what  
24 you testified to just now, the other incidents in

296

1 which you've been disciplined were insignificant to  
2 you; is that right?

3 A. They weren't significant enough that I  
4 remembered them, sir. I don't mean to make light of  
5 them, but they weren't things that resulted in time  
6 off or major injury to anyone.

7 Q. Do you remember once being reprimanded in  
8 connection with an unlawful arrest?

9 A. You would have to give me the specifics of  
10 it -- of the incident, sir.

11 Q. So you don't remember offhand being --

12 A. I don't.

13 Q. -- disciplined in connection with an  
14 unlawful arrest?

15 A. No, I don't.

16 Sir, while reviewing with my attorney last  
17 night, there was an incident where an individual  
18 failed to give -- what we failed -- believe failed to  
19 give a real name. I believe that's the incident  
20 you're referring to. When you mentioned unlawful  
21 arrest, that jogged my memory.

22 We arrested an individual because we  
23 believed he was trying to evade arrest on a  
24 situation. Is that the incident you're referring to?

297

1 Q. I believe it is.

2 And let's mark this as Exhibit 43, I  
3 believe.

4 (Whereupon, Freesmeyer Deposition  
5 Exhibit No. 43 was marked for  
6 identification, CML.)

7 BY MR. SHAPIRO:

8 Q. Is Exhibit 43 a copy of the letter of  
9 reprimand that was issued in connection with the  
10 incident you were describing regarding an unlawful  
11 arrest?

12 A. Yes, sir.

13 Q. And it was determined in this incident that  
14 you arrested an individual without probable cause; is  
15 that right?

16 A. Would you give me a moment to finish reading  
17 it, sir?

18 Q. Uh-huh.

19 A. I'm sorry. Sir, please repeat your  
20 question.

21 Q. My question was is this the incident --  
22 strike that.

23 Is this a letter of reprimand issued in  
24 connection with your arresting an individual

298

1 unlawfully without probable cause?

2 A. Yes. At this time I was mistaken on the  
3 policy for obstructing a peace officer, and I  
4 believed he was giving a false name to avoid arrest  
5 for a situation that occurred, an armed robbery we  
6 were investigating. And his significant other  
7 produced a driver's license showing that he was not,  
8 in fact, lying to us; and, therefore, the handcuffs  
9 were removed.

10 Q. Uh-huh. So just to cut to it, I mean, this  
11 is an incident in which you arrested someone who is  
12 innocent and in an arrest for which you lacked  
13 probable cause, right?

14 A. Yes.

15 Q. Okay.

16 (Plaintiff's attorneys confer off  
17 the record.)

18 BY MR. SHAPIRO:

19 Q. Have you been disciplined or counseled  
20 previous to receiving this letter of reprimand in  
21 regard to other unlawful arrests?

22 A. I do not recall any, sir.

23 Q. Directing your attention to the second page  
24 of the exhibit which is -- bears Bates number DEF 99?  
299

1 A. Yes, sir.

2 Q. Do you see the line that begins "I have  
3 exercised"?

4 A. Yes. I've read the statement, sir.

5 Q. Uh-huh. And that reads: I have exercised  
6 progressive discipline on numerous occasions in the  
7 past and feel this case warrants reprimand before it  
8 being issued, right?

9 A. Yes, sir.

10 Q. Okay. What numerous occasions in the past  
11 are being referred to here?

12 A. I have no memory of that, sir. I don't  
13 know.

14 Q. Is it possible that you had made unlawful  
15 arrests in the past that did not result in formal  
16 discipline?

17 A. I do not know, sir. I don't remember any.

18 Q. And, in fact, you had not remembered this  
19 incident until my question about an unlawful arrest  
20 jogged your memory, right?

21 A. That's correct, sir.

22 Q. Mr. Freesmeyer, we can continue to go  
23 through this report by report if you want to, but  
24 really the question that I want to ask you -- and I

300

1 think we've reviewed the same disciplinary records.

2 Was there a clustering of disciplinary  
3 reports against you in the late 1990s?

4 MR. DiCIANNI: I'll object to what --  
5 vagueness of the question, lack of foundation. I  
6 don't know what a clustering means.

7 THE WITNESS: I'm unfamiliar of a clustering.  
8 I've got plenty of time if you'd like to go through  
9 that.

10 MR. SHAPIRO: Let's do it that way.

11 Let's mark these all at once.

12 (Whereupon, Freesmeyer Deposition  
13 Exhibit Nos. 44 through 47 were  
14 marked for identification, CML.)

15 BY MR. SHAPIRO:

16 Q. The easier way to do this, Mr. Freesmeyer,  
17 was for you to have Exhibits 43 through 47 in front  
18 of you.

19 A. Okay.

20 Q. Okay.

21 A. Sure.

22 Q. All right. Exhibit 43, which is the OC  
23 spray incident that we -- no. I'm sorry.

24 Exhibit 42.

301

1 A. Could you give me a moment to read these?

2 Q. Oh, yeah, yeah. Please.

3 A. Okay, sir.

4 Q. Okay. So Exhibit 42, the OC spray incident,  
5 you were talking about before, right?

6 A. Yes, sir.

7 Q. And that occurred in 1998, right?

8 A. Yes, it did.

9 Q. Exhibit 43 is letter of reprimand in  
10 relation to the arrest without probable cause that we  
11 were talking about before, right?

12 A. Yes.

13 Q. And that's dated 1997?

14 A. Yes.

15 Q. Exhibit 44 is a letter of reprimand that was  
16 issued in 1999, right?

17 A. Yes.

18 Q. Exhibit 45 is a counseling memorandum that  
19 was issued to you in July of 1998, right?

20 A. Yes.

21 Q. Exhibit 46 is a letter of counseling issued  
22 to you in 1995, right?

23 A. Yes.

24 Q. And Exhibit 47 is an email of counseling

302

1 dated 1999 and sent to you, right?

2 A. Yes, sir.

3 Q. Okay. So all of these events occurred  
4 between 1995 and 1999, correct?

5 A. Yes.

6 Q. And you had begun working at the Normal  
7 Police Department in 1990, correct?

8 A. Yes.

9 Q. Okay. And between 1990 and 1995, were you  
10 disciplined?

11 A. I don't recall any discipline during that  
12 time.

13 Q. Uh-huh. And between 1995 and 1999, you  
14 received all disciplinary reports that we just ran  
15 through, correct?

16 A. Everything that you showed me, yes.

17 Q. Uh-huh. Why is it, Mr. Freesmeyer, that you  
18 began to receive these disciplinary reports beginning  
19 in 1995 and continuing through 1999?

20 A. Because in 1995 I was assigned to patrol as  
21 a midnight shift watch commander; therefore, all  
22 responsibility for everything that happened on the  
23 midnight shift fell on my shoulders.

24 As a supervisor, my area of responsibility

303

1 was much broader than it was as a detective. So most  
2 of -- many of these things that you see, like the OC  
3 usage of handcuffs subject, I was there because I was  
4 a supervisor, and I got disciplined because I made  
5 the decision as the supervisor on duty.

6 The incident of the armed robbery and  
7 arresting the guy for unlawful arrest, again, I was  
8 the supervisor, and I made a decision as the  
9 supervisor; and, therefore, I was responsible for the  
10 results that happened.

11 The letter of reprimand about duties of pawn  
12 shop entry, this came because I had already set up a  
13 process within the detective division while I was  
14 there to receive all of these pawn shops  
15 electronically to be sent to the shop. They could be  
16 downloaded in one in file and nobody had to enter  
17 this stuff.

18 But because CID failed to continue on that,  
19 they put that upon patrol. And I wrote a letter that  
20 obviously showed my frustration that there was a  
21 process in place, they weren't following it, so it  
22 put more work on patrol shoulders. That's why I  
23 received that.

24 The request for overtime radar training, the  
304

1 only excuse I have there is I incorrectly filled out  
2 an overtime slip.

3           The letter of counseling from  
4 Captain Clingon is a much longer story. At this  
5 particular point, there were two captains or two  
6 people that were put into a captain's position for  
7 six months each on a trial basis, and whoever did the  
8 best out of those two six months periods got the  
9 captain's position. So you had two people that were  
10 vying for a position and doing everything they could  
11 to show what a good captain they were.

12           I was in charge of the detectives at the  
13 time, February 16 of '95. Actually, I had been  
14 preparing for the trial for Beaman. My hands were  
15 full.

16           Clingon came to me and said you need to do  
17 this, this, and gave me a whole stack of things. And  
18 I turned to him and told him: There is no way that I  
19 can get these things done. I have too much on my  
20 plate, and I cannot finish it. And I remember his  
21 response to me. His response was: You'll figure out  
22 a way. And he turned around and he walked away. And  
23 when I was unable to complete all of these items, he  
24 gave me a letter of counseling for not finishing.

305

1           On the shift vacancy, I -- there's an  
2 apology in here. I took full credit for this that I  
3 simply forgot to post a vacancy. It was covered by  
4 Paul Smith. So, again, that had to do the fact that  
5 I was a supervisor, and my responsibility was to fill  
6 that vacancy and I didn't.

7           So the reason that I had more dis -- more  
8 write-ups from 1995 to 1999 is because at that point  
9 I was a supervisor and responsible for an entire  
10 shift, sir.

11          Q. And you didn't address in your answer the  
12 unlawful arrest and the OC spray, right?

13          A. Yes, I believe I did answer that. Again, I  
14 was a supervisor in this scenario --

15          Q. Which -- which -- which exhibit are you  
16 referring to?

17          A. I'm looking the 42, the OC spray.

18                So as a supervisor, I was called to that  
19 scene when they had an arrest and they had a  
20 combative subject. I believe that's how that went.

21                And so as a supervisor, it would have been  
22 my decision to use the OC; and, therefore, it was my  
23 responsibility.

24          Q. Did you physically administer the OC spray

306

1 in this case?

2 A. I don't recall, sir.

3 Q. You don't recall this incident at all, OC  
4 spraying a handcuffed individual?

5 A. I remember the parameters of it, but I can't  
6 remember if I sprayed him, if the other officers  
7 sprayed him. I can't even tell you who was there  
8 with us.

9 Q. So you remember it was necessary to  
10 pepper-spray this guy in order to prevent a physical  
11 altercation, but you have no idea whether you  
12 pepper-sprayed him; is that your testimony?

13 A. Two or three times.

14 Q. That wasn't my question. My question was  
15 I -- why do you remember the fact that it was in your  
16 view necessary to pepper-spray this guy because he  
17 was putting up a fight yet have no recollection as to  
18 whether you were the person who pepper-sprayed him?

19 MR. DiCIANNI: Objection, speculation.

20 THE WITNESS: I believe I just answered that.  
21 In my five years on the street, I only used my pepper  
22 spray two or three times. It was not something that I  
23 did on a daily or a weekly basis, so I remember the  
24 times that I used it.

307

1 I used it once on two people fighting in a  
2 parking lot that were drunk and I was by myself. I  
3 used it here on this subject because he continued to  
4 fight with us. And I used it one other time in trying  
5 to subdue somebody that was confronting us.

6 BY MR. SHAPIRO:

7 Q. Okay. So you do remember personally  
8 pepper-spraying this individual?

9 A. I don't remember if I used -- if I sprayed  
10 the person or if the person that I was with sprayed  
11 the person.

12 When I say use pepper spray, I was in the  
13 presence where pepper spray was used. This was not  
14 something that was done continuously. So I remember  
15 that this individual is handcuffed. He was fighting  
16 us. And so instead of laying our hands on the  
17 person, we pepper-sprayed him.

18 Sir, I don't remember right now as I sit  
19 here whether I administered the OC spray or if the  
20 person that I was with administered the OC spray.  
21 I'm sure it would probably say if we were to look at  
22 the report. I'm sure I wrote a police report about  
23 that.

24 Q. Just so the record is perfectly clear, you

308

1 don't recall whether you pepper-sprayed this person,  
2 but you do recall that they were putting up a fight,  
3 correct?

4 MR. DiCIANNI: Objection, asked and answered.

5 THE WITNESS: I've already answered that  
6 question, sir.

7 BY MR. SHAPIRO:

8 Q. And is that answer yes?

9 A. I don't remember which one of us sprayed us  
10 {sic}. It could have been me. It could have been  
11 the other officer. I don't remember, but I remember  
12 the reason why we sprayed him, and that was because  
13 he was fighting us still.

14 Q. And your contention is that -- the fact that  
15 you were a supervisor explains why you received this  
16 particular disciplinary in connection with using  
17 pepper spray in 1998?

18 A. The fact that I was a supervisor, I had  
19 ultimate responsibility for this incident; and,  
20 therefore, I would have been disciplined for it.  
21 It's possible, as I indicated to you, that I may have  
22 been the one spraying it; and, therefore, that might  
23 have been why I got disciplined. The other person  
24 might have been spraying it, and it might have been

309

1 upon my approval. I really don't remember, sir. But  
2 I have a strong feeling that it was because I was a  
3 supervisor; and, therefore, I was ultimately  
4 responsible for that incident.

5 Q. How does your role as a supervisor help to  
6 explain you're receiving a letter of reprimand in  
7 connection with unlawfully arresting an individual  
8 without probable cause?

9 A. Well, it explains that as a supervisor, I  
10 was responsible for the entire shift, not just for  
11 myself; and, therefore, anything that happened on  
12 that shift, I typically would respond to that as a  
13 supervisor to oversee what was going on. So my  
14 exposure to incidents got much higher as a supervisor  
15 than it did as a simple detective not supervising  
16 anyone.

17 Q. Is it your testimony that you did not  
18 personally effect the arrest of the individual  
19 described in Exhibit 43?

20 A. No, sir, I told you I don't -- I'm sorry.  
21 On 43?

22 Q. 43, the unlawful arrest.

23 A. Okay. We're changing now. We're changing  
24 from the OC to the obstructing justice.

310

1 Q. Yeah. Well, that was -- just to be clear,  
2 that was my question. The question was does your  
3 promotion to a supervisor in any way explain why you  
4 were disciplined in connection with an unlawful  
5 arrest without probable cause?

6 A. Well, my answer remains the same in this as  
7 it would have before. Because of a supervisor, this  
8 office, Officer Passini, probably would have called  
9 me to the scene and asked me what to do in that  
10 situation; and it would have been my call as to  
11 whether we arrest him or if we don't.

12 Q. You see in Exhibit 43 where it says -- and  
13 this is about two-thirds of the way down. First  
14 paragraph begins, "Sergeant Freesmeyer then  
15 arrested." Do you see where I'm reading?

16 A. Yes.

17 Q. Sergeant Freesmeyer then arrested McFarland  
18 for obstructing justice and handcuffed him.

19 A. Uh-huh.

20 Q. Are you saying that you were not the  
21 individual who made the arrest and applied the  
22 handcuffs?

23 A. I'm saying I don't remember, sir.

24 MR. SHAPIRO: Let's take a brief break.

311

1 THE VIDEOGRAPHER: Off the record, 5:54.

2 (Whereupon, a break was taken,  
3 after which the following  
4 proceedings were had:)

5 THE VIDEOGRAPHER: Back on the record, 6:02.

6 BY MR. SHAPIRO:

7 Q. Mr. Freesmeyer, earlier we were discussing  
8 the decision that was made to arrest Alan Beaman on  
9 May 16, 1994.

10 Was there anything in particular that  
11 precipitated the decision at that particular point as  
12 opposed to some other point?

13 A. Yes, he was getting ready to leave for the  
14 semester. The semester was almost over at Wesleyan,  
15 so we had continued to cover everything we could up  
16 until the people he was getting to leave; and we felt  
17 it was appropriate to effect the arrest at that  
18 point.

19 Q. And if he left, presumably he would have  
20 returned home to Rockford; is that right?

21 A. That was our -- that was probably the  
22 thought of where he would go, yes.

23 Q. Why was it important to arrest Mr. Beaman  
24 before he went to Rockford?

312

1 we did everything we possibly could.

2 BY MR. SHAPIRO:

3 Q. So the only regret that you have in  
4 connection with the investigation and prosecution of  
5 Mr. Beaman is that actions that were taken during the  
6 investigation resulted in post-conviction litigation?

7 MS. BARTON: Object to form.

8 MR. DiCIANNI: Yeah, I'll object.

9 THE WITNESS: I don't have any regrets in the  
10 investigation, sir. I thought we handled a very good  
11 investigation. I thought we did a thorough job on a  
12 case that was circumstantial.

13 You asked me today if there's anything I  
14 would have done differently. Yes, there are things  
15 that I would have done differently, but I have no  
16 regrets on the actions that we took.

17 BY MR. SHAPIRO:

18 Q. If it were in your power, would you support  
19 the prosecution of Alan Beaman today for the murder  
20 of Jennifer Lockmiller; in other words, a new  
21 prosecution?

22 MR. DiCIANNI: I'll object to that question.

23 MS. BARTON: Same objection.

24 THE WITNESS: If the County chose to

314

1 prosecute again, I would be willing to testify through  
2 the whole process again. I still believe that  
3 Alan Beaman is guilty of the murder of the  
4 Jennifer Lockmiller.

5           However, at the present time, the prosecutor  
6 is gone. Mr. Souk is no longer in place. I'm no  
7 longer in place to the police department. Most of the  
8 witnesses that we had at that point have moved away  
9 and grown up. And so in order to prosecute such a  
10 circumstantial case again 20 years later with a whole  
11 new set of people would be very, very difficult.

12 BY MR. SHAPIRO:

13           Q. Would you want to see him convicted again if  
14 it were possible?

15           MR. DiCIANNI: I'll object to that. I am  
16 going to instruct the witness not to answer that  
17 question. I think it's inappropriate.

18           MR. SHAPIRO: What's your basis for  
19 instructing him, inappropriate?

20           MR. DiCIANNI: Uh-huh.

21           MR. SHAPIRO: What do you mean inappropriate?

22           MR. DiCIANNI: It's inappropriate.

23           MS. VAN BRUNT: It's not a basis to --

24           MR. SHAPIRO: Yeah, I mean --

315

1 MS. VAN BRUNT: -- instruct him.

2 MR. SHAPIRO: You're not asserting any  
3 privilege, right?

4 MR. DiCIANNI: I think you're asking him to  
5 completely speculate. You're asking him to render an  
6 opinion. I object.

7 MR. SHAPIRO: Yeah. You're entitled to  
8 object if you want to, Tom, but are you going to  
9 instruct the witness not to answer?

10 MR. DiCIANNI: I am. I am.

11 BY MR. SHAPIRO:

12 Q. Let me ask the question again just to make  
13 the record perfectly clear on this point.

14 Would you want to see Mr. Beaman convicted  
15 again for the murder of Jennifer Lockmiller?

16 MR. DiCIANNI: I'm going to object, instruct  
17 him not to answer.

18 BY MR. SHAPIRO:

19 Q. If it were in your power today, would you  
20 pursue -- strike that.

21 If you had the authority to pursue a further  
22 prosecution of Mr. Beaman today, would you do so?

23 MR. DiCIANNI: I'll object. That is a --  
24 speculative.

316

1 Go ahead and answer.

2 THE WITNESS: That case was 20 years ago. I  
3 did, I thought, a good job on that case. I did the  
4 best I could have. I have no regrets.

5 If the State's Attorney were to come back to  
6 me and say, "We've decided to prosecute, will you  
7 testify," I would testify again just as I did before  
8 to the evidence that I knew to be true.

9 However, at this point, the Lockmillers have  
10 moved on in their life. They're quite older now.  
11 Proving this case would be much diff -- more difficult  
12 today than it was 20 years ago with a whole new set.

13 So to answer your question, I wouldn't be the  
14 one spearheading it and saying I think we should  
15 retry. But if the County decided to retry, I would be  
16 willing to testify to the same way I did before.

17 BY MR. SHAPIRO:

18 Q. Now, your lawyer instructed me -- instructed  
19 you not to answer the question as to whether you'd  
20 want to see Mr. Beaman convicted again today. I'm  
21 sure Mr. DiCianni would be -- would agree with me  
22 it's your decision whether or not to follow that  
23 instruction.

24 Do you want to follow that instruction and

317

1 refuse to answer the question?

2 A. I'm going to follow the instruction of my  
3 attorney.

4 MR. SHAPIRO: That's all I have. I may have  
5 some recross depending on your questions.

6 CROSS-EXAMINATION

7 BY MS. BARTON:

8 Q. You testified earlier when Mr. Shapiro was  
9 asking you questions that you believed that  
10 Mr. Souk's role was somewhat of a liaison. Is that  
11 the word that you used?

12 A. Yes, ma'am.

13 Q. Can you explain what you mean by liaison?

14 A. Yes. When we had questions about particular  
15 proceedings from a criminal perspective, he was one  
16 of the people that we would go to. If we needed to  
17 get a subpoena for phone records, Jim would be one of  
18 the people we would go to. If we needed to do  
19 overhears and wanted to know what do we have to do in  
20 order to do an overhear, Jim would be the person that  
21 we would go to.

22 My specialty was in investigation. It was  
23 not in criminal procedure, and that's what I meant by  
24 liaison.

318

006339

1 Q. Acting a liaison, did Mr. Souk ever tell you  
2 how to conduct your investigation?

3 A. No, ma'am.

4 Q. And you testified that in January of 1995  
5 you moved to the State's Attorney's Office?

6 A. Yes.

7 Q. What did you mean by that?

8 A. I began reporting directly to the State's  
9 Attorney's Office, and I was working out of a back  
10 room. It was an unfinished section of that floor.  
11 And I would bounce between that area and John Brown's  
12 office or meeting with Jim in his office. I really  
13 didn't have a home for those couple of months as I  
14 was working.

15 Q. What was your role?

16 A. My role was as an investigator on this case  
17 getting ready for trial, so it was pretrial  
18 investigation.

19 Q. What sort of tasks did you perform while you  
20 were stationed out of the State's Attorney's Office?

21 A. I did mileage trips, checking mileage,  
22 intercity within Rockford, to and from Rockford.

23 I prepared a number of PowerPoint slides.

24 That was before the days of PowerPoint. So I

319

1 actually spent some time at Illinois State University  
2 with their media services taking photographs of the  
3 letters and then putting that all together. It was  
4 kind of techy thing back then in 1995. It wasn't  
5 like PowerPoint today. So that took a long time to  
6 prepare those.

7 Q. What were the PowerPoint slides used for?

8 A. They were used to show the letters that were  
9 written by Alan in his own handwriting so that the  
10 jury could see the letter and see his handwriting.

11 We also used that to show the routes that  
12 were taken, the intercity routes that were measured  
13 so that they had an idea of where everybody was going  
14 and of how things were in relationship to each other.  
15 We felt that a media display would be the best way to  
16 get that across to the jury.

17 Q. Thank you for your answer, but in what  
18 proceeding, I guess, were the PowerPoint slides used?

19 A. I'm sorry. It was in the jury trial in this  
20 case.

21 Q. Okay. Thank you.

22 Did Mr. Souk ever tell you not to disclose  
23 information about the timing of the bypass route?

24 A. No, he did not.

320

1 Q. How about Mr. Reynard, did he ever tell you  
2 that?

3 A. No, he did not.

4 Q. Did Mr. Souk ever tell you not to disclose  
5 any information related to John Murray?

6 A. No, he did not.

7 Q. How about Reynard --

8 A. No.

9 Q. -- did he do that?

10 A. No, he did not.

11 Q. Did Mr. Souk tell you to ignore any leads --

12 A. No.

13 Q. -- during the investigation?

14 A. No.

15 Q. How about Mr. Reynard?

16 A. No.

17 Q. And did Mr. Souk ever tell you to leave  
18 anything out of your reports?

19 A. No, he did not.

20 Q. How about Mr. Reynard?

21 A. No, he did not.

22 MS. BARTON: Okay. Thank you.

23 MR. DiCIANNI: That's all you have?

24 MR. BOWMAN: We'll take -- do you have

321

1 questions?

2 MR. DiCIANNI: No.

3 MR. BOWMAN: Okay. We'll take a short break.

4 THE VIDEOGRAPHER: Off the record, 6:12.

5 (Whereupon, a break was taken,  
6 after which the following  
7 proceedings were had:)

8 THE VIDEOGRAPHER: Back on the record, 6:18.

9 REDIRECT EXAMINATION

10 BY MR. SHAPIRO:

11 Q. Mr. Freesmeyer, on -- you just testified, I  
12 believe, that you went to Souk with questions  
13 regarding the criminal process. What did you mean by  
14 that?

15 A. What we would need to do in order to get an  
16 overhear, for instance, to help us write up a request  
17 for a phone subpoena. Or if there were other  
18 questions such as when Alan's in my car and I'm  
19 driving him to Morton with a body wire, do I have to  
20 read him his Miranda rights, for instance. I had a  
21 pretty good idea I had to because he can't get out of  
22 the car at 65 mile an hour. But at the same time, he  
23 was not under arrest. So those types of questions I  
24 would ask Jim.

322

1 Q. Did you call him with regard to that  
2 question?

3 A. I don't recall. You asked for an example.  
4 That might be an example of something. I don't  
5 recall what I asked him in spec -- in particular.

6 Q. Uh-huh. Is the -- the quantum of evidence  
7 necessary to establish probable cause an element of  
8 the criminal process that you would consult Souk  
9 about?

10 A. It -- it would have been, yes.

11 Q. Did Souk offer suggestions to you throughout  
12 the course of the investigation with Beaman?

13 A. Yes, he would have.

14 Q. He offered advice and recommendations?

15 A. I believe --

16 MS. BARTON: Objection to form.

17 BY MR. SHAPIRO:

18 Q. Fair enough.

19 Did he offer advice?

20 A. I believe he did.

21 Q. Did he ever offer recommendations?

22 A. I believe he did occasionally, yes.

23 Q. Uh-huh. And you talked to him about the  
24 case throughout the development of the evidence,

323

1 right?

2 A. Yes.

3 Q. And throughout your investigation?

4 A. Yes.

5 Q. Uh-huh. You attended meetings with him  
6 throughout the course of the investigation, right?

7 MS. BARTON: Objection to form and  
8 foundation.

9 THE WITNESS: I've only documented two  
10 meetings that I was with him in my police report. I  
11 believe that would have been the meeting right after  
12 the event was found -- the body was found and again  
13 the day before the arrest.

14 BY MR. SHAPIRO:

15 Q. Your testimony is there are only two  
16 reports -- two -- two -- two meetings with Souk in  
17 your police report?

18 A. I told you I remember two from my police  
19 report. I don't remember how many other meetings it  
20 would have been with Jim.

21 Q. You remember whether there were meetings  
22 throughout the course of the investigation?

23 A. Yes.

24 Q. And that -- with Souk?

324

1 A. Some of them probably would have been with  
2 Jim, yes. I don't negate that.

3 Q. And you had contacts with him throughout the  
4 investigation, right?

5 A. Yes, I did.

6 Q. Did Mr. Souk give you any advice about how  
7 to write your reports in this case?

8 A. No, he did not.

9 Q. Did you consult with Mr. Souk about your  
10 reports in any way?

11 A. No, I did not.

12 Q. Did he read your reports -- did you -- did  
13 he read your report as you were writing it?

14 A. No --

15 MS. BARTON: Objection to foundation.

16 THE WITNESS: -- he did not.

17 MR. SHAPIRO: That's all I have at this time.

18 MS. BARTON: I don't have any follow-up.

19 Thank you.

20 MR. DiCIANNI: Nothing.

21 MR. SHAPIRO: Mr. Freesmeyer, thank you for  
22 your time today.

23 THE WITNESS: Uh-huh.

24 THE VIDEOGRAPHER: This concludes the video  
325

1 deposition of Timothy Freesmeyer. The time, 6:20.

2 THE COURT REPORTER: Signature?

3 MR. DiCIANNI: Reserved.

This is Detective Hospelhorn, it's Tuesday, September 14th, 1993 at approximately 2:14 p.m. We are the Normal Police Department in the middle interview room. Present with myself is Detective Tony Daniels and Mr. Kelly Hamburger Hamburg.

Rob: Mr. Hamburg, could you state your last name spelling it?

Kelly: Hamburg, H-A-M-B-U-R-G

Rob: And your first name is Kelly?

Kelly: K-E-L-L-Y

Rob: Ok, could you give me your date of birth please?

Kelly: Ah, [REDACTED]

Rob: Do you know a Morgan Keefe?

Kelly: Yes

Rob: And how do you know Morgan?

Kelly: Um, I am a good friend of hers.

Rob: Ah, Did Morgan come over to your residence on Saturday, August 28th?

Kelly: Um huh (yes)

Rob: Do you know approximately what time that was?

Kelly: Um, It was probably a little bit after 1:00 in the afternoon somewhere around there.

Rob: Ok, do you know the reason she came over?

Kelly: Yeh, well she came in I was in someone elses room, it's like an apartment kind of, she came running by and said she had to talk to me. And she came in my room and closed the door and told me what she saw.

Rob: Ok, what did she tell you she saw?

Kelly: She saw Jen dead.

Rob: Ok, is that all she said or did she say anything else.

Kelly: She kind of went into what she saw and stuff but I mean she was kind of hysterical she was kind of hard to deal with. So I sat her down and that is when we called 911.

Rob: Ok, you called from your residence at #1.

C06381

AB001652

Kelly: Yeh

Rob: Ok, is there an apartment number over there that you live in?

Kelly: Room, ah, I got it, it's like a fraternity house, it's

Rob:

Kelly: yeh

Rob: Okay, and that was around 1:00.

C 1639

~~C1614~~

(1100)

C06382

AB001653

Kelly: Yeh a little after 1:00 I think it was.

Rob: Ok, was anyone else present besides you and Morgan?

Kelly: In my room, no.

Rob: Ah, was, can you describe Morgan's state of mind at the time that she come over?

Kelly: Um, when she, when she first came and looked at me I could tell something was wrong but she wasn't like freaking out or anything. But then when I got in the room she closed the door and locked it and then she started she was like crying and everthing and she was pretty hysterical.

Rob: Ok, do you know Jennifer Lockmiller?

Kelly: Yeh

Rob: And how long have you known her?

Kelly: Well, I knew her, I used to date Morgan about two years ago, and I knew her then but I hadn't seen her, I hadn't seen Morgan until like a week before that for like a year and that's when I seen Jen, I saw Jen like the Saturday but I mean I have known her but not really that well, but I have known her off and on for like three years.

Rob: You say you seen her that Saturday, would you be referring to the 21st of August?

Kelly: School started the 23rd

Rob: Correct

Kelly: Yeh

Rob: Ok, where did you see her at?

Kelly: Her and Morgan came over to my house for awhile, we sat there and then we went out to Spanky's.

Rob: So it was you Morgan Keefe and Jennifer Lockmiller?

Kelly: Um huh (yes)

Rob: Okay, did you meet anybody over at Spanky's?

Kelly: Yeh, we met some guy I don't know his name, he is a long haired guy. Um, Jen was talking to him alot, I don't really, I I was talking to Morgan about it she has told me more about it I guess he is from Woodstock or something. I, I didn't really talk to him I just saw him.

C 1640

~~1161~~

1161

C06383

AB001654

Rob: Did it appear that Jennifer knew him before that Saturday?

Kelly: No she didn't.

Rob: Do you know if Jennifer gave her address or phone number to this gentleman?

Kelly: Uh, I don't I don't know I have no idea. But we also me those two other guys on our way home. Okay, when we left Spanky's we started to walk down to like towards like the other bars downtown.

Rob: What time did you leave Spanky's?

Kelly: I would say midnight I am not really sure though.

Rob: Ok where were you going when you left Spanky's?

Kelly: We were going to go to Shanigans or Rocky's or somewhere we were on our way. And like right before Watterson like by, like right in front o the parking garage.

Rob: Okay

Kelly: We saw two guys, I I had met before once, you know I didn't really you know, I so we were talking to them for a minute and they ended up talking to her cause me and Morgan kept walking and we really didn't pay attention that she kept talking to them and everything. So we sat there for a long time we didn't really hear the conversation or anything and then we walked back up there to see what was going on and uh these uh, one of the guys gave his phone number to her but I don't think she gave hers to him cause I remember.

Rob: Do you know the names of the two guys?

Kelly: No, I know one of his names is uh, I think his name is Jeremy, I haven't seen him since then. Oh I did see him once since then once, that Tuesday night after that after that Saturday, Tuesday night we were having rush and I guess they were rushing but I don't think they came to our house, they were in the court entrance and I was on my way to work cause that is why I remember when it was it was at 8:45.

Rob: That would have been Tuesday night the 24th of August?

Kelly: Yes.

Rob: Ok, and what time was?

Kelly: At 8:45 exactly.

C 1641

© 1616 (102)

C06384

AB001655

Rob: P.M.

Kelly: Yeh, cause I was on my way to work, I was walking to work, and I saw them and they asked me, they asked me about her, they asked me how come, they asked me why she didn't call them but he was just joking around and I said I don't cause like I said I really didn't know her that well they said all right, so that's also how I figured he didn't have her phone number because he told me to have her to call him.

Rob: Ok. Did he give you the phone number and address?

Kelly: No

Rob: After how long did Jennifer talk to the two guys in front of the parking garage?

Kelly: Probably about ten minutes.

Rob: Ok, but you didn't see her give her phone number to them?

Kelly: No, they did when they were going to exchange number neither of them had a pen and Morgan had some lipstick and they wrote, he wrote his number on this piece of paper with lipstick and gave it to her and she put it in her pocket that is all I saw I don't think she gave her number to them, I am pretty sure.

Rob: After you finished talking, or she finished talking to them did they go on their way?

Kelly: Yeh, they went that way, they went towards where we had just left and then we started to head to the bars and then we realized that it was really getting late so then we started to head home too.

Rob: Ok, headed home to where?

APPENDIX 001718

Kelly: We walked to Morgan's place and Jen had her car there and I live not too far from there so I walked them home and Jen got in her car and left and then I went in Morgan's for like ten minutes and then I walked home.

Rob: Ok, approximately what time was it when Jennifer left?

Kelly: Oh, I don't, probably around 12:30 or 1:00 cause we didn't go to that bar.

Rob: A.M.

Kelly: Yeh

Rob: Did Jennifer ever talk to you that night about anybody that she was currently dating?

Kelly: Yeh, Mike

Rob: Mike, do you know his last name?

Kelly: No, I just

Rob: Did she say how long she had been dating him?

Kelly: No, not really I she said his last name I know his last name but not from her, I know his last name is Mike Swain, you know, she really didn't say much about him she just we were just on our way from walking from there she was talking about it she wasn't really talking to me I was just kind of in on the conversation. And she said that I thought he was leaving, she said something about he was staying home that night playing Uno or something and I think she said he was leaving the next day.

Rob: Did she say where he was going?

Kelly: I think he was going home, so she said that they were going to go out for breakfast or something the next day.

Rob: Did she talk to you or Morgan about anyone else that she had been seeing either currently or before?

Kelly: Not in front of me, no.

Tony: In calling your attention back to when Morgan came into your room to tell you what she discovered at Jen's apartment, um, did you ask or did she tell you how she knew it was Jennifer?

Kelly: I didn't she just told me she saw her I mean I was kind of shocked to I didn't really think, I mean I could tell by looking at her she must have seen something so I just, actually I just set her down and put a blanket around her

C 1643

C06386

et 678

(1104)

AB001657

APPENDIX 001719

and then she talked a little bit, I can't really remember her saying much of anything.

Tony: Does the name Robert Wright sound familiar to you? Could that have been the young fellow at Spanky's or could that have been one of the guys on the street that she bumped into?

Kelly: I don't recognize the name. I know, see the two guys that she met in front of the parking garage, one of them, the one I know is named Justin or Jeremy or something I think his name is Jeremy but that is not the one that she was talking to, the other guy was a shorter guy and I have no idea what his name is, but I could probably find out who they are for you guys.

Tony: What fraternity did they belong to?

Kelly: They didn't belong to any.

Tony: Ok, so that was the first time that you had met them that night?

Kelly: I had met them, they come, they know one of my friends I mean I don't really see him that much but they know one of my friends and I didn't really recognize them cause they said hi to me and I had met them like a few days before that I guess.

Tony: And who would be that friend they know?

Kelly: Um, Arthur Berron

Tony: And where does Arthur live

Kelly: I have no idea, I can find out.

Tony: Yes we would appreciate it if you would do that for us.

Kelly: I haven't seen him for like a week.

Tony: That night also at Jennifer was out with you and Morgan, uh, she had mentioned, you thought that she had mentioned that Mike Swain was back home in the apartment?

Kelly: Um huh (Yes)

Tony: Did she tell you which apartment, his, or was it her apartment?

Kelly: I I, She didn't say but I think he was staying with her, I don't know she didn't say anything about it though.

Tony: You mentioned that ah he was back, that she said he was

C 1644

21679

006387

1105

AB001658

back there playing Uno, do you know what Uno is?

Kelly: yeh

Tony: Ok, what is Uno

Kelly: It is a card game.

Tony: Ok, how many people have to play Uno?

Kelly: Usually two

Tony: Ok, did you inquire as to who possibly may be playing Uno with Mike?

Kelly: No, but I think he might not have been, but she wanted he was, she kept saying that she could go home and play Uno with him if she wanted so he might not have been playing Uno but I remember her saying something about it.

Tony: Oh, did ah she seem to be upset or worried about anyone or anything in particular that night?

Kelly: No she was in a good mood

Tony: Did you find it strange for her to be out with you and Morgan when her boyfriend was back home in the apartment?

Kelly: Not really

Tony: Does she do that often?

Kelly: I didn't really hang around with her alot so I don't know, yeh, I guess I understood he really didn't go out alot or anything and I don't think he was 21 either so I don't think he could I am not sure.

Rob: Kelly, is there anything else that you would like to add to this interview?

Kelly: If there are any more questions that I can answer, I really don't know a whole lot about the whole thing really. I was just kind of

Rob: The interview is now concluding September 14, 1993 at 2:25 p.m.

(11/26)

AB001659

This is Detective Daniels of the NPD, I am conducting an interview with Miss Morgan Keefe. Along in the same room is Detective Rob Hospelhorn of the NPD. This is Friday, September the 10th, 1993 and the time is 11:26 a.m.

Tony: Morgan, would you state your full name please and your date of birth?

Morgan: Morgan Keefe, I don't have a middle name and I was born [REDACTED].

Tony: And how do you spell your last name?

Morgan: Keefe.

Tony: Uh, Morgan do we have your permission to record this interview?

Morgan: Yes

Tony: This interview is in regards to a previous interview we had with you in relation to the Jennifer Lockmiller investigation. Does Jennifer normally walk to her classes or does she take her car?

Morgan: I don't know, I think she drove, but I, I wouldn't be sure because I went to Wesleyan while she was here and..

Tony: Ok, she never talked about leaving her car parked at the apartment building while she walks to class? She never mentioned it?

Morgan: No, but I, no.

Tony: When was the last time that you saw her drive her car?

Morgan: Tuesday night, that Tuesday night, before she was found I guess.

Tony: If I gave you a calendar, could you tell us what Tuesday night that would have been?

Morgan: I might, my time is just...

Tony: Ok, August 28th is when the body was discovered.

Morgan: Ok, it would have been the 24th.

Tony: Of August?

Morgan: Uh-huh.

Tony: Did uh, Jennifer express any interest in uh, Bubba or John Murray or any other man when you had talked to her the evening of the 24th of August?

Morgan: Well she had talked about Bubba um, because he was moving to Peoria for a new job and she was going to go stay with him on the 27th.

Tony: And was that the purpose of her visit to go to Peoria was to be with Bubba that entire weekend?

Morgan: Bubba? No she was just going to go Friday night and, I don't remember if she was planning to spend the night or not I guess I remember assuming she was going to spend the night and I don't know if that was my own...

C06390

C 1350  
E-1327  
(B18)

Morgan: yeh

Tony: Ok, um, when did she talk to you on Sunday the 22nd? What time of the day? Do you recall?

Morgan: We didn't talk on the 22nd.

Tony: Ok, so you saw her and talked to her on the 21st. How about the 23rd, Monday?

Morgan: No.

Tony: Ok, on the 24th, once again, you called her prior to both of you going to the movie together?

Morgan: yes.

Tony: And did she come by your apartment or did you go by hers?

Morgan: She came to my apartment, that is when I last saw her drive, cause she drove over.

Tony: Ok. So you drove in her car to the movies, is that correct?

Morgan: No we drove in my car.

Tony: And left her car at your apartment?

Morgan: yes

Tony: Ok. Do you recall hearing the name Rod? Jennifer possibly could have spoken of Rod, a fellow that she met in a bar a week or two prior to her death?

Morgan: Ok, if it's who I am thinking it is, it would have been Saturday night, when she met this guy.

Tony: And what night?

Morgan: Does he live in Woodstock? Is that who you are talking about?

Tony: That is what the reports indicate.

Morgan: Ok, that was the 21st when she and I and our friend Kelly went out. And, he was sitting at the bar, this guy, I didn't know what his name was.

Tony: Uh-huh.

Morgan: He was sitting at the bar and Jen is, Jen is kind of the queen of scamming drinks off of guys. She kind of flirts, you know, and whatever and he bought her a bunch of drinks and then he suggested going to a party afterwards. He knew, a friend or somebody was having a party and Jen didn't want to go. She just basically wanted drinks from him and then we kind of walked off and um. I didn't think anything of it cause you meet a million people in a bar, you know, and they suggest you go to a party but you probably will never talk to them again, and so I had forgotten about it until Tuesday when we went to the movie she said that that particular guy had called.

Tony: Rod?

6

C 1355

~~C 1332~~

(82)

C06394

AB001368

APPENDIX 001723

Morgan: I guess, if that is who it is? Yeh, and that he lived in Woodstock and didn't have a place to live on campus but was going to ISU and um was commuting. And then he said I am not living there but I will probably will come stay over the weekends would you want to go out sometime. And the way I understood it Jen, Jen probably kind of scurtered around the issue and avoided saying yes or no but the way understood how she felt was "no, she didn't, she wasn't interested in him".

Tony: Did she give you a name of this caller? Or did you assume it was Rod?

Morgan: She might have but I, yeh, I just know that it was the guy from Woodstock that we met at Spanky's.

Tony: Now um, you were to call her Wednesday or you did call her Wednesday which is August the 25th cause the two of you had planned to go out that night right?

Morgan: yes

Tony: Ok, where were you going?

Morgan: We hadn't talked about that yet, we were just probably going to go to the bars.

Tony: Ok, so you were just going to go out for the evening?

Morgan: yes

Tony: Ok. uh, had Jennifer ever stood you up in the past when you had plans to go out?

Morgan: No.

Tony: Ok, how many times in the past would you say that the two of you had made plans to go out and those plans came about?

Morgan: And those plans..?

Tony: Came about.

Morgan: Um, in the last what?

Tony: Since you have known her.

Morgan: Every time we made plans we would go out. I mean every, I don't remember ever making plans with her and having them fall through, and, gosh, I have known her for five years, four years, we have gone alot.

Tony: And this is the first time that she has ever stood you up?

Morgan: Yes

Tony: Ok, and you thought that to be very strange, unlike Jennifer?

Morgan: Well, I kind of assumed, she had a meeting at the Vidette that night and I thought well maybe it has just gone over. And so I, we were going to go out with a friend of mine named Matt who didn't know her..

Tony: Well this came up in the investigation. I think in your interview you indicated that uh, Jennifer perhaps, had written her phone number down on a piece of paper using your lipstick and gave it to one of the young boys whose name was Rod, do you recall saying that?

Morgan: I remember saying, I remember talking about that and I am pretty sure he wrote his phone number down and gave it to her. I am pretty sure she didn't give him her phone number.

Tony: Do you know what she did with that piece of paper?

Morgan: No.

Tony: Did she have her purse with her that night?

Morgan: Yeh, (big pause), but she probably threw it away. See the, I am pretty sure that guy's name was Rob.

Rob: Could you describe Rob?

Morgan: No, he was kind of small, kind of, he was a Freshman at ISU. But the older guy from Spanky's that bought her the drinks had kind of long curly hair, and um ...

Tony: Ok, which person had called her then?

Morgan: The one from Spanky's.

Tony: And his name is?

Morgan: I don't remember.

Tony: Could it possibly be the one from Woodstock?

Morgan: Yes, it is the one from Woodstock.

Tony: Ok, how do you know it is the one from Woodstock.

Morgan: Because Jen told me. When she told me that this guy had called her, she said the guy that I met at Spanky's and I immediately knew who she was talking about.

Tony: And did she refer to the guy that I met at Spanky's who is from Woodstock?

Morgan: Yes.

Tony: Ok. So the one that she met, one of the two that she met the 21st at the other bar which is Rocky's?

Morgan: Yeh, no we didn't, I don't think we even made it to Rocky's.

Tony: Ok, what bar would that have been?

Morgan: We were walking.

Tony: Ok

Morgan: On the sidewalk when she met the second guy.

Tony: Ok, what is his name?

Morgan: I have no idea, I really. She went out with me and my other friend, Heidi, who I called earlier, who would come and stay. And um, usually when we came and stayed, he wouldn't go out with us. It would just be the three of us girls would go out and so, like I said, I only met him once and I only heard about him through her.

Dave: How often had they been going out? You say you only heard about them two going out. Had they been going out for awhile, or off and on for awhile, or how would you characterize that?

Morgan: Well, she, she is the type of person that if she was going out with somebody, she wouldn't cheat on him. And he would talk her into going out with him so she didn't really cheat on him, ever.

Dave: So how long...

Morgan: So they were exclusive I guess.

Dave: had they been going out? Week? Month?

Morgan: No, they started going out while I was in Washington. No, they started going out right before I left for Washington.

Dave: What month would that have been? Do you know an approximate date?

Morgan: I left in January, I would say probably, probably in November was when I first started hearing about him. And then I heard rumors that they were engaged and whatever, and I hadn't talked to her for awhile because we've both been so wrapped up in school that I didn't, I really don't know the story, so, this is hearsay. This isn't true, maybe not. Um anyway, um she, he lived with a guy named Mike Swaine, who Jen really liked and over the summer she has been talking about how much she was looking forward to Alan going home so that she could finally spend time with Mike. And Mike is, Mike and Alan were like, opposites, from what Jen says. Alan got high all the time, probably did other stuff, was drunk, was, I didn't like him when I met him, he was really kind of gross, he was greasy. And Mike was really, um, kind of anal retentive. Like, she would talk about how he would like to play Uno all the time and he wouldn't smoke pot or do anything like that because he had a guilty conscious or whatever, and. Anyway when Alan moved home, Mike moved in with her because he didn't have a place to live. So they have been living together for the past, maybe three weeks or so.

C06416

*et34*

*(962)*

Dave: Mike and Alan have been living together?

Morgan: Mike and Jen had, Mike had moved in with Jen.

Dave: Ok.

Morgan: And um, this week he has been gone because Jen said he went home to work, I think. And so she has been living in her apartment by herself. And she likes Mike, she liked Mike, but she kind of found out that he was not her type either because, she is not like a greasy wild women or anything like that, but she smokes pot sometimes and she would get drunk and stuff and then would come home and Mike would make her feel guilty about it, so. And I haven't heard her talk about Alan for probably a couple of weeks. And I haven't asked, just cause I was glad that he was out of the picture.

Dave: When was the last time, when was the last time you saw Mike?

Morgan: I met him once at the beginning of the summer at a play at Wesleyan. It was probably in July.

Dave: You said he's, he was gone for three weeks working, er, I'm sorry, gone for a week working.

Morgan: Just this week, yeh.

Dave: How did you hear about that?

Morgan: Jen told me that he was leaving for the week.

Dave: To go where, do you know?

Morgan: I think he is from Elmhurst. I'm really not sure. Up near Chicago somewhere, he was going to come back today.

Tony: What school does uh, Mike go to?

Morgan: Wesleyan, they all go to Wesleyan except, um, I'm here now and Jen transferred here, two years ago or a year ago maybe. I think this is her second year.

Dave: How did Jen get along with Mike, other than she recently figured out?

Morgan: Well Tuesday night when we out I said to her, I said, "Well maybe you don't like him as much as you thought, maybe he is really not your type". And, um, she said "Well no, I do like him", and I said "well, what are you going to do? Are you going stay with him, or you know,

9312 (80)

C06417

and any problems that she might be having or anything like that? Who, does she go out, who does she hang around with, just uh, Mike when she is down here?

Morgan: I really, I, I really don't know. Like I said, cause I haven't lived here, I haven't, I haven't existed in the same place that she has.

Dave: She hasn't, Has she mentioned any other names to you like my friend so and so?

Morgan: Well, she's got a friend named Laura who is in the art department at ISU and I, I don't know her last name.

Dave: A student?

Morgan: But she is from Decatur, which is where Jen is from.

Dave: A student in the art department?

Morgan: Yeh.

Dave: Ok.

Morgan: But I don't think she talks to Laura very often, but they have been good friends since high school.

(pause, tape is shut off and then started again)

Morgan: Um, I don't know his real name, but ever since high school she dated a guy named Bubba who she broke up with.

Dave: Bubba?

Morgan: Yeh. Um, she broke up with Bubba, let's see, she was still seeing him last summer so she probably broke up with him sometime over the school year. And um, he was living at home in Decatur until she, he asked her what he needed to do to get back with her and um she said get a job cause he was kind of a bum so he just got a job in Peoria and she was going to go see him last night. So there's probably..

Dave: Ok. What do you know about Bubba? He lives in Decatur.

Morgan: Uh-huh (yes)

Dave: What about uh, the type of person he is?

Morgan: Well Jen had alot of, um, problems with anorexia through high school and through her first year of college and he was really there for her the whole time. And I don't

7

~~Q1314~~ C 1337  
(805)

CO6419

AB001351

think she ever really was in love with him because he wanted to marry her but um, she, she had strong feelings about him, I mean he was definitely a good friend. I don't know how much in contact they had been since he had been living at home and she had broken up with him, but I know that when he got this job in Peoria, she had told me she was going to go see him Friday night, last night.

Dave: She was going to see Bubba last night?

Morgan: Uh-huh (yes), which was also why it was weird that her car was at her apartment. That's why I was, just something wasn't right.

Dave: Where was she going to see Bubba at?

Morgan: In Peoria. Heidi, who I called, she may know Bubba's real name but I...

Dave: What's Heidi's phone number?

Morgan: Um, 219-924-FUN1.

Dave: F U N 1?

Morgan: Uh-huh (yes), F U N 1.

Dave: What were they going to do in Peoria?

Morgan: I don't know. I think she was gonna maybe help him move in or something?

Dave: This, was supposed to see him last night?

Morgan: Uh-huh (yes). Shoot, I wish I could remember his name. I know I have known it. I have only met him once or twice too.

Dave: What did you guys do on Saturday?

Morgan: When I saw her?

Dave: Yeh.

Morgan: Um, Kelly, my friend out there, Kelly, Jen, and I went to Spanky's.

Dave: Who's Kelly? Oh your...?

Morgan: Um, the guy out there.

Dave: What's his full name?

C06420

21315 C 131  
BC

Morgan: I don't know who's phone number was given, it might have been her phone number.

Dave: Something was written down?

Morgan: Uh, uh. (yes)

Dave: Jen wrote something down with your lipstick.

Morgan: I, I don't remember who even wrote with my lipstick, I just, one of the guys names was Rod, I think, or Rob.

Dave: Rodney?

Morgan: It might have even been me that wrote it down, I don't know, it was a week ago.

Dave: That's fine, we are just trying to get it straightened out here.

Morgan: And, um, there was another guy that we met at the bar Saturday and I don't know if she gave her phone number to him or not but he bought her four or five drinks.

Dave: Do you remember his name at all?

Morgan: Uh-uh (no), he, he lives in Woodstock, Illinois, and he has been um, commuting to ISU and, um, asked Jen if she'd, I think he called her and asked Jen if she would like to go out sometime and she said no, I think. This was all what she told me Tuesday night, she really didn't tell me what her answer was, she just said I can't believe that he called me to see if I wanted to go out with him. So, um, she probably talked to him Monday night.

Dave: Monday night?

Morgan: Uh-huh (yes).

(Detective Daniels can be heard in the background making a phone call)

Morgan: ...if Alan was ever abusive to her or not, all I know is, he would break down the door, and the fact that she screamed when I came in kind of indicated to me that he scared her.

Dave: She never said anything like he hit her? Did she ever have any bruises, well you didn't see her that often did you?

Morgan: Uh-uh (no).

AB001354

APPENDIX 001731

It is September 2, 1993 at 1:22 pm. This is an interview with Heidi Steinman

Dave: Would you state your full name please?

Heidi: Heidi Lorraine Steinman.

Dave: Your date of birth?

Heidi: [REDACTED]

Dave: And your address?

Heidi: [REDACTED], Highland Indiana.

Dave: And your phone?

Heidi: 219-924-3861.

Dave: Ok, and why are you here today?

Heidi: To tell you anything I know about Jennifer Lockmiller.

Dave: When was the last time you had contact with Jen?

Heidi: Oh, ... I talked to her on the phone on last Tuesday, ah last Tuesday at, I don't know the date.

Dave: Ok.

Heidi: Um, it was in the afternoon.

Dave: Approximately what time?

Heidi: I honestly don't know, it's like...

Dave: You know, between what times, would it be before 3:00?

Heidi: Probably about 2:00 or 3:00.

Dave: Ok, and what did you talk about?

Heidi: Um, I was supposed to visit her this weekend, um, the week of September 3rd and we were just solidifying our plans.

C06433

~~Q1390~~ C 1413  
(881)

it was already paid for so...

Dave: Ok, how about relationships though, you said Mike wasn't really a relationship did she have any plans or mention anyone else's name?

Heidi: Uh-uh, no.

Dave: Ok, how about Bubba?

Heidi: Bubba was an ex-boyfriend and she had no plans of getting back together with him. He always, he was always in love with her. I think he always planned on them getting married or whatever, but she was through with him about a year ago.

Dave: How about John Murray?

Heidi: She liked him. He said that if she broke up with Alan, he would break up with his girlfriend and maybe they could date again, cause they had always been dating someone and then the other one would like them and they would switch back and for and I think he broke up with his girlfriend and then, last time I talked to 'em she was like yeh, John broke up with Debbie.

Dave: Debbie who?

Heidi: She is an AOPic at Wesleyan, I don't know her last name. I think I may have met her once, but I...

Dave: Do you know if she saw John in the past few weeks, or?

Heidi: I don't know.

Dave: Would there be any other names that, ah, she had mentioned?

Heidi: I remember she said, I don't know his name, but she said she met a guy at a bar and he kept calling her, but I don't know...

Dave: Do you know when that was?

Heidi: I bet it was like August 20th or 21st, that weekend.

Dave: A bar here in Normal or somewhere else?

Heidi: Ah-huh. (yes). \*\*inaudible\*\*

8

C 1420

006440

~~1397~~ (802)

AB001433

Heidi: The last concert I knew she went to was Arrowsmith.

Dave: When was that?

Heidi: Oh, gosh, I don't even know, that was, I know it was this summer.

Dave: Ok, so several months ago?

Heidi: Yeh.

Dave: Ok

Heidi: But, yea, we usually go to concerts together.

Dave: Did she mentioned anybody new besides the guy she met at a bar that kept calling her?

Heidi: No.

Dave: Would she?

Heidi: I think so.

Dave: Did she tell you everything?

Heidi: I think so. She was, um, she had been in alot of hospitals for eating disorders and I went to one this summer, and it was the same one that she was at, so we told each other alot about that. It was like another like breaking point for us that we could trust each other more, and it brought us really close.

Dave: It is important that, you know, we hear, ah, even the bad things about her, ah, but you know? It may not be anything, but then again it might. And, ah, we understand that we don't want to, ah, you know hash out all the bad things, but if we could come across something that is important.

Heidi: To my knowledge, I don't, she didn't tell me anything about another guy, but school had started on the 23rd so.

Dave: Was she ever pregnant, do you know?

Heidi: Morgan just told me that. I, I've no clue if she ever was except, Wednesday morning, I got in town on Tuesday.

Dave: Which Wednesday are we talking about?

14

C06446

C 1426

2-14-03

(894)

AB001439

Heidi: Um, the 1st.

Dave: August?

Heidi: Yesterday, September first.

Dave: Oh, ok. Ok.

Heidi: Um, I spend the night , Tuesday and Wednesday morning I woke up and I had this dream that she had been pregnant. I don't know.

Dave: And you had talked to Morgan and she said something about that?

Heidi: No, I talked to Morgan today and she like, you had asked her if she had ever been pregnant and I just had a dream yesterday that...

Dave: So not to your knowledge?

Heidi: No.

Dave: Ok.

Heidi: I have no clue, but it, it seemed like she didn't trust alot of people and it, she was very wary and very cautious.

Dave: That's the impression we're getting, it is very difficult to find anything out about her. She would tell somebody kind of like what they wanted to know, just enough but not everything.

Heidi: Yeh.

Dave: You know.

Heidi: She wouldn't want to hurt their feelings or something or get a bad impression.

Dave: So it wouldn't be unusual for her to do something with somebody and not tell somebody else about it.

Heidi: Yeh.

Dave: Fer...

Heidi: Cause like the whole drug scene.

Dave: What about, ah, being approved of, would that be a reason for her not tell somebody?

Heidi: I think so.

Dave: Was she, you know like...

Heidi: I think that is the basis of her eating disorder.

Dave: So, like you being the straight person, she might not tell you the things that she thinks you would disapprove of?

Heidi: All the drugs she did. Yeh, cause I mean, I know so many people that do pot I don't think it would shock me, so she wouldn't, she didn't, she would tell me that. But, that..

Dave: So she did do pot, was it often, or?

Heidi: Um, it was often last year and this summer she was tapering down, cause Mike Swain is very straight, and she, it was like "I like him and if he is straight, I am going to go straight." And she had stopped. That's what she was telling me, that she had stopped and I don't know.

Dave: Would she do something when Mike wasn't around?

Heidi: Yeh, um.

Dave: How about drinking?

Heidi: Yeh, she drank alot.

Dave: Did she have a problem with drinking?

Heidi: Um, see I don't know. Cause her freshman year, I was still in high school and I guess she drank like a fish, and that is when her anorexia was really big, and, um, then my freshman year, she was in the hospitals and then her, she came back so then our sophomore year was the same, and she would drink, but it never occurred to me that she had a problem cause she drank as much as everybody else. Not more, not really less, just an average amount.

Dave: You only saw her drink, when it was appropriate to drink?

Heidi: Right, and, um, I know she had AA books and things because, at the, cause I go to over eaters anonymous and that is what she was into and we would base our stuff on AA and they give you the AA books, but I don't know if she had the AA books because of the eating disorder hospital or if because she drank and she was trying to go into that.

This is Detective Daniels of the Normal Police Department, I am in the middle interview room of the Detective Division of the Normal Police Department. Present with me are Detective Rob Hospelhorn and a Mr. John Murray. This is Thursday afternoon the time is 4:15 p.m. September the 2, 1993.

Tony: John would you state your full name, your date of birth and your address please?

John: My full name is Larvi John Murray, Larvi is spelled L-A-R-V-I, and my date of birth is [REDACTED] and my present address I'm ah going to Illinois Wesleyan, it is [REDACTED] that's Bloomington, Illinois 61701.

Tony: John do you understand the reason we asked you to come down for an interview?

John: Yes I do

Tony: And what is that reason?

John: Ah, It is to ask me questions about the deceased Jen Lockmiller.

Tony: How well do you know Jennifer Lockmiller?

John: Well I used to date her actually about a say a year to two years ago and I go out with her every once in awhile. I was coming back, I was coming back to actually see her school is just starting for me in about Tuesday, cause I go to Illinois Wesleyan and school starts on Tuesday for me and Illinois State already started and I have been back home and I was coming down I was actually going to see her tonight or yesterday I was going to call her up and ask her to go to bad music night. And I just found out yesterday, my brother called me and left a message saying that Jen Lockmiller is dead I didn't believe him at first you know it really hasn't hit me yet to say you know cause I haven't I don't know that much about it yet and I missed the funeral even and my brother said the funeral was what yesterday or two days ago and I have been home the entire time and I didn't hear about it.

Tony: When was the last time that you had any contact with Jennifer what type of contact would that have been?

John: Ah she called me about ah two weeks ago, a week ago, see I can't remember because of the kind of relationship I had with her you know I used to go out with her. And then you know we were still friends after that I knew ah,

she was dating this guy named Alan Beamm right after me, she started going out with this guy named Alan Beaman for about um I don't know I guess they were dating for probably about a year or so. And both of them would come over to my place all time and you know we would party and stuff like that and I would go over there and party and we would just listen to music, you know, drink or whatever and just kind of chill every once in awhile and just kind of chill and every once in awhile I would go out to the bars with her cause she was 21 and Alan wasn't. And you know I sort of had that kind of relationship with her, I just go out and hang with her every once in awhile. And then um like lately um lately ah she started seeing I think she started seeing some guy named Swain or she was living with some guy named Swain and that's when I started losing contact with her because you know I started going back home more often and you know I live in Rockford. and I have been jumping back and forth between like jobs and stuff in Rockford and here ok, and trying to get ready for school and moving and all that and I have just been going back and forth lately and I saw her and Swain a couple times a couple weeks ago and you know and we partied together then and then the last time I talked to her though was probably maybe two weeks ago or maybe a week and half ago sometime around there. And she just called me and asked me what I was doing and you know I said you know I am getting ready to go to school and stuff and we sort of made plans oh well we are going to have to do something coming up soon and I was like well when I get back in town maybe like close to the beginning of September I will give you a call.

Tony: Is it my understanding then that you were in Rockford then when she had called you?

John: Um, yes, I was in Byron.

Tony: And where was she when she called you?

John: I think she was at her house.

Tony: Which is here in Normal?

John: Yeh, its 452-9913 I think is her phone number

Tony: Had she mentioned anything to you during that phone conversation that ah she was going or had been to California?

John: Oh, yeh yeh, she called me from California, too, she called me in California, she took a trip down to California. She just got back and she started ah living

*2/6/86*

1172

C06455

with Swain and I saw her after her California trip. I think I talked to her once or twice and saw her ah with Swain. Like at our business office I like met 'em they were doing something in there. Swain was getting ready to go to school at Illinois Wesleyan and they both stopped in and I talked to them in the parking lot for about a 1/2 hour.

Tony: Do you recall what day of the week that would have been?

John: Oh, summer all blends together, um I am not, I can't say for sure, it was within it was, I know it was after her California trip cause she told me a little bit about it and she went to California.

Tony: She got back from California on Thursday back to Normal on a Thursday. (John: Um huh (Yes)) which is August 19th, using that as a reference point, do you recall then when you saw her and Michael together?

John: Uh, Swain?

Tony: Yes

John: Um, probably either sometime within the next couple days. Or it had to have been, cause she called me from California on that Thursday and I think I was probably was down here that weekend. Okay, and I probably bumped into them then, see I go back and forth I mean home so much, that I am here one day, there the next day, here one day, I mean I put 3,000 miles on my car in the last couple weeks. You know I have been just driving all over the place so I can't say when for sure but I know it was maybe about two weeks ago, maybe 1 1/2 weeks ago that I saw them.

Tony: You say you saw them together is that right?

John: Yeh

Tony: And where was this that you saw them?

John: At Illinois Wesleyan, um, right outside the busienss office, there is a drive way sort of thing.

Tony: You are not sure whether it could have been a Saturday or Sunday?

John: Um, It could, I don't think it was a Sunday, cause the business office wouldn't be open. It would it could have been Friday or Saturday or even the following Monday.

Tony: What was the conversation about between the three of you?

John: Um, we just talked, you know about you know partying and you know and just we got to get together and go out and that kind of thing just general you hi kind of friend kind of conversations.

Tony: What did she talked to you about to you when she called you from California?

John: Um, I wasn't home, when she called but I got the message on the answering machine and she said hi I am in California. But then I talked to her when she got back from California and she said Oh, I called you from California.

Tony: So she had called you in California, but never reached you, she called you when she got back and then and then after she got back you ran into her and Mike, is that correct?

John: Yes

Tony: Ok, uh, did you ever visit her at her apartment when she got back from California?

John: Um, I am going to have to say I did stop by there I think once.

Tony: Do you recall when?

John; Mmm, It was I think the day after I saw them in the I think the day after I saw them.

Tony: Okay Mikey, what I am going to do, pardon me John, what I am going to do is show you a calendar, and ask you to look at the month of August 1993, the 19th being a Thursday, I do want to make a correction, she got back to Normal on the 18th, not the 19th as previously stated by myself. Would like for you to look at the month of August 1993 and try to determine ah the date that you ran into her and Mike and also the date that you visited her at her apartment in Normal, would you do that please?

John: Sure, um,

Tony: There is the 18th John that she had returned to Normal.

John: I would say it would have it was either let's see now, I went home last, I went home on the 24th. So it was either the 19th, 20th, 21st, 22nd or 23rd that I saw them and talked to them.

C 1713

~~C 1688~~

(1174)

C06457

Tony: Ok, when was it that you visited her apartment then?  
John: Um, it was the day after I talked to them.  
Tony: So that would have been what day then?  
John: Up to the 23rd.  
Tony: Did you go?  
John: Cause I didn't stop by on the 24th, that is when I went home.  
Tony: You went home on the 24th  
John: Um huh (Yes)  
Tony: What time did you go home?  
John: About oh about 3 in the afternoon.  
Tony: Ok, how long were you home?  
John: Um I was home, all the way til yesterday.  
Tony: Was that..  
John: I got back. Yes, I got back yesterday night.  
Tony: Yesterday night, that would have been September the 1st?  
John: Um huh (Yes)  
Tony: What time did you arrive back here in Normal?  
John: About 7:00  
Tony: P.M.?  
John: Yes  
Tony: So then you were out of the Normal/Bloomington area around 3:00 p.m. on the 24th of August which is a Tuesday?  
John: Yes  
Tony: And you did not return to this area until around 7:00 p.m. September 2nd ah, correction September the 1st which is on a Wednesday, is that correct?  
John: Uh, Yes

APPENDIX 001741

Tony: You last saw Jennifer in her apartment sometime on the..  
John: Sometime one of these the 19th....  
Tony: The 19th through the 24th or 23rd  
John: Through the 19th through 23rd, I thought her California trip was actually earlier though. I mean it doesn't seem like it was only two weeks away. I mean it seems like it was earlier, it seems like it was somewhere around maybe the 1st of August or something, at least in my mind.  
Tony: Ok  
John: But there again, I don't keep track of time or days during the summer  
Tony: Ok, when you visited her at her apartment do you recall what time of the day it was?  
John: It was just, just a, I just swung by and said hi for a few seconds.  
Tony: Do you do you drive?  
John: yes  
Tony: What kind of car do you drive?  
John: Uh, an 87 Pontiac Firebird, black.  
Tony: Do you know the license plate number  
John: BOLARE 4 B-O-L-A-R-E-4  
Tony: Did she ask you to come over or did you just at the spur of the moment decided to drop by?  
John: I just dropped by, cause we had talked about it the day before, you know me and Swain and her, it's like oh, you know we should drop by sometime so I dropped by by to see what was going on and  
Tony: Was she by herself?  
John: Uh, I believe at the time she was.  
Tony: How long did you stay?  
John: About ten minutes.  
Tony: And what was the purpose of the call again?

6

C 1715  
~~21690~~

1176

C06459

AB001729

John: I just dropped by to see how she was doing.

Tony: Do you recall what you talked about?

John: Um, we just ah, talked about like you know partying and getting together later and you know how school you know that she was getting ready for school and all that kind of stuff. And you know ah she was basically just talking to me like as a friend. I see her about maybe my relationship with her was about I saw her maybe once every two weeks or once a week sort of thing so you know it wasn't like real imminent or real real close or real special. I mean I did go out with her a couple a year or two ago, but I mean it wasn't I mean now, it's just more like do you want to go to the bars tonight and hang for one night. And you know and I drop her off or something like that and she would like tell me how things were going and she was real excited and she had some kind of um press job with ah um, she was working for somebody that is the same maker's of life magazine, like Time Warner or something like that?

Tony: Was there any

John: She was working she was doing some kind of press thing with some Time Warner thing and she was telling me about that and how she wanted to hopefully to get a job like working for Rolling Stone because that was like her favorite magazine and she was telling me all that.

Tony: Was there anyone present there when you dropped by that day?

John: Um, I think the parking lot was pretty bare actually.

Tony: Well, was anybody in her apartment?

John: Um, no

Tony: Did you go in?

John: Um, no

Tony: Ok, you didn't go in so, therefore there could have been somebody there is that a possibility?

John: It could have been a possibility.

Tony: When was the last time that you saw her and Alan Beaman together?

John: Oh, God, Oh um, the last time I saw them together, I

7

C 1716

006460

*et al*

(1177)

AB001730

APPENDIX 001743

remember once instance where uh, I was over there you know like I spent the night sort of thing cause we were just up talking and drinking just real casually I mean I have got a girlfriend, but you know she was somebody that I talked to and stuff like that. And we were talking all night and this was like right when her and Alan were breaking up. And I just remember him like Kicking in the door.

Tony: How do you remember that

John: Well, I was just sitting in, we were just sitting there talking and he was knocking on the door and he just kept on knocking and she was like no don't answer it it's just Alan.

Tony: How did she know it was Alan?

John: Um, her was the only one that would drop by you know at like 3:00 in the morning and stuff like that and knock on the door and go Jen let me in, Jen let me in, tsch tsch tsch and like freak out, he was like..

Tony: Were you the only one there with her?

John: Yeh, that time

Tony: Ok, what time was it in the morning?

John: Oh, it was pretty late.

Tony: Do you recall the date?

John: No

Tony: Ok, you say

John: But I am sure the neighbors would know cause I mean every

Tony: Do you recall what time of the morning it was

John: uh, no I don't

Tony: Ok, what was the reason you were there visiting Jennifer at that time in the morning?

John: We just, we ah just went out drinking and then you know, that night, you know I went over there and we were partying a little bit and we were playing UNO or something during the night and listening to music and you know we were just talking. She liked to talk to me about you know like her relationship and just stuff like and

~~2169~~ C 1217  
1178

C06461

you know I was just kind of a neutral pole. You know in her life that she could just like explain things to me every once in awhile. And she was just explaining you know some stuff about Beaman basically.

Tony: How would you describe Jennifer's drinking habit

John: Her drinking, well, she liked to party and she was

Tony: How often did she like to party?

John: Umm, quite alot.

Tony: Ok, what is quite alot, could be specific, once, two, five times a week?

John: Well, I would say when she was done with her school work and once she was done with everything she had to do she would like to party.

Tony: Ok, once again, how often would that be?

John: Oh, some weeks it would probably be close to every night and other weeks not at all.

Tony: How often did she use marijuana?

John: Um, I don't know, probably once in awhile. I guess.

Tony: Ok, how often is once in awhile?

John: Maybe, like again, like say drinking.

Tony: Ok

John: Maybe sometimes she would do it alot, other times she wouldn't do it all.

Tony: Ok, what ah kind of state of mind was she in when she would be drinking heavily and using marijuana?

John: Um, well she would be pretty horny, but I mean, not only horny but she would just be fun. I mean not to the point like where she is just horny and sleeping with everybody, but she would be just really fun. She was like a real down to earth girl that you could just pretty much, you know, be mellow with she liked the Door's and stuff like that and you could just pretty much chill with her.

Tony: In your opinion what led to the break up of Alan and Jennifer?

John: Um, Jen really didn't like him.

Tony: Why did she date him then?

John: Well she was dating him, but she would she kept on telling me that she wants to get out of it, Alan is psycho and stuff like that and she just wanted to get out of the relationship but she didn't know how.

Tony: Was he supplying her with her marijuana?

John: I am not sure where she got the marijuana from.

Tony: Did you ever witness both of them smoking marijuana?

John: Well, I witnessed alot of people smoking marijuana.

Tony: Ok, did you ever witness those two people smoking marijuana?

John: Oh, yeh, I witnessed those two smoking marijuana.

Tony: How frequent?

John: Um, well when we party you know alot of times there would be marijuana there I am not sure where it came from there or anything it was just there.

Tony: You don't know where Alan would get his marijuana?

John: No I don't

Tony: Did you see either one of them ah indulge in the use of any other type of drugs?

John: Um, maybe once in a while, they might trip or something.

Tony: Ok, who would?

John: The party there might trip or something.

Tony: Ok, did you

John: Well, I have seen I've seen them party before, it's not a big deal.

Tony: Do you know where Alan got his supply of drugs?

John: No I don't.

Tony: Did he seem to be supplying Jennifer with the drugs?

10

*Stacy* C 1719

(1186)

C06463

AB001733

John: I am not sure, they just, they would just have marijuana every now and then and I would help them smoke it and so I mean I know that they smoke marijuana because I would smoke it with them.

Tony: How about LSD?

John: Uh, that was a little more infrequently, I would say I had tripped with both of them maybe once.

Tony: Once

John: Since I have known them, yeh, so but I know that they probably have done it more than what I know about it.

Tony: Do you recall the last time you saw Alan and Jennifer together?

John: It was before Swain I see, my time periods are messed up but I would say probably before the California trip. I mean judging by what you say here I would say maybe the 10th of August or so it was the last physical time Alan went back to Rockford.

Tony: Do you know when he went back to Rockford?

John: Sometime at the beginning of August.

Tony: Ok, how do you know that?

John: Cause Jen told me, she was like I can't wait Alan is going to be out of here soon. And then she moved in with Swain.

Tony: Ok, she said she can't wait Alan will be out of here pretty soon meaning she can't wait for Alan to leave?

John: Well see, she always see she still liked me so she always flirted with me and made everything seem alot worse than probably what it is. Cause she still wanted to still go out with me and she was everytime she was around Alan, myself, she would always blow off Alan and you know act flirt with me sort of thing and that would make Alan sort of pissy and stuff but he would make Jen, Jen would always flirt with me.

Tony: When was the last time you can really honestly say you saw Alan and Jennifer together?

John: Beginning of August

Tony: Okay, you said ah Alan went back to Rockford at the beginning of August, did you see him return from Rockford and down here in Normal with Jennifer?

John: I haven't been in, I haven't been in Bloomington/Normal that much and I think the whole month of August, I saw Jen like twice?

Tony: Ok,

John: Now, months ah, like last school year I saw her all the time but that.....

Tony: But did you see Alan and Jennifer together after he went home to Rockford,

John: No

Tony: Did you see them together down here?

John: No, I saw only Jennifer and Swain together. During the month of August both times, I saw her or talked to her there was something dealing with Swain there.

Tony: How long have you known Alan?

John: Oh since last year, I met him basically when I met ah I met him actually at a party.

12

C 1721

C-1696

1182

C06465

AB001735

APPENDIX 001748

Tony: Where was that party?

John: Just around campus.

Tony: Ok

John: And you know it was just one of those things that we were partying and that's actually where she met, see I was with Jen originally and then Alan came into the picture. We were all partying and Alan came over in the picture too, and then Alan really liked Jen and you know I wanted to go out with someone else and you know we were still kind of flirting around at that point but were definitely broken up. And I was interested in someone else and I am like her I will set you up with...

Tony: With Jen

John: Yeh, with Jen kind of thing

Tony: So it was just fine with the both of them

John: Yeh, Yeh, so you know she started going out with Alan and stuff and she would act like she didn't like him but I think she did.

Tony: How did Mike enter the picture?

John: I don't know, Swain was just a complete surprise, all I know is Swain. See Alan used to live in apartments about a block away from me, and the couple times when ah like ah I like in July, I would go over to Alan's sometimes. Okay, and cause there would be some parties over there that he would have and when I would go over there, Swain was usually over at Alan's. So so I am taking it that Swain and Alan are friends ok, and so ah somehow they met there.

Tony: Okay, did you ever witness any of of a Alan and Jennifer's arguments or fights?

John: Yeh

Tony: Would he describe those for me please?

John: Um, well the most violent one that I saw is when Alan freaked out and kicked in the door.

Tony: Is that when you were in Jennifer's apartment?

John: Yeh, that is when I was in Jennifer's apartment.

13

C 1722

C/697

1183

C06466

AB001736

Tony: And what did he do after he kicked in the door, he just like he grabbed Jen I gotta talk to you for a second and they were just sitting there and talking and screaming at each other.

Tony: How did he grab her?

John: OH, just by the arm maybe, just like this.

Tony: Was that against her will?

John: Come here you know, yeh, but then she stood there after that like he only grabbed her for a few seconds and then they started talking and I mean he he was pretty much flipped out.

Tony: Do you think he was on drugs at the time?

John: Uh, I don't know.

Tony: Ok

John: But I know that he got pretty intense into her into their relationship, like if she would have just given him the time of day, when he was around me if she would have given him time of day, he would have just been in heaven.

Tony: What ah did you ever ever hear Jennifer speak of Alan in regards to possible Alan committing suicide if their relationship ever deteriorated?

John: I think something like I think she mentioned that once like oh, Alan says he going to kill himself and all this if if something you know if something happened between us and I don't know what he is going to do if we break up. she kept on saying that to me.

Tony: She ever say anything to you that she was afraid that maybe he would bring her harm if they were to break up?

John: She goes I don't know what he would do if he we broke up. She was scared to break for the longest time she was scared to break up with him.

Tony: For what reason?

John: She was she wasn't saying, she was just like, I'm just scared to break up with him cause I don't know what he would do, I think he would freak out way too much. Which I would agree because he would pretty much freak out.

Tony: Do you know a young man by the name of Stacy Gates

*2/6/98*  
*(1100)*

commonly referred to as Bubba?

John: Stacy Gates, oh that ah um that's Jen's ex-boyfriend,  
that is like way ex.

Tony: Was that before you?

John: That was before me.

Tony: So you came after Bubba, Alan came after you and then Bob  
after Alan is that the way you understand it?

John: Bob

15

C 1724

~~0699~~  
1185

AB001738

APPENDIX 001751

Tony: I am sorry Mike  
John: Mike, yeh  
Tony: Is that the way you understand it  
John: That is the way I understand it  
Tony: So it was Bubba, you, Alan and then Mike  
John: Yeh  
Tony: Was there any other person that you know of for a fact?  
John: That she went out and dated?  
Tony: Yes  
John: Um, she talked about Bubba alot, you know as being her ex and as far as I know not. To the best of my knowledge, no.  
Tony: When was the last time that you had sex with Jennifer?  
John: Um, the last time I had sex with Jennifer, Uh, I guess, I am going to have to admit it was when Alan was going out with her. Probably, the night the Alan kicked in the door.  
Tony: Was that consensual sex?  
John: Uh, yeh.  
Tony: Did you ever have sex with her against her will?  
John: No  
Tony: Did you ever harm her in any way?  
John: No she was so tiny that that no.  
Tony: Did you ever get in arguments with her?  
John: No we never fought, she completely like wanted to go out with me still. Like if she was alive today she would be calling me wanting to go back out with me.  
Tony: And as far as you understand that was the purpose behind the last time that she had called your house?  
John: Yes

16

0 1725

21700

1186

C06469

AB001739

Tony: Which was last week sometime, is that correct?

John: I believe so yes.

Tony: Is there anything else you wish to say at this time John concerning your relationship with Jennifer?

John: Uh no

Tony: How about Alan's relationship with Jennifer?

John: Um, well I would seriously if I was you guys talk to Alan and find out cause I mean, in my opinion, I mean I don't want to like you know pass judgement on anybody or anything. But you know I am not saying that Alan is guilty or anything like that but I would find it kind of hard to believe, I mean, to me I have seen Alan do some weird stuff. You know like kick in the door that was pretty much, I mean, I don't think you would do that if you were normal. You know what I mean? And the way Jen was like frightened, she told me I don't how many hundreds of times that she was pretty scared to go, you know, she kept on saying that you know I don't know what he would do if I broke up with him. That is her exact words, she goes I can't wait for him to move back home so you know so I can get rid of him kind of thing, I don't know how much ah I don't what he would do if I broke up with him, he's psycho. That is what she would say. I, am like don't worry about it he is not going to do anything.

Tony: Did she ever show you or tell you of the gifts that Alan would give her?

John: Um, I think flowers and stuff like that.

Tony: Whe ever give, ah did he ever give her any stuffed toys, stuffed animals?

John: There were stuffed animals in her room.

Tony: Were those given to her by Alan or any other boys?

John: I don't ask, I mean there is just some things I mean really she didn't really want to talk to Alan when I was with her. Cause see, cause she liked me so she would pretty much ask me how my life, everytime I saw she was directing questions, like hitting on me sort of thing all the time cause she wanted to go back out with me. So we talked about Alan a little bit you know I would be like what is up with Alan and stuff like, and she would be like well, I am still going out with him but I really

don't want to but he is just so psycho if I break up with him I don't know what he is going to do. I don't know if she was saying that cause she was scared because he might kill himself or because she was scared that he might harm her, I am not sure which, she never really said anymore than that but she did say that over and over again to me.

Rob: John, I just want to reclarify a couple things that Detective Daniels had asked you. You had something earlier about that Alan was psycho?

John: yeh, well no, those were her words quote "Psycho", that is what she called him all the time. I am not passing judgement on him cause every time I was with him he was normal. But she always called him psycho, like if you asked anyone what she would call Alan it would be like oh he is psycho, those were his her words.

Rob: Did you ever hear Alan himself say that he was ah ah going to commit suicide or do any kind (John: No No) of bodily harm to Jennifer or anyone else?

John: No, I, not at all. I I talked with, the night they broke up I talked with Alan and I said you know I was like hey, maybe you guys are not right for each other you know, and so forth and so on and like tried to talk to him about it and stuff like that but he never mentioned anything about suicide or anything like that at that point.

Rob: What was his reaction the night they broke up?

John: He was he was pretty upset, I mean he was like, Alan was 100% into Jen and more than that he was just gung ho for this girl I mean I have never even seen anyone..

Rob: Can you describe his behavior as far as upset do you mean, crying, mad, ah throwing stuff?

John: He was just like really just upset, you know, I mean but this is when he was talking to me. A he was just really really upset at that point. And I am like I am trying to talk to him I am like you don't need to be that upset maybe you guys are not right for each other, you know what I mean, like things like perfect relationships don't always happen and there is always other girls out there and there is always other guys for her?

Rob: Can you describe though, was he crying or was he yelling, was he mad was he..

John: No he wasn't, he wasn't mad sort of, he was more upset like crying kind of emotionally really upset. More so

than anger like holding down like Alan you gotta control yourself, I mean I didn't have to do that.

Rob: Did you ever hear Alan accuse Jennifer of sleeping around on him?

John: Yeh, he did that all the time, he was really jealous, I mean if I was going to label someone jealous, that would be him.

Rob: And there is one more thing, you said that when you stopped by her apartment ath that the last time you had seen her that you didn't go inside there might have been possibly been somebody else there, where were you talking to her at?

John: I just talked to her in the hallway for a brief second, she said she was busy doing something, and I am like well ok, and I just talked for 30 seconds and I am like I am going home, you know the next day or whatever and I'll see you when you get back when school starts again and then we will go out and go to bad music night and soforth and so on.

Rob: Where did ah Jennifer like to hang out around town as far as music spots and so o?

John: I would say her house.

Rob: DId she like to go out to any particular bars, certain bars?

John: Yeh, she'd go out, you didn't mention a name, which kind of strikes me as kind of odd, Mike Bowen, that is her best friend, like in the whole world.

Tony: John you mentioned the name Mike Bowen, would you spell his name, would you spell his last name?

John: B-o-w-e-n, I believe

Tony: And who is Mike?

John: He is like Jen would always say he is like my best friend in the whole world. So

Tony: And where does he reside?

John: Uh, At the Theta Chi House at Illinois Wesleyan, and ah basically she's just is really good friends with him and they would go out drinking alot like she would always meetn Bowen at bars. I mean that is what triggered the

19

C 1728

CT 103

1189

C06472

AB001742

name, when you asked me well where does she hang out or where does she like to go drinking and dancing and stuff she always met Mike at bars.

Tony: When you say met, she was there at the same time Mike Bowan was or did she agree to rondevue there?

John: I am not sure, she would always say like I met Mike at the bars like stuff like that.

Tony: When was the last time you saw the two of them together and where would that be?

John: Um, I would say I'd say about a month ago, but she always talks about them going out, see I didn't go out with her every night, the way, I mean she would go out drinking alot to the bars and stuff and she would go out with Mike alot.

Tony: Would you describe Mike to us please? Mike Bowan.

John: Oh, he is about my height, dark hair, um, real stocky kind of person, you know.

Tony: Was he a white male?

John: Yes

Tony: How did he wear his hair?

John: Short

Tony: Did he have a beard or goatee or mustache?

John: No, he has got a pretty-pretty recognizable he has got a real distiguishable face I mean it is pretty...

Tony: Do you know what kind of car he owns or drives?

John: Well man I should he is in my house, um

Tony: Let's start with the color, what color is the car?

John: No

Tony: You don't know?

John: A truck

Tony: A truck, let's try a truck.

John: I think, I am not sure what he drives.

Tony: So the relationship between Mike Bowan and Jennifer was basically partying from bar to bar is that it?

John: Um, no, I think Mike is from the same, See she is from Decatur,

Tony: Yes

John: And um, I think they are from the same hometown to tell you the truth and I think they are just been friends. She always they have just been friends, you know since they were knee high people, you know.

Tony: Does Mike know about the death of Jennifer?

John: I don't know, I just got into town, I was hopin to talk to these people before I came here so I would find out what happened.

Tony: Ok,

John: I mean I was going, I mean I would like to go talk to Mike, I would like to find Alan and I would like to find Swain and find out what happened, I mean I feel bad I missed the funeral, I didn't even know it was happening. My brother called me last night and told me about the funeral and you know I am like gee it already happened, you know I wish somebody would have called me or told me, you know,

Rob: I got a couple of questions that are personal questions but they might help out the investigation at a later time. (John: All right) It's hard to say. You were talking about the last time that you had had sex with her was the night that Alan broke in the door, ok, um, do was there anything ah different that you would consider kinky or other people would consider kinky that she liked?

John: Um, no I would say, I mean every time I had sex with her it was pretty normal I think.

Rob: Ok, where did that occur at?

John: In her bedroom.

Rob: At [REDACTED]

John: Yeh

Rob: Can you describe the bedroom for me as far as the beds and so on?

John: Ok, you walked in, first of all you walked in the building and you had to walk up the stairs to the left. Okay then you opened the door, and there was ah and if you went all the way back she had some beads hanging ok. If you walked all the back that was the living room right to the immediate left, the first left that you can do, went into the kitchen, turned right like as soon as you walk in you turn right there was a hallway and at the end of that there was a bathroom it was just about a two foot hallway. Then you zigged zagged around like right next to the bathroom but didn't go in it, went in there was her bedroom she had bunkbeds.

Rob: Ok was that the only...

John: I think she had bunkbeds and a bed over here to tell you the truth, ok, she had three beds

Rob: Which bed did she sleep in?

John: Well, the one that we had sex in is the not the bunkbeds, I think she slept in the one that, well I know that she slept in the one that wasn't the bunkbeds.

Rob: Ok

John: And then she had the closets on the other side here and she had a desk I think here.

Rob: Was it always in the bed where you had sex?

John; Yes

Rob: Did ah was there at any time did Jennifer perform oral sex while she was on the floor?

John: Oh yeh

Rob: Ok, where would you be at that time.

John: Well, she like had oral sex with me like in the in the living room I guess on the couch and stuff.

Rob: Back in the bedroom, did she have oral sex with you in the bedroom?

John: Oh yes

Rob: And if she was on the floor, where would you be?

John; On the bed

Rob: You did say that she has done it with her being on the floor correct?

John: I haven't had sex with her on the floor.

Rob: Ok, but oral sex,

John: Yeh

Rob: Ok, she was on the floor and you were on the bed during oral sex?

John: Um, actually, I think she was on the bed, I don't think she was ever kneeling on the floor and me on the bed, I think she was on the bed and I was on the bed and she was just kind of like kneeling sorta down.

Rob: Okay, but she might have been possibly been on the floor somewhat or do you know?

John: No, I don't think she was on the floor.

Rob: Okay, did you ever have sexual relations with her on the floor?

John: Uh, no, it was it was in the bedroom. I mean it was either on the bed or on the couch.

Tony: How was that bedroom cooled?

John: I don't think it really was.

Tony: Was there a window air condition unit in the bedroom?

John: I don't remember win-I don't remember windows in the bedroom at all to tell you the truth, I don't even think there was window.

Tony: Was there any fans in the bedroom?

John: Um, I am trying to think last time I had sex with her like um, I don't know if we needed a fan um let me see, I know that she had an air conditioner in the living room. I don't even think there are even any windows in her bedroom, I am trying to remember, I don't think there is I think there is just all walls, closet and then the door.

Tony: Did she like to get completely undressed when she had sex?

John: Um, yeh

C 1732

23

C06476

CT 707

1193

AB001746

APPENDIX 001759

Tony: Was there any times that you wasn't completely undressed?

John: Um, yeh when she had oral sex with me, sometimes she wouldn't get undressed.

Rob: Ok, during that time when you did have sex, was is slow moving maybe where you would start with kissing or whatever and then you would slowing take off your clothes

John: Oh, yeh, yeh, it would be

Rob: Or was it you run in there and take you clothes off and you would start

John: No, it was ah pretty slow, we would start in the living room starting kissing kissing or whatever and then we would go into the bedroom and

Rob: At no time that you remember she took her clothes off at one time and then the sex occurred? Did what I'm trying...

John: No she would never like just strip down, at least she never did for me, like just take off all of her clothes and like attack me.

Tony: Did she ever describe her sexual relations with Alan?

~~1708~~

1124

John: Um, no not at all.

Tony: How about with Mike Swain?

John: No I-I in fact I don't know if Mike and her had sex and I am guessing they probably did knowing her, you know cause you mean cause she liked to have sex I think, you know it was my guess.

Tony: Have you heard of other than Alan and Michael Swain, and yourself, have you ever heard of anyone else having sex with her?

John: Um, well Bubba, and I don't know if Mike has or, you see I don't know, I mean I know that she was the kind of girl that liked to party alot you know and she pretty much, you know if she liked you pretty much, I don't know, see Alan would say that she would give blow jobs to people on a dime you know what I mean so she would probably have oral sex with alot of people.

Tony: What did Alan say about his sex ah exploits with Jennifer?

John: He never really talked about it. He like made a few indications at my house, you know like, he wanted to like you know take her home and have oral sex or something like that you know, and she would be like oh stop you know that kind of thing just joking around but I mean I never really I don't ask about other people's sex lives I think it is kind of rude.

Rob: Okay, during any type of sex when you were having it with her, did she like you to use condoms or do you know if she was on any type of birth control?

John: I always thought she was, I never used a condom with her.

Rob: Ok, did she ever ask you to use one?

John: No

Rob: Do you know if she was on any type of birth control?

John: I think she was on birth control, at least she told me she was.

Rob: Ok, do you know what type, did she ever say anything about concerning anything?

John: I think the pill, I mean I can't be more specific than that because I never looked but I think she was on birth

25

C 1734

~~21709~~

1195

C06478

AB001748

control pills.

Rob: But as far as you know she never had to go into the bathroom and ah insert a sponge or any type of or anything like that?

John; No, as far as I know not.

Tony: John is there anything else that you would like to add to this interview

John; I have been trying to think the whole time, um, not really I mean, I would like to find I would like to go to talk to Mike, talk to Swain and talk to Alan and find out you know more for myself, you know but other than that I don't have anything to add at this point.

Tony: This interview concludes at 4:58 p.m.

26

APPENDIX 001762

This is Detective Hospelhorn. It is Thursday afternoon at approximately 3:03 p.m. We are the Normal Police Department in the middle interview room. Present with myself is Detective Tony Daniels and a Laura McKeown.

Rob: Ms. McKeown, could you state your name and date of birth and spell you last name.

Laura: Laura Beth McKeown, Mc KEOWN, [REDACTED] [REDACTED].

Rob: Is it alright if I call you Laura?

Laura: Please do.

Rob: Laura, did you know the victim, Jennifer Lockmiller?

Laura: Yes, I did.

Rob: Ok, and how long have you known Jennifer Lockmiller?

Laura: About 12 and 13 years.

Rob: Did you grow up with her back in Decatur?

Laura: Yes.

Rob: When was the last time you had talked to Jennifer prior to her death?

Laura: That Sunday, I believe it was.

Rob: Ok, that would have been?

Laura: Over the weekend.

Rob: Her body was discovered on August 28th which is a Saturday. So you spoke to her on the 22nd of August?

Laura: Right.

Rob: Ok, was that in person or by phone?

Laura: It was by phone.

Rob: Can you tell us what that conversation consisted of?

Laura: She had just gotten back from a trip to California and she was telling me a little bit about that and um she was telling me about what she did with her brother Rick, um she said something about one of her ex-boyfriends, Bubba, um moving to Peoria to get a job to be closer to her and uh I responded with skepticism about

C06481

~~C2357C~~ 2397  
(1844)

Rob: And how do you know Alan?  
Laura: Through Jennifer.  
Rob: And when was the last time you seen Alan?  
Laura: That's been a little bit longer, maybe in July.  
Rob: of 1993?  
Laura: of 1993.  
Rob: And where was that at?  
Laura: It must have been it was Jennifer's apartment.  
Rob: Ok, do  
Laura: maybe it was a little longer or before that because she was trying to break up with him.  
Rob: Do you know why she was trying to break up with him?  
Laura: Because um, he was, I guess possessive but then her interests turned toward Michael Swaine, his roommate.  
Rob: How was she going to break up with him was she going to just tell him person to person?  
Laura: Yea.  
Rob: Do you know if she ever did?  
Laura: Yea, yea she told him, she told him.  
Rob: Do you know when that was?  
Laura: No I don't.  
Rob: Do you know a person by the name of John Murray?  
Laura: Yea.  
Rob: Ok. how do you know John?  
Laura: Through Jennifer.  
Rob: And what has Jennifer said about John?  
Laura: That um he is a nice guy and he was going out with somebody else at the time and so was she, she was going out with Alan, I guess and um, they John wanted to start something up with her too.

1 C 2400

~~2360~~  
C06482

(184)

Rob: Do you know when this was?

Laura: See it all took place in the summer.

Rob: This last summer of 93?

Laura: Right.

Rob: Do you know what month?

Laura: No, June, July?

Rob: Did Jennifer ever tell you that she was afraid of either John Murray, Alan Beaman, Michael Swaine?

Laura: The last thing she told me about Michael Swaine was that he was really sweet and naive and that um they had gone to Zorba's one time for breakfast and she had told me the conversation that Mike sat down and told her that maybe perhaps she might drink too much and tried to, I guess, um tell her that and she just kind of laughed and she thought that was sweet that he said that I mean that is what Jennifer was telling me about how he packs his lunch to go to work when he was staying with her.

Rob: Ok, do you know when Michael started staying with Jennifer?

Laura: It was in August and I know he was supposed to be out by the 30th I thought, but I may be wrong I am not sure.

Rob: Be out of where?

Laura: Huh?

Rob: Be out of where by the 30th?

Laura: Out of her apartment.

Rob: Did Jennifer ever tell you about any arguments or fights that she ever had with Alan Beaman?

Laura: Yes, they had quite a bit, quite a few arguments, um, Jennifer would say that she was jealous of one of Alan's friends, I think that he used to go out with I am not sure who it was or who she is.

Rob: Does a Meredith Haynes, do you know a Meredith Haynes?

Laura: Meredith? Maybe.

Rob: Ok. Did Jennifer ever say if any of the arguments or fights that she had gotten in with Alan or any of Michael Swaine or John Murray were physical or if they were verbal?

Laura: Right.

Tony: Ok. Was it Jennifer's desire that Mike move out and find his own place?

Laura: Um, no from what she told me she liked him.

Tony: Was she anxious that he move out or was she going to miss him?

Laura: Yea, she said that she told me a couple times that she doesn't know if this thing with Mike is going to work out.

Tony: Was she looking forward to Mike moving out?

Laura: No, she didn't seem happy about it or she didn't seem extremely sad about it either.

Tony: Was Jennifer pretty open with you as far as her personal life?

Laura: Yes.

Tony: What do you know about her sex life?

Laura: Well, um, I know with Michael um I think they had had sex I think she told me twice, because I think that he was trying to be gentlemanly um, and with Alan I am not quite sure. I really didn't ask but they had sex also.

Tony: Did she go into detail about the times that she would have sex with Mike. Was she descriptive with the actual act itself?

Laura: Um, No, I had tried to, I was asking her questions about that and she would just say that ah I asked him well did he know what he was doing and she said yes and that is about it. It wasn't detailed.

Tony: Did she ever talk to you concerning her sex life about using any type of objects when she had sex with any of her boyfriends?

Laura: Yea, there were, um not blatant, she didn't tell me come right out, and say it but um if, we just all I know is about Bubba her and Bubba played games and did things..

Tony: Like what?

Laura: Um, I just remember one time she told me that they did something in the shower where it was sort of, I don't know, I think maybe she was tied up to the rod, the curtain rod and something with cold water I am not sure.

Laura: Yea, I hadn't seen her with that for a long time.

Tony: Did you ever inquire as to why she didn't have it any more?

Laura: No.

Tony: If she were to get rid of it how would she get rid of it?

Laura: She would have sold it at music store.

Tony: Do you recall when the last time that you saw her with that guitar?

Laura: It was a long time ago. She took lessons a long time ago, 4 or 5 years ago.

Tony: Do you know where she got that to begin with?

Laura: The guitar?

Tony: Yes.

Laura: Her parents probably gave it to her.

Rob: Did Jennifer on the Sunday the 22nd when you talked to her or anytime before that did Jennifer ever tell you of anyone that she was afraid of or that had threatened to do her harm or their self harm?

Laura: Yes, Alan. Alan has told her several times that if she breaks up with him that he is going to do harm to himself he is going to kill himself.

Rob: Did she ever mention anyone saying that they were going to do harm to her, her being Jennifer?

Laura: No, no. All I remember is some phone calls that she was getting that forced her to change her number. I can't remember if they were threatening. I think they were threatening she heard music in the background.

Rob: Do you know what type of music?

Laura: No.

Rob: Do you know when she was receiving these calls?

Laura: Um, in the summer. It must have been in the summer.

Rob: Do you know what month?

Laura: June maybe. She changed her number.

1 with the Lockmiller homicide?

2 A. I'm asserting my Fifth Amendment privilege.

3 Q. Do you know anything about the current status  
4 of the Lockmiller homicide investigation?

5 A. I'm asserting my Fifth Amendment privilege.

6 Q. Do you have any particular motivation for  
7 invoking your Fifth Amendment privilege today?

8 A. Upon attorney advice.

9 Q. Is there anything that you're particularly  
10 concerned about that causes you to invoke the Fifth  
11 Amendment privilege?

12 A. I'm asserting my Fifth Amendment privilege.

13 Q. Were you involved in the homicide of Jennifer  
14 Lockmiller?

15 A. I'm asserting my Fifth Amendment privilege.

16 Q. Can you tell me anything at all about whether  
17 you were involved in the homicide of Jennifer  
18 Lockmiller?

19 A. I'm asserting my Fifth Amendment privilege.

20 Q. Are you asserting your Fifth Amendment  
21 privileges to any questions that would be asked  
22 regarding the homicide of Jennifer Lockmiller?

23 A. Yes, I am asserting my Fifth Amendment  
24 privilege.

C06504

1 Q. Do you know who killed Jennifer Lockmiller?

2 A. I'm asserting my Fifth Amendment privilege.

3 Q. Were you physically intimate with Jennifer  
4 Lockmiller at any point?

5 A. I'm asserting my Fifth Amendment privilege.

6 Q. Can you tell me anything at all about your  
7 relationship with Jennifer Lockmiller?

8 A. I'm asserting my Fifth Amendment privilege.

9 Q. Are you asserting your Fifth Amendment  
10 privilege as to any question relating to Jennifer  
11 Lockmiller or your relationship with Jennifer  
12 Lockmiller?

13 A. I'm asserting my Fifth Amendment privilege.

14 Q. Did you take a polygraph examination in  
15 connection with the homicide of Jennifer Lockmiller?

16 A. I'm asserting my Fifth Amendment privilege.

17 Q. Did you refuse to follow the polygraph  
18 examiner's instructions during a polygraph examination  
19 administered to you in connection with the homicide of  
20 Jennifer Lockmiller?

21 A. I'm asserting my Fifth Amendment privilege.

22 Q. Did you deliberately attempt to foil a  
23 polygraph examination administered to you in  
24 connection with the homicide of Jennifer Lockmiller?

C06505

1 Q. Okay. And then you also talked with  
2 Mr. Shapiro yesterday about -- you said stuff with  
3 Alan's car?

4 A. Uh-huh.

5 Q. What does that --

6 A. Yes.

7 Q. What does that mean?

8 A. About the speed of the car, how I knew what  
9 it -- you know, how fast his car could go and my  
10 experience of when I was in Alan's car.

11 Q. Okay. So what did you tell Mr. Shapiro with  
12 regard to those issues?

13 A. Excuse me. Back in the summer of '93 the  
14 concert Lollapalooza was going on. And so me and a  
15 couple friends had borrowed Alan's car to take up to --  
16 we drove from Bloomington to Tinley Park in the car for  
17 the concert. So that it was -- it was kind of a joke  
18 at the time, because the car couldn't go very fast, you  
19 know, and having the other cars around us passing us.  
20 And it was kind of a piece of crap, you know, little  
21 car and just that I was sitting in the back seat at the  
22 time, though I wasn't able to actually view the  
23 speedometer, you know, so my opinion that the car could  
24 barely go what the speed limit was may not be accurate

1 official suspect.

2 Q. And so right away you thought there's no way  
3 this could be Alan, right?

4 A. Right.

5 Q. You just mentioned that you thought there  
6 were other people that were even more capable of  
7 committing the murder. Who are some of those people?

8 A. Really one, and that would be John Murray.

9 Q. Okay. What about John Murray makes you feel  
10 like he's capable of committing the murder?

11 A. I -- it was -- he always kind of to me  
12 appeared to be kind of a scary individual, you know,  
13 someone that -- and someone that could be explosive in  
14 his anger.

15 He -- there was a girl I worked with at the  
16 library that I only now think maybe it wasn't his  
17 official girlfriend. It could have been a girl that he  
18 was just fooling around with, but at the time she  
19 believed he was her boyfriend and was upset that he was  
20 spending time with Jen. And it was her words of not  
21 wanting -- not knowing what to say to him or how to  
22 approach him about it that led me to believe that he  
23 had been violent with her. You know, she didn't want  
24 him to get mad at her again. She never told me that he

1 had hit her or anything like that, but it was the  
2 way -- you know, the way she acted about it that made  
3 me think that he had some anger issues.

4 Q. Who was this girl?

5 A. Her name was Gail, and I cannot remember her  
6 last name.

7 Q. You worked with her at the library?

8 A. Yeah.

9 Q. When did you work at the library?

10 A. That was during the school year of '92 to  
11 '93. I can't remember when I started working there. I  
12 think it was in October of '92..

13 Q. And you told me you worked there over the  
14 summer, too, right?

15 A. Correct. During the school year it was work  
16 study, but during the summer it was my job.

17 Q. Was Gail someone that always worked with you,  
18 or when did she start working there that you know of?

19 A. I don't remember how long she worked there.  
20 I just remember her working with me during like the  
21 January -- during the winter. I don't remember if she  
22 worked there throughout the whole year or not.

23 Q. Is this the same -- so January of '93, right?

24 A. Yes.

006577

1 Q. Is that when you remember talking to Gail  
2 about her relationship with John?

3 A. Yes.

4 Q. So what sorts of things did she tell you that  
5 made you think John could have had anger issues or  
6 however you put?

7 A. She was kind of asking me for -- I don't know  
8 if she was asking me for advice. It seemed like she  
9 was asking for advice on how to talk to him about that  
10 and how to -- you know, she'd be upset, because she  
11 knew that he was spending more -- you know, spending  
12 time around her and found out that he was around Jen  
13 again, you know, and didn't know how to approach him  
14 about it. What should she do? Should I say anything?

15 And I didn't know what to tell her, because I  
16 always found him to be kind of a scary -- you know,  
17 scary guy. He was big. He was big and long, curly  
18 dark hair and just -- I don't know how to say it more  
19 than he was kind of a scary person.

20 Q. At the time you were talking to Gail about  
21 her suspicions that John was hooking up with Jennifer,  
22 did you already know or suspect that John was with  
23 Jennifer?

24 A. Well, that's part of how I had suspected it.

1 I don't remember if at the time that was before or  
2 after the time she -- Jen and John had shown up at our  
3 friend's house. It was around the same time. I didn't  
4 work with Gail on a daily basis, so I don't think -- I  
5 might have said something to her about, oh, yeah, she  
6 showed up with him at -- you know, at Don Jones' the  
7 other day or whatever, and that might have been the  
8 extent of it, but...

9 Q. So what else about -- you've told me about  
10 the fact that John was a big person and then the  
11 conversations you had with Gail. What else led you to  
12 believe that John Murray was capable of committing the  
13 murder?

14 A. I had -- and I cannot remember who told me  
15 this, but I had heard that she had been getting -- Jen  
16 had been getting involved in harder drugs and that some  
17 people were getting kind of worried about her. And  
18 it -- just through the connection that she had kind of  
19 been fooling around with him and that he was the known  
20 guy to go to for those kinds of drugs to me made me  
21 believe that maybe he was the one that did it.

22 And when groups of friends -- when we would  
23 sit around and talk about it, he was the one that would  
24 come up as the one people thought might have -- might

1 BY MR. SHAPIRO:

2 Q. Sure. There had been short-lived break-ups  
3 before between Alan and Jennifer, right?

4 A. Yes.

5 Q. But the break-up that occurred when Alan went  
6 to Ohio was different in character than these  
7 short-term break-ups, right?

8 MS. BARTON: Objection to form and foundation.

9 BY THE WITNESS:

10 A. Yes. This was the end, finally, last straw  
11 finally done. The assumption was that Alan was done.

12 BY MR. SHAPIRO:

13 Q. Now, you were describing John Murray, and I  
14 believe you described him as an individual who was  
15 physically large and who was scary, right?

16 A. Yeah.

17 Q. Fair to say that John Murray wasn't someone  
18 who came off as nerdy, right?

19 A. As nerdy, no.

20 Q. And you sort of smiled and laughed when you  
21 said that. To you the notion that Murray would sort of  
22 be a nerdy or awkward character is sort of ridiculous,  
23 right?

24 A. Correct, yeah.

C06630

1 Q. You mentioned an instance when -- strike  
2 that.

3 You described a time shortly after the  
4 discovery of the body where there were cops outside of  
5 Jennifer Lockmiller's apartment and you talked to  
6 another individual who was named Jennifer, right?

7 A. Right.

8 Q. Is that Jennifer Seig?

9 A. That could be what her last name was. I  
10 don't remember it, though, but that could be.

11 Q. Sure. And you never saw Alan Beaman being  
12 violent to any person ever in your life?

13 A. No, never.

14 Q. You said that in the summer of '93 there was  
15 a time when you were one of the passengers in Alan's  
16 car when Swaine was driving it, right?

17 A. Yes.

18 Q. How would you describe the physical condition  
19 of the car?

20 A. It was kind of a piece of crap. I mean,  
21 don't remember if it was rusty per se, but I just  
22 remember it was kind of a -- you know, a claptrap  
23 vehicle that you were -- it was made for puttering  
24 around town and was -- you know, yes, it was a car we

1 the majority of this drive was on interstate highway,  
2 right?

3 A. Yes, it was almost exclusively highway.

4 Q. And you were sitting in the back seat, so you  
5 didn't actually get to see the odometer and know what  
6 the speed was, right?

7 A. Correct.

8 Q. But you could observe that other cars were  
9 passing you, right?

10 A. Yes, that is correct.

11 Q. And was the car rattling around or anything  
12 like that?

13 A. Yeah, it was -- it was kind of a loud drive.  
14 You know, we could talk if -- I sat in the middle with  
15 my head towards the front. It wasn't a quiet car or a  
16 nice ride. You know, it was college, and it was what  
17 we had available to us, so we, you know, made it work.  
18 It was -- it was loud. I don't remember if the muffler  
19 was bad. I don't think it was, but, you know, it  
20 was -- I don't think it had air conditioning, so we had  
21 the windows down and -- you know, so it was kind of a  
22 rough drive.

23 Q. And fair to say that in terms of the  
24 bumpiness and the roughness of the drive, you know, the

1 faster you're going the more apparent that became?

2 A. Yes, definitely.

3 MR. SHAPIRO: That's all the questions that I  
4 have. Thank you very much.

5 THE WITNESS: Okay.

6 REDIRECT EXAMINATION

7 BY MS. BARTON:

8 Q. I just have one question. You told  
9 Mr. Shapiro that by the time Alan went to Ohio that he  
10 and Jennifer's relationship -- or his and Jennifer's  
11 relationship was done, and it was sort of the last  
12 straw, right?

13 A. Yes.

14 Q. How did you know that?

15 A. You never can say never, but it was the  
16 opinion that Alan was leaving town and going, you know,  
17 away, so, therefore, he was done with the break up and  
18 get back together, because -- and it was -- again, it  
19 was probably something that was a little bit more of a  
20 rumor, because everyone said, you know, Alan said he's  
21 done, and it seems like he's really done. Like he  
22 doesn't have that desire to try and get back together  
23 again and try and make it work again. With him leaving  
24 town seemed to be what made it more definitive.

This is Detective Daniels of the Normal Police Department, present with me in the interview room is Detective Rob Hospelhorn and a Larbi John Murray. This is a taped interview being conducted on Thursday, September the 8th, the time is 2:45 p.m.

Tony: John, would you state your date of birth and Social Security Number please?

John: Uh, My date of birth is [REDACTED] and my Social Security Number is [REDACTED]

Tony: John are you in agreement to have this interview taped?

John: Uh, Yes I am fully aware that it is being taped.

Tony: You are aware that you are not under arrest?

John: Yes I am

Tony: Are you aware of the fact that you do not have to answer any questions that you do not wish to answer?

John: Ah, Yes I Do

Tony: And do you understand that you can leave at any time you wish?

John: Ah, Yes I do

Tony: John, we had talked to you last week in regards to the death of Jennifer Lockmiller and what we are wanting to do is go back over some things with you.

John: Ok

Tony: I am going to ask you to speak loud and clear so you can be picked up by the tape recorder.

John: OK

Tony: John, I am going to give you a calendar and draw your attention to the month of August, 1993 and using this calendar I want you to tell us the day and the date and time that you last saw Jennifer.

John: Ok, the day that I last saw Jennifer Lockmiller I believe it was Saturday, the 21st and she came over and she was in the car with Swain. Swain was driving her car, she's got a gray car with Jen Lockmiller plates, JLL, I don't exactly what they said, but she came over that time uh, and she came over because she owed me a little bit of money ok. And she and she ah, gave me some money, ok and

1

C 1736

C06655

AB001750

she basically just stopped by to talk to and see how I was going because before that I didn't see her for about a week before that. And then that was the last time I saw her and Debbie was there and Debbie's dad was there and we were helping, she was moving in.

Tony: Ok where was this located?

John: It was located at [REDACTED] in the parking lot.

Tony: And who resides there?

John: Uh, myself, I reside in apartment number [REDACTED], I was residing in apartment number [REDACTED] and I moved down to apartment number [REDACTED] that day and Debbie's dad was there helping.

Tony: And who is Debbie?

John: Debbie is my girlfriend.

Tony: Ok, who was with Jennifer at the time?

John: Uh, Swain was.

Tony: And who is Swain?

John: Um, he is the person who I believe that was living with her at the time. She said he was a live in friend until school started at Illinois Wesleyan.

Tony: On the last interview that we had with you which was on September 2nd, which is a Thursday, you informed us that the last time that you saw Jennifer was either Tuesday the 24th or Wednesday the 25th,

John: Yeh

Tony: And now you are telling us it's August 21st, why are you able to tell us today that it's the 21st and not the 24th or the 25th?

John: Well, because uh, I mean, when I first came in, I was pretty, I was pretty I was pretty startled first of all and I didn't really have any concept of the time cause it is summer. And see Debbie Debbie had a set work schedule and she you know and Debbie and my mom ah, basically take care of the times during the summer. Okay, and I pretty much don't know what day it is during week during the summer because there is really no any need for me to know. I just know that school started on September 7th

2

C 1737

*01712*

1198

C06656

AB001751

and I had to be present on that day. During the summer I barely know what day it is. So that's why you were asking me and I just gave to the best recollection the best that I could recall at the time of the interview. That was what my guess was but now Debbie pointed out that you were here on this Saturday and I had talked to Debbie and I had found out exact dates and I am like well this is the last time I saw her. I believe actually in the tape I said that the last time I saw her was when I was moving out probably in the first tape I said something to that recall but I just had the dates mixed up.

Tony: Ok, when did you go home to Rockford?

John: Uh, I went home to Rockford on, let's see now I was, I, uh, well when I uh, when, when did I go uh, when do you want to know when?

Rob: The very last time that you went home.

John: The very last time that I went home was, I believe, it was Thursday, the (big pause) it was like it was Wednesday or Thursday on the 18th or 19th of August and then I came back I was back in Bloomington on the 25th of August. Wait does that make sense, no, no wait the last time I ah, wait hold on a second, let me figure this out a second, ok, I left, the last time I went home was on the 25th of August and I came back on Tuesday, September 2, right there so I left on the 25th and I came back on the 2nd.

Tony: Who was the last person you were with in the Normal Bloomington area on August 25th?

John: Debbie Mackoway

Tony: And where does she reside?

John: She resides at the AO Pie house, I am not sure of the number ah the, it is on [REDACTED], she was residing in my apartment at the time though.

Tony: When you left here August 25th, who were you with that entire day?

John: Um, I believe I was with Debbie and well actually Debbie was working Wednesday morning so I was, I believe, I slept in and I called her and asked her if she wanted to go out to eat for lunch and she said no cause she had a busy day. She got home from work then I left.

FROM THE CIRCUIT COURT  
OF THE  
ELEVENTH JUDICIAL CIRCUIT  
McLEAN COUNTY, ILLINOIS

  
Sandra K. Parker, Circuit Clerk

  
Deputy

C06658

AB001753

Tony: Ok, you say she got home from work, were you at her apartment or were you at your apartment?

John: They were one in the same during the summer.

Tony: You were sharing the same apartment during the summer?

John: Yes

Tony: Ok, so on August 25th she came back to the apartment that both of you shared is that right?

John: Yes

Tony: And what time was that?

John: Oh, I want to say 4:00 uh, she knows the time better than..

Tony: Ok, but I am asking you what time was that?

John: About in the afternoon.

Tony: Ok, what time in the afternoon?

John: Uh, About 4:00 I'd say.

Tony: Ok what time did you leave to go to Rockford?

John: About 4:00

Tony: So as soon as she got back to the apartment August 25th, Wednesday at 4:00, that's when you...

John: Well I think, She got back from work at 1:00 and I went, and I, and I spent a couple hours with her then I left to go to Rockford.

Tony: So you were in the apartment you shared?

John: Yes,

Tony: On Wednesday the 25th?

John: I believe yes.

Tony: Ok

John: I am not telling you fact times.

Tony: Ok, where were you prior to 1:00?

C 1739

4

C06659

2-7-74

120

AB001754

John: I was probably, I was sleeping in my room.  
Tony: At the same place?  
John: Yes  
Tony: Ok, what time did you get up that morning?  
John: Oh, 11:00 I am guessing.  
Tony: Ok, you don't know for sure?  
John: I don't know any exact times in the day, I just looked up dates.  
Tony: What time did you get in Tuesday night?  
John: I think I got in Monday night because the previous Saturday which would be the  
Tony: Ok, John, hold it for a minute, I don't want to talk about Saturday, I want to talk about Tuesday, so my question is, what time did you get into your apartment Tuesday night?  
John: Uh, I believe I was in my apartment all day on Tuesday.  
Tony: Was there anyone there with you?  
John: Uh, Debbie worked again until 1:00.  
Tony: So she was in your apartment Tuesday from what time?  
John: Um, from 1:00 on.  
Tony: Ok, now are we talking 1:00 a.m. Tuesday morning or are we talking 1:00 p.m..  
John: No 1:00 p.m., one p.m.  
Tony: She was with you from 1:00 p.m. on until when?  
John: Til the rest of the night, we spent the rest of the night and I was with her the rest of the night until she had to go to work again.  
Tony: Ok, where was where was Debbie prior to 1:00 Tuesday?  
John: At work.  
Tony: What time did she go to work?

5

C06660

C 1740

AB001755

John: Uh, 6:30 in the morning or that is when she gets up and gets ready and leaves.

Tony: Ok, so she got up at 6:30 Tuesday morning to get ready to go to work, what time does she leave for work?

John: I am usually back in bed by that point so I think she has to be there like 7:00 or 7:30 I am not sure when.

Tony: Did you leave the apartment Tuesday morning?

John: Uh, no

Tony: You were home all morning?

John: Yes

Tony: Until she got home at what time Tuesday afternoon?

John: I believe she got home at 1:00.

Tony: Ok, why do you believe she got home at 1:00?

John: Well I don't want to say exact times because I am not sure I am going to have to look at her schedule when she worked like I said it is the summer so I don't really keep track of times.

Tony: When she got home what did the two of you do?

John: Um, well usually we just take naps, I am sure we laid down and fell asleep for a couple hours and woke up, ate dinner, watched a movie maybe went out um.

Tony: So you are not for certain what you did together Tuesday night the 24th?

John: No

Tony: So you were together when she got off work at 1:00 Tuesday afternoon until when?

John: Until that following morning, Wednesday morning.

Tony: When she went to work again?

John: Yes

Tony: Then she went to work again, got up at 6:30 went to work and got home at around 1:00 pm. Wednesday afternoon, is that correct?

6

C 1741

006661

~~ETTT~~  
12  
AB001756

John: I believe so

Tony: And she was there with you in your apartment you share until 4:00?

John: Uh huh (Yes)

Tony: At that time you left the apartment and went to Rockford.

John: Uh, yes, she's got the schedule so she knows exact times.

Tony: So when you left at 4:00 to go to Rockford, what car was you drivin?

John: Um my the only car I own, an 87 Pontiac black Firebird.

Tony: Ok, what stops did you make when you left here?

John: Um, gas station at Burwells.

Tony: Where is that located?

John: Uh, south of me about by about two blocks.

Tony: In Bloomington

John: Yes

Tony: Ok, you got gas prior to going to Rockford?

John: Yes, I do all the time at Burwells.

Tony: What is your route when you go to Rockford, what route do you take?

John: I drive straight down Main street.

Tony: Is that the route you took that one day?

John: Uh, yes, it is the only way to get to, well its, I don't know of any other way to get to the by pass, to get to fif ah, 39.

Tony: Did you stop off to see Jennifer?

John: Uh, no I didn't

Tony: Why didn't you?

John: Cause I was just going home, um, I had no reason to. I mean, I was just going home.

7

C06662

C 1742

CHH

(123)

AB001757

Tony: When was the last time that you had talked to Jennifer either in person or over the phone?

John: It was the day when we had to move out of our apartment which would be Saturday the 21st.

Tony: That was the last time you saw and talked to her?

John: Yes, that was the last time I saw and talked to her.

Tony: You hadn't talked to her on the phone since that day?

John: I believe not, she may have called me at my house, I am not sure, I am going to have to wait until the phone bill comes in for that.

Tony: You ah, stated on your first interview that you did stop by to see her, at her apartment and now you are telling me you were in error that you did not stop by to see her in her apartment prior to going to Rockford?

John: See I can't remember exactly.

C06663

8

C 1743

~~1778~~  
(E)

AB001758

Tony: You can't remember telling us or you can't remember whether or not you stopped to see her?

John: I can't remember, I can't remember what I said first of all and I don't remember exactly what I did. I mean had I known that I was going to be you know expected to know this information I would have known it better, you know? I just, the summer days just blend blend as one to me I just do not remember exactly what I did at certain times. I don't remember times, I am just being honest, I just you know I partied alot during the summer and I just I just do not remember exact times.

Tony: Is it possible you could have stopped by and seen her?

John: On Tuesday I....

Tony: Or Wednesday?

John: If I did stop by I don't think she was home. I remember stopping by one time when I, when I was just about ready to go to Rockford but she wasn't home.

Tony: I am going to call your attention to the statement that we had taken from you. On page 5 there is a question that I had asked you, again this statement was taken from you on September 2nd, on page 5, I asked you, you saw Jennifer in her apartment sometime on the, you interrupted me, you didn't let me finish the question and you said sometime one of these the 19th, I asked you the 19th through the 24th or the 23rd, you replied through the 19th through the 23rd, I thought her California trip was actually earlier though I meant it doesn't seem like it was only two weeks ago. I mean it seems like it was earlier, it seems like it was somewhere around maybe the first of August or something at least in my mind. I replied Ok, you replied, but there again I don't keep track of time or days during the summer. Ok, I asked when you visited her at her apartment, do you recall what time of day it was, it was just, I just swung by and said hi for a few seconds, then I went on and asked for a description of your car and so forth.

John: Uh, uh

Tony: Then you stated that you just dropped by cause you wanted to talk about it the day before, you know me and Swain and her it's like oh, you know you should drop by sometime so I dropped by to see what was going on. And was she by herself, and you said, I believe at the time she was. I asked how long did you stay and then you said, about ten minutes, what was the purpose of the

C 1744

C06664

AB001759

call, I asked. You stated I just dropped by to see how she was doing. Do you recall what you talked about, you talked about partying and getting together, this conversation John had taken place with Jennifer, between you and Jennifer after she returned to Bloomington from her California trip.

John: Yes, now that happened, you you asked me, I thought that was the last time I talked to her, but it's not, I swung by and talked to her, it was before the 21st. And did that conversation, like I said I go home alot so I get confused which time it is that I went home I did stop by her place and talk to her and I think Swain was there, ok. But, that was not the last time I had talked to her. Now that uh, I think that was around maybe the 16th or 17th cause I went home and came back, then I went home again, ok. So the last time I did talk to her cause I I Debbie Debbie goes well you talked to her that night when uh, when um you were at the uh, when we were moving out, I am like oh yeh, her and Swain stopped by I completely forgot about that, okay. And I, I thought that was, I thought in my mind a couple days ago that's what I told you ahead of time, but, um the last time I did see her was the 21st.

Tony: When was the last time you were at her apartment, at her apartment [REDACTED] in Normal?

John: It would have to be the, I don't know, before that I don't know what day.

Tony: You don't know what day?

John: No

Tony: When did you find out that she had returned from California?

John: She gave me a call, she gave me a call at my place in Byron and she said that she was in California and that she was returning home and then she called here at my apartment several times saying that she was back in town.

Tony: Where were you on the 20th of August?

John: Um, (big pause), stop the tape for a second let me think about this for a second.

Tony: Well stop the tape momentarily, it is ah 3:01. The interview continues it is 3:04 p.m. On the 21st of August is when you last saw Mike Swain and Jennifer and that was together in your parking lot, is that correct?

10

C 1745

C06665

C1720

(12)

AB001760

John: Yes that's correct, that's positive, I know that for a fact.

Tony: On 22 August, which is a Sunday, did you talk to Jennifer on a phone?

John: I am not sure about that but I know the last time I physically saw her in person was the 21st of August.

Tony: On the 23rd of August, which is a Monday, did you talk to Jennifer on the phone?

John: If I did she called me, I am not sure though, I did not call her on the 22, 23, 24, 25, 26, 27, 28, the rest of August, I did not call her on the phone, she may have called me.

Tony: Ok, John I am going to ask the questions I want you to answer.

John: Ok

Tony: On the 24th of August did you talk to Jennifer?

John: Uh

Tony: Yes or no John

John: No

Tony: On the 25th did you talk to Jennifer?

John: No

Tony: On the 22nd of August did you see Jennifer, yes or no John?

John: No

Tony: On the 23rd did you see her?

John: no

Tony: Did you see her on the 24th?

John: No

Tony: Did you see her on the 25th?

John: No

Tony: Then why did you sit here last week and tell us that you

C 1746

*CPA*

(12)

C06666

AB001761

stopped by her apartment and saw her and talked to her for ten minutes.

John: Because I had my dates confused.

Tony: You had your dates confused?

John: Yes

Tony: Ok, when did you stop by her apartment and talk to her for ten minutes? Look at the calendar John.

John: The week prior

Tony: Look at the calendar John.

John: Either the 16th or 17th, I don't know I can't remember.

Tony: John, she wasn't here the 16th or the 17th, she wasn't even in this state, now when did you last see her John?

John: I can't remember.

Tony: Could it have been the 25th of August?

John: It was the 21st of August

Tony: Could it have been the 25th of August John, Wednesday?

John: No, I was home.

Tony: How do we know you were home?

John: Uh, cause I have got phone calls to prove it, I've got my mom saw me, I was at home.

Tony: John, what would you say if we said to you that someone saw you at her apartment on the 25th of August?

John: I would say that they are lying through their teeth.

Tony: What about your car being there the 25th of August?

John: There is no way my car could have been there on the 25th of August.

Tony: Are you telling us then that you were not in her apartment on the 25th of August?

John: Yes

Tony: You were not there on the 26th?

AB001762

John: Yes, I was definitely not there I was definitely back home, Thursday night I had a, I went out with a girl and Travis and Leslie which are my two best friends from back home and Friday night I went out with them and Saturday I went out with people, I went out with people every single night and I made phone calls every single night.

Tony: How have you been sleeping at night John?

John: Just fine

Tony: No problems at all?

John: No I haven't

Tony: This hasn't been on your mind at all?

John: Uh, I look at like as ah I mean I wasn't I don't I don't even know exactly what even happened. I didn't get to see the funeral I didn't even find out about it until the 2nd of September when I called.

Tony: Ok, answer my question, hasn't this been on your mind at all?

John: It's been on my mind.

Tony: Since you have learned of the news?

John: Yes it has been on my mind.

Tony: Ok how have you have been sleeping at night?

John: I have been, I have been sleeping fine I have been, I the first couple nights when I found out about it I was scared.

Tony: Why were you scared?

John: Me and Debbie slept at a hotel the first night.

Tony: Why were you scared?

John: I was scared that whoever, whoever attacked Jen was going to come after me?

Tony: Why

John: Because I was thinking it was Alan, and Alan was jealous of me because Jen liked me. And Debbie was scared to the point where I I mean I put new locks on the doors and stuff and we still had to go spend the night at a hotel

13

C 1748 ~~Q1723~~

(209)

AB001763

APPENDIX 001794

I called up my landlord and I said hey I want new deadbolts on the doors.

Tony: Ok, you are telling me when you learned of this news, you thought it was Alan that had killed her and that is the reason why you slept in a hotel?

John: 100%, in my mind.

Tony: I believe that is what you are telling me but I don't believe that is what happened.

John: As soon as I heard

Tony: Why why do you think Alan killed her then, why do you think Alan killed her?

John: Because I know.

Tony: John you are not being truthful with us.

John: I am being truthful.

Tony: Then why do you think Alan killed her?

John: Because of the way, the way he is, what he has done, I had heard that he beat her up the other day too.

Tony: Did you tell you that Jennifer owed you money?

John: She owed me like 20 bucks.

Tony: \$20 from what?

John: From (big pause)

Tony: From what?

John: From some smoke.

Tony: Ok, what do you mean from some smoke, pot?

John: Yes

Tony: Ok, you supplied her drugs then didn't you?

John: Not all the time.

Tony: Not all the time, ok, what time did you supply her marijuana?

John: Just once in awhile.

14

C 1749

C06669

AB001764

Tony: Once, ok, how often is once in awhile? Tell us how often is once in awhile, we are not here to ask you questions.

John: Probably about once a month

Tony: About once a month, ok, how much did she get from you?

John: Maybe a maybe a quarter to and eighth, but I gave it to her.

Tony: You gave it to her,

John: yeh

Tony: And she owed you money for a buy?

C 1750 ~~04725~~

(1211)

C06670

John: Well, she owed me money as a friend.

Tony: Is that why you dropped by to see her before you went to Rockford, to collect some money?

John: No

Tony: You mean she wouldn't give you the money?

John: No

Tony: Did you stop by to have sex with her then?

John: No, I was going out with Debbie.

Tony: Well that's right, you were going out with Debbie but you were also wanting to see Jennifer, we know that for a fact.

Rob: John, you are not telling us everything ok, we are not going to sit here and ask you this stuff if there isn't some reason for us to ask you ok, now you need to start telling us the truth. All right.

John: I do not know the exact dates, I mean I know this looks bad on me because I know that I mean I am involved because of because ah, because of the drugs and I know it looks bad because I probably have the weakest alibi out of everyone that you have talked to.

Tony: Well you were just telling us it was Alan, how do you know it was Alan?

John: I think it was Alan, here is the story....

Tony: Why do you think it was Alan?

John: As soon as I heard....

Tony: Why would Alan want to kill her?

John: Because....

Tony: Because why

John: From what I know of him, he was pretty psycho over her, those were Jen's words, (Tony: Psycho enough to kill her) not my words that is what everyone thought...

Tony: Psycho enough to kill her?

John: Yes, man when he would get mad, like I said I was there

16

C 1751

C 1726

1212

C06671

AB001766

and he would kick down the door.

17

C06672<sup>C</sup> 1752

*et 727*  
*(1)*

AB001767

Tony: That doesn't mean he killed her?

John: Well, that doesn't mean he killed her....

Tony: You have a reason, she owed you money, drugs, and you was trying to get back with her, weren't you?

John: I was with Debbie.

Tony: We know you were with Debbie?

John: I wasn't trying to go back out with Jen.

Tony: We know you were with Debbie, we also know that you also that you tried to Jennifer again.

John: I did not try to see Jennifer.

Tony: Did she invite you over?

John: She wanted me to go back out with her but I wouldn't let her.

Tony: Did she invite you over?

John: Sometimes

Tony: Is that how it went?

John: Sometimes she does

Tony: It's not a crime to go over to her apartment?

John: I know it's not.

Tony: Then why can't you set here and tell us the truth?

John: Because I don't know exactly what dates I went over there.

Tony: But you did see her after the 21st? Didn't you John?

John: I did not see her after the 21st, I swear to God I'll take a polygram or whatever you want to take I did not see her.

Tony: I want the truth, swearing to God is a mistake John just like going over there seeing her was a mistake, it got out of hand didn't it?

John: I did not do anything.

18

C 1753

C06673

*ET 1728*  
*(b21)*

AB001768

Tony: It got out of hand didn't it?

John: You can, you can

Tony: You went there to collect money for drugs, you went there to have sex with her, it's that simple.

John: No I did not, I did not.

Tony: Alright, then why did you go there?

John: I did not go there, the last day I saw her, Alan or Swain and Jen was the 21st the Saturday when she came over. That was the last time I saw her, now I will swear to God I will do anything to tell you that and the first time I found out about any of this happening was Tuesday night. Which was September 2nd, that was the first time I ever heard about this. Now I'm 100% sure that that's the first time I heard about this and I'm 100% sure that the last time I saw Jen was the 21st of....

Tony: No you are not, you can't get your dates straight you are confused...

John: I do know that date and I do know that was the last time

Tony: John, John, yo're confused about the dates when you were in here September 2nd, just like you are confused about the day, you know why you are confused, you know why you are confused John?

John: Because I don't keep track...

Tony: Because you don't know the truth from the stories that you fabricated.

John: I didn't fabricate any....

Tony: To keep us from finding out the truth.

John: I didn't fabricate any stories.

Tony: You were there, you were the last one to see her, you were in her apartment.

John: I was not the last person to see her, at least I don't think so...

Tony: You went there to collect money and you went there to have sex with her....

John: Swain gave her a ride home on Saturday, I could hardly

C 1754

C06674

say that I am the last person to see her when she dropped by....

Tony: We are not talking about Saturday, we are not talking about Saturday, we are talking about before you went to Rockford.

John: I did not see her.

Tony: You did not leave for Rockford until Wednesday

John: Yes

Tony: Wednesday..

John: That's correct.

Tony: The 25th of September..

John: That's correct...

Tony: Or correct me August.

John: Yes

Tony: That's when you went to Rockford?

John: Yes

Tony: And what time of the day was that?

John: Afternoon

Tony: Why in the afternoon?

John: Cause that is when I felt like going home.

Tony: What's her class...

John: It's not a crime to leave.

Tony: What is her class schedule?

John: I have no idea, I don't even, I didn't even get to talk to her to find out....

Tony: So you you dropped by hoping that she would be home. You dropped by to collect drug money cause you were going to bring her some more marijuana back from Rockford, isn't that the truth John?

John: No that is not the truth...

C 1755

006675

~~21730~~

(211)

AB001770

Tony: John, John, isn't that the truth?  
John: No that is not the truth  
Tony: That't what you do though, don't you?  
John: No  
Tony: You don't  
John: No  
Tony: Have you ever brought drugs down from Rockford marijuana from Rockford, have you ever?  
John: Have I ever in my life?...  
Tony: Have you ever in your life.  
John: Well yeh, yes I have.  
Tony: Other than for your own personal use?  
John: Uh, not not not very often.  
Tony: Not but very often, but you have done it?  
John: Well yes I have...  
Tony: So you dropped by to see her to collect money so you could bring her some down. Cause she cut ties with Alan and Alan wouldn't do it, isn't that right John? She invited you into that apartment didn't she John? And you wanted a little bit, you wanted a little bit for the way home.....  
John: I didn't go to that apartment...  
Tony: Isn't that right John, isn't that right  
John: No that's not....  
Tony: You figured as long as Debbie was at work...  
John: Oh, come on please....  
Tony: As long as Debbie was at work, out of sight out of mind, what she doesn't know wasn't going to hurt her, isn't that right John?  
John: No that's not correct...

Tony: Isn't that what you did, you went in there.

John: I have not been in Jen's apartment....

Tony: You knocked on her door and you went into her apartment...

John: I haven't been there to her apartment weeks before that...

Tony: John you set there you are lying about the dates you went by and saw her you are lying about your drug activity

John: I am not lying, what am I supposed to do, first of all about the drug activity.....

Tony: John

John: What am I supposed to do, am I supposed to self incriminate myself in front of you guys?

Tony: John why can't you set here and tell us the truth? That's all we want you...

John: I have told you the truth, I told you the truth about the drugs and I told you the truth about what I knew about Jen. I did not do anything with Jen the last time I saw Jen was the 21st of August that Saturday when ah Debbie's dad came down and we moved down from the apartment she stopped by with Swain I haven't had sex with Jen in a couple months.

Tony: When is the last time you had sex with Jen?

John: In a couple months at least.

Tony: You were still going with Debbie...

John: It was last school year, at least...

Tony: You were still going with Debbie correct?....

John: It was last school year, it was way before last school year, no I don't even think I was going out with Debbie.

Tony: You told us in your last statement that the night that Alan came over and broke the door down you spent the night with Jennifer.

John: Yeh, and that was awhile ago.

Tony: And that was this past summer.

006677

C 1757

~~11732~~  
1219  
AB001772

John: Yes, no that wasn't this past summer, that was last school year. That was last school year, I know that for a fact.

Tony: Are you willing to take a polygraph John?

John: I I will take a polygraph.

Tony: And what is that polygraph going to tell us when we ask you when you saw her last?

John: That the 21st of August was the last day that I saw her.

Tony: How are you going to do on that polygraph when we ask you that question John?

John: I am going to do just fine.

Tony: Just fine?

John: Cause that is the truth.

Tony: That the 21st was the last time that you saw her.

John: Yes that is the last time that I saw her. And furthermore,

Tony: Has Debbie ever accused you of seeing other girls?

John: Uh, no

Tony: Did you ever give her any reason?

John: Uh no

Tony: That you know of you haven't given her any reason?

John: No

Tony: Does she know that sometimes you stop by and see Jennifer?

John: She knows that I went out with Jennifer sometimes...

Tony: While seeing Debbie, does she know you went out with Jennifer while seeing Debbie?

John: No, but I I only saw, I only saw Jen like once when I was going out with Debbie....

Tony: When did you plan on taking Jennifer or going with Jennifer at bad music night at Rocky's. When did you

C 1758  
006678-1733  
121

plan that, when did you plan on asking her about that?

John: I planned on asking her....

Tony: It's in your statement, it's in your statement..

John: I planned on asking her when I got back to school which would be the 8th.

Tony: And that was Debbie's understanding and she had no problem with that?

John: She wouldn't have any problem if I took Jen out to bad music night. She knows that Jen, Jen came over to my apartment all last year and had parties she was always with Alan though, she just started seeing Swain at the end of the school year.....

Tony: John how are we going to get you clear of this?

John: I have no idea but I just know that, I mean, I just know that, I mean if you guys are accusing me that then that scares me for one because I know that you guys just have no idea who did it then.

Tony: What am I accusing you of John?

John: Well I mean the way you are saying you were there, you were there, that's .....

C 1759

C 96679

~~21734~~

(15)

Tony: What am I accusing you of John?

John: You are accusing me of being with Jen or the last person of being with Jen....

Tony: Is that a crime?

John: No it's not a crime....

Tony: Then I am not accusing you of anything then am I.

John: I guess not.

Tony: I want to know where you were the 25th of August. And I want to know where you were the 26th of August I want to know where you were the 27th of August, I want to know where you were the 28th of August, how are you going to find out where you were?

John: If you would like more specific dates I will, I will do research, I will find out exact times, I will get a phone bill. I will have every single minute of those days accounted for. If you would like. Okay, I got no problems with that, but I mean I got not problems with that.

Tony: Do you have anything else to say John in regards to ah the last time you saw Jennifer?

John: It was the 21st of August, ah, that Saturday.

Tony: It is now ah 3:18 p.m. we will be temporarily interrupting this interview with John. This interview with John continues, it is now 3:26 p.m.

Tony: John, you stated you saw Alan last night, where and when was this?

John: Ah, it was IWU Illinois Wesleyan Univeristy. It was right outside the main lounge it was about five, the time was about between 5:00 and 5:30 at night. We walked ah, we had decided to meet then, we talked for a little bit. I just asked him well what is up? And you know he is like Jen is dead and I'm like well what do you know about it and he is like I don't know that much ok, and I am like do you know how she died, when she died what happened? And he is like well all that I know is that she was stabbed to death. Okay. I am like stabbed to death I heard she was strangled, you know, and he was like the cops told me she was stabbed. Okay, then and then they first arrested me and then they said that she was stabbed and then they said that she was alive and then they said

C.00000 C 1760  
E-1735  
(12)

that she was stabbed and then they said she was alive again and then dead again. He said something the fact that she was alive then dead alive then dead and the whole time he was wearing this hat and these real dark sunglasses you know and I was just trying to look at his eyes, and I am like well what do you you know what I mean what are you going to do, I mean, what do you know about this and he's like nothing more besides that. And I am like well and then he said something to fact that uh well Swain was going out with her so Swain is the one that has to black clothes for year not me. I am done. I am over her. And for someone, I mean, he was so emotionally hungup on her to say something like that it just puzzled me.

Tony: What did he ah say in regards to how she did die?  
John: He said she was stabbed with scissors or something.  
Tony: And who told him this?  
John: The cops, you guys.  
Tony: Ok, and he said that she was stabbed with what?  
John: I believe he said scissors.  
Tony: Well where was she stabbed with scissors.  
John: He never told me where he just said stabbed. I didn't pry in and ask further because I said oh, that's weird they told me that she was strangled and I thought she was strangled.  
Tony: Who told you that she was strangled?  
John: I think you guys did.  
Tony: What did your brother Joe tell you?  
John: Maybe it was my brother, my brother said that she was strangled then.  
Tony: What was she strangled with?  
John: Gloves  
Tony: And that's what Joe told you?  
John: yes....  
Tony: And where did Joe get this information?

26

C 1761

C 1736

C06681

AB001776

John: I have no idea the first time I heard about this was, like I said Tuesday night he called me up really late and he was like Joe ah, John, guess what, and I'm like what. Jen Jennifer Lockmiller is dead. I am like dead, are you serious? And he is like yes, and I am like Jen Lockmiller is dead? And he is like yes. And I am like oh my God you know, and I talked to him for second and I hung up and I told my mom. I'm like I kept on saying. holy shit I can't even believe this. Jen Lockmiller is dead mom, I went out with her.

Tony: Ok, getting back to what the conversation that you and Alan had was about last evening at IWU.

John: Um huh (yes)

Tony: Alan did say that the cops had told him that Jennifer died from being stabbed from with scissors is that correct.

John: Yes

Tony: Did he say anything about being strangled, did he say anything about her being strangled?

John: No, no, he said he didn't even know about her being strangled. He said he just thought she was just stabbed. Which I don't even know what is the truth?

Tony: And he also mentioned that the cops told him that she had died from being stabbed with scissors is that correct?

John: Uh yes, she said she died from stabbing.

Tony: Is that the first time that you have heard of that.

John: That is the first time I have heard of that, and that's the first time I had talked to Alan.

Tony: I thought you had mentioned earlier in this ah conversation concerning your conversation with Alan that you had agreed to meet over there.

John: Well I had talked to him....

Tony: Had you talked to him prior to last night?

John: Oh it was, it was earlier that day about an hour I saw him in passing in the hallway I am like Alan we have to talk later. He's like what time, I am like ok 5:00 conference room.

C1737

(12)

Tony: Ok, who was present when the two of you were talking about Jennifer's death last night?

John: Um, no one we were just sittin' talking on the oh, well Debbie did walk in because I was meeting Debbie at 5:30 or about 5:40 to go upstairs and register. So Debbie walked Debbie approached both of us and Alan said hi like that and Debbie is like who is that? And I am like that was Alan and she was like that was Alan she was like I thought I recognized him she was like you stay away from him. I am like yeh I know, I just wanted to find out what happened and she was like did he say anything and I am like no he just said that she was stabbed. And Debbie was like stabbed I thought she was strangled and that was basically the same.....

Tony: Did Debbie hear any of this conversation between you and Alan?

John: No

Tony: So the conversation switched when she approached?

John: I left when she approached because I didn't want to hang around Alan too long either.

Tony: Is there anything else that you can think of regarding that conversation that you had with Alan that last night, last night?

John: No, no, I met Swain and told him that we had to talk and I haven't talked to him yet.

Tony: You haven't talked to Mike Swain?

John: I haven't talked to Mike Swain yet, I just met him in the lunch line and said hey we have to talk and he was just walking to class...

Tony: Who else have you talked to besides Joe and your friend Debbie and Alan concerning Jennifer's death?

John: No one

Tony: What have you read in the paper concerning Jennifer's death?

John: An article about three lines long in the Rockford paper.

Tony: What did that say?

John: It said that a 22 year old ISU student found from

28

C 1763

C 1738  
(1227)

C06683

AB001778

Decatur, Illinois, Jennifer Lockmiller was found dead in her apartment early Saturday or something, that is it. It was about three lines long, two lines long in the Rockford Register Star.

Tony: When is the last time that you talked to Mike Swain?  
John: It would be that it would be the 21st of August, it would be the 21st of August when Mike and Jennifer came by.  
Tony: Have you talked to Chris Carbone?  
John: Ah, I haven't talked to him since the beginning of summer.  
Tony: Have you talked to Joshua Whitney?  
John: I haven't talked to him since last year.  
Tony: Have you talked to Michael McKay, a Michael Mackey?  
John: I don't even know him.  
Tony: Do you know Jay Schrock?  
John: I don't even know him  
Rob: He goes by J.C.  
John: J.C., no I don't I know Josh....  
Tony: Have you talked to any of Jennifer's female friends?  
John: (Whew) A month ago I talked to Morgan.  
Tony: Morgan Keefe?  
John: Yeh, that's about it.  
Tony: Is there anything else that you can recall concerning the conversation between you and Alan last night?  
John: Um, no  
Tony: This conversation/interview with ah John concludes at 3:33 p.m.

1 (Witness duly sworn.)

2 TONY L. DANIELS,

3 called as a witness herein, having been first duly  
4 sworn, was examined and testified as follows:

5 DIRECT EXAMINATION

6 BY MS. BARTON:

7 Q. Can you please state your name and spell it  
8 for the record.

9 A. Tony L. Daniels, D-a-n-i-e-l-s.

10 MS. BARTON: For the record, this is the  
11 deposition of Tony Daniels. It's being taken in the  
12 case Beaman versus Souk, et al., filed in the Central  
13 District of Illinois. It's being taken pursuant to  
14 subpoena, the Federal Rules of Civil Procedure, as  
15 well as the local rules in the Central District.

16 BY MS. BARTON:

17 Q. Mr. Daniels, have you ever given a deposition  
18 before?

19 A. No.

20 Q. Have you testified in court?

21 A. Pardon me?

22 Q. Have you testified in court?

23 A. Oh, yes.

24 Q. Court proceedings?

1 A. Yes.

2 Q. So this is a little bit different. Obviously  
3 the court reporter is taking down everything that we  
4 say, so it's very important that we not talk over one  
5 another. So I'll extend the courtesy to you to wait  
6 until you're finished answering my question. Just  
7 please extend the same courtesy to me. And you might  
8 know where I'm going with a question or what I'm going  
9 to ask you and you might be eager to answer, things  
10 can get conversational, but just make sure that, so we  
11 have a clean record for today, so it's easier on the  
12 court reporter, that you wait until I'm finished  
13 asking my question, okay?

14 A. Okay.

15 Q. If something's confusing or you don't  
16 understand the question, just let me know. I can  
17 certainly rephrase. But if you answer the question,  
18 I'm going to assume that you understood it; is that  
19 fair?

20 A. That's fair.

21 Q. If you have to take a break for any reason,  
22 just let me know. Just answer a question if there's a  
23 question pending before we take the break, okay?

24 A. Sure.

C06690

1 Q. Did you meet with anybody in preparation for  
2 your testimony today?

3 A. Yes, I met with Locke down here.

4 Q. When did you meet with Mr. Bowman?

5 A. I met with him in December of 2012 and also I  
6 think it was in February of 2013.

7 Q. You met with Mr. Bowman in December and in  
8 February?

9 A. Yes.

10 Q. So two times you met with Mr. Bowman in  
11 preparation for your deposition testimony?

12 A. Correct.

13 Q. Was anybody else present other than  
14 Mr. Bowman?

15 A. Yes, one of the assistants from the law firm,  
16 Alexa, on the first meeting.

17 Q. How long did the first meeting last?

18 A. As I recall, approximately two hours and the  
19 same for the second one.

20 Q. Where did you meet with Mr. Bowman and  
21 Ms. Van Brunt?

22 A. On both occasions, it was at Baby Bull's  
23 Restaurant in Pontiac, Illinois.

24 Q. The first time that you met with Mr. Bowman

1 and Ms. Van Brunt, do you recall any of the substance  
2 of the conversation?

3 A. Yes, we talked about circumstances regarding  
4 the death of Jennifer, suspects, evidence reviewed,  
5 evidence that should have been disclosed, people that  
6 should have been talked to, people that were talked  
7 to. I think that's probably about what we talked  
8 about as I can recall.

9 Q. Do you recall any of the specifics about what  
10 evidence you discussed?

11 A. I don't really recall. Without me guessing  
12 what it would have been, important substance in the  
13 case.

14 Q. Did you talk about this lawsuit?

15 A. Yes.

16 Q. What did you talk about this lawsuit?

17 A. Who was being sued and being interviewed --  
18 being interviewed.

19 Q. And what did you talk about with respect to  
20 who was being sued?

21 A. The Normal officers, you know, their names,  
22 Judge Souk. That's about it.

23 Q. Do you remember anything else about what you  
24 discussed with them in December of 2012 with regard to

**006692**

1 this lawsuit in particular?

2 A. Not really. Not in particular, no.

3 Q. Did they talk to you about why you would be  
4 deposed in this case?

5 A. My understanding is that I would be deposed  
6 by Souk's representatives.

7 MS. BARTON: And I'm sorry that I didn't do  
8 this in the beginning of the deposition, but we met  
9 earlier today, and I've spoken to you over the phone.  
10 My name is Elizabeth Barton, and I do represent  
11 Mr. Souk and also Mr. Reynard and John Brown and  
12 McLean County.

13 Do other counsel want to identify themselves  
14 for the record? I apologize I didn't do that earlier.

15 MR. DiCIANNI: Thomas DiCianni for the Town  
16 of Normal defendants.

17 MR. BOWMAN: And my name is Locke Bowman, and  
18 I represent Alan Beaman.

19 MS. BARTON: Thank you.

20 BY MS. BARTON:

21 Q. Did you discuss with Mr. Bowman and  
22 Ms. Van Brunt why your testimony would be needed in  
23 this case?

24 A. Well, if we did, I had forgotten the gist of

1 the conversation regarding that issue.

2 Q. Did you discuss with them in December why you  
3 were not a party to the lawsuit?

4 A. We could have.

5 Q. But you don't recall?

6 A. No, I don't recall specifics, no. It's a  
7 possibility we could have.

8 Q. You also mentioned earlier that you discussed  
9 with Mr. Bowman and Ms. Van Brunt the fact that  
10 certain evidence should have been disclosed. What do  
11 you mean by that?

12 A. Well, my understanding during the trial and  
13 even before that and also after that in my testimony  
14 in one of Alan's appeals was that John Doe, who is  
15 referred to as a viable suspect, that information had  
16 not been disclosed why he was a suspect.

17 Q. And in these proceedings, we can refer to  
18 John Doe by name. So who do you understand John Doe  
19 to be?

20 A. John Larbi Murray.

21 Q. Larbi Murray?

22 A. Uh-huh.

23 Q. What did you discuss with Mr. Beaman's  
24 counsel in December about the John Doe evidence as you

006694

1 referred to it?

2 A. His two interviews that myself and  
3 Officer Hospelhorn conducted, the contents of those  
4 two interviews, the fact that he had motive, he had  
5 the opportunity, and he lived within five or  
6 seven minutes drive of Jennifer, and the fact that  
7 he -- the phone call he made when he got back to his  
8 apartment to his girlfriend, Deborah Mackoway, in my  
9 opinion was a way for him to set up an alibi.

10 Q. And this is what you discussed with  
11 Mr. Beaman's counsel in December of 2012?

12 A. I'm almost 100 percent certain I did.

13 Q. Do you recall anything else that you  
14 discussed with them in December?

15 A. Well, why I thought perhaps that Alan was not  
16 the guilty individual.

17 Q. And what did you talk about then in December  
18 about why you believed that Mr. Beaman is not guilty?

19 A. I may have touched on the victimology, why  
20 she was a victim. The fact that she had many  
21 boyfriends, she was to get back together with  
22 John Larbi. And also the fact that his car couldn't  
23 have taken him from Rockford down to Normal and back  
24 traveling at over 100 miles an hour in order for him

1 to commit the murder. And I may have talked about his  
2 demeanor in the courtroom. I don't know.

3 Q. And by his demeanor, who do you mean?

4 A. Alan Beaman.

5 Q. Anything else that you recall from the  
6 conversation in December?

7 A. No, not offhand that I recall.

8 Q. What about the meeting in February of this  
9 year?

10 A. Basically I think the same thing, but  
11 Mr. Bowman had some selected questions for me, and I  
12 don't recall what they were.

13 Q. Do you recall what the topic of those  
14 questions were?

15 A. Oh, yes, one was the notes that I had brought  
16 back from the April '94 unresolved homicide class that  
17 I attended in Jacksonville, Florida, and the fact that  
18 there was a meeting prior to Alan Beaman's -- a  
19 warrant being issued. And at that meeting, which I  
20 was present, so was Chief Taylor and Jim Souk and a  
21 few other people whose names and faces I don't recall,  
22 as to why I felt that the notes I had were not  
23 important to Mr. Souk because Mr. Souk had interrupted  
24 me when it was my opportunity to discuss these leads

1 from that school.

2 And at that time, he said he thought that  
3 they went far enough in the investigation, that they  
4 were going to go ahead and issue a warrant for  
5 Mr. Beaman's arrest. And shortly after that meeting  
6 broke up, I spoke with Chief Taylor, he's the chief  
7 of -- was the chief of Normal Police Department, and I  
8 expressed my concerns about not having the opportunity  
9 to express those leads to the group of people present  
10 at that meeting. And to no avail, I still wasn't  
11 given the opportunity, but the document was available.

12 Q. And we'll go into more detail with respect to  
13 those issues later.

14 Do you recall anything else that Mr. Bowman  
15 asked you specifically or general topics in the  
16 February meeting?

17 A. Yes, there was another issue, and that had to  
18 do with receiving the results from the Illinois crime  
19 lab in Morton, Illinois, and that was the results of  
20 John Larbi Murray's attempted polygraph exam. There  
21 was a discussion and apparently a misunderstanding as  
22 to who received that letter from -- from the crime lab  
23 and to where it had went.

24 Q. What did Mr. Bowman tell you about that?

1           A.    Well, he informed me as I best recall that  
2    Dave Warner, who at that time was the evidence tech on  
3    this case for Normal, and he informed me that  
4    Dave Warner said that he -- Dave Warner had taken  
5    John Murray over to the crime lab himself and that  
6    when the results came back to the Normal Police  
7    Department, that Dave Warner had given me that letter,  
8    and basically I don't want to say I corrected  
9    Mr. Bowman or Mr. Warner; however, without a doubt,  
10   100 percent surety, I am the one that had taken  
11   John Murray over there because I had a conversation  
12   with him on the way back from the crime lab.

13                And as far as the letter on the results of  
14   the attempted polygraph, where that letter wound up  
15   whether it was in my hands, whether it was in my  
16   mailbox, whether Warner gave it to me, I don't recall.

17           Q.    Did you discuss that with Mr. Bowman and  
18   Ms. Van Brunt in February?

19           A.    I don't know if I discussed it in February --  
20   or, I'm sorry, Mr. Bowman was present in February.  
21   Yeah, that was the issue we discussed. But as far as  
22   December, I don't know if we discussed that in  
23   December.

24           Q.    Any other topics in the February

1 conversation?

2 A. Not that I recall. If Mr. Bowman had notes,  
3 maybe that would refresh my memory, but I don't  
4 recall.

5 Q. So you talked about the -- your notes from  
6 the April '94 class that you took, --

7 A. Correct.

8 Q. -- right?

9 And then Mr. Murray's polygraph examination  
10 or the attempt of the examination?

11 A. Correct.

12 Q. And you don't recall anything else?

13 A. Well, being there two hours, we had to talk  
14 about other issues, but those two stand out.

15 Q. Sure. Any other conversations that you had  
16 in preparation for your testimony today?

17 A. No.

18 Q. Did you --

19 A. Pardon me. Yes, I had a conversation with  
20 the town's attorney, and I think that was back in  
21 December as well.

22 Q. With Mr. DiCianni?

23 A. Yes.

24 Q. Do you recall what you discussed with him?

1 A. Basically the same issues.

2 Q. How about Tony Matens, did you talk to him in  
3 preparation for today?

4 A. Not in preparation for today, no. We had a  
5 couple of conversations of a personal issue and either  
6 I or he would have said have you been deposed yet, and  
7 I said no, but I got one coming up. He would  
8 interject, well, we can't talk about that and I agreed  
9 with him and we did not.

10 Q. Did you review any documents for today?

11 A. Well, I don't know if you want to call them  
12 review, but prior to today, I had taken the documents  
13 that I had maintained during the last 20 years, and I  
14 prepared those by separating them by subject matter  
15 putting them into individual folders and then taking  
16 those up to Itasca to your law office. If you want to  
17 call that review, I --

18 Q. Did you read any of the documents?

19 A. Well, I had to read them to separate them by  
20 subject but for detail or looking for whatever.

21 Q. Sure. So you brought about five boxes,  
22 right, --

23 A. Correct.

24 Q. -- to my office?

1           And that was in response to a subpoena that I  
2 sent you?

3           A.    Correct.

4           Q.    Before you responded to the subpoena, are you  
5 saying that you kind of went through the documents and  
6 then you separated them by category into -- I think  
7 they're blue folders with labels?

8           A.    Well, before I got the subpoena, yes, I did.  
9 I did that as a matter of fact in our meeting in  
10 February with Mr. Bowman. Shortly after that I went  
11 home and started organizing it, and then I got your  
12 subpoena and then I delivered those myself up to your  
13 office.

14          Q.    What sort of state were the documents in  
15 before you began to organize them after your February  
16 meeting with Mr. Bowman?

17          A.    Well, I had four boxes of documents that were  
18 basically from the Court. They were transcripts, they  
19 were discovery, officers -- copies of officers'  
20 reports, videotapes from TV, and I had one box of  
21 miscellaneous. And I hate to use that word  
22 miscellaneous, but I had one box of notes that were  
23 prepared most likely most of them after the issue of  
24 the search warrant, after his trial --

1 Q. Do you mean the arrest warrant?

2 A. Yes, I'm sorry, the arrest warrant on Alan.  
3 Notes that came up in my thoughts during the various  
4 times that Alan had to reappear and appear for his  
5 appeals and information that I had thought about,  
6 questions that I had concerning the case and why was  
7 Alan not a good suspect at the time, why was Murray a  
8 good suspect, things that perhaps that should have  
9 been done that were overlooked or things that would  
10 prove -- might prove to be interesting.

11 Q. And so you said that most of these notes that  
12 you prepared were after Mr. Beaman was arrested?

13 A. Correct. Most of them were, yes, after I  
14 started reviewing the case and getting more  
15 information from discovery, the information that I  
16 wasn't aware of.

17 Q. Where did you keep all these notes or your  
18 miscellaneous box? Where did you maintain that?

19 A. Mostly in my -- well, they all were in my  
20 home.

21 Q. So when you began preparing these notes or  
22 these thoughts, these miscellaneous materials, did you  
23 prepare them at home on your own time?

24 A. Oh, yes, they were kept at my residence.

1 Q. They were always kept at your residence?

2 A. Yes. Perhaps maybe I need to clarify that a  
3 little bit.

4 Q. Sure.

5 A. The Court documents I got from Mr. Beaman's  
6 attorneys, they made copies for me.

7 Q. The five boxes that you provided to my  
8 office, are those all the documents you have related  
9 to the Beaman case?

10 A. That's all I have, yes.

11 Q. Let's go through a little bit of your  
12 background, if you don't mind.

13 A. Okay. No.

14 Q. I'll try to do an abbreviated version, keep  
15 things moving.

16 Did you graduate from high school?

17 A. Yes.

18 Q. What year did you graduate from high school?

19 A. 1960.

20 Q. It's a good example. I know you know what  
21 I'm going to ask you, but just make sure to wait until  
22 I'm finished asking the question so we have a clear  
23 record, okay? Thank you.

24 Where did you graduate from high school?

- 1           A.    Lanphier High School, Springfield, Illinois.
- 2           Q.    Do you have a college degree?
- 3           A.    Two years.
- 4           Q.    An associate's degree?
- 5           A.    Yes.
- 6           Q.    When did you obtain that?
- 7           A.    Late '90s.  I started it in 1970 when I moved
- 8           up here.  The courses I wanted to take were not
- 9           available, so when Heartland Community College started
- 10          up, I was able to complete that.
- 11          Q.    So you have your associate's degree from
- 12          Heartland Community College?
- 13          A.    Yes.
- 14          Q.    Any other college credits?
- 15          A.    Not college credits that would reflect my
- 16          profession, no.  I have taken some other personal
- 17          courses.
- 18          Q.    I understand that you were in the military at
- 19          one point in time?
- 20          A.    Yes.
- 21          Q.    What branch of the military?
- 22          A.    Marine Corps.
- 23          Q.    When did you join the Marine Corps?
- 24          A.    May 1960.

1 Q. And when were you discharged?

2 A. September the 11th, 1970.

3 Q. What was your rank at that time?

4 A. Staff sergeant, E-6.

5 Q. Where were you located during your career in  
6 the Marine Corps?

7 A. Japan; El Toro, California; Vietnam three  
8 times. Basically that's about it. I'm sorry,  
9 Quantico, Virginia for two years, and one year in  
10 D.C. -- Washington, D.C.

11 Q. Did you have any specialties or areas in the  
12 Marine Corps?

13 A. Yes, I was an intelligence analyst.

14 Q. What does that mean?

15 A. Basically what I did would be to analyze  
16 reports. At that time when I first went in, it was a  
17 cold war and you analyze all intelligence reports and  
18 then consolidate them for a final briefing.

19 When I was in Vietnam, I briefed and  
20 debriefed pilots on their combat missions. And then  
21 third time I was in Vietnam, I helped prepare the  
22 intelligence briefings. I also had a Vietnamese  
23 language, secondary, and I taught Vietnamese language  
24 to -- two years in Quantico to Marine officers.

1 Q. Was it an honorable discharge?

2 A. Oh, yes.

3 Q. What did you do after you were discharged in  
4 1970?

5 A. I took a first job that came along in  
6 Springfield. I worked for a wholesale distributor,  
7 wine, liquor and tobacco, while I was attending  
8 part-time school at Lincoln Community College down in  
9 Springfield.

10 Q. What was your first law enforcement position?

11 A. With the Town of Normal, February 1970 -- I'm  
12 sorry, December of 1977.

13 Q. The seven years between 1970 and 1977, were  
14 you in Springfield?

15 A. I was in Springfield for six years, and I had  
16 moved to Bloomington in November of '76. And the  
17 company I was working for in Springfield had a need  
18 for a warehouse supervisor at their wine distribution  
19 center in Bloomington, so I had taken that position,  
20 and a year later I was offered a job with the  
21 Normal Police Department and so I resigned with the  
22 company to join the police department.

23 Q. And when did you retire from the Normal  
24 Police Department?

- 1 A. I retired December the 15th, 2000.
- 2 Q. What was your position at that time?
- 3 A. I was a lieutenant in charge of CID.
- 4 Q. CID, can you --
- 5 A. Criminal Investigations Division.
- 6 Q. Can you run me through your career beginning
- 7 in 1997 at the Normal Police Department.
- 8 A. 1997?
- 9 Q. 1977. Did I misspeak?
- 10 A. Oh, I'm sorry.
- 11 Q. Excuse me.
- 12 A. 1977. Yes, like most recruits, individuals
- 13 who finish their training at PTI were assigned to
- 14 shift -- patrol shift.
- 15 Q. PTI is Police Training Institute?
- 16 A. Police Training Institute in Springfield at
- 17 the Illinois State Police Academy.
- 18 Q. Thank you.
- 19 A. And then a position became available in
- 20 detectives, and I was assigned to that detective
- 21 division for two years, and then we were being
- 22 rotated. With the new chief we had, we were being
- 23 rotated out of the detective division. I had a desire
- 24 to use my skills, if you will, an interest in a

1 civilian profession. So I left in February of '85.

2 And after I left, I moved down to St. Louis.  
3 From St. Louis, I stayed there approximately  
4 two years, moved to Sarasota, Florida, where I was  
5 able to receive a position with the Sarasota County  
6 Sheriff's Department. Personal issues came up with  
7 the wife and the kids, so we came back to Normal.  
8 Fortunately I was able to rejoin the Normal Police  
9 Department in February of '85.

10 And during '85 and 2000 when I retired, I  
11 worked -- or, I'm sorry, I rejoined in February of  
12 '88.

13 Q. Okay.

14 A. I'm sorry.

15 Q. Because you left for St. Louis in February of  
16 '85?

17 A. Right. I was gone for three years from the  
18 Normal Police Department.

19 I was able to retest and was offered a job  
20 back with the Normal Police Department in February of  
21 '88.

22 Q. What was your position at that time?

23 A. I started over as a patrolman and then worked  
24 my way up and worked back in detectives. I got

1 promoted to sergeant and then the lieutenant. All in  
2 all, I spent -- during my 20 years total time, I spent  
3 about 10 years in detectives.

4 Q. When were you promoted to sergeant?

5 A. I would say probably '95. I'm not certain of  
6 those dates. And the lieutenant, probably around '98,  
7 '97.

8 Q. And after you retired in December 2000, did  
9 you continue to do work for Normal PD as an unsworn  
10 civilian?

11 A. I did, but when I retired in 2000, I went to  
12 work as a project manager at Mitsubishi Motors in  
13 Bloomington-Normal. I was a project manager for their  
14 contract, safety, and security operation. I was there  
15 for three years.

16 Then I was offered a temporary position back  
17 at the Normal Police Department as a front desk police  
18 representative because their personnel was -- he was  
19 going in for a hip replacement and I was offered that  
20 position, which I took, and I think that went on for  
21 about three months.

22 And then I had learned that a part-time  
23 position within the police department had opened up  
24 and that title was fleet vehicle maintenance officer.

1 Would you like my duties?

2 Q. Sure.

3 A. I was responsible for taking the cars down to  
4 our city garage to have them repaired. I would take  
5 them over to the car wash and have the people over  
6 there wash them, and then I would do what is called  
7 the court front. In other words, I'd take traffic  
8 tickets and other legal documents down to the  
9 courthouse. That basically was a part-time job,  
10 three, four hours a day, and I did that for about  
11 eight years.

12 Q. And you said you were in -- when you were at  
13 the Normal Police Department, you were within the CID  
14 for about ten years?

15 A. Approximately, yes.

16 Q. Were you ever the supervisor of CID?

17 A. Yes.

18 Q. When you were a sergeant and a lieutenant,  
19 were you a supervisor of CID?

20 A. As a sergeant, I believe I worked under a  
21 captain.

22 Q. How many sergeants were in the department at  
23 that time?

24 A. CID or the entire department?

1 Q. The entire department.

2 A. In the neighborhood of 10 to 12.

3 Q. And so were you a sergeant of just the CID or  
4 were you a sergeant of other areas of Normal Police  
5 Department?

6 A. Well, just CID. We were required -- when I  
7 got reported -- when I got promoted to lieutenant, we  
8 required, I believe it was once a month, to supervise  
9 a patrol shift so we wouldn't lose our connection with  
10 the patrol and our skills.

11 Q. When you became a detective, did you have to  
12 have special training to become a detective?

13 A. Yes.

14 Q. What was the training?

15 A. The training was basic investigations. I  
16 attended three interview interrogation schools,  
17 several other schools that related to investigations.

18 Q. And did you continue your training in  
19 interrogations and detective work throughout your  
20 career?

21 A. As much as I could and was allowed. I would  
22 go to various seminars with specialist in homicide  
23 investigations such as Henry Lee and -- there was  
24 another individual that was in charge. That was part

1 of the school that I attended in April '94. He worked  
2 for the FBI. He was behavioral science unit down  
3 there. I think all in all, there was quite a few  
4 schools.

5 Q. When did you stop working altogether for the  
6 Normal Police Department?

7 A. Part-time as well?

8 Q. Yes.

9 A. November 30 of 2012.

10 Q. And are you currently employed?

11 A. No.

12 Q. Enjoying retirement.

13 A. As much as I can.

14 Q. I just want to establish some definitions  
15 just so that we're all on the same page --

16 A. Sure.

17 Q. -- as we go forward. They may seem obvious  
18 to you, but with all your years experience, I want to  
19 hear in your own words what certain things mean.

20 So can you just define for me what an  
21 investigation is, just generally what an investigation  
22 is.

23 A. Investigation would be actions you would take  
24 to determine if a crime had been committed and

1 identify possible suspects and collect evidence and  
2 present your case to the State's Attorney's Office and  
3 testify if needed.

4 Q. What is a suspect?

5 A. An individual who may have committed a crime.

6 Q. Is that different than a person of interest?

7 A. Well, my understanding the term person of  
8 interest has come up recently in the law enforcement  
9 lingo from the media. Today's use of the word, it's  
10 probably interchangeable.

11 Q. What about during your career in the CID?

12 A. I have never used that word or phrase, person  
13 of interest.

14 Q. So what are the realm of possibilities for  
15 characterizing just a person involved in the  
16 investigation, whether they be a witness, a suspect,  
17 what are those --

18 A. Person who may have knowledge of a crime.

19 Q. So a witness is a person who may have  
20 knowledge of the crime?

21 A. Correct.

22 Q. And a suspect is a person who may have  
23 committed the crime?

24 A. Correct.

1 Q. Any other categories of individuals?

2 A. Other than -- well, you have victim of  
3 course. Other than victim, suspect or witness, I  
4 think that's about it.

5 Q. And what makes a person a suspect? They may  
6 have committed the crime. What does that mean? Can  
7 you elaborate on it?

8 A. Yes. The likelihood that that individual had  
9 the opportunity, the motive and the means to commit a  
10 crime.

11 Q. Do you have to have all three for a person to  
12 become a suspect?

13 A. Not necessarily motive.

14 Q. So if an individual has the means to commit a  
15 crime and the opportunity to commit the crime, they  
16 could be a suspect in any given crime?

17 A. Correct.

18 Q. Why do you say not necessarily a motive to  
19 commit the crime?

20 A. It could be an accident. We're talking about  
21 homicide, are we not, or any crime?

22 Q. Any crime.

23 A. Would you repeat your question, please?

24 Q. Sure. I asked -- well, you said that in

1 order for a person to be a suspect, they have to have  
2 the opportunity to commit the crime and the means to  
3 commit the crime but not necessarily the motive to  
4 commit the crime. And I just asked why not motive to  
5 commit the crime? Why isn't that part of the  
6 consideration?

7 A. Well, it's possible in a homicide, it could  
8 be considered an accident, but you could have a crime  
9 that maybe it's a misdemeanor, and he could do it --  
10 or even a felony for personal gain, monetary gain  
11 perhaps.

12 Q. In your definition of investigation, you also  
13 said one of the duties of an officer is a -- or a  
14 detective is to present the evidence. Can you define  
15 evidence for me?

16 A. Evidence is those items that could be used in  
17 the commission of a crime or identify the perpetrator.

18 Q. And you're familiar with the term probable  
19 cause?

20 A. Yes.

21 Q. Can you define that for me, please.

22 A. Probable cause is a -- let me gather my  
23 thoughts here.

24 Q. Sure.

1           A.    A reason to believe that a person did commit  
2 the crime.

3           Q.    So is the standard, at least as far as you  
4 understand it, reasonable belief?

5           A.    A reasonable belief, well, based upon other  
6 factors.

7           Q.    What are the other factors?

8           A.    Location, time, what a reasonable person may  
9 believe that he had committed a crime.

10          Q.    What's the -- or is there a difference  
11 between an interview and an interrogation?

12          A.    Interview is to collect information.

13          Q.    Collect information about a potential crime?

14          A.    A person, crime, yes.

15                And an interrogation is when you turn an  
16 interview to accusation.

17          Q.    So an interrogation involves more of an  
18 accusation --

19          A.    Correct.

20          Q.    Depending on the circumstances, do you -- did  
21 you use, at least in your time in the CID, different  
22 tactics for an interview versus an interrogation?

23          A.    Oh, yes.

24          Q.    What was the difference?

**C06716**

1           A.    The difference on the interview is  
2           hypothetically I have a person's name in a report or  
3           it was given to me during maybe another interview, and  
4           I would ask that person to come in or I would visit  
5           that person and try to obtain from that person as much  
6           information that person would have recording the crime  
7           and/or person.

8                    An interrogation would be that I have enough  
9           information that I believe that the person I'm talking  
10          with did actually commit the crime and I'm trying to  
11          extract a confession.

12          Q.    Can an interview turn into an interrogation  
13          at the time you're speaking with the individual?

14          A.    Yes.

15          Q.    What sort of circumstances would that happen?

16          A.    The information on the person I would be  
17          interviewing would be available only to the person  
18          that committed the crime.  Then that would turn -- at  
19          that point hopefully it could turn into an  
20          interrogation.  Based upon the totality of the  
21          information that you have about the person and/or the  
22          crime and the evidence.

23          Q.    Are interrogations only of individuals who  
24          you believe committed or could have potentially

1 committed the crime?

2 A. No. You could have a suspect that you  
3 believe committed a crime, but it turns out to be that  
4 he's not and you're interrogating him because you have  
5 reason to believe that he did commit it.

6 Q. Would you interrogate a witness who may have  
7 information about a potential suspect? Is that still  
8 an interrogation?

9 A. No. If he's -- if that person is a witness  
10 and you're interviewing him and you have reason to  
11 believe that he had no involvement or personal  
12 knowledge of who may have committed a crime, he would  
13 still or she would still be considered a witness and  
14 you're interviewing them basically for the purpose of  
15 extracting the information.

16 Q. So an interrogation is always of someone that  
17 you believe could have been involved in the crime?

18 A. Correct.

19 Q. At the Normal Police Department when you  
20 investigated -- I'm sure you investigated a number of  
21 crimes.

22 A. Yes.

23 Q. Can you give me an approximation of how many  
24 investigations you were a part of?

1           A.    How about more than 10 and less than  
2 a thousand.

3           Q.    Fair enough.

4                    In those investigations that you were a part  
5 of, between 10 and a thousand -- I'm sure it was more  
6 than 10.

7           A.    Oh, yes.

8           Q.    I'm sure you could name 10 just sitting here  
9 right now. Was there typically a lead investigator in  
10 those investigations?

11          A.    The ones that I handled?

12          Q.    Yes.

13          A.    If they were assigned to me, then I would be  
14 the lead investigator.

15          Q.    What does it mean when a case is assigned to  
16 an investigator?

17          A.    The supervisor normally under normal  
18 circumstances, the supervisor would read the daily  
19 reports, and he would assign the case to an  
20 investigator, and that investigator would be the lead  
21 investigator under normal circumstances.

22          Q.    And what does that mean to be -- is the term  
23 lead investigator or is there a different term for  
24 that person who was assigned by the supervisor?

1           A.    No.  I think lead investigator is a general  
2 acceptable term in investigations.

3           Q.    And that's what you used at the Normal Police  
4 Department?

5           A.    Yes.

6           Q.    Did every investigation have a lead  
7 investigator?

8           A.    Well, every case that was assigned.  If it  
9 was assigned to more than one investigator, they would  
10 be titled lead investigator there between the two or  
11 three or whatever.  If it's just assigned to one  
12 investigator, it's normally that's his case, that's  
13 her case.

14          Q.    And what does it mean -- or what does it mean  
15 to be the lead investigator of an investigation?

16          A.    Well, to help determine who could be  
17 responsible for the crime if a crime was committed, to  
18 direct all investigation into that particular case as  
19 well as testify.

20          Q.    So they're the person that directs the  
21 investigation?  Is that what I'm understanding you to  
22 say?

23          A.    He's basically in charge of the  
24 investigation.  He'll investigate himself -- or he'll

1 investigate -- he'll be an investigator also. He'll  
2 make assignments.

3 Q. What sort of duties separate him from the  
4 rest of the investigators? If more than one is  
5 assigned to an investigation, what sets the lead  
6 investigator apart?

7 A. Determining what action to take, what avenues  
8 to approach, what leads to follow up on, who to assign  
9 the leads to, and then to analyze what comes back,  
10 feedback from those assignments and to report or to  
11 incorporate into the report.

12 Q. Does the lead investigator, is he the only  
13 one that would write a report on the investigation?

14 A. Normally, no. Every assistant, if you will,  
15 would also write.

16 Q. So all the investigators working on a case  
17 could write reports?

18 A. Yes.

19 Q. It's not just the lead investigator?

20 A. Correct.

21 Q. And what about analyzing leads, is that  
22 something that only the lead investigator can do or is  
23 that something that all the investigators assigned to  
24 the case could do?

1           A.    They all could be assigned -- working under  
2 the same case, they all could be assigned a number of  
3 leads.

4           Q.    And my question was in particular to  
5 analyzing the leads.  First of all, what do you mean  
6 by analyzing leads?  What does that entail?

7           A.    To look up the litany of the information as  
8 well as the person reporting the information if that  
9 is available, and to analyze it with other leads that  
10 come in.

11          Q.    So is that something, analyzing leads, is  
12 that something that all of the investigative team  
13 could do, not just the lead investigator?

14          A.    Well, they could certainly have input as far  
15 as the information they obtain and maybe any thoughts  
16 that went along the same lines.

17          Q.    And the lead investigator was the one who  
18 would assign leads to his fellow investigators?

19          A.    Well, if he was assigned the case and as the  
20 leads came in, I would certainly think so.

21          Q.    What sort of involvement would, let's say, a  
22 sergeant have in an investigation?

23          A.    To oversee each individual investigator in  
24 regards to their status on their reports; to assist,

1 if necessary; and also keep the supervisor abreast.

2 Q. Just the general investigators, would they be  
3 precluded from doing something because they weren't  
4 titled the lead investigator?

5 MR. BOWMAN: Object to the form of the  
6 question. It's vague.

7 You can go ahead and answer.

8 BY MS. BARTON:

9 Q. You can answer. Do you understand the  
10 question?

11 A. Repeat your question.

12 Q. Sure. Could an investigator be precluded  
13 from doing something because they weren't assigned to  
14 be the lead investigator on an investigation?

15 A. That is a possibility, but we had to  
16 understand that we're all working for the general  
17 purpose of solving a crime. And if that investigator  
18 had information, I would surely think they would share  
19 it.

20 Q. Were you ever the lead investigator on  
21 investigations --

22 A. Yes.

23 Q. -- at the Normal Police Department?

24 How many times were you the lead

1 investigator?

2 A. Well, I really could not give you a fair  
3 answer.

4 Q. How about a percentage of times that you were  
5 the lead investigator on your investigations? Was it  
6 half the time?

7 A. Oh, no. I would say maybe, conservative  
8 figure, 10 percent, yes.

9 Q. So 10 percent of the investigations you  
10 worked on, you were the lead, right?

11 A. 10 percent of the cases that I worked on is I  
12 required assistance from other detectives and I was  
13 the lead.

14 Q. Otherwise it might just be you assigned to  
15 the investigation --

16 A. Correct.

17 Q. -- alone?

18 A. Right.

19 Q. So 10 percent of the investigations where  
20 there were multiple investigators working on it, you  
21 being one, 10 percent of the time you were the lead?

22 A. Correct.

23 Q. Was that a formal assignment for someone to  
24 be the lead? For example, there was like a memo that

1 would go out, or how did people come to understand  
2 that somebody would be the lead investigator on an  
3 investigation?

4 A. Supervisor would go to the investigator and  
5 say this is your case, I want detective so-and-so to  
6 assist you with it, but it's your case.

7 Q. So it was more of an oral assignment?

8 A. Yes.

9 Q. Was there a master list somewhere where it  
10 might list out who the lead investigator was and then  
11 who the assisting investigators were?

12 A. No, but there is a list of who is assigned  
13 what case. There could be three or four detectives  
14 assigned, two detectives assigned, and that wouldn't  
15 necessarily indicate who the lead investigator is.

16 Q. But that was sort of understood among the  
17 investigators?

18 A. Sure.

19 Q. And what does the term lead investigator mean  
20 to the outside world? Does the lead investigator --

21 A. He would be supervising the investigative  
22 activities.

23 Q. Is he the point person?

24 A. Yes.

1 Q. Would he be the only point person in an  
2 investigation?

3 A. No.

4 Q. Well, what would be an example of a time  
5 where the lead investigator would be the point person  
6 for a particular subject or situation?

7 A. You mean by point, the person responsible  
8 from beginning to end?

9 Q. Yes.

10 A. Minor cases, but still -- I interject -- but  
11 still in our department, there's a supervisor and a  
12 supervisor has the responsibility to read all reports  
13 and to review those. And if it needed follow-up, he  
14 would reassign that, or if the case was complete to  
15 his satisfaction, he would sign off on it and forward  
16 it up to administration level or the State's  
17 Attorney's Office. Does that make sense?

18 Q. It does. And I have a couple follow-up  
19 questions about that.

20 You said that the supervisor would be  
21 responsible for reading all the reports written on a  
22 particular investigation, right?

23 A. Correct.

24 Q. And the supervisor is different than the lead

1 investigator?

2 A. Correct.

3 Q. Does the lead investigator also have the  
4 responsibility of reading all the reports prepared in  
5 the investigation?

6 A. Yes. Normally I would say that was his  
7 responsibility or her responsibility. But once again,  
8 regardless if it was a petty offense or serial  
9 homicide, supervisor is the one that reads all the  
10 reports and signs off on them.

11 Q. Does the lead investigator sign off on  
12 reports?

13 A. No, not necessarily. The lead investigator  
14 would sign off on his report that he prepared, and  
15 every other subordinate investigator would sign off on  
16 their reports. Now, by sign off, I mean they  
17 completed their report. In their minds, it's ready  
18 for approval or disapproval or whatever.

19 Q. And then it's submitted to the supervisor for  
20 approval or disapproval?

21 A. Correct.

22 Q. Could the lead investigator sign off on  
23 reports?

24 A. You mean as a final okay?

1 Q. Yes.

2 A. Could he? In the absence of the supervisor  
3 being maybe the supervisor is on leave, that's a  
4 possibility, yes. There would be somebody in charge.  
5 Certainly somebody would have to read the reports and  
6 sign off on them.

7 Q. So somebody has to have final say?

8 A. Correct.

9 Q. You also said that the supervisor is charged  
10 with forwarding the reports to administration; is that  
11 right?

12 A. Correct.

13 Q. What does that mean?

14 A. Well, it depends on what time period we're  
15 looking at. Back when I first came on, there were  
16 four copies. One would go to the administration which  
17 is the chief or his assistant; one goes to a binder  
18 where the press would have access to it; one copy  
19 would go to a binder in the roll call room where the  
20 patrol shift would have access to it; and of course  
21 one into records.

22 Q. When was that the practice?

23 A. I don't know when it started. That's the way  
24 it was when I came on.

1 Q. So it was like when you got there in 1977?

2 A. We had typewriters. We didn't have a  
3 computer system.

4 Q. Sure.

5 A. And there were carbon copies, yeah.

6 Q. When did that practice cease?

7 A. Well, it's still a practice as far as how  
8 many copies are printed off with a printer. I don't  
9 know what their practice is now because I left  
10 13 years ago.

11 Q. When you left 13 years ago, it was still the  
12 practice to have four copies of a report?

13 A. Well, I guess in some cases it would and some  
14 it would not. The ones that it would not, they were  
15 still under investigation perhaps, and we didn't want  
16 the news media looking at it. That's probably the  
17 reason for it.

18 Q. So the four copies would be -- so the  
19 administration is the chief and/or his secretary,  
20 right?

21 A. Well, not secretary. His assistant which  
22 could be assistant chief, if you will.

23 Q. And then the binder for the press, where was  
24 that maintained?

1 A. At the front desk.

2 Q. And what about the patrol binder? Would  
3 that -- do you have a patrol room?

4 A. Roll call room, yeah, and then of course  
5 records.

6 Q. And records was a separate department?

7 A. Yes.

8 Q. Or division I should say.

9 And the records division maintained sort of a  
10 central file for all the investigations?

11 A. Correct.

12 Q. Who would be in charge of making sure the  
13 four copies got to those four locations?

14 A. When the supervisor would sign off on, back  
15 then it was his responsibility. He would separate the  
16 different reports and distribute them to the  
17 appropriate place.

18 Q. Did that practice change at some point when  
19 you were at the Normal Police Department?

20 A. I guess it could have. Not that I really  
21 know of. You could print as many -- when the printers  
22 came on line with the computers, you could print as  
23 many copies.

24 Q. Do you recall when the department got

**C06730**

1 computers to type reports roughly?

2 A. I'm going to say roughly in the neighborhood  
3 of the late 1980s. Maybe early '90s. I can't be  
4 certain.

5 Q. So the reports or the copies of the reports  
6 would be sent off to those four locations once the  
7 supervisor signs off on it --

8 A. Yes.

9 Q. -- is that right?

10 So an investigator would submit their reports  
11 to the supervisors --

12 A. Right.

13 Q. -- who would review it. If they needed any  
14 changes, could give it back to the investigator or  
15 sign off on it and the four copies were distributed.

16 A. Right.

17 Q. And whether those four copies were in the  
18 carbon form or from the computer, it was still the  
19 four copies?

20 A. Correct. Presently I believe the -- by  
21 presently, I mean the late or the mid teens of 2000.  
22 I don't believe they make any copies anymore because  
23 everybody can access the computer and read those.  
24 Everybody from -- of course there may be one copy for

1 the press, but everybody from the patrol division to  
2 supervisors to administration. So there may be just  
3 one copy. Cut down on paperwork.

4 MS. BARTON: Can we take a short break?

5 THE WITNESS: Sure.

6 (Whereupon, a break was taken.)

7 BY MS. BARTON:

8 Q. Just in general, during your time as an  
9 investigator, what was your practice in terms of  
10 writing reports? What sort of investigative  
11 activities did you write reports on?

12 A. Any case, of course, I was assigned. If I  
13 were to assist someone, of course, I would write a  
14 report up for them too as well. I guess that's about  
15 it.

16 Q. What did you write reports about, what sort  
17 of activity -- investigative activities?

18 A. Oh, I see. The type of crimes would be --  
19 once again, whatever assigned me which would be from  
20 maybe bad checks, disorderly conduct, phone calls to  
21 homicide.

22 Q. What about your specific activities as an  
23 investigator, for example, interviewing witnesses or  
24 checking out -- running down certain leads? When did

1 you -- what sort of things did you document in your  
2 reports?

3 A. You document that information which is  
4 pertinent to the investigation -- to the case, be it  
5 negative or positive.

6 Q. So interviews, if you interviewed a witness  
7 or a suspect, you would write that in a report?

8 A. Correct.

9 Q. Did you document -- have a way of documenting  
10 all the phone calls you would make in relation to an  
11 investigation?

12 A. Not necessarily.

13 Q. Why is that?

14 A. Depends on the level of crime it was. How  
15 important it was to the case.

16 Q. And was that your decision to make?

17 A. Yes, it was each individual detective's,  
18 yeah.

19 Q. Sometimes you would document the fact that  
20 you'd talk to somebody over the phone.

21 A. Yes.

22 Q. But other times not because it might not be  
23 that important.

24 A. Correct, such as no one at home, no one to

1 answer the phone. That wasn't in there.

2 Q. What about investigative activities in the  
3 case, like -- well, let me start here. What sort of  
4 things did you do as an investigator in investigating  
5 a crime? So you interview witnesses. What other  
6 types of things do you do in an investigation just  
7 generally?

8 A. In most cases normally, you would read their  
9 report, extract the information that is pertinent to  
10 the case to help identify a suspect and what evidence  
11 there is. Then you would take off with trying to  
12 locate witnesses, suspects, and interview them or if  
13 it led to an interrogation, then interrogated them and  
14 then you'd document. And some officers, some  
15 detectives would document as they go along, meaning  
16 they could write a field note or they could put it in  
17 a finished form on a type -- not a typewriter, but a  
18 computer.

19 Q. What about did you ever use a dictation?

20 A. Oh, yes, we've used dictation for interviews,  
21 and that became part of norm after a while, audio and  
22 video.

23 Q. Can you give me examples of other things that  
24 you do to investigate a crime other than interviewing

1 witnesses?

2 A. Oh, sure. You can go to the crime scene.  
3 You would go to, for instance, the victims. If it was  
4 a place of business, you would certainly want to look  
5 at -- if it's a burglary, for instance, you would want  
6 to look at the crime scene, people that may have  
7 knowledge, ask questions concerning procedures to help  
8 identify a suspect, information that they could afford  
9 to give or could give legally.

10 Q. When you were investigating crimes, did you  
11 also try to obtain documentary evidence?

12 A. Oh, yes.

13 Q. What sort of documentary evidence did you try  
14 to obtain?

15 A. Tapes from registers, time cards, any  
16 receipts maybe that would be pertinent to the case  
17 such as maybe travel vouchers, anything that you  
18 thought of that would be important.

19 Q. What about if you were trying to find out  
20 information about a suspect, could you run a criminal  
21 check, stuff like that?

22 A. Absolutely. You would -- you'd want to know  
23 who you're dealing with and what kind of background  
24 exactly. And, of course, it also helps to identify if

1 they maybe owned a car, didn't own a car, where they  
2 lived and their criminal background.

3 Q. And what about contacts with crime labs and  
4 things like that? Did the detectives keep in touch  
5 with -- as the evidence is developing?

6 A. Yes. As far as physical evidence, that would  
7 be collected by an evidence technician most of the  
8 time. And they have a procedure that they have to go  
9 through in regards to logging the evidence in and  
10 storing it and taking it to the crime lab and when  
11 it's returned.

12 Q. When you were collecting documentary evidence  
13 like the receipts you were talking about, is that  
14 something that you would document in your report that  
15 you had located certain documents?

16 A. For the most part. And it also may mention  
17 in your report document such-and-such, copy attached,  
18 original entered into evidence.

19 Now, once again, that depends on the  
20 detective. It wasn't etched in stone that this is the  
21 way it will be done, but to make it a lot easier and  
22 to be able to locate such documents.

23 Q. It would be a good -- finish your sentence  
24 there.

1           A.    It would be a lot easier to locate documents  
2 if it were mentioned in your report, where the  
3 document is, if it's not attached to a report.

4           Q.    So, for example, writing a report saying I --  
5 you know, reporting officer obtained receipt X which  
6 is maintained in the central file or whatever --

7           A.    Right, or it could be attached to the report.

8           Q.    To the report itself.

9           A.    Yeah.

10          Q.    What was your practice in writing reports in  
11 relation to what you were doing? How quickly would  
12 you write your reports?

13          A.    Normally after every step, especially with  
14 the computers, I would document that in my report. If  
15 I had field notes, I'd bring back to our division.  
16 I'd document that in the report and then shred the  
17 field reports once I was satisfied my information was  
18 put into the report.

19          Q.    And did you try to get the information to a  
20 report within a week of --

21          A.    Sooner than that, yeah.

22          Q.    Sooner than that?

23          A.    Yes.

24          Q.    Can you give me an example of something that

1 wouldn't be, as you put it, pertinent to the case, so  
2 it wouldn't be included in a report? You gave me one  
3 example being if you tried to call somebody and you  
4 didn't get an answer. You wouldn't necessarily put  
5 that in your report.

6 Can you think of any other examples like  
7 that?

8 A. Well, using the same kind of example, someone  
9 calls you and says I got some information on this case  
10 or I found my wallet, it wasn't stolen. Of course  
11 that would be documented.

12 Q. What about types of things that wouldn't be  
13 documented in the report? Like the example you gave  
14 me before about if you tried to contact somebody and  
15 they weren't home and you couldn't leave a message,  
16 that wouldn't necessarily be reflected in your report?

17 A. Correct.

18 Q. What other kinds of examples of things that  
19 wouldn't necessarily appear in a report?

20 A. Generalities, maybe a time or a date or a  
21 location. That depends. I wish I could be more  
22 specific without giving you an example of a case. It  
23 all depends upon the particular case.

24 Q. And what's pertinent to that particular

1 investigation --

2 A. Correct.

3 Q. -- in the eyes of the officer?

4 A. Correct, yes. And then sometimes it could be  
5 corrected by your supervisor, well, what happened  
6 here? And he may give it back to you and say, you  
7 need to put that in the report. Your opinions would  
8 not be -- should not be in your reports because those  
9 are strictly opinions.

10 Q. Did you submit your reports to anyone for  
11 review other than your supervisor?

12 A. No, not that I could recall. I mean, there  
13 could have been over the -- see, even when you work  
14 the street as a patrolman, you had cases you had to  
15 follow up on. So I would have to say I couldn't think  
16 of any.

17 Q. When you were working an investigation, did  
18 you -- with other investigators, did you read their  
19 reports as they were prepared?

20 A. Oh, yes.

21 Q. And how would you get copies of their  
22 reports?

23 A. They would give them to me. They could make  
24 a copy. Or if I saw that I needed a copy, then I

1 would make it myself. There would be a copy available  
2 if needed.

3 Q. Let's turn to the Jennifer Lockmiller  
4 homicide investigation, okay? When did you first  
5 learn that a body had been found at [REDACTED] ?

6 A. It was a Saturday afternoon. I was at home,  
7 and one of the officers had called me.

8 Q. Do you recall who that was?

9 A. Kirk, K-i-r-k, Ijams, I-j-a-m-s.

10 Q. And what did Kirk tell you?

11 A. Well, I -- verbatim, I don't recall. But he  
12 said something to the effect that they found a young  
13 girl who'd been dead quite a while on the [REDACTED] block --  
14 he gave me the exact address. I think it was [REDACTED]  
15 [REDACTED] in Normal.

16 Q. Was he on the scene when he called you?

17 A. I don't recall.

18 Q. Was he a detective?

19 A. No, he was patrolman -- either patrolman or  
20 supervisor, sergeant.

21 Q. And why was he contacting you?

22 A. I was on-call detective, one of them.

23 Q. What does that mean?

24 A. That means if the Normal Police Department

1 had a need for a detective, then they would call that  
2 on-call detective, and their primary duty of course  
3 was -- is to respond to the scene or to the station.

4 Q. And so on-call means it wasn't necessarily  
5 your shift, but you had your pager or your --

6 A. Correct.

7 Q. Or you were available by phone?

8 A. Off time.

9 Q. Off time.

10 A. Right.

11 Q. Did you have a pager back then?

12 A. Seems to me I did. I could have had one.

13 Q. You don't recall either way?

14 A. Well, I was home. It was a Saturday  
15 afternoon. I was working on the house. So I probably  
16 didn't have a pager on me, but -- I could have been  
17 paged and then went in and called. I don't recall.

18 Q. Were you one of the first people notified  
19 that you know of?

20 A. First detective that I know of. There were a  
21 few officers on the scene when I got there, uniformed  
22 officers.

23 Q. At this point in 1993, how many death  
24 investigations had you been a part of at the

1 Normal Police Department?

2 MR. BOWMAN: Death investigations?

3 MS. BARTON: Yes.

4 THE WITNESS: Does that include homicide --  
5 I'm sorry. Does that include natural causes and  
6 suicide?

7 BY MS. BARTON:

8 Q. Yes.

9 A. Six perhaps.

10 Q. And how many of those were homicide  
11 investigations?

12 A. Well, let me answer it this way: Lockmiller  
13 was probably my third perhaps.

14 Q. Third homicide investigation?

15 A. Correct. I mean, there were several natural  
16 causes and suicides.

17 Q. About six of those you said?

18 A. No. About three were homicide -- I  
19 investigated, took part in, assisted with about  
20 three homicides as far as Normal PD goes. But there  
21 were other homicides that were and still are  
22 unresolved that I worked on.

23 Q. By 1993, you had worked on -- this was the  
24 third homicide investigation?

1 A. Conservative, yes, I would say three.

2 Q. And was the Normal Police Department the  
3 agency that was investigating the Lockmiller homicide?

4 A. Correct.

5 Q. Were there other agencies assisting in that?

6 A. Oh, yes, there was Illinois State Police,  
7 McLean County Coroner's Office. As the initial  
8 investigation started, there was also Department of  
9 Criminal Investigations that assisted, FBI assisted,  
10 special support technicians in Springfield assisted.

11 Q. What's the Department of Criminal  
12 Investigations?

13 A. That's a joint task force made up of  
14 McLean County, State Police district,  
15 Normal-Bloomington, ISU. And that's about it, I  
16 think. Officers from each department assigned as a  
17 task force.

18 Q. And so that task force assisted in  
19 investigating the Lockmiller homicide?

20 A. They assisted. Now, by that, I don't know  
21 exactly what their limitations were or their purviews  
22 were or exactly what they did. I can tell you they  
23 helped with -- by furnishing information, they helped  
24 identify a suspect or a person of interest. United

1 States Marshals office was one also.

2 Q. What about Bloomington Police Department?

3 A. They could have, yes.

4 Q. Do you know either way?

5 A. Normally something like that one department  
6 will call the other department and offer assistance if  
7 it's needed.

8 Q. And do you recall that happening in this case  
9 with Bloomington Police Department?

10 A. I can't recall one way or the other.

11 Q. How about the McLean County Sheriff's Office?

12 A. Well, coroner's. McLean County Coroner's  
13 Office.

14 Q. Not the sheriff's office?

15 A. Later on they did an investigation. I think  
16 that was Lieutenant John Brown. He assisted basically  
17 with Tim Freesmeyer.

18 Q. And it was at least your understanding that  
19 Lieutenant John Brown was a lieutenant at the  
20 McLean County Sheriff's Office?

21 A. Correct.

22 Q. And there was some assistance with -- by the  
23 Rockford Police Department?

24 A. Oh, yes. Yes, there was. I'm sorry.

1 Q. And what about Winnebago County which is up  
2 in Rockford?

3 A. That's the department, right, Winnebago.

4 Q. How did the FBI assist in this investigation?

5 A. By submitting requests for data information,  
6 locating records I would say. I'm trying to think if  
7 it was this case or a case that happened almost to the  
8 date a year later. VICAP, V-I-C-A-P, that's violent  
9 offenders who have -- they have a database and in that  
10 database is stored information that is obtained from  
11 the FBI regarding -- and other agencies regarding  
12 crimes, major crimes that were committed, information  
13 as far as individuals that did it and what their  
14 motives -- or rather modis operandi was and like  
15 crimes.

16 Q. Do you know if that database was utilized in  
17 this case?

18 A. I don't know if it was that case. It may  
19 have been a different case that I had worked on and  
20 then I requested that information. So once again, I  
21 can't be certain on that.

22 Q. How did the U.S. Marshal's Office assist in  
23 the investigation?

24 A. They located one of the initial persons of

1 interest that was acquainted with the victim, and they  
2 located him down in Florida, and he was being  
3 transported during the period of her death.

4 Q. And I notice that you're using the phrase  
5 person of interest, but we haven't defined it because  
6 I didn't think you used that. Did you use that  
7 term --

8 A. No.

9 Q. -- in the Normal Police Department?

10 MR. BOWMAN: I thought you did define it.

11 BY MS. BARTON:

12 Q. We didn't define person of interest, so maybe  
13 you could define it for me if you're going to be using  
14 it.

15 A. In today's law enforcement language, they use  
16 person of interest; whereas, back in my days, we used  
17 the word suspect title. Basically the same thing.

18 Q. Is there any difference in your mind?

19 A. In my mind there is not, because a person of  
20 interest could be a witness or he could be a suspect  
21 until he's ruled out. A suspect could be a suspect  
22 until they're ruled out or a witness. Interchangeable.

23 Q. So when you're using that phrase, person of  
24 interest, it's interchangeable with suspect?

1 A. I've always used suspect in my mind, and if I  
2 were still investigating, I would say suspect.

3 Q. And the only reason I asked is because you've  
4 used the term a couple of times --

5 A. Since then.

6 Q. -- since you said you don't use the term.

7 With the U.S. Marshal's Office, they located  
8 a person of interest or a suspect, right, in Florida?  
9 Is that what you recall with respect to this case?

10 A. They located the individual who was a  
11 boyfriend of Jennifer Lockmiller.

12 Q. Do you recall who that was?

13 A. John Revis and he was incarcerated at the  
14 time and in their custody.

15 Q. At what time?

16 A. Time of Jennifer's death.

17 Q. You also referred to support technicians --

18 A. Yes.

19 Q. -- that assisted in the case? Who are the  
20 support technicians?

21 A. They're from State Police down in  
22 Springfield. They assist with body wires and wire  
23 taps.

24 Q. They are part of the Illinois State Police?

1 A. Correct.

2 Q. And they assisted in this case with body  
3 wires?

4 A. With Detective Freesmeyer.

5 Q. And what did the coroner's office do in  
6 relation to this case?

7 A. Well, they showed up on the crime scene, took  
8 custody of the body, and then held an autopsy at the  
9 coroner's inquest.

10 Q. And you testified at the coroner's inquest,  
11 right?

12 A. Yes.

13 Q. What about the -- go ahead.

14 A. Let me back up on that. I don't know if I  
15 testified at that one or not. It seems to me that  
16 Officer Marty Fogler may have because he was one of  
17 the first officers on the scene.

18 Q. Other than providing support technicians, how  
19 else did the Illinois State Police assist in the  
20 investigation?

21 A. They sent out a crime scene investigator.  
22 They also had taken John Murray -- attempted to take  
23 John Murray's polygraph examination, attempted to  
24 administer one to him. And according to the reports,

1 they administered two polygraphs to two other of  
2 Jennifer Lockmiller's boyfriends.

3 Q. Did they send out one crime scene  
4 investigator?

5 A. As I recall, yes.

6 Q. Dean Kennedy, is that his name?

7 A. Yes.

8 Q. For this investigation, did the Normal Police  
9 Department have a crime scene technician?

10 A. Dave Warner, and I believe his involvement  
11 was somewhat limited because of the state crime lab  
12 technician being there on account of the type of crime  
13 it was.

14 Q. Within, let's say, the first week after  
15 Ms. Lockmiller's body was found, how many people from  
16 the Normal Police Department were assigned to the  
17 investigation?

18 A. Well, let's see. Four, perhaps five.

19 Q. Were they all detectives?

20 A. Yes.

21 Q. Who were they?

22 A. Tim Freesmeyer, Rob Hospelhorn, Dave Warner,  
23 John Belcher, and myself. And if you want to include  
24 the supervisor, that would have been Frank Zayas,

1 Z-a-y-a-s.

2 Q. Was he a lieutenant at the time?

3 A. Yes.

4 Q. So there were -- so Freesmeyer, Hospelhorn,  
5 Warner, Belcher, and yourself. That's five  
6 detectives. How was -- just describe for me, I guess,  
7 the -- strike that.

8 Of those five individuals, within that first  
9 week of Ms. Lockmiller's body being located, was there  
10 a lead investigator assigned to the homicide  
11 investigation?

12 A. Yes.

13 Q. And who was that?

14 A. That was myself.

15 Q. Who assigned you to be the lead investigator?

16 A. Chief Taylor. I'd like to explain that.

17 Q. Sure.

18 A. Lieutenant Zayas was out of town at the time  
19 and Chief Taylor, along with his assistant, Walt  
20 Clark, came into the police department and came into  
21 the CID and inquired as to whether Lieutenant Zayas  
22 was there, and of course the response was no. And  
23 Chief Taylor, he said to me, looks like you're it  
24 then. At that time, I had taken on the responsibility

1 because of what he had said.

2 Q. When did that occur?

3 A. That same day that the body was found, late  
4 afternoon, Saturday.

5 Q. And he said to you looks like you're it?

6 A. Correct.

7 Q. And to you that means that you were assigned  
8 to be the lead investigator?

9 A. Correct.

10 Q. And what significance did that have in terms  
11 your role in the investigation?

12 A. I assisted with the -- appointing other  
13 detectives at that date and time with certain  
14 responsibilities. Dave Warner was interviewing the  
15 young lady who had discovered the body.  
16 Tim Freesmeyer was interviewing Mike Swaine, who was  
17 Jennifer Lockmiller's last live-in boyfriend.  
18 Rob Hospelhorn and I went up later that -- late  
19 afternoon -- as a matter of fact, it was late evening,  
20 up to Rockford to talk to Alan Beaman. John Belcher  
21 I don't believe was present at that time.

22 Q. Was Detective Hospelhorn your partner?

23 A. Yes.

24 Q. Had he been your partner before this

1 investigation?

2 A. No. I think this is the first one that we  
3 worked together on. He was temporarily assigned to  
4 work in detectives. That's the way the assignment was  
5 for him, temporary.

6 Q. Because otherwise he was in patrol?

7 A. Correct, yes.

8 Q. And how long -- do you know how long his  
9 assignment was in detectives at that time?

10 A. I think it was a six-month period, if not a  
11 two-year. Don't quote me on either one. It's either  
12 six- or a two-year.

13 Q. Were you Officer Hospelhorn's partner during  
14 his six-month or two-year assignment in CID?

15 A. No, just this particular case.

16 Q. And why were the two of you partnered up for  
17 this case?

18 A. He was available.

19 Q. Did all the investigators working on this  
20 case partner up and have partners or was it just you  
21 and Detective Hospelhorn?

22 A. As I recall, it was just he and I together,  
23 and the other ones had certain assignments.

24 Q. Was there something about your assignment

1 that required you to have a partner?

2 A. Well, yes, we were going to go up and talk to  
3 Alan Beaman that night.

4 Q. But Detective Hospelhorn was your partner  
5 throughout your entire work on the Lockmiller homicide  
6 case; is that right?

7 A. Initially. Initially until it was handed  
8 over to Tim Freesmeyer.

9 Q. And when was that? When was it handed over  
10 to Tim Freesmeyer?

11 MR. DiCIANNI: I'm sorry, what was what?  
12 What was handed over?

13 MS. BARTON: He said the case was handed over  
14 to Detective Freesmeyer.

15 THE WITNESS: I don't recall the exact date  
16 of that. It just seems to me that basically we were  
17 out of the investigation except for an assignment or  
18 two later, about maybe a month, month and a half  
19 later. Again, I don't have the exact time.

20 BY MS. BARTON:

21 Q. So between the day the body was found and  
22 when you say that Detective Freesmeyer took the case  
23 over, was Detective Hospelhorn your partner during  
24 that entire time?

1 A. Yes.

2 Q. And what does that mean to be partnered on  
3 the investigation?

4 A. He and I would look at leads, follow those up  
5 together or separately. Depends on what type of a  
6 lead it was. We interviewed and interrogated  
7 together. We went up to Rockford. We went down to  
8 Springfield to, you know, interview. And other places  
9 in Normal-Bloomington that we interviewed associates  
10 of Alan's as well as Jennifer's.

11 Q. So there were some tasks that you performed  
12 separately, but a majority you performed together?

13 A. Correct.

14 Q. And you said that you conducted interviews  
15 and interrogations with Detective Hospelhorn. Did you  
16 take turns asking the questions in the interrogation?

17 A. Yes. I would usually lead off, and then if  
18 Detective Hospelhorn had any questions, of course he  
19 was welcome to ask them.

20 Q. How did you decide that you would be the one  
21 asking questions?

22 A. My experience, experience in investigations.

23 Q. When you conducted the interviews or  
24 interrogations with Detective Hospelhorn, did you take

1 notes?

2 A. Most of the notes were taken by Hospelhorn if  
3 he was present with me or -- I'm sorry.

4 Q. So you would be asking the questions and he  
5 took notes?

6 A. Yes, and there are times that I had taken  
7 notes as well.

8 Q. While he was asking questions?

9 A. Well, while both of us were asking questions,  
10 yeah.

11 Q. And how did you determine who would report on  
12 your activity between you and Detective Hospelhorn?

13 A. Well, Rob took it basically upon himself to  
14 do the final report on each individual activity.

15 Q. But you wrote some reports in the case,  
16 though, too?

17 A. Yes.

18 Q. So what do you mean then by  
19 Detective Hospelhorn took it upon himself to report on  
20 the final activity?

21 A. Well, if we had a witness and we finished  
22 with the interview with him, and what Rob Hospelhorn  
23 would do would type up the report. We interviewed  
24 so-and-so on such date and this is what that witness

1 or person has to say or --

2 Q. Did you read the reports that he prepared?

3 A. Yes.

4 Q. Before he submitted them to his supervisor?

5 A. Oh, yes, he would give them to me. I would  
6 look at them and read them.

7 Q. And Zayas was the supervisor in charge of  
8 this investigation?

9 A. Correct.

10 Q. So you and the other detectives submitted  
11 your reports to Lieutenant Zayas?

12 A. Yes.

13 Q. When you considered yourself the lead  
14 investigator on the investigation, how did you divvy  
15 up the work?

16 A. I was appointed as lead investigator. And  
17 what was your question?

18 Q. Were you the person that assigned one of the  
19 detectives to follow up on certain leads, so one of  
20 the five detectives?

21 A. The following week when Lieutenant Zayas had  
22 come back into town, which was would have been a  
23 Monday, he had then took over the assignments.

24 Q. So Lieutenant Zayas came back to town, what,

006756

1 within a week of Ms. Lockmiller's body being found?

2 A. Well, the body was found on Saturday, and I  
3 believe he was back in the office on a Monday.

4 Q. A few days after the body was found or --

5 A. Correct.

6 Q. -- a week?

7 A. Two days.

8 Q. Two days?

9 A. Yeah.

10 Q. So once he got back to town, Lieutenant Zayas  
11 was the one who assigned each of the detectives to  
12 certain -- to follow up on certain leads or conduct  
13 interviews?

14 A. Correct.

15 Q. But before that time, it was you on that  
16 Saturday and Sunday?

17 A. Correct.

18 Q. From reading all the reports in this case,  
19 it's pretty clear that there were a number of meetings  
20 where the investigators would get together and discuss  
21 the evidence and strategy, things like that. Do you  
22 recall meetings like that happening in the Lockmiller  
23 homicide investigation?

24 A. Well, yes, yes, I do. I believe it was the

1 following Sunday that Rob Hospelhorn -- the following  
2 day which was a Sunday, Rob Hospelhorn and I had went  
3 up to Rockford. We had a meeting. Of course the  
4 chief was there and State's Attorney was there, I  
5 believe. I don't know exactly who was there. And we  
6 discussed what our findings were as a result of the  
7 interview with Alan Beaman.

8 Q. And were there other times where all these  
9 detectives working on this investigation would get  
10 together and discuss the case?

11 A. I don't really recall. There could have  
12 been.

13 Q. Did you share information with other  
14 investigators as you were investigating the case?

15 A. Oh, yes, if we had the information that was,  
16 you know, pertinent and give you direction.

17 Q. How would you go about sharing that  
18 information?

19 A. Well, verbally. Sometimes Lieutenant Zayas  
20 would share it in a report.

21 Q. But you don't recall -- so the one meeting  
22 that you do recall was the Sunday after the body was  
23 found. Do you recall any other meetings among  
24 investigators?

1 A. Just investigators?

2 Q. Uh-huh.

3 A. I don't really.

4 Q. How about meetings with investigators and  
5 other people?

6 A. Yes, with State's Attorney's Office, the  
7 meeting that I described earlier in this deposition  
8 with then the prosecutor, Jim Souk.

9 Q. In May of 1994?

10 A. Yes. As a matter of fact, that's where I'd  
11 been when I had returned from that school. That's  
12 where I'd been prior to his -- Alan Beaman's arrest.

13 Q. Yes. And you went to -- you already  
14 testified that you went to the unsolved homicide class  
15 in April of 1994?

16 A. Correct.

17 Q. And I'll just represent to you that  
18 Mr. Beaman was arrested in May of 1994.

19 A. Okay.

20 Q. Does that jibe with your memory?

21 A. (Nodding.)

22 Q. Do you remember any other meetings between  
23 investigators and somebody from the State's Attorney's  
24 Office during this investigation?

1 A. Up to what point?

2 Q. Well, let's say between the Sunday meeting,  
3 so Sunday, August 29, and then the May 1994 meeting.

4 A. Well, there could have been meetings between  
5 Frank Zayas and the State's Attorney's office,  
6 Frank Zayas and the chief, Freesmeyer and the  
7 State's Attorney's Office.

8 Q. What about meetings where you were present?

9 A. Well, once again, there could have been  
10 meetings, but I don't recall if there were or if, in  
11 fact, there were, how many or what occurred.

12 Q. And you don't recall if they even happened,  
13 right?

14 A. Correct.

15 Q. You've already mentioned Jim Souk being  
16 present at the August 29 meeting which we'll discuss  
17 in a little bit. What was -- I guess how many times  
18 did you speak with Mr. Souk about the Lockmiller  
19 homicide investigation between that Sunday, August 29  
20 meeting, and the May 1994 meeting?

21 A. I was up at the State's Attorney's Office. I  
22 don't know what the purpose of it was. But I asked  
23 him -- he was in his office. I asked him if they were  
24 going to check the speedometer on Alan's car.

1 I also called him at one time, and, again, I  
2 don't remember what time period it was, and I asked  
3 him if he was going to -- if he could reprocess the  
4 evidence. And his response was what for? And I said,  
5 well, if you reprocess the evidence and find out that  
6 Alan did commit the homicide, then you can rest assure  
7 you had the right person. I said, but on the other  
8 hand, if it wasn't him, then you arrested the wrong  
9 person. And his response was, well, you guys did  
10 arrest the right person, didn't you? And I responded  
11 to him, my name was not on that arrest warrant. And  
12 that was about the end of the conversation.

13 Q. So this was --

14 A. Wait. I'm sorry, it wasn't the end. He  
15 responded then and said, well, I think we'll just wait  
16 until after the appeals before we do any reprocessing.

17 Q. So this was the conversation where you called  
18 Mr. Souk?

19 A. Correct.

20 Q. Mr. Beaman had already been arrested?

21 A. Yes.

22 Q. Had Mr. Beaman been convicted at that time?

23 A. I don't recall.

24 Q. And what evidence did you need or did you

1 want to reprocess?

2 A. All evidence, mainly of course her clothing  
3 items, the bed linen, blanket.

4 Q. And why did you call Mr. Souk about that?

5 A. He was the chief prosecutor. He was making  
6 the calls, or I should say directing that particular  
7 case.

8 Q. Well, why would you call the chief prosecutor  
9 regarding reprocessing evidence?

10 A. I had an interest in it. I still had an  
11 interest in it.

12 Q. But why the prosecutor in particular?

13 A. I do not know who else I would call.

14 Q. Did you talk to anybody else about  
15 reprocessing evidence other than Mr. Souk?

16 A. Again, I don't recall if I did. That's  
17 possible.

18 Q. What about the time you said you went to the  
19 State's Attorney's Office and talked to Mr. Souk about  
20 the speedometer, do you mean the speedometer in  
21 Mr. Beaman's vehicle?

22 A. Correct.

23 Q. When did that conversation take place?

24 A. Well, it would have to have been probably

1 prior to the arrest. I did speak -- in regards to  
2 your last question, I did speak to then Police Chief  
3 Walt Clark. Chief Taylor had passed away and  
4 Walt Clark who at that time was his assistant became  
5 the chief, and I was at Evanston School going to a  
6 ten-week command staff school.

7           When I got back, Chief Clark wanted to speak  
8 to each sergeant and lieutenant in regards to any  
9 issues that we may have regarding the department in  
10 general. And he asked me -- Chief Clark asked me if I  
11 had any particular interest. And I said, well, yes, I  
12 got two. I said there are two homicide cases that I  
13 have interest in. He said what are they? I said,  
14 well, there's the Rostadt (phonetic) case and then  
15 there's the Beaman case. He said, well, what about  
16 the Beaman case? I said, in my opinion, you may have  
17 the wrong person in prison. And then his response  
18 was, well, if we got the wrong kid in prison, let's  
19 get him out. I'll even pay to have the evidence  
20 reprocessed.

21           Q.    And what did he say in response?

22           A.    I said okay.

23           Q.    And so where did it go from there with  
24 Chief Clark?

1           A.    I don't know -- well, as far as following  
2 through with his suggestion? At that time, processing  
3 the evidence didn't go anywhere.

4           Q.    Did you call Mr. Souk about reprocessing the  
5 evidence after you talked to Chief Clark?

6           A.    I don't recall if I did.

7           Q.    When in relation to talking to Chief Clark  
8 did you contact Mr. Souk, whether it was before or  
9 after? Was it within a year, a couple days?

10          A.    Well, you know, I'm sorry, I just don't  
11 recall those dates.

12          Q.    I'm just wondering if you walked out of  
13 Chief Clark's office and called Mr. Souk or it might  
14 have been a span -- a period of time in between that?

15          A.    Oh, I see. No, I'm sorry, I can't pinpoint  
16 for you.

17          Q.    And you said you talked to Chief Clark  
18 shortly after you took a ten-week course in Evanston,  
19 and you don't recall when that course took place?

20          A.    No, I don't.

21          Q.    Do you recall when Chief Taylor passed away?

22          A.    Yeah, it would have been shortly -- it was  
23 during that time period because I came back for the  
24 funeral.

1 Q. Came back from where?

2 A. Evanston.

3 Q. Did you go to the ten-week course in Evanston  
4 after Mr. Beaman was convicted?

5 A. I was going there -- did I go there before or  
6 after he was convicted? It might have been even  
7 during.

8 Q. During his criminal trial?

9 A. It could have been -- well, I was there for  
10 testimony in his trial. But when I came back and had  
11 that conversation with Chief Clark, he had already  
12 been in prison, so I would have to attend that class  
13 after he was convicted.

14 Q. Let's go back to the conversation you had  
15 with Mr. Souk at the State's Attorney's Office about  
16 checking the speedometer, and this was before  
17 Mr. Beaman's arrest. Why did you go to Mr. Souk about  
18 the speedometer in Mr. Beaman's vehicle?

19 A. Well, to see if it was tampered with. If  
20 there's a way we could record the mileage off of it.

21 Q. And why did you go to Mr. Souk about that?

22 A. Well, he was in charge of the investigation.  
23 Prosecutor -- he was the chief prosecutor and that was  
24 early into the investigation.

C06765

1 Q. So why did you go to the prosecutor? Were  
2 you trying to get some sort of search warrant or why  
3 did you go to the prosecutor as opposed to somebody at  
4 the police department?

5 A. Because it was just a spur-of-the-moment  
6 thought when I was up there.

7 Q. What did you think Mr. Souk could help you do  
8 in terms of checking out the speedometer?

9 A. Well, he would have to obtain a warrant.

10 Q. Were you seeking to obtain a warrant and  
11 seeking Mr. Souk's assistance in that?

12 A. Suggestion. It was a suggestion.

13 Q. A suggestion that somebody should get a  
14 search warrant?

15 A. Well, yes.

16 Q. But you weren't -- you weren't the one that  
17 was going to get the search warrant?

18 A. Well, if he would have handed it to me and  
19 had me request it, I guess I would have been obligated  
20 to swear in before the judge to get the warrant.

21 Q. Did you talk to any investigators at the  
22 Normal Police Department before you went over to the  
23 State's Attorney's Office about checking the  
24 speedometer?

C06766

1           A.    No.  I was there on another matter.  And,  
2    like I said, it was a spur-of-the-moment thought.

3           Q.    Were you meeting with Mr. Souk on a different  
4    matter?

5           A.    No.

6           Q.    Why were you at the State's Attorney's Office  
7    at that time?

8           A.    I don't know what paperwork I had, but it was  
9    something else.

10          Q.    Unrelated to the Beaman case?

11          A.    Correct.  Correct.

12          Q.    And then you had a spur-of-the-moment thought  
13    and there's Mr. Souk?

14          A.    Yeah.

15          Q.    And you just wanted to talk to him about it?

16          A.    Correct.

17          Q.    What did Mr. Souk say about that?

18          A.    I don't recall what his response was.  
19    Apparently he was in favor of it because a search  
20    warrant was obtained and executed by Tim Freesmeyer.

21          Q.    Did you ever talk to Detective Freesmeyer  
22    about that?

23          A.    No.

24          Q.    Why not?

C06767

1 A. I had no need to.

2 Q. Well, did you share your thoughts -- your  
3 spur-of-the-moment thought about getting a search  
4 warrant for the speedometer, did you share that with  
5 any investigators?

6 A. Possibly. Again, I don't recall.

7 Q. Were you still the lead investigator at the  
8 time?

9 A. No.

10 Q. What about any other conversations you recall  
11 having with Mr. Souk prior to Mr. Beaman's conviction?

12 A. That's all I recall having with him.

13 Q. What about after the conviction?

14 A. No, other than that phone call.

15 Q. The one we've already discussed?

16 A. Correct.

17 Q. What about with Mr. Reynard who was the  
18 State's Attorney for McLean County at the time of the  
19 investigation?

20 A. I recall having two conversations with  
21 Mr. Reynard. The first conversation was via telephone  
22 from the CID office at Normal, and he was home. We  
23 had a question regarding that Saturday night prior to  
24 going to Rockford regarding possibility of making an

C06768

1 arrest of Alan Beaman if, in fact, we determined he  
2 was the suspect.

3 Q. So you called Mr. Reynard at home when he was  
4 at home and you were at the CID --

5 A. Correct.

6 Q. -- before you went to go to talk to  
7 Mr. Beaman in Rockford?

8 A. Correct.

9 Q. And that would have been August 28, the day  
10 the body was found?

11 A. Is that the date?

12 Q. Yes.

13 A. Okay.

14 Q. That Saturday.

15 A. Right.

16 Q. And why were you calling Mr. Reynard about  
17 that?

18 A. Because advice whether or not if we needed an  
19 arrest warrant to arrest him if we thought that he was  
20 involved in the murder, if he was going to issue it or  
21 have him extradited. That was my first conversation  
22 with Charlie Reynard.

23 Q. About the Beaman case or ever?

24 A. That was my first one with the Beaman case.

**006769**

1 Q. And what did Mr. Reynard say?

2 A. You can go ahead and arrest him if you have  
3 enough probable cause as I recall.

4 Q. You can arrest him without a warrant, right?

5 A. (Nodding.)

6 Q. Yes? It has to be a verbal --

7 A. As I recall, yes.

8 Q. I'm sorry. It just has to be a verbal  
9 answer. I know you're shaking your head, but --

10 A. Yes. I'm sorry. I should have known that.

11 Q. And what was the second conversation you  
12 recall?

13 A. I was in Charlie Reynard's office when he was  
14 still a State's Attorney and Beaman had already been  
15 convicted and I was getting another felony case  
16 screened, meaning that he was reviewing the felony  
17 paperwork to see if there's enough there to formally  
18 charged the person mentioned in that report. And I do  
19 not know what the exact words or who initiated the  
20 subject matter, but we were talking about Alan Beaman,  
21 but not in any particular detail, and his thought was,  
22 well, we got the right guy.

23 Q. Did he say that?

24 A. Yes.

C06770

1 Q. And what did you say?

2 A. I didn't respond. I knew it was going to be  
3 the end of conversation as far as Alan Beaman goes and  
4 respecting his position.

5 Q. Was that all that you two discussed about the  
6 Beaman matter?

7 A. It wasn't a discussion. It was just a  
8 comment.

9 Q. Comment. Fair enough.

10 Any other conversations you remember with  
11 Mr. Reynard either before or after Mr. Beaman's  
12 conviction?

13 A. Not that I recall.

14 Q. What about Lieutenant John Brown?

15 A. Yes, John Brown and I were directed by  
16 Frank Zayas -- again, I don't recall the date and the  
17 time. But we were to go up to Rockford to the  
18 Beamans' residence, Mr. and Mrs. Beaman, and Alan  
19 Beaman of course resided there, and we were to have --  
20 attempt to make contact with the Beamans, the parents,  
21 regarding -- having a further conversation with Alan.  
22 And we waited there for quite a while and there was no  
23 activity in and out of the residence. Therefore, we  
24 left Rockford and came on back to Normal. We were

C06771

1 there approximately an hour, maybe an hour and a half.  
2 That's the only time that John Brown and I, as I  
3 recall, had any association together regards to this  
4 case.

5 Q. No other conversations you remember having  
6 with --

7 A. No, I don't.

8 Q. -- Lieutenant Brown?

9 What did you understand his role in the  
10 investigation to be?

11 A. John Brown?

12 Q. Uh-huh.

13 A. Aside from being with me to go up there, he  
14 worked with Tim Freesmeyer.

15 Q. But he was assisting on the investigation?

16 A. Correct, at the direction of -- my  
17 understanding at the direction of perhaps  
18 Charlie Reynard or Jim Souk.

19 Q. And why do you say that?

20 A. Because he's a McLean County deputy, and he  
21 would come under their jurisdiction and authority.

22 Q. So he was a lieutenant in the sheriff's  
23 office at that time?

24 A. Correct. Well, I believe at the time, he was

1 on assignment with the State's Attorney's Office as an  
2 investigator.

3 Q. Any other conversations with John Brown  
4 before or after the conviction that you recall --

5 A. Not that I recall.

6 Q. -- about the Beaman case?

7 So after you got the phone call on Saturday,  
8 which is, I'll just represent to you, August 28, 1993,  
9 the Saturday that Ms. Lockmiller's body was found,  
10 what was the first thing that you did after you  
11 received the phone call at your house?

12 A. Went to the scene.

13 Q. When you arrived at the scene, what did you  
14 do?

15 A. I talked to some of the officers. It seems  
16 to me it was Lieutenant Kotte, he was a lieutenant in  
17 charge of shift that day.

18 Q. K-o-t-t-e?

19 A. K-o-t-t-e.

20 Q. And what information did Officer Kotte share  
21 with you?

22 A. Basically there was a young female there in  
23 the bedroom, scissors in her chest, her underclothing  
24 had been pulled down, she had been laying there for

1 quite a while. I went in and didn't do a detailed  
2 examination of the scene. As I recall, Chief Taylor  
3 arrived and wanted me to get back to the CID to start  
4 working on the case.

5 I recall Freesmeyer being there as well, and  
6 he started interviewing some of the neighbors because  
7 it was an apartment complex.

8 Q. How long were you at the crime scene?

9 A. Maybe 20 minutes, a half an hour. I know the  
10 coroner arrived before I left, and I don't know if  
11 Dean from state crime lab had arrived before -- oh,  
12 yeah, he did because I saw him then. He was working  
13 on it. So I don't know how long.

14 Q. Did you observe Ms. Lockmiller's body in the  
15 condition in which it was found?

16 A. I observed it but not examined it.

17 Q. What did you observe about her body?

18 A. Well, she was in the bedroom. She was on her  
19 back and her legs were underneath her knees, and, you  
20 know, she was partly lying on the legs. Her shorts  
21 and her under panties were pulled down, I believe, and  
22 her bra was pushed up along with her blouse, and there  
23 were a pair of scissors embedded in her chest, and the  
24 cord from a clock radio was wrapped around her throat.

1 That's basically what I observed.

2 Q. Did you observe anything else about the  
3 apartment?

4 A. There were cats, kittens in the apartment.  
5 Like I say, I didn't have the opportunity, the time,  
6 to further examine or inspect the apartment.

7 Q. Who else was at the scene that you recall?

8 A. Officers Fogler, Lieutenant Kotte, I believe  
9 Sergeant Ebert, E-b-e-r-t, was there, Tim Freesmeyer.  
10 I don't know if Detectives Hospelhorn or Warner were  
11 there when I was there. Sergeant -- no, he wasn't a  
12 sergeant. Patrolman Scott Johnson I believe was  
13 there. There may have been one or two other uniformed  
14 officers.

15 Q. Even though you were at the scene for a short  
16 period of time, under a half an hour, did you get any  
17 impressions from the scene or what were your first  
18 thoughts about it?

19 A. My first thought that it was a sex crime, but  
20 then looking at the fact that there were two murder  
21 weapons involved, being a strangulation and the  
22 scissors, perhaps the suspect had a personal interest  
23 in this crime of passion. And it did not seem to be a  
24 motive of burglary because things were not disturbed

1 as though you might expect at a burglary scene.  
2 Granted, it was gruesome, but after talking to several  
3 of her friends later on in the investigation, we  
4 determined some facts from the victimology of her.

5 Q. What about the scene of the crime made you  
6 think at least initially when you were first there  
7 that it was a sex crime?

8 A. Because of the position of her body and the  
9 fact that the -- the clothing.

10 Q. And what about the crime scene indicated to  
11 you it was a crime of passion?

12 A. Because of maybe a personal vendetta against  
13 her, up close and personal because overkill or even a  
14 thought of staging it.

15 Q. Well, what specific things about the crime  
16 scene?

17 A. That led to?

18 Q. To think that it was something of a personal  
19 nature or a vendetta against the victim?

20 A. Because of the overkill.

21 Q. What do you mean by overkill?

22 A. Well, the fact that she was strangled by a  
23 cord and also the scissors embedded in her chest, and  
24 there were six stab wounds plus the scissors was left

1 in the seventh wound.

2 Q. On her chest?

3 A. On her chest, correct.

4 Q. Can you define what a crime of passion is.  
5 What do you mean by that?

6 A. Well, normally there are three motives.  
7 Normally there are three motives behind a homicide:  
8 Sex, vendetta, or financial gain. I did not see a  
9 financial gain. Later on it looked like maybe, first,  
10 you know, it was sex because of the arrangement of the  
11 clothing and the fact that she was knelt by the bed  
12 there and the person was behind her, and also the fact  
13 we learned of all the boyfriends she had gave us more  
14 thought that maybe that's what it was. Nothing  
15 conclusive as to the motive.

16 Q. How many times were you at the crime scene?

17 A. Maybe three.

18 Q. When did you revisit the crime scene after  
19 that first initial call?

20 A. Early the following week or the beginning of  
21 the week, latter part of August.

22 Q. And what about the third time?

23 A. If there was a third time, I don't know. The  
24 reason why I recall that second visit is we went over,

C06777

1       knocked on the neighbor's door across from the hallway  
2       there and asked for a plastic bag.

3             Q.    What was the purpose of the second visit?

4             A.    To have another look around to see if we  
5       missed anything.

6             Q.    Who was there?

7             A.    Dave Warner was with me on that second visit.

8             Q.    Just the two of you?

9             A.    Correct. Well, Rob Hospelhorn could have  
10       been, but I couldn't be certain.

11            Q.    Which neighbor? Which door did you knock on?

12            A.    Right across the hallway. I think it was  
13       Dave was his name.

14            Q.    So there were four units in Ms. Lockmiller's  
15       building?

16            A.    Yes.

17            Q.    Two on the second floor and two on the first  
18       floor?

19            A.    Correct.

20            Q.    And Ms. Lockmiller's apartment was on the  
21       second floor, right?

22            A.    I guess.

23            Q.    You don't recall either way?

24            A.    No, I don't. I'm sorry.

1 Q. So the person -- the neighbor at least that  
2 you knocked on their door the second time you went to  
3 the scene was the person directly across the hallway  
4 from Ms. Lockmiller's apartment?

5 A. Yes, and I don't think it was a male that  
6 gave me a plastic bag. It seems to me it was a  
7 female. Again, I'm not positive.

8 Q. Why were you asking for a plastic bag?

9 A. I believe I wanted to bag up another plastic  
10 bag that was from the crime scene. I think it was in  
11 front of the sink in the kitchen.

12 Q. So you and Detective Warner walked through  
13 the crime scene and found another bag by the sink?

14 A. I believe that's what we found. That's what  
15 got my interest. Again, I'm not certain on that.

16 Q. And then you went to the neighbor's house to  
17 ask for a plastic bag so you could retrieve it?

18 A. Correct.

19 Q. Is that what I'm understanding?

20 A. I believe that's what it was.

21 Q. What sort of bag did you find near the sink?

22 A. It was a plastic grocery bag.

23 Q. Could you see any of the contents?

24 A. I must have opened it, otherwise why would I

1 save the bag? I saved the bag for perhaps latent  
2 prints if it was -- it was a relevant item because she  
3 had many cats, and the door to the sink was still open  
4 and the bag -- trash bag laid there. And my thoughts  
5 were one of two things: The perpetrator, or the cats  
6 got hungry and were looking for something to eat and  
7 underneath the sink was the trash bag.

8 Q. So the door underneath the sink was --

9 A. Ajar.

10 Q. -- ajar and there was a plastic bag around  
11 that spot?

12 A. Correct.

13 Q. And do you recall any of the contents?

14 A. No, I don't.

15 Q. What did you do with the plastic bag once you  
16 retrieved it?

17 A. Well, I gave it to Dave Warner to put into  
18 evidence.

19 Q. Because Warner was a crime scene technician?

20 A. With Normal, correct, yeah.

21 Q. So did you give it to him right away? Did he  
22 just take it back to the station?

23 A. I don't recall.

24 Q. Did you give any evidence to

1 Detective Freesmeyer?

2 MR. BOWMAN: Objection; vague, overbroad.

3 BY MS. BARTON:

4 Q. Did you provide -- strike -- I'll re-ask the  
5 question.

6 Did you provide Detective Freesmeyer with any  
7 evidence that you had recovered from the scene?

8 MR. BOWMAN: Objection; vague, overbroad. I  
9 don't -- is there a time frame for the question?

10 MS. BARTON: Just ever.

11 MR. BOWMAN: Same objection. You can answer.

12 THE WITNESS: You want me to answer that  
13 question?

14 BY MS. BARTON:

15 Q. If you can.

16 A. Okay. I don't recall.

17 Q. You testified in Mr. Beaman's trial, right?

18 A. Yes.

19 (Whereupon, Daniels Deposition  
20 Exhibit No. 1 was marked.)

21 MR. BOWMAN: This is Daniels Number 1?

22 MS. BARTON: Yeah.

23 BY MS. BARTON:

24 Q. Mr. Daniels, I handed you what I marked as

1 Exhibit Number 1. And the front page just reflects  
2 the date of these report of proceedings being  
3 March 16th and 17th of 1995. And then if you go to  
4 page -- I'm just looking at the numbers in the middle  
5 of the page here, 436.

6 A. Okay.

7 Q. This is where your direct examination begins  
8 by Ms. Dimmick. Do you remember Ms. Dimmick?

9 A. Oh, yes.

10 Q. And she was one of the prosecutors?

11 A. Second chair, yeah. She shared it with  
12 Jim Souk.

13 Q. Turn to page 446. Beginning at line 10, read  
14 through 46 and page 47 and let me know when you're  
15 finished.

16 A. Starting with 10?

17 Q. Line 10, yes, through line 8 on the  
18 second page.

19 A. Okay.

20 Q. Does that refresh your memory whether you  
21 provided two bags that you had retrieved from the  
22 crime scene to Detective Freesmeyer?

23 A. Apparently it does. I stand corrected on the  
24 answer to your original question.

C06782

1 Q. Does it refresh your memory at all about  
2 providing Detective Freesmeyer with any evidence you  
3 recovered from the scene?

4 A. No.

5 Q. So you still don't have any memory of that,  
6 right?

7 A. That's correct.

8 Q. But you testified truthfully at the trial?

9 A. Correct.

10 Q. Did you retrieve more than one bag from the  
11 crime scene?

12 A. I don't recall.

13 Q. Did you retrieve any other physical evidence  
14 from the crime scene other than what you told me, the  
15 grocery bag by the sink?

16 A. Again, I don't recall and I don't -- well, it  
17 said bags, but I'm assuming that refers to the  
18 evidence bag as well as the bag that I secured the  
19 evidence in.

20 Q. We can put that to the side and come back to  
21 that.

22 So you spent about 20 to 30 minutes at the  
23 crime scene that first afternoon --

24 A. As I can recall, yes. It wasn't very long.

1 Q. And then you testified earlier that  
2 Chief Taylor assigned you to go back to Normal Police  
3 Department to begin the investigation?

4 A. Yeah. Well, as I recall, I was to go back to  
5 the detective division. That's why I could not spend  
6 much time there at the scene. And then when he came  
7 into the station like I previously stated, and he said  
8 looks like you're it. So that's when we started.

9 Q. What was the first thing you did when you got  
10 back to the detective division?

11 A. Well, I don't know. Can't recall. It seems  
12 to me we already had the young lady who discovered the  
13 body. We already had an oral statement from her. And  
14 I think Dave Warner was talking to her. I don't  
15 recall. I could have said, what do we have here,  
16 Dave Warner, or what can you tell me or what happened.  
17 I just don't recall what the first step was.

18 Q. Did you sit in on the interview that  
19 Dave Warner was conducting?

20 A. No, I didn't.

21 Q. You did not?

22 A. No, I don't recall.

23 Q. Oh, you don't remember, okay.

24 And that was Morgan Keefe. Does that name

1 ring a bell?

2 A. Morgan Keefe, yes.

3 (Whereupon, Daniels Deposition  
4 Exhibit No. 2 was marked.)

5 BY MS. BARTON:

6 Q. This will be Daniels Exhibit 2.

7 Have you ever seen these documents before?

8 A. Well, most likely probably the day or during  
9 the time period of the investigation. It looks as  
10 though I was there.

11 Q. So on the second page of this document,  
12 the --

13 A. Top of the page.

14 Q. Yeah. Do you -- this appears to be a  
15 transcript of the interview conducted of Morgan Keefe  
16 on August 28. And the top of the page, 1336,  
17 page 1336 says it's the 28th day of August, 1993 at  
18 approximately 1500 hours. Present is  
19 Detective Daniels also with the Normal Police  
20 Department. This is an interview with Morgan Keefe in  
21 reference to a female found at [REDACTED]. I'm  
22 sorry, I missed a part. This is Dave Warner with the  
23 Normal Police Department.

24 Does that refresh your memory of being in the

1 interview with Detective Warner?

2 A. That doesn't refresh my memory, but let me  
3 explain this. The layout of the detective division is  
4 a wide, big open room, and every detective have their  
5 own undivided cubicle. So if he was sitting over in  
6 the opposite corner talking to her and I was sitting  
7 at my desk, you could say theoretically, yes, I was  
8 present.

9 Q. Okay.

10 A. Or he could have been in the interview room,  
11 which he doesn't state, meaning, yes, I was present in  
12 the room.

13 Just to clarify that, if you look at our  
14 interviews, our meaning Rob Hospelhorn's and mine,  
15 with various people at the Normal Police Department, I  
16 think you'll see that in front of our opening  
17 statement is the fact that we are present in an  
18 interview room, and that's the reason why I don't  
19 recall. And Dave Warner of course could have -- I  
20 could have been there. I could have been sitting next  
21 to him.

22 Q. Sure. Completely understand. It's been --  
23 many years have passed in between that time. I'm just  
24 trying to show you documents to try to refresh your

1 memory and see if it helps jog any memories for you.

2           Regardless of whether you were sitting next  
3 to Dave Warner or somewhere in the detective division  
4 at the time that Ms. Keefe was interviewed, did at  
5 some point you learn what Ms. Keefe told  
6 Detective Warner during the interview?

7           A.    Yes.

8           Q.    What did you learn that Ms. Keefe told  
9 Detective Warner?

10          A.    She -- she -- Morgan tried to get ahold of  
11 Jennifer -- well, it would have been the day before  
12 her demise. It would have been on a Friday I guess,  
13 Friday night. Couldn't reach her by phone, and she  
14 drove by her apartment and saw the lights on. And she  
15 went over the next morning, Saturday, and discovered  
16 the body.

17          Q.    Did she provide -- do you recall any other  
18 information she provided that was pertinent to the  
19 investigation?

20          A.    Well, I believe that she provided information  
21 as far as a couple of Jennifer's past boyfriends, one  
22 being Alan. I don't know if she provided John Revis's  
23 name or Michael Swaine who was her latest live-in  
24 boyfriend. That's how those names came up.

1 Q. If you look at page 3 of the interview  
2 transcript, Dave, being Dave Warner, is asking does  
3 she date anybody. Do you see where I am?

4 A. Oh, you're on printed page 3, okay. Where's  
5 the question?

6 Q. Does she date anybody?

7 A. Oh, okay, sorry.

8 Q. And Morgan's response is: Um, this gets  
9 really messy. She went out with this guy named Alan,  
10 and this is -- and then she provides Alan Beaman's  
11 name.

12 A. Okay.

13 Q. And she goes on to say that I finally met  
14 him, being Alan Beaman, on the 4th of July and, um,  
15 Jen didn't like him very much. Do you see where I am?

16 A. Right.

17 Q. She went out with him, but he was kind of  
18 pushy, kind of to the point where he talked her into  
19 going out with him. And if she swayed away from him,  
20 then he would threaten suicide, and so she would out  
21 of guilt go back out with him, and a couple times I  
22 remember he would break down the door at her  
23 apartment.

24 Do you see where I'm reading that?

1 A. Sure.

2 Q. And then the next question that Dave asks is  
3 over here on [REDACTED] and she responds: Uh-huh,  
4 yes, I had some friends who lived here. And one night  
5 I came home and, um, there was a car -- or a chair up  
6 against the door and there was a big beam and when I  
7 opened the door, she started screaming, and I was  
8 like, Jen, it's just me, it's okay. And she said, oh,  
9 well, Alan broke down the door a while ago. And  
10 that's why she had it all blockaded up. And I had  
11 only met him once, and I don't know very much about  
12 him.

13 Do you see where she says that?

14 A. Sure.

15 Q. On the next page, Ms. Keefe begins talking  
16 about Mike Swaine.

17 A. Okay.

18 Q. Toward the bottom of the page, that middle --  
19 the middle of that big paragraph there she says,  
20 anyway, she -- he lived with a guy named Mike Swaine  
21 who Jen really liked, and over the summer she has been  
22 talking about how much she was looking forward to Alan  
23 going home so that she could finally spend time with  
24 Mike.

1           So here she's talking about Mike -- I guess  
2 this is the first time that Mike Swaine's name comes  
3 up. So she is providing background on  
4 Ms. Lockmiller's previous relationships, right?

5           A. Sure.

6           Q. On page 7 towards the bottom half of the  
7 page, Morgan says: I don't know his real name, but  
8 ever since high school, she dated a guy named Bubba  
9 who she broke up with. And Dave says, Bubba? And  
10 Morgan says, yeah. She broke up with Bubba, and then  
11 she goes on to talk about Bubba.

12           Do you see where I'm reading that?

13           A. Sure.

14           Q. So she is providing Beaman's name, Swaine's  
15 name and now Bubba. Do you know who Bubba is?

16           A. Bubba Smith?

17           Q. Stacey Gates? Does that ring a bell?

18           A. Yeah, Stacey Gates.

19           MR. DiCIANNI: Defensive end.

20           THE WITNESS: Big guy.

21           Yes, Bubba Stacey Gates, yes.

22 BY MS. BARTON:

23           Q. And in that same paragraph Morgan says, he,  
24 being Bubba, asked her what he needed to do to get

1 back with her, and she said get a job because he was  
2 kind of a bum. So he just got a job in Peoria, and  
3 she was going to see him last night.

4 A. Which would have been Friday night I guess.

5 Q. Friday night before the body was found, okay.

6 And then on page 9 Morgan says, we went to  
7 Spanky's. Do you see where that is?

8 A. Yes.

9 Q. And then we left and we were going to go to  
10 the Cellar, and we never quite made it. We ran into a  
11 couple of guys.

12 And then Ms. Keefe goes on to talk about two  
13 people that -- or two men that Ms. Lockmiller --  
14 somebody gave somebody's number, right?

15 A. So she gave them her own number.

16 Q. And then Morgan says: Somebody gave somebody  
17 their number.

18 A. Okay.

19 Q. So Ms. Keefe was talking about, again,  
20 Alan Beaman, Mike Swaine, Bubba, being Stacey Gates,  
21 and then now these two gentlemen that they met, I  
22 don't know, about a week prior to her murder.

23 MR. BOWMAN: Objection. I'm belated in doing  
24 this. I don't think it's a big deal, but, you know,

1 the transcript says what it says. Something about Jen  
2 or Morgan writing Jen's number on a piece of lipstick  
3 for the two guys. I mean, it says what it says. So I  
4 object to the characterizations of what we can all  
5 read.

6 BY MS. BARTON:

7 Q. On page 10 towards the bottom of the page,  
8 Morgan -- right below where it says Detective Daniels  
9 can be heard in the background making a phone call.  
10 Right below that, you see --

11 A. Ah, so I was in the room.

12 Q. Morgan says: If Alan was ever abusive to her  
13 or not, all I know is he would break down the door,  
14 and the fact that she screamed when I came in kind of  
15 indicated to me that he scared her.

16 Did I read that right?

17 A. Yes.

18 Q. All right. Anything else that you remember  
19 from Morgan's interview with Dave Warner other than  
20 what we've kind of covered? You can look through it  
21 if you want to.

22 A. No, I really don't other than what's in  
23 there.

24 Q. Do you recall whether you talked to

1 Dave Warner after he interviewed Ms. Keefe?

2 A. Oh, I would imagine I did because, you know,  
3 there's an old saying in investigations, the first  
4 person on the scene to discover a homicide body is the  
5 first suspect you want to talk with.

6 Q. So was Ms. Keefe a suspect at that time?

7 A. Not -- in my estimation, she was not. Again,  
8 she was interviewed because she discovered the body.  
9 And the information of course that she gave me or gave  
10 us came out in interviews.

11 Q. Do you recall talking to Detective Hospelhorn  
12 about Morgan Keefe's interview?

13 A. I don't recall talking to him.

14 Q. Well, what's the next thing you remember  
15 doing on that night on the 28th or during the  
16 afternoon?

17 A. Well, I believe Tim Freesmeyer was in a  
18 separate interview room talking to Mike Swaine. And I  
19 don't know exactly what he said about Mike Swaine's  
20 interview other than he was staying with her. I don't  
21 recall exactly what the conversation would be.

22 Q. Do you recall how Detective Freesmeyer came  
23 to be interviewing Michael Swaine?

24 A. Michael Swaine was stopped by patrol officers

1 when he returned to the scene, that being Jennifer's  
2 apartment building. And they had him in a squad car  
3 and he was being transported by Freesmeyer down to the  
4 detective division of the Normal PD. That's how --  
5 that's why he was there.

6 So reflecting back, he would have been most  
7 likely a suspect at that time.

8 Q. That was going to be my next question,  
9 whether Mike was a suspect at that time?

10 A. Seems to me because he was being detained and  
11 transported back to the police department.

12 Q. So what do you recall the next thing that  
13 happened after Morgan Keefe and Mike Swaine were  
14 interviewed at the Normal Police Department?

15 A. Well, Rob Hospelhorn and I were comparing the  
16 information we received from both of them.

17 Q. Them being?

18 A. Mike Swaine and Morgan Keefe. And discussing  
19 going up to Rockford to talk to Alan because we  
20 obtained information enough to found out who  
21 Alan Beaman was through police records.

22 Q. And how was it -- what do you mean through  
23 police records?

24 A. Well, he -- he had been on file, meaning

1 there were reports that the Normal Police Department  
2 with his name mentioned as a suspect.

3 Q. What sort of reports?

4 A. I think there were domestic violence, battery  
5 or criminal damage.

6 Q. And how did you find those reports?

7 A. Computer.

8 Q. So you searched Beaman's name?

9 A. Correct.

10 Q. Once you learned of what Ms. Keefe said?

11 A. I don't know if it was from her or Michael --  
12 it may have been from Michael Swaine, yeah, with them  
13 being roommates. I don't know how the information  
14 that was provided to us, how that came about in order  
15 to run his name through records.

16 Q. Were you also trying to figure out where  
17 Mr. Beaman was living at that time?

18 A. Yes. At home.

19 Q. Were you doing that for anybody else?

20 A. Oh, I imagine we were. Well, we were in  
21 touch with the Rockford -- Winnebago Sheriff's  
22 Department up in Rockford I would imagine, because as  
23 a matter of fact, I talked to them to assist us.

24 Q. Were you looking for -- well, was Mr. Beaman

1 a suspect? Did you consider Mr. Beaman a suspect by  
2 the time you were looking at the Normal Police  
3 Department reports when you did the search for his  
4 name?

5 A. Based upon the contents of the report.

6 Q. Of what report?

7 A. From the record as a result of running his  
8 name through the records.

9 Q. So as a result of those records, Mr. Beaman  
10 became a suspect?

11 A. I think that's where we came up at or  
12 maybe -- it could have been just what Morgan Keefe had  
13 said that Jennifer had told her, all being hearsay,  
14 but we had to go with the information we had. Him  
15 breaking the door down, it looked like to be a violent  
16 individual.

17 And, of course, you look at boyfriends when  
18 you're initially investigating a homicide as that  
19 because of what the crime scene looked like, what it  
20 was able to tell us about -- the motive behind the  
21 crime. Again, I can't recall if it's from basically  
22 Morgan Keefe, running the report and/or Mike Swaine.

23 Q. And then how was it determined that you would  
24 go -- you and Dave -- Rob Hospelhorn would go and

1 interview Mr. Beaman in Rockford?

2 A. Well, Chief Taylor directed us to go up  
3 there, and I informed Chief Taylor or I suggested to  
4 Chief Taylor I think it was a little bit too soon. We  
5 didn't have enough information. And he wanted us to  
6 go up there anyway.

7 Q. Did Chief Taylor tell you why he was  
8 directing you to go up to Rockford?

9 A. Well, Chief Taylor has a position, a  
10 personality that you don't question when he wants you  
11 to do something. So I said, yes, sir. So we made  
12 arrangements to go up there.

13 MR. DiCIANNI: I'm sorry. Could you repeat  
14 that.

15 (Whereupon, the record was  
16 read as requested.)

17 BY MS. BARTON:

18 Q. And you already testified before that you  
19 called Mr. Reynard before you headed up to Rockford?

20 A. Correct.

21 Q. Was that after the point in time that  
22 Chief Taylor directed you to go to Rockford?

23 A. Oh, yes.

24 Q. And how did you go about making arrangements

1 to go to Rockford?

2 A. Well, contacted Winnebago County to ask for  
3 their assistance to locate where the house was. And  
4 they did that and they even put a deputy on watch at  
5 the house.

6 Q. How did you determine that Mr. Beaman was in  
7 Rockford?

8 A. Well, I think -- I guess I shouldn't answer  
9 that with my thoughts. I believe that Rockford  
10 determined -- Winnebago County Sheriff's Department in  
11 Rockford determined that his car was in the driveway.

12 Q. How did you obtain his address in Rockford?

13 A. Would have come off the police files or even  
14 from ISU -- or not ISU, IW. I'm pretty sure it came  
15 off the report on file.

16 Q. So by the time you were leaving for Rockford  
17 with Detective Hospelhorn, Beaman was a suspect in  
18 Ms. Lockmiller's homicide?

19 A. Yes.

20 Q. Were there any other suspects at that time?

21 A. Well, John Revis, I don't know if his name  
22 came up shortly after that or shortly before that.  
23 But Detective John Belcher had the task of locating  
24 that John Revis.

1 Q. So it sounds like --

2 A. Mike Swaine -- until Detective Freesmeyer was  
3 interviewing -- he completed his interview with  
4 Mike Swaine, Mike Swaine was a suspect.

5 When I came -- when we came back from  
6 Rockford, already a dispatcher advised me that there  
7 was a kid named -- I don't know if the operator used  
8 the word Bubba or Stacey Gates on the phone, was kind  
9 of upset and inquisitive about not being able to get  
10 ahold of Jennifer Lockmiller. So I talked to him on  
11 the phone and informed him that we weren't releasing  
12 any information regarding whereabouts of  
13 Jennifer Lockmiller or any information at all about  
14 her.

15 Q. Was Bubba a suspect at that time?

16 A. Well, in my opinion he was because it was  
17 awful peculiar, coincidental that he was calling at  
18 that time in that night. Again, that's just basic  
19 intuition.

20 MS. BARTON: We could probably take a break.  
21 We can go off the record.

22 (Whereupon, a discussion was  
23 had off the record.)

24 (Whereupon, a break was taken.)

1 (Whereupon, Daniels Deposition  
2 Exhibit No. 3 was marked.)

3 BY MS. BARTON:

4 Q. So when we left off, we were talking about  
5 the decision to go up to Rockford and speak with  
6 Mr. Beaman on August 28 which was the day that  
7 Ms. Lockmiller's body was found.

8 A. Right.

9 Q. And you said that Chief Taylor had directed  
10 you and Hospelhorn to go and speak to Mr. Beaman,  
11 right?

12 A. Absolutely.

13 Q. And what information did you have about  
14 Mr. Beaman at that particular point in time?

15 A. That he was the boyfriend before Mike Swaine,  
16 and the fact what Morgan Keefe had said about breaking  
17 in the door and a rocky relationship. I think that's  
18 about the general gist of information we had.

19 Q. Did you know anything about Mr. Beaman from a  
20 source other than Ms. Keefe?

21 A. Well, I thought we had report on file there  
22 at the Normal Police Department.

23 Q. And that was the one that you referred to as  
24 a domestic violence issue involving Mr. Beaman?

1           A.   Well, that's -- that's what I believe it to  
2 be, right, yeah, involving Alan. I think that's where  
3 the information was substantiated as far as him  
4 breaking the door down.

5           Q.   And we've already established -- well, at  
6 least you already testified that at that point in time  
7 Beaman was a suspect?

8           A.   Correct.

9           Q.   So I've handed you what's been marked as  
10 Exhibit 3 for your deposition, and this is a group  
11 exhibit that I put together of all the police reports  
12 that you authored. There was one that I missed, and  
13 so I made copies of that today. So there's one  
14 missing, but I'll get to that later. But other than  
15 that, this seems to be all the reports that you  
16 prepared in connection with the Lockmiller homicide.

17                   So the first six pages, it looks like one  
18 report. Is that one report, right, pages 1 through 6?

19          A.   Yes.

20          Q.   And this report is dated September 2, 1993.

21          A.   Okay.

22          Q.   Signed off by Lieutenant Zayas, right?

23          A.   Right.

24          Q.   Is this a report that you prepared?

1 A. Yes.

2 Q. On the first page, the second paragraph in  
3 the middle says information from Secretary of State's  
4 office revealed that Beaman had a residence of  
5 [REDACTED] in Rockford.

6 A. Right. Okay.

7 Q. Does that refresh your memory of where you  
8 learned that Mr. Beaman lived in Rockford?

9 A. Correct.

10 Q. And then it goes on to say that you made  
11 arrangements, which we've already talked about.

12 A. Yeah.

13 Q. Talking to the Winnebago County Sheriff's  
14 Office, right?

15 A. Okay.

16 Q. When you were traveling -- did you travel to  
17 Rockford with Detective Hospelhorn?

18 A. Uh-huh.

19 Q. Did you two discuss what the strategy would  
20 be for interviewing Beaman?

21 A. Well, my thoughts were this may be our only  
22 opportunity to talk to the kid because we didn't have  
23 that much information, so we're going to see what he  
24 has to say. And then if there was something there

1 that needed to be challenged, we would challenge it  
2 then.

3 Q. So what was the purpose of interviewing  
4 Mr. Beaman?

5 A. To get information from him.

6 Q. About what?

7 A. His relationship basically, his relationship  
8 with Jennifer and where he would have been during the  
9 time period in question.

10 Q. At this point in time, Saturday night, the  
11 Saturday that Ms. Lockmiller's body was found, did you  
12 know what the time of death -- or the day of death or  
13 time of death was?

14 A. Not before we went up there. I don't think  
15 we did, unless -- I don't think it had been confirmed.  
16 We knew of her class schedule, but we had to go from  
17 that I guess. The phone records weren't obtained  
18 until, I think, the following week.

19 Q. And the autopsy, of course, hadn't been  
20 performed, right?

21 A. Correct, yeah. I think it was all based upon  
22 her class schedule, phone record, you know, when the  
23 last time somebody saw her and when she was expected  
24 in class.

1 Q. But at least in the time before you went to  
2 interview Mr. Beaman, you didn't have a time of death  
3 or a day of death?

4 A. No, we did not have a specific time or date.

5 Q. Was the purpose of meeting with Mr. Beaman,  
6 was it an interview or was it an interrogation?

7 A. An interview.

8 Q. An interview. But Mr. Beaman was a suspect  
9 at that time?

10 A. Correct.

11 Q. Did you go to Rockford with the intention of  
12 trying to elicit a confession from Mr. Beaman?

13 A. Well, based upon what the interview would  
14 tell us, yes, that's why we called Charlie's office to  
15 see what he would have us do if we were able to -- and  
16 if it came to that point.

17 Q. So what happened when you got to Rockford?

18 A. Well, we went to the county sheriff's office,  
19 met with detective, took us out to the scene which  
20 was -- I don't know where the exact location was, but  
21 they -- Winnebago had stopped Alan Beaman while Alan  
22 was en route to work, and unbeknown to us, they had  
23 informed him why he was being stopped.

24 We got there on the scene and we introduced

1 ourselves. And sheriffs were still there, Winnebago  
2 sheriffs were still there. We introduced ourself and  
3 asked him to come on down to the Winnebago Sheriff's  
4 Department for some questioning about the death of a  
5 friend of his.

6 Q. So when you're referring to the scene, do you  
7 mean the place where Mr. Beaman was pulled over --

8 A. Correct.

9 Q. -- by the Winnebago --

10 A. Right, yeah. So he accompanied us. I think  
11 we rode in the same car. I don't --

12 Q. Well, I want to kind of discuss that -- was  
13 it a traffic stop?

14 A. Well, I think -- I don't know if they stopped  
15 him on a traffic or was it being a suspect.

16 Q. Well, let me ask you this, was Mr. Beaman  
17 driving a car when he was stopped?

18 A. Yes.

19 Q. And how were you alerted that the sheriff's  
20 office had pulled over Mr. Beaman?

21 A. The detective there at the sheriff's  
22 department informed us they had him stopped now,  
23 meaning when we were -- when we arose.

24 Q. And so you went to where his location was at

1 that time?

2 A. Correct. We were taken there, yeah.

3 Q. Where was Mr. Beaman physically when you got  
4 there?

5 A. He was outside his car.

6 Q. Was he handcuffed?

7 A. I don't recall. I don't recall.

8 Q. Was he in a squad car?

9 A. No, he was outside the cars.

10 Q. And who else was there?

11 A. Seems to me there were two deputies, myself  
12 and Alan, plus Rob Hospelhorn.

13 Q. And Mr. Beaman wasn't in the car with anybody  
14 else; he was driving alone?

15 A. Correct. Yeah.

16 Q. Did you speak with the sheriff deputies  
17 before you spoke with Mr. Beaman?

18 A. Sure.

19 Q. And what did they tell you?

20 A. Basically that they waited in front of his  
21 house for him to pull out. When he did, they stopped  
22 him.

23 Q. Did they tell you what they said to  
24 Mr. Beaman when they pulled him over?

1           A.    They either told me there or they told me  
2 back in the county sheriff's department.

3           Q.    What did they tell you?

4           A.    That it was an investigation homicide.

5           Q.    So the sheriff deputies told you that they  
6 told Beaman, what, that he was needed to be questioned  
7 on a homicide case?

8           A.    Yes.

9           Q.    And that officers from the Normal Police  
10 Department would be there to speak with him?

11          A.    Right.

12          Q.    So when you spoke to Mr. Beaman, what did you  
13 say to him at the scene?

14          A.    At the stop, traffic scene?

15          Q.    Sure.

16          A.    I don't recall the exact words, but something  
17 of the nature we want to talk to you about a friend of  
18 yours. He said okay. I asked him I'd like to talk to  
19 you down at the county sheriff's department, and he  
20 was more than willing to accompany us and he did.

21          Q.    Did he have any reaction?

22          A.    None that struck me odd or weird other than  
23 okay.

24          Q.    Anything about his demeanor stand out to you

1 at all?

2 A. Yes, it did.

3 Q. What was that?

4 A. He seems to be -- seemed to be, in my  
5 opinion, based upon my experience, he seemed to be  
6 tired, worn out or perhaps under the influence of  
7 liquor or drug perhaps.

8 Q. Did you ever learn whether Mr. Beaman was  
9 under the influence that night?

10 A. No. I would assume that if it was liquor or  
11 something of that nature, that the county probably  
12 would have intervened. That's just an assumption on  
13 my part.

14 Q. What do you recall about -- so you took  
15 Mr. Beaman back to the sheriff's office?

16 A. Correct, in Rockford.

17 Q. And went to an interview room?

18 A. Correct.

19 Q. With you and Detective Hospelhorn?

20 A. Correct.

21 Q. And Mr. Beaman?

22 A. Correct.

23 Q. Anybody else in the room?

24 A. No.

1 Q. What do you recall about the interview?

2 MR. BOWMAN: I'm going to object -- excuse me  
3 for interrupting. I object to the extent that the  
4 question seeks to elicit the recorded conversation  
5 between Beaman and the investigators because it's a  
6 recorded conversation. I just don't think it's useful  
7 to, you know, have necessarily inaccurate  
8 recollections of a recording that we can all review.

9 BY MS. BARTON:

10 Q. Can you answer the question?

11 A. You want me to answer the question? Okay.

12 I sat Alan right by the door where he could  
13 exit anytime, and I was sitting probably three to  
14 four feet to his immediate left. And directly in  
15 front of him, around six, seven, eight feet, was  
16 Rob Hospelhorn, and read him his rights, you can leave  
17 anytime you want to, so forth and et cetera. He said  
18 okay.

19 So then we started talking with him and was  
20 mainly interested in his relationship with Jennifer  
21 and his whereabouts I think dating back to the  
22 previous Wednesday. And he gave us a summation of  
23 where he had been, who he had been with as far as  
24 friends and that, what he had done, where he worked.

1           Took a short bathroom break and came back. I  
2 believe that's when he decided he wanted to leave.  
3 And of course he was free to go. And we escorted him  
4 downstairs to the parking garage where his vehicle had  
5 been towed by the county sheriff department. We  
6 searched his vehicle with his permission, but shortly  
7 afterwards his father arrived to pick him up to take  
8 him home. I think the interview lasted perhaps 45,  
9 50 minutes.

10           Q. Who questioned Mr. Beaman?

11           A. I did mainly.

12           Q. What approach did you take to questioning  
13 Mr. Beaman?

14           A. As to what his relationship was with her.

15           Q. Did you use any interview techniques or  
16 anything like that?

17           A. Well, I studied his behavior as well as his  
18 answers to the question -- the pertinent questions.

19           Q. What did you observe about his behavior?

20           A. He was tired.

21           Q. How could you tell he was tired?

22           A. He was slow in speech. He was not very  
23 responsive in an immediate response. He was thinking  
24 of his answer. Because he worked midnights and he

1 said he had been -- prior to being stopped by the  
2 county sheriff's department, as I recall, he was out  
3 in his driveway putting a stereo in which added to the  
4 fact that he hadn't had much rest and he would go to  
5 work -- prior to going to work, he would party.

6 Other than that, he just got a little  
7 irritated with us I guess because maybe I moved to the  
8 finger-pointing stage, accusation, but I didn't use  
9 any words or terms that said you did it or --

10 Q. So at some point during the interview, did it  
11 turn into an interrogation?

12 A. Yes, I think you could say it did, yes. He  
13 just, like I said, seemed very tired.

14 Q. So what was the reason that the interview  
15 turned into an interrogation?

16 A. Well, I think it's because of the fact that  
17 some of the answers to the questions and the fact that  
18 his relationship with Jennifer, 17 times they had  
19 broke it off and got back together, that fact, and  
20 just his overall demeanor or one particular response.

21 I said that -- I tried to incorporate some  
22 trickery into the questions and I asked him about --  
23 or informed him that before she had died, she said  
24 that she really loved you, Alan. And at that point in

1 time, his head dropped to the floor like that as  
2 though he was showing remorse in my opinion based upon  
3 my training and experience. And just general demeanor  
4 and the way he answered the questions, and his  
5 response was she really did love me, didn't she.

6 Q. What about that response stood out to you?

7 A. Pardon me?

8 Q. What about that response stood out to you?

9 A. Well, he looked down at the floor as though  
10 he regretted killing her or he's showing remorse.  
11 That's just a cue I picked up on.

12 Q. And by that point in time, had the interview  
13 turned into an interrogation already?

14 A. Well, yeah, I think so at that point, yeah.

15 Q. Can you turn to page 5 of your report. The  
16 second full paragraph, those last two sentences, it  
17 says: This is when I observed his most prominent  
18 behavioral gesture that a person who was attempting to  
19 be deceptive will exhibit when questioned about such a  
20 serious crime. At this point, we observed Beaman bow  
21 his head and say in a low, solemn voice, quote, she  
22 loved me.

23 Is that what you were referring to?

24 A. Yes.

C06812

1 Q. So did you think Mr. Beaman was being  
2 deceptive in that gesture?

3 A. Well, that certainly is an indication. It by  
4 itself or a response to a question or the answer to a  
5 particular question does not necessarily mean, in  
6 fact, he is being deceptive. You have to analyze the  
7 questions along with what you know as an investigator  
8 along with the way he answers the questions.

9 Q. Did you get the impression that Mr. Beaman  
10 during the interview sort of had a lack of reaction?

11 A. I think he did.

12 Q. And what did that indicate to you at the  
13 time?

14 A. Well, I soon checked off the fact that he  
15 could have been under alcohol because I couldn't smell  
16 it. And they did smoke a lot of marijuana, and  
17 John Murray was their provider I guess. Anyway, of  
18 course that came on later on in the investigation  
19 discovering that.

20 But getting back to your question, the fact  
21 that I couldn't smell the alcohol, he had been up  
22 working on a stereo, working, party, working on a  
23 stereo, going to go to work, led me to believe that  
24 that was part of his reason for his behavior.

1 Q. Well, as a police officer, you've observed  
2 people under the influence, right?

3 A. Yes.

4 Q. And you've certainly seen people under the  
5 influence of marijuana?

6 A. (Nodding.)

7 Q. Yes? You have to answer audibly.

8 A. Yes.

9 Q. And under the influence of other drugs,  
10 right?

11 A. Yes.

12 Q. Was there anything about Mr. Beaman's  
13 behavior during that interview that led you to believe  
14 he was under the influence of anything other than  
15 alcohol?

16 A. Possibly marijuana.

17 Q. What about his behavior or demeanor led you  
18 to believe that?

19 A. Just that he was -- he was -- well, what do I  
20 want to say? He wasn't quite lethargic, you know what  
21 I mean? He was slow to respond, slow, and as though  
22 he could care less about what happened to Jennifer.

23 Q. Did you ever ask him whether he was under the  
24 influence?

1 A. No, I did not.

2 Q. Did you take notes during the interview?

3 A. Oh, yes, I took notes and so did Rob.

4 Q. Was the interview recorded?

5 A. Yes, it was.

6 Q. With a tape recorder?

7 A. Yes.

8 Q. Was the entirety of your interview recorded  
9 by the tape recorder?

10 A. No, it wasn't.

11 Q. Why was that?

12 A. It ran out of tape.

13 Q. So how long did the interview last after the  
14 tape ran out?

15 A. Seven, ten minutes perhaps.

16 Q. And what do you recall about the interview  
17 after the tape ran out?

18 A. His recap of his whereabouts for those days  
19 that we asked him did not change, and I tried to  
20 confuse him by turning some of the dates and times and  
21 places around. And I've learned from experience and  
22 training that if you are being deceptive in your  
23 answers, you're going to confuse yourself eventually.  
24 He did not.

1           And there was a point in time when he stood  
2 up and he said, I had enough of this, I'm going. So  
3 we said okay.

4           Q. Did you tell him that Ms. Lockmiller was in  
5 the hospital and calling out for him?

6           A. I don't recall telling him that exactly.  
7 Just the fact that she said she still loved him or  
8 something of that nature is what I used to solicit a  
9 response from him.

10          Q. Let's take a look at Exhibit 1 which is your  
11 trial testimony. If you could review page 443 and  
12 444.

13          A. Where did you want me to start on 3?

14          Q. On line number 1.

15          A. Okay.

16          Q. Does that refresh your memory about what you  
17 told Mr. Beaman?

18          A. Yeah. Apparently I was incorrect in that.

19          Q. Okay. So on page 443, you were asked the  
20 question: And what was the statement that you made to  
21 him?

22                 And you answered: I informed him at that  
23 time that Jennifer really wasn't dead, that Jennifer  
24 was in the hospital and that Jennifer had asked for

1 him.

2 Was that your answer?

3 A. Correct, yes.

4 Q. And then question: And what did he respond  
5 to that?

6 Answer: I didn't get a verbal response. He  
7 bowed his head to the floor and responded then that  
8 she loved me. Is that right?

9 A. Correct.

10 Q. And that's what we already discussed, right,  
11 that gesture that you wrote in your report was  
12 deceptive?

13 A. Yes.

14 Q. And then on page 444, the question was:  
15 Sergeant Daniels, why did you tell Mr. Beaman that  
16 Jennifer was still alive at that point?

17 And you answered: Just an interview  
18 interrogation technique.

19 Is that right?

20 A. Yes.

21 Q. So that was a technique that you used with  
22 this interview/interrogation?

23 A. Correct.

24 Q. Did you tell Mr. Beaman during that interview

1 that Mike Swaine was living with Jennifer Lockmiller?

2 A. I don't recall telling him that. If the  
3 documents indicate that I did, then I did, but I don't  
4 recall from memory.

5 Q. Just take a look at your trial testimony on  
6 page 445. The very last question that starts on  
7 line 22, you were asked: At any point during the  
8 interview with Mr. Beaman, did you inform him that  
9 Michael Swaine was staying at Jennifer Lockmiller's  
10 apartment?

11 And on the next page it says: No, I did not.

12 And that was the answer that you provided at  
13 trial, right?

14 A. Yes.

15 Q. So at what point -- do you recall at what  
16 point Mr. Beaman left the interview room?

17 A. Without referring to the trial testimony or  
18 any notes that may be available here, in the  
19 neighborhood of 12:00 p.m.

20 Q. Oh, at what point in the interview? What  
21 were you talking about at that time? Not the  
22 particular --

23 A. I think we were rehashing his schedule or his  
24 itinerary for the few days that we questioned him or

C06818

1 shortly after a statement about her being alive for a  
2 short period of time.

3 Q. Did he seem angry when he left?

4 A. Yes.

5 Q. Did he indicate why he was angry?

6 A. No. He just says he doesn't have to take  
7 this anymore. He said, you said I can leave, so I'm  
8 going to leave.

9 Q. Did you try to convince him to stay?

10 A. No, because he wanted to leave. He certainly  
11 had the opportunity to leave and I couldn't restrain  
12 him. I had no reason to.

13 Q. And then you said that you walked Alan  
14 outside to retrieve his car, and then did you ask  
15 permission to search his vehicle?

16 A. Yes, verbal.

17 Q. And did you find anything during the search?

18 A. Nothing that we could tell at the time that  
19 was relevant to the crime scene or her death.

20 Q. After talking to Mr. Beaman on this day, on  
21 August 28, was he still a suspect after that  
22 interview?

23 A. Yes.

24 Q. What did you do after the interview or after

1 the search of the car?

2 A. What did he do?

3 Q. What did you do?

4 A. We went back to Normal.

5 Q. Did you meet with any other officers or other  
6 detectives that night?

7 A. We may have met with them shortly in their  
8 office, but I don't recall.

9 Q. Do you recall any of the conversation that  
10 you had with Rob Hospelhorn on the way back to  
11 Bloomington-Normal?

12 A. Oh, I'm sure we discussed the interview.

13 Q. Do you recall anything about that  
14 conversation?

15 A. Well, not in particular, but somewhere along  
16 the line between that period that we finished with the  
17 interview until I believe it was Sunday when we had a  
18 meeting or it could have been later on in that week,  
19 we thought that Alan was the prime suspect based upon  
20 the interview and what we knew of his relationship --  
21 stormy relationship with Jennifer.

22 Q. Well, what were the facts or the pieces of  
23 evidence that you had that made Mr. Beaman the prime  
24 suspect?

1           A.    Based upon the fact that they had that  
2 relationship where they broke up and got back together  
3 17 times, the fact that she was always in the need of  
4 male company, and, you know, some of the answers to  
5 the questions during that interview.

6           Q.    What were some of the answers during  
7 Mr. Beaman's interview?

8           A.    Well, I think the main issue there was the  
9 fact that -- the way he responded when I told him that  
10 she was still alive and still loved him. To me, that  
11 was coupled with other things we knew was an  
12 indication.

13                   And that certainly was our first suspect that  
14 we had talked to that we could not exclude. And if  
15 you cannot exclude a suspect from an investigation of  
16 any type, then you have to include them, and we could  
17 not exclude him.

18           Q.    Why couldn't you exclude him as a suspect at  
19 that point?

20           A.    Well, we hadn't checked out his alibis, his  
21 locations and people he was with at the time, nor  
22 could we check out his work record because he worked  
23 at his uncle's stores I believe it was.

24           Q.    I think you just talked about meeting with

1 investigators the next day, that being Sunday?

2 A. I think that's when we met.

3 Q. So was that the next thing that you did in  
4 the investigation once you got back to Bloomington?

5 A. Yeah, I think we put our notes -- well, yeah,  
6 we went home because it was the wee hours in the  
7 morning. And I think we met -- don't quote me on  
8 that, I'm not positive of the time and the day, but  
9 I'm pretty sure it was Sunday.

10 Q. What do you recall about that meeting? Who  
11 was present?

12 A. Souk, I believe Frank Zayas was present, I  
13 don't know if Chief Taylor was there or not, myself,  
14 Hospelhorn. I do not know if the other detectives  
15 were there. But we jointly, Rob and I, thought that  
16 perhaps at that particular time, Rob Hospelhorn -- or  
17 Alan Beaman was the best suspect we had.

18 (Whereupon, Daniels Deposition  
19 Exhibit No. 4 was marked.)

20 BY MS. BARTON:

21 Q. So I've handed you what we marked as  
22 Exhibit 4 to your deposition, and this is a  
23 compilation of Rob Hospelhorn's reports prepared in  
24 the Lockmiller case. I just want to refer you to

1 page 2.

2 A. Okay.

3 (Whereupon, Daniels Deposition  
4 Exhibit No. 5 was marked.)

5 BY MS. BARTON:

6 Q. Take a look at Number 5. This is  
7 Freesmeyer's reports.

8 A. Are we on the record?

9 Q. Yes, we're still on the record.

10 A. I want to make a comment to Locke. Can I do  
11 that or not?

12 Q. On the record?

13 A. No. Off the record.

14 Q. Oh, I guess, but I'll probably just ask you  
15 about it when you get back.

16 A. Okay. Note the date of his report.

17 MR. BOWMAN: Yes.

18 THE WITNESS: Okay.

19 MR. BOWMAN: Thank you. Noted.

20 BY MS. BARTON:

21 Q. All right. Take a look at page 11 of  
22 Detective Freesmeyer's report. Do you see how it  
23 refers to the page numbers up here?

24 A. I turned right to it. I must have that

1 magic.

2 Q. And you see where it says: On Sunday,  
3 August 29, 1993, I arrived at NPD at 1100 hours for a  
4 group meeting with all detectives in the case, the  
5 chief of police, Dean Kennedy, James Souk and  
6 Coroner Dan Grady.

7 MR. BOWMAN: I'm sorry, what page are we at?

8 MS. BARTON: Sure. Page 11.

9 BY MS. BARTON:

10 Q. Is that the meeting that you were present at?

11 A. It very well could be.

12 Q. And it says: We met for approximately four  
13 and a half hours and discussed the facts known at the  
14 time.

15 A. Okay. I'm lost here.

16 Q. Okay. Just start with the paragraph on  
17 Sunday, August 29.

18 A. Okay.

19 Q. And it's --

20 A. All right. We arrived at about 11 o'clock.

21 Q. And then the next sentence is: We met for  
22 approximately four and a half hours.

23 A. Okay.

24 Q. Do you recall the meeting lasting a long

C06824

1 time?

2 A. That's a pretty long time. I don't recall it  
3 lasting that long.

4 Q. Do you recall the meeting that you were  
5 present for that the coroner was present?

6 A. No, I don't. Once again, if it's in writing,  
7 then it happened.

8 Q. The meeting that you recall occurring on that  
9 Sunday, do you recall that the crime scene technician,  
10 Dean Kennedy, was present?

11 A. No, I don't recall.

12 Q. Well, what do you remember about the Sunday  
13 meeting?

14 A. The basic information that Rob Hospelhorn and  
15 I had to offer was the fact that we believed that Alan  
16 was your best suspect at the time.

17 Q. So you recall that Zayas was there, Mr. Souk,  
18 you and Hospelhorn. Anybody else you recall being  
19 there?

20 A. That's all I can recall, yes.

21 Q. Do you recall that there were other people  
22 present, you just don't know who they were or you  
23 don't -- excuse me, you don't recall who they are?

24 A. I don't recall anybody beyond whom I

1 mentioned, and it's possible they could have been  
2 there.

3 Q. Did Mr. Souk say anything during that  
4 meeting?

5 A. Well, I would imagine he said something  
6 regarding the case; but, again, I don't know what he  
7 said.

8 Q. What was your understanding as to why  
9 Mr. Souk was there?

10 A. Prosecutor. He was going to be the chief  
11 prosecutor directing traffic so to speak.

12 Q. What do you mean by that?

13 A. Directing the investigation on what he needed  
14 or what had to be done from his viewpoint.

15 Q. So are you saying that Mr. Souk was the one  
16 who directed --

17 A. No, I'm saying perhaps that's the reason why  
18 he was there is to direct it.

19 Q. So in your mind, Mr. Souk directed the  
20 investigation?

21 A. From the State's Attorney point of view.

22 Q. Well, who directed the investigation from the  
23 Normal Police Department's point of view?

24 A. Lieutenant Zayas.

1 Q. So Lieutenant Zayas was directing the  
2 investigators on what to do, right?

3 A. Correct.

4 Q. And what leads to follow up on?

5 A. Correct.

6 Q. And where the evidence was leading the  
7 detectives, right?

8 A. Yes.

9 Q. Other than you and Detective Hospelhorn  
10 briefing those individuals at the meeting about the  
11 fact that you believed Alan Beaman was the prime  
12 suspect, what else do you recall being discussed at  
13 that meeting?

14 A. I don't really recall every detail of the  
15 meeting. Certainly it all had to be centered on where  
16 do we go from here? What do we need to do?

17 Q. Did you learn anything about the victim,  
18 Jennifer Lockmiller, at that meeting?

19 A. Could have. Once again, I don't recall  
20 exactly what details.

21 Q. Or the way in which she died?

22 A. I think that was probably discussed. But,  
23 again, I'm sorry, I just don't recall exactly what was  
24 said -- all that was said. I may even be wrong about

1 Zayas being there. He still may have been at the  
2 Lake Shelbyville fishing that weekend.

3 I think I previously stated he was present,  
4 but he could have been still fishing. So this is not  
5 my report. This is --

6 Q. I understand.

7 A. -- Freesmeyer's, so I don't know what was in  
8 his mind at the time.

9 Q. Do you recall what the conclusion of the  
10 meeting was or -- or I should say this, what was --  
11 were you assigned any tasks to investigate after this  
12 meeting?

13 A. If I was assigned to any particular task from  
14 anyone in there, I don't know who it would have been,  
15 or what the task would have been.

16 Q. If you look at Detective Freesmeyer's report  
17 on page 11, that same page, the report indicates that  
18 it was determined that Detective Daniels and  
19 Detective Hospelhorn would return to the Rockford area  
20 in an attempt to find any further information about  
21 any involvement that Alan Beaman could have had in  
22 this case. Do you recall that?

23 A. Yes. As a matter of fact, we went up that  
24 Sunday I believe it was to try to talk to Beaman

1 further, Alan Beaman. And as I recall, his parents  
2 answered the door, invited us in, and we requested to  
3 speak with him. He was in his bedroom sleeping. And  
4 they said, well, we contacted an attorney and he  
5 prefers us, the parents, not to allow Alan to talk to  
6 anyone.

7 Q. Had you done any other investigation since  
8 you had returned from Rockford before you went back up  
9 there?

10 A. May have. 20 years is a long time to  
11 remember exactly what happened.

12 Q. Sure. Do you recall whether you had any  
13 additional information on Mr. Beaman before you went  
14 back to Rockford for a second time?

15 A. No, I'm sorry, I don't. Could have been.

16 Q. When you went up to Rockford for the second  
17 time on that Sunday, was it your intention to  
18 interview Mr. Beaman again?

19 A. Yes.

20 Q. What would be the purpose of a second  
21 interview?

22 A. To go over what he had told us the previous  
23 night.

24 Q. To see if you could elicit additional

1 information?

2 A. Correct.

3 Q. Did you ever see Mr. Beaman that night, on  
4 Sunday?

5 A. No, no.

6 Q. You only spoke to his parents, right?

7 A. Correct.

8 Q. And they told you that they had talked to a  
9 lawyer, and did they say what the lawyer had  
10 recommended them do?

11 A. That Beaman not be allowed to talk to anyone.

12 Q. Do you recall meeting the lawyer at the  
13 Beaman residence?

14 A. No, I don't recall.

15 Q. Do you recall how long you were at the Beaman  
16 residence?

17 A. On Sunday?

18 Q. Yes.

19 A. No. The conversation wasn't a lengthy  
20 conversation. I couldn't tell you how long we had  
21 been there.

22 (Whereupon, Daniels Deposition

23 Exhibit No. 6 was marked.)

24

1 BY MS. BARTON:

2 Q. This is Number 6. Mr. Daniels, this is -- I  
3 marked this as Exhibit 6 to your deposition. This is  
4 a transcript of your trial testimony at the Beaman  
5 trial.

6 Take a look at page 1992. You could start on  
7 line 7 and read through until page 1995.

8 A. Okay.

9 Q. Does that help refresh your memory of your  
10 visit to the Beaman residence --

11 A. Yes, it does.

12 Q. -- on August 29?

13 Okay. How does it refresh your memory? What  
14 do you remember now?

15 A. How long we were there, the attorney's name  
16 and apparently we were waiting on a phone call the  
17 following day or so from Mr. Laughlin I think it was,  
18 the attorney.

19 Q. Right. You met attorney Tom Laughlin at the  
20 Beaman residence?

21 A. Tom Laughlin, yeah.

22 Q. And according to your testimony, Mr. Laughlin  
23 indicated he would call Monday or Tuesday of the next  
24 week?

1 A. Correct.

2 Q. And you never received a phone call from  
3 Mr. Laughlin?

4 A. That's correct.

5 Q. Do you recall taking pictures of the vehicles  
6 at the Beaman residence when you were there?

7 A. No, I don't.

8 Q. Did you take notes of anything at the -- that  
9 you observed or about your conversations with the  
10 Beamans?

11 A. That day?

12 Q. Yes.

13 A. If I did, those notes would have been  
14 transcribed into a report. I didn't make that report.  
15 Other than that, no.

16 Q. Do you recall moving a piece of furniture or  
17 helping the Beamans move a piece of furniture while  
18 you were there?

19 A. Do I recall? And the answer is, no, I don't  
20 recall.

21 Q. Take a look at 1993, page 1993 of Exhibit 6.

22 A. 6?

23 Q. Yeah, lines 1 through 4.

24 A. Okay.

1 Q. Does that help refresh your memory?

2 A. It says I think they were moving some  
3 furniture in and out. I'm sorry, what was the  
4 question?

5 Q. Do you recall helping them move the  
6 furniture?

7 A. I don't recall moving -- helping them, no.

8 Q. Or any conversation that you had with the  
9 Beamans while you were moving the furniture?

10 A. Well, according to my testimony here, either  
11 I physically observed them or physically assisted  
12 them. But if I assisted them, I think I would have  
13 written I assisted them, therefore, I could observe  
14 them.

15 Q. Sure. Do you recall saying anything to Carol  
16 or Barry Beaman that -- or inquiring whether they had  
17 a problem with their son with drugs or anything like  
18 that?

19 A. I could have very well.

20 Q. You just don't recall?

21 A. No. Correct.

22 Q. So after August 29, what else did you do to  
23 investigate Alan Beaman and his involvement, if any?

24 A. Alan Beaman directly?

1 Q. Yes.

2 A. I believe Rob Hospelhorn and I had -- you  
3 know, we teamed up there. We started interviewing  
4 friends of both Jennifer and Alan's, and as we  
5 interviewed these people, other names would pop up,  
6 and we would continue with our interview or -- and/or  
7 we were given leads perhaps by Lieutenant Zayas to  
8 follow up.

9 Q. And of course you were investigating the  
10 homicide of Ms. Lockmiller. You weren't just  
11 investigating Mr. Beaman's involvement, if any?

12 A. Correct, correct.

13 Q. So what other aspects of the investigation do  
14 you recall?

15 A. That we were involved in?

16 Q. Sure, or other leads that you were uncovering  
17 or anything like that.

18 A. Well, the information that was -- came to  
19 light was when we talked to a mutual of friend of  
20 theirs by the name of John Murray. We interviewed him  
21 twice. And the reason we interviewed him a second  
22 time, we found out that there was some contradictions  
23 in his interviews.

24 Q. When did you first hear Mr. Murray's name?

1           A.    I don't recall the exact first date.  I know  
2           we had talked to his brother, that's how we -- was  
3           able to determine that he was out of -- John Murray  
4           was out of town that weekend.  That name could have  
5           came up the first weekend.

6           Q.    Throughout the time that you were  
7           investigating the case, did you develop leads for  
8           other suspects other than what you've told me,  
9           Mr. Beaman and -- well, I guess I should ask you this  
10          first.  Was Mr. Murray a suspect in the homicide?

11          A.    At that time, he was a person we wanted to  
12          talk to.

13                   MR. BOWMAN:  At which time?  I'm sorry.

14                   BY MS. BARTON:

15          Q.    When you first spoke to him.

16          A.    No, not when we first spoke to him.

17          Q.    And you were developing leads on other  
18          suspects as well?

19          A.    Other people that knew both of them and knew  
20          about their relationships.

21          Q.    Did you investigate a person named  
22          Rob Curtis?

23          A.    Name sounds familiar.

24          Q.    Do you recall investigating somebody named

1 Stauffer, S-t-a-u-f-f-e-r?

2 A. I can't say with 100 percent accuracy, no.

3 Q. And you've already mentioned John --

4 A. Revis.

5 Q. -- Revis.

6 A. Yeah, or Revis, whatever his last name is.

7 He wasn't interviewed because he was incarcerated, so  
8 he was excluded as a suspect.

9 Q. Let's take a look at Exhibit 3 which is your  
10 report. Look at page -- I don't know which number to  
11 refer to. I'll refer to the MCC number. Do you see  
12 the prefix MCC at the bottom right page?

13 A. 224.

14 Q. Right. So look at 229.

15 A. Mine goes from 228 to 232. Apparently  
16 there's pages 146, 7 and 8 missing.

17 MR. BOWMAN: Are you looking for this one?

18 MS. BARTON: It might be before that.

19 THE WITNESS: Oh, that number. I'm sorry. I  
20 was looking for the -- which one was that? 229, that  
21 one. Okay, I'm there.

22 BY MS. BARTON:

23 Q. Got it?

24 A. Got it.

1 Q. So this looks like it reflects an interview  
2 that you conducted with David J. Olson?

3 A. Oh, yeah.

4 Q. Do you recall Mr. Olson?

5 A. Uh-huh.

6 Q. Yes?

7 A. Yes.

8 Q. And what was the purpose of interviewing  
9 Mr. Olson?

10 A. My understanding, Mr. Olson was his uncle.  
11 Was David Olson -- no, wait a minute, David J. Olson.  
12 I don't recall what his relationship was to here. May  
13 I refer to my notes?

14 Q. Absolutely.

15 MR. BOWMAN: I think that the record should  
16 be clear that Mr. Daniels is a good witness. He's  
17 answering these questions from memory. He's not  
18 referring to the notes.

19 MS. BARTON: And I'm not --

20 MR. BOWMAN: And it might be helpful for him  
21 to refer to the report --

22 MS. BARTON: Sure.

23 MR. BOWMAN: -- to refresh his recollection  
24 as to Mr. Olson.

1 MS. BARTON: No problem.

2 BY MS. BARTON:

3 Q. Your notes are on that page 229 that we were  
4 referring to.

5 A. Okay. Mr. Olson apparently sponsored a  
6 party. He's stating in the second paragraph on that  
7 same page that he had some friends overnight, and he  
8 replied that he did not hear the name Alan Beaman. Is  
9 this what we're looking at?

10 Q. Yes.

11 A. Okay.

12 Q. So do you recall that Mr. Beaman told you  
13 that during the week prior to the time that you first  
14 interviewed him that he had attended a party at  
15 Mr. Olson's house?

16 A. I don't recall if that's where -- well,  
17 according to Beaman's statement he made to me, he  
18 attended a party at Olson's -- I'm reading strictly  
19 from this page.

20 Q. Sure.

21 A. He attended a party at Olson's house on  
22 Tuesday and on Wednesday and again on Thursday.

23 Q. On this Sunday -- well, we've already talked  
24 about you going to the Beaman residence --

1 A. Correct.

2 Q. -- and tried to talk to Mr. Beaman. So it  
3 looks like you did some other investigative activity  
4 in Rockford at that time.

5 Were you attempting to verify Mr. Beaman's  
6 whereabouts?

7 A. As I recall, yes.

8 Q. It looks like you also spoke to -- on that  
9 same page, your notes reflect you also spoke with  
10 Detective Greg Lindmark who had spoken to Mr. Jeff  
11 Gray.

12 A. Gray is his uncle.

13 Q. Where Mr. Beaman worked?

14 A. Correct.

15 Q. And so you were obtaining his work schedule?

16 A. Right.

17 Q. And then you -- your report notes that these  
18 above times are inconsistent with Beaman's statement  
19 made to us on 8-28-93, right?

20 A. Correct.

21 Q. Your report goes on to say that you spoke  
22 with Mr. Beaman's supervisor, Dennis Clark?

23 A. Yes.

24 Q. The next page, you spoke with Joshua Whitney?

1 A. Yes.

2 Q. Donald Jones, Mr. Jared Brown?

3 A. Yes.

4 Q. Read the paragraph on Mr. Jared Brown.

5 A. Mr. --

6 Q. You can read it to yourself.

7 A. Okay.

8 Q. I'm actually going to have you read  
9 Detective Hospelhorn's report also on page 5. So it's  
10 Exhibit 4, page 5. The second full paragraph on  
11 8-30-93, do you see that?

12 A. Uh-huh. Yes.

13 Q. And this is about Dr. Brown as well. If you  
14 could review that.

15 A. Okay.

16 Q. So it looks like from these -- from  
17 Hospelhorn's report at least, that on the 30th of  
18 August, you and Detective Hospelhorn interviewed  
19 Dr. Brown and he was providing you with letters that  
20 he had received from Mr. Beaman, right?

21 A. That's correct.

22 Q. Do you recall those letters?

23 A. I do not.

24 Q. Flip to page 10 of Hospelhorn's report. That

1 first full paragraph on 8-30-93, RO and  
2 Detective Daniels interviewed Kathryn Corbett. Review  
3 that to yourself.

4 A. Okay.

5 Q. Do you recall this interview with  
6 Ms. Corbett?

7 A. No, but what I do recall was the fact that  
8 what she said in there about the car being left  
9 because I think Mike drove it. I'm not for sure on  
10 that, though. Mike Swaine.

11 Q. On which car being left where? What do you  
12 mean?

13 A. Alan's car. Wasn't that the one that was  
14 left in the parking lot? Yeah, Alan left his car in a  
15 parking lot.

16 Q. When he went to Ohio?

17 A. Correct.

18 Q. And she also told you that she had walked in  
19 on Mike and Jen making out after a party?

20 A. Yes.

21 Q. And that she would -- she was asked if she  
22 would describe Mike or Alan as violent. And on the  
23 next page it indicates she said she never saw Mike  
24 being violent, but Alan could be if he was in the

1 right frame of mind.

2 A. Okay.

3 Q. Do you recall speaking to Ms. Lockmiller's  
4 therapist, Dr. Hammond?

5 A. No, I don't.

6 MS. BARTON: That was the report that got  
7 left out. This is Number 7.

8 (Whereupon, Daniels Deposition  
9 Exhibit No. 7 was marked.)

10 BY MS. BARTON:

11 Q. Does that refresh your memory about talking  
12 to Ms. Lockmiller's counselor?

13 A. No, it doesn't.

14 Q. But it looks like Dr. Hammond reported to you  
15 that Ms. Lockmiller had told her about having problems  
16 with her boyfriend, Alan, and she was concerned about  
17 Alan in that she was afraid he might attempt suicide  
18 if he were -- if she were to break off their  
19 relationship. Is that what Dr. Hammond told you?

20 A. According to my report, yes.

21 Q. And she also told you about a door-breaking  
22 incident involving Alan, right, according to the  
23 report?

24 A. According to the information he gave us.

1 MR. BOWMAN: You know, to be clear, the  
2 report says the door-breaking incident and presumably  
3 refers to the same door-breaking incident that had  
4 been discussed in the earlier reports. I don't think  
5 that it -- if the intent of the question was to  
6 suggest --

7 MS. BARTON: I was -- I was just trying to --  
8 I don't know if I said a number of them. I was just  
9 trying to repeat what is in the report.

10 MR. BOWMAN: The report says --

11 MS. BARTON: You're right.

12 MR. BOWMAN: -- the --

13 BY MS. BARTON:

14 Q. Do you recall speaking to Ms. Lockmiller's  
15 friends, any of her friends?

16 A. Any of her friends? Probably so.

17 Q. Do you remember anything that they would have  
18 told you?

19 A. Well, no, I really wouldn't. I wouldn't know  
20 who the names were other than Mike, Alan, Bubba,  
21 Morgan and Alan of course.

22 Q. Take a look at Hospelhorn's report on  
23 page 16.

24 A. What exhibit was that?

- 1 Q. Oh, sure. It's Exhibit 4.
- 2 A. And page 16?
- 3 Q. Correct.
- 4 A. Okay.
- 5 Q. That first paragraph reflects that on 9-9-93,  
6 RO, being Hospelhorn and Detective Daniels, spoke with  
7 Laura McKeown at the Normal Police Department. Do you  
8 recall that interview?
- 9 A. No, I don't without reading.
- 10 Q. You want to read that paragraph?
- 11 A. Just that first paragraph?
- 12 Q. Uh-huh.
- 13 A. Okay.
- 14 Q. I see that you're chuckling to yourself.
- 15 A. Yeah.
- 16 Q. Why are you chuckling?
- 17 A. Share that with you off record.
- 18 Q. Well, I'm going to ask you on the record.
- 19 A. Oh, okay. That's fine.
- 20 Q. What made you chuckle about this particular  
21 interview?
- 22 A. It was a -- as reported to us, meaning the  
23 investigators, exactly what investigators I'm not sure  
24 of, but it was reported to us that Jennifer could beat

1 Alan in arm wrestling and that was a big joke, and  
2 Alan was the center of that joke. And for Alan to  
3 take and force her into the shower and tie her up,  
4 that's not -- oh, Bubba did, I'm sorry. I misread  
5 that. Yeah, Bubba.

6 Q. So according to Ms. McKeown, she stated that  
7 Jennifer had told her that one time Bubba tied  
8 Jennifer to --

9 A. I misread that.

10 But another thing about that particular  
11 paragraph that stuns me is the fact that it does add a  
12 lot of the weight to the fact that Jennifer had to  
13 have, did have and wanted one boyfriend after the  
14 other which is why there were so many suspects that  
15 weren't excluded in the investigation at first.

16 (Whereupon, Daniels Deposition  
17 Exhibit No. 8 was marked.)

18 BY MS. BARTON:

19 Q. This is Exhibit Number 8. Have you ever seen  
20 these notes before?

21 A. Have I seen this before?

22 Q. Yes.

23 A. This seems -- this came probably from one of  
24 my files. I recognize the handwriting. It's

1 Frank Zayas's.

2 Q. So do you recall ever seeing these notes  
3 before, though?

4 A. No.

5 Q. But you recognize this to be Frank Zayas's --

6 A. Handwriting.

7 Q. -- handwriting?

8 A. I could be wrong, but that's what it looks  
9 like to me.

10 Q. So towards the top of the page we see -- I  
11 know it's hard to read, but I think the first word  
12 there is Mason, M-a-s-o-n.

13 A. Okay.

14 Q. And then Freesmeyer, JB, and then it says  
15 notes, and then debriefing, 9-7-93, 4 o'clock p.m.,  
16 and then T. Daniels and Cliff Rushing.

17 Do you recall a meeting in September of '93  
18 with those people?

19 A. Well, I know who Mason is. Mason is  
20 Kari Mason who was involved at first prior to  
21 Teri Dimmick. She worked in the State's Attorney's  
22 Office.

23 Q. And when you say that she was involved, what  
24 do you mean by that?

1           A.    She, I guess, was recruited to work on the  
2 case with Jim Souk. I use the word recruited for lack  
3 of a -- whether she was assigned or asked to be. She  
4 was of the opinion that we may also have the wrong  
5 suspect. She's working in an attorney's office up in  
6 Chicago somewhere.

7                   Freesmeyer, of course, is Tim Freesmeyer.  
8 JB is John Belcher. I don't recall this particular  
9 briefing, and I don't know who these names -- well, I  
10 know some of these names.

11           Q.    Who's Cliff Rushing?

12           A.    I do not know.

13           Q.    Do you recall, whether it was this one or  
14 not, any sort of meeting where various suspects in the  
15 Lockmiller homicide were discussed?

16           A.    If any -- pardon me?

17           Q.    Do you recall any meetings where various  
18 suspects were discussed?

19           A.    Oh, yes.

20           Q.    So was Rob Curtis a suspect that you  
21 discussed and investigated?

22           A.    I couldn't answer that by looking at this  
23 exhibit because this is Frank Zayas's writing and I  
24 don't know who these -- some of these people are and

1 why they're written down. It appears to me that  
2 that's the results of the meeting.

3 Q. And you don't have any recollection of the  
4 meeting, right?

5 A. No, I don't.

6 Q. You can put those to the side.

7 Let's talk about John Murray. I think you  
8 already told me this, but you don't recall when  
9 Mr. Murray's name first came up in the investigation,  
10 right?

11 A. Exact time, no.

12 Q. Do you know why you decided to interview him?

13 A. Yes, his name came up. When you talk to  
14 witnesses and they bring other names up, that could  
15 lead to further information.

16 Q. Do you have any recollection of the first  
17 interview that you conducted with Mr. Murray?

18 A. To some degree.

19 Q. What do you remember about it?

20 A. He was -- when we interviewed him, we got  
21 information from him on the first interview, issues  
22 such as Jennifer was with Mike Swaine at one time,  
23 came by his apartment. His apartment being John's  
24 apartment. The fact that John said he made a lot of

1 trips back and forth to Rockford. Yes, he knew  
2 Jennifer, knew her well, knew Alan.

3 He was afraid of Alan because he heard that  
4 Alan had killed Jennifer, and he was afraid that Alan  
5 was going to be looking for him, and that's why he  
6 spent the first night back in town in Normal in a  
7 motel. Information regarding their relationship --  
8 Jennifer's relationship with the other guys as far as  
9 going to band night I think they called it. It's a  
10 band drinking night downtown Normal. They had a lot  
11 of bands and happy hours and so forth. That was  
12 generally it.

13 Q. The first time that you spoke with  
14 Mr. Murray, was it an interview or an interrogation?

15 A. Interview.

16 Q. Was he a suspect at that time that you  
17 interviewed him the first time?

18 A. No, he wasn't a suspect in that sense.

19 Q. And you've already said that Mr. Murray did  
20 eventually become a suspect?

21 A. Correct.

22 Q. When did he become a suspect?

23 A. After the second interview. That's why I  
24 believe -- I hope I'm not getting these two mixed

1 up -- that's why I believe I asked him for a  
2 polygraph.

3 Q. You asked who for a polygraph?

4 A. Correct, I did.

5 Q. You asked who? Mr. Murray?

6 A. I'm sorry, John Murray to take a polygraph.

7 Q. When did you ask him that?

8 A. I don't recall the dates. It could have been  
9 before the second or it could have been after the  
10 second interview, would have been early September, I  
11 believe.

12 Q. So you asked him to take a polygraph because  
13 he was a suspect in your mind?

14 A. Yes, had some things to clear up.

15 Q. Like what?

16 A. Dates, what his connection was with Jennifer,  
17 whatever became or whatever the outcome was of his  
18 polygraph exam. That's an investigative tool.

19 Q. So what information did you have about  
20 John Murray that made him a suspect in your mind?

21 A. Well, at that time and as I recall, he stated  
22 that he was at Jennifer's house and I believe he said  
23 it was the date that the State's Attorney had -- and  
24 the coroner had determined the date and time of her

1 death. I'm certain that was in one of those  
2 interviews with him. He had contradicted himself.

3 The fact that he, John Murray, lived about a  
4 five- or seven-minute drive from Jennifer's house. We  
5 were informed by more than one source that Jennifer  
6 and John Murray were to get -- renew their  
7 relationship. He was their -- that little group of  
8 people, he was their drug supplier at one time, if not  
9 more than one time, and she had owed him money. And  
10 the fact that he was scared to come back in town on  
11 account of Alan he heard had killed Jennifer, well, I  
12 don't think anybody had determined that at the time.

13 Also, the fact that his alibi was very  
14 convenient. The fact that he had called his  
15 girlfriend at the hospital where she worked which was  
16 located about, oh, perhaps four blocks from where he  
17 lived on [REDACTED] Street in Bloomington. Just too many  
18 issues there to exclude him from any further interview  
19 or interrogation. Quite a lot of circumstantial  
20 evidence there.

21 He was on steroids. He was being  
22 investigated by DCI for drug trafficking. A lot of  
23 issues there with John's personal life as well as the  
24 relationship with Jennifer that seemed to carry more

1 weight as him a viable suspect than Alan Beaman. And,  
2 once again, we could not exclude John Murray as a  
3 suspect.

4 Q. Well, what did you do to investigate  
5 Mr. Murray?

6 A. After the attempt to polygraph him, we,  
7 meaning myself and Rob Hospelhorn, really lost contact  
8 with him. He had called and we had called him because  
9 we were to schedule another polygraph with a different  
10 polygraph operator. I had discussed that with  
11 John Murray when we came back from the crime lab in  
12 Morton the day that he attempted the test. Other  
13 contact of a legal aspect had been made with him.

14 Another issue with John Murray was the fact  
15 that he was arrested one evening battering his  
16 girlfriend in a like fashion that Jennifer  
17 Lockmiller's body was found; that is, he was choking  
18 her, pounding her on her chest, a scissors in the  
19 chest and the strangulation.

20 The fact that he was on steroids could have  
21 very well tipped his temper so to speak when he went  
22 to visit her or another alibi -- or a reason could  
23 have been a fact that she owed him money for drugs  
24 that she used or that she herself would distribute.

1 Q. What did you yourself do to investigate  
2 Mr. Murray?

3 A. During the time I was with Normal PD -- well,  
4 actually there was nothing I could have done. You  
5 can't force him to come in.

6 Q. Well, what -- did you do anything to  
7 investigate?

8 A. I did not do anything to investigate John. I  
9 did not have any authority to. I was a civilian. I  
10 didn't have any -- I'm sorry, let me back up.

11 I went down to the jail and visited him one  
12 time because he was being arrested for that drug that  
13 they found in his car the night that he was arrested  
14 for beating up Deborah Mackoway. And I offered him an  
15 opportunity to help himself by simply let's get a body  
16 wire on you and go talk to Alan. He wasn't open to  
17 that. It was a flat denial. Other than that, that  
18 was the extent.

19 Q. So during the time that you were  
20 investigating the Lockmiller homicide investigation,  
21 what steps did you take to investigate John Murray?  
22 You already told me that you interviewed him twice.

23 A. Correct.

24 Q. You asked him to take a polygraph exam.

1 A. Correct.

2 Q. And, in fact, you took him to Morton Crime  
3 Lab to sit for a polygraph examination.

4 A. Uh-huh.

5 Q. What else did you do?

6 A. Visited him down at the jail when he was  
7 incarcerated on another legal charge.

8 Q. Was that part of your investigation on the  
9 Lockmiller homicide investigation?

10 A. That was my point. That was my interest.

11 Q. Anything else?

12 A. As I can recall, I think that was about it.

13 Q. Did you attempt to speak to anyone that knew  
14 Mr. Murray? Did you speak to his girlfriend? Did you  
15 attempt to find additional evidence with respect to  
16 Mr. Murray?

17 A. No, I had no further investigative activities  
18 involved with John. Deb Mackoway did call the new CID  
19 supervisor, Lieutenant Fillipponi, F-i-l-l-i-p-p-o-n-i,  
20 and called him, and the lieutenant referred the call  
21 to me and I referred it to Tim Freesmeyer.

22 Q. Well, you interviewed Deb Mackoway, right?

23 A. I believe I did.

24 Q. You told me before when you were -- before

1 you went to Rockford to interview Mr. Beaman on the  
2 28th of August, that you ran his name through the  
3 Normal Police Department. You did a computer search  
4 for his name, right?

5 A. Okay.

6 Q. Isn't that what you told me?

7 A. Well, I don't think I personally did, but one  
8 of the detectives probably did.

9 Q. Did you do the same thing for John Murray?

10 A. Well, John Murray's information came up  
11 through DCI, John Belcher.

12 Q. What's DCI?

13 A. Department of Criminal Investigations.  
14 That's the joint task force for McLean County.  
15 John Belcher used to work there as a vice officer.  
16 And John Belcher had learned through an active member  
17 of the task force that that active member was  
18 investigating and was working with John Murray and  
19 that's how our information came about, fingerprints,  
20 a picture of him and so forth.

21 Q. When did you first learn that the task force  
22 was investigating John Murray?

23 A. Well, I learned it from John Belcher, but the  
24 exact date, I don't recall.

1 Q. Was it during the time that you were  
2 investigating the Lockmiller homicide?

3 A. Oh, yes, yeah. See, that would have been a  
4 normal procedure when you have a case such as that  
5 homicide is get ahold of DCI to see if they have any  
6 information.

7 Q. Did you reach out to DCI?

8 A. John Belcher did. He was our contact.

9 Q. And you already told me that John Belcher was  
10 one of the detectives --

11 A. Correct.

12 Q. -- assigned to the Lockmiller case, too.

13 A. He's the one also that checked out the  
14 whereabouts of John Revis. Found out it was through  
15 the marshals that he was incarcerated, in custody.

16 Q. What did you learn about the task force's  
17 investigation of John Murray?

18 A. That they were -- the term they used working  
19 with John, John was going to be a -- John Murray was  
20 going to be a snitch for them because he was under  
21 investigation for delivering drugs.

22 Q. Did you speak to anyone in DCI?

23 A. I did not. John Belcher did.

24 Q. And then John Belcher reported to you?

1 A. Yes.

2 Q. Did you document that conversation you had  
3 with John Belcher?

4 A. No, I didn't document it. John Belcher may  
5 have documented it.

6 Q. Why didn't you document it?

7 A. Because he probably got the information on  
8 his own and just made a report and it was probably --  
9 I'm saying probably. I can't recall. It should be in  
10 with the original report.

11 Q. With what original report?

12 A. The Normal Police Department original report.

13 Q. Well, you wrote reports on the Lockmiller  
14 homicide investigation, right?

15 A. Yes.

16 Q. But you didn't write a report about the  
17 information you received from John Belcher about  
18 John Murray?

19 A. Is that a question?

20 Q. Yes.

21 A. I don't recall, no.

22 Q. Well, I haven't seen anything.

23 A. Oh, okay.

24 Q. So I just didn't know if you had written a

1 report that I just hadn't seen.

2 A. I'm sorry, I don't know if I wrote a report  
3 or not. If I wrote a report, chances are it's in with  
4 the original report.

5 Q. Did you think the information you learned  
6 from John Belcher was relevant to the Lockmiller  
7 homicide case?

8 A. Yes.

9 Q. In what way?

10 A. He was a drug dealer and he was associated  
11 with Jennifer as being a friend.

12 Q. Did you read -- or did you learn that  
13 John Murray had been arrested for a drug-related  
14 charge and that's why he was going to be, you called  
15 it, a snitch for the task force?

16 A. Well, he was arrested in terms that DCI was  
17 investigating him, and he was in their files as an  
18 active investigation. Normally when they work, they,  
19 the snitches they work up, they don't arrest them  
20 unless they work with them. The snitches will work  
21 with the agent. And if they do work with them and how  
22 successful they are, it depends on what, if any,  
23 charges are filed. If they're actively working with  
24 them, and in this particular case, John Murray was

1 working with DCI, as far as his arrest, I don't know  
2 what happened with that.

3 Q. Did you ever read any reports about his  
4 arrest?

5 A. DCI? I could have.

6 (Whereupon, a break was taken.)

7 MS. BARTON: We had a discussion off the  
8 record with all the counsel and Mr. Daniels who has  
9 indicated that he is quite exhausted from today,  
10 especially in light of his recent surgery which is  
11 understandable. So we have all agreed to reconvene  
12 the deposition and we have scheduled two days,  
13 June 10th and 11th, and we will begin at 9:30 in the  
14 morning on both days to complete Mr. Daniels's  
15 deposition.

16 (Deposition concluded at 3:08 p.m.)

3  
4 I, Christine M. Luciano, Certified Shorthand  
5 Reporter in and for the County of Cook, State of  
6 Illinois, do hereby certify that on May 20, 2013, the  
7 deposition of the witness, TONY L. DANIELS, called by  
8 the Defendants, was taken before me, reported  
9 stenographically and was thereafter reduced to  
10 typewriting through computer-aided transcription.

11 The said witness, TONY L. DANIELS, was first  
12 duly sworn to tell the truth, the whole truth, and  
13 nothing but the truth, and was then examined upon oral  
14 interrogatories.

15 I further certify that the foregoing is a  
16 true, accurate and complete record of the questions  
17 asked of and answers made by the said witness, at the  
18 time and place hereinabove referred to.

19 The signature of the witness was continued  
20 until completion of all depositions by agreement.

21 The undersigned is not interested in the  
22 within case, nor of kin or counsel to any of the  
23 parties.

24 Witness my official signature as Certified

1 Shorthand Reporter, in and for Cook County, Illinois  
2 on this 3rd day of June, A.D., 2013.

1 THE VIDEOGRAPHER: My name is Wayne  
2 Rutherford with Rutherford Photo Video, Decatur,  
3 Illinois. The date is 6-10-13. The time on the video  
4 screen is 10:28 a.m.

5 We are here in reference to the case  
6 Alan Beaman, plaintiff, v. James Souk, et al.,  
7 defendants, Case Number 10 CV 1019. The name of the  
8 witness is Tony Daniels.

9 Will attorneys please identify themselves and  
10 the parties they represent.

11 MS. BARTON: Elizabeth Barton for McLean  
12 County, Mr. Reynard, Mr. Souk, and Mr. Brown.

13 MR. DiCIANNI: Thomas DiCianni for the Town  
14 of Normal defendants.

15 MR. BOWMAN: Locke Bowman on behalf of  
16 Alan Beaman.

17 THE VIDEOGRAPHER: Will the court reporter  
18 identify herself and swear in the witness.

19 THE COURT REPORTER: I'm Christine Luciano  
20 from Anchor Reporting.

21 (Witness duly sworn.)

22 MS. BARTON: I just want the record to  
23 reflect too that this is the continued deposition of  
24 Tony Daniels. We've already had one session, so this

1 is session number two.

2 TONY L. DANIELS,  
3 called as a witness herein, having been first duly  
4 sworn, was examined and testified as follows:

5 DIRECT EXAMINATION

6 (Continued)

7 BY MS. BARTON:

8 Q. We already went through the ground rules  
9 before, so I'm not going to bore you with those. But  
10 let's just make sure that we don't talk over one  
11 another. That's probably the most important reminder  
12 that we have, and that all of your answers be verbal  
13 because the court reporter is taking down everything  
14 that we say, okay?

15 A. Okay.

16 Q. Did you review any documents in preparation  
17 for today that you didn't review --

18 A. No, I did not.

19 Q. Okay. Did you speak with anyone about your  
20 deposition for today?

21 A. No, other than I got a deposition scheduled  
22 for today.

23 Q. Sure. Did you speak with anyone from  
24 Mr. Bowman's office about your deposition testimony

C06866

1 today?

2 A. No.

3 Q. Did you talk to anybody at all about your  
4 deposition the first time, a couple weeks ago?

5 A. I informed my wife basically what it was  
6 about and the format.

7 Q. Did you have any other conversations with  
8 anybody else other than your wife?

9 A. No.

10 Q. We touched on this last time, but I just want  
11 to go over when Lieutenant Zayas -- or excuse me, when  
12 Chief Taylor assigned you to be the lead investigator  
13 of the Lockmiller homicide, okay. You told me before  
14 during the first deposition that Chief Taylor said  
15 that you were at -- that you were going to be the lead  
16 investigator because Lieutenant Zayas was out of town  
17 at the time; is that right?

18 A. Yes.

19 Q. Were you still the lead investigator when  
20 Lieutenant Zayas came back to the Normal Police  
21 Department after being out of town?

22 A. Well, he, Lieutenant Zayas, didn't say  
23 continue as a lead investigator. Myself and Rob  
24 Hospelhorn continued with the rest of the officers. I

1 wasn't given that title once he came back.

2 Q. And I think you told me this before that  
3 Lieutenant -- Lieutenant Zayas came back on the Monday  
4 following the Saturday that Ms. Lockmiller's body was  
5 discovered?

6 A. Yes.

7 Q. So then when Lieutenant Zayas returned from  
8 being out of town on that Monday, from then -- from  
9 that point forward, was he the person deciding which  
10 leads to follow for --

11 A. Yes.

12 Q. -- the investigation?

13 It's just important that you let me finish  
14 asking my question before you begin your answer, okay?

15 Was Lieutenant Zayas the person who was  
16 assigning different investigators what leads to  
17 follow?

18 A. Yes.

19 Q. Was there a point in time where you became  
20 inactive on the Lockmiller homicide case?

21 A. Yes.

22 Q. And when was that?

23 A. As I can best recall, maybe September,  
24 October the same year.

1 Q. Of 1993?

2 A. Correct.

3 Q. So what did that mean for your participation  
4 of the investigation?

5 A. I only took part if it was requested that I  
6 do something.

7 Q. So you didn't do anything on your own, you  
8 were only --

9 A. Assigned.

10 Q. -- doing things that you were assigned?

11 A. Correct.

12 Q. And was that different from the first portion  
13 of the investigation where you were active?

14 A. Yes.

15 Q. Because you were making decisions on your own  
16 about what leads to follow and things like that?

17 A. Where to go with the leads.

18 Q. What -- how did you learn that you would be  
19 inactive on the investigation?

20 A. How did I learn?

21 Q. Were you informed?

22 A. Yes, I was informed.

23 Q. By whom?

24 A. Lieutenant Zayas.

1 Q. What did he tell you?

2 A. That they were going -- they, meaning the  
3 department and the State's Attorney's Office, were  
4 going to turn it over to Tim Freesmeyer.

5 Q. How -- how did Lieutenant Zayas inform you of  
6 that? Was it in person?

7 A. Yes, it was in person.

8 Q. Okay. Was anybody else present?

9 A. No.

10 Q. Do you recall anything else that he said?

11 A. Regarding that issue?

12 Q. Yes.

13 A. No, I do not recall anything.

14 Q. Did he tell you why they, being the Normal  
15 Police Department, was going to be turning the  
16 investigation over to Tim Freesmeyer?

17 A. The only thing I can recall about that was  
18 the fact that it was slowing down.

19 Q. What was slowing down?

20 A. The investigation, the leads.

21 Q. So then why would Detective Freesmeyer be  
22 taking over if it was slowing down?

23 MR. DiCIANNI: I'll object to speculation.

24

1 BY MS. BARTON:

2 Q. You can answer.

3 A. I don't know. I didn't call any of the  
4 shots. I didn't get involved in the decisions.

5 Q. Did it mean that you were not allowed to  
6 investigate the case anymore?

7 A. No, those instructions were not given to me.

8 Q. Did it mean that you were to focus on other  
9 investigations that were occurring?

10 A. Yes, I still had a caseload.

11 Q. Pretty heavy caseload probably?

12 A. Yes.

13 Q. So you were going to be assigned to focus on  
14 your other investigations --

15 A. Correct.

16 Q. -- other than the Lockmiller case?

17 A. Correct.

18 Q. But you weren't told to stop investigating  
19 the Lockmiller case?

20 A. No, I was not, not in those particular words,  
21 no.

22 Q. And did Lieutenant Zayas give you any reason  
23 why Detective Freesmeyer, as you put it, would be  
24 taking over the case?

C06871

1           A.    If he did, I don't recall other than what I  
2 said previously that it was slowing down.

3                               (Whereupon, Daniels Deposition  
4                               Exhibit No. 9 was marked.)

5 BY MS. BARTON:

6           Q.    Okay. Mr. Daniels, I'm handing you what the  
7 court reporter marked as Exhibit Number 9. It's a  
8 newspaper article from the Pantagraph dated  
9 October 19, 2003.

10                   The author is Steve Silverman. Do you know  
11 Mr. Silverman?

12           A.    Not personally. I knew he worked for the  
13 Pantagraph.

14           Q.    Did he interview you for a story?

15           A.    Not that I recall.

16           Q.    I just want to turn to the second page, if  
17 you wouldn't mind. About halfway through, there's a  
18 line that says "New detective." Do you see that, the  
19 line only says "New detective"?

20           A.    Yes, I see it.

21           Q.    I think it was probably a heading that was in  
22 the newspaper.

23           A.    Yes.

24           Q.    Right below that it says: "The case was

1 turned over to Freesmeyer a few weeks after the  
2 killing. Freesmeyer, who is in his 20s, developed a  
3 rapport with Beaman that Daniels - then a 51-year-old  
4 veteran cop and ex-Marine acknowledged he couldn't  
5 match, especially after his confrontation with Beaman  
6 in the first interview."

7 Was that information that you provided to  
8 Mr. Silverman?

9 A. Well, it's documented here. Apparently it  
10 is.

11 Q. Do you recall either way?

12 A. No, not really.

13 Q. Is that a true statement?

14 A. I can't answer for Mr. Silverman whether  
15 that's true or not.

16 Q. Do you agree with the statement?

17 A. Yes, I agree with what it says.

18 Q. So that Detective Freesmeyer, who was in his  
19 20s, developed a rapport with Mr. Beaman, and that's  
20 why the case was turned over to him?

21 A. That's what it states, yes.

22 Q. But do you agree with that statement?

23 A. Yes.

24 Q. Okay.

1 (Whereupon, Daniels Deposition  
2 Exhibit No. 10 was marked.)

3 BY MS. BARTON:

4 Q. Mr. Daniels, the court reporter handed you  
5 what she marked as Exhibit Number 10. These are part  
6 of the box that I received -- one of the boxes that I  
7 received from you.

8 And we copied them so the documents that were  
9 inside this folder that's on the front marked John  
10 Murray's Statements, the documents that follow are the  
11 documents that were contained inside of that blue  
12 folder, okay?

13 A. Yes.

14 Q. On the second page, it's marked Daniels  
15 SDT 58. Do you see that?

16 A. Yes.

17 Q. Are these your notes?

18 A. Yes, they are.

19 Q. After Roman numeral II, it says Involvement  
20 and then the second sort of paragraph says: "No  
21 longer active in the case from early October '93 on,"  
22 right?

23 A. Yes.

24 Q. So is that the case that you were not

C06874

1 actively involved in the Lockmiller homicide case from  
2 October of '93 on?

3 A. Yes, that's the Lockmiller case.

4 Q. You can put that to the side for now.

5 Did you do any work on the Lockmiller case  
6 after October of 1993?

7 A. Yes.

8 Q. What do you remember doing?

9 A. Reviewing statements from various witnesses,  
10 suspects. Also taking the entire case to unresolved  
11 class November of '94, Jacksonville, Florida.

12 Q. So you went to a seminar in November of 1994  
13 in Jacksonville, Florida?

14 A. Correct.

15 Q. And you took the Lockmiller file?

16 A. The documents that I was in possession of.

17 MR. BOWMAN: Did you say November of '94?

18 THE WITNESS: April of '94.

19 MS. BARTON: Oh, I'm sorry.

20 BY MS. BARTON:

21 Q. Did you also go to the Chicago Police  
22 Department to discuss the Lockmiller case?

23 A. Yes.

24 Q. Did you also do an interview of Jennifer

1 Sieg, S-i-e-g?

2 A. I don't recall the name.

3 Q. But you do recall conducting an interview of  
4 a witness related to the Lockmiller case after the  
5 point in time that you were no longer active in the  
6 investigation?

7 A. Do I recall conducting interviews with other  
8 witnesses after when?

9 Q. October 1993.

10 A. Oh, yes.

11 Q. And you also participated in a meeting in May  
12 of 1994 shortly before Mr. Beaman was arrested?

13 A. Correct.

14 MS. BARTON: I made two color copies and two  
15 black and white because it was so expensive to make  
16 color copies.

17 MR. BOWMAN: Yeah, I understand. This is  
18 Exhibit 11?

19 MS. BARTON: Yes.

20 (Whereupon, Daniels Deposition  
21 Exhibit No. 11 was marked.)

22 BY MS. BARTON:

23 Q. Mr. Daniels, the court reporter handed you  
24 Exhibit Number 11. These are documents that we found

1 in the folder entitled Work to Be Done. I apologize  
2 that the cover of the folder is not here, but I'll  
3 just represent to it that that's where my office found  
4 it.

5 If you turn to page 4, it's marked Daniels  
6 SDT 4. Are these your notes here?

7 A. Yes, that's my handwriting.

8 Q. And it's dated, it looks like, March 31,  
9 1994, right?

10 A. Correct.

11 Q. Do you know what these notes are about?

12 A. It's about, of course, the Lockmiller case.

13 Q. Anything specifically?

14 A. It appears to be issues that I saw needed  
15 more attention.

16 Q. Were these notes that you made on March 31,  
17 1994?

18 A. As indicated on the -- on page 4, yes.

19 Q. Okay. Turn to page 12, please. Are these  
20 also your notes?

21 A. Yes.

22 Q. There are a couple different dates here. It  
23 looks like June 22, 1994; June 27, 1994; January 18,  
24 1995; and then May 18, 1994.

1 Did you make these notes on --

2 A. Yes.

3 Q. -- each of those days?

4 A. That's what it appears to be, yes.

5 Q. It also -- you're referring to different page  
6 numbers. Do you know what the page numbers correspond  
7 to?

8 A. No, I do not. I do not recall where those  
9 page numbers originated from.

10 Q. Was this part of your investigation of the  
11 Lockmiller case?

12 A. Investigation or review?

13 Q. What's the difference in your mind?

14 A. Well, investigation would be -- my  
15 investigation would be my part in the investigation.  
16 Review would be where I'm reviewing notes or reviewing  
17 the case itself.

18 Q. What was the purpose of reviewing the notes  
19 on the case itself?

20 A. Possible leads.

21 Q. Is that still considered investigative work?

22 A. Yes, on my part. Yes, it would have.

23 Q. And what was the purpose of looking for  
24 additional leads?

1           A. Well, it's been my experience in the past and  
2 not only in this case but other cases that if you set  
3 aside a case for a while, you can come back and you  
4 can review it and maybe see new avenues of approach,  
5 information that you overlooked.

6           Q. Okay. Thank you. You can put that to the  
7 side for now.

8                   Do you recall any of the other cases you were  
9 working on in 1993 or 1994?

10          A. No.

11                   Let me correct that. August of '94, we had a  
12 similar homicide.

13          Q. A similar homicide?

14          A. Correct.

15          Q. Where did that homicide take place?

16          A. In Normal, Lancaster Heights complex.

17          Q. Did you investigate that murder?

18          A. Yes.

19                   Q. Were you the lead investigator on that  
20 homicide investigation?

21          A. Myself and Lieutenant Zayas.

22                   Q. Do you remember any other cases you were  
23 working on at that time in 1994?

24          A. I don't recall at this point.

1 (Whereupon, Daniels Deposition  
2 Exhibit No. 12 was marked.)

3 BY MS. BARTON:

4 Q. This is Exhibit Number 12. Flip through this  
5 and let me know if you recognize it.

6 A. I recognize what it is.

7 MR. BOWMAN: This is Freesmeyer's -- I'm  
8 sorry. I'm having trouble keeping up.

9 MS. BARTON: Yes, this is Exhibit Number 12.

10 MR. BOWMAN: Sorry. Thank you.

11 MS. BARTON: And on the front, the folder was  
12 Freesmeyer's monthly report.

13 MR. BOWMAN: Okay.

14 BY MS. BARTON:

15 Q. On page what's marked 970 which I think looks  
16 like number 3 of this exhibit, it says "In January."  
17 Do you see that about halfway down the page?

18 A. "In January Detective Daniels"?

19 Q. Yes.

20 A. Yes.

21 Q. "Cleared a year-long investigation into a  
22 felony theft from Kay's Merchandise with the arrest of  
23 the cash office supervisor."

24 Do you recall that investigation?

1 A. Yes, I do.

2 Q. And so you had been investigating this case  
3 for about a year, and then in January 1994 you cleared  
4 it. What does clear mean?

5 A. Clear means you're at the end of the case.  
6 There's nowhere to go or an arrest has been made.

7 Q. Do you recall whether an arrest had been made  
8 here?

9 A. No, I -- I'd have to speculate.

10 Q. Well, it says an arrest was made of the cash  
11 office supervisor, right?

12 A. Yes, that's how it was cleared.

13 Q. And then also turn to page SDT 972. The  
14 third paragraph a few lines down it starts with  
15 "Detective Daniels obtained a conviction"?

16 A. Repeat that page number.

17 Q. 7 -- 972.

18 A. You can direct my attention to what specific?

19 Q. Third paragraph, four lines down.

20 A. Okay.

21 Q. Detective Daniels. Do you see that?

22 A. "Obtained a conviction in the Hardee's armed  
23 robbery case"?

24 Q. Right. Do you recall the Hardee's armed

1 robbery case?

2 A. No, I do not.

3 Q. And what does obtained a conviction mean?

4 A. Well, that phrase in itself means a  
5 conviction was issued as a result of a jury trial,  
6 bench trial in the State's Attorney's Office.

7 Q. As a result of an arrest that you made on the  
8 Hardee's case?

9 A. Correct.

10 Q. Turn to page 974, the first paragraph, five  
11 lines down says: "Detective Daniels was also  
12 instrumental in the arrest of the person responsible  
13 for the armed robbery at Hardee's on North Main in  
14 Normal."

15 Do you recall whether that was the same  
16 Hardee's armed robbery?

17 A. Without comparing both incidents, I cannot.

18 Q. Did you investigate more than one armed  
19 robbery at Hardee's?

20 A. I don't know if I did or not.

21 Q. Okay. So it looks like at least you were  
22 working on several other cases in 1994 other than the  
23 Lockmiller case, right?

24 A. According to Freesmeyer's report.

1 Q. Do you disagree with Freesmeyer's report with  
2 respect to you investigating other cases?

3 A. Well, once again, it's in writing, so -- I  
4 have no comment on that question on that.

5 Q. Well, do you have any reason to believe it's  
6 untrue?

7 A. Not true, no. Again, so many cases you  
8 handle, I can't recall which ones I had a conviction  
9 cleared by no further information. I just -- I can't  
10 comment on another person's report.

11 But as far as the contents, again, I can't  
12 say one way or the other without having all the  
13 documents in front of me to substantiate his claim.

14 Q. Okay. You can put it to the side.

15 For the Lockmiller homicide case, did you  
16 have your own working file?

17 A. Yes.

18 Q. Where did you keep your working file?

19 A. There at my desk in the Normal Police  
20 Department detective division.

21 Q. How big was your file on this case?

22 A. I don't recall. Several binders is about the  
23 best I can give an answer to.

24 Q. Okay.

**C06883**

1 MR. DiCIANNI: I'm sorry. Can you read that  
2 last question and answer back.

3 (Whereupon, the record was  
4 read as requested.)

5 BY MS. BARTON:

6 Q. Do you recall anything that were -- was in  
7 the binders?

8 A. What was given to me would have been copies  
9 of investigators' findings in their investigation and  
10 their leads, other information that would have come  
11 in.

12 Q. What do you mean by findings?

13 A. As a result of their leads, when the  
14 investigator that leads, it would be the results, the  
15 information that was obtained through those leads.

16 Q. What form were those findings in?

17 A. A narrative form.

18 Q. Were they handwritten notes or reports?

19 A. Some could have been. Most of them would  
20 have been in typewritten form.

21 Q. In report form?

22 A. Correct.

23 Q. And you said that these were given to you.  
24 Who were they -- who gave them to you?

C06884

1           A. Well, once a -- like any other case, any  
2 other detective or even street officer would have  
3 initiated, we would have gotten a copy of it; we,  
4 meaning the detective assigned to that case.

5           Q. Was it your understanding that other  
6 detectives also had working files on the Lockmiller  
7 homicide case?

8           A. Yes.

9           Q. How do you know that?

10          A. As I can recall, we had an intern assigned to  
11 the detective division, and his main responsibility  
12 was to make copies of all reports that came from the  
13 lieutenant's office and put them in the binders. And  
14 also clippings from the newspaper, he made copies of  
15 those. And I think there was approximately 12, maybe  
16 13 different binders that went to different people.

17          Q. The 12 to 13 binders that went to different  
18 people within the Normal Police Department?

19          A. And the State's Attorney's Office.

20          Q. On the Lockmiller case?

21          A. Correct.

22          Q. How do you know that the copies went to the  
23 State's Attorney's Office, any copies?

24          A. How do I know? I don't know. I could only

C06885

1 say that that's what the intern was directed to do was  
2 make copies for the State's Attorney's Office. How  
3 they got there or if they got there, I do not know.

4 Q. The intern was instructed to bring copies of  
5 what to the State's Attorney's Office?

6 A. No, the intern didn't take anything to the  
7 State's Attorney's Office. He was making copies for  
8 the State's Attorney's Office. How they got there,  
9 again, I do not know.

10 Q. What was the intern's name?

11 A. I do not recall.

12 Q. Was the intern a male or female?

13 A. Male.

14 Q. How old was he?

15 A. I do not know.

16 Q. Was he under 40 years old?

17 A. Yes.

18 Q. Under 30?

19 A. Could have been.

20 Q. Was he a college student?

21 A. Yes.

22 Q. How do you know what the intern's  
23 instructions were with respect to the copies?

24 A. The instructions from Lieutenant Zayas.

006886

1 Q. How do you know that?

2 A. I don't.

3 Q. Were you present when Lieutenant Zayas gave  
4 any instructions --

5 A. I could have been.

6 Q. You got to let me finish my question.

7 Were you present when Lieutenant Zayas  
8 instructed the intern to make copies of the Lockmiller  
9 file?

10 A. I could have been.

11 Q. But you don't recall?

12 A. No.

13 Q. Was the intern making copies of documents  
14 from the beginning of the investigation to when  
15 Ms. Lockmiller's body was discovered all the way  
16 through to the conviction of Mr. Beaman?

17 A. I don't recall.

18 Q. Do you recall when he started making copies  
19 on the Lockmiller case?

20 A. No, I do not.

21 Q. Did he make copies on any other case?

22 A. No. I had no interest in what the intern was  
23 doing, so I couldn't expand on any of his obligations,  
24 whether or not he had finished his requirements,

1 whether or not he made 12 or 13 copies or anything of  
2 that nature.

3 Q. How do you know it was 12 or 13?

4 A. I can recall at least 12 because that's how  
5 many people we had involved in the case; detectives,  
6 our administration, which is the chief and his  
7 assistant, and of course the prosecutor in the -- from  
8 the State's Attorney's Office.

9 Q. Where did you learn that there were 12 copies  
10 being made of any documents --

11 A. I don't recall.

12 Q. What prosecutor are you referring to?

13 A. Jim Souk.

14 Q. Anyone else at the State's Attorney's Office?

15 A. Well, I would imagine -- and this is  
16 speculation. I would imagine the State's Attorney  
17 himself, Charlie Reynard, would have had a copy.

18 Q. Why do you speculate to that?

19 A. Well, he was also involved in the  
20 investigation to some degree. To what degree, I do  
21 not know.

22 Q. But you don't know whether Souk or Reynard  
23 ever received copies from the Normal Police Department  
24 with respect to this case, right?

C06888

1           A.    Outside of speculation, I do not know. I did  
2 not witness any turn-over of documents to them.

3           Q.    And you never talked to Souk or Reynard about  
4 receiving copies of anything from the Normal Police  
5 Department related to the Lockmiller case?

6           A.    I do not recall.

7           Q.    Did you maintain binders on other cases?

8           A.    It depends on what type of a case it was and  
9 how in-depth investigation it was required.

10          Q.    What kind of case would you maintain binders  
11 in a working file at your desk?

12          A.    Well, the 1994 homicide. I also had -- are  
13 you wanting any case that I worked on?

14          Q.    Yes.

15          A.    I can also recall one that was -- that took  
16 me down to the City of Lincoln, Illinois quite a few  
17 trips down there and resolved. Binder meaning a one-,  
18 two-, three-inch binder.

19          Q.    Did the intern make you copies of records for  
20 those binders as well?

21          A.    I don't recall.

22          Q.    What else do you recall being in your binder  
23 for the Lockmiller case other than investigators'  
24 reports?

006889

1 A. Offhand, I don't recall what was in there.

2 Q. Did you keep your notes on the case?

3 A. Yes.

4 Q. In the binders?

5 A. Well, yes, it was with the binders. It was  
6 part of my copy of the case.

7 Q. What happened to your binders?

8 A. When?

9 Q. On this case.

10 A. Well, I took them with me to 1994 case -- or  
11 school down in Jacksonville. I still have those.

12 Q. Did you make copies of the binders before you  
13 took it down to Jacksonville?

14 A. That's how I obtained them, yes.

15 Q. Obtained what?

16 A. Copies.

17 Q. So you had a working file of the Lockmiller  
18 case that was all in binders at the Normal Police  
19 Department at your desk and then you made a copy of  
20 the entire file to take down to Jacksonville?

21 MR. DiCIANNI: Let me object to the  
22 characterization. I don't think that's completely  
23 accurate as to what the testimony was.

24 You can go ahead and answer.

C06890

1 THE WITNESS: The copy that I had taken to  
2 the class was the copy that I was working with. Now,  
3 if it was any other documents required such as they  
4 did require perhaps slides, so I had slides made from  
5 photographs for that particular purpose for that  
6 class.

7 BY MS. BARTON:

8 Q. Did you take anything else with you to  
9 Jacksonville other than your binders and slides?

10 A. That is all I can recall.

11 Q. And you still have the binders today?

12 A. Correct.

13 Q. And are those -- those were within the boxes  
14 that I received in response to a subpoena, right?

15 A. Yes.

16 Q. And those are documents that are still in the  
17 binders, right?

18 A. Correct.

19 Q. Not the ones in the blue folders like we've  
20 been looking at today?

21 A. Correct.

22 MR. DiCIANNI: What blue folders -- oh.

23 BY MS. BARTON:

24 Q. When you responded to the subpoena that I

1 sent to you, you gave me five boxes of documents and  
2 one of the boxes of documents had folders that looked  
3 like Exhibit 12 and Exhibit 10, right, those blue  
4 folders?

5 A. These are -- appear to be photocopies of what  
6 I had in that one particular box.

7 Q. So what sort of documents were in the blue  
8 folders? Where did you get those documents?

9 A. Those were my documents from various notes.

10 Q. So those weren't documents from the binders  
11 that you kept at your desk in the detective division?

12 A. As I best recall, I did not extract anything  
13 from the original binders that I worked on.

14 Q. Did you take those binders with you when you  
15 retired from the police department?

16 A. I've always had them at home once I returned  
17 from the school.

18 Let me correct that. I had them in the  
19 detective division for a while and then I had taken  
20 them home.

21 Q. Do you recall when you took them home?

22 A. No, I do not.

23 Q. Was it before Mr. Beaman's conviction?

24 A. I don't recall.

C06892

1 Q. You wrote several reports in relation to the  
2 Lockmiller homicide, right?

3 A. Yes.

4 Q. What's the purpose of writing a report?

5 A. Well, to recall later any facts concerning  
6 the case, to be used in court or a decision whether to  
7 go to grand jury, make an arrest, use to further your  
8 investigation.

9 Q. In the deposition last time, you said that  
10 you -- the information you document in reports, you  
11 can document either negative or positive information.  
12 What did you mean by that?

13 A. Well, I don't recall making that statement,  
14 but if I made that statement -- you're asking me  
15 whether or not I copied negative --

16 Q. Well --

17 A. -- or positive aspects of the --

18 Q. Well, why don't we go from here. What sort  
19 of information do you put into a report?

20 A. Information that pertains to the case.

21 Q. And that's information you learned from  
22 witnesses, right?

23 A. Witnesses, yes.

24 Q. And from documentary sources, right, from

C06893

1 documents?

2 A. Yes.

3 Q. And you wrote your reports in this case  
4 shortly after you obtained information. You told me  
5 you wrote it contemporaneously with the information  
6 that you received?

7 A. Yes.

8 Q. And in your prior deposition, you told  
9 Mr. Bowman to pay attention to Detective Freesmeyer's  
10 date of his report. I just wanted to ask you why --  
11 what's important about the date on Detective  
12 Freesmeyer's report?

13 A. If you looked at that particular report, you  
14 see where everything was according to the computer. I  
15 believe it was computer generized -- generized --  
16 generated. He had written that report in one day.  
17 That's what it appeared if you looked at the date of  
18 each page.

19 Q. But you don't know that, right?

20 A. No, I do not know that. He could have kept  
21 that in his computer as he went along, correct.

22 Q. Did you ever read Detective Freesmeyer's  
23 reports throughout the time you were working on the  
24 investigation?

C06894

1 A. Only if they were available.

2 Q. And you don't recall either way if they were?

3 A. I do not.

4 Q. I want to talk about John Murray. You  
5 conducted two interviews of Mr. Murray, right?

6 A. Yes.

7 Q. Just sitting here today, what information do  
8 you recall learning from Mr. Murray during either one  
9 of those interviews?

10 A. The fact that Jennifer was a friend of his.  
11 He supplied Jennifer with drugs, marijuana. They  
12 would go out on the town so-to-speak. He also stayed  
13 there, occasionally had sex with her. The fact that  
14 when he said he came and learned -- learned of  
15 Jennifer's death, he came back to town, he and his  
16 girlfriend had spent the night in a motel in Normal  
17 because he was afraid of Alan Beaman. He and Alan  
18 Beaman had gone to visit her grave site. The fact  
19 that --

20 Q. Was that information that you learned during  
21 the two interviews?

22 A. I don't recall if that came from the  
23 interviews or not. That could have come from an  
24 outside source.

C06895

1           There may have been other information that I  
2 learned about his itinerary that I don't recall the  
3 exact. I knew where he lived. The fact that he knew,  
4 of course, Alan Beaman and Mike Swaine and a few of  
5 the other members of that tight-knit group.

6           Q. Did you learn that he and Jennifer had talked  
7 to each other over the phone within a couple weeks of  
8 her murder?

9           A. It's possible.

10                                 (Whereupon, Daniels Deposition  
11                                 Exhibit Nos. 13 and 14 were  
12                                 marked.)

13           MS. BARTON: The one that starts with SDT  
14 1400 is Exhibit Number 13, and the other one is  
15 Exhibit 14.

16                                 Did you catch that, Locke?

17           MR. BOWMAN: Yes, thank you.

18           BY MS. BARTON:

19           Q. Okay. Mr. Daniels, the Exhibit Number 13 is  
20 the documents that were in your folder labeled John  
21 Murray's First Interview, okay?

22           A. Uh-huh -- yes.

23           Q. There are two different transcripts that were  
24 contained in that file. The first starts at 1402 and

**C06896**

1 then goes to 1417 and then the second one is at 1419.

2 A. Okay.

3 Q. All right. So I want you to be looking at  
4 the one that starts at page 1419.

5 A. Okay.

6 Q. On page 1419 the transcript reflects that you  
7 asked Mr. Murray: "When was the last time that you  
8 had any contact with Jennifer? What type of contact  
9 would that have been?"

10 And then John states: "She called me about  
11 two weeks ago, a week ago. I can't remember."

12 Right?

13 A. Yes.

14 Q. And the next page, 1420, it's a little bit  
15 hard to find, but it looks like there's an underline  
16 with red?

17 A. Yes.

18 Q. Was that your underline? The documents were  
19 like that when I received them.

20 A. That could have been mine. That could have  
21 been anybody else who had read this document.

22 MR. DiCIANNI: I'm sorry. Is it what's  
23 underlined what looks like pen or pencil what you're  
24 referring to?

1 MS. BARTON: Yes. In the exhibit that  
2 Mr. Daniels has, it's color copied.

3 MR. DiCIANNI: Yeah. Yours is?

4 MS. BARTON: Yeah.

5 MR. DiCIANNI: Yours and his.

6 MS. BARTON: Right, so is mine. And it's in  
7 red there.

8 BY MS. BARTON:

9 Q. And it says: "I talked to her was probably  
10 maybe two weeks ago or maybe a week and a half ago,  
11 and she just called me and asked me what I was doing.  
12 And, you know, I said, you know, I am getting ready to  
13 go to school."

14 Right?

15 A. Yes.

16 Q. Did you also learn during your interviews  
17 with Mr. Murray that he claimed Ms. Lockmiller owed  
18 him money for drugs?

19 A. Yes.

20 Q. Do you recall -- strike that.

21 Did Mr. Murray tell you during your  
22 interviews that he was in Jennifer's apartment after  
23 she returned from California?

24 A. I don't recall.

006898

1 Q. Page 1420, there's a paragraph at the bottom  
2 where John is responding: "Oh, yeah, yeah. She  
3 called me from California."

4 And then he goes on to say: "I saw her after  
5 her California trip. I think I talked to her once or  
6 twice?"

7 A. Yes, I see that.

8 Q. You also learned during these interviews with  
9 Mr. Murray that he had some involvement with drugs?

10 A. Yes.

11 Q. What -- do you recall what you learned about  
12 that?

13 A. I learned that he provided the group, the  
14 group being Jennifer and her associates, her friends,  
15 with drugs and marijuana. He also was a mule, a  
16 dealer, a user of steroids.

17 Q. Did you learn that Mr. Murray did steroids  
18 during your interviews with him?

19 A. Did I learn -- rephrase your question,  
20 please.

21 Q. Well, where did you learn that Mr. Murray was  
22 a user of steroids?

23 A. I don't recall where I learned that.

24 Q. But during the interviews of Mr. Murray, you

C06899

1 learned that he brought drugs down from Rockford,  
2 right, to the Bloomington-Normal area?

3 A. Yes.

4 Q. You also learned that Mr. Murray claimed that  
5 Ms. Lockmiller was interested in getting back together  
6 with him?

7 A. That was -- information was obtained.  
8 Whether it came from Murray himself or an outside  
9 source, I don't recall.

10 Also getting back to your previous question,  
11 would you restate that, please, or repeat that?

12 Q. Which question?

13 A. About learning where he got the drugs or that  
14 he brought them down from Rockford.

15 Q. Yes.

16 A. Would you --

17 Q. Sure. Did you learn during one of these  
18 interviews of Mr. Murray that he would bring marijuana  
19 from Rockford to the Bloomington-Normal area?

20 A. I don't recall learning that from him in the  
21 interview or from someone else.

22 Q. All right. Take a look at the Exhibit 14 and  
23 look at the page marked SDT 1473.

24 A. Okay.

C06900

1 Q. Look at the last question and answer on that  
2 page. You asked Mr. Murray: "Have you ever brought  
3 drugs down from Rockford, marijuana from Rockford?  
4 Have you ever?"

5 Mr. Murray responds: "Have I ever in my  
6 life?"

7 On the next page you state: "Have you ever  
8 in your life?"

9 And John says: "Well, yeah. Yes, I have."  
10 Right?

11 A. Yes.

12 Q. While we're looking at the transcript from  
13 the second interview, turn to page 1471. And in the  
14 middle, the second circled answer, John says: "She  
15 wanted me to go back out with her, but I wouldn't let  
16 her."

17 Is that right?

18 A. Yes.

19 Q. Okay. So Mr. Murray was telling you that  
20 Ms. Lockmiller wanted to go back out with him, but he  
21 wouldn't let her?

22 A. That's according to the statement -- his  
23 statement, yes.

24 Q. And then he also told you that during the

C06901

1 first interview -- on page 1432 of the first  
2 interview?

3 A. 32?

4 Q. Yes.

5 A. Okay.

6 Q. And the portion circled, Mr. Murray states:  
7 "No, we never fought. She completely, like, wanted to  
8 go out with me still. Like, if she was alive today,  
9 she would be calling me wanting to go back out with  
10 me."

11 Right?

12 A. Yes.

13 Q. Do you recall that during the interview with  
14 Mr. Murray, he -- during the second interview. I can  
15 point you to the page -- strike that.

16 Between the first interview and the second  
17 interview with Mr. Murray, did his account of his  
18 whereabouts for the week of Ms. Lockmiller's murder --  
19 they changed, right, his account of his whereabouts  
20 changed?

21 A. I don't recall if they changed or if he  
22 clarified some account of his whereabouts.

23 Q. Okay. What do you mean by clarified?

24 A. Well, he could have been confused. I know

C06902

1 one time in one of the interviews, he said: I go up  
2 and down back and forth so many times, I might be  
3 confused.

4 I don't know if that statement was written in  
5 one of the interviews or not, but it seems to me that  
6 that's what he said at one time or another.

7 Q. When he told you that his girlfriend,  
8 Ms. Mackoway, actually helped him clarify what dates  
9 he was in town and what dates he wasn't in town?

10 A. Is that what I said or is that what was  
11 written?

12 Q. I'm just asking. Do you recall that?

13 A. No.

14 Q. Look at the second interview. It's  
15 Exhibit 14 on page 1458.

16 A. Okay.

17 Q. And the last paragraph, the one that's  
18 circled, just read that to yourself and let me know  
19 when you're done.

20 A. Okay.

21 Q. So it looks like Mr. Murray was telling you  
22 that Ms. Mackoway was -- actually helped him to  
23 determine when he actually left Bloomington?

24 A. Yes.

C06903

1 Q. And he admitted that he was in Bloomington on  
2 August 25?

3 A. Let me refresh my memory by reading that  
4 again. I don't recall 20 -- reading the 25th here.

5 Q. Sure. You can read on page 1459, just keep  
6 reading there.

7 A. "I was back in Bloomington on the 25th of  
8 August." That's what it states.

9 Q. And then he also states: "I left on the  
10 25th, and I came back on the 2nd."

11 And then you ask him: "Who was the last  
12 person you were with in the Normal-Bloomington area on  
13 August 25?"

14 And he says: "Deb Mackoway."

15 A. That's what it states, yes.

16 Q. Take a look at the -- still the second  
17 interview on page 1464. The answer that's circled  
18 there, John says: "If I did stop by, I don't think  
19 she was home. I remember stopping by one time when  
20 I -- when I was just about ready to go to Rockford,  
21 but she wasn't home."

22 And then it looks like -- well, you say:  
23 "I'm going to call your attention to the statement  
24 that we had taken from you on page 5."

C06904

1           Did you have the transcript of the first  
2 statement that Mr. Murray made to you when you were  
3 interviewing him the second time?

4           A.   According what this states, I must have.

5           Q.   Do you recall how the transcripts were made  
6 of the interviews?

7           A.   We had chief's secretary, Jackie Thomas,  
8 transcribe the tapes.

9           Q.   When did she transcribe the tapes? Was it  
10 throughout the course of the investigation?

11          A.   I don't recall.

12          Q.   But it looks like at least for Mr. Murray you  
13 had the transcript from his first interview by the  
14 time that you interviewed him six days later on the  
15 8th?

16          A.   It appears so.

17          Q.   Do you recall Mr. Murray telling you during  
18 the second interview that he would provide you with  
19 telephone records to help clarify where he was and  
20 when?

21          A.   No, I don't recall him saying that.

22          Q.   Look at page 1477. First let me ask you  
23 about this page. Are these your notes in the margins  
24 here?

1 A. That's my handwriting, yes.

2 Q. Towards the middle of the page, John states:  
3 "If you would like more specific dates, I will -- I  
4 will do research. I will find out exact times. I  
5 will get a phone bill. I will have every single  
6 minute of those days accounted for if you would like."

7 Right?

8 A. Yes.

9 Q. And then Mr. Murray actually also offered to  
10 take a polygraph during --

11 A. Yes, he did.

12 Q. -- this interview?

13 A. I don't know if it was the second interview.

14 Q. Two pages back on page 1475, you asked  
15 Mr. Murray: "Are you willing to take a polygraph,  
16 John?"

17 John says: "I'll take a polygraph."

18 And you said: "And what is that polygraph  
19 going to tell us when we ask you when you saw her  
20 last?"

21 And John says that "The 25th of August is the  
22 last date I saw her."

23 Right?

24 A. That's what it says, yes.

C06906

1 Q. Did you write a report on either one of the  
2 interviews for Mr. Murray?

3 A. Rob Hospelhorn would have written the report  
4 because he was sitting in with me on the interviews.

5 Q. So why -- why did Rob Hospelhorn write a  
6 report on those interviews and not you?

7 A. He volunteered to do so.

8 Q. Okay. Let's look at Exhibit Number 4, and I  
9 have that here for you.

10 MR. BOWMAN: Can we take a short pause?

11 MS. BARTON: Sure. Go off the record.

12 THE VIDEOGRAPHER: Off the record. The time  
13 is 11:28.

14 (Whereupon, a break was taken.)

15 THE VIDEOGRAPHER: I'm back on the record.  
16 The time is 11:37.

17 BY MS. BARTON:

18 Q. I put in front of you Exhibit 4. This was  
19 from your last deposition. This is the set of reports  
20 that Detective Hospelhorn prepared. Take a look at  
21 page -- it's marked MCC 318 at the bottom.

22 The last paragraph, the second sentence on  
23 9-2-93, RO and Detective Daniels interviewed John  
24 Murray.

1 Right? So he's at least reporting about the  
2 interview of John Murray on the 2nd?

3 A. Yes.

4 Q. And that was your first interview.

5 Now, I don't see in his report about the  
6 interview from the 8th, and I also don't have a report  
7 from you for the interview of Murray on September 8.

8 Do you recall if either one of you prepared a  
9 report?

10 A. No, I don't recall. Once again, I'd like to  
11 remind you, we could've prepared a report and for some  
12 reason, it didn't get in the binder.

13 Q. What do you mean by that?

14 A. Well, we had that intern compare -- compiling  
15 binders.

16 Q. Do you know how the intern obtained the  
17 reports?

18 A. Well, once again, Lieutenant Zayas would have  
19 had him -- hand him the reports and tell him to make  
20 copies for the binders.

21 Q. So you as a detective would prepare your  
22 report and submit it to Lieutenant Zayas?

23 A. That's correct.

24 Q. So that's at least what you did with your

C06908

1 reports?

2 A. That's what I would do with each report I  
3 would've prepared, yes.

4 Q. Okay. And it was your understanding that  
5 Lieutenant Zayas then gave the report to the intern to  
6 make copies?

7 A. That's my understanding, yes.

8 Q. But you don't have any firsthand knowledge of  
9 that?

10 A. Of this particular report?

11 Q. Any report.

12 A. No, I didn't witness him actually turning  
13 over any paperwork to the intern to make copies.

14 Q. All right. Take a look at MCC 333. And this  
15 looks like a report by Detective Hospelhorn regarding  
16 an interview that -- or at least a conversation  
17 because it says spoke with John Murray. RO being  
18 Hospelhorn and you, Detective Daniels spoke with John  
19 Murray at Normal Police Department on September 22,  
20 1993.

21 Take a look at this report and let me know if  
22 this is what you were talking about with Murray  
23 visiting the grave site with Mr. Beaman.

24 MR. DiCIANNI: I'm sorry. What page was

1 that?

2 MS. BARTON: MCC 333.

3 THE WITNESS: Yes, that's what I was  
4 referring to.

5 BY MS. BARTON:

6 Q. So this is how you -- strike that.

7 So John Murray informed you that he went to  
8 Ms. Lockmiller's grave site in Decatur with Alan  
9 Beaman, Chris Carbone, and Josh Whitney?

10 A. Correct.

11 Q. Do you recall anything else about the  
12 conversation with Mr. Murray other than what's  
13 reported by Detective Hospelhorn in this report?

14 A. No, I do not.

15 Q. Do you recall whether this interview was in  
16 person?

17 A. According to the first sentence there, they  
18 spoke with John Murray at Normal PD. Of course, it  
19 doesn't -- well, it says this interview was not  
20 recorded. I don't want to speculate that it was in  
21 person.

22 Q. Do you recall whether Mr. Murray came to the  
23 police department to talk to you or whether you called  
24 him in?

C06910

1 A. No, I do not.

2 Q. Do you know whether John Murray was  
3 subpoenaed to testify at Mr. Beaman's criminal trial?

4 A. I have no knowledge of that.

5 Q. We touched briefly during your last  
6 deposition on the task force that consisted of  
7 representatives from local agencies to investigate  
8 drug crimes; is that right?

9 A. Yes.

10 Q. Do you know who the representative was from  
11 the Normal Police Department on that task force?

12 A. I don't believe we had a detective at that  
13 time assigned to the task force.

14 Q. At what time?

15 A. The time that the murder occurred.

16 Q. Ms. Lockmiller's murder?

17 A. Correct.

18 Q. Do you know if there was ever a  
19 representative from the Normal Police Department on  
20 that task force at any time?

21 A. Yes.

22 Q. And who was that?

23 A. John Belcher, Jim Henderson, Marty Fogler.  
24 That's the only names I can recall at this point in

1 time.

2 Q. What was Mr. Henderson's first name?

3 A. Jim.

4 Q. John Belcher, Marty Fogler, and Jim  
5 Henderson?

6 A. Yes.

7 Q. Did anyone from the task force, whether it  
8 was one of these three individuals or anybody else,  
9 provide you with information related to John Murray?

10 A. As I recall, it would have been John Belcher.

11 Q. What did you learn from John Belcher?

12 A. John Belcher had called DCI and obtained some  
13 information from Tony Schlosser. I don't know how to  
14 spell his last name. But Tony was working with John  
15 Murray at the time. John Murray was under  
16 investigation for selling drugs.

17 Q. What do you mean by working with John Murray?

18 A. Attempting to make a purchase through  
19 John Murray. John Murray was under investigation.  
20 Tony Schlosser was the assigned agent.

21 Q. What agency employed Tony Schlosser?

22 A. McLean County Sheriff's Department.

23 Q. Do you know whether Investigator Schlosser  
24 was using Mr. Murray as a confidential source?

C06912

1 A. I do not know that personally.

2 Q. How do you know that John Belcher called DCI?

3 A. John informed me he obtained documents from  
4 their case on John Murray.

5 Q. What does DCI stand for?

6 A. Department of Criminal Investigations.

7 Q. And where is that located?

8 A. At that time, the office was located on  
9 Eldorado Road in Bloomington.

10 Q. Was that the task force's office?

11 A. Yes, Task Force 6.

12 Q. When did John tell you that he obtained  
13 documents from DCI?

14 A. I don't recall the exact date.

15 Q. How about an approximate date?

16 A. During the first week I would believe.  
17 Again, that's an assumption.

18 Q. First week of what?

19 A. The investigation.

20 Q. Related to Lockmiller's homicide?

21 A. Correct.

22 Q. You told me during the last deposition that  
23 John Belcher was assigned certain tasks during the  
24 Lockmiller homicide investigation, right?

1 A. Yes.

2 Q. Do you know what his role was in the  
3 investigation?

4 A. Other than obtaining the information on  
5 John Murray from DCI, I also recall him verifying the  
6 whereabouts of John Revis.

7 Q. Did you ever see the documents that  
8 John Belcher obtained from DCI?

9 A. I don't recall if I did or not.

10 Q. Did John Belcher tell you why the task force  
11 was investigating John Murray?

12 A. He could have. He may have or I could have  
13 gotten it from the report.

14 Q. From what report?

15 A. A report that Tony Schlosser would've had on  
16 file.

17 Q. Did you obtain reports from Tony Schlosser?

18 A. I did not.

19 Q. So what do you mean by the reports that  
20 Schlosser had on file?

21 A. Well, you'd have a case file on individuals  
22 that you're investigating.

23 Q. So it was your understanding that Tony  
24 Schlosser had a case file on the investigation of

C06914

1 John Murray?

2 A. Correct.

3 Q. Where was that case file?

4 A. DCI would have had that.

5 Q. Did you go to DCI to review records related  
6 to John Murray?

7 A. I did not.

8 Q. Did you ever review Tony Schlosser's case  
9 file?

10 A. I don't recall if I did.

11 Q. Do you recall reviewing any reports related  
12 to an investigation of John Murray for possession of  
13 drugs?

14 A. Yes.

15 Q. Okay. When?

16 A. When I read them or --

17 Q. Yes.

18 A. I don't recall when I read them.

19 Q. Was it during the Lockmiller homicide  
20 investigation?

21 A. Could have been during it or it could have  
22 been after the trial.

23 Q. You just don't recall either way?

24 A. Correct.

1 Q. So we've already discussed the fact that  
2 during the second interview of Mr. Murray, he offered  
3 to get a phone bill to show his whereabouts for the  
4 week of Ms. Lockmiller's homicide.

5 Did you ever obtain either the phone bill or  
6 records related to Mr. Murray's telephone records?

7 A. Yes.

8 Q. How did you obtain them?

9 A. Well, they were given to me. By whom, I do  
10 not recall.

11 Q. Did Mr. Murray bring them into the police  
12 department to give to you?

13 A. I don't recall.

14 Q. Did you subpoena the telephone records?

15 A. I don't recall that either.

16 (Whereupon, Daniels Deposition  
17 Exhibit No. 15 was marked.)

18 BY MS. BARTON:

19 Q. The court reporter handed you what she marked  
20 as Exhibit 15 to your deposition. This is the  
21 entirety of the blue folder that you provided to me  
22 labeled phone records.

23 Turn to SDT 590. Do you recognize this  
24 document?

C06916

1 A. I don't recall the document.

2 Q. It looks like a handwritten letter from  
3 Patty Engel of GTE Security to a person named John  
4 dated September 16, 1993?

5 A. Yes, it does.

6 Q. And it says: "Enclosed are the calls for  
7 both your number and your parents' number from  
8 August 19 through August 28, 1993."

9 A. Okay.

10 Q. Do you know who the John is that this letter  
11 is addressed to?

12 A. With 100 percent surety, no, I do not.

13 Q. What's your best guess?

14 A. Since we are talking about John Murray and  
15 phone records, my guess best would be John Murray.

16 Q. And you interviewed John Murray on  
17 September 2 and again on September 8. And during the  
18 September 8 interview, Mr. Murray said I can get a  
19 phone bill for you to verify my whereabouts during the  
20 week of the homicide, right?

21 A. Yes.

22 Q. Take a look at Exhibit 10, and turn to page  
23 SDT 70.

24 A. Okay.

1 Q. Are these your notes?

2 A. Yes, that's my handwriting.

3 Q. And the date on this is September 8, 1993?

4 A. Yes.

5 Q. Entitled Second Interview With Larbi?

6 A. Yes.

7 Q. Would that be John Murray?

8 A. Yes.

9 Q. Were these notes that you took during the  
10 interview of Mr. Murray on September 8?

11 A. I cannot say if they were or not.

12 Q. And that note on the bottom, can you read  
13 that for me?

14 A. Phone record on John, 21st through the 28th.

15 Q. What is that notation before the 21st? Can  
16 you interpret that for me?

17 A. That could be a 04.

18 Q. What does that stand for?

19 A. Possibly a month or could be 06, possibly a  
20 month.

21 Q. Do you know what that note refers to?

22 A. Well, it says phone record on John.

23 Q. Were you planning to ask Mr. Murray to obtain  
24 phone records from the 21st to the 28th?

- 1 A. That's a possibility according to this note.
- 2 Q. But you don't recall either way?
- 3 A. Correct.
- 4 Q. Take a look at page SDT 95 in that same group  
5 of documents.
- 6 MR. DiCIANNI: I'm sorry, what page?
- 7 MS. BARTON: 95.
- 8 BY MS. BARTON:
- 9 Q. It might be on the reverse page, 95 and 96.
- 10 A. Oh, there it is. Okay.
- 11 Q. Is this your handwriting on pages 95 and 96?
- 12 A. Yes, it is.
- 13 Q. And on page 95, it's labeled 9-2-93, Larbi  
14 Interview?
- 15 A. Correct.
- 16 Q. Are these notes that you took during the  
17 interview on September 2?
- 18 A. Either that or when I was reviewing the case.
- 19 Q. And the notation at the top says: "Check his  
20 phone record to see if and when called him."  
21 What does that refer to?
- 22 A. I don't know what -- recall why I wrote that  
23 down the way I did. Check his phone record, I would  
24 assume referring to John Murray to see if and when

1 called him.

2 Q. Right. Because we already established that  
3 during the first interview, Mr. Murray told you, I  
4 spoke to Jennifer and she called me and I called her  
5 within a couple weeks of her murder. Right? And so  
6 now you're writing check his phone records to see if  
7 and when --

8 A. Possibly --

9 Q. -- Ms. Lockmiller called him?

10 A. Could possibly mean if and when Jennifer  
11 called him.

12 Q. And look at page 96. Are these questions  
13 that you prepared in preparation for Mr. Murray's  
14 interview either on the 2nd or on the 8th?

15 A. I don't recall what they were referring to.  
16 It also could be lead-up questions that I had written  
17 down after the trial, during the trial.

18 Q. What are lead-up questions?

19 A. Questions that need to be answered after I  
20 reviewed documents being maybe Murray's phone records  
21 or other statements from other witnesses or John  
22 Murray's interviews.

23 Actually his name is not mentioned in this  
24 particular page. It could refer to anyone.

1 Q. Well, the first question says: "Were you  
2 seeing both Jennifer and Deb at the same time?"

3 A. Okay. Then that -- well, it's possible that  
4 Debbie had another boyfriend.

5 Q. Well, did you investigate another boyfriend  
6 of Ms. Mackoway's that I don't know about?

7 A. Of Deb Mackoway?

8 Q. Yes.

9 A. I did not, no.

10 Q. Was there another Deb related to the  
11 Lockmiller homicide case?

12 A. I don't recall.

13 Q. Did you want to obtain Mr. Murray's phone  
14 records at the time of the investigation?

15 A. I don't know if it was my suggestion,  
16 Hospelhorn's, or anyone else. Could have been  
17 Zayas's. I don't recall whose idea it was. Surely it  
18 would have been a suggestion to help verify where the  
19 calls originated from, whether or not his phone or  
20 someone else's phone.

21 Q. When did you receive the records?

22 A. I don't recall when I received the records.

23 Q. Did you receive them during the time of the  
24 investigation?

1 A. Once again, I don't recall when.

2 Q. Where did you keep the records?

3 A. The phone records?

4 Q. Yes.

5 A. I would've, once again, assumed they would  
6 have been kept with the case investigation.

7 Q. What does that mean "with the case  
8 investigation"?

9 A. With the other case information that -- the  
10 binders, so forth.

11 Q. In your binder or set of binders?

12 A. I don't -- I can't say with 100 percent  
13 accuracy.

14 Q. Did you perform any analysis on Mr. Murray's  
15 phone records?

16 A. It seems to me I was working on them.

17 Q. When were you working on them?

18 A. Well, of course had been after I received  
19 them. Exactly when, I don't -- I'm not sure.

20 Q. Do you recall working on the telephone  
21 records at any time during the Lockmiller homicide  
22 investigation?

23 A. During my part of the investigation or during  
24 the time that he was -- she was found and through the

**C06922**

1 appeal court?

2 Q. How about before October 1993?

3 A. I don't recall.

4 Q. After 1993?

5 A. Again, I don't recall.

6 Q. Did you write on the telephone records at any  
7 time?

8 A. I could have.

9 Q. Take a look at the first page here, 578 of  
10 the phone records. The big exhibit is going to be  
11 here.

12 A. Okay. I'm sorry.

13 MR. DiCIANNI: What number was that again?

14 MS. BARTON: 15, Exhibit 15.

15 BY MS. BARTON:

16 Q. Do you see your handwriting anywhere on this  
17 page?

18 A. Yes, I wrote up at the top "Larbi,"  
19 L-a-r-b-i.

20 Q. Because that was Mr. Murray's telephone  
21 number, 309-828-0718, right?

22 A. I don't know if that was his number at the  
23 time or not.

24 Q. Do you see your handwriting anywhere else?

1 A. I don't recognize it.

2 Q. Do you recognize anyone else's handwriting on  
3 this page?

4 A. No, I do not.

5 Q. Turn to page 581. Do you recognize your  
6 handwriting on this page anywhere?

7 A. I couldn't say for sure.

8 Q. Isn't that your handwriting where it says  
9 "Larbi's friend" to the right?

10 A. That could be. That appears to be.

11 Q. And what about down below where it says "Deb  
12 Mackoway's apartment," that's your handwriting too,  
13 isn't it?

14 A. I don't make the A that way. I don't make  
15 the B that way. So I would have to say that doesn't  
16 appear to be my handwriting.

17 Q. What about on page 582, do you see your  
18 handwriting anywhere on that page?

19 A. I don't recognize it.

20 Q. No?

21 A. No, I don't recognize it.

22 Q. Turn to page 585. Is this a document that  
23 you created?

24 A. Yes, I believe so.

C06924

1 Q. When did you create this?

2 A. I have no idea.

3 Q. What does this document mean?

4 A. It appears to mean a timeline on phone calls  
5 made from 8 to -- zero -- correction. Made from area  
6 code 390-828-0718 which appears to be Murray's  
7 apartment.

8 Q. Well, you created this document, right? You  
9 just told me that?

10 A. Yes.

11 Q. Why did you create the document?

12 A. Make it easier to read if I was looking for a  
13 particular time, phone number, or a name phone numbers  
14 would be registered to.

15 Q. And this was an analysis you performed on --  
16 or this -- strike that.

17 This piece of paper reflects an analysis you  
18 performed on John Murray's telephone records, right?

19 A. To some degree, yes.

20 Q. And you don't know when you did that  
21 analysis?

22 A. That's correct, I do not know.

23 Q. But it says on the top "Murray's apartment"  
24 and then it gives his telephone number 309-828 --

1 A. Yes.

2 Q. -- 0178?

3 A. Yes.

4 Q. So we can agree that that's the number that  
5 was registered for Mr. Murray's apartment?

6 A. Yes.

7 Q. Turn to page 587. You might have to flip it.  
8 The handwriting in red that says "Larbi's in BLM," is  
9 that your handwriting?

10 A. Yes.

11 Q. What does that mean?

12 A. Bloomington. Larbi's -- mine's cut off at  
13 the top. Would you reread that, please?

14 Q. Sure. It says "Larbi's in BLM."

15 A. Okay. That meant it's Larbi's phone number  
16 in Bloomington.

17 Q. Of course, at the top we see 309-828-0718  
18 which we already established was Mr. Murray's  
19 apartment phone number?

20 A. Correct.

21 Q. There are several numbers circled in red,  
22 some in black, some lines highlighted. Did you do any  
23 of that on this page?

24 A. I'm sorry. I do not recall if I did.

1 Q. Turn to page 591. Is that your handwriting  
2 in the margin?

3 A. Yes.

4 Q. And at the bottom of the page?

5 A. Yes.

6 Q. Did you circle any of these numbers in red?

7 A. Possible, but I don't recall circling them.

8 Q. What about the next page? The note at the  
9 top says Larbi's in I think Byron?

10 A. Byron, Illinois.

11 Q. So this was the phone records related to  
12 Mr. Murray's Byron residence, right?

13 A. Yes.

14 Q. And that's your handwriting?

15 A. Correct, in the margin at the top, yes.

16 Q. In red?

17 A. Correct.

18 Q. And on the margin, that's your handwriting  
19 also in red?

20 A. Correct.

21 Q. And then there are several numbers circled in  
22 red?

23 A. Correct.

24 Q. Page 594, there's a green highlight about

1 three-fourths down the page. Did you highlight that  
2 number?

3 A. I don't recall.

4 Q. Turn to page 652.

5 A. 652?

6 Q. Yes.

7 A. Okay.

8 Q. Is this a document that you prepared?

9 A. It could be.

10 Q. Do you recognize it?

11 A. After all these years, no.

12 Q. Well, is there any reason it would be in your  
13 possession?

14 A. To review if -- well, it was in my possession  
15 apparently because you have a copy of it, so I would  
16 say probably to review.

17 Q. Let me ask you, did you ever make copies of  
18 the telephone records that were in your possession  
19 related to Mr. Murray?

20 A. It's possible.

21 Q. Did you make the copies in color?

22 A. No, we didn't have a color copier at that  
23 time.

24 Q. Why were you interested in Mr. Murray's

1 telephone records?

2 A. Well, help verify where he could have been.

3 Q. And why was that important?

4 A. Well, we had to have the opportunity to  
5 commit a crime.

6 Q. So he was a suspect in Ms. Lockmiller's  
7 murder, and you were trying to verify his alibi?

8 A. At that time, yes.

9 Q. Well, what did the phone records ultimately  
10 prove to you, if anything?

11 A. That he was in Normal on the day that the  
12 State's Attorney said that Jennifer was killed.

13 Q. Which was August 25?

14 A. As I recall, yes.

15 Q. Well, didn't Mr. Murray tell you himself that  
16 he was in town on the 25th?

17 A. He may have. I don't recall as I'm sitting  
18 here.

19 Q. Okay. Well, we already established that  
20 with --

21 A. Okay.

22 Q. -- the second interview, but we can look at  
23 it again if you like.

24 A. Okay.

1 Q. It's Exhibit Number 14, page SDT 1459.

2 A. I haven't found 14 yet.

3 Q. Okay.

4 A. Okay. What was that page number?

5 Q. 1459.

6 A. Okay.

7 Q. Take a look at that and see if it refreshes  
8 your memory about whether Mr. Murray told you that he  
9 was in town, town being Bloomington-Normal, on  
10 August 25, 1993?

11 A. Looking at the page about third down where  
12 he's answering Rob Hospelhorn's question, he states:  
13 "I left -- the last time I went home was on the 25th  
14 of August and then I came back on Tuesday,  
15 September 2."

16 Q. And then you asked him a question.

17 A. "Who was the last person you were with in  
18 Normal-Bloomington area on August the 25th?"

19 Q. And he says?

20 A. He says: "Debbie Mackoway."

21 Q. And then turn to the next page, and you ask  
22 him "okay. What time did you leave to go to  
23 Rockford?"

24 And he says: "About 4 o'clock."

1 hearing?

2 A. I do not recall if this was the hearing I  
3 testified.

4 Q. Well, you did testify at a hearing --

5 A. Yes.

6 Q. -- for the post-conviction --

7 A. Correct.

8 Q. -- relief, right?

9 So turn to the second page and then it  
10 reflects Tony Daniels is sworn in and then a direct  
11 examination, right?

12 A. Apparently I did.

13 Q. Okay. Turn to page MCC 12714 at the -- the  
14 last question and answer. The question is: "Had  
15 John Doe number one also given you any indication as  
16 to whether he had placed himself at Jennifer  
17 Lockmiller's apartment on the day of her death or the  
18 day before?"

19 As you sit here right now, Mr. Daniels, do  
20 you know who John Doe number one is?

21 A. Yes.

22 Q. Who's that?

23 A. John Murray.

24 Q. Okay. So then your answer was what? Can you

1 read that answer for me?

2 A. "Both he during the first interview, he  
3 placed himself there the 24th. Then on the second  
4 interview, he placed himself there the 25th, and I  
5 believe that was substantiated by Deb Mackoway."

6 Q. Okay. So that's how you testified at this  
7 hearing?

8 A. That's what I testified to, correct.

9 Q. Okay. And you already told me you don't  
10 recall what you did, if anything, with these telephone  
11 records of Mr. Murray's, right?

12 A. Other than what I already testified to,  
13 that's correct.

14 Q. Which is what?

15 A. Appeared that I was analyzing the dates and  
16 the times, trying to compare those to the dates and  
17 times where John Murray would have been.

18 Q. Did you provide these telephone records to  
19 any other officers working on the investigation?

20 A. Did they have access to them? I do not know.  
21 And I don't recall if I provided them or if copies  
22 were made.

23 Q. Did you provide these records to Lieutenant  
24 Zayas?

1 A. Again, I don't recall.

2 Q. Did you ever write a report stating that you  
3 had received these telephone records?

4 A. I don't recall if I did.

5 Q. You eventually received a subpoena for the  
6 telephone records; is that right?

7 A. I'm sorry. I don't recall if I did.

8 Q. All right. Take a look at Exhibit 15, which  
9 is the big, thick exhibit, and turn to page 680. Do  
10 you recognize this?

11 A. No.

12 Q. You've never seen it before?

13 A. I'm not saying that. I just don't recognize  
14 it.

15 Q. What does it appear to be?

16 A. Well, it's a -- appears to be a subpoena  
17 duces tecum. That's what it is, subpoena duces tecum.

18 Q. For what?

19 A. Documentation phone records for the residence  
20 of Larbi John Murray.

21 Q. And it's dated July 13, 2000 on the bottom  
22 right-hand?

23 A. Correct.

24 Q. Do you know why this was in your file?

1 A. No.

2 Q. Do you have any recollection of whether you  
3 responded to the subpoena on behalf of the Normal  
4 Police Department?

5 A. No, I do not.

6 Q. Do you recall meeting with Tony Matens  
7 relating to this subpoena?

8 A. To this particular subpoena?

9 Q. Yes.

10 A. No, I don't.

11 Q. Do you recall meeting with Mr. Matens at the  
12 Normal Police Department to discuss and go over the  
13 records, the phone records related to John Murray?

14 A. No, I don't.

15 (Whereupon, Daniels Deposition  
16 Exhibit No. 17 was marked.)

17 BY MS. BARTON:

18 Q. All right. Mr. Daniels, the court reporter  
19 handed you what she marked as Exhibit Number 17. This  
20 is a memo from Tony Matens to Juliet and Jeff dated  
21 July 18, 2000, and it states: "These telephone  
22 records are copies of copies. Lieutenant Daniels did  
23 not know where the original records are currently  
24 located. The records appear to be incomplete;

1           however, they are very interesting. I assume you will  
2           supply a copy of the records to Jenner & Block's  
3           office."

4                       And then take a look at the records that are  
5           attached to this memorandum.

6           A.    Both handwritten and typed?

7           Q.    Yes.

8           A.    Okay.

9           Q.    Did you provide these records to Tony Matens?

10          A.    The cover letter indicates that, yes.

11          Q.    Do you recall whether you did that or not?

12          A.    No.

13          Q.    Any reason to believe that you didn't provide  
14          records to Mr. Matens in response to a subpoena?

15          A.    Well, if it's in response to a subpoena, I  
16          definitely would have honored that subpoena.

17          Q.    Do you recall ever receiving a subpoena from  
18          Mr. Matens?

19          A.    No, I don't recall.

20                       MR. BOWMAN:  When you say -- I don't -- never  
21          mind.

22                       Is that question intended in his capacity as  
23          an officer of the Normal Police Department?  Is that  
24          what you're asking?

1 MS. BARTON: Well, at any time.

2 MR. BOWMAN: You, the Normal Police  
3 Department, or you, Daniels, Normal Police Department  
4 officer?

5 MS. BARTON: So you're objecting to the form  
6 of the question?

7 MR. BOWMAN: Yeah, it's vague and ambiguous.

8 BY MS. BARTON:

9 Q. Did you personally ever receive a subpoena  
10 from Mr. Matens where he handed it to you?

11 A. I don't recall.

12 MR. BOWMAN: Same objection.

13 BY MS. BARTON:

14 Q. Did you meet with Mr. Matens and Detective  
15 Hospelhorn at the Normal Police Department to go over  
16 these records, the telephone records, related to  
17 John Murray?

18 MR. BOWMAN: Same objection. What records?

19 THE WITNESS: I don't recall.

20 BY MS. BARTON:

21 Q. Do you recall having conversations with  
22 Mr. Matens about the telephone records related to  
23 John Murray?

24 A. No, I do not.

1 Q. Have you told me everything that you recall  
2 doing with the telephone records?

3 MR. BOWMAN: Objection; vague, overbroad,  
4 can't possibly be answered in that form.

5 THE WITNESS: Would you restate -- repeat  
6 your question?

7 BY MS. BARTON:

8 Q. Sure. The -- you already told me, right,  
9 that you at some point in time, but you don't know who  
10 from or when, you received telephone records related  
11 to John Murray?

12 A. That's correct.

13 Q. Have you told me everything that you did with  
14 those records?

15 A. As I recall --

16 MR. BOWMAN: Same objection as to vague,  
17 overbroad, confusing.

18 THE WITNESS: As I recall, I have told you  
19 everything that I recall concerning the phone records.

20 BY MS. BARTON:

21 Q. Who made the decision to administer a  
22 polygraph test on John Murray?

23 A. I do not know who made the decision. I made  
24 the request.

1 Q. To who did you make -- to whom did you make  
2 the request?

3 A. Well, would have been Terry McCann from the  
4 Illinois State Police Crime Lab in Morton, Illinois.

5 Q. How did you make that request?

6 A. Well, I would've -- I could've -- I could  
7 have done one of two things; called him personally, or  
8 ask Dave Warner, who was our evidence tech, to make  
9 the appointment. I don't recall the exact method in  
10 which I requested it.

11 Q. Why did you want John Murray -- strike that.  
12 Why did you want Mr. McCann to administer a  
13 polygraph examination of Mr. Murray?

14 A. Terry McCann was the operator. The reason  
15 why I requested one on John Murray as an investigative  
16 tool.

17 Q. For what purpose?

18 A. Investigative tool, to see if we could verify  
19 his information or if he was being deceptive.

20 Q. Were you trying to determine whether  
21 Mr. Murray was involved in Ms. Lockmiller's homicide?

22 A. That could have been obtained later after  
23 results of the polygraph.

24 Q. Take a look at Exhibit 16, please, and look

1 at page -- I'm sorry, MCC 12719. Read the question  
2 and answer to yourself at the top of the page and let  
3 me know when you're finished.

4 A. Do you want the whole page read?

5 Q. No, just that first question --

6 A. Okay.

7 Q. -- and answer at the top.

8 A. Uh-huh.

9 Q. Does that refresh your memory about why you  
10 were interested in submitting John Murray to a  
11 polygraph examination?

12 A. According to my testimony, yes.

13 Q. And why was that?

14 A. For the investigation.

15 Q. And specifically you testified that we were  
16 interested in his involvement, John Doe's involvement,  
17 in the case?

18 A. Yes.

19 Q. It says: "A normal set of questions would be  
20 to the -- to the examinee whether or not he had any  
21 involvement or if he knew who had involvement"?

22 A. Correct.

23 Q. When was the decision made to submit  
24 Mr. Murray to a polygraph?

1 A. I don't recall the date it was requested.

2 Q. Was it sometime around the time you  
3 interviewed him?

4 A. That's -- when I interviewed him, that's when  
5 I asked him to take a polygraph or if he would take a  
6 polygraph.

7 Q. And he agreed?

8 A. Yes.

9 Q. And you already told me during your first  
10 deposition that you actually took Mr. Murray to Morton  
11 Crime Lab for the polygraph examination, right?

12 A. That's correct.

13 Q. How did that get set up?

14 A. You mean the date and the time and who was to  
15 escort him there and back?

16 Q. Correct.

17 A. I don't recall how that was set up.

18 Q. Was it just you and Mr. Murray in the car  
19 when you drove to Morton?

20 A. As I recall, yes.

21 Q. Did you pick him up at his residence?

22 A. I don't recall.

23 Q. Do you recall any conversation that you had  
24 with Mr. Murray on the way to the crime lab?

1 A. No.

2 Q. Did you talk to him on the way to the crime  
3 lab?

4 A. I don't recall if I did.

5 Q. Did you tell anyone at all that you were  
6 taking Mr. Murray to Morton Crime Lab for a polygraph?

7 A. That's a possibility.

8 Q. Do you remember?

9 A. I don't recall if I told anyone and if whom I  
10 did who I would've informed them of.

11 Q. Did you talk to Mr. McCann when you got  
12 there?

13 A. Yes.

14 Q. What did you talk about?

15 A. The case at hand.

16 Q. Can you elaborate on that?

17 A. Date and time and relationship Jennifer to  
18 Larbi, and what Mr. Larbi had told us subsequent to  
19 his interviews.

20 Q. What Mr. Murray had told you subsequent to  
21 his interviews. What do you mean?

22 A. Maybe that was the wrong word. As a result  
23 of his two interviews, what he had related to us.

24 Q. So are you saying there was another

1 conversation or interview of Mr. Murray after those  
2 first two interviews?

3 A. Well, he -- according to your questioning and  
4 I think my answer, he could have brought those phone  
5 records to our station personally himself, and I  
6 could've had a conversation with him. If that be the  
7 case, I don't recall.

8 Q. Are you saying that you told Mr. McCann about  
9 Mr. Murray's telephone records?

10 A. No, I'm not saying that because I don't  
11 recall.

12 Q. Did you tell Mr. McCann what questions to ask  
13 Mr. Murray during the examination?

14 A. No. Mr. McCann's a very professional and  
15 experienced examiner. He would have standard  
16 questions. Basically I suggest we want to know  
17 whether or not Mr. Murray was involved or had any  
18 knowledge of the murder and as to who -- who would've  
19 committed it.

20 Q. Had you worked with Mr. McCann before on  
21 investigations?

22 A. Yes.

23 Q. Any reason you chose Mr. McCann?

24 A. Taxpayer.

1 Q. What does that mean?

2 A. The taxes that we pay in the state of  
3 Illinois goes for his salary.

4 Q. Okay. So why --

5 A. Well, if we would have hired an independent,  
6 that would have cost the taxpayers more money.

7 Q. Okay. So you're saying you chose Mr. McCann  
8 because he's hired by the State of Illinois, and so  
9 the taxpayers wouldn't have to pay any more money?

10 A. Yeah, along with the fact that's a normal  
11 procedure for Normal Police Department.

12 Q. Okay. So it's normal for you as an  
13 investigator on behalf of the Normal Police Department  
14 to contact a polygraph examiner from the Illinois  
15 State Police to conduct --

16 A. Correct.

17 Q. -- an examination during your investigation?

18 MR. BOWMAN: Why don't we take a little break  
19 at this point.

20 MS. BARTON: Okay.

21 THE VIDEOGRAPHER: Off the record, 12:30.

22 (Whereupon, a break was taken.)

23 THE VIDEOGRAPHER: Back on the record 1333.

24

1 BY MS. BARTON:

2 Q. Mr. Daniels, before we took the break, we  
3 were discussing your conversations with Terry McCann,  
4 the polygraph examiner, about John Murray, okay, just  
5 to kind of bring you back to where we were.

6 At the point in time that you met with  
7 Mr. McCann, when you brought Mr. Murray to the Morton  
8 Crime Lab, did you know whether any other person had  
9 been administered a polygraph test in the Lockmiller  
10 investigation?

11 A. At that time, I don't really recall.

12 Q. Did you know when you met with Mr. McCann  
13 that he had already administered the polygraph of  
14 Stacey Gates?

15 A. No, I didn't.

16 Q. You didn't know that at the time?

17 A. No.

18 Q. You were not actually in the room when  
19 Mr. McCann administered the polygraph examination to  
20 Mr. Murray, right?

21 A. That's correct, I was not.

22 Q. Were you in the room during the pretest  
23 interview?

24 A. No.

1 Q. Were you in the room at any time or were  
2 you -- strike that.

3 Were you present at any time when Mr. McCann  
4 was asking Mr. Murray questions?

5 A. No.

6 Q. How long were you at the Morton Crime Lab for  
7 Mr. Murray's polygraph examination?

8 A. An estimate would be probably in the  
9 neighborhood of an hour, 45 minutes.

10 Q. Did you wait at the crime lab --

11 A. Yes.

12 Q. -- until it was completed?

13 Did you speak with Mr. McCann when the  
14 examination was over?

15 A. First of all, there was no exam; but I did  
16 speak to him after -- afterwards.

17 Q. What do you mean there was no exam?

18 A. Mr. McCann explained to me that Mr. Murray  
19 was not being cooperative in his questioning.

20 Q. And, therefore, Mr. McCann couldn't actually  
21 complete the test on Mr. Murray?

22 A. He couldn't start the test.

23 Q. So Mr. McCann told you he never even started  
24 the test?

1 A. Correct.

2 Q. Did he tell you whether he asked  
3 Mr. Murray any questions or how he got to that point?

4 A. Well, there's a preliminary question they use  
5 to establish a baseline, I believe. And what  
6 Mr. McCann explained to me is that Mr. Murray could  
7 not sit still. He would move his legs back and forth;  
8 and, therefore, the exam was not administered.

9 Q. Did Mr. McCann tell you that Mr. Murray -- or  
10 in his opinion, Mr. Murray was manipulating the test  
11 or attempting to manipulate the test?

12 A. I don't know if that's the words he used. He  
13 just indicated to me that he would not set still.

14 Q. Did he tell you that Mr. Murray wasn't being  
15 cooperative?

16 A. Well, not being cooperative was an  
17 explanation of him moving his legs back and forth. He  
18 wouldn't cooperate in the fact that he wouldn't set  
19 still. He didn't set still.

20 Q. Did Mr. McCann tell you that he informed  
21 Mr. Murray to sit still, and he instructed him to do  
22 that, and Mr. Murray failed to do that?

23 A. If he -- if Mr. McCann did, then I don't  
24 recall.

1 (Whereupon, Daniels Deposition  
2 Exhibit No. 18 was marked.)

3 BY MS. BARTON:

4 Q. Do you recall giving an interview to a TV  
5 reporter by the name of Mark Goldman?

6 A. Yes.

7 Q. Exhibit Number 18 is -- are documents that  
8 were contained in the blue folder that you had labeled  
9 Channel 31 Interview, okay? Turn to page SDT 1001.

10 A. Okay.

11 Q. Where did you obtain this document?

12 A. I just got it from you.

13 Q. Okay. Well, I got it from you from your  
14 files.

15 A. Okay.

16 Q. I just informed you that it came from the  
17 folder that was marked Channel 31 Interview. So it  
18 was in your possession, would you agree with that?

19 A. Yes, I would say that it came from the  
20 newscaster.

21 Q. From Mark Goldman?

22 A. Him or their office, yes.

23 Q. On that first page, 1001, of the interview  
24 transcript, towards the bottom of the page, there's a

C06948

1 bigger paragraph, where it starts: "Well, the  
2 girlfriend"? Do you see that paragraph on the --

3 A. Yes.

4 Q. -- first page?

5 The last sentence in the paragraph reads:  
6 "We did offer him a polygraph examination, and he did  
7 take a polygraph."

8 And then Mr. Goldman asks you: "What was the  
9 result to your knowledge?"

10 And you said: "Inconclusive."

11 Where did you learn that Mr. Murray's  
12 polygraph was inconclusive?

13 A. Well, that may have been my term that I used  
14 solely and not Mr. McCann's.

15 Q. Do you know whether Mr. McCann told you that  
16 Mr. Murray's test was inconclusive?

17 A. I don't know for sure.

18 Q. And then on the next page, Mr. Goldman asks  
19 you: "Any theory as to why?"

20 And you responded: "Yes. As told to me by  
21 the polygraph operator, he had a problem with his  
22 posture. He was manipulating the polygraph."

23 That word manipulating, is that something  
24 Mr. McCann told you that Mr. Murray was manipulating

1 the test?

2 A. I'm not sure.

3 Q. Was that your interpretation of Mr. McCann's  
4 attempt to polygraph Mr. Murray?

5 A. Again, I'm not sure. Could have been. Could  
6 have been Mr. McCann's.

7 Q. Is it your opinion that he was manipulating  
8 the test?

9 A. My opinion? Knowing John Murray through his  
10 interviews and the information we got from his  
11 associates, I would have to say yes in my opinion.

12 Q. And what is that based on? What's your  
13 opinion based on?

14 A. Well, Mr. Murray was -- been known to use  
15 drugs. He could've been under the influence. He  
16 could've done some research how to manipulate or how  
17 to get around polygraph testing, or he could have been  
18 nervous for obvious reasons that he had some knowledge  
19 with the murder, or he could have been involved  
20 directly or indirectly.

21 Q. And you're using the words could have  
22 researched --

23 A. Could have.

24 Q. Could have been nervous, could have been on

1 drugs. You don't know either way?

2 A. That's correct.

3 Q. You can put that to the side.

4 (Whereupon, Daniels Deposition  
5 Exhibit No. 19 was marked.)

6 BY MS. BARTON:

7 Q. The court reporter has handed you Exhibit  
8 Number 19. I'd ask you to flip to the second page of  
9 the exhibit and review to yourself pages 2, 3, and 4  
10 of the exhibit.

11 Have you had a chance to review it?

12 A. Yes, uh-huh.

13 Q. Have you ever seen it before?

14 A. No, I have not.

15 Q. Do you have any knowledge as to who prepared  
16 this affidavit?

17 A. No, I do not.

18 Q. So if you haven't seen it before, is it safe  
19 to assume that you have never signed this affidavit?

20 A. Well, I wouldn't assume that. It's possible  
21 that my recollection of seeing this, my recollection  
22 of making these statements could be very foggy; but I  
23 certainly would have recognized my signature if I saw  
24 it. I don't see my signature on here.

1 Q. Do you recall having any discussions with  
2 Mr. Beaman's attorney, Juliet Yackel, regarding  
3 signing an affidavit?

4 A. Yes. She's from the Center of Wrongful  
5 Convictions. I do remember having one, if not two,  
6 conversations with her.

7 Q. And what do you recall about those  
8 conversations?

9 A. Regards to the case. I think early on in the  
10 center taking over the case, they were interested in  
11 basic -- my opinions and what I thought about other  
12 suspects.

13 Q. And specifically Mr. Murray?

14 A. Correct.

15 Q. Did Ms. Yackel ask you to sign an affidavit  
16 that she prepared?

17 A. She could have, yes.

18 Q. Do you recall?

19 A. I don't recall signing anything, like I don't  
20 recall her asking me to participate in one.

21 Q. All right. Turn to the last page of this  
22 exhibit.

23 A. Sure.

24 Q. And specifically paragraph 8. It says: "I'm

C06952

1 aware that there was an attempt to give John Doe a  
2 polygraph test."

3 The John Doe, do you have any knowledge of  
4 whether that's Mr. Murray?

5 A. Are you asking me is that Mr. Murray?

6 Q. Yes.

7 A. Yes, that is referred to as Mr. Murray.

8 Q. And it says: "The polygraph operator told me  
9 the test could not be completed because John Doe had a  
10 problem with his posture, that he was manipulating the  
11 polygraph, and that he could not follow instructions."

12 Is that a true statement?

13 A. That statement -- again, if my recollection  
14 of me signing this statement and my signature  
15 appeals -- appears on it, that's what I probably did  
16 say.

17 Q. Well, did Mr. McCann tell you that Mr. Murray  
18 had a problem with his posture, that he was  
19 manipulating the polygraph, and that he would not  
20 follow instructions?

21 A. Number one, Mr. McCann did say he had a  
22 problem with his posture. Number two, he did say he  
23 couldn't follow instructions. As far as manipulating,  
24 once again, that could have been my wording or could

1 have been Mr. McCann's wording.

2 Q. Okay.

3 (Whereupon, Daniels Deposition  
4 Exhibit No. 20 was marked.)

5 BY MS. BARTON:

6 Q. All right. Mr. Daniels, the court reporter  
7 handed you Exhibit Number 20. This is something that  
8 I found in the materials that you provided to me in  
9 response to the subpoena that I sent to you.

10 So I'm going to ask you whether you have ever  
11 seen this document?

12 A. I can't recall if I've ever seen this  
13 document.

14 Q. Is your handwriting on this document?

15 A. That handwriting appears to be my  
16 handwriting.

17 Q. And specifically page 3, paragraph K, did you  
18 circle the portion that says "He was manipulating the  
19 test"?

20 A. Can't be sure, but I wrote something in the  
21 margin. Perhaps that's what that was referring to.

22 Q. What does the note in the margin say?

23 A. "Not following the instructions as given by  
24 the examiner."

1 Q. Does that mean that Mr. Murray wasn't  
2 following the instructions as given by Terry McCann?

3 A. That's possible, yes.

4 Q. Do you know who prepared this affidavit?

5 A. No, I do not.

6 Q. You can put that to the side.

7 Did you ask Mr. Murray to take a second  
8 polygraph examination?

9 A. Yes, I opened -- I left that option open to  
10 him.

11 Q. When did you ask him to sit for another  
12 examination?

13 A. While en route from Morton, Illinois back to  
14 Normal, the day that he attempted to take the first  
15 one.

16 Q. So you had a conversation with Mr. Murray on  
17 the way back to the Bloomington-Normal area from  
18 Morton, right?

19 A. Correct.

20 Q. And during the conversation, you said what?

21 A. Basically that I offered him a second  
22 polygraph if he would be willing to take one. Maybe  
23 perhaps a female operator would be a little more  
24 gentle with him, trying to let him feel at ease in

1 responding to a different operator with the thought in  
2 mind that the male operator is a little more  
3 stringent, tougher, more strict.

4 Q. What led you to believe that Mr. McCann  
5 stringent or strict with Mr. Murray?

6 A. There's nothing to indicate that. That was  
7 just a ploy I used to try to solicit another polygraph  
8 from Mr. Murray.

9 Q. Did Mr. Murray indicate that he was not at  
10 ease with Mr. McCann?

11 A. I don't recall if he said that or not.

12 Q. What did he say when you asked him whether he  
13 wanted to take another polygraph with the female  
14 operator?

15 A. He was in agreement to that.

16 Q. He agreed?

17 A. Yes.

18 Q. Did you set it up with him at that time on  
19 the --

20 A. At that --

21 Q. -- ride home?

22 A. At that time, no, because I had to check with  
23 the lieutenant or the chief to see if it would be all  
24 right to use an outside examiner.

C06956

1 Q. So an examiner that wasn't employed by the  
2 State?

3 A. Other one different from Terry McCann.

4 Q. So what do you mean by an outside examiner?

5 A. One that would be employed by the State.

6 MR. DiCIANNI: I'm sorry. Would or wouldn't?

7 MS. BARTON: Would or wouldn't?

8 THE WITNESS: Would not be --

9 MR. DiCIANNI: Would not.

10 THE WITNESS: -- employed.

11 BY MS. BARTON:

12 Q. And you didn't have to seek permission from  
13 Lieutenant Zayas to take Mr. Murray to McCann because  
14 he was an employee of the State, right?

15 A. I don't recall if I got his verbal expression  
16 or verbal permission. Normally that's where we would  
17 take our people to be examined is over there.

18 Q. Well, normally, did you have to seek approval  
19 from your supervisor to take somebody to a polygraph  
20 examination?

21 A. Not necessarily, Lieutenant, may I; but,  
22 Lieutenant, I'm going to schedule him for a polygraph.  
23 Something of that nature. Perhaps a suggestion and  
24 looking for a reply of either no or yeah, go ahead.

1 Q. Did you do that in this case?

2 A. I don't recall what my exchange was even if I  
3 had one with Lieutenant Zayas as far as getting him to  
4 take a polygraph, taking him over there.

5 Q. And what did you do to follow through with  
6 your suggestion that Mr. Murray take another polygraph  
7 examination with a female operator?

8 A. My understanding was John Murray was to check  
9 his schedule and call me back in a day or two to set  
10 it up if he was available and what day it would be.

11 Q. Did he ever do that?

12 A. I don't recall him ever calling me back with  
13 a yes or no or maybe.

14 Q. Did you ever call him to follow up on that?

15 A. That possibility exists, but I don't recall.

16 Q. Did you ever try to contact John Murray  
17 again?

18 A. I can't give you a definite answer. That  
19 possibility does exist; otherwise, I wouldn't have  
20 went to those extremes in the first place to have him  
21 examined.

22 Q. What do you mean extremes?

23 A. A second attempt.

24 Q. Well, what extremes did you go to?

C06958

1           A.    Well, I was waiting for Mr. Murray to give me  
2 a date that he was available before I called an  
3 examiner -- another examiner, and that did not come  
4 about. He could have called me and said I don't want  
5 to take one. I could have called him, and he could've  
6 said I don't want to take one. I don't recall.

7           Q.    Did you discuss Mr. McCann's verbal -- strike  
8 that.

9                    Did you discuss the conversation you had with  
10 Mr. McCann with anybody else once you returned back to  
11 the department?

12           A.    I would believe, not certain, but I would  
13 believe I would have. A case of that magnitude and  
14 that had to be somebody in that department knew that I  
15 was taking him over for a polygraph.

16           Q.    Well, when you came back, did you tell  
17 anybody --

18           A.    Oh, I'm certain I did, but I can't tell you  
19 whom I talked with or what date or what time or what  
20 was that said. Something, like I said, of that  
21 importance would have been discussed, I'm sure, with  
22 Lieutenant Zayas, if not, maybe someone upstairs.

23           Q.    What does upstairs mean?

24           A.    Chief or assistant.

1 Q. Are you guessing that you did that?

2 A. Am I guessing what?

3 Q. That you had a conversation with somebody  
4 about --

5 A. No, I'm not guessing. I'm saying that  
6 possibility does exist.

7 Q. What does --

8 A. Meaning I'm not sure.

9 Q. So you're guessing?

10 A. It could have.

11 No, I'm not guessing. I'm saying that  
12 possibility does exist.

13 Q. But you don't recall?

14 A. That's correct.

15 Q. Do you know if anybody asked Mr. Murray to  
16 take another polygraph examination at any time related  
17 to the Lockmiller homicide investigation?

18 A. I don't have any knowledge of that.

19 Q. Take a look at page 16 -- I mean, Exhibit 16.  
20 Excuse me. Turn to page that's marked MCC 12709. And  
21 beginning at line 21, read that to yourself and go on  
22 to the next page until -- well, line 15.

23 MR. DiCIANNI: I'm sorry. What page?

24 MR. BOWMAN: To line 15?

006960

1 MS. BARTON: Pardon?

2 MR. BOWMAN: To line 15?

3 MS. BARTON: On the next page, yes.

4 THE WITNESS: Okay.

5 BY MS. BARTON:

6 Q. Did you read on page 127 as well?

7 A. Down to 15.

8 Q. You did?

9 A. Correct.

10 Q. Okay. So does that refresh your memory about  
11 whether Mr. Murray was ever asked to take another  
12 polygraph examination?

13 A. Other than by me?

14 Q. Yes.

15 A. Yes.

16 Q. And what do you now remember about that?

17 A. Other than what it says in this statement,  
18 that's as far as my memory serves me on that question.

19 Q. And it says in your testimony that on page  
20 12710: "He was in agreement to that and then later  
21 on, I've also learned that Detective Freesmeyer had  
22 asked him to take a polygraph and he declined that."

23 Right?

24 A. That's what it says, yes.

C06961

1 Q. How did you learn that Detective Freesmeyer  
2 had asked Mr. Murray to take a polygraph?

3 A. I don't recall.

4 Q. How do you know that Mr. Murray declined to  
5 take a polygraph?

6 A. I don't recall how I learned that.

7 (Whereupon, Daniels Deposition  
8 Exhibit No. 21 was marked.)

9 BY MS. BARTON:

10 Q. Can you flip to the third page or fourth  
11 page, excuse me, of Exhibit 21. It's SDT 1399.

12 A. Okay.

13 Q. Are these -- is this a document that you  
14 prepared?

15 A. Yes, I believe so.

16 Q. And under fact number one, the second  
17 paragraph states: Larbi was offered a second exam,  
18 however, no exam was set up for him. He was no --  
19 which I think should have been known -- to have stated  
20 to people that he had passed the polygraph.

21 Do you know how you learned that information?

22 A. No, I do not.

23 Q. Where did you hear that Mr. Murray told  
24 people he passed the polygraph?

1 A. I don't recall.

2 Q. Looking at the second page of Exhibit 21, it  
3 appears to be Mr. McCann's report of the attempt on  
4 page 2 of the exhibit.

5 When's the first time that you saw this  
6 report?

7 A. I don't remember when I first saw this  
8 report.

9 Q. Did you receive this report from Mr. McCann?

10 A. I don't remember receiving this report. I  
11 don't remember when I seen this report.

12 Q. Well, how did this particular report come  
13 into your possession?

14 A. This report?

15 Q. Yes.

16 A. After the fact of -- well, I don't want to  
17 assume. It's possible when this document came into  
18 existence, either shortly after that date, 5 October,  
19 or sometime during one of his appeals, that's when  
20 this came into my knowledge.

21 Q. During the time of your work on the  
22 Lockmiller homicide investigation, did you know  
23 whether Mr. McCann had prepared a report related to  
24 his attempted examination of Mr. Murray?

1 A. For a fact, no, I do not.

2 Q. You didn't know that at the time?

3 A. Correct.

4 Q. Did you discuss with any of the other  
5 investigators the results of the attempted polygraph  
6 on Mr. Murray?

7 A. Oh, I'm sure I did; but, again, that would be  
8 a guess or an assumption on my part.

9 Q. How did you come into possession of the  
10 report?

11 A. I don't recall how I got it. Most of these  
12 reports that come from the lab usually go directly to  
13 Dave Warner at the time because he was our evidence  
14 technician. He was in charge of the evidence, and it  
15 would have been addressed to him.

16 Q. Well, it was addressed to him, right?

17 A. Correct.

18 Q. But you don't know whether he ever received  
19 it, right?

20 A. I do not know, that's correct. I do not  
21 know.

22 Q. Regardless of when you actually received this  
23 report, how did you get it?

24 A. I don't know.

1 Q. Did you request it from Mr. McCann even if it  
2 was after Mr. Beaman's conviction?

3 A. I do not know.

4 Q. You have no idea how this ended up in your  
5 file?

6 A. Once again, I do not know.

7 Q. Did Mr. Matens ever provide you with a copy  
8 of this report?

9 A. The polygraph --

10 Q. Yes.

11 A. -- letter? I don't recall if he did.

12 Q. Can you look at page 3 of Exhibit 21. It's  
13 labeled 1398 on the corner. Is this a document that  
14 you prepared?

15 A. Oh. Yes, appears to be, yes. Uh-huh.

16 Q. Where did you get the information contained  
17 in paragraph 1?

18 A. I don't know. Unable to give you an answer  
19 to that other than the fact that I do not know.

20 Q. Do you recall when you prepared this  
21 document?

22 A. No, I do not know. Do not recall.

23 Q. Can you find Exhibit Number 10 in your stack.  
24 Turn to the page marked SDT 99. It's two sided, so...

C06965

1 A. Okay.

2 Q. Is this your handwriting on the page?

3 A. Yes, it is.

4 Q. Can you read the second paragraph out loud,  
5 please?

6 A. Beginning with "When Larbi"?

7 Q. Yes, please.

8 A. When Larbi was asked by ISP Terry McCann --  
9 or by Terry McCann ISP polygraph examiner if he had  
10 any knowledge as to who strangled Jennifer, Larbi  
11 denied having any knowledge. This is contrary to what  
12 he told us September the 2nd interview.

13 Q. Where did you learn that information?

14 A. About being contrary?

15 Q. Where did you learn that Mr. Murray denied  
16 having any knowledge when he was asked by Mr. McCann  
17 whether he had any knowledge about who strangled  
18 Jennifer?

19 A. Well, it had to come from two people, either  
20 Terry McCann or Larbi himself.

21 Q. Is that what Mr. McCann told you on the date  
22 that you took Mr. Murray to Morton Crime Lab?

23 A. That's a possibility.

24 Q. But you don't know?

1 A. Correct.

2 Q. And you don't know if Mr. Murray told you  
3 this either, right?

4 A. That he denied having any knowledge or that  
5 he told Terry McCann he denied having any knowledge?

6 Q. That he told Terry McCann.

7 A. Correct, I do not know.

8 Q. Did you ever prepare a report about taking  
9 Mr. Murray to the Morton Crime Lab for a polygraph  
10 examination?

11 A. No, I don't recall that.

12 Q. Did you document in any way the conversation  
13 that you had with Mr. Murray on the trip either to or  
14 from Morton?

15 A. That's a possibility.

16 Q. What did you do with that documentation?

17 A. If I documented it, it should have been in my  
18 file.

19 Q. What file?

20 A. If it was documented.

21 The basic investigation file, which everyone  
22 would've had a copy and it should've been in records,  
23 if that did exist and if I, in fact, did prepare a  
24 copy.

1 Q. Did you make a report of the conversation?

2 A. I don't recall if I did or not.

3 Q. Well, what if I told you that I have never  
4 seen a report that indicates you took Mr. Murray over  
5 to Morton Crime Lab?

6 A. Viewing the other reports that I made  
7 centered around before and after his visit to the  
8 crime lab, one would have to draw the conclusion that  
9 I had taken him over there.

10 Q. What makes you say that?

11 A. Why? Well, we just went through his  
12 polygraph, and we went through questioning regarding  
13 what did Mr. Terry McCann say to me about the  
14 polygraph. Did he interview -- or was I allowed in  
15 the interview room before, during, and after? My  
16 answer to those questions were no.

17 Q. I don't understand what you're saying.

18 A. Okay. Restate your question then.

19 Q. I'm telling you that I've never seen a report  
20 that you wrote that says you took Mr. Murray to Morton  
21 Crime Lab to be subjected to a polygraph examination  
22 by Terry McCann. Why is that?

23 MR. BOWMAN: Object to the form of the  
24 question. It's argumentative.

1 THE WITNESS: Why you did not see a report?

2 BY MS. BARTON:

3 Q. Is it because you didn't prepare one?

4 A. That's a possibility.

5 Q. Why didn't you prepare a report about taking  
6 Mr. Murray to Morton Crime Lab to be subjected to a  
7 polygraph examination?

8 A. At that particular time, I saw no need in it.

9 Q. Well, why not?

10 A. That was my decision. There's a lot of  
11 things I do. There's a lot of things other  
12 investigators do in cases that they don't report. Not  
13 every little thought, action, or result of their  
14 actions is recorded. It's just the nature of the  
15 beast.

16 Q. Isn't that something you should have  
17 documented?

18 A. I don't see the need to since I documented in  
19 my other reports that he went over there and failed to  
20 take one.

21 Q. In what reports?

22 A. Doesn't it say on page 1391, Exhibit 21, that  
23 during the course of the examination, the subject  
24 denied strangling her, et cetera, et cetera.

1 Q. Well, when did you make that document?

2 A. Once again, I'm sorry, I don't have that  
3 document in my memory.

4 MR. BOWMAN: This is a quotation in -- the  
5 record should be clear. This is a quotation from the  
6 McCann report dated October 5, 1993 --

7 MS. BARTON: From a document --

8 MR. BOWMAN: -- which is also --

9 MR. DiCIANNI: Where?

10 MS. BARTON: He's reading from a document  
11 that he prepared that quotes the report written by  
12 Mr. McCann.

13 MR. BOWMAN: Right.

14 MS. BARTON: Okay.

15 BY MS. BARTON:

16 Q. Well, there's no police report with Normal  
17 Police Department letterhead. There's no case  
18 report --

19 A. Okay.

20 Q. -- reflecting that you took Mr. Murray to  
21 Morton Crime Lab to be subjected to a polygraph  
22 examination. Do you recall whether you actually wrote  
23 a report on that investigative activity?

24 A. No, I do not recall.

1 Q. And are you telling me that it was your  
2 decision not to document in a report the fact that you  
3 took Mr. Murray to a polygraph examination at Morton  
4 Crime Lab?

5 MR. BOWMAN: Objection, argumentative. It's  
6 an argumentative restatement of the question that's  
7 already been asked and answered.

8 THE WITNESS: That possibility exists I did  
9 not prepare a report indicating I had taken him over  
10 there and brought him back. That possibility does  
11 exist.

12 BY MS. BARTON:

13 Q. Why does that --

14 A. In other -- I do not recall.

15 Q. Did you think that the information you  
16 learned from Mr. McCann was pertinent to the  
17 Lockmiller homicide investigation?

18 A. Do I think it was pertinent that I taken him  
19 over there and he did not take a polygraph?

20 Q. The information you learned from Mr. McCann.

21 A. It's documented somewhere in there.

22 Q. I didn't ask you that. I asked you --

23 A. Well, my answer is it's documented somewhere  
24 in the case file. Exactly where, I do not know. If I

1 prepared one stating a date and a time and the results  
2 of me taking him over there, I do not know if that  
3 exists or not.

4 Q. I didn't ask you that.

5 A. Well, that's my answer.

6 Q. I asked you if you thought -- if you think  
7 that the information you learned from Mr. McCann was  
8 pertinent to the Lockmiller homicide investigation?  
9 That's the question I asked you, not whether you  
10 prepared a report, not whether that information is in  
11 a case file. I asked you whether it was pertinent to  
12 the investigation in your opinion as an investigator?

13 A. In my opinion, no.

14 Q. Why not?

15 A. Because.

16 Q. Because why?

17 A. It could not be used in court.

18 Q. So the information you learned from  
19 Mr. McCann about his lack of an ability to  
20 administer -- complete a test on Mr. Murray was not  
21 pertinent to the investigation in your opinion because  
22 you couldn't admit that in court?

23 A. The fact that anything come out of that  
24 polygraph could not be admitted in court.

1 Q. So that's why you determined that that  
2 information was not pertinent to the investigation?

3 A. Correct.

4 Q. Is that why you didn't document it?

5 A. Yes.

6 Q. Do you think you should have documented it?

7 A. As I sit here today, it probably been  
8 advisable to document that.

9 Q. And why is that?

10 A. Because you asked me why I didn't.

11 Q. So this is --

12 A. Apparently it must be important to you.

13 Q. So this is the first time that you're  
14 considering that maybe the information you received  
15 from Mr. McCann was pertinent to the investigation?

16 A. The information I got from Mr. McCann was  
17 documented in his report.

18 Q. But you didn't document that information?

19 A. That's correct, I didn't document it.

20 Q. And you didn't document the conversation you  
21 had with Mr. Murray either to or from the Morton Crime  
22 Lab, right?

23 A. Other than the fact that I asked him to take  
24 another polygraph.

1 Q. You documented that in a supplemental case  
2 report?

3 A. I don't know if it was a supplemental or not,  
4 but I know it's in -- somewhere in the case file.

5 Q. How do you know that?

6 A. Because I read it.

7 Q. What case file did you read? What are you  
8 referring to?

9 A. The Lockmiller case file.

10 Q. Well, where was that case file maintained?

11 A. Normal Police Department, State's Attorney's  
12 Office, Lieutenant Zayas's office, chief of police's  
13 office, detective room.

14 Q. Did you review each and every one of those  
15 files in Lieutenant Zayas's office --

16 A. No, I did not.

17 Q. -- the State's Attorney's Office files -- so  
18 what case file are you referring to when you say I  
19 know that it was in there?

20 A. What case file? Well, the evidence that you  
21 presented there, the exhibits in 21 --

22 Q. Well, that's from your file.

23 A. Also, I don't understand why I haven't  
24 answered your question.

1 Q. You referred to a case file and that you were  
2 certain that certain information about Mr. Murray's  
3 polygraph examination or lack thereof was contained in  
4 a case file. I'm trying to figure out what case file  
5 you're referring to.

6 A. A case file in general.

7 MR. BOWMAN: You know, I think it might be a  
8 good time to take a break. I mean, I'm not -- if you  
9 don't want to now, you want to keep going, that's  
10 okay. But, I mean, it's -- it's -- look, he says he  
11 believed he documented it in the report in the file.  
12 That's his answer.

13 MS. BARTON: He didn't say that.

14 MR. DiCIANNI: He didn't say that.

15 MR. BOWMAN: I thought he said it.

16 MS. BARTON: No, he didn't.

17 MR. BOWMAN: Well, we can go back and look.  
18 I don't want to put words into anybody's mouth, but  
19 that's what I heard him say.

20 MS. BARTON: Well, the transcript will speak  
21 for itself.

22 MR. BOWMAN: It will.

23 MS. BARTON: Do you need a break?

24 THE WITNESS: No, I don't need a break. If

1 he wants a break, that's fine.

2 MR. BOWMAN: Okay. I don't need -- you  
3 know --

4 MS. BARTON: No, I just --

5 MR. BOWMAN: I don't think there's --

6 MS. BARTON: I lost my train of thought  
7 because you interrupted.

8 MR. BOWMAN: -- any virtue in arguing with  
9 him about stuff.

10 MS. BARTON: Well, that's your opinion. I'm  
11 asking the questions. If you have an objection, you  
12 can state the objection for the record.

13 MR. BOWMAN: My objection is this whole line  
14 of questioning has gotten extremely argumentative and  
15 it's not productive.

16 MS. BARTON: Well, then state your objection.

17 MR. BOWMAN: I just did.

18 MS. BARTON: Okay. And now I lost my  
19 thought, so I need to think again.

20 BY MS. BARTON:

21 Q. I just want to be clear about what  
22 information you think was contained in a case file  
23 about Mr. Murray's polygraph examination that you took  
24 him to.

1 MR. BOWMAN: Object to the form of the  
2 question.

3 THE WITNESS: I can't answer that question.

4 MS. BARTON: Can you read back the last  
5 answer, if possible.

6 (Whereupon, the record was  
7 read as requested.)

8 BY MS. BARTON:

9 Q. That's the case file I'm referring to.

10 A. Is there another question?

11 Q. No, that's -- what's the case file?

12 MR. BOWMAN: I think that the read back --

13 THE WITNESS: The Lockmiller.

14 MR. BOWMAN: The read back reflects the  
15 correctness of my recollection of the state of the  
16 record.

17 BY MS. BARTON:

18 Q. Okay. Was it your file that you had at your  
19 desk that you're referring to as case files?

20 A. What I'm referring to the case file can be  
21 any number of that 12 or 13 copies that were made. It  
22 could have been any of those copies. It could have  
23 been in records even.

24 Q. But you don't know?

1 A. That's correct.

2 Q. Because you didn't review any of the other  
3 copies that were made, right?

4 A. Correct, if, in fact, there was a copy of  
5 that made.

6 Q. You only had your working copy of the file,  
7 right?

8 A. I only had access to my copy of the case  
9 file, yes.

10 Q. And you believe or at least is it your  
11 testimony that your conversation with Mr. Murray  
12 either on the way to Morton or on the way back is  
13 documented somewhere in that file?

14 A. I can't say that it is or it was for sure.  
15 What I am saying is if there is -- was documentation  
16 of that conversation to and from or with Mr. McCann,  
17 where it is located, I do not know.

18 Q. Was the conversation you had with Mr. Murray  
19 pertinent to the Lockmiller homicide investigation?

20 A. At that particular point in time, no.

21 Q. Why not?

22 A. Once again, results of a polygraph or even a  
23 fact that a witness or suspect had taken a polygraph  
24 is not admissible in court as well as the fact that it

1 was used as an investigative tool to further look into  
2 him being excluded or included.

3 Q. And don't you think that's something that's  
4 important to document?

5 A. No.

6 Q. Why not?

7 A. Because Mr. McCann had it in on file. Why  
8 should I duplicate?

9 Q. What about the conversation you had with  
10 Mr. Murray? Mr. McCann didn't have that  
11 conversation --

12 A. At that point in time --

13 Q. -- on the record?

14 A. -- I did not think it was important to  
15 document that.

16 Q. But you had a conversation with a suspect in  
17 an investigation?

18 A. Correct.

19 Q. And you didn't document that conversation?

20 A. That one particular question or two, I did  
21 not document that particular time with him in the car  
22 coming back from Morton Crime Lab.

23 MR. DiCIANNI: Could we take a break?

24 MS. BARTON: Yeah.

1 THE VIDEOGRAPHER: Off the record, 1424.

2 MR. BOWMAN: Could I have the last answer  
3 back, please.

4 (Whereupon, the record was  
5 read as requested.)

6 (Whereupon, a break was taken.)

7 THE VIDEOGRAPHER: This is the beginning of  
8 videotape number two. Back on the record, 1437.

9 BY MS. BARTON:

10 Q. Mr. Daniels, did you ever learn that a  
11 reporter by the name of Steve Arney conducted an  
12 interview of Mr. Murray?

13 A. An interview or had a conversation?

14 Q. Conversation.

15 A. Had a talk with him, yes.

16 Q. You talked with who?

17 A. No, he, Steve, had a talk with Larbi or  
18 John Murray. Is that what you're saying?

19 Q. So you knew that Steve Arney --

20 A. Yes.

21 Q. -- had talked to John Murray?

22 A. Yes.

23 Q. How did you learn that?

24 A. Steve informed me.

1 Q. Do you recall when Steve informed you of  
2 that?

3 A. No, I don't recall the exact date, no.

4 Q. What did you discuss with Mr. Arney about his  
5 conversation with Mr. Murray?

6 A. Well, Steve volunteered to tell me and openly  
7 told me that Murray's -- John Murray's class at  
8 school, IWU, had visited a psychic by the name of  
9 Greta Alexander and that -- to a subsequent visit by  
10 John Murray, John had taken a friend with him, but he  
11 wouldn't allow the friend to go in with John to talk  
12 to Greta on his own.

13 And I think basically that's about all I  
14 recall of that.

15 Q. That's all you recall about the conversation  
16 with Mr. Arney?

17 A. Yes.

18 (Whereupon, Daniels Deposition  
19 Exhibit No. 22 was marked.)

20 BY MS. BARTON:

21 Q. This is just a collection of various articles  
22 written by Steve Arney for the Pantagraph Newspaper.  
23 I want to focus on the first article.

24 MR. BOWMAN: Was this also marked in the

1 Arney deposition?

2 MS. BARTON: Yes, it was.

3 MR. BOWMAN: Do you have that number just out  
4 of curiosity?

5 MS. BARTON: I don't because this Arney  
6 exhibit was one large one.

7 MR. BOWMAN: No worries.

8 MS. BARTON: This is portions of it.

9 MR. BOWMAN: No worries.

10 BY MS. BARTON:

11 Q. The first article is written it looks like  
12 May 8, 1994. Can you just kind of scan this, and let  
13 me know if you've ever seen the article before. I  
14 know it's kind of hard to read. It's small print.

15 A. I can't say for sure that I've seen this  
16 article or bits or pieces of it. There certainly was  
17 a lot of coverage in the Pantagraph.

18 Q. Were you ever a source for Mr. Arney's  
19 articles related to the Lockmiller case?

20 A. Would you define the word source.

21 Q. Did you provide him with information?

22 A. As a Pantagraph reporter, he may have come in  
23 and asked for some information regarding the  
24 investigation. That's certainly possible. Whether or

1 not I accommodate him, that's possible too I did or  
2 did not.

3 Q. And you don't remember?

4 A. That's correct.

5 Q. Look at the first page of the exhibit. Four  
6 paragraphs from the bottom, if can count up. It says:  
7 "Police believe." Do you see that?

8 A. Yes, uh-huh.

9 Q. Okay. It says: "Police believe the killer  
10 did not force his way into the apartment. Her friends  
11 say Ms. Lockmiller kept her door locked at all times.  
12 It is assumed she knew the killer. Although the  
13 estimate time of death has not been made public,  
14 police traced her steps through Wednesday morning."

15 Did you provide Mr. Arney with that  
16 information?

17 A. I certainly don't recall.

18 Q. Okay. Turn to the second page of the  
19 article. About halfway down there's a paragraph that  
20 begins with "Another friend and initial suspect." Do  
21 you see that?

22 A. Yes.

23 Q. It says: "Another friend and initial  
24 suspect, IWU student John Murray, said he cleared his

1 name through a polygraph test and telephone records  
2 showing he was out of town. Then he searched for  
3 answers."

4 A. Your question is?

5 Q. I'm thinking.

6 A. Oh.

7 Q. Do you recall reading this article or the  
8 information contained in it during the investigation?

9 A. If this article appeared in the Pantagraph, I  
10 would have read it.

11 Q. Were you monitoring the newspapers for --

12 A. Oh, yes.

13 Q. Got to let me finish my question.

14 A. I'm sorry.

15 Q. Were you monitoring the local newspapers for  
16 any article related to Ms. Lockmiller or Mr. Beaman?

17 A. Yes.

18 Q. Did you ever call Steve Arney to tell him  
19 that, in fact, Mr. Murray had not passed the polygraph  
20 test?

21 A. No, I don't recall that.

22 (Whereupon, Daniels Deposition

23 Exhibit No. 23 was marked.)

24 MS. BARTON: You know what, we can talk about

1 this later. I don't need this now. It's the wrong  
2 one.

3 MR. BOWMAN: Are you striking this number  
4 or --

5 MS. BARTON: Yes, let's do that. I'll strike  
6 it. Sorry about that.

7 BY MS. BARTON:

8 Q. During your work on the Lockmiller  
9 investigation, did you run criminal background checks  
10 on anybody?

11 A. I don't know. It seems as though that was  
12 something that I would do during an investigation, and  
13 I had witness names or suspect names. That's the  
14 first thing that I would do or have someone do.

15 Q. That was your practice?

16 A. That would be a normal practice to see who  
17 you're dealing with and what kind of background.

18 Q. Did you do that for Mr. Murray?

19 A. Oh, I would imagine I did, if it wasn't  
20 already there as a direct result of John Belcher  
21 getting the information from DCI.

22 Q. What do you mean already there?

23 A. Well, John Belcher contacted DCI, and that's  
24 when John Murray came into the picture, you know,

1 having documentation that he was being investigated by  
2 DCI and working with DCI.

3 Q. And I think you told me earlier today that  
4 you don't recall whether you ever reviewed those  
5 police reports related to the investigation of  
6 Mr. Murray?

7 A. That's what I said earlier, yes.

8 Q. Okay. And you still don't recall, right?

9 A. Those reports that John Belcher got?

10 Q. Well, why don't you tell me what reports John  
11 Belcher did get from DCI?

12 A. I don't know. I don't recall.

13 Q. So at some point during your work on the  
14 investigation, you learned that Mr. Murray had been  
15 arrested in I think January of 1993 for possession of  
16 drugs?

17 A. I do not know if that's the date he was being  
18 investigated by DCI or not.

19 Q. So you learned that he was being investigated  
20 by DCI as a result of what? What did you learn?

21 A. Well, as a result of John Belcher getting the  
22 information from DCI, that is what I learned that he  
23 was -- had been not formally charged but -- arrested  
24 but not formally charged with drug dealing.

C06986

1 Q. Was that information that was pertinent to  
2 the Lockmiller homicide investigation?

3 A. It was learned later on it was very valuable  
4 because it gave another suspect, if not acquaintance  
5 of Jennifer, who possibly could give us information.

6 Q. At the time you received that information,  
7 did you think it was pertinent to the investigation?

8 A. Well, sure. She was -- they were friends and  
9 they went out together, and they knew the same group  
10 of people.

11 Q. Did you document the conversation you had  
12 with Detective Belcher?

13 A. No, I did not.

14 Q. Why not?

15 A. There was no need because the documents were  
16 right there.

17 Q. What do you mean the documents were right  
18 where?

19 A. Apparently John Belcher had a copy of the  
20 documents. That's where he got the information from.  
21 If not, maybe he went over there and read their file.  
22 I do not know. I do not recall.

23 Q. Did he give you a set of documents?

24 A. I don't recall if he did.

1 Q. So what documents are you referring to?

2 A. The documents of the case file that DCI had  
3 on John Murray.

4 Q. Do you know if Mr. Belcher ever came in  
5 possession of those documents?

6 A. Physically, no.

7 Q. Did he ever show them to you?

8 A. Well, if he was in possession of them, I  
9 would imagine I would have read them or he would  
10 inform me of them. Somehow the information came to my  
11 attention either in the form of a verbal report by  
12 John Belcher or information that was printed such as a  
13 case file.

14 Q. Did you tell Detective Belcher that he should  
15 document the information he received from DCI  
16 regarding Mr. Murray?

17 A. If I did, I don't recall.

18 MR. BOWMAN: I'm so sorry. I need that  
19 question back.

20 (Whereupon, the record was  
21 read as requested.)

22 BY MS. BARTON:

23 Q. If Detective Belcher did give you reports  
24 that he obtained from DCI, what would you have done

1 with them?

2 A. Well, that report, if he had gotten it from  
3 the DCI, would belong to DCI; therefore, for me to  
4 maintain it or keep it in my file would be totally  
5 inappropriate.

6 Q. Why is that totally inappropriate?

7 A. Because it's DCI's file, not Normal PD or  
8 Tony Daniels' file.

9 Q. Even if were copies of DCI's files?

10 A. Well, copies is a different question. If  
11 they would have permitted copies, I would imagine  
12 copies would have been made for all detectives  
13 concerned.

14 Q. Concerned with what?

15 A. Pardon me?

16 Q. Concerned with what? All detectives  
17 concerned with what?

18 A. The investigation into the Lockmiller case.

19 Q. But you don't recall whether you actually  
20 maintained those copies --

21 A. That's co -- I did not maintain the copies  
22 that DCI had, nor did I make any copies.

23 Q. Did you ever learn that Mr. Murray was  
24 arrested on a domestic issue?

1 A. Yes, I did.

2 Q. How did you learn that?

3 A. Reading a report that was initiated by the  
4 street officer the night that he was arrested.

5 Q. How did you come into possession of the  
6 report?

7 A. I don't recall how it came to my attention.  
8 It may be that I've read the daily log, some officer  
9 could have told me. Basically that would have been  
10 it.

11 Q. What did you learn about Mr. Murray's arrest?

12 A. What was in the report.

13 Q. Did you go and see John Murray at the McLean  
14 County Jail when he was there related to his arrest  
15 for the domestic?

16 A. Yes, I did.

17 Q. Tell me why you did that.

18 A. What I wanted to do was to attempt to get  
19 John Murray -- his assistance in firing him up and to  
20 meet with Alan Beaman in regards to maybe initiating a  
21 conversation to see if we can obtain any further  
22 information as far as either one of them being  
23 involved in the -- the murder of Jennifer.

24 Q. Were you still investigating the Lockmiller

1 homicide at that time?

2 A. I don't believe I was.

3 Q. Did somebody at the department tell you to go  
4 talk to John Murray?

5 A. I don't recall.

6 Q. And that was a decision you made to go and  
7 speak to him and see if he would wear a wire and talk  
8 to Alan Beaman?

9 A. Correct, that was my decision.

10 Q. Had Mr. Beaman been arrested yet for the  
11 murder of Ms. Lockmiller?

12 A. Well, he must not have because I went there  
13 to ask for John Murray's assistance in trying to  
14 solicit information from him.

15 Q. Do you know what date Mr. Beaman was  
16 arrested?

17 A. Exact date, no. Had to be in '94 sometime.

18 Q. May of '94?

19 A. Was it May of '94?

20 Q. I'll just represent to you that it was May of  
21 '94. I think Mr. Bowman would agree.

22 MR. BOWMAN: No one is going to argue that  
23 the arrest was --

24 MS. BARTON: May 18, I believe.

1 MR. BOWMAN: I was going to say the 17th,  
2 but --

3 MS. BARTON: Okay.

4 MR. BOWMAN: -- I don't think it's a material  
5 distinction.

6 MS. BARTON: Yes.

7 MR. BOWMAN: It's -- it's May of '94.

8 BY MS. BARTON:

9 Q. And do you know when Mr. Murray was arrested  
10 on the domestic issue?

11 A. I don't recall.

12 Q. I'll just represent to you that it was  
13 October of 1994.

14 A. Okay.

15 Q. Which would have been after Mr. Beaman's  
16 arrest.

17 A. Okay.

18 Q. So does that change your answer as to why you  
19 wanted to go talk to Mr. Murray to wear a wire to talk  
20 to Mr. Beaman?

21 A. No, it doesn't change my -- my response as to  
22 why. It does clarify the fact that I didn't know  
23 when. Now I know when.

24 Q. Was Mr. Murray a suspect still in your mind?

1 A. Oh, yes.

2 Q. What were you hoping to gain for the -- from  
3 the overhear, I guess?

4 A. Any information that would directly involve  
5 either one of them in the murder or if they had  
6 information that could lead possibility to another  
7 suspect or suspects.

8 Q. But a suspect had already been arrested for  
9 the murder?

10 A. Suspect, yes.

11 Q. And you still continued to investigate it?

12 A. Yes.

13 Q. Did you talk to anyone about your decision to  
14 go and speak to Mr. Murray in the jail?

15 A. Not that I recall.

16 Q. Did you go with anybody?

17 A. No.

18 Q. What do you recall about the conversation?

19 A. He was absolutely opposed to assisting us.  
20 He said his attorney was handling his case there and  
21 that he saw no -- no need in helping himself.

22 Q. When did you see Mr. Murray in the jail in  
23 relation to his arrest in October?

24 A. I don't know how -- how much time elapsed

1 from his arrest until I went there.

2 Q. Was it within days?

3 A. Pardon me?

4 Q. Was it within days?

5 A. I don't recall.

6 Q. When you spoke to Mr. Murray while he was in  
7 jail, did you offer to help him out on his domestic  
8 charge if he would offer to wear a wire?

9 A. I would offer, yes, to talk to the  
10 prosecutor.

11 Q. You offered to Mr. Murray that you would go  
12 talk to the prosecutor to see if you could help out on  
13 his domestic charge?

14 A. If he --

15 Q. If he wore a wire for you?

16 A. Correct.

17 Q. Did you get approval from anybody to make  
18 that sort of offer?

19 A. No offer was made.

20 Q. Well, you offered to Mr. Murray that you  
21 would --

22 A. Talk.

23 Q. -- agree to talk to the prosecutor?

24 A. Correct --

1 Q. Did you --

2 A. -- but no offer was made.

3 Q. Okay. You never talked to a prosecutor about  
4 that?

5 A. No, there was no need since Mr. Murray turned  
6 me down cold flat.

7 Q. The fact that Murray refused to wear a wire  
8 to talk to Alan Beaman, did that raise any suspicions  
9 in your mind?

10 A. It sure added to it.

11 Q. Why is that?

12 A. Well, not wanting to help yourself, and you  
13 possibly could be facing felony charges of what DCI  
14 was looking into him for which was selling drugs as  
15 well as the domestic battery against his girlfriend as  
16 well as being in possession of a huge amount of  
17 marijuana.

18 MS. BARTON: Can you read that answer back.

19 (Whereupon, the record was  
20 read as requested.)

21 BY MS. BARTON:

22 Q. So why does that raise suspicions to you?

23 MR. BOWMAN: Objection, asked and answered.

24 THE WITNESS: Knowing why he was in there and

1 the fact that he was being investigated by DCI, and he  
2 was committing a domestic battery.

3 BY MS. BARTON:

4 Q. So that made him a suspect in  
5 Ms. Lockmiller's homicide?

6 A. That --

7 MR. BOWMAN: Objection, that's not -- that's  
8 not what he's saying and that's argumentative. He's  
9 answered the question.

10 You're certainly supposed to answer it again,  
11 Mr. Daniels.

12 THE WITNESS: Those three factors added to my  
13 suspicions of Murray.

14 BY MS. BARTON:

15 Q. As it relates to Ms. Lockmiller's homicide?

16 A. Correct.

17 Q. Did you document your suspicions in any way?

18 A. I did not document my visit nor my  
19 conversation nor the results of the offer.

20 Q. Why not?

21 A. It was -- to me at that time and point, it  
22 was insignificant. There was nothing at that  
23 particular time to gain.

24 Q. It was insignificant to the investigation?

1 A. It could have.

2 Q. Well, I'm just trying to figure out what you  
3 mean by it was insignificant.

4 A. Well, much like my conversation with Larbi on  
5 the way back from Morton, it was insignificant to the  
6 investigation. There was nowhere to go with that  
7 particular bit of information or lack of information.

8 Q. So you don't document information that you  
9 believe is insignificant?

10 A. No, not in general terms, in that particular  
11 case.

12 Q. Well, in this case and also with relation to  
13 the conversation you had on the way back from Morton?

14 A. That's what I'm saying, yes.

15 Q. What was the purpose of trying to gain  
16 additional information regarding Mr. Beaman if he was  
17 already arrested?

18 A. Not everybody that's arrested is guilty. I  
19 saw a lot of suspicion there, circumstantial evidence  
20 surmounted in my opinion based upon my experience and  
21 my knowledge of the case. The amount of  
22 circumstantial evidence outweighed Alan Beaman's  
23 according to Jim Souk's view of circumstantial  
24 evidence with Alan.

1 Q. Outweighed what? I'm not understanding.

2 A. John Murray -- circumstantial evidence  
3 pointing to John Murray being a stronger suspect, a  
4 viable suspect versus Alan Beaman actually being  
5 arrested, charged, and tried. Those circumstantial  
6 evidence on Alan Beaman did not carry as much weight  
7 in my opinion as John Murray's.

8 Q. So by asking Mr. Murray to wear a wire to  
9 talk to Mr. Beaman, were you trying to get information  
10 that would exonerate Mr. Beaman?

11 A. Exonerate him or strengthen the case or  
12 exonerate or exclude John Murray.

13 MR. BOWMAN: Could you read that answer back.  
14 (Whereupon, the record was  
15 read as requested.)

16 BY MS. BARTON:

17 Q. Did you ever learn that Ms. Mackoway filed a  
18 petition for an order of protection against  
19 Mr. Murray?

20 A. That's a possibility that could have been in  
21 that domestic violation report. I don't recall  
22 reading it.

23 Q. At the time that you knew Mr. Murray was in  
24 the McLean County Jail on that domestic arrest, had

1 you read the report by then?

2 A. Yes, I believe I did. I can't be certain.

3 Q. Had you read anything other than that police  
4 report?

5 A. On the reason why he was arrested for  
6 domestic?

7 Q. Right.

8 A. Concerning John Murray?

9 Q. Yes.

10 A. And that particular case only?

11 Q. Yes.

12 A. That's all I recall reading in the case.

13 Q. The Normal Police -- okay.

14 A. Yeah.

15 Q. Take a look at Exhibit 10, page 66.

16 MR. BOWMAN: I'm so sorry to ask you to slow  
17 down, Liz. I need to catch up with you here.

18 MS. BARTON: I think it might be on the top  
19 of the --

20 MR. BOWMAN: I got it. Thank you. Sorry.

21 BY MS. BARTON:

22 Q. Page 66. Are these your notes?

23 A. Yes.

24 Q. Under John Doe number one, Larbi, it has four

1 facts stating what I learned of him, right?

2 A. Yes.

3 Q. So this is information that you learned about  
4 Mr. Murray, correct?

5 A. Correct.

6 Q. Point five is using steroids, right?

7 A. Yes.

8 Q. Where did you learn that John Murray used  
9 steroids?

10 A. Either word-of-mouth or in a report.

11 Q. Was the fact that Mr. Murray used steroids,  
12 was that pertinent to the Lockmiller homicide  
13 investigation?

14 A. Well, it by itself coupled with the fact that  
15 steroids makes an individual very violent and the way  
16 that he committed domestic violence against his  
17 girlfriend surely brings that to a very important fact  
18 being that he was sitting on top of her, the  
19 girlfriend, Deborah Mackoway, choking her and beating  
20 her in the -- on the chest.

21 And Deb's friend indicated that this is not  
22 the first act that he had committed against Deborah of  
23 a domestic violence issue.

24 Q. Did you believe that all of that information

1 was pertinent to the Lockmiller homicide  
2 investigation?

3 A. What was written in the report, like I said,  
4 gets more concrete suspicions of his ability,  
5 opportunity to commit the crime, yes.

6 Q. To commit Ms. Lockmiller's murder?

7 A. Correct.

8 Q. Did you document your suspicions in that  
9 report?

10 A. The suspicions are basically an opinion of an  
11 officer and under normal conditions, opinions do not  
12 belong in reports.

13 Q. Well, the fact that Mr. Murray was using  
14 steroids, that's not an opinion, was it?

15 A. That coupled with how he committed domestic  
16 violence, in my opinion, it was an opinion that he's  
17 capable of performing or committing the act of murder.

18 Q. What about the fact, the fact that you  
19 learned that he was using steroids?

20 A. Well, the fact is it's a personality changer  
21 and can make one more violent if he's not already  
22 violent.

23 Q. Regardless of your interpretation of that  
24 fact, was the fact that Mr. Murray using steroids, was

1 that pertinent to the Lockmiller homicide  
2 investigation?

3 A. No.

4 Q. Why not?

5 A. I do not know why not. By itself, no.

6 Q. Did you document in a report that you learned  
7 the fact that Mr. Murray used steroids?

8 A. No, I don't recall ever stating that, no.

9 Q. Did you do anything to investigate Stacey  
10 Gates also known as Bubba?

11 A. The answer to that question is no.

12 Q. Did you take him to Morton Crime Lab to be  
13 subjected to a polygraph exam?

14 A. No, I did not.

15 Q. Do you know who did?

16 A. No, I do not.

17 Q. Did you ever see a report related to  
18 Mr. Gates' polygraph examination conducted by Terry  
19 McCann?

20 A. Seems to me I read that or had access to it  
21 or was told that he was given a polygraph.

22 Q. When did you learn that?

23 A. I don't recall.

24 Q. From whom did you learn that?

1 A. I don't recall that either.

2 Q. Did you do anything to investigate a person  
3 by the name of Rob Curtis?

4 A. Rob Curtis, if I recollect, he was an  
5 associate of that group. If I talked to him, it'd  
6 been documented.

7 Q. Do you recall if you ran a criminal history  
8 check on Mr. Curtis?

9 A. I don't recall that, no.

10 Q. Was he a suspect in the Lockmiller homicide?

11 A. Once again, I don't know.

12 Q. Can you tell me about the time you went to  
13 the Chicago Police Department to discuss this case?

14 A. We went up there -- we being Lieutenant  
15 Zayas, Tim Freesmeyer, and myself -- and we had prior  
16 to going up there sent them case file, a copy of the  
17 case file up to that point in time that we had  
18 investigated it. And it seems to me they looked into  
19 it as far as the information they had and gave some  
20 suggestions. Other than that, that's about all I  
21 recall.

22 Q. Did you prepare the materials to send to the  
23 Chicago Police Department ahead of time?

24 A. I personally I don't recall if I did.

1 Q. When did you go?

2 A. I don't recall when.

3 Q. Can you find Exhibit Number 11. It has a  
4 yellow page on the front. Turn to page SDT 15. It's  
5 marked on the top right-hand corner.

6 A. 15?

7 Q. Yes, please. Are these your notes?

8 A. Yes.

9 Q. What are these notes from?

10 A. I do not know.

11 Q. On the top it says 2-18-94, Chicago PD.

12 A. Oh, apparently that was the date and the  
13 location of where the notes were -- well, not  
14 necessarily. These notes that I made on this  
15 particular page could have come from research in the  
16 case at any time, or it could have come from our  
17 conversation with Chicago PD at that given time.

18 Q. Can you find Exhibit 5, Detective  
19 Freesmeyer's report. Turn to page MCC 303.

20 MS. BARTON: Locke, Exhibit Number 5.

21 MR. BOWMAN: Yes, coming.

22 THE WITNESS: Come again?

23 MR. BOWMAN: I'm like the slowest student in  
24 the class. Everybody wait for Locke to catch up.

1 THE WITNESS: 303, huh?

2 MS. BARTON: I'm the fast student.

3 THE WITNESS: Oh, okay. A little bit out of  
4 order there. That's why I missed that. Okay.

5 BY MS. BARTON:

6 Q. Got it?

7 A. Yeah.

8 Q. All right. The fifth paragraph starts with:  
9 "On 2-18-94" --

10 A. Okay.

11 Q. -- "Lieutenant Daniels, Lieutenant Zayas, and  
12 myself went to Chicago to meet with Jack Reagan of the  
13 Chicago Police Department Violent Crimes Unit."

14 A. Okay.

15 Q. Do you have any disagreement with the date,  
16 February 18, 1994?

17 A. I -- as I'm sitting here right now today, no,  
18 I don't have a date because that coincides with my  
19 note.

20 Q. How long did you meet with -- strike that.  
21 How many people did you meet with at the  
22 Chicago Police Department?

23 A. As I best recall, it was two of them.

24 Q. Do you recall what their ranks were?

1 A. Lieutenant Reagan according to this report.

2 Q. A lieutenant and --

3 A. I don't know who the other individual was.  
4 It's not in the report. It was left out. Hmmm...

5 Q. How long was the meeting?

6 A. Conservative amount of time would be 30 to 45  
7 minutes.

8 Q. What was the purpose of meeting with the  
9 Chicago Police Department?

10 A. Input from well-trained and experienced  
11 detectives on violent crimes.

12 Q. Did they make suggestions to you for the  
13 Lockmiller homicide investigation?

14 A. Yes.

15 Q. What were their suggestions?

16 A. Well, I don't recall all of them. They  
17 thought we had the right person, that being Alan  
18 Beaman.

19 Oh, they wanted -- they thought it was best  
20 for Tim Freesmeyer to do any further interviewing or  
21 talking with Alan because apparently I -- I was a  
22 little harsh on Alan Beaman in my first interview.  
23 And they thought since Alan Beaman and Tim Freesmeyer  
24 were about the same age, a few years difference

C07006

1 perhaps, that Tim could better relate to him and  
2 extract information that I could not.

3 Q. Well, and you agree with that also?

4 A. No comment.

5 Q. I'd like you to comment.

6 A. You like my comment -- my opinion?

7 Q. I would.

8 A. Tim Freesmeyer at that time with his time  
9 with the department had no formal training in  
10 homicide. He had no formal training with interview  
11 and interrogation techniques. He had no formal  
12 training in investigations, period. About the only  
13 thing he really brought to the table was the fact that  
14 he was very energetic and his age.

15 Q. Well, and by the time you met with the  
16 Chicago Police Department, it was already determined  
17 that Tim Freesmeyer would be the primary contact with  
18 Mr. Beaman, right?

19 A. If you say so, yes, and if it's written in  
20 the report, I guess.

21 Q. What other suggestions did the Chicago Police  
22 Department make to you other than they thought you had  
23 the right person, being Alan Beaman, and they thought  
24 Tim Freesmeyer should continue to interview or be the

1 contact person of Mr. Beaman?

2 A. Upon reading this report of Tim's, it said  
3 that they felt -- asked him to take a polygraph I  
4 believe it says.

5 Their main suggestion was that we continue to  
6 build a rapport between Alan and myself, meaning Tim,  
7 until Alan either took a polygraph exam or end all  
8 communications with him.

9 Q. The notes on page 15 of Exhibit 11, do these  
10 relate to the suggestions of the Chicago Police  
11 Department?

12 A. Yeah, it appears there's a correlation  
13 between those.

14 Q. Page 15 I'm looking at. Sorry for the blocks  
15 of paper.

16 It looks like the towards the bottom of the  
17 page, there are two stars with a circle around it --

18 MR. BOWMAN: I need you to -- I need to catch  
19 up with you. I'm sorry.

20 Thank you, go ahead.

21 BY MS. BARTON:

22 Q. Okay. And there are three points. One,  
23 continue to talk to him; two, polygraph, question  
24 mark -- I'm not quite sure what that next --

C07008

1           A.    Preceded about an interview, post polygraph  
2 interview.

3           Q.    And number three is what?

4           A.    Boss bad guy. I need something to get the  
5 boss off my back.

6           Q.    What does that mean?

7           A.    Well, the reason why you use that is a way to  
8 make the interviewer, the interviewee, the  
9 interrogator, the investigator that seemed to be  
10 partial to the suspect. In other words, the reason  
11 why I'm talking to is because my boss, Mr. Bad Guy,  
12 wants me to talk to you.

13          Q.    And so was this a technique that the  
14 Chicago --

15          A.    Technique.

16          Q.    Got to let me finish.

17                Was this a technique that the Chicago Police  
18 Department thought would be a good idea for a  
19 continued investigation of Mr. Beaman?

20          A.    As used in an interview, yes, used as sort of  
21 an explanation as to why the investigator would be  
22 talking to Alan directly.

23          Q.    Did they -- did the Chicago Police  
24 Department -- strike that.

1                   During your conversation with the Chicago  
2 Police Department lieutenant and the other officer,  
3 did you discuss Mr. Murray?

4           A.    I don't recall.

5           Q.    Take a look at Exhibit 16.

6           A.    Okay.

7           Q.    Start on page 121 when you get a chance.

8           A.    Exhibit 16?

9           Q.    Correct.

10          A.    Can you give me that page?

11          Q.    121.

12          A.    Okie doke.

13          Q.    Line 17 through to the next page, line 10.

14          A.    You say through 18?  17?

15          Q.    Yes, line 17 beginning on 121 through to the  
16 next page line 10.

17          A.    Okay.

18          Q.    Okay.  Does that refresh your memory about  
19 the suggestions that the Chicago Police Department  
20 made to you and Lieutenant Zayas and Detective  
21 Freesmeyer?

22          A.    Some degree, yes.

23          Q.    So you did discuss John Murray, right?

24          A.    Yes.

1 Q. Did you recall -- do you recall what you  
2 discussed with the Chicago Police Department relating  
3 to John Murray?

4 A. No, I do not know.

5 Q. In your testimony on page 122, you refer to  
6 their summary as to people that probably should  
7 continue talking with. Whose summary is that?

8 A. Where was that stated? What line?

9 Q. Sure, line 7 on page 122.

10 A. Well, the summary could have been the  
11 conversation we had with the two detectives from  
12 Chicago or -- would have been Chicago, right, Chicago  
13 Police Department.

14 Q. Did they provide you with a written summary?

15 A. No, not a written summary, no.

16 Q. And then you also mentioned that their -- the  
17 Chicago Police Department's summary mentioned four  
18 names. Still on page -- that line 7?

19 A. Okay, yes..

20 Q. What were the four names?

21 A. Well, John Doe was one.

22 Q. John Murray?

23 A. I'm sorry. John Murray, yes.

24 Q. Alan Beaman?

1 A. Alan Beaman.

2 Q. Who else?

3 A. I don't recall. I don't recall who the other  
4 two would have been.

5 Q. Did you conduct any investigation on the --  
6 on Lockmiller's homicide when you returned from your  
7 visit to Chicago?

8 A. Yes, we did.

9 Q. Did you follow up on their suggestions?

10 A. Well, Tim Freesmeyer did. He was talking to  
11 Alan.

12 Q. And he asked Alan to take a polygraph, right?

13 A. Well, I'm not going to assume; but since  
14 apparently someone else suggested that, he probably  
15 had asked him to take a polygraph. Again, I'm  
16 assuming and I'm not certain.

17 Q. Tell me about the seminar you attended in  
18 Jacksonville, Florida.

19 A. What would you like to know about that  
20 seminar?

21 Q. I would like to know -- well, first of all,  
22 we established that it was April of 1994?

23 A. Correct.

24 Q. Whose decision was it for you to go to that

1 seminar?

2 A. Assistant Chief Walt Clark.

3 Q. Did he tell you why he wanted you to go to  
4 the seminar?

5 A. Yes, he wanted me to take the Lockmiller case  
6 with me.

7 Q. So the purpose of you going to that seminar  
8 was to have another look at the Lockmiller homicide?

9 A. Yes.

10 Q. And how would that seminar help you do that?

11 A. The class is made about 40, 44 -- I don't  
12 know the exact number -- of detectives, investigators,  
13 homicide investigators throughout the United States,  
14 anywhere from Miami, Florida, to New York City, out in  
15 Texas and so forth.

16 And what the program consisted of is every  
17 detective there was to bring with him certain  
18 documents pertaining to the case they wanted to  
19 discuss.

20 And the first day we were there, we broke up  
21 into little teams of five, six, or seven. And we sit  
22 around in our little groups and discuss our particular  
23 case with one another looking for input, leads,  
24 suggestions, which -- whatever term you want to use.

1           Then the second day, it started where each  
2 individual detective got in front of the group and  
3 discussed their case, presented what they could in the  
4 way of documents that they had with them.

5           And this went on for four days along with  
6 classroom instructions from FBI profiler, a major  
7 homicide investigator from Miami, other individuals in  
8 law enforcement.

9           And then what happened is in your particular  
10 group while you're presenting your case, the rest of  
11 the group would hopefully listen attentively and write  
12 down any suggestions they may have based upon what you  
13 presented.

14           And then after each individual gave their  
15 case to the class, there was a time allotted for  
16 discussion.

17           Q.    What happened with your presentation of the  
18 Lockmiller case?

19           A.    I went overtime, and it laid dead.

20           Q.    What does that mean?

21           A.    That means I was not permitted, I was not  
22 allowed, I was not asked, I was not given the  
23 opportunity to sit down with the detectives in the  
24 detective division of the Normal Police Department or

C07014

1 Jim Souk or the chief or Assistant Chief Clark to  
2 discuss what I had brought back from that class.

3 Q. Well, what happened when you were at the  
4 class when you presented? So you went overtime. What  
5 does that mean?

6 A. Well, you're allotted like a half an hour.

7 Q. And how long did you go?

8 A. Over an hour and I wasn't finished.

9 Q. And then the floor was opened up to discuss  
10 it -- the case with other detectives?

11 A. Correct.

12 Q. And the other detectives did what?

13 A. Listened, write down notes -- take notes.

14 Q. Did they ask you questions?

15 A. Sure.

16 Q. Did they give you suggestions?

17 A. Yes.

18 Q. Did you write those down?

19 A. Yes. One or more individuals in your group  
20 would write the suggestions down.

21 Q. Do you recall any of the suggestions that the  
22 other officers at the seminar gave to you?

23 A. It was about 33, 32, 34 of them. I did not  
24 commit that to memory --

1 Q. Do any stick out in your mind?

2 A. No, not any one in particular.

3 Q. You testified earlier today that you also  
4 brought slides with you?

5 A. Yes.

6 Q. And you brought your working binders down  
7 with you to Florida?

8 A. Correct.

9 Q. How many slides did you prepare?

10 A. I don't recall how many.

11 Q. More than ten?

12 A. Could have been nine. Could have been 11. I  
13 don't recall exactly how many.

14 Q. Close to 100?

15 A. Well, for a fact there was no hundred.

16 Q. Okay. So less than 100?

17 A. Yes.

18 Q. What did you do with those slides?

19 A. Well, when I came back, they were turned back  
20 in; meaning, they were most likely put into -- back  
21 into that records division or turned back into  
22 detective division.

23 Q. Do you know?

24 A. No. I can say equivocally I do not have

1 them.

2 Q. You don't have the slides?

3 A. I don't believe I have the slides.

4 Q. Have you been in possession of the slides  
5 since your return from Florida?

6 A. I don't recall.

7 (Whereupon, Daniels Deposition  
8 Exhibit No. 23 was marked.)

9 BY MS. BARTON:

10 Q. The court reporter handed you what she marked  
11 as Exhibit Number 23. And I'll just represent to you  
12 that these are all the documents that were contained  
13 in the folder that you provided to me in the response  
14 to the subpoena. And the folder was marked notes from  
15 Unresolved Homicide Class.

16 A. Uh-huh.

17 Q. Are these your notes and records from that  
18 homicide -- unsolved homicide class in Jacksonville,  
19 Florida?

20 A. Without looking at each and every page, it  
21 appears to be a good collection of handouts, notes,  
22 and documents yet that I was given, uh-huh.

23 Q. At the seminar in Florida?

24 A. Correct.

C07017

1 Q. The first couple pages that are marked 1151  
2 and 1152, is this the entirety of the suggestions that  
3 you were provided by other detectives at the seminar?

4 A. Well, yeah. It is, yeah. 36, isn't it?

5 Q. And did you take notes during that seminar?

6 A. Yes, to some degree. Most of the stuff was  
7 handouts.

8 Q. Look at page 1158 through 62. Are these all  
9 your notes?

10 A. Yes. That's my handwriting, yeah.

11 Q. Are these notes that you took during the  
12 seminar?

13 A. No, without reading them, I really don't  
14 know. They could've been taken from the seminar or  
15 they could have been from my notes that I had written  
16 from the case.

17 Q. And then turn to page 1212.

18 A. Okay.

19 Q. It's labeled or entitled Physical Evidence  
20 Summary. Did you prepare this?

21 A. That list?

22 Q. Yes.

23 A. Yes, I do believe I did.

24 Q. Was this in preparation for the seminar?

C07018

1           A.    I think this was a required document that  
2 they wanted.

3           Q.    And then additionally the flip side, the case  
4 summary, did you prepare this as well?

5           A.    Yes.

6           Q.    Was this the entirety of your summary related  
7 to the Lockmiller case that you prepared in  
8 preparation for the seminar?

9           A.    Well, it was probably a brief summary. I  
10 think that's what they wanted was a brief summary,  
11 synopsis of what happened.

12          Q.    I'm just trying to figure out whether there's  
13 an additional page to this --

14          A.    Oh.

15          Q.    -- that I'm missing, or is this the entirety  
16 of your summary that you prepared for the seminar?

17          A.    This appeared to be what I prepared for the  
18 seminar.

19          Q.    So this is complete?

20          A.    Pardon me?

21          Q.    This is a complete summary that you prepared?  
22 There's not more to this summary somewhere that I  
23 don't have?

24          A.    Not to my knowledge. That's complete to my

1 knowledge, best of my knowledge, yes.

2 Q. Then look at the last page here -- excuse me,  
3 the page before that, 1216.

4 A. Okay.

5 Q. Are these notes that you took during the  
6 seminar?

7 A. It could have been. It could have been just  
8 a checklist that I came up preparing for the seminar  
9 or it could have been taken from when I returned.

10 Q. Who's Thomas Penn?

11 A. Thomas Penn is a renowned attorney from the  
12 Peoria area.

13 Q. Was Thomas Penn at the seminar in Florida?

14 A. No. Well, we can check that. I think I got  
15 a list of the detectives and speakers, but I don't  
16 recall Thomas Penn there. Him being an attorney, he  
17 wouldn't have been invited.

18 I think this list or roster is not complete.  
19 It doesn't look like it.

20 Q. Where are you looking at the roster?

21 A. Oh, here it is. I got a list of those who  
22 appeared in the picture. How many were there? Oh,  
23 it's only about 30 of us, I guess.

24 No, I think Thomas Penn's name was up there

C07020

1 for a reason, and that was because he was a trial  
2 attorney from the Peoria area.

3 Q. Name was up where?

4 A. Top of that page, Thomas Penn, phone number,  
5 Peoria.

6 Q. Did you talk to Mr. Penn about this case?

7 A. Not to my knowledge, no, I don't recall.

8 That might have been a referral name.

9 Q. Has he ever been your attorney?

10 A. Pardon me?

11 Q. Has he ever been your attorney?

12 A. My attorney? No.

13 Q. Did you ever tell Mr. Matens that he was?

14 A. My attorney?

15 Q. Yes.

16 A. Let me -- so I understand, you're asking me  
17 if I ever retained Mr. Thomas Penn as my attorney?

18 Q. Yeah.

19 A. The answer to that question is no.

20 Q. Did you ever consult with him?

21 A. Concerning?

22 Q. Anything.

23 A. Yes.

24 Q. Did you consult with him about this case?

1 A. No.

2 Q. Did you ever tell Mr. Matens that you  
3 consulted Mr. Penn about this case?

4 A. I don't believe -- I don't recall that I ever  
5 did.

6 Q. We touched on this briefly during your first  
7 deposition, but when you returned from the seminar in  
8 Florida, you attempted to present those ideas during a  
9 meeting, right?

10 A. Correct.

11 Q. In May of 1994, correct?

12 A. Well, if that's what the records indicated,  
13 yes.

14 Q. Who was present during the meeting?

15 A. Well, myself, Jim Souk, Chief Taylor. And  
16 without -- I don't know who else was present, but it  
17 seemed to me there were more than just the four of us,  
18 three or four of us. Well, Freesmeyer would have been  
19 there.

20 Q. How about Lieutenant Zayas?

21 A. Frank most likely would have been there,  
22 because he didn't leave the department until November  
23 of '94.

24 Q. How about Mr. Reynard?

- 1 A. He could have been there.
- 2 Q. But you don't know?
- 3 A. I don't recall who was there.
- 4 Q. How about John Brown?
- 5 A. Well, he was an investigator for the County,  
6 so he could have been there.
- 7 Q. But you don't recall?
- 8 A. Correct.
- 9 Q. What was the purpose of the meeting?
- 10 A. To discuss and get input from various people  
11 involved in the investigation of the Lockmiller case.
- 12 Q. Do you know who organized the meeting?
- 13 A. No, no.
- 14 Q. Did you bring any materials to the meeting?
- 15 A. I brought my list from the school.
- 16 Q. From your seminar in Florida?
- 17 A. Correct.
- 18 Q. Was that the two-page list that we just --
- 19 A. Correct.
- 20 Q. -- looked at with the handwritten leads?  
21 Yes?
- 22 A. Yes. I'm sorry. Yes.
- 23 Q. Who talked during that meeting?
- 24 A. I didn't get to talk. Souk talked.

1           Meaning had some input, is that what we're  
2 saying? Is that what your question is, who had input  
3 into it?

4           Q. Let me ask you this first. Did anybody lead  
5 the meeting?

6           A. Well, Souk mainly. And I don't know if  
7 Charlie had -- Charlie Reynard had anything to say if  
8 he was there. Same thing with Frank Zayas. I don't  
9 know.

10          Q. What was --

11          A. I don't recall.

12          Q. What was discussed?

13          A. The case, what we had in the way of suspects  
14 and what our steps should be.

15          Q. Were you laying out all the evidence that you  
16 had?

17          A. Was I?

18          Q. Uh-huh.

19          A. I wasn't, no.

20          Q. Was the group?

21          A. Souk was.

22          Q. Okay. What do you recall Souk saying?

23          A. When I attempted to interject my thoughts and  
24 based upon my list that I had in front of me for

1 possible leads or suggestions, he interjected by  
2 saying, well, I think we went as far as we can with  
3 this case. We are going to go ahead and issue a  
4 warrant for his arrest, meaning Alan Beaman's arrest.

5 Q. So during the meeting, you were discussing --  
6 or at least everybody at the meeting was discussing  
7 what evidence there was against Alan Beaman, right?

8 A. Or -- and/or comments they had, yes.

9 Q. Were you discussing whether there was  
10 probable cause to arrest Mr. Beaman?

11 A. Well, with Mr. Souk's statement, I believe we  
12 had enough for an arrest. There was no need  
13 questioning what he had to say.

14 Q. Was --

15 A. Meaning evidence presented and so forth. I  
16 don't know if all the evidence was presented by each  
17 individual or not. I don't recall that.

18 Q. So you don't recall whether each of the  
19 members of the Normal Police Department were  
20 discussing evidence that they had uncovered or what  
21 the investigation uncovered, information they had; you  
22 don't recall?

23 A. It appeared -- no, I don't. I don't.

24 Q. Were you asked for your input?

1           A.    That's what the purpose of the meeting was.  
2           And when it came to my turn around the table, as I  
3           previously stated, I was cut off.

4           Q.    So each person sitting around the table had a  
5           chance to give their input?

6           A.    Correct.

7           Q.    And you said -- what did -- did you bring up  
8           the 36 suggestions that you had obtained from the  
9           seminar?

10          A.    The issue was that I had these 36 leads,  
11          suggestions, avenues to look into; but I was not  
12          permitted, was not given the opportunity to discuss  
13          them.

14          Q.    Because Mr. Souk cut you off?

15          A.    That's correct.

16          Q.    And he said what?

17          A.    I believe we went as far as we can with this  
18          case. We're going to issue a warrant for Beaman's  
19          arrest.

20          Q.    Did you think at that time there was probable  
21          cause to arrest Mr. Beaman?

22          A.    Probable cause to arrest him? Yes.

23          Q.    Did anybody around the table respond when  
24          Mr. Souk cut you off from discussing the 36

1 suggestions from your seminar?

2 A. They could have been. I don't recall.

3 Q. What was your response to him?

4 A. I said nothing the rest of the meeting, and I  
5 don't know how long that meeting lasted.

6 MS. BARTON: Could we take a brief break.

7 THE VIDEOGRAPHER: Off the record. The time  
8 is 1543.

9 (Whereupon, a break was taken.)

10 (Whereupon, the record was  
11 read as requested.)

12 THE VIDEOGRAPHER: On the record. The time  
13 is 1553.

14 BY MS. BARTON:

15 Q. Do you know a woman by the name of Samone  
16 Weisman?

17 A. I believe that was Alan Beaman's girlfriend  
18 at the time of the trial.

19 Q. Have you talked to her about this case?

20 A. Yes, at one time.

21 Q. When did you first talk to her about this  
22 case?

23 A. I don't recall the date. Seems to me she had  
24 called me regarding the case, wanted to meet with me.

1 We met in a place called Mugsy's, which is a student  
2 hangout, if you will, at -- located in Bloomington  
3 across from IW campus. And we discussed the case to  
4 some degree of what -- up to that point, what we had.

5 Q. Was this after Mr. Beaman was convicted?

6 A. I don't recall the time it was -- occurred.

7 Q. Do you recall anything specifically that you  
8 discussed with Ms. Weisman?

9 A. No, even me to try to think of what we talked  
10 about. The only thing I can say is we talked about  
11 the case in general terms.

12 Q. Did you talk about John Murray?

13 A. I do not know. I do not recall.

14 Q. Did you talk about John Murray's attempted  
15 polygraph?

16 A. I do not recall what we talked about in  
17 general or specific terms.

18 Q. Did you meet with her more than once about  
19 this case?

20 A. I believe it was only once.

21 Q. Did you provide her with information?

22 A. I may have in terms of what my thoughts were,  
23 what my opinions were.

24 Q. Did you talk to her with the understanding

1 that it was in confidence?

2 A. That was my understanding. That's why I  
3 agreed to meet with her in a public place.

4 Q. I didn't understand that. You agreed to meet  
5 in public because you thought you were talking to her  
6 in confidence?

7 A. Well, her being a female, me being a male, I  
8 didn't want anything to be misconstrued later on  
9 why -- as to why I met with her.

10 Q. And so you agreed to meet with her because  
11 she promised that she would keep your information  
12 confidential? Is that what I'm understanding?

13 A. Well, no -- well, yes, the fact that the  
14 information that I had and that she had shared, but  
15 was common knowledge of what we had because basically  
16 it was our knowledge and our opinions.

17 Q. Well, I thought you told me that it was your  
18 understanding you were speaking to her in confidence?

19 A. Right, as -- in other words, what she learned  
20 from me based upon my opinions and what I knew about  
21 the case, she was not to go and broadcast it.

22 Q. And why was that important to you?

23 A. Well, I didn't want the source to leak out as  
24 to why.

- 1 Q. As to why what?
- 2 A. I was talking with her.
- 3 Q. Why were you talking with her?
- 4 A. I thought maybe she had some information for  
5 me.
- 6 Q. Did she?
- 7 A. Well, apparently not because it didn't go  
8 anywhere.
- 9 Q. Do you know if she provided the information  
10 that you gave to her to anybody else?
- 11 A. No, I'm not aware of that.
- 12 Q. Who is Amy Birch?
- 13 A. I do not know.
- 14 Q. You've never met Amy Birch?
- 15 A. I didn't say that. I do not know who she is.
- 16 Q. What about Kristie O'Brien?
- 17 A. I don't know who she is either.
- 18 Q. Were they local reporters?
- 19 A. I don't know. I don't know them.
- 20 Q. Did you talk to them about the Lockmiller  
21 homicide investigation?
- 22 A. Well, if I don't know who they are, I don't  
23 know if I talked to them or not.
- 24 Q. Did you talk to two young women who were

1 reporters in the area for the Vedette in relation to  
2 the Lockmiller homicide case?

3 A. I don't recall.

4 Q. When was the first time that you spoke with  
5 somebody that was either an attorney for Mr. Beaman or  
6 someone working for an attorney for Mr. Beaman?

7 A. Well, would have been the Center For Wrongful  
8 Convictions -- oh, would've been before that.  
9 Mr. Beu, I think it was, Alan's attorney.

10 There was three occasions in which I  
11 conversed with an attorney. One was when myself and  
12 Hospelhorn went back on a Sunday to talk to Alan, and  
13 Mrs. Beaman was there with, as I recall an attorney;  
14 but I don't think the attorney was representing Alan.

15 Q. And that was Tom Laughlin. We talked about  
16 that before --

17 A. Okay.

18 Q. -- right?

19 A. Okay. There was another occasion -- it was  
20 part of the trial. It could have been pretrial, but  
21 Lieutenant John Brown from the County and I were  
22 directed to talk to Mr. and Mrs. Beaman with their  
23 attorney present in one of the offices at McLean  
24 County Justice Center. That was a second time.

1 Now --

2 Q. That attorney was Mr. Beu?

3 A. Correct.

4 Now, there was another time, I don't know if  
5 this was before or after; but the Center of Wrongful  
6 Convictions came into the picture, and I talked to  
7 Jeff Urdangen, Tony Matens, and I believe it was  
8 Rex Reu at that time. And that took place at the  
9 Normal Police Department.

10 Q. What was the purpose of that meeting?

11 A. The way it was explained to me by then  
12 Chief Walt Clark was they wanted to ask me some  
13 questions concerning my part in the investigation.

14 Q. So was it your understanding that Chief Clark  
15 set the meeting up with you and Mr. Urdangen,  
16 Mr. Matens, and Mr. Reu?

17 A. Yes, that's my understanding.

18 Q. And do you have that understanding because  
19 Chief Clark told you to go to that interview?

20 A. He left that choice up to me. He said that  
21 it was up to me whether I wanted to talk to him or  
22 not.

23 Q. And you did want to talk to them because you  
24 eventually met with them?

1           A.    Right, I agreed with them or I agree with  
2 them. I agreed to talk with them.

3           Q.    Did you have to seek permission from Chief  
4 Clark to speak with them?

5           A.    He gave me permission. He offered me the  
6 opportunity to talk with them, and he left it up to  
7 me.

8           Q.    Did you consult an attorney before talking to  
9 Mr. Urdangen and Mr. Reu and Mr. Matens?

10          A.    I don't believe I had to because I think  
11 there were there that same day.

12          Q.    The same day that Chief Clark told you to  
13 talk to them?

14          A.    Correct.

15          Q.    And that was the first time that you learned  
16 that the Center For Wrongful Convictions wanted to  
17 meet with you?

18          A.    Correct.

19          Q.    What do you recall about the meeting?

20          A.    Well, I recall mentioning the fact that the  
21 distance between Alan Beaman's residence and  
22 Jennifer's, the vehicle victimology basically led me  
23 to believe that possibly Alan Beaman did not commit  
24 the murder at that time.

1 Q. And what led you to believe that Mr. Beaman  
2 didn't commit the murder?

3 A. It was -- John Murray was not excluded to my  
4 satisfaction in the investigation.

5 Q. And did that exclude Mr. Beaman as a suspect?

6 A. Not in the eyes -- well, he still was a  
7 suspect, but not eyes of the State's Attorney's Office  
8 because apparently they went ahead with the trial and  
9 found and convicted him based upon the evidence  
10 presented by the State's Attorney and his witnesses.

11 Q. The information you had -- strike that.

12 During the meeting with Mr. Urdangen and  
13 Mr. Matens and Mr. Reu, did you discuss the  
14 possibility of you signing an affidavit on their  
15 behalf?

16 A. I could have. I don't recall.

17 Q. How often did you meet with Mr. Urdangen or  
18 someone from the Center for Wrongful Convictions in  
19 relation to this case?

20 A. Neighborhood of maybe five to six times.

21 Q. What about with Mr. Matens, how many times  
22 did you meet with him?

23 A. Eight or nine times perhaps. We could have  
24 had conversations on and off. He could have called me

1 up on the phone and said, hey, Jeff Urdangen wants to  
2 know this or did you remember this.

3 Q. Well, you talked to him quite a bit over the  
4 phone?

5 A. Well, okay. Quite a bit.

6 Q. Right.

7 A. Okay.

8 Q. I mean, we deposed Mr. Matens --

9 A. Okay.

10 Q. -- and we went through --

11 MR. BOWMAN: Objection.

12 MS. BARTON: What's your objection?

13 MR. BOWMAN: That's not a proper question.

14 MS. BARTON: I didn't even get my question  
15 out.

16 MR. BOWMAN: Started off on -- on the wrong  
17 foot, and there's no way you can make it a proper  
18 question.

19 MS. BARTON: Well, if you have an objection,  
20 then you state it; but wait until I finish asking my  
21 question and then we'll move on from there. Okay? I  
22 would appreciate not being interrupted when I'm asking  
23 questions. I will extend the same courtesy to you,  
24 Mr. Bowman.

C07035

1 BY MS. BARTON:

2 Q. How many times have you met with Karen Daniel  
3 in relation to this case?

4 A. About as many times as Jeff I would say. She  
5 had taken the case over when Yackel left.

6 Q. What was the purpose of you meeting with  
7 Mr. Urdangen four to six times?

8 A. Questions concerning the case.

9 Q. Do you remember anything specifically?

10 A. No other than why I showed opposition as  
11 to -- as to why the case was not completed. In my  
12 opinion, they needed more investigation.

13 Even though Alan was a suspect in our  
14 opinion, certainly John Murray at that time and still  
15 is today, in my opinion, still a strong suspect.

16 Q. Did you provide anyone from the Center For  
17 Wrongful Convictions with documents?

18 A. If I did, it's probably documented somewhere.

19 Q. Do you recall?

20 A. No, I don't recall what specific documents if  
21 I did.

22 Q. When in relation to that meeting that you had  
23 with Urdangen, Reu, and Matens at the Normal Police  
24 Department, when did you give that interview to

1 Mark Goldman in relation to that?

2 A. That be shortly after that because Walt  
3 Clark, again, gave me the option of speaking with Mark  
4 Goldman. He said that's entirely your decision. If  
5 you want to speak with him, go ahead.

6 Q. Can you look at Exhibit 18. Here it is. I  
7 thought I saw it.

8 First, can you tell me how you came in  
9 contact with Mark Goldman?

10 A. Through Walt Clark. Walt Clark, again,  
11 approached me with the offer to talk to Mark Goldman,  
12 and Mark -- either I called him back, Mark, or Mark  
13 had called me and an appointment was set up.

14 Q. So the first you learned that Mark Goldman  
15 wanted to interview you was through Chief Clark?

16 A. Correct.

17 Q. Take a look at Exhibit Number 18, the page  
18 marked SDT 1010. Is this a letter you received from  
19 Mr. Goldman?

20 A. Yeah, it's addressed to me and signed by him.

21 Q. And you received it, right? This was in your  
22 file.

23 A. Oh. In that case, then I did.

24 Q. It was in the file marked Channel 31

1 Interview.

2 A. Okay.

3 Q. I notice it's dated February 17, 1998.

4 A. Okay.

5 Q. Would you -- did you receive this letter  
6 around that time period?

7 A. I can't be sure, absolutely sure.

8 Q. And it -- the first line in the letter says:  
9 "I appreciate your getting back to me regarding the  
10 1993 death investigation of Jennifer Lockmiller."

11 So do you recall talking to Mr. Goldman  
12 before you received this letter?

13 A. Well, he says I did, so I must have.

14 Q. I'm just asking if you remember?

15 A. Oh, do I remember? No.

16 Q. And he told you in this letter that I have  
17 been working on a four-month investigation into facts  
18 surrounding Ms. Lockmiller's murder, right?

19 A. Yes.

20 Q. Did he tell you anything about that  
21 investigation or what he did?

22 A. No, I don't recall if he did go into any  
23 detail.

24 Q. Flip forward in that exhibit to page -- flip

1 backward, I'm sorry, to 1001. And we've already  
2 looked at the transcript of that interview with Mark  
3 Goldman.

4 A. Okay.

5 Q. I notice at the top that this transcript is  
6 dated February 1997?

7 A. Okay.

8 Q. So did you do the interview in '97, and the  
9 letter was dated '98? I'm just trying to get a  
10 context --

11 A. Well, looking at the --

12 Q. -- of what happened.

13 A. -- documents, that's exactly what it shows.  
14 But, again, I didn't present these documents.

15 Q. Do you recall whether you gave the interview  
16 in February of '97 or in February '98?

17 A. No.

18 MR. BOWMAN: Note for the record that  
19 February is early in the year and sometimes mistakes  
20 happen.

21 BY MS. BARTON:

22 Q. Do you know if Mr. Reu had anything to do  
23 with setting the interview up with you and  
24 Mr. Goldman?

1 A. I have no knowledge of that.

2 Q. Did you talk to anyone in preparation of your  
3 interview with Mr. Goldman?

4 A. Other than Chief Clark, I don't recall  
5 talking to anyone.

6 Q. Did anyone help prepare you for the  
7 interview?

8 A. No.

9 Q. The last page of this Exhibit 18.

10 A. 18?

11 Q. No, it's Exhibit 18 --

12 A. Okay.

13 Q. -- and the last page --

14 A. I'm sorry.

15 Q. -- is marked 1012.

16 A. I'm a little behind you.

17 Q. Did you prepare this document?

18 A. I don't recall preparing any document for any  
19 interview with Mark Goldman.

20 Q. Do you know how this document ended up in  
21 your file?

22 A. No. No, I don't recall how it could have  
23 ended up in the file.

24 Q. Are you denying that this is something you

C07040

1 prepared?

2 A. Oh, I'm not denying anything. What I'm  
3 saying is I don't recall.

4 Q. And on the top it says questions to WMBD TV,  
5 interview number one. My question is was there more  
6 than one interview with Mark Goldman?

7 A. I -- you know, I -- I don't know -- I -- I  
8 don't know if there was. I don't recall if there was.

9 Q. You don't recall whether you gave more than  
10 one interview to Mark Goldman?

11 A. To Mark, no. No, I don't. I know the taped  
12 interview was in two parts suggesting perhaps  
13 interview number one could be tape number one.

14 Q. Do you mean that portions of your interview  
15 were aired on two different occasions?

16 A. Correct.

17 Q. But you don't recall giving more than one  
18 interview?

19 A. I don't recall, that's correct.

20 Q. All right. Look at page 1007 of this  
21 exhibit. Compare page 1007 to page 1008 and there  
22 seems to be additional information on 1008 or a  
23 continuation of your interview.

24 A. Apparently there's a -- is there a question

1 missing at the top here?

2 Q. Well, the question would be on the page  
3 before. Start at page 1006.

4 A. Okay.

5 Q. Start there.

6 A. Let's go to 1006.

7 Q. All right. And there's a question: "As much  
8 as you are willing to comment, what do you hope  
9 happens in the future, if anything?"

10 And then it appears the same answer to that  
11 question is at the top of --

12 A. Oh.

13 Q. -- of both 1007 and 1008, correct?

14 A. That's what it appears, correct. Looks like  
15 it --

16 Q. So it looks like this page on 1007 kind of  
17 cuts off --

18 A. Sure.

19 Q. -- the transcript.

20 A. Yes.

21 Q. Do you know who prepared this transcript?

22 A. No.

23 Q. You don't recall how you received it?

24 A. No.

1 Q. Did you have any --

2 A. Pardon me?

3 Q. Did you have any off-the-record discussions  
4 with Mr. Goldman?

5 A. To my knowledge, my recollection, no.

6 Q. And on page 1008, you're giving your opinion  
7 on Mr. Matens, looks like, right?

8 A. On who?

9 Q. Mr. Matens.

10 A. That's what it says.

11 Q. And you said: "I guess he's just my idol."

12 A. I wonder if I was under the influence when I  
13 made that statement.

14 Q. Well, were you?

15 A. No, no. I hold Mr. Matens in high regard.

16 Q. In the highest of regards it seems, right?  
17 He's your idol.

18 A. To surpass Dr. Lee, whoa, Roy Hazelwood, and  
19 John Douglas. I don't know why I said that.

20 MR. DiCIANNI: And he's not hitting a ball  
21 350 yards in the wind either.

22 THE WITNESS: No, he's not.

23 I didn't say that he has a wonderful build  
24 and is a top athlete. Wait a minute. Let me -- is

1 this a joke?

2 MS. BARTON: No, it's not.

3 MR. BOWMAN: It's not a joke.

4 THE WITNESS: Well, you notice on number 7,  
5 the first page 7 at the top, my answer was: "No, I  
6 don't have any more further comments."

7 Then the question is: "Anything you'd like  
8 to add in terms of something I didn't mention?"

9 BY MS. BARTON:

10 Q. Right. I will represent to you that all of  
11 the documents in this exhibit were contained in the  
12 blue folder marked Channel 31 Interview that you  
13 provided to my office in response to the subpoena.  
14 So, no, this is not a joke.

15 A. Okay. I have no explanation for these two --  
16 yes, I do.

17 Q. What do you --

18 A. Somebody put those in there because I didn't  
19 know Tony that well. I'm sorry, but I have no  
20 explanation for that. None at all. It sure is a  
21 shock and surprise to me.

22 Q. So you never -- you've never seen that  
23 before?

24 A. No. And that he would know who Roy Hazelwood

1 is. Certainly he may know Dr. Lee through the OJ  
2 trial. And John Douglas, Tony and I shared the same  
3 interest in reading John Douglas's books.

4 Q. Are you saying that you don't believe  
5 Mr. Matens knew Roy Hazelwood?

6 MR. BOWMAN: No.

7 BY MS. BARTON:

8 Q. What was the comment to Roy Hazelwood?

9 A. I don't think he would have known Roy  
10 Hazelwood.

11 Q. Who is he?

12 A. Roy?

13 Q. No, you said --

14 A. Tony Matens.

15 Q. You don't think Tony Matens would know  
16 Roy Hazelwood?

17 A. Know him. May know of him but not know him.

18 Q. So this is a first time you're seeing --

19 A. Yes, and I know he's not an 0350. He can't  
20 drive that, 350.

21 Q. Why don't you take a look at the rest of the  
22 interview, and let me know if there's anything else in  
23 the transcript that you have never seen before or  
24 don't agree with.

1 lightly as maybe perhaps somebody's manipulated or  
2 interjected that. This is totally out of character to  
3 me to put something like that out unless I was in a  
4 frame of comedy, let's say.

5 Q. Okay. But --

6 A. That's just not -- I'm sorry. I know this is  
7 a serious case, but I can't account for that. Let's  
8 put it that way. We'll leave it at that.

9 Q. That's fine. I just wanted to ask you  
10 because I found it in your file, and I wanted to ask  
11 you questions about it. If you don't know, you don't  
12 know.

13 But let's talk a little bit about Tony  
14 Matens.

15 A. Oh, please.

16 Q. After that, right?

17 When's the first time you met with him? Was  
18 it during that meeting at the Normal Police Department  
19 with Urdangen and Reu?

20 A. Correct.

21 Q. Was that the first time you had ever met him?

22 A. I believe it is, yes.

23 Q. Have you ever met with him regarding any  
24 other cases?

1 A. I don't believe so.

2 Q. Did you develop a friendship with Mr. Matens?

3 A. Yes.

4 Q. Are you friends with him now?

5 A. Yes.

6 Q. Pretty close friends?

7 A. No, not close. Just in between acquaintance  
8 and being close.

9 Q. Okay. Do you recall having a conversation  
10 with Mr. Matens before his deposition in this case?

11 A. Before Tony? When was his deposition?

12 Q. I don't think I have it with me.

13 A. Oh, the answer would have to be yes because I  
14 met him that first time, and it's been 20 years.

15 Q. Shortly before his deposition in this case?

16 A. Well, if you can give me a time, maybe I can  
17 be sure of that.

18 MR. DiCIANNI: June 4.

19 THE WITNESS: Of what year?

20 MS. BARTON: The first session.

21 MR. DiCIANNI: Oh, first.

22 BY MS. BARTON:

23 Q. Would have been sometime this year.

24 A. I guess.

1 Q. And you called him, right?

2 A. He'd call me, I would call him.

3 Q. To discuss the upcoming deposition?

4 A. That -- well, he -- he and I had an agreement  
5 where we wouldn't talk about the deposition other than  
6 the fact that I got a subpoena for deposition. He  
7 said, well, we can't talk about it. I said, I know  
8 that.

9 Q. Did you have a conversation with him shortly  
10 before his deposition where you discussed the fact  
11 that he would have to disclose who his reliable law  
12 enforcement person was that he mentioned in his  
13 affidavits?

14 A. Source? Seems to me I had a conversation  
15 with him on the phone regarding that.

16 Q. Okay. What do you recall about that  
17 conversation?

18 A. Exactly what you had said.

19 Q. Did you also tell him during the conversation  
20 that you had received permission from Chief Clark to  
21 talk to Tony Matens?

22 A. Did I tell him, Tony, that?

23 Q. Yes.

24 A. He was aware of that.

1 Q. And did you tell -- or did you discuss with  
2 Mr. Matens during that telephone conversation shortly  
3 before his deposition this year that Chief Clark had  
4 told you that you could discuss anything with the  
5 Beaman team after the trial and conviction as long as  
6 it's about your involvement in the investigation?

7 A. About what I know about the investigation,  
8 yes.

9 Q. So what can you recall about your  
10 conversation with Chief Clark about that?

11 A. Pardon me?

12 Q. Did Chief Clark ever tell you that you could  
13 discuss anything with Beaman's legal team after  
14 Mr. Beaman's trial and conviction as long as it was  
15 involving your involvement in the investigation?

16 A. My knowledge of the investigation.

17 Q. So that's a yes, Chief Clark did tell you  
18 that?

19 A. Yes, that's correct.

20 Q. Did you have conversations with Mr. Matens  
21 about the possibility of you signing an affidavit?

22 A. Affidavit for?

23 Q. In relation to this case.

24 A. Affidavit for information duces tecum or?

1 Q. An affidavit that you would sign?

2 A. I don't recall if Tony said that I'm -- in my  
3 opinion that's what I said.

4 Q. Did you have any concerns about your job as a  
5 police officer as a result of talking with  
6 Mr. Beaman's lawyers?

7 A. No. As a matter of fact, I had support from  
8 Chief Clark.

9 Q. Did you provide Mr. Matens with any documents  
10 relating to this case?

11 A. I could have. If he has them in his  
12 possession, he got them one of two ways, either --  
13 well, one of threes -- three ways: Request from  
14 Normal PD, got them from Urdangen, or I gave them to  
15 him.

16 Q. Have you ever met Carol and Barry Beaman?

17 A. Oh, yes.

18 Q. Several times?

19 A. I met them twice at their residence, the  
20 Saturday -- the weekend, Saturday and Sunday that  
21 Jennifer's body was discovered. We talked with them.  
22 We meaning John -- Lieutenant John Brown talked with  
23 them in the Law and Justice Center during one of the  
24 appeals or posttrial whatever -- or post-conviction.

1 I talked to them during the appeal down at  
2 the Illinois Supreme Court in Springfield. I think  
3 that was the last time I talked with them.

4 Q. Did you ever talk with them over the phone?

5 A. I don't recall if I did.

6 Q. Have you ever shared your theories of this  
7 case with either Carol or Barry?

8 A. Oh, I may have.

9 Q. But you don't recall?

10 A. Well, during the trial, my opinions came out.  
11 So if they were knowledgeable of what my theory was,  
12 most likely that's where they got it from or they  
13 could have gotten it from that Goldman videotape or  
14 from the newspaper.

15 Q. What do you mean by your opinions came out  
16 during the trial? What trial are you referring to?

17 A. Oh, the appeal of the Supreme Court when they  
18 had post-conviction hearing down there to retrial.

19 Q. When you testified at the post-conviction  
20 hearing?

21 A. Yes.

22 Q. Have you ever had any discussions with any  
23 lawyers representing Mr. Beaman about whether or not  
24 you would be a defendant in this lawsuit?

1 A. No.

2 Q. Never?

3 A. I don't -- well, I don't recall having any  
4 conversations with any attorney concerning the  
5 lawsuits.

6 Well, let me back up. Mr. Bowman sitting  
7 here, as I recall that was probably all -- oh, his  
8 associate Alexa.

9 Q. Ms. Van Brunt. We discussed that at the  
10 first deposition, your meetings --

11 A. Okay.

12 Q. -- with Ms. Van Brunt and Mr. Bowman.

13 What's your understanding as to why you're  
14 not a defendant in this lawsuit?

15 A. My understanding?

16 Q. Yes.

17 A. Is the fact that I was taken off of the case.  
18 I was not in the case. I didn't assist with his  
19 attempts to get him convicted. I was -- I had a  
20 different opinion. I had different methods, different  
21 thoughts about the case as it progressed.

22 Even though I thought there was enough to  
23 arrest him, it was my feelings that there was  
24 enough -- not enough to get it out of grand jury. And

1 when it came out of grand jury, that surprised me.

2 And when he got a conviction, that even  
3 surprised me more because it's always been grilled  
4 into us at different training sessions with some of  
5 the top investigators that if you can't exclude a  
6 suspect, then he has to be or she has to be included  
7 into your investigation.

8 It's my opinion that it was a rush to  
9 judgment, that no thoughts were given or time was  
10 given to anybody else's thoughts or input in -- as to  
11 do we have the right fellow.

12 Q. And that's why you believe you're not a  
13 defendant in this lawsuit?

14 A. I think so, yes.

15 Q. I want to discuss the conversation that you  
16 testified to during your first deposition with Kari  
17 Mason. Do you remember Kari Mason?

18 A. I remember Kari Mason, yes. I remember Kari  
19 Mason.

20 Q. And what do you remember about Kari Mason and  
21 any conversations you had about this case with her?

22 A. She may have been present with Jim Souk on  
23 that meeting in May. I -- I don't recall. But it  
24 either came from her own lips or from somebody from

1 the State's Attorney that she had some doubt also as  
2 to Alan being the perpetrator of this crime.

3 Q. Do you recall having a conversation with her  
4 about her feelings on whether Mr. Beaman was guilty?

5 A. Other than what I just stated, no.

6 Q. When did you learn that about Ms. Mason?

7 A. Before she left the State's Attorney's  
8 Office. And in what year that is, I don't know.

9 Q. Do you remember anything else about  
10 Ms. Mason's opinions?

11 A. No.

12 Q. Have you ever been subjected to discipline as  
13 a police officer?

14 A. Yes.

15 Q. How many times?

16 A. One for pulling a kid's hair, and another one  
17 for accepting an invite to go outside and meet with  
18 three kids who were involved in that incident. That  
19 was the same -- same incident.

20 Q. Were you reprimanded --

21 A. It escalated.

22 Q. Were you reprimanded for those two  
23 incidents -- it's one incident? I'm sorry.

24 A. Pardon me?

1 Q. It was one incident --

2 A. That was a separate incident.

3 Q. What was the result of your discipline?

4 A. Result of the discipline was I was given 20  
5 working days' suspension. I was -- had criminal  
6 charges filed against me for battery. The outcome of  
7 that was I pled no contest. I was given a fine, court  
8 cost, and a short period of court supervision without  
9 further incident. It was expunged.

10 Q. When did the incident occur?

11 A. I don't -- I don't recall when it was. I can  
12 give you a ballpark figure.

13 Q. I can show you a document and see if that  
14 helps.

15 A. Okay.

16 (Whereupon, Daniels Deposition  
17 Exhibit No. 24 was marked.)

18 BY MS. BARTON:

19 Q. Take a look at the first page of Exhibit 24  
20 and let me know if that refreshes your memory.

21 A. Okay.

22 Q. Does that refresh your memory about --

23 A. Yes.

24 Q. -- when that incident took place?

1 And when did that incident take place?

2 A. February 14, 1997.

3 Q. Were you -- you said that you were charged  
4 with misdemeanor battery as a result of that incident,  
5 correct?

6 A. Correct.

7 Q. Have you ever been charged with any other  
8 crimes?

9 A. Crime, no.

10 Q. Have you ever been arrested?

11 A. While on the police department or in my  
12 entire life of 71 years?

13 Q. In your entire life of 71 years.

14 A. Yes.

15 Q. How many times have you been arrested?

16 A. Let's see. I came back from Nam the first  
17 time in '65, so that was disorderly conduct. Out in  
18 California when I was in the Marine Corps, disorderly  
19 conduct.

20 Q. In 1965?

21 A. No, no, that would have been before. 1963 or  
22 '64. That's all I can recall in my 71 years.

23 Q. What was the outcome of either one of those  
24 charges of disorderly conduct?

1           A.    A fine.  The first one with -- when I came  
2 back in '65, 25 -- I forfeited my bond, \$25.

3           Q.    Okay.

4           A.    The second one was discharged, disorderly  
5 conduct.

6           Q.    Have you ever been a party to a lawsuit,  
7 either plaintiff or defendant?

8           A.    I was a defendant on one -- I believe it was  
9 a lawsuit in McLean County in, oh, 1978, perhaps.  A  
10 neighbor -- we live in a condo units.  And my  
11 neighbor, she was babysitting children, and that was  
12 against the condominium association rules and  
13 regulations.  So I was asked to testify on her behalf.

14          Q.    Were you a party to that?

15          A.    No, I would just -- I lived right next door  
16 to her.  And the questions they asked were the kids  
17 noisy, mistreated, or whatever.

18          Q.    You were a witness?

19          A.    A witness, right.

20                Second incident -- let me think when that  
21 was.  Oh, we rent our basement apartment to a student  
22 from ISU.  We've been renting that for nearly 20  
23 years.  Unfortunately, we made a mistake in our  
24 judgment and rented to 20-year-old female who wanted

1 to party. Part of our agreement is no partying, no  
2 noise, no animals. Well, she was 20. She wanted to  
3 party, and she had an animal.

4 She took us to court because she felt that on  
5 Christmas Day while I was entertaining guests and my  
6 family at my home that she could not have access to  
7 her apartment. Well, that led up in court. Judge  
8 ruled in our favor.

9 Other than that, that's all I can recall.

10 MS. BARTON: I think I might be done, but I'd  
11 like a few minutes just to review my notes and make  
12 sure I'm done.

13 We can go off the record.

14 THE VIDEOGRAPHER: Off the record, 1644.

15 (Whereupon, a break was taken.)

16 (Whereupon, Daniels Deposition

17 Exhibit No. 25 was marked.)

18 THE VIDEOGRAPHER: On the record, 1649.

19 BY MS. BARTON:

20 Q. Okay. Mr. Daniels, this should be the last  
21 exhibit for me, Exhibit 25.

22 Do you recognize this?

23 A. I do not recognize this paper, this document,  
24 no.

1 Q. Is your email address tld529@aol.com?

2 A. Presently it's at frontier.com.

3 Q. In 2002 was that your email address?

4 A. I'm sorry. Where's it located? Oh, there it  
5 is. Yes, uh-huh.

6 Q. That was your email address in 2002?

7 A. Yes.

8 Q. Did you send an email to Rob Warden of the  
9 Center of Wrongful Convictions?

10 A. If this is a copy of it, I would have to  
11 answer yes.

12 Q. Do you recall sending an email to Mr. Warden?

13 A. I do not recall who Mr. Warden is, let alone  
14 sending this.

15 Q. In 2002 were you interested in offering your  
16 assistance to the Center For Wrongful Convictions?

17 A. I'm wondering if this could -- well, the  
18 answer to your question is if this is an invitation to  
19 speak at one of their seminars, the answer would be  
20 yes.

21 Q. So you were looking to speak at one of their  
22 seminars?

23 A. I was invited by Karen Daniel. I don't  
24 recall the dates, but -- I don't recall who Mr. Warden

1 is either.

2 Q. Well, lucky for you, I have a letter that  
3 might help refresh your memory on it.

4 A. Okay. Lucky for me.

5 (Whereupon, Daniels Deposition  
6 Exhibit No. 26 was marked.)

7 BY MS. BARTON:

8 Q. This is something that I also found in your  
9 file.

10 A. This?

11 Q. That you --

12 A. Okay.

13 Q. -- provided to my office in response to the  
14 subpoena.

15 A. Okay.

16 Q. This is the letter that Ms. Daniel sent you  
17 on March 8, 2009?

18 A. Okay.

19 Q. Which is actually seven years after you sent  
20 that email to Mr. Warden.

21 A. Okay.

22 Q. So does that help you --

23 A. It does not help me recall who Mr. Warden is  
24 or why the email. It appears it was an invitation of

1 some sort. But this is the one I recall.

2 Q. The email to Mr. Warden appears to be an  
3 invitation then --

4 A. Well, that --

5 Q. -- for what?

6 A. In response to a letter that he wrote in a  
7 newspaper. In response to an article apparently he  
8 wrote in a newspaper, yes.

9 Q. In relation to the Beaman-Lockmiller case?

10 A. Yes, that's what it indicates, yes.

11 Q. Why did you want to offer your assistance to  
12 him and his staff?

13 A. I may have been asked earlier by him, or  
14 there could have been some reason stated in perhaps  
15 the article itself that maybe I wanted to clear up or  
16 add to or give an opinion of.

17 Q. And you don't remember either way?

18 A. That's correct.

19 MS. BARTON: Those are all the questions that  
20 I have for today. I believe that we'll be continuing  
21 tomorrow with questions from Mr. Bowman and  
22 Mr. DiCianni.

23 MR. DiCIANNI: That's correct.

24 MS. BARTON: We are done for today. Thank

4 I, Christine M. Luciano, Certified Shorthand  
5 Reporter in and for the County of Cook, State of  
6 Illinois, do hereby certify that on June 10, 2013, the  
7 deposition of the witness, TONY L. DANIELS, called by  
8 the Defendants, was taken before me, reported  
9 stenographically and was thereafter reduced to  
10 typewriting through computer-aided transcription.

11 The said witness, TONY L. DANIELS, was first  
12 duly sworn to tell the truth, the whole truth, and  
13 nothing but the truth, and was then examined upon oral  
14 interrogatories.

15 I further certify that the foregoing is a  
16 true, accurate and complete record of the questions  
17 asked of and answers made by the said witness, at the  
18 time and place hereinabove referred to.

19 The signature of the witness was waived by  
20 agreement.

21 The undersigned is not interested in the  
22 within case, nor of kin or counsel to any of the  
23 parties.

1 THE VIDEOGRAPHER: The date is 6-11-13. The  
2 time is 9:44 a.m. This is a continuation of the  
3 deposition of Tony Daniels beginning of tape number  
4 four. We're on the record.

5 MR. DiCIANNI: Ready to go?

6 THE VIDEOGRAPHER: Ready.

7 TONY L. DANIELS,  
8 called as a witness herein, having been previously  
9 duly sworn, was examined and testified as follows:

10 CROSS-EXAMINATION

11 BY MR. DiCIANNI:

12 Q. Okay. Tony, you testified yesterday for  
13 close to eight hours or so. Is there anything that  
14 you answered yesterday that, as you reflected on it  
15 over the night, you thought you didn't maybe get  
16 right?

17 A. There seems --

18 MR. BOWMAN: Object to that question. That's  
19 impossibly vague and overbroad.

20 THE WITNESS: There seems to be maybe  
21 misunderstanding of my question and maybe my answer in  
22 regards to why I did not prepare a report based upon  
23 my conversation with John Murray coming back from the  
24 lab from Morton to Normal. That's just one of those

1 instances where I thought that it wasn't that  
2 important; it had no bearing. At that time, he did  
3 not take the polygraph, and he was offered a second  
4 one. And I hope that satisfies Liz with the -- with  
5 the question she had for me.

6 BY MR. DiCIANNI:

7 Q. Well, and that doesn't sound inconsistent  
8 with what you said yesterday.

9 A. Okay.

10 Q. It's just --

11 A. Yeah.

12 Q. -- you reflected on that and felt that that  
13 was a reason why you needed --

14 A. Correct.

15 Q. -- to do it? Okay.

16 MR. BOWMAN: Object to the form of that  
17 question as well.

18 BY MR. DiCIANNI:

19 Q. Did you do anything last night after the  
20 deposition to prepare or get ready for today?

21 A. No, I didn't.

22 Q. All right. Did you talk to Mr. Bowman or any  
23 other attorneys about how -- your testimony yesterday?

24 A. Afterwards?

1 Q. Yes.

2 A. No, I did not.

3 Q. You talked yesterday a little bit about the  
4 meetings that you had with the attorneys for  
5 Mr. Beaman prior to coming to give depositions,  
6 correct? Do you remember that?

7 A. Yes.

8 Q. And you talked about meetings in December  
9 and -- of 2012 and a meeting that -- meetings that  
10 have taken place since then. Can you remember when  
11 was the first time you met with the attorneys for  
12 Mr. Beaman on the civil case regarding --

13 A. Well, the December meeting --

14 Q. -- the lawsuit?

15 A. I -- you have to refresh my memory. I don't  
16 know if that was the first one or the second one, but  
17 I had two meetings with him at the same location.

18 Q. That was in December of 2012?

19 A. Correct.

20 Q. Okay. Had you ever met with them before that  
21 time?

22 A. No. That was the first time I met Mr. Bowman  
23 face-to-face.

24 Q. How about anybody else from his office?

1 A. No. I talked to them but not have met them.

2 Q. Okay. Well, so you spoke over the phone --

3 A. Correct.

4 Q. -- with various people?

5 Did -- did you ever speak to them before the  
6 lawsuit was filed? And -- and I'll represent to you  
7 that the lawsuit was filed in the spring of 2010.

8 A. No.

9 Q. So all of your conversations with the  
10 attorneys for Mr. Beaman on the civil case would have  
11 taken place after, as far as you know, the lawsuit was  
12 filed?

13 A. Correct.

14 Q. How did you first find out that the lawsuit  
15 had been filed?

16 A. Well, it was -- I don't know what came first.  
17 Either in the newspaper or the officers there at the  
18 Normal PD. At that time, I was working part-time in  
19 the Normal Police Department.

20 Q. Okay. So there was some conversation about  
21 it at the station?

22 A. Correct.

23 Q. All right. You -- you retired from being a  
24 sworn police officer in, I think you said, 2000,

1 correct?

2 A. Correct. December 15.

3 Q. Okay. Was there any particular reason why  
4 you retired at that time?

5 A. My time was up. I had my 20 years in, and I  
6 felt it was time to -- to retire.

7 Q. Okay. And then you went to work at a  
8 different location?

9 A. Correct.

10 Q. And then came become to Normal?

11 A. Part-time basis, yes.

12 Q. Only on a part-time basis?

13 A. Correct.

14 Q. Okay. And then you retired from Normal in  
15 November of 2012?

16 A. Retired or resigned.

17 Q. Okay.

18 A. Yeah, there were no benefits of that nature.  
19 It was just --

20 Q. Okay.

21 A. -- a part-time job. I could leave at any  
22 time I wanted to.

23 Q. Okay.

24 A. And I decided since I had knee surgery

1 scheduled for December the 3rd, I believe it was, that  
2 November 30 would be my last day there.

3 Q. Okay. So when you were working part-time  
4 there from the time you went back after your  
5 retirement as a police officer until November of 2012,  
6 were you working every day?

7 A. Monday through Friday, normally three to  
8 four hours a day.

9 Q. Okay. And your role at that time was -- had  
10 to do with maintaining squad cars and shuttling papers  
11 back and forth to the State's Attorney's Office?

12 A. That's correct.

13 Q. Okay. So you say that you found out about  
14 the lawsuit at the time it was filed from other police  
15 officers?

16 A. Yes.

17 Q. Was there any specific conversation at that  
18 time that you can recall?

19 A. No, there really wasn't that I could recall.

20 Q. What's the general gist of what you remember  
21 being said?

22 A. I can remember Rob Hospelhorn saying that he,  
23 Rob, doesn't really believe 100 percent that Alan was  
24 the right person to be arrested, charged, and

1 convicted of Jennifer's homicide.

2 Q. Okay. And that conversation was -- was in  
3 relation to the filing of the lawsuit?

4 A. I believe so, yes.

5 Q. And what else can you remember somebody  
6 having said at the Normal Police Department?

7 A. Dave Warner. He's a lieutenant now. He's --

8 Q. No, I'm talking about at the time of the  
9 lawsuit.

10 A. At that time?

11 Q. Yeah.

12 A. That's -- that's the general thing that I can  
13 think of. I can recall was that particular  
14 conversation.

15 Q. All right. Did anybody interview you in  
16 relation to the lawsuit?

17 A. Interview me?

18 Q. Yeah.

19 A. No.

20 Q. Okay. You worked many years with the four  
21 defendants in the lawsuit, correct? I'll remind you  
22 of who they are: Dave Warner, Rob Hospelhorn,  
23 Frank Zayas, and Tim Freesmeyer.

24 A. Yes.

1 Q. Do you have -- are you aware of any  
2 reputation that any of them have about truthfulness or  
3 not being truthful people?

4 A. In general terms?

5 Q. Yes?

6 A. No, I didn't experience any -- nor did I hear  
7 of any rumors or innuendos.

8 Q. How about any of them being untruthful  
9 people, having a reputation for being untruthful  
10 people? You have never heard anything like that?

11 A. That's correct.

12 Q. Okay. We had discussions about your role in  
13 the investigation and the whole concept of a lead  
14 investigator. And the investigation I'm talking about  
15 is the Jennifer Lockmiller investigation. The word --  
16 the term lead investigator has been used several times  
17 in this deposition and other depositions. Was there  
18 actually an official position or assignment that was  
19 called the lead investigator?

20 A. You mean within the Normal Police  
21 Department --

22 Q. Yes.

23 A. -- investigations?

24 No. The title would be supervisor.

1 Q. Well, and are -- when you say supervisor, are  
2 you referring to whoever's in charge of CID?

3 A. Correct.

4 Q. Okay. And -- and at the time of the  
5 Lockmiller murder, that was Frank Zayas, correct?

6 A. That's correct.

7 Q. All right. And at other times you were head  
8 of CID, correct?

9 A. Afterwards, I believe it was. After Frank  
10 left.

11 Q. Yeah, and other people have also --

12 A. Correct.

13 Q. -- held that position.

14 A. Yes.

15 Q. Okay. But in terms of -- of somebody who  
16 wasn't the supervisor of the CID, was there a  
17 designation known as lead investigator?

18 A. At one time when Chief Taylor came into the  
19 police department along with Assistant Chief  
20 Walt Clark on the late afternoon, early evening of  
21 discovering Jennifer's body, Chief Taylor said, I  
22 guess you're it. I interpreted that as being the  
23 person at this particular point in time in charge of  
24 the investigation until Frank's return.

1 Q. Because as you remember, Frank was not --  
2 Frank Zayas was not in town or working at the time?

3 A. That's correct.

4 Q. Okay. So that would have been something you  
5 understood to be until Frank returned to work?

6 A. Yes.

7 Q. Okay. All right. And you understood his  
8 saying to you, I guess you're it, meaning you were the  
9 one who was going to go to Rockford to interview  
10 Alan Beaman, correct?

11 A. No. I would be the lead investigator.

12 Q. Okay. What did you -- what did you  
13 understand that to entail?

14 A. That I would oversee the investigation until  
15 Frank Zayas returned.

16 Q. Okay. And do you remember when Frank Zayas  
17 returned?

18 A. As I recall, it was the following Monday,  
19 two days later.

20 Q. Okay. All right. So you would say that --  
21 or at least you understood it that you were in charge  
22 of the investigation for those first two days?

23 A. Correct.

24 Q. Did you assign people to do things?

1           A.    Well, more or less, meaning there were only  
2 four of us at the time on duty working that week and  
3 on the case, myself, Rob Hospelhorn, Tim Freesmeyer,  
4 and Dave Warner. Rob Hospelhorn and I had partnered  
5 up and so Tim was assigned to talk to some of  
6 Jennifer's friends, and Dave Warner had conducted one  
7 or two interviews and then his role was assisting with  
8 evidence collection and crime scene collection.

9           Q.    So you assigned Tim Freesmeyer to interview  
10 some of the friends?

11          A.    He took it upon himself to interview  
12 Mike Swaine. Now, after that, I do not recall that I  
13 said, Tim, I want you to do this, I want you to do  
14 that or Dave Warner the same way. Of course,  
15 Rob Hospelhorn accompanied me.

16          Q.    So you did not -- while during those two days  
17 when you considered yourself as being the lead  
18 investigator, you did not make assignments?

19               MR. BOWMAN: Object to the form of the  
20 question.

21               THE WITNESS: Yes, I did.

22 BY MR. DiCIANNI:

23          Q.    Okay. What assignments can you recall  
24 yourself making?

1 A. That Rob Hospelhorn would accompany me.

2 Q. Okay. So you said, Rob, you're coming with  
3 me. That was not an order, a direction.

4 A. Well, or, Rob, let's go up; or, Rob, you can  
5 come with me. Nevertheless, however, I stated that,  
6 he and I partnered up.

7 Q. Okay. So other than Chief Taylor telling you  
8 that you're it until Frank Zayas came back, your  
9 understanding of being the lead investigator -- well,  
10 your understanding was that Frank Zayas would have  
11 been the lead investigator regarding the Lockmiller  
12 murder except for those two days that you recall?

13 A. Well, Frank Zayas was a lieutenant and he is  
14 a supervisor. I was the senior investigator, senior  
15 officer back there. So on my assumption, I was  
16 determined to be the lead investigator because  
17 Frank Zayas had little hands-on so to speak with the  
18 investigation other than being present with -- at  
19 meetings with the chief, with the State's Attorneys,  
20 with us from time to time. But Frank, as I recall,  
21 had no direct responsibility as far as talking to  
22 witnesses, collecting evidence of that nature.

23 Q. All right. Well, I'm confused.

24 A. So am I.

1 Q. Yeah.

2 A. It's hard to explain that.

3 Q. I had -- I had asked you earlier was there a  
4 designated assignment in the Normal Police Department  
5 CID division known as lead investigator?

6 A. There is no title.

7 Q. Okay. Well, that's -- that's what I wanted  
8 to know.

9 A. There is no title.

10 MR. BOWMAN: You cut off his answer. You  
11 have to let him finish his answer.

12 BY MR. DiCIANNI:

13 Q. Well, okay. There is no title. There is no  
14 position or particular assignment --

15 MR. BOWMAN: Again, you can't cut off his  
16 answer.

17 MR. DiCIANNI: I'm -- stop.

18 MR. BOWMAN: He's in the middle of  
19 answering --

20 MR. DiCIANNI: Stop.

21 MR. BOWMAN: -- the question --

22 MR. DiCIANNI: Stop. Stop.

23 MR. BOWMAN: You can't --

24 MR. DiCIANNI: Stop. You're not going --

1 you're not going to direct me on how to conduct the --  
2 do you have a -- do you have a -- if you have an  
3 objection, state your objection.

4 MR. BOWMAN: My objection --

5 MR. DiCIANNI: But don't -- don't direct me  
6 on how I'm answering -- asking questions.

7 MR. BOWMAN: My objection is that by cutting  
8 off the witness, you are not permitting him to  
9 complete his answer to the question and thereby  
10 creating a misleading and inaccurate record which is  
11 unfair to the witness and to all of us who are  
12 involved in the case.

13 MR. DiCIANNI: Well, all right. Then that's  
14 your objection.

15 MR. BOWMAN: Correct.

16 BY MR. DiCIANNI:

17 Q. All right. So there was not a designated  
18 position or title known as lead investigator; is that  
19 correct?

20 A. Correct, there is not -- there was not.

21 Q. Okay. So there -- as there would be in any  
22 investigation, there would be one person who would  
23 have more involvement than other people generally,  
24 correct?

1           A.    If there were more than one person involved  
2 in any given case, you would have individual to be  
3 understood as being the lead investigator. Does that  
4 explain your answer -- or your question?

5           Q.    Would that be a conversation you would have?  
6 Okay, Tony, you're the lead investigator on this case;  
7 or, Tim, you're now the lead investigator on this  
8 case; or go talk to Rob because he's the lead  
9 investigator on the case. Is that the type of  
10 interaction you would have on cases?

11          A.    I'm confused on -- on where we are going with  
12 this. A lead investigator is the individual who's in  
13 charge and supervises a group of more than one  
14 investigator on any given case. That's what a lead  
15 supervisor does. There is no designation, per se, for  
16 a lead supervisor in -- lead investigator in the CID  
17 at that time.

18          Q.    Okay.

19          A.    It's assumed. Somebody has to take  
20 responsibility. Somebody has to take the lead. There  
21 has to be someone in charge that other investigators  
22 would go to for any questions or any advice or would  
23 have to report to his supervisor.

24          Q.    So without -- somebody filled the role you

1 just described on each investigation, correct?

2 Somebody had that role.

3 A. Either assigned or assumed the role.

4 Q. Okay. All right. After the first two days  
5 of the Lockmiller investigation, did you have that  
6 role you just described, either assigned or assumed?

7 A. I can't answer that without giving you an  
8 answer that you will be satisfied with. Myself and  
9 Rob Hospelhorn worked together. Other detectives did  
10 not come to us for advice. If they had any questions,  
11 they would have went most likely to Lieutenant Zayas  
12 since he was back on the premises.

13 Q. Okay. All right. So you cannot remember  
14 yourself giving any instruction to anybody else to go  
15 interview somebody or go follow up on a lead?

16 A. I don't recall, no.

17 Q. All right. And do you recall getting any  
18 instruction from anyone other than Frank Zayas about  
19 following up on any lead or doing any particular  
20 investigative activity?

21 A. No, I don't recall.

22 Q. We saw from -- we saw from Freesmeyer's  
23 report -- that's number --

24 MS. BARTON: 5.

1 MR. DiCIANNI: Number 12. No, no, I'm sorry,  
2 his monthly report.

3 BY MR. DiCIANNI:

4 Q. We saw from Exhibit Number 12, which was  
5 Sergeant Freesmeyer's monthly report that --

6 MR. BOWMAN: I'm going to have to ask for a  
7 momentary pause so I can get my -- get my briefcase  
8 that has the many exhibits in it.

9 Can we go off the record for just a minute,  
10 please.

11 THE VIDEOGRAPHER: Sure. Off the record,  
12 10:03.

13 (Whereupon, a break was taken.)

14 THE VIDEOGRAPHER: On the record, 10:04.

15 BY MR. DiCIANNI:

16 Q. According to Sergeant Freesmeyer's -- well,  
17 Freesmeyer's report. I'll read it. This is on  
18 page 970. "The criminal investigation division saw  
19 many personnel changes in 1994. Sergeant Frank  
20 Filliponi was the CID supervisor from 1-1-94 through  
21 3-7-94. Acting Sergeant Daniels then took over as the  
22 CID supervisor from 3-7-94 until 6-94. Lieutenant  
23 Frank Zayas returned to CID and supervised the  
24 division from 6-94 through his retirement on

1 11-12-94."

2 Do you recall those shifts in personnel and  
3 supervision back in nineteen -- early 1994?

4 A. I recall the personnel. I don't recall the  
5 dates.

6 Q. Okay. You have no reason to take issue with  
7 what Freesmeyer wrote here?

8 A. What you just read?

9 Q. Yeah.

10 A. What you just read, I have -- I have no  
11 reason to question that or take issue with it.

12 Q. Do you remember Frank Zayas being off for a  
13 period of time during early 1994?

14 A. If that's the period of time he was  
15 transferred to the patrol division, that could have  
16 been the period of time that you're referring to.

17 Q. Do you remember him being -- I'm sorry,  
18 Sergeant -- Lieutenant Filliponi taking over and  
19 serving as the CID supervisor in early 1994?

20 A. If that's the date you're reading, yes, I  
21 remember Lieutenant Filliponi being back in CID as the  
22 supervisor.

23 Q. Okay. Do you remember replacing him as a  
24 supervisor?

1           A.    I -- I don't recall if it was him I replaced  
2 or not.

3           Q.    Okay.  But you do recall that you for a  
4 temporary period of time were the supervisor back in  
5 1994?

6           A.    Yes.

7           Q.    Okay.  And then Frank Zayas returned to CID?

8           A.    Correct.

9           Q.    What was your role in the Lockmiller  
10 investigation during the time that you were the  
11 CID supervisor?

12          A.    Well, I believe that's the time period that I  
13 had taken the case down to Florida.

14          Q.    Okay.

15          A.    So when I came back, what was my role?  Would  
16 be to -- well, regardless if it was the Lockmiller  
17 case or any other case, I would review and assign the  
18 cases -- caseload for each detective.

19          Q.    Okay.  You were in Florida for one week I  
20 think you said?

21          A.    Correct.

22          Q.    And you had said yesterday or the day -- or  
23 the time before that that was in April of 1994 that  
24 you went to Florida?

1           A.    As I recall, yes.  I think documents prove  
2           that.

3           Q.    So other than that one week, you would have  
4           been in charge of CID from -- at least during the  
5           period of time from March 7 until June?

6           A.    I was the supervisor, yes.

7           Q.    Okay.  All right.  So in connection with the  
8           Lockmiller investigation, other than the time you were  
9           at Florida -- in Florida at the cold case seminar,  
10          what actions were you taking in connection with that  
11          investigation?

12          A.    I don't recall exactly what actions or what  
13          my role was at that particular time in regards to that  
14          particular case.  That's been nearly 20 years ago.

15          Q.    Okay.  Was it under your supervision during  
16          that period of time?

17          A.    CID?

18          Q.    No.  The Lockmiller investigation.

19          A.    Well, as -- as a supervisor, I would imagine  
20          like any other case, if there were some questions or  
21          further investigation needed to be done, I would be  
22          the one to -- to assign it and review the results.

23          Q.    So you were in charge of the Lockmiller  
24          investigation from March of '94 until Frank Zayas

1 returned in June?

2 A. No. I was in charge of CID.

3 Q. Well --

4 A. There's a difference.

5 Q. Okay. That would be in charge of all the  
6 investigations going on in CID, correct?

7 A. Yeah, in charge of supervising the  
8 detectives, yes, assigning and reviewing their cases.

9 Q. Right, okay.

10 So you would have been in charge of the  
11 Lockmiller investigation when Alan Beaman was  
12 arrested, correct?

13 A. No. Once again, I was not in charge of the  
14 investigation. I was in charge of the detectives.

15 Now, I believe at that time, Tim Freesmeyer  
16 was working with Jim Souk perhaps down at the Law and  
17 Justice Center in Jim Souk's office. That may have  
18 been that period of time, because there was a period  
19 of time that Tim Freesmeyer was no longer physically  
20 working out of CID. He was working with Jim Souk in  
21 Jim Souk's office.

22 Q. So what happened in connection with being --  
23 who was -- what's -- are you saying Freesmeyer became  
24 in charge of the investigation when he moved over to

1 the State's Attorney's Office?

2 A. Well, if you want to use the word charge,  
3 yes.

4 Q. Okay. So prior to that, whoever was the head  
5 of CID was in charge of the Lockmiller investigation?

6 MR. BOWMAN: Objection, that's an inaccurate  
7 summary of the testimony. That's not what he's  
8 testified to.

9 BY MR. DiCIANNI:

10 Q. All right. Go ahead.

11 A. The hang-up in trying to explain an answer to  
12 your question is the word charge.

13 I was responsible for the activities of the  
14 super -- of the individual detectives. I assigned  
15 them their cases and reviewed the status of their  
16 cases.

17 Q. Okay. So while Frank Zayas was not there and  
18 you were the supervisor of CID, you were responsible  
19 for the activities of the detectives working on the  
20 Lockmiller investigation and you reviewed their  
21 activities?

22 A. With the exception of Tim Freesmeyer.

23 Q. Well, is that only when Tim Freesmeyer was  
24 moved over to the State's Attorney's Office?

1           A.    I don't recall exactly when.  Whether or not  
2 I was no longer on the case before or after he moved  
3 over to the State's Attorney's Office.

4           Q.    Well, when you were in charge of CID as the  
5 supervisor during those months when Frank Zayas was  
6 out, are you telling me you were not in charge of  
7 Tim Freesmeyer?

8           A.    When Tim Freesmeyer was out of the office, I  
9 had no authority over him.  I had no responsibility  
10 for him.  It was strictly under -- he was strictly  
11 under Jim Souk's and the State's Attorney's Office  
12 authority and supervision.

13          Q.    When did that happen?

14          A.    I don't recall exactly when.

15          Q.    Was that when he moved -- when he physically  
16 moved his presence to the State's Attorney's Office or  
17 was it sometime before that?

18          A.    I don't recall.

19          Q.    Were you directed that Freesmeyer is no  
20 longer -- well, I'm talking about when you were in  
21 charge of CID, you were the supervisor of CID, were  
22 you told Freesmeyer is not under your direction or  
23 under your responsibility?

24          A.    No, I was not told.

1 Q. We've had several discussions about a main  
2 file and what -- what was included or sent to the main  
3 file. Did you ever -- and I'm referring to the  
4 Lockmiller investigation. When you -- you used the  
5 term main file during the course of the deposition as  
6 opposed to your own detective file, your own personal  
7 file -- I won't say personal, but your own working  
8 file. Is that a fair characterization of what you  
9 have said?

10 A. At this point --

11 MR. BOWMAN: Object to the form of the  
12 question.

13 Tony, give me a minute to make an objection  
14 before you rush in and answer, please.

15 The question was compound, ambiguous.

16 You can answer.

17 THE WITNESS: Would you repeat your question?

18 MR. DiCIANNI: Yeah. Let me ask the court  
19 reporter to repeat it.

20 (Whereupon, the record was  
21 read as requested.)

22 MR. DiCIANNI: I'll rephrase it. I'll  
23 rephrase it.

24 BY MR. DiCIANNI:

1 Q. During the course of the deposition, you've  
2 talked about both the main file and you've talked  
3 about both your -- about your own file. When you used  
4 the term main file, what have you referred to? What  
5 do you mean?

6 A. Under normal situations, the main file could  
7 originate when an officer completes a report, gives it  
8 to his supervisor and then is sent over to records.

9 Q. Okay. So the main file would be maintained  
10 in the records section of the Normal Police  
11 Department?

12 A. As a normal procedure, yes.

13 Q. Okay. And did you ever see a main file in  
14 the Lockmiller investigation?

15 A. In order to make copy -- well, the answer  
16 would be yes.

17 Q. Okay. And how -- how did it come about that  
18 you actually saw the main file?

19 A. Preparing for the class in April of '94 for  
20 the investigation.

21 Q. Okay. So when you had the -- did you  
22 photocopy the entire main file for that class?

23 A. I don't recall. I don't think I would have  
24 copied that if I had my own copy.

1 Q. Okay. So you reviewed the main -- are you  
2 saying that you reviewed the main file in records for  
3 the Florida investigation -- for the Florida class?

4 A. No, I wouldn't say that.

5 Q. Well, what do -- what do you mean?

6 A. Well, there were -- in preparation for the  
7 class down there, there were certain documents that  
8 you were to bring with you. So using it as a  
9 checklist, if I had Document A, fine. And then if I  
10 didn't have Document A, I would go to the main file  
11 which was kept in records and make a copy of that  
12 Document A if it was available.

13 Q. So you were given a checklist of documents  
14 that you should bring to this class; is that what  
15 you're saying?

16 A. It's not a checklist like I referred to like  
17 Document A, B, and C. Those are the documents you  
18 needed to bring with you, yes.

19 Q. So there would be a list of -- well, just  
20 say, for example, the autopsy report, the crime scene  
21 analysis, each detective's supplemental report, that  
22 kind of thing?

23 A. That's the idea, yes.

24 Q. Okay. So -- so you went down that list and

1 then you looked at your own file to see if you had it,  
2 and if you didn't, you then went to look at the main  
3 file to, what, get a copy?

4 A. Yes.

5 Q. Okay. And is this -- are you -- are you just  
6 speculating that that's what you did or do you recall  
7 actually having done that?

8 A. One thing in particular I do recall was  
9 making slides from the photographs.

10 Q. Okay. You didn't have those in your own --  
11 in your own working file?

12 A. Not that I recall.

13 Q. All right. And -- and can we -- can we refer  
14 to what you maintained as your own file as your  
15 working file? When I -- if I said -- call that your  
16 working file, you'll know what I mean?

17 A. That's fine.

18 Q. So to the best of your memory, you didn't  
19 have the slides in your working file, so you went to  
20 the main file to get them?

21 MR. BOWMAN: Objection; inaccurate,  
22 mischaracterizes the testimony.

23 BY MR. DiCIANNI:

24 Q. Go ahead.

1 A. Yes, I would have.

2 Q. Okay. Tell me what the main file looked  
3 like.

4 A. The original documents should be in the main  
5 file, should be in a -- a binder.

6 Q. Okay.

7 A. A three-ring binder, be it one, two,  
8 three inches or whatever, and however number of  
9 binders that was necessary to maintain that file.

10 Q. So it was all in -- when you say binders,  
11 you're talking about three-ring binders with the hole  
12 punches on the side?

13 A. This particular case, yes, it should have  
14 been.

15 Q. Well, okay. Should have been sounds like  
16 you're not sure or you're guessing. Do you remember?

17 MR. BOWMAN: Object to the form of the  
18 question, argumentative.

19 THE WITNESS: No, I don't remember.

20 BY MR. DiCIANNI:

21 Q. Okay. So you're -- you're filling in --  
22 you're answering my question based on what you think  
23 the file looked like but you're not sure?

24 A. Yes.

1 Q. Okay. All right. Do you actually have a  
2 memory of going to the main file to pull out the  
3 slides for the Florida class?

4 A. I have a memory of taking photo -- the  
5 photographs to the camera shop in downtown Normal and  
6 having slides made from those photographs.

7 Q. Okay. So you have that memory. You don't  
8 remember where you actually had to go to get the  
9 photographs --

10 A. Correct.

11 Q. -- is that fair to say?

12 All right. So in terms of actually going to  
13 records and saying give me the file so I can get the  
14 photographs, you don't have that memory?

15 A. No, I do not.

16 Q. So as you sit here today, do you have a  
17 memory of ever going to records to review the main  
18 file?

19 A. I do not have a recollection of doing that.

20 Q. So in your working file, where did you keep  
21 that?

22 A. In my working area, in a desk.

23 Q. You had a desk in the CID room?

24 A. Yes, every detective did.

1 Q. Okay. And we've heard that two detectives,  
2 Freesmeyer and Belcher, actually worked in what's been  
3 referred to as the juvenile room --

4 A. Correct.

5 Q. -- during -- at this point in time?

6 A. Yes.

7 Q. Okay. So it would have been yourself,  
8 Warner, Hospelhorn, who else located in that CID room  
9 at that time?

10 A. You mean the main CID room?

11 Q. Yes.

12 A. Leszczynski and at that time that's all I  
13 recall --

14 Q. Okay.

15 A. -- other than what you mentioned.

16 Q. And then in the corner was Frank Zayas's  
17 office or the supervisor's office?

18 A. Yeah, he had his own office.

19 Q. Right. Right. That was just off of the main  
20 CID room.

21 A. Correct.

22 Q. Okay. So as you walked into that room, as  
23 you walked into that -- to the big room, where was  
24 your desk?

1 A. At that time?

2 Q. Yeah.

3 A. Let's take a look at that screen up there.

4 Q. Okay.

5 A. The top of it being 12 o'clock, the bottom  
6 being 6 o'clock, I would be located about 12 o'clock,  
7 and off to the right about 2 o'clock would be  
8 Frank Zayas's office --

9 Q. Okay.

10 A. -- with the closed door.

11 Q. Okay. So the -- just for the record then,  
12 the entry into the CID office would have been at about  
13 5 o'clock, right?

14 A. Approximately, yes.

15 Q. Okay. And where was -- where was  
16 Dave Warner's office?

17 A. Over in the lower left corner of the screen.

18 Q. Okay. 7 o'clock?

19 A. Okay.

20 Q. Does that sound right?

21 A. Or one could say catty-corner across from me.

22 Q. Okay.

23 A. At the time, I believe there were four  
24 cubicles, if not a fifth one.

1 Q. All right. Where did you -- where did you  
2 keep the file, your working file?

3 A. There at my work area.

4 Q. On the desk?

5 A. Well, when I was working on it, it would have  
6 been on the desk. There's also a bookcase located  
7 behind my desk at that time.

8 Q. Okay. So you kept it there in the bookcase?

9 A. I -- I can't say without 100 percent  
10 accuracy, yeah, I kept it there. But I think that  
11 would have been the logical place either there or when  
12 I was working on it or behind my desk on the bookcase.

13 Q. Okay. All right. And you said that there  
14 was a binder that was given to you that was made by  
15 records; is that fair to say?

16 A. I -- I thought I said the binder was compiled  
17 by an intern for each individual detective.

18 Q. Yes, and that would have been part of your  
19 working file, correct?

20 A. Correct.

21 Q. So each detective as far as you know got a  
22 binder, correct?

23 A. To my knowledge, yes.

24 Q. Okay. And you said the binder was one to

1 three inches fat, correct? I think you said that  
2 yesterday.

3 A. Yeah, it could be one, two, three. It  
4 depends on what volume of documents you had and  
5 reports you had to put in those binders.

6 Q. Those binders were compiled not by yourself  
7 but by somebody else, right?

8 A. By the intern.

9 Q. By the intern.

10 A. But as my binder became full, I'm not saying  
11 I did, but I perhaps would have probably used a little  
12 bit of logic and got a second, third, fourth binder or  
13 whatever it took.

14 Q. Are you speculating?

15 A. I am speculating because I have two or  
16 three binders.

17 Q. The -- the binder that was prepared by the  
18 intern was, what, they would come by and add a report  
19 to your binder whenever they had more reports to add?

20 A. The procedure would have been after a  
21 detective prepares a report, that original report  
22 would go to the supervisor. At that time, it would  
23 have been Frank Zayas. He would have made any  
24 corrections, suggestions, whatever it took, to the

1 detective who presented that particular report, be it  
2 Lockmiller, John Smith, John Jones, or whatever. But  
3 in this particular case, then the procedure would have  
4 been at that time for the intern to make copies of  
5 that original report.

6 Q. Right.

7 A. And then the original report should go --  
8 should have went to records division.

9 Q. And I thought you said also into everybody's  
10 binder?

11 A. Didn't I say that the intern would make  
12 copies?

13 Q. Right. Okay. So the original would go to  
14 the main file you're saying, and then every binder  
15 would be updated with the new report?

16 A. That is the normal procedure, yes.

17 Q. Was that the procedure for the Lockmiller  
18 investigation?

19 A. Well, I didn't supervise the intern. I  
20 didn't watch the intern do this or do that.

21 Q. But you had a binder?

22 A. I had a binder, yes.

23 Q. And did that binder get updated with  
24 additional records?

1 A. Well, yes, I would update it myself.

2 Q. So the intern didn't update your -- your  
3 binder. You updated it yourself.

4 A. By that, that working bind -- my working  
5 binder was at my desk. So if he handed me a report, I  
6 would have put it in an appropriate binder --  
7 appropriate section of that particular binder.

8 Q. Okay. Well, that's my question. It sounded  
9 yesterday like there were binders that were maintained  
10 by somebody from records, an intern I think you  
11 described, for each detective. And in addition, you  
12 would have your own working file that would include  
13 the binder and anything else that you may have done or  
14 gathered. But that doesn't sound like what you're  
15 saying.

16 What you're saying to me now is that the  
17 intern would bring you the latest report after  
18 Frank Zayas reviewed it and then you'd add it to the  
19 binder.

20 MR. BOWMAN: Object to the form of the  
21 question.

22 THE WITNESS: For my individual copy, that's  
23 possible that could have happened, but I wasn't  
24 watching the intern put reports in whatever binders he

1 had.

2 BY MR. DiCIANNI:

3 Q. Well, that's not my question. My question is  
4 it sounded yesterday like you were saying that there  
5 were binders that were maintained by the intern and  
6 each detective had one, which means you, being one of  
7 the detectives, would have had a binder that the  
8 intern would maintain for you, but that doesn't sound  
9 like it's correct. It sounds like the --

10 MR. BOWMAN: Object to the form of the  
11 question.

12 Sorry, I thought you were done.

13 BY MR. DiCIANNI:

14 Q. It sounds -- it sounds like what you're  
15 saying today is that the intern would bring you the  
16 latest report and then you'd put it in the binder  
17 yourself. Is that a more accurate --

18 A. I can't be sure.

19 MR. BOWMAN: Object. Object to the form of  
20 the question.

21 BY MR. DiCIANNI:

22 Q. Okay. So it sounds like the best you can say  
23 is that there were binders, copies of reports were  
24 made for the detectives. How each detective

1 maintained the binder or added the reports or didn't  
2 add the reports was up to the individual detective?

3 A. That's possible.

4 Q. All right. Well, let's just talk then about  
5 how you did it. You sometimes added the reports to  
6 the binder, sometimes you didn't --

7 A. Correct.

8 Q. -- is that fair to say?

9 Okay. And in addition to the binder -- and  
10 when we talk about a binder, we're talking about an  
11 actual notebook, correct?

12 A. A three-ring looseleaf binder.

13 Q. Yeah.

14 A. Which you can insert documents or extract  
15 documents from.

16 Q. Right. So just for an example, we have in  
17 front -- I have in front of me Exhibit Number 3 which  
18 is Freesmeyer's big, fat report. If you got this, you  
19 would -- with three-hole punches on it, you'd stick it  
20 in your binder, right?

21 A. Yes, that would seem to be the logical thing  
22 to do. If not me, then the intern. If I happen not  
23 to be there and he happens to be handed a report from  
24 Lieutenant Zayas, he could very well have done that,

1 put it on my desk or put it in my binder is what I'm  
2 saying.

3 Q. Okay. All right. So there wasn't some  
4 official practice of the intern comes by, updates  
5 everybody's binder, and now everybody's binder is  
6 updated?

7 MR. BOWMAN: Object to -- sorry.

8 BY MR. DiCIANNI:

9 Q. The reports would be brought to you and then  
10 you would decide if it's going into the binder or not  
11 going into the binder; is that fair to say?

12 A. Yes, that's fair to say.

13 Q. All right. So other than what you had -- was  
14 your file in a file? Was it in a Redweld or a  
15 bankers box, or was it just a collection of what you  
16 had in the binder and anything else you collected?

17 A. I don't recall.

18 Q. All right. Did you read Exhibit Number 3  
19 which is Freesmeyer's long report?

20 MR. BOWMAN: When?

21 MR. DiCIANNI: At any time.

22 THE WITNESS: What's the date of that?

23 BY MR. DiCIANNI:

24 Q. Well, it's got a number of dates. It starts

1 with January 10 of '94, and then it goes -- the last  
2 report is January of '95.

3 A. Is that the investigation or is that his  
4 monthly report?

5 Q. No, not the monthly report.

6 MR. BOWMAN: Mr. Daniels, the --

7 MR. DiCIANNI: Exhibit Number --

8 MR. BOWMAN: -- the report is in front of  
9 you. You can look at it to determine --

10 THE WITNESS: What's the exhibit number?

11 MR. BOWMAN: 3.

12 BY MR. DiCIANNI:

13 Q. Exhibit Number 3.

14 A. Oh, okay, that's 4.

15 Q. Here, I'll just show it to him. I'm not  
16 going to ask you to read it. I'm just going to ask  
17 you if you've seen it.

18 A. So your question is whether or not I read  
19 this?

20 Q. Yeah.

21 A. And my answer would be I do not know if I  
22 read this or not.

23 Q. Okay. During the -- would this report,  
24 Exhibit Number 3, have found its way into your binder?

1 A. Excuse me. May I see your copy again?

2 Q. Sure.

3 A. These don't, to me, appear to be the same  
4 report.

5 Q. Well, then I must have just given you a  
6 different one. I'm sorry, it's not --

7 MS. BARTON: It's Exhibit 5.

8 BY MR. DiCIANNI:

9 Q. It's 5.

10 A. Okay. So we're back on Exhibit 5.

11 Q. Right. Not 3.

12 A. And your question would be do I recall  
13 reading this?

14 Q. Yeah.

15 A. And my answer would be I do not know if I  
16 read this or not.

17 Q. Okay. You don't know if that got into your  
18 binder?

19 A. That's correct.

20 Q. Did you ever turn your binder over to anybody  
21 at any point during the investigation or -- strike  
22 that.

23 Prior to the criminal trial, did you ever  
24 turn your binder over to anybody?

1 A. My working binder?

2 Q. Yeah.

3 A. I couldn't recall if I did or not.

4 Q. When's the last time you saw your working  
5 binder?

6 A. Approximately four days ago.

7 Q. And where was that?

8 A. At my residence.

9 Q. Okay. So obviously you didn't turn it over  
10 to somebody if you still have it?

11 A. Well, apparently --

12 MR. BOWMAN: Object to the form of the  
13 question.

14 THE WITNESS: Apparently I do then.

15 BY MR. DiCIANNI:

16 Q. Okay. And when you left employment with --  
17 with the Normal Police Department, did you take  
18 your -- your working file with you?

19 A. I had my working file from the time that I  
20 prepared it for the class in '94, and as of this  
21 morning, it's still there in my residence.

22 Q. And I assume you've added things to it since  
23 April of 1994?

24 A. Yes.

1 Q. Okay. So you did take it with you when you  
2 left -- at some point in time, you took it home from  
3 the Normal Police Department?

4 A. Yes.

5 Q. And do you remember when?

6 A. Well, when I prepared it for the class in  
7 '94, I brought it back with me, and I used it there  
8 while still with the Normal Police Department. At  
9 what time and point and how I took it home, I don't  
10 recall.

11 Q. Why did you take it home?

12 A. Working on it.

13 Q. And what were you working on?

14 A. Analyzing the reports and the evidence, the  
15 documents.

16 Q. And that would have been -- would that have  
17 been in connection with the post-conviction case?

18 A. That would have been from '94 until  
19 post-conviction, yes.

20 Q. So that would have been from April of '94  
21 when the Florida -- when you returned from the Florida  
22 seminar all the way through the post-conviction case?

23 A. Yes.

24 Q. And at various times, you added documents to

1 that obviously, correct?

2 A. If you want to refer to my notes as  
3 documents, yes, yes.

4 Q. Okay. You've added other documents to it as  
5 well, have you not?

6 A. I don't recall if I did or not.

7 Q. Well, you turned over five boxes to the  
8 counsel for the county in response to a subpoena,  
9 right?

10 A. Yes. Then the -- the answer to your question  
11 would be, yes, I obtained copies of discovery in  
12 post-conviction appeals and so forth.

13 Q. Okay. You've obtained other documents that  
14 you've added to your working file since your return to  
15 Florida -- from the Florida seminar?

16 A. Correct.

17 Q. Okay. What you turned over to the County's  
18 attorneys in response to their subpoena, and that's in  
19 the civil case, was your working file while you were  
20 working on the Lockmiller investigation and anything  
21 you added to it since then, correct?

22 A. Correct.

23 Q. When you -- you said you had several meetings  
24 with Beaman's attorneys and you talked about

1 different -- and I'm talking about the attorneys in  
2 the civil case -- and you talked about different parts  
3 of the case. Did you ever talk about any of these  
4 allegations they've made of missing evidence, evidence  
5 not turned over to Beaman's defense attorneys?

6 A. I would --

7 MR. BOWMAN: Objection to the form of the  
8 question. That misstates the testimony. He testified  
9 there were two meetings, not several.

10 MR. DiCIANNI: I didn't say seven. I said  
11 several.

12 MR. BOWMAN: Several, yes. Two, not several.

13 BY MR. DiCIANNI:

14 Q. Okay. Whatever -- whatever number of  
15 meetings you may have had with Beaman's attorneys in  
16 the civil case, did you discuss these allegations of  
17 evidence not turned over to Beaman's lawyers in the  
18 civil case?

19 A. Yes.

20 Q. And what did you say to -- what did they ask  
21 you about that and what did you say to them about it?

22 A. The subject was the letter from the polygraph  
23 operator Terry McCann. The question was what happened  
24 or did I ever see or was it ever handed to me,

1 Terry McCann's report of John Murray not being able to  
2 take a polygraph test.

3 Q. McCann's polygraph report?

4 A. Correct.

5 Q. And we looked at that yesterday I think as  
6 one of the exhibits.

7 A. Yes.

8 Q. When did this con -- this particular  
9 conversation about that polygraph report take place?

10 A. One of the two meetings I had with  
11 Mr. Bowman.

12 Q. Okay. Was anybody else present at the time?

13 A. The first meeting, his associate Alexa.

14 Q. Was present?

15 A. Yes.

16 Q. Where did that meeting take place?

17 A. At the restaurant in Pontiac, and I don't  
18 recall the name of the restaurant.

19 Q. Okay. They had that polygraph report with  
20 them at the time?

21 A. I don't recall if they did or not.

22 Q. But you knew what they were talking about?

23 A. We were, the three of us, and also in a  
24 second meeting with Mr. Bowman, we knew what we were

1 talking about, yes.

2 Q. I'm talking about the Murray report, the  
3 polygraph report, you knew what he was talking about?

4 A. Correct.

5 Q. What did they ask you about it?

6 A. Well, I don't know how -- recall how he  
7 phrased the question or comment. It was did I ever  
8 receive this, did I ever see this, something along  
9 that nature.

10 Q. Okay. And what was your response?

11 A. My response was I could have received a copy  
12 of it. I could have read it.

13 Q. You didn't have a memory of it?

14 A. As to how I became privy to it, I did not  
15 recall exactly how.

16 Q. Did you recall getting it during -- at some  
17 point during the Lockmiller investigation before the  
18 trial?

19 A. No, I do not.

20 Q. You didn't recall getting it?

21 A. I do not recall if I received it then.

22 Q. You obviously -- well, obviously since then  
23 you've seen it obviously?

24 A. Correct.

1 Q. Did you ever have any -- strike that. Let me  
2 go back to my other question.

3 Did you -- did you talk about any other  
4 issues relating to that polygraph report?

5 A. Other than the polygraph report?

6 Q. Well, anything else besides whether you've  
7 seen it before?

8 A. I don't recall.

9 Q. All right. What about any other questions  
10 about missing evidence or evidence not turned over to  
11 the State's Attorney or to the defense -- Beaman's  
12 defense team?

13 A. As I recall, that was the one issue.

14 Q. Okay. You mentioned a second meeting, and  
15 who was that with?

16 A. Mr. Locke Bowman.

17 Q. And who else?

18 A. Myself.

19 Q. Where was that?

20 A. At the same restaurant in Pontiac.

21 Q. Okay. And that first meeting with Alexa  
22 and -- and Mr. Bowman at the restaurant in Pontiac,  
23 that was your first meeting --

24 A. Correct.

1 Q. -- with his attorneys in the civil case?

2 A. Correct.

3 Q. Okay. All right. Did you ever have any  
4 conversations with anybody at the Normal Police  
5 Department about that polygraph report?

6 A. With Lieutenant Warner.

7 Q. Is that the only person you've spoke to about  
8 it at the Normal Police Department?

9 A. At the Normal Police Department, I don't  
10 recall if I spoke to other officers or records  
11 personnel about that or not.

12 Q. All right. But you do remember a  
13 conversation with Dave Warner?

14 A. Yes.

15 Q. And when did that take place?

16 A. I don't recall. I know it had to be after  
17 him receiving a subpoena for the deposition.

18 Q. For Mr. Warner's -- for Lieutenant Warner's  
19 deposition?

20 A. Well, there were four officers. All four of  
21 the officers received a subpoena or affidavit,  
22 subpoena.

23 Q. So if I tell you that Lieutenant Warner's  
24 deposition took place last December 2012, does that

1 refresh your memory about when this conversation took  
2 place at all?

3 A. Well, it couldn't have taken place after  
4 that, because I was no longer employed there. So I  
5 guess it would refresh my memory because I did have a  
6 conversation with him about it.

7 Q. So you do remember you were employed there at  
8 the time?

9 A. December?

10 Q. No. When you had the conversation with  
11 Warner.

12 A. Yes.

13 Q. Okay. And were you at work when you -- when  
14 you had the conversation?

15 A. Yes, I had -- I had to be because I don't  
16 socialize with Dave Warner.

17 Q. Okay. So where did the conversation take  
18 place?

19 A. I don't recall. It could have been in a  
20 hallway. It could have been in his office.

21 Q. Somewhere at the department?

22 A. In the building, yes.

23 Q. Okay. And was anybody else there?

24 A. I don't recall.

1 Q. So how did it come up?

2 A. I don't recall that either.

3 Q. Can you recall anything that was said between  
4 the two of you?

5 A. Well, Lieutenant Warner, I believe that he is  
6 the one that escorted -- accompanied John Murray over  
7 to the polygraph. I believe it was during this  
8 conversation where I said, no, I'm the one that had  
9 taken him over, because I remember having a  
10 conversation with him on the way back. And I remember  
11 what Mr. McCann had reported to me while still over  
12 there at the Morton Crime Lab regarding John Murray's  
13 behavior.

14 Q. So Detective Warner told you that he was the  
15 one who took Murray to the -- to get the polygraph --

16 A. Yes.

17 Q. -- is that what you're saying?

18 A. That's what he had said, yes.

19 Q. And you corrected him because you remembered  
20 that you did it; is that correct?

21 A. If you want to use the word correct, yes.

22 Q. Okay. And what did he say?

23 A. I don't recall what his response was.

24 Q. Did he argue with you or -- or dispute that

C07118

1 you did it as opposed to himself?

2 A. No, he did not. I can recall he did not do  
3 that.

4 Q. Did it refresh his memory that --

5 A. I -- I don't recall that either.

6 Q. You don't recall what his reaction was?

7 A. No.

8 Q. Can you -- what else was discussed between  
9 the two of you in this conversation?

10 A. Basically that was it as I can best recall.

11 Q. Okay. Do you -- you can't remember anything  
12 else about that conversation with Dave Warner; is that  
13 fair to say?

14 A. No, that was about all I could recall as far  
15 as the evidence.

16 Q. All right. And have you talked to  
17 Dave Warner since that date about this polygraph?

18 A. I have not seen Dave Warner since December.

19 Q. Okay.

20 A. Therefore, I couldn't have talked to him.

21 Q. All right. So what you've just described to  
22 me is the only conversation you've had with  
23 Dave Warner about anything having to do with that  
24 polygraph as far as you could remember?

1 A. As far as I can remember, yes.

2 Q. Okay. Do you recall telling Dave Warner that  
3 you didn't understand why he was a defendant in the  
4 case?

5 A. I could have.

6 Q. You don't remember that, though?

7 A. No, I don't remember that particular  
8 statement, no.

9 Q. Is that a -- is that something that you would  
10 agree with today, you don't know why he's a defendant  
11 in the case?

12 A. That's correct.

13 Q. Would it be fair to say you don't feel like  
14 Dave Warner -- well, you don't believe Dave Warner did  
15 anything wrong in this case?

16 MR. BOWMAN: Objection, foundation.

17 THE WITNESS: In my opinion, Dave Warner did  
18 not do anything that would have been illegal or  
19 unprofessional.

20 BY MR. DiCIANNI:

21 Q. Okay. You have no reason to believe that  
22 Dave Warner would have done something to intentionally  
23 hide that polygraph report from anybody?

24 MR. BOWMAN: Objection, foundation.

C07120

1 THE WITNESS: In my opinion, I don't believe  
2 he had any motive, anything to gain by that, nor did  
3 he do it.

4 BY MR. DiCIANNI:

5 Q. Okay. And it's -- and it's -- it's true -- I  
6 mean, I may just be reiterating what you've said  
7 before, but you have not discussed any missing  
8 evidence issues regarding the Beaman trial with any of  
9 the other people that you know to be defendants in  
10 this case?

11 A. Any missing evidence?

12 Q. Right.

13 A. And -- no, other than what I just testified  
14 to as far as the missing a letter, misplaced letter.

15 Q. Regarding the polygraph exam?

16 A. Correct. Yeah.

17 Q. With Warner?

18 A. Correct.

19 Q. No, no, I mean besides that.

20 A. With anyone else?

21 Q. Yeah.

22 A. Regarding the case itself?

23 Q. Regarding any questions about any missing  
24 evidence. Let me rephrase the question.

1 A. Yeah, please.

2 Q. Other than the conversation you had with  
3 Dave Warner about the John Murray polygraph report  
4 which we've just discussed, have you had any  
5 conversations other than that with any of the other  
6 defendants about any issue of missing evidence?

7 A. No, I do not.

8 Q. Have you considered yourself an advisor to  
9 Beaman's lawyers in the civil case -- in this case?

10 A. Advisors, no.

11 Q. Pardon me?

12 A. As an advisor?

13 Q. Yeah.

14 A. No.

15 Q. Did you ever tell Dave Warner, you know I'm  
16 on their side? "Their" meaning Beaman's lawyers.

17 A. I don't recall those exact words.

18 Q. Do you recall something similar to that?

19 A. That's a possibility as to they questioned --  
20 they meaning the four officers mentioned in the civil  
21 lawsuit. I don't recall saying I'm on their side, but  
22 something came up to the effect, well, why didn't you,  
23 Tony, receive a subpoena? And my reply could have  
24 been something along the lines that I'm on their side

C07122

1 or I defended him or my name wasn't on the arrest  
2 warrant, something of that nature, to give credence to  
3 the fact that my name was not mentioned in the  
4 lawsuit.

5 Q. Okay. So --

6 A. Is that satisfactory?

7 Q. You don't have to give answers that are  
8 satisfactory. I just want you to give me what your  
9 answer is. I'm just looking for the facts.

10 So -- so you may have said -- you -- you --  
11 you will not rule out that you said to Dave Warner at  
12 some point in time, I'm on their side. Their meaning  
13 Beaman and his lawyers.

14 A. I would not rule that out, correct.

15 MR. DiCIANNI: All right. In -- do you want  
16 to take a break? It's been an hour.

17 MR. BOWMAN: It's up to you.

18 MR. DiCIANNI: Yeah, take a little break.

19 THE VIDEOGRAPHER: Off the record, 10:46.

20 (Whereupon, a break was taken.)

21 THE VIDEOGRAPHER: On the record, 10:54.

22 BY MR. DiCIANNI:

23 Q. Mr. Daniels, we have been talking about the  
24 John Murray polygraph, and it's Exhibit 21. I'll just

1 show it to you. As we discussed yesterday, it was  
2 directed -- addressed to Dave Warner. And I think you  
3 said yesterday that you thought it was directed to  
4 Warner or addressed to Warner either because he may  
5 have called to ask to set it up or it was -- he was  
6 the evidence technician. Is that -- did I understand  
7 that?

8 A. Yes, he's the -- the evidence tech, and it  
9 could have been -- the reason why it was addressed to  
10 him, it could have been for that particular reason.

11 Q. Did -- did -- did polygraph reports generally  
12 go into evidence?

13 MR. BOWMAN: Object to the form of the  
14 question. That's vague. It's not clear.

15 THE WITNESS: Generally I couldn't answer  
16 that. The procedure would have been if it's an  
17 official document, not a copy such as this is, it  
18 should go either in -- placed into evidence or more  
19 than not, it would have been in records.

20 BY MR. DiCIANNI:

21 Q. So -- so documents generally didn't go into  
22 the evidence locker or whatever you wanted to call it,  
23 the evidence section?

24 A. Well, I can't answer that question and be

1 truthful with it because I do not know.

2 Q. Okay. All right. So you don't know if this  
3 was directed to -- to Warner because he was the  
4 evidence technician?

5 A. That's correct.

6 Q. And you don't know if polygraph reports  
7 generally went into the evidence section?

8 A. Correct.

9 Q. All right. Now, in connection with the --  
10 with the work you did with Hospelhorn, I think you  
11 said yesterday that you left it to Hospelhorn  
12 generally to do the reports.

13 A. No, he -- I don't think I stated that. I  
14 would leave it to him. He would volunteer to do the  
15 report such as -- as we -- after we talked to the  
16 witnesses.

17 Q. Okay. So sometimes you would -- you would  
18 offer to do the reports, sometimes he would offer to  
19 do the report?

20 A. I -- I would say so, yes.

21 Q. Okay. Was he involved at all in -- in the  
22 polygraph -- getting Murray to the polygraph report --  
23 polygraph exam?

24 A. As I recall, he was not.

1 Q. Okay. And did he have any interaction as far  
2 as you know regarding the receipt of the polygraph  
3 report?

4 A. As far as I know, no.

5 Q. Regarding Frank Zayas, did he have, as far as  
6 you know, any direct involvement in bringing Murray or  
7 getting Murray out to get the polygraph report?

8 A. As far as I know, no.

9 Q. In terms of any interaction regarding the  
10 polygraph report itself, did he have any involvement  
11 in that?

12 A. To my knowledge, I do not know.

13 Q. And Tim Freesmeyer in terms of getting Murray  
14 out to take a polygraph, was he involved in that in  
15 any way?

16 A. As far as I know, I do not know. As far as I  
17 recall, I do not know.

18 Q. Are you aware of any interaction he had with  
19 you or anyone else regarding Murray's polygraph  
20 report?

21 A. No.

22 Q. You test -- well, we saw your testimony  
23 yesterday from one of the hearings where you made the  
24 statement that Freesmeyer set up -- I'm sorry,

1 Freesmeyer requested Murray to take the second  
2 polygraph -- take another polygraph examination. Do  
3 you recall that?

4 A. Do I recall the conversation yesterday?

5 Q. Yes.

6 A. That we discussed that issue?

7 Q. Well, all right. Let me pull out the  
8 testimony. Here. If you would take a look at page  
9 127 from Exhibit 16 from yesterday.

10 MS. BARTON: He's got it.

11 BY MR. DiCIANNI:

12 Q. You have it there, okay.

13 A. 127.

14 Q. Yeah. You testified -- starting actually  
15 page 126. You were asked the question: "At any point  
16 after that initial test, was John Doe One asked to  
17 take another polygraph examination?"

18 "Answer: Yes. I asked him in our return trip  
19 back to Normal from Morton if he would take another  
20 examination perhaps given by a female since maybe the  
21 male maybe intimidated him some. He was in agreement  
22 to that. And then later on, I've also learned that  
23 Detective Freesmeyer had asked him to take the  
24 polygraph and he declined that."

1           Do you recall yesterday we talked about that  
2 testimony?

3           A.    I recall the portion where I tried to explain  
4 that perhaps a female examiner he may feel more at  
5 ease.

6           Q.    Yeah.

7           A.    And as far as Freesmeyer, I don't recall  
8 yesterday saying that Freesmeyer had asked him and he  
9 declined.

10          Q.    Okay. Well, let me ask you about that then.  
11 When you -- you don't dispute that this testimony was  
12 given?

13          A.    Oh, no.

14          Q.    Okay.

15          A.    Can't dispute that.

16          Q.    When you testified to this, Freesmeyer had  
17 asked him to take the polygraph, were you referring to  
18 the one that he actually went down to Morton with you  
19 to take or were you referring to a second one?

20          A.    I'm referring to Detective Freesmeyer's  
21 request to John Murray to take a polygraph test.

22          Q.    Where did you learn that?

23          A.    It's in Freesmeyer's report somewhere.

24          Q.    Okay. So you read Freesmeyer's report and

1 that's where you saw that there was some reference to  
2 John Murray taking the polygraph?

3 A. Yes, there was.

4 Q. Okay. There's nothing else -- you don't have  
5 any other source for that information?

6 A. No.

7 Q. Okay. All right. Have you ever spoken with  
8 Tim Freesmeyer about this case since the trial?

9 A. If I did speak to him, I do not recall. And  
10 if I did actually speak with him, I don't recall what  
11 the subject of the matter would be.

12 Q. Okay. You testified yesterday that you  
13 thought the Chicago Police Department recommendation  
14 that Freesmeyer continue with his contacts with Beaman  
15 was incorrect. You didn't agree with it because you  
16 thought that Freesmeyer was inexperienced, and  
17 although energetic, didn't have the training or  
18 experience to be doing that.

19 A. What the -- I'm sorry. What the Chicago two  
20 homicide detectives indicated that they thought that  
21 Freesmeyer should continue to talk to Alan. My  
22 opinion was Freesmeyer lacked the experience.

23 Q. Okay. Chicago Police thought that because of  
24 his age, closer to Beaman's, he should be the one to

1 continue?

2 A. Correct.

3 Q. You thought that he needed more -- he didn't  
4 have the experience to do it?

5 A. To interview him, correct.

6 Q. Right. What did you think -- what did you --  
7 what did you think was ineffective about Freesmeyer's  
8 interactions with Beaman?

9 A. I did not witness any of Tim Freesmeyer's  
10 confrontations with Alan Beaman. Only from the  
11 reports, from the overhears.

12 Q. You read those?

13 A. Yes, I believe I did read them.

14 Q. Did you read them while the investigation was  
15 going on or did you read them after he had already  
16 been arrested and charged?

17 A. I don't recall.

18 Q. Did you have that opinion at the time that  
19 you met with the Chicago Police Department that  
20 Freesmeyer was -- should not have been the one to  
21 continue the interaction with Beaman?

22 A. I do not know if that was the time that I  
23 thought that he wasn't experienced enough --

24 Q. So --

1           A.    -- or it could have been earlier.

2           Q.    So the opinion that he wasn't experienced  
3 enough and the disagreement with the Chicago Police  
4 recommendation, that may have been something you  
5 formed later; is that what you're saying?

6           A.    I disagreed with what the homicide detectives  
7 said in regards to Freesmeyer continuing to confront  
8 Alan. I disagreed with that based upon the fact that  
9 I didn't think Alan -- or, I'm sorry, I didn't think  
10 Tim was experienced enough to conduct interviews with  
11 Alan.

12          Q.    But I'm saying did you believe that at the  
13 time?

14          A.    I don't recall at that time, at the  
15 Chicago PD or later on in the investigation. I do  
16 recall making a suggestion to Assistant Chief  
17 Walt Clark when they brought Alan to the Normal Police  
18 Department that perhaps we, meaning the police  
19 department, should secure the cooperation, the  
20 assistance from -- someone from the John Reid School  
21 of Interview and Interrogation because this may be our  
22 only chance, we, meaning the Normal Police  
23 Department's only chance to talk with Alan prior to  
24 his arrest.

1 Q. So you wanted to hire somebody from a  
2 different agency to talk to Beaman?

3 A. Well, if you want to use that term hire, yes.  
4 We needed their professionalism, we needed their  
5 experience. Once again, Tim was not experienced  
6 enough.

7 Q. What about yourself, why didn't -- did you  
8 suggest that you -- did you feel like you were  
9 experienced enough?

10 A. I -- based upon my experience and training  
11 and prior investigations that I had and where I  
12 extracted confessions, yes, more so than Tim because  
13 Tim had not been trained.

14 Q. So why would you have to go out get somebody  
15 who was outside the department --

16 A. Well, they did not want me because Chicago PD  
17 did not recommend me because I was too much of a  
18 direct threat to Alan because authoritative figure as  
19 well as the age.

20 Q. Chicago Police said that?

21 A. Correct.

22 Q. Okay. Did you -- and you agreed with that?

23 A. I agreed with?

24 Q. With the Chicago Police's view on your -- you

1 being the one to talk to Beaman?

2 A. I disagreed once again that Tim should have  
3 been the person to talk with Alan.

4 Q. Well, I'm not asking that. I'm asking did  
5 you disagree with the Chicago recommendation that you  
6 not be the one?

7 A. No, I didn't agree with that.

8 Q. You did not agree with that?

9 A. No, I did not.

10 Q. Did you express that to anyone? Did you ever  
11 say I should be the one to do this?

12 A. I don't recall whether I said that to them or  
13 not or at a later time other than what I just  
14 explained to you about getting John Reid's expertise  
15 involved would lead one to believe that I wasn't  
16 qualified or I was not asked to or I was not  
17 considered.

18 Q. Were you resentful about that?

19 A. No, I wasn't resentful that Tim would further  
20 attempt to make contact or talk with him or interview  
21 him. It was the fact that it seems that suggestions  
22 from anyone that had the experience fell by the  
23 wayside.

24 Q. Well, the Chicago Police investigators who

1 made the recommendation, they were very experienced?

2 A. Correct.

3 Q. Okay. And -- and they disagreed with you and  
4 agreed with Tim, correct?

5 A. I disagreed with them.

6 Q. Okay. All right. Fine. Were you resentful  
7 about their -- I'll use the term favoring Tim over you  
8 in connection with that important part of the  
9 investigation?

10 A. No, not as far as favoring or resentment as a  
11 fact that why use an inexperienced interviewer,  
12 detective to interview a homicide suspect.

13 Q. So you were not resentful?

14 A. No, not resentful, no.

15 Q. Okay. Were you ever blamed by anyone for  
16 Beaman going out and lawyering up -- which is a term I  
17 actually hate, but I'll use it -- lawyering up after  
18 the initial investigation -- initial interview with  
19 him in August of '93?

20 A. I -- I don't think I would have said  
21 something of that nature, nor do I recall if I did.

22 Q. Do you remember anybody ever saying to you or  
23 criticizing you for coming on in a way that caused  
24 Beaman to go hire a lawyer?

1           A.    Seems that Mr. Souk did, but he did it in a  
2 jokingly fashion.

3           Q.    What do you mean?

4           A.    Well, I think he said -- I believe he said  
5 something like, well, if you would have got a  
6 confession from him.

7           Q.    That's --

8           A.    If I would have got a confession from him --

9           Q.    Yeah.

10          A.    -- then the investigation wouldn't have had  
11 to go that far.

12          Q.    When did he make that statement?

13          A.    I do not recall when or who was present or  
14 where that was made.

15          Q.    But it was -- you interpreted that as being  
16 some kind of a statement that you failed because you  
17 didn't get --

18          A.    I didn't take it personally. I took it as  
19 just a joke or a side -- a side remark.

20          Q.    Okay.

21          A.    He didn't offend me in that statement.

22          Q.    All right. If you look at Exhibit 3, it  
23 appears that the last police report that you wrote in  
24 connection with the investigation was October 4, '93.

1 I think that's the -- it's the second to the last  
2 page, 257. Is that fair to say that was the last  
3 report you wrote in connection with the -- with the  
4 investigation?

5 A. I can't say that for sure because is this all  
6 the documents in whose file? The State's Attorney's  
7 file? The Normal Police Department's file?

8 Q. You have no memory of writing any reports  
9 after October 4, '93?

10 A. Correct.

11 Q. You testified about your role in the case  
12 becoming much less active than other people at some  
13 point in time?

14 A. Yes.

15 Q. We see in Exhibit 3 a series of reports  
16 beginning early September '93 and ending October 4 of  
17 '93. Would that refresh your memory that there was  
18 a -- that that was approximately the time in which  
19 your role in the investigation was lessened?

20 MR. BOWMAN: Object to the form of the  
21 question.

22 THE WITNESS: During these two dates, are you  
23 asking me as time progressed, that my activity in this  
24 investigation lessened?

1 BY MR. DiCIANNI:

2 Q. Yes.

3 A. I would have to say, yes, that there's no  
4 more reports.

5 Q. Right, and you testified to that yourself?

6 A. Okay.

7 Q. You testified at some point in time after the  
8 early part of the investigation, your role in it  
9 diminished?

10 A. Correct.

11 Q. Okay. And was it explained to you why your  
12 role was being diminished?

13 A. If it was, I don't recall, and by whom, I  
14 don't recall other than that conversation I had with  
15 Frank Zayas about returning to my cases.

16 Q. Okay. You took that, though, as a  
17 diminishment of your role in the case?

18 A. Correct.

19 Q. Okay. Were you resentful about that?

20 A. No, I wasn't.

21 Q. Did you believe that was the wrong move by  
22 the CID?

23 A. I can't say that it was a wrong move. I  
24 don't have an opinion regarding that either.

1 Q. Now, you still consider John Murray a viable  
2 suspect, correct?

3 A. As we're sitting here today?

4 Q. Yeah.

5 A. Yes, I do.

6 Q. Okay. Is there anybody else that you  
7 consider to be a viable suspect?

8 A. Those individuals that -- there were two DNA  
9 swabs, I guess, that came from Virginia -- Virginia.  
10 From Jennifer, from her vagina area. Those have not  
11 been identified as to whom is responsible. Not  
12 knowing that information until after the evidence was  
13 reexamined, I would have to include those people.

14 Q. Okay. And those have not been matched yet?

15 A. Correct.

16 Q. All right. So you do not consider  
17 Michael Swaine a viable suspect anymore?

18 A. I do not.

19 Q. You don't -- you don't consider Stacey --  
20 Stacey Gates a viable suspect anymore?

21 A. I do not.

22 Q. You don't consider Alan Beaman a viable  
23 suspect anymore?

24 A. I do not.

1 Q. Okay. What about Rob Curtis? Do you still  
2 consider Rob Curtis -- or I don't know if you ever  
3 did, but do you consider Rob Curtis today a viable  
4 suspect?

5 A. I do not know what Rob Curtis's role was in  
6 this particular case. Now, was he a witness or a  
7 suspect at the time?

8 Q. Were you the one who pulled up the  
9 investigation regarding Rob Curtis being involved in  
10 some kind of cat torture ritual?

11 A. I don't recall that.

12 Q. Doesn't ring a bell?

13 A. I don't recall that subject, and I don't  
14 recall being involved in honing up an investigation  
15 involving him.

16 Q. So why do you still consider John Murray a  
17 viable suspect?

18 A. He has not been excluded. To my knowledge,  
19 he has not been excluded.

20 Q. And what includes him?

21 A. Includes him?

22 Q. (Nodding.)

23 A. The fact that he lives approximately a five-  
24 to seven-minute drive from Jennifer. He supplied them

1 drugs. He was and she was attempting to renew their  
2 relationship.

3 He stated that he was afraid of Alan Beaman's  
4 and that's why he stayed in a motel with his  
5 girlfriend the night that he returned to Normal.

6 The fact that he -- regardless if you believe  
7 in -- in Greta Alexander and her psychic abilities is  
8 irrelevant. The fact that she is an investigative  
9 tool as much as the polygraph is. The fact that he  
10 went there by himself for unknown reasons and his two  
11 interviews that we conducted -- that Rob Hospelhorn  
12 and I conducted with him.

13 The fact that he was less than cooperative  
14 from the time that he got to the crime lab to take the  
15 polygraph. The fact that he, Murray, did not want to  
16 take a polygraph after the first attempt.

17 And also the fact that he had committed  
18 domestic violence against his girlfriend in the same  
19 fashion that Jennifer was killed. The fact that  
20 Jennifer's girlfriend, even though it is hearsay,  
21 witnessed other domestic violences between John Murray  
22 and Deb, his girlfriend.

23 The fact that Alan showed no history of any  
24 physical violence against Jennifer. He was meek. I

1 think that there was an attempt made by Alan that she  
2 could physically overcome Alan.

3 The fact that Alan's vehicle was not, in my  
4 opinion, capable of driving in excess of 100 miles an  
5 hour from Normal.

6 Q. Well, let me now -- let me stop you there  
7 only because that seems to be -- I'm not asking you  
8 what excludes Beaman as a suspect. I was asking you  
9 what includes Murray as a suspect?

10 A. Murray had the vehicle. He had the distance.

11 Q. Right.

12 A. He had the opportunity.

13 Q. Opportunity, right.

14 A. Also I think John Murray had called  
15 Deborah Mackoway at her place of employment which is  
16 the hospital to set up an alibi, meaning that he had  
17 called her from the apartment; he couldn't have  
18 committed the crime.

19 Q. Is this -- are -- are these factors that you  
20 considered in believing that John Murray is a viable  
21 suspect? Are these -- are these considerations that  
22 you formed after the trial -- after Beaman's trial or  
23 did you have these prior to Beaman's trial?

24 A. Prior to his trial.

1 Q. So you considered John suspect -- John Murray  
2 a suspect who was still viable and still needed to be  
3 ruled out even at the time that Beaman was under  
4 arrest and being charged?

5 A. Yes.

6 Q. And did you also believe that Gates and  
7 Swaine were not viable suspects even at the time  
8 Beaman was under arrest and being charged?

9 A. Yes.

10 Q. And did you consider Beaman not being a  
11 viable suspect even at the time that he was arrested  
12 and being charged?

13 A. No. I -- I considered him still a suspect in  
14 the fact that he was arrested.

15 Q. So your opinion that -- or your -- yeah, your  
16 opinion that Beaman is not a viable suspect, that  
17 is -- that was formed after his trial?

18 A. Yes, when I -- I learned certain facts  
19 regarding the trial. I learned those post-conviction  
20 hearing.

21 Q. Okay. Wouldn't -- wouldn't Murray's going to  
22 stay at a hotel so Beaman -- so he would be safe from  
23 Beaman, wouldn't that confirm a fear of he thinks he  
24 got Jennifer and now he's -- now he's next? He thinks

1 Beaman got Jennifer and now Murray believes he's next?  
2 Wouldn't that confirm suspicion on Alan?

3 A. I guess it depends on how you look at it.

4 Q. Well, how did you look at it? How did -- how  
5 did that suggest to you Murray was a -- was a  
6 suspect --

7 A. Well, that fact --

8 Q. -- going to the hotel?

9 A. That -- that fact in and of itself did not.  
10 Other factors --

11 Q. Okay.

12 A. -- that came into play.

13 Q. And he went -- when he went to the psychic,  
14 didn't the psychic pick out Alan and Carbone from a --  
15 from a yearbook?

16 A. According to John Murray's statement, yes.

17 Q. Okay. That didn't seem to be true?

18 A. Pardon me?

19 Q. That -- that -- you don't believe that's  
20 true, though?

21 A. I can't say that.

22 Q. And wouldn't nervousness or inability to  
23 perform the polygraph or nervousness during the  
24 interviews, couldn't that be explained by Murray being

1 a drug dealer and also being an informant?

2 A. That would probably be left up to a poly  
3 examiner to determine.

4 Q. Well, I'm talking about in your mind.

5 A. About who?

6 Q. In your mind.

7 A. Being nervous?

8 Q. Yeah. Wouldn't that be explained not by  
9 guilt over having committed a murder, but by -- by the  
10 fact that he's a drug dealer and he's an informant and  
11 he's now being asked to give information --

12 A. That --

13 Q. -- could implicate him?

14 A. That possibility exists -- could exist.

15 Q. All right. Were you in possession of a bag  
16 of evidence taken from the crime scene at some point  
17 in the investigation?

18 A. Yes.

19 MR. BOWMAN: Objection, that's vague and  
20 ambiguous. Objection.

21 THE WITNESS: Yes.

22 BY MR. DiCIANNI:

23 Q. And what was in that bag?

24 A. As I can best recall, we obtained a plastic

1 shopping bag from one of the neighbors across from  
2 where Jennifer lived to place in there further  
3 evidence. I believe that was another plastic shopping  
4 bag that was found and I believe it was -- as I  
5 recall, it was taken into evidence to determine if  
6 there would have been some fingerprints on there that  
7 could be valuable for the investigation.

8 Q. So the plastic bag you got from the neighbor  
9 was in order to secure it -- secure the other plastic  
10 bag that was taken from her apartment?

11 A. As I can recall, the -- a plastic bag was  
12 taken from the apartment.

13 Q. What was in the plastic bag taken from the  
14 apartment?

15 A. Well, I don't recall exactly what it -- what  
16 was in there item for item.

17 Q. Okay. Where did you get it?

18 A. There in Jennifer's apartment. I don't know  
19 if I -- if it came from the floor area in front of the  
20 kitchen sink or if it came from the sofa.

21 Q. Okay. And why did you take possession of it?

22 A. Somebody had to.

23 Q. Were you directed to?

24 A. No. As I recall, there were -- either

1 Rob Hospelhorn and/or Dave Warner was with me at that  
2 time. It was a subsequent visit to the crime scene.

3 Q. Okay. Was the crime scene investigation  
4 completed, the crime scene analysis?

5 A. At that time?

6 Q. Yeah.

7 A. I do not recall whether it was completed at  
8 that time or if it was turned back over to the  
9 apartment owner.

10 Q. All right. What did you do with the bag?

11 A. Well, I brought it back to the police  
12 department. I don't -- I don't recall myself  
13 physically entering it into evidence or having someone  
14 else do it.

15 Q. All right. So you -- you have no memory of  
16 what you did with it once you brought it back to the  
17 station?

18 A. Correct.

19 Q. Okay. Was it your practice that any  
20 information that you obtained in connection with an  
21 investigation would be turned over to the  
22 State's Attorney's Office if there were charges  
23 brought?

24 A. Of any investigation?

1 Q. Yeah. If your --

2 MR. BOWMAN: I need that question back. I  
3 spaced out for a minute. Sorry.

4 (Whereupon, the record was  
5 read as requested.)

6 MS. BARTON: Object to form.

7 THE WITNESS: That's the question?

8 BY MR. DiCIANNI:

9 Q. Yeah.

10 A. Normally, yes, that would be my practice.

11 Q. Okay. And as far as your understanding was,  
12 that was the practice of the detectives you worked  
13 with in -- in CID?

14 A. Over the years, yes.

15 Q. Why did you go to visit -- well, strike that.  
16 When -- when you went to visit John Murray  
17 after he was arrested for the domestic battery and the  
18 drug charges in 1994, am I to understand you did that  
19 on your own?

20 A. Yes, I did.

21 Q. You were not directed by anyone?

22 A. As I recall, I was not.

23 Q. And how did you find out that he had been  
24 arrested?

1           A.    We have -- as I recall, we have a daily  
2 readout of who's incarcerated.

3           Q.    Okay.

4           A.    I do not know if I obtained information from  
5 that report or someone else had told me.

6           Q.    And -- and you considered John Murray your  
7 lead in connection with the Lockmiller investigation?

8           A.    As the investigation went on, my -- my  
9 thoughts turned towards John Murray being a very  
10 viable suspect because we could not exclude him based  
11 upon my previous testimony here this morning.

12          Q.    But in terms of responsibility in the  
13 invest -- in the Lockmiller murder investigation, you  
14 considered John Murray to be your responsibility in  
15 that investigation?

16          A.    Yes -- oh, I'm sorry, you say responsibility?

17          Q.    Well, part of your role was to follow up on  
18 John Murray, correct?

19          A.    Like any investigation, when you conduct an  
20 interview and there are questions that are unanswered  
21 regardless if it's the Lockmiller case, a detective  
22 should follow up.

23          Q.    Okay. You -- you conducted the first two  
24 interviews with Murray?

1 A. With Rob Hospelhorn, yes.

2 Q. With Rob Hospelhorn.

3 You invest -- you interrogated or interviewed  
4 Deb Mackoway regarding Murray?

5 A. It seems that we did, yes.

6 Q. You took Murray for the polygraph?

7 A. Yes.

8 Q. You went to see Murray in the jail after he  
9 had been arrested in 1994, correct?

10 A. Correct.

11 Q. So those were all activities that you did and  
12 followed up on regarding John Murray?

13 A. Correct.

14 Q. Did you get the State's Attorney's approval  
15 to go talk to John Murray during -- while he was  
16 incarcerated?

17 A. I don't recall asking.

18 Q. Okay. Would that be unusual?

19 A. Not necessarily, no.

20 Q. Well, Beaman had already been charged.

21 A. Okay.

22 Q. Would it be unusual not to get the approval  
23 of a State's Attorney to go interview a possible  
24 suspect on a case where somebody's been charged?

1 MS. BARTON: Object to form.

2 THE WITNESS: I think that's up to the  
3 discretion of the detective.

4 BY MR. DiCIANNI:

5 Q. Okay. All right. And Murray was not  
6 interested in working with you?

7 A. Correct.

8 Q. You were willing to make him an offer to go  
9 talk to the prosecutor for leniency, correct?

10 A. No. I was willing to work with him and the  
11 State's Attorney's Office in an offer.

12 Q. Yes.

13 A. I do not have the authority or position to  
14 make him an offer prior to getting it approved by the  
15 State's Attorney.

16 Q. I understand that fully. But -- but you --  
17 you were -- you offered to him, to Murray, that if he  
18 would cooperate, you would talk to the State's  
19 Attorney about leniency?

20 A. Correct.

21 Q. Okay. And you said that to him?

22 A. Yes, I said -- well, not those exact terms,  
23 but he understood that you help us with this and then  
24 I'll do what we can to assist you with your current

1 issue.

2 Q. You made that clear to him?

3 A. Yes.

4 Q. Okay. Did he tell you that he was already  
5 helping himself as an informant?

6 A. He informed me as I recall that he had an  
7 attorney --

8 Q. Okay.

9 A. -- for that particular reason why he was  
10 incarcerated.

11 MR. BOWMAN: And I'm late, but I do want to  
12 lodge an objection to the form of that last question,  
13 vague and ambiguous.

14 BY MR. DiCIANNI:

15 Q. When he said he had an attorney, did you --  
16 did you then terminate your questioning?

17 A. Well, there were no -- the answer would be I  
18 don't recall.

19 Q. Okay. You never reached out to his lawyer to  
20 see if the --

21 A. No, I did not.

22 Q. -- to see if the lawyer would want to follow  
23 up on the -- on your proposal?

24 A. No, I did not.

1 Q. Now, you became the head of CID, not -- not  
2 temporarily, but permanently for a while, correct?

3 A. Yes.

4 Q. And when about did that happen?

5 A. I don't recall the exact date. More dates --  
6 inclusive dates I don't recall. It would be on file  
7 somewhere with the Normal Police Department  
8 administrative office.

9 Q. Who did you succeed?

10 A. Probably for -- probably Frank Filliponi.

11 Q. Well, I know you did that temporarily and  
12 then Zayas came back.

13 A. Captain Gary Spears also was an overseer at  
14 one point. When Chief Taylor had passed away, as I  
15 recall, Captain Spears was an interim police chief.  
16 At that time, I don't know if I was assigned those  
17 duties as the CID interim supervisor or not. I do not  
18 recall the exact dates or periods.

19 Q. Were you the CID supervisor when you retired?

20 A. Yes, I over -- oversaw the case assignments  
21 and preparing required monthly, weekly reports because  
22 Captain Spears relied upon me to do that.

23 Q. Well, are you saying that Captain Spears was  
24 the actual CID supervisor but he delegated some of

1 those duties to you or --

2 A. That's correct.

3 Q. So you were not officially the CID -- head of  
4 CID?

5 A. For title-wise, no. Duties, yes, I was.

6 Q. Okay. But at some point prior to retirement,  
7 you actually were the head of super -- of CID, a  
8 supervisor of CID?

9 A. Title-wise, no.

10 Q. Okay. Okay. When -- when materials were  
11 being obtained from the Normal Police Department in  
12 connection with the post-conviction proceedings  
13 regarding Beaman, were you in charge of providing  
14 those materials?

15 A. Materials such as what? Documents or --

16 Q. Documents or whatever.

17 A. Providing those to whom?

18 Q. To anybody who was subpoenaing them.

19 A. I don't recall. I could have been. I just  
20 don't recall.

21 Q. Was -- do you know if somebody was in charge  
22 of -- well, strike that.

23 Do you know if there was ever an assignment  
24 given to you, this case is going on now, this

1 post-conviction case is going on, Tony, you deal with  
2 it? Do you know if --

3 A. No, I don't recall that.

4 Q. Do you know if any inquiry or any subpoena  
5 regarding the post-conviction case was -- was assigned  
6 to you?

7 A. Those subpoenas would have went through  
8 records in order to obtain any copies of documents for  
9 the post-conviction hearing. Does that answer your  
10 question? Okay.

11 MR. DiCIANNI: Yeah, let's mark this as an  
12 exhibit. What's the last one?

13 THE COURT REPORTER: The next one is 25.

14 MR. DiCIANNI: Let her mark it, then I'll  
15 hand you a copy.

16 MR. BOWMAN: I think actually I've got an  
17 exhibit from yesterday which is a March 8, 2009 letter  
18 from Karen Daniel to Tony Daniels which was marked for  
19 identification as Daniels Exhibit 26.

20 (Whereupon, a discussion was  
21 had off the record.)

22 (Whereupon, Daniels Deposition  
23 Exhibit No. 27 was marked.)  
24

1 BY MR. DiCIANNI:

2 Q. Okay. I'm going to ask you to take a look at  
3 what's been marked as Daniels Exhibit 27. Have you  
4 seen this document before?

5 A. This document that's in front of me marked  
6 Exhibit 27 appears that we looked at that yesterday.  
7 I could be mistaken.

8 MR. BOWMAN: I think that, for the record,  
9 these are -- these are some, but not all of the  
10 documents that appear within an exhibit that was  
11 marked yesterday from Mr. Daniels's files. It was one  
12 of the blue binders. And just for the record, --

13 MR. DiCIANNI: Right. Right.

14 MR. BOWMAN: -- I think we should identify  
15 the exhibit number. Yes, Daniels Exhibit 15.

16 BY MR. DiCIANNI:

17 Q. Okay. What wasn't in Daniels Exhibit 15,  
18 though, was the subpoena that's on top, at least I  
19 don't think it was, and -- and what wasn't in it is  
20 the writing at the bottom. And it appears that this  
21 writing says -- and I don't think this is your  
22 handwriting, but I'll read it anyway. Maybe it'll  
23 refresh your memory.

24 Received documents from Lieutenant Daniels on

1 7-17-2000, then it's signed Anthony Matens. Do you  
2 see what I'm talking about?

3 A. Yes, uh-huh.

4 Q. Okay. That's not your writing, is it?

5 A. No.

6 Q. No, okay. It's probably Anthony Matens's.

7 But nevertheless, do you remember being the  
8 person who delivered documents to Anthony Matens in  
9 response to the subpoena?

10 MR. BOWMAN: Object to the form of the  
11 question.

12 THE WITNESS: I do not recall.

13 BY MR. DiCIANNI:

14 Q. Do you recall responding to any requests for  
15 any materials in connection with the post-conviction  
16 case that Beaman filed?

17 A. No, I do not.

18 Q. So you have no memory as to obtaining the  
19 documents that were responsive to this subpoena and  
20 providing them to Tony Matens?

21 A. That's correct, I do not.

22 Q. What is your -- strike that.

23 You have no knowledge of what happened to  
24 the -- the Lockmiller investigation file after the

1 conviction, after the trial?

2 A. The entire --

3 MR. BOWMAN: Object to the form of the  
4 question, vague, ambiguous.

5 THE WITNESS: No, I have no recall of what  
6 happened to the file after or before post-conviction.

7 BY MR. DiCIANNI:

8 Q. Do you have -- so you would have no knowledge  
9 as to what was in the file at the time of the  
10 prosecution of Alan Beaman as opposed to what may have  
11 been added to it afterward?

12 A. That's correct.

13 Q. Did you add documents to the main file  
14 after -- I know you -- strike that.

15 Did you add documents to the main file at the  
16 Normal Police Department regarding the Lockmiller  
17 investigation after the trial, after Beaman's trial?

18 A. I do not recall.

19 Q. You may have?

20 A. I do not recall.

21 Q. Let me ask you about the -- the meeting in  
22 May of 1994 in which there was discussion about the  
23 arrest of Alan Beaman. You -- you remember the  
24 meeting, correct?

1 A. Correct.

2 Q. I think you said that you wanted to say that  
3 we should follow up on some leads and then Souk cut  
4 you off, correct?

5 A. Correct.

6 Q. And Souk said I think we've got our guy or  
7 something like that, right?

8 A. Correct.

9 Q. Do you remember saying anything else?

10 A. I remember talking to Chief Taylor after the  
11 meeting.

12 Q. Okay. But I'm talking about at the meeting  
13 itself.

14 A. I don't recall.

15 Q. Do you recall saying at the meeting that you  
16 would not execute an arrest warrant for him?

17 A. I don't recall saying that at the meeting,  
18 no.

19 Q. Okay. Do you recall what any of the other  
20 police officers said at the meeting?

21 A. No.

22 Q. Okay. You recall some general discussion  
23 about the evidence, correct?

24 A. No.

1 Q. You don't?

2 A. No.

3 Q. You have no memory at all?

4 A. I don't -- I don't recall discussing,  
5 quote/unquote, evidence at the meeting.

6 Q. Well, what do you recall the other officers  
7 saying?

8 A. I don't.

9 Q. You don't, okay, okay.

10 Did you ever make the statement: I would not  
11 execute an arrest warrant?

12 A. Oh, I made that verbally.

13 Q. Where did you say that?

14 A. That if there was a warrant issued for  
15 Alan Beaman's arrest for the death of  
16 Jennifer Lockmiller, that I would not execute the  
17 warrant.

18 Q. When did you say that?

19 A. I said that probably several times to  
20 officers within the police department.

21 Q. Did you say it at the May 14 meeting or no?  
22 I mean, the May -- the May meeting we've just been  
23 talking about?

24 A. I don't recall if I said that or not.

1 Q. Did you say that to Chief Taylor in the  
2 conversation you had after the meeting?

3 A. I don't recall.

4 Q. You talked about your meeting with  
5 William Beu which took place right after Alan's  
6 arrest, correct?

7 MR. BOWMAN: Objection to the form of that  
8 question. The meeting included others as well.

9 MR. DiCIANNI: Right.

10 BY MR. DiCIANNI:

11 Q. Right, I wasn't -- I wasn't saying it was  
12 only William Beu. But you had had a meeting with  
13 William Beu and others after Alan's arrest, correct?

14 A. As I recall, people present was Mr. Beu,  
15 Mr. and Mrs. Beaman, Alan's parents, and  
16 Lieutenant John Brown from the county sheriff's  
17 department.

18 Q. Okay. And that was the only time you met  
19 with Mr. Beu -- you talked to Mr. Beu?

20 A. As I can recall, yes, other than in the  
21 courtroom.

22 Q. All right. And -- and what about Rex Reu,  
23 had you ever talked to him about the Beaman case?

24 A. I may have said something to him in passing

1 at the L & J from time to time. There was no  
2 discussion -- and length to the discussion or I recall  
3 any particular topic.

4 Q. Did you know Rex Reu?

5 A. Not personally, no.

6 Q. Did you know him from cases?

7 A. No.

8 Q. Did either Mr. Beu or Mr. Reu ever request to  
9 meet with you to talk while leading up to the trial,  
10 the Beaman trial?

11 A. It seems to me as I previously testified that  
12 I believe Mr. Rex Reu was present with the people, the  
13 representatives from the Center for Wrongful  
14 Convictions at the police department.

15 Q. That's after the conviction?

16 A. Was that after the conviction? Okay. Yeah,  
17 it would have been.

18 Q. Well, I don't think the Wrongful Conviction  
19 people would have been involved prior.

20 A. That's right. That's right.

21 Q. Right. So -- so my question, though, goes to  
22 before the Beaman trial, the criminal trial, did you  
23 have -- were you ever asked -- I'm sorry, did you ever  
24 meet with Rex Reu?

1 A. My recollection, no.

2 Q. Were you ever asked by either William Beu or  
3 Rex Reu to meet with them to discuss the -- Beaman's  
4 trial?

5 A. To my recollection, no.

6 Q. Were you ever asked by anybody to meet with  
7 Beaman's defense attorneys prior to his criminal  
8 trial?

9 A. No, I do not.

10 Q. All right. Would you have agreed had that  
11 been asked of you?

12 A. Well, I think at that particular time, I  
13 probably should have got -- received permission  
14 perhaps from the prosecution office to talk to the  
15 defense attorneys because I'm not obligated to talk to  
16 them other than in -- in court.

17 Q. Right. So you would have asked the  
18 prosecution whether you could meet with them or not?

19 A. If I was asked to meet with them -- if they  
20 were to ask me, I would have gotten permission.

21 Q. Right. Right. Well, I -- I -- I know the  
22 standard advice that State's Attorneys give is you  
23 don't have to meet with them, but you can if you want  
24 to. Have you heard that kind of advice before from --

1 from prosecutors on cases you've been involved in?

2 A. Other cases?

3 MR. BOWMAN: Objection.

4 BY MR. DiCIANNI:

5 Q. Other cases.

6 MR. BOWMAN: Objection to the form of the  
7 question.

8 BY MR. DiCIANNI:

9 Q. Other cases.

10 A. I can't recall if I did.

11 Q. You're not -- you're not unfamiliar with that  
12 standard, though?

13 A. Correct.

14 Q. You're aware prosecutors generally use that  
15 advice?

16 A. Yes.

17 Q. Okay. So if -- if Mr. Reu or Mr. Beu had  
18 asked you to meet with them prior to the trial --  
19 prior to the Beaman trial, you would have gone to the  
20 State's Attorney and asked the State's Attorney's  
21 advice, correct?

22 A. Yes.

23 Q. And the State's Attorney -- had the  
24 State's Attorney told you the standard State's

1 Attorney response, which is you don't have to but you  
2 can, it's up to you, would you have met with them?

3 MR. BOWMAN: Objection to the compound  
4 hypothetical nature of the question.

5 THE WITNESS: I really can't say if I would  
6 have or not.

7 BY MR. DiCIANNI:

8 Q. You've -- you've talked to defense attorneys  
9 on criminal cases before, right?

10 A. Other cases, yes.

11 Q. Right. And, you know, they may ask you a  
12 question here and there about one thing or another.  
13 That happens, right?

14 A. Outside of the courtroom?

15 Q. Outside the courtroom.

16 A. I don't recall if I did.

17 Q. Okay. It wasn't your standard practice,  
18 though, that you would never talk to a defense  
19 attorney on a case you're working on outside of the  
20 courtroom?

21 MR. BOWMAN: Object to the form of the  
22 question, assumes a standard practice.

23 THE WITNESS: I can't recall.

24

1 BY MR. DiCIANNI:

2 Q. There certainly was no prohibition --

3 A. No.

4 Q. -- by the Normal Police Department from your  
5 talking to defense attorneys?

6 A. Well, there's no prohibition if the  
7 State's Attorney says you can if you want, much like  
8 when the chief said I can talk to the Center if I want  
9 or not or the news media --

10 Q. Right.

11 A. -- would be my call, my discretion.

12 Q. Right. And that was your decision?

13 A. Correct.

14 Q. Did you harbor serious doubts about Beaman's  
15 guilt before his trial?

16 A. To some degree, yes.

17 MR. DiCIANNI: Okay. I might be done. Let  
18 me just take a look. Maybe we can take a little  
19 break.

20 THE VIDEOGRAPHER: Off the record, 11:49.

21 (Whereupon, a break was taken.)

22 THE VIDEOGRAPHER: We're back on the record.  
23 The time is 12:57.

24 MR. BOWMAN: Tom, your questioning is

1 concluded?

2 MR. DiCIANNI: Yes. I have no further  
3 questions at this time.

4 CROSS-EXAMINATION

5 BY MR. BOWMAN:

6 Q. Mr. Daniels, that leaves me. I wanted to  
7 begin by -- actually, I suppose I should begin by  
8 cautioning you that I'm more slow of speech than any  
9 lawyer in Illinois, so please be sure that I finish  
10 asking before you start answering.

11 I wanted to begin by going over a few things  
12 that came up during Mr. DiCianni's questioning of you  
13 this morning. You testified to a conversation that  
14 you had with Rob Hospelhorn after the lawsuit was  
15 filed in which Mr. Hospelhorn expressed the view to  
16 you that he was not 100 percent certain that  
17 Alan Beaman was the right guy. Do you recall that  
18 testimony?

19 A. Yes.

20 Q. Can you tell me to the best of your ability  
21 when that conversation took place?

22 A. It would have been after he received his  
23 affidavit or subpoena.

24 Q. After he received a copy of the lawsuit?

C07166

1 A. Correct.

2 Q. And was the conversation in person or over  
3 the phone?

4 A. It was in person.

5 Q. Was anyone else there?

6 A. I -- I don't recall.

7 Q. Where did it take place?

8 A. In the Normal Police Department.

9 Q. Can you just relate the conversation for me  
10 to the best of your recollection.

11 A. I recall this particular time that I was in  
12 Rob Hospelhorn's office. He was a sergeant, second in  
13 command on the day patrol shift, and he made a comment  
14 to me, it's all your fault. I said, what are you  
15 talking about? This is the gist of the conversation.  
16 And he showed me the documentations where he was going  
17 to be deposed and have a lawsuit and so forth. And he  
18 says, you know, he says, I'm not 100 percent sure or  
19 I'm not quite certain that Alan is the right man.

20 Q. Did he indicate when he came to that  
21 viewpoint?

22 A. During that conversation, no.

23 Q. Okay. At some other time, did he?

24 A. It seems to me that during the investigation,

C07167

1 he and I had talked about that.

2 Q. What do you recall of conversations between  
3 you and Mr. Hospelhorn during the investigation on the  
4 subject of whether you could be confident that  
5 Alan Beaman was the right guy?

6 A. I don't recall ever, other than the first  
7 night we went up to interview Alan, we thought he was  
8 the guy that would be responsible for her death. But  
9 then as the investigation went on, our doubts began to  
10 arise.

11 Q. And we'll talk about that in a minute.

12 Did you and Hospelhorn have conversations  
13 with each other over the course of the investigation  
14 after that first interview with Beaman on the night of  
15 August 28 regarding doubts that were arising  
16 concerning whether Beaman was the offender?

17 A. I'm sure we did. I can't recall any  
18 specifics.

19 Q. And it was your impression that -- that  
20 Hospelhorn shared your skepticism about whether Beaman  
21 was the -- was the offender?

22 MR. DiCIANNI: Object to lack of foundation.

23 BY MR. BOWMAN:

24 Q. Based on what he told you?

CO7168

1 A. On what he told me, yes.

2 Q. Now, at the risk of beating a horse, I want  
3 to go over again this subject that came up when  
4 Ms. Barton was questioning you and then came up during  
5 Mr. DiCianni's questioning of you this morning about  
6 lead investigator. And I'm just going to ask you some  
7 questions and make sure my understanding of this is  
8 clear, okay? And if I get this wrong, I don't want to  
9 put words in your mouth. You tell me.

10 Is it fair to say that in the Normal Police  
11 Department while you were in the criminal  
12 investigation division there, that the standard  
13 procedure in cases where more than one investigator  
14 was assigned was either by express command from the  
15 supervisor or by assumption amongst the detectives to  
16 have one individual detective identified as the person  
17 with primary responsibility for the case?

18 A. You are correct.

19 Q. Okay. And whether you call that person the  
20 lead investigator or the senior investigator or the  
21 principal investigator doesn't change the concept.  
22 The point is that somebody has to be in charge.

23 A. Correct.

24 Q. Fair?

1           Okay. Now, when the Lockmiller case started  
2 on the 28th of August, you related that there was a  
3 very short conversation with Chief Taylor in which he  
4 pointed at you and said you're it. You took that to  
5 mean that you would be the person with primary  
6 responsibility for the investigation, accurate?

7           A. At that point, yes.

8           Q. And to the best of your recollection, that  
9 took place the afternoon of August 28, the day the  
10 body was found?

11          A. Correct.

12          Q. And so over the 28th, which was a Saturday,  
13 the 29th, which was a Sunday, and then at least part  
14 of the 30th of August, a Monday, you by order from  
15 Chief Taylor in your understanding were the person in  
16 the Normal Police Department principally responsible  
17 for the investigation. Do I have that right?

18          A. Correct.

19          Q. And then on Monday, the 30th of August, was  
20 the day that Frank Zayas returned from his absence,  
21 correct?

22          A. Correct.

23          Q. And at that point, what happened to the best  
24 of your ability in explaining it in terms of a

1 transition, if there was one, of responsibility for  
2 the investigation?

3 A. The responsibility would have been  
4 Frank Zayas's upon his return to the police department  
5 that day.

6 Q. And why was that?

7 A. Because he was a lieutenant and he was a  
8 supervisor of that division.

9 Q. Okay. So to be clear, at the point when the  
10 Lockmiller case began, Zayas was the person who was  
11 the -- the person in charge of CID?

12 A. Correct.

13 Q. And everything flowed back to Mr. Zayas, he  
14 was in charge, accurate?

15 MR. DiCIANNI: Object. Objection, form of  
16 the question.

17 MR. BOWMAN: Well, that's a bad question.

18 BY MR. BOWMAN:

19 Q. Just in turn in the old Harry S. Truman  
20 expression, the buck stopped with Zayas in terms of  
21 CID when he was in charge; is that accurate?

22 MR. DiCIANNI: Object to form.

23 THE WITNESS: That is accurate.

24

1 BY MR. BOWMAN:

2 Q. All right. And so when Zayas returns to the  
3 office on August 30, because of his position, he  
4 becomes the supervisor of that investigation; is that  
5 accurate?

6 A. Correct.

7 Q. Did you have any role of primary  
8 responsibility recognizing that -- that you were a  
9 line detective at that point as opposed to a  
10 supervisor?

11 A. I had no misunderstanding that I was a part  
12 of the team.

13 Q. All right.

14 A. Not the supervisor.

15 Q. Would it be accurate to say that you were the  
16 senior detective?

17 A. Correct.

18 Q. Okay. And tell us again who the other  
19 detectives were who were working the case at that  
20 time?

21 A. Rob Hospelhorn, Dave Warner, Tim Freesmeyer,  
22 John Belcher.

23 Q. And yourself?

24 A. And myself.

1 Q. And then -- now, I wanted to ask you a couple  
2 of questions about the responsibility of the  
3 supervisor of CID who was Zayas at the time that the  
4 Lockmiller case began. Is it accurate that the  
5 supervisor of CID is the person responsible for  
6 ensuring that all of the information that should go  
7 into the main file does, in fact, go to the main file?  
8 Is that Zayas's responsibility?

9 A. Yes.

10 MR. DiCIANNI: I'll object, lack of  
11 foundation.

12 THE WITNESS: Yes, that's accurate.

13 BY MR. BOWMAN:

14 Q. Okay. And can you flesh that out for me a  
15 little bit? I mean, you held that position at one  
16 point. How does -- how does -- how does the  
17 supervisor of CID discharge that responsibility of  
18 making sure that what should go into the main file  
19 does go into the main file?

20 A. Under normal circumstances and cases, once an  
21 investigator either completed a report or completed  
22 the case, the documents, his reports, would go to  
23 Frank Zayas who then would read, make any suggestions  
24 to further the investigation to make an arrest, to

1 close the case.

2 He then would sign -- what we call sign off  
3 on it. In other words, he would attach his signature  
4 to that document and then that document would go --  
5 depends upon the type of case it was, that document  
6 could go one of two places, if not both, to the -- the  
7 original that is -- to the chief of police and/or to  
8 records division with copies going for the news media.

9 Q. As well as to the State's Attorney?

10 A. Correct.

11 MS. BARTON: Objection, foundation.

12 BY MR. BOWMAN:

13 Q. Correct?

14 A. As well as the State's Attorney and also the  
15 patrol division book.

16 Q. Okay. Now, obviously the Lockmiller case was  
17 unusual in the sense that it was a very large  
18 investigation, fair?

19 A. Yes.

20 Q. And it was also an investigation that went on  
21 for a substantial period of time?

22 A. That's correct.

23 Q. I mean, relative to many investigations that  
24 could be concluded within a day or a week?

1 A. Correct.

2 Q. Now, as the case was progressing, reports  
3 were being generated, right?

4 A. Right.

5 Q. Information was being assembled from various  
6 sources, right?

7 A. Correct.

8 Q. Subpoenas went out, right?

9 A. Correct.

10 Q. Documents came back pursuant to subpoena,  
11 right?

12 A. Correct.

13 Q. And investigators went out, conducted  
14 interviews, right?

15 A. Right.

16 Q. And as they performed their investigation,  
17 they may or may not have taken notes in furtherance of  
18 their work, right?

19 A. Correct.

20 Q. And in all of these ways, documents about  
21 this case began to accumulate over the course of the  
22 investigation, accurate?

23 A. Accurate.

24 Q. Now, what was the procedure in the Lockmiller

1 case for ensuring that all of these documents that  
2 we've talked about went to the proper place so that  
3 they would be available for the State's Attorney's  
4 Office, available for the defense lawyers if there was  
5 ever a criminal case, and available as records of the  
6 Normal Police Department?

7 MR. DiCIANNI: Object to form and foundation.

8 MS. BARTON: I'll join the objection.

9 BY MR. BOWMAN:

10 Q. You may answer then.

11 A. Well, once Lieutenant Zayas would sign off on  
12 the document, the procedure would have been he would  
13 make a copy for maybe upstairs, meaning the chief of  
14 police and so forth. An intern was available for him  
15 to do the clerical work, meaning making copies,  
16 putting them in different binders.

17 Q. And was it also Zayas's responsibility as --  
18 over the course of the progression of the case to make  
19 sure that the main file contained the copies of the  
20 stuff that was coming in?

21 A. Correct.

22 MR. DiCIANNI: Object to form and foundation.

23 BY MR. BOWMAN:

24 Q. From time to time in this investigation,

1 documents came back pursuant to subpoena. We've  
2 already talked about that, right?

3 A. Yes.

4 Q. When subpoenaed documents came back in  
5 relation to this investigation, what was the procedure  
6 for ensuring that the documents were, again, placed in  
7 the proper place, in the main file and available as  
8 appropriate and necessary for the benefit of the  
9 investigators and the lawyers later on in the  
10 prosecution?

11 MR. DiCIANNI: Object to form and foundation.

12 MS. BARTON: I'll join.

13 THE WITNESS: Under normal circumstances, if  
14 you, for instance, as an investigator requested  
15 documentation from an outside source through the use  
16 of a subpoena duces tecum, that information would come  
17 back to that detective and it was up to the detective  
18 either to disseminate that, attach perhaps a cover  
19 letter to that; and that information, if he needed  
20 that information for further investigation, normally  
21 he would make copies and the original copy could go  
22 one of two places, either in evidence or it would go  
23 into the records department.

24

1 BY MR. BOWMAN:

2 Q. And that would be the standard procedure?

3 A. Yes.

4 Q. And that's the procedure that certainly  
5 should have been followed with respect to records that  
6 were assembled in this case?

7 MR. DiCIANNI: Object to form, foundation --

8 MS. BARTON: Join.

9 MR. DiCIANNI: -- conclusion.

10 THE WITNESS: Correct.

11 BY MR. BOWMAN:

12 Q. Also, in the course of this investigation as  
13 we've learned over the days of your testimony, there  
14 have been additional documents that were acquired by  
15 investigator, not pursuant to subpoena, but just by  
16 going out and sleuthing out information, for example,  
17 documents relating to the criminal background of an  
18 individual, arrest reports involving another person of  
19 interest and so forth.

20 What procedure was followed in this case to  
21 ensure that documents that were obtained on an  
22 informal basis by investigators working on the case  
23 were placed in the proper place, either in the main  
24 file or in some other location where they would be

1 available for purposes of the investigation and for  
2 the benefit of the lawyers and the prosecution?

3 MR. DiCIANNI: Object to form and foundation.

4 MS. BARTON: I'll join.

5 THE WITNESS: The procedure falls upon -- and  
6 the responsibility would fall upon the detective once  
7 he receives that document through other than the  
8 subpoena. If information, for instance, came through  
9 the front door or maybe an envelope was passed on to  
10 him or a street officer having information which he  
11 presented in the typed form, it would be up to that  
12 individual detective to disseminate that, of course,  
13 going to the supervisor and then copies being made in  
14 this particular case.

15 BY MR. BOWMAN:

16 Q. If I understand what you're saying, the  
17 procedure would be with respect to documents obtained  
18 informally and with respect to documents obtained by  
19 subpoena duces tecum that it would be routed through  
20 the supervisor and then get to the proper place in the  
21 file, accurate?

22 A. That's correct. That's the procedure that  
23 should be followed.

24 Q. Now, we were -- and to be clear, in the

C07179

1 Lockmiller investigation, while the -- while Zayas was  
2 sitting in the chair of supervisor of CID, he was the  
3 guy with that responsibility of ensuring that the  
4 documents would go through him and go to the proper  
5 place, accurate?

6 MR. DiCIANNI: Objection; form, foundation,  
7 vagueness.

8 THE WITNESS: Ultimately, yes.

9 BY MR. BOWMAN:

10 Q. All right. Now, there -- as you testified,  
11 there came a point when you had a conversation with  
12 Mr. Zayas and were informed that because of you being  
13 an old ex-Marine and Tim Freesmeyer being a young guy,  
14 relatively new out of college, that the judgment was  
15 that Freesmeyer should be the primary detective in the  
16 case; is that accurate?

17 A. That's correct.

18 Q. And I think you've said you can't recall  
19 exactly when that conversation took place?

20 A. That's correct.

21 Q. One thing that we've done is to look during  
22 Mr. DiCianni's questioning of you, we looked at the  
23 dates on your reports, and nobody's found any reports  
24 with your name on it subsequent to early October.

1 Does that suggest to you that the -- that you got  
2 taken off of this case after approximately six weeks  
3 or so?

4 A. Yes, as an active investigator into the case.

5 Q. Would it be accurate nonetheless,  
6 Mr. Daniels, that you continued even after you were  
7 removed to have a strong interest in this particular  
8 investigation?

9 A. That's correct.

10 Q. Did you continue to follow developments?

11 A. As they came to my mind, yes.

12 Q. And did you from time to time receive  
13 assignments and undertake duties in the case even  
14 after you were removed as principal investigator?

15 A. Yes, as requested or required or ordered.

16 Q. All right. And did you have an understanding  
17 of what Freesmeyer's role was to be going forward  
18 after this transition when you stepped down and  
19 Freesmeyer was -- was assigned additional  
20 responsibilities in the case?

21 A. He was to keep -- attempt to keep the line of  
22 communications open between him and Alan.

23 Q. Did he have other responsibilities in the  
24 investigation as well?

1           A.    If he did, I don't recall him sharing those  
2 with me.

3           Q.    Okay.  Now, looking at this, Freesmeyer's  
4 monthly report folder which is among the documents  
5 stacked up there in front of you, it's Daniels  
6 Exhibit 12.  Mr. DiCianni showed you page 2 of that  
7 document.  The Bates number is 0970 in the bottom  
8 right corner of the page.

9                    And the indication from this report,  
10 Mr. Daniels, is that you took over as CID supervisor  
11 in -- in -- in -- responsibility, if not in title,  
12 from March 7, 1994 until June of 1994, and you  
13 testified earlier you don't quarrel with those dates.  
14 Do you see where I am?  Top of page 970.

15           A.    Yes, I see that.

16           Q.    Okay.  Now, what -- in that -- you recall  
17 that in that period of time, that encompasses the  
18 point in May 1994 when Beaman actually got charged.  
19 What was your relationship to the Lockmiller  
20 investigation during those months when, according to  
21 this report, you took over as CID supervisor?

22           A.    I can recall being required to go to  
23 unresolved homicide class in Jacksonville, Florida in  
24 April of '94.

1 Q. And in terms of day-to-day responsibilities,  
2 the investigation was ongoing until Beaman's arrest in  
3 May of '94, right?

4 A. Also, I believe it was even after his arrest  
5 it continued.

6 Q. Right. And in terms of day-to-day  
7 responsibilities, what -- what role did you have, if  
8 any?

9 A. Aside from the Lockmiller case or --

10 Q. No.

11 A. -- specifically?

12 Q. In the Lockmiller case in particular.

13 A. Oh, I would read -- much like the other  
14 processors -- would read reports, and, again, if there  
15 was any questions or further investigation needed,  
16 then I would assign that. And then once the report  
17 was approved, I would sign off on it.

18 Q. All right. So in other words, you stepped  
19 into the role that other supervisors -- that other  
20 supervisors held?

21 A. Yes.

22 Q. Okay. But in terms of having hands-on  
23 responsibility in the investigation and apart from the  
24 cold case seminar which we'll talk about in a minute,

1 am I accurate that you had no direct responsibility?

2 MS. BARTON: Object to form.

3 MR. DiCIANNI: I'll object. Yeah, object to  
4 form, foundation.

5 THE WITNESS: No -- no direct responsibility  
6 or active investigation in that case.

7 BY MR. BOWMAN:

8 Q. You were asked some questions this morning  
9 about Freesmeyer's long report in the -- in the case.  
10 I believe it's Exhibit 5. Let me double-check on that  
11 number. I stand corrected. It is --

12 MS. BARTON: No, Freesmeyer's report is  
13 Number 5.

14 MR. BOWMAN: Good. I got that right.

15 BY MR. BOWMAN:

16 Q. I believe you testified that you didn't have  
17 a specific recollection of reading Mr. Freesmeyer's  
18 report. Did you -- can you say with any degree of  
19 confidence, even though you don't have a specific  
20 recollection of reading it, of whether at some point  
21 you reviewed this and became familiar with the  
22 contents of it?

23 MR. DiCIANNI: Object to speculation.

24 THE WITNESS: Yes, I would feel comfortable

1 in saying there's a good chance that I did.

2 BY MR. BOWMAN:

3 Q. Okay. And why do you say that?

4 A. Well, number one, preparation for the school  
5 in April, even though this is dated 10 January, to see  
6 if any information could be obtained from his reports  
7 that would help other investigators, information that  
8 could corroborate other information that we had as  
9 well as perhaps my comments.

10 Q. A minute ago you mentioned the fact that even  
11 after the arrest of Mr. Beaman, that investigative  
12 activities continued in the Lockmiller case.

13 A. Correct.

14 Q. Can you tell me what you're thinking about  
15 when you say that that happened just by way of  
16 example?

17 A. Within the department?

18 Q. Yes, sir.

19 A. I -- I don't have any specifics I can think  
20 of offhand.

21 Q. Well, for example, at some point, Mr. Murray  
22 gets -- gets arrested on a domestic violence charge in  
23 October of 1994, correct?

24 A. Yes, sir. In reference to that particular

1 incident, yes, that was brought to my attention. And  
2 in my opinion, it felt more attention looking into.

3 Q. As an investigator in the Normal Police  
4 Department, after a charge has been filed against an  
5 individual, when new information relating to the crime  
6 comes to light, again, subsequent to the charges, is  
7 it the investigator's responsibility to continue  
8 investigation and to inquire further into the matter  
9 as a result of the new information that might come to  
10 light?

11 MR. DiCIANNI: Objection; form, foundation.

12 MS. BARTON: I'll join.

13 MR. BOWMAN: Let me ask our court reporter,  
14 if you would, to read that back. It may be garbled.

15 (Whereupon, the record was  
16 read as requested.)

17 MS. BARTON: Same objections.

18 BY MR. BOWMAN:

19 Q. You may answer that question.

20 A. Yes.

21 Q. And specifically with respect to the new  
22 information regarding Murray, namely, his arrest in  
23 October of 1994 on domestic violence charges and for  
24 drug charges as well, would it be your judgment as an

1 experienced and trained police officer that the  
2 responsibility of the investigators continues in  
3 relation to the case, even though Beaman has been  
4 charged, to pursue the investigation of Murray and the  
5 significance of the new information?

6 A. Yes.

7 MR. DiCIANNI: Objection, form and  
8 foundation.

9 BY MR. BOWMAN:

10 Q. All right. Now, I want to take you back to  
11 the first days of the investigation, Mr. Daniels.  
12 Your responsibilities on August the 28th included an  
13 examination of the scene of -- of the crime, the  
14 location of Lockmiller's body, right?

15 A. Yes.

16 Q. And you made at least a cursory examination  
17 at that time of the scene, right?

18 A. Correct.

19 Q. Was there evidence at the scene suggesting  
20 that either evidence at the scene or evidence  
21 developed in connection with the scene investigation  
22 and the initial interviews on the 28th and 29th of  
23 August suggesting that the perpetrator of the homicide  
24 had been a person that Lockmiller was acquainted with?

1 A. Yes.

2 Q. And can you relate for us what that  
3 information was?

4 A. Even though the door to her -- front door to  
5 her apartment had been damaged, we learned that that  
6 was prior damage, and it's not uncommon for those not  
7 to be repaired. We went into the bedroom where she  
8 was found. We saw no indications of any type of  
9 resistance, fight, burglary, anything of that nature.  
10 Also, upon initially making contact with some of the  
11 neighbors, there was no indication of a screaming,  
12 yelling that would suggest forced entry.

13 Q. Now, all of that information aside, would you  
14 agree with the proposition that the information that  
15 you had suggesting that the perpetrator was an  
16 acquaintance of Lockmiller did not rule out the  
17 possibility that the perpetrator could also be someone  
18 who had very quickly overpowered her and obtained  
19 entry into the apartment?

20 A. Certainly that was a possibility. As we --  
21 that weekend as we talked to her close friends, one in  
22 particular, the one who discovered the body, we were  
23 given several names of Jennifer's present or prior  
24 boyfriends.

1 Q. And was there evidence at the scene of --  
2 that suggested the possibility of a sexual assault in  
3 connection with the homicide?

4 A. Yes.

5 Q. And relate for us again what that was.

6 A. Her body was found with -- on her back. Her  
7 knees were folded underneath of her. She was facing  
8 the wall, and beneath that wall she was facing was a  
9 single bed. It appeared that she had grasped perhaps  
10 part of the bedspread or cover on it. She had a cord,  
11 electrical cord, wrapped around her neck. Her  
12 panties, jeans were pulled down, and her blouse was  
13 pushed up over her breast.

14 Q. Was there also -- as you and the other  
15 investigators examined the scene, was there also  
16 evidence at the scene suggesting that it was a  
17 possible personal motive crime?

18 A. Yes.

19 Q. And can you explain, again, what that  
20 evidence was.

21 A. My training suggests that along with the  
22 extension cord or power cord that was used to strangle  
23 her, there was a pair of scissors embedded in her  
24 chest, either six or seven wounds to her chest. There

1 was also a fan placed over her face. Either it fell  
2 from the bunkbed behind her or it was placed on her  
3 possibly by the perpetrator. That's just an  
4 indicative -- indication that they cannot face their  
5 victim. The shears indicated, according to my  
6 training, that perhaps that's what it was. It was a  
7 personal attack upon her.

8 Q. Now, so in -- in -- in summary then, there  
9 was evidence at the scene suggesting an  
10 acquaintanceship between the victim and the  
11 perpetrator, right?

12 A. Yes.

13 Q. Evidence, though, that did not rule out the  
14 possibility that the perpetrator was an unknown  
15 person, right?

16 A. Correct.

17 Q. There was evidence suggesting sexual motive,  
18 right? Yes?

19 A. Yes.

20 Q. And there was also evidence suggesting a  
21 personal motive, vengeance or something of the sort?

22 A. Correct.

23 Q. Separate from sex?

24 A. Correct.

1           Q.    So would it be fair to say that as a trained  
2 and experienced investigator, your responsibility at  
3 the early stage of the investigation would be not to  
4 rule out any of the possibilities as to what the  
5 motive for the crime was, as to whether there was a  
6 relationship between the perpetrator and the victim  
7 and so forth; is that fair?

8           A.    That's true.

9           Q.    Would you agree with the proposition that for  
10 investigators to focus too early on on one particular  
11 theory of the crime to the exclusion of all others can  
12 result in disastrous consequences?

13           MR. DiCIANNI:  Object to form.

14           MS. BARTON:  Join.

15           THE WITNESS:  It's been my experience and as  
16 well as training that if an investigator were to jump  
17 early into the case with a theory, he -- he or she  
18 will put their efforts forth try to prove that theory.

19 BY MR. BOWMAN:

20           Q.    And what's the problem with that?

21           A.    You're going to miss your target.  You're  
22 going to ex -- you're going to exclude viable  
23 information.  All your efforts, all your resources  
24 could be towards proving that particular theory.

1           And another issue could arise is if there's  
2 more than one detective working on it who is not in  
3 step or, inclined to believe that initial theory,  
4 there's some friction that could be -- could develop.

5           Q.    Which would impede the investigation further?

6           A.    Correct.

7           Q.    Now, on that first day of the investigation,  
8 you testified previously about information that was  
9 developed through a young friend of the victim by the  
10 name of Morgan Keefe suggesting that Alan Beaman was a  
11 person with a motive to commit this crime --

12          A.    Yes.

13          Q.    -- right?

14                And indeed the way Keefe described it, Beaman  
15 was a volatile individual with a -- with a pretty  
16 strong motive to -- to have -- to have committed  
17 violence against Lockmiller, accurate?

18          A.    In her opinion, plus the information that she  
19 gave us about their relationship.

20          Q.    Which had been stormy?

21          A.    Correct.

22          Q.    So based on that information, did you make  
23 any decision as to what to do with respect to  
24 Mr. Beaman?

1 A. At that time?

2 Q. Yes, sir.

3 A. I wanted to continue investigating other  
4 names, information that came up.

5 Q. And why is that?

6 A. I felt that we need more information regards  
7 to Mrs. Keefe's suggestions or opinions.

8 Q. Such as what?

9 A. Alibis on where Alan was, what type of  
10 perhaps character he was of or if he had -- had any  
11 run-in with the law, looking for motives.

12 Q. And so forth?

13 A. Correct.

14 Q. And did you have -- so -- so would it be fair  
15 to say that in your judgment as an experienced  
16 investigator at that time, the evening of August 28  
17 was a -- was a premature time in which to conduct an  
18 interview or interrogation of Beaman?

19 A. Yes, and I expressed that to Chief Taylor.

20 Q. Okay. And what was the response that you  
21 received after you expressed that viewpoint?

22 A. I best recall, and in short, is get up there  
23 and talk to him.

24 Q. As an experienced investigator, do you have

1 an opinion as to whether there were pitfalls in  
2 conducting an interview/interrogation of a suspect in  
3 a major crime at too early a time before the  
4 investigation has proceeded to develop information  
5 regarding that individual and regarding the crime?

6 MS. BARTON: Objection.

7 MR. DiCIANNI: Object, yeah, form,  
8 foundation.

9 MS. BARTON: I'll join.

10 THE WITNESS: Yes.

11 BY MR. BOWMAN:

12 Q. Can you explain?

13 A. Yes. Experience and, again, training  
14 warrants having more information about the crime,  
15 about the individuals so you can challenge any  
16 statement. And in this case, you can challenge maybe  
17 any statement that Alan would make. You'd have a  
18 reason to challenge him for his answers to questions  
19 or explanations of, once again, with Alan, his  
20 explanations of where he had been during that period  
21 of time that you're interested in.

22 Q. So I take it, though, that notwithstanding  
23 those concerns, you felt you had no alternative but to  
24 do as Chief Taylor told you?

1 A. Correct.

2 Q. And did you and Mr. Hospelhorn then travel to  
3 Rockford, Illinois for a conversation with Mr. Beaman?

4 A. Yes, we did.

5 Q. And you've testified previously about that  
6 interaction. Just for purposes of summary, it'd be  
7 fair to say that Beaman exhibited certain behaviors in  
8 the interview that increased your suspicion of him; is  
9 that accurate?

10 A. Yes.

11 Q. Can you relate for us again what those were?

12 A. He in one response to a question that I  
13 employed bowed his head to the floor as though showing  
14 remorse and made a statement as to the effect that,  
15 oh, she really loved me. The question I -- or  
16 statement I made to him was that she's called your  
17 name out before she passed on.

18 Q. And, again, as an experienced investigator,  
19 you read that as an indication of possible deception  
20 or an indication of -- of -- of guilt in some way,  
21 some kind of narcissistic involvement with the victim,  
22 what have you, fair?

23 A. That particular question, his response by  
24 itself, yes.

1 Q. All right. Now, as an experienced  
2 investigator, you also knew that there could be --  
3 couldn't rule out the possibility that -- that there  
4 was an innocent explanation for Beaman's behavior in  
5 that particular regard as well, right?

6 A. That's possible, yes.

7 Q. So other than the response that Beaman gave  
8 to your ploy about Lockmiller calling out for him,  
9 were there other behaviors that Beaman exhibited that  
10 suggested the possibility of guilt during your  
11 interview/interrogation of him on August 28?

12 A. During the information that he gave us, he  
13 expressed the fact that during their relationship, a  
14 little over year, they broke their relationship off  
15 17 times. And in his own words, he said they were  
16 either fighting or having intimate relationships.

17 Q. Right. And -- and the word that he actually  
18 used -- it's in the transcript -- was an -- was an  
19 obscene word, and we might as well go ahead and put it  
20 on the record. Either fighting or fucking during that  
21 period of time.

22 A. That's correct.

23 Q. Yes. And, again, this corroborated the  
24 existence of a motive for murder, the rocky romantic

1 relationship between the victim and this individual,  
2 accurate?

3 A. Plus the fact also I confronted him, I said,  
4 you know, we've been sitting here 45 or 50 minutes  
5 talking with you, and you have yet asked as to why  
6 we're here. Even though he responded, well, I guess  
7 it's about her.

8 Q. Right. And, again, and that's -- that's  
9 about it in terms of the -- the signs of -- the signs  
10 of -- of possible guilt that you saw in this  
11 interview; is that --

12 A. At that particular point, and he also gave us  
13 his whereabouts during the time period. Some were  
14 foggy and some were precise.

15 Q. Right. And -- and -- and to be very clear,  
16 there were, in addition, there were indications during  
17 this interview that were consistent with Mr. Beaman's  
18 innocence, right?

19 A. That's correct.

20 Q. I mean, one of them was the fact that he at  
21 least on the face of it appeared to have corroboration  
22 for being at work in Rockford during the week prior to  
23 the discovery of the body, right?

24 MS. BARTON: Objection to form.

1 MR. DiCIANNI: Yeah, object to form,  
2 foundation.

3 BY MR. BOWMAN:

4 Q. Just in terms of what he said?

5 A. Yes.

6 Q. And I'm not suggesting that he brought forth  
7 any documentary evidence, but he -- he made statements  
8 to the effect that he had a job and he had a schedule  
9 and he had places where he was during the week in  
10 question, right?

11 A. And he provide -- yes, that's correct.

12 Q. And as an experienced investigator, you knew  
13 that all of that information needed to be followed up  
14 on and investigated and pursued, right?

15 A. That's true.

16 Q. In order to assess the strength of his  
17 alibi --

18 A. Correct.

19 Q. -- right?

20 A. Correct.

21 Q. And what we know just skipping forward is  
22 that in this investigation, when all of the dust  
23 settled, Mr. Beaman had an extremely strong alibi,  
24 right?

1 MS. BARTON: Objection to form.

2 MR. DiCIANNI: Object, yeah, form.

3 BY MR. BOWMAN:

4 Q. In your judgment?

5 A. Yes.

6 Q. And explain that.

7 A. His time schedule, the fact that during --  
8 are we talking about after our interview with him?

9 Q. When all the dust settled.

10 A. Okay. When all the dust settled. We looked  
11 at his schedules. We obtained, I believe, parts of  
12 his work schedule. He worked for his uncle at various  
13 stores, various locations.

14 Right after the interview, which he  
15 terminated voluntarily on his own, we got his  
16 permission to examine his car, and after looking at  
17 his car, we thought perhaps a little bit doubtful that  
18 he could drive that car in that condition back and  
19 forth to those two places without being stopped by a  
20 police officer, and he would have had to have been  
21 going in the neighborhood of 100 miles an hour.  
22 That's just not possible.

23 Q. Well, indeed as the -- the investigation  
24 progressed, there was information that his mother

1 could provide him with an alibi at a certain point in  
2 the afternoon, right?

3 A. That came about during Lieutenant John Brown  
4 and my interview with the parents and Beu at the Law  
5 and Justice Center after his --

6 Q. Right. And we were talking a few minutes ago  
7 about the responsibility of investigators to continue  
8 with an investigation after charges, and another  
9 example of that would be to follow up on the alibi  
10 information from the parents, accurate?

11 A. That's correct.

12 Q. And indeed subsequent to the charging of  
13 Mr. Beaman, a videotape surfaced that showed without a  
14 doubt that Beaman was present at a Bell Federal  
15 Savings & Loan location in Rockford, Illinois on --  
16 whenever it was, 10:11 on the morning that it was  
17 believed the murder took place, right?

18 A. Correct.

19 Q. So, again, when all of the dust settled, fair  
20 summary to say that there was a very narrow window of  
21 time within which Beaman could have traveled to  
22 Normal, committed the murder of Lockmiller and then  
23 traveled back to Rockford in order to be alibied by  
24 his mother in the afternoon; fair summary?

1 MS. BARTON: Objection to form.

2 THE WITNESS: That's correct.

3 BY MR. BOWMAN:

4 Q. And indeed did you form an opinion as to  
5 whether the information from the video and from his  
6 mother excluded or included Beaman as the offender  
7 based on your experience as an investigator?

8 MR. DiCIANNI: I'll object to foundation.

9 MS. BARTON: Join.

10 THE WITNESS: I think based upon that  
11 information, that gave us more reason for doubt that  
12 he could have committed the crime.

13 BY MR. BOWMAN:

14 Q. Okay. And can you elaborate on that?

15 A. There were two phone calls made from his  
16 residence in the neighborhood of 10:30. It was to the  
17 church. Alan Beaman was involved in the church to the  
18 extent that he was a member of the band, and they were  
19 to have an ice cream social, and he was making final  
20 arrangements and confirming that particular time for  
21 the social.

22 The fact that what he was driving at the  
23 time. Also, the fact that the mother's description of  
24 where Alan was at the time of question being that his

1 car was in the driveway, that's the Ford Escort. He  
2 was in -- even though she didn't physically open the  
3 door to his bedroom, he was in his room, the door was  
4 closed, and his dog was parked sleeping right outside  
5 of his door. And that's the normal activities for  
6 that dog and for Alan when he comes home from work  
7 because he's been up most of the night.

8 Q. And all of this indicated that the likelihood  
9 that Beaman had made that trip and committed the  
10 murder was to be just as fair and neutral about it as  
11 possible was subject to serious doubt, accurate?

12 A. Correct.

13 MR. DiCIANNI: Object.

14 BY MR. BOWMAN:

15 Q. Now, let me ask you this: At the conclusion  
16 of your interview/interrogation of Beaman on August  
17 the 28th, going back now to the very beginning of the  
18 investigation, there was developed the information  
19 from Morgan Keefe that the -- that Beaman had a rocky  
20 relationship with Lockmiller and that therefore he had  
21 a motive to kill her, right?

22 A. Correct.

23 Q. And then there was also the information in  
24 terms of Beaman's responses that was indicative of

1 possible guilt, and you have talked about that  
2 already, right?

3 A. Correct.

4 Q. And among the things that were -- there were  
5 also other signs, we started to talk about this, in  
6 the interview that were indicative of possible  
7 innocence, right?

8 A. Correct.

9 Q. For example, during your interrogation of  
10 him, you mixed up the days and the times as to where  
11 he was and so forth and the expectation was that was a  
12 ploy as well, right?

13 A. Correct.

14 Q. And the expectation was that a guy who is  
15 fabricating his whereabouts, providing a false alibi  
16 for himself, won't be able to keep it straight once  
17 you start shifting the shells around, right?

18 A. That's correct.

19 Q. And Beaman did not do that. In fact, he  
20 maintained consistently an explanation of his  
21 whereabouts over the course of the questioning,  
22 correct?

23 MR. DiCIANNI: Objection to foundation.

24 MS. BARTON: Join.

1 THE WITNESS: Correct.

2 BY MR. BOWMAN:

3 Q. I mean, you were there and you interacted  
4 with him, correct?

5 A. Correct.

6 Q. Now, would it be fair to say that, again,  
7 that's not anything definitive, but as an experienced  
8 investigator, you should weigh that in and take into  
9 account the possibility that the alibi is truthful and  
10 accurate even based on what you knew as of August 28?

11 A. Yes, yes.

12 Q. Now, in your judgment as an experienced and  
13 trained investigator -- do you need to stop for a  
14 minute or can I keep going?

15 A. No, I'm just stretching my leg out, and I  
16 want to be careful not to kick someone.

17 Q. Anytime you need to stop, you let me know.

18 In your opinion as an experienced and trained  
19 investigator, did the investigation of Beaman  
20 subsequent to your interrogation of him on August 28  
21 develop any further, additional evidence indicative of  
22 Beaman's guilt beyond what was known to the  
23 investigators at that particular point in time?

24 MR. DiCIANNI: I'll object to lack of

1 foundation.

2 BY MR. BOWMAN:

3 Q. Based on your familiarity and your knowledge  
4 of this investigation.

5 A. Restate your question, please.

6 Q. Let me try it again.

7 A. Sure.

8 Q. Based on your familiarity with the case, your  
9 direct participation in it, did the investigation  
10 subsequent to your and Hospelhorn's interview of  
11 Beaman on August 28 and the information that was  
12 developed prior to that interview, subsequent to that  
13 time, did the investigators get anything else on  
14 Beaman that was further support for the proposition  
15 that Beaman was the perpetrator?

16 MR. DiCIANNI: Same objection.

17 MS. BARTON: Join.

18 THE WITNESS: Yes, there had been.

19 BY MR. BOWMAN:

20 Q. And what is that?

21 A. Well, the information that came about as a  
22 pretrial -- or a posttrial conviction I learned that  
23 information was misrepresented by Tim Freesmeyer. I  
24 also learned during the testimony of Judge Souk that

1 information was omitted.

2 Q. Time out. We didn't -- we didn't understand  
3 each other I don't think. Let me try it again. And  
4 it may be time for a break. We'll see.

5 I'm looking at the evidence as to Beaman's  
6 guilt, all right. As of August 28, there was certain  
7 evidence suggesting that Beaman might be guilty,  
8 right?

9 A. Correct.

10 Q. And you've talked about it?

11 A. Correct.

12 Q. Now, here comes the question. After that  
13 time, August 28, did any additional evidence of  
14 Beaman's guilt get developed by the team of  
15 investigators who worked on the Lockmiller homicide  
16 investigation?

17 MS. BARTON: Objection, form and foundation.

18 MR. DiCIANNI: Same objection.

19 THE WITNESS: Yes.

20 BY MR. BOWMAN:

21 Q. What was that?

22 A. The crime lab had examined the instrument  
23 used to strangle her. I believe that was a clock.

24 Q. And his fingerprint was on the clock?

1 A. Was one of them, yes.

2 Q. Right. And, again, as an experienced  
3 investigator, you knew that that, again, might be  
4 consistent with guilt, right?

5 A. Correct.

6 Q. But by the same token, there was another  
7 explanation for the fingerprint on the clock, right?

8 A. Yes.

9 Q. And that explanation was what?

10 A. With my experience dealing with students, and  
11 she was a student, that there are parties. When  
12 there's parties in apartments, any number of people  
13 could touch any item in the apartments as well as the  
14 fact that I believe that clock was Alan's clock.  
15 Therefore, that would indicate that Alan at one time  
16 or another had to touch that clock, and prints cannot  
17 be dated.

18 Q. Right. And, in fact, Beaman slept in the --  
19 in the apartment with Lockmiller and he was her  
20 boyfriend, right?

21 A. Correct, on other occasions.

22 Q. And used -- and logically would have used the  
23 clock to set an alarm to wake himself for his  
24 activities?

1 A. For a number of reasons, yes.

2 Q. Okay. Other than the fingerprint on the  
3 clock, any other information?

4 A. At present, I can't recall any at present.

5 Q. And indeed with respect to the clock, there  
6 was also a fingerprint from an individual named  
7 Michael Swaine, right?

8 A. Yes.

9 Q. And Swaine was initially a suspect in the  
10 investigation as well at the very beginning, right?

11 A. Correct.

12 Q. And then he was ruled out early on, right?

13 A. Correct.

14 Q. Why?

15 A. He had -- had an alibi in the form of his  
16 class schedule at school out of town.

17 Q. So at least with respect to Swaine, the  
18 investigators knew that the fingerprint on the clock  
19 could not be indicative of guilt?

20 A. Yes.

21 Q. And, in fact, like Beaman, Swaine had spent  
22 the night in Lockmiller's apartment from time to time,  
23 and like Beaman would have occasion to touch the  
24 clock?

1           A.    In specific terms, Mike Swaine was her last  
2 live-in boyfriend.

3           Q.    All right.  So other than this fingerprint of  
4 Beaman's on the clock, did the investigators develop  
5 any other evidence subsequent to August 28 when you  
6 interviewed Beaman that pointed toward, in a  
7 substantive way, toward Beaman's guilt?

8           A.    Right now I don't recall.

9           Q.    Can't think of anything?

10          A.    At present, right.

11          Q.    All right.  If you think of something, let us  
12 know, all right?

13          A.    Yes.

14               MR. BOWMAN:  And I think that we'll take a  
15 break and change your tape and stretch our legs.

16               THE VIDEOGRAPHER:  Off the record, 1353.

17                               (Whereupon, a break was taken.)

18               THE VIDEOGRAPHER:  Continuation of the  
19 deposition of Tony Daniels, beginning of video number  
20 four.  The time is 1403.

21 BY MR. BOWMAN:

22           Q.    Mr. Daniels, beginning at the early stage in  
23 the investigation, and we've talked about this  
24 already, there were -- in addition to Mr. Beaman,

1 there were other individuals whose names were given by  
2 Morgan Keefe and other witnesses who were -- had to be  
3 placed on the list of suspects at least in the  
4 beginning stages of the investigation, accurate?

5 A. Correct.

6 Q. And that included Michael Swaine, who we've  
7 talked about, the live-in boyfriend at the time of the  
8 murder, right?

9 A. Yes.

10 Q. It included a former boyfriend by the name of  
11 Stacey Gates, right?

12 A. That's correct.

13 Q. And Gates was a person of interest in part  
14 because he had been in telephone contact with  
15 Lockmiller shortly prior to her death?

16 A. Correct.

17 Q. And had plans to meet with her, and there  
18 might have been a romantic reason for those plans?

19 A. That's correct.

20 Q. And then in addition, there was this  
21 individual John Murray whose name came up in the  
22 investigation as a result of the interviews of  
23 Lockmiller's acquaintances?

24 A. Correct.

1 Q. And Murray also had in the past had a sexual  
2 relationship with Lockmiller?

3 A. Correct.

4 Q. Now, a trained and experienced investigator  
5 such as yourself would know early in the investigation  
6 that all of these individuals needed to be looked into  
7 and developed, accurate?

8 A. Correct.

9 Q. And would it be fair to say that in the  
10 circumstances of this crime where there was reason to  
11 suspect a sexual motive, where there was reason to  
12 suspect a personal motive, where there was evidence  
13 suggesting that the victim and the perpetrator were  
14 acquainted, that before an arrest was appropriate,  
15 that you had to narrow it down to one individual who  
16 remained standing after all the investigation had been  
17 complete?

18 MS. BARTON: Objection to form and  
19 foundation.

20 MR. DiCIANNI: Yeah.

21 MR. BOWMAN: I think that's a terrible  
22 question.

23 MR. DiCIANNI: I join.

24 MR. BOWMAN: Let me try it again.

1 BY MR. BOWMAN:

2 Q. In -- in terms of -- why don't we skip that  
3 question for the moment.

4 In terms of the unfolding investigation, you  
5 needed to look into Swaine and his alibi, right?

6 A. Correct.

7 Q. And that excluded Swaine eventually?

8 A. Right.

9 Q. Actually pretty early on, right?

10 A. Yes.

11 Q. You needed to look into Gates and his alibi,  
12 right?

13 A. Yes.

14 Q. And in your judgment, did Gates have an alibi  
15 that excluded him?

16 A. Yes.

17 Q. What was that?

18 A. He was also at school over in a near --  
19 nearby town, Peoria, and that was documented over  
20 there as far as his attendance.

21 Q. Well, actually he was a teacher at a -- at a  
22 school, right?

23 A. Right.

24 Q. And then what about John Murray? You

1 testified about this already. Was -- was he excluded  
2 by means of an alibi at any point in this  
3 investigation?

4 A. I did not exclude him. He could have been  
5 excluded by others.

6 Q. Well, in your judgment as an experienced and  
7 trained investigator, was it appropriate to exclude  
8 him based on alibi at any point in the investigation?

9 A. No.

10 Q. Why is that?

11 A. There was too much circumstantial evidence.  
12 If you can't exclude him from an investigation  
13 regardless of the magnitude of the -- of the crime,  
14 then they have to be included until such time you can  
15 exclude them.

16 Q. And that's -- that's a standard principle  
17 that trained and experienced investigators must adhere  
18 to; is that fair?

19 A. They should, yes.

20 Q. Now, as the investigation unfolded, we've --  
21 we've talked about the -- there was -- apart from this  
22 fingerprint, your testimony is that you can't think of  
23 other evidence that was developed against Beaman,  
24 right?

1 A. Against him?

2 Q. Yes.

3 A. That's correct.

4 Q. For example, nobody was ever able to develop  
5 an eyewitness who reliably placed Beaman in Normal on  
6 the day of the crime?

7 A. That's --

8 MS. BARTON: Objection to form.

9 MR. DiCIANNI: Lack of foundation.

10 BY MR. BOWMAN:

11 Q. To your knowledge?

12 A. To my knowledge, correct.

13 Q. No one apart from the single fingerprint that  
14 had an innocent explanation, there was no physical  
15 evidence that connected Beaman to this murder?

16 MS. BARTON: Objection; form, foundation.

17 BY MR. BOWMAN:

18 Q. Accurate?

19 MR. DiCIANNI: I join.

20 THE WITNESS: You're correct.

21 BY MR. BOWMAN:

22 Q. And -- and you know from your familiarity  
23 with the case that there were a series of overhears  
24 that Freesmeyer conducted with Beaman without Beaman's

1 knowledge in which he was invited to talk about the  
2 crime and all of his statements on tape were fully  
3 consistent with innocence?

4 MS. BARTON: Objection to form, foundation.

5 MR. DiCIANNI: Yeah, I join that, too.

6 THE WITNESS: To my knowledge, yes.

7 BY MR. BOWMAN:

8 Q. And I think we've said this already, but  
9 the -- the circumstantial evidence as to motive really  
10 didn't change going forward from what was developed by  
11 Morgan Keefe and from Beaman's own lips in your  
12 conversation with him?

13 MS. BARTON: Objection.

14 BY MR. BOWMAN:

15 Q. I mean, there was a rocky relationship and --  
16 and jealousy and -- and so forth. You knew all that  
17 on August 28. There was no additional information  
18 regarding that motive that was developed subsequent to  
19 August 28?

20 MS. BARTON: Objection, form, foundation.

21 MR. DiCIANNI: Yeah, I join.

22 BY MR. BOWMAN:

23 Q. Is that accurate?

24 A. Yes.

1 Q. Now, in Mr. DiCianni's questioning of you  
2 this morning, you touched pretty extensively on this  
3 already. Would it be fair to say that in your  
4 estimation as an experienced and trained investigator  
5 that the -- the circumstantial evidence, the motive  
6 evidence, the evidence as to means and opportunity  
7 with respect to John Murray was as great or stronger  
8 than the evidence against Beaman?

9 A. That's correct.

10 Q. Now, in terms of opportunity, what was the  
11 evidence with respect to John Murray?

12 A. John Murray had the opportunity.

13 Q. And why do you say that?

14 A. His -- where he lived, close proximity to  
15 Jennifer's apartment. The fact that they were to  
16 rekindle their relationship. To my knowledge, she was  
17 using him for the -- for the drugs and the sex.  
18 That's also substantiated by John Murray's statement  
19 that he supplied them. Also the fact that if you look  
20 at the phone record, it indicated that Murray was in  
21 town at the time. He admitted that as well.

22 Q. And in terms of whether any other person  
23 could provide Murray with an alibi for that full  
24 window of time when the murder was believed to have

1       been committed, what was the state of the evidence on  
2       that?

3           A.    His alibi?

4           Q.    Right.

5           A.    Other than taking at face value, his  
6       statement, Mackoway's statement and the documented  
7       phone call, that would be it.

8           Q.    And even if you took his statement and  
9       Mackoway's statement at face value, it'd be accurate  
10      to say, would it not, that Murray was not in anybody's  
11      presence for part of that window of time when the  
12      murder was believed to have been committed, accurate?

13          A.    Correct.

14          Q.    Now, you and Detective Hospelhorn conducted  
15      two interviews of Murray on September the 2nd and  
16      September the 8th, right?

17          A.    Correct.

18          Q.    And we've already in this deposition looked  
19      at the transcripts that were made of those interviews.  
20      And just to be clear, let me identify those numbers.  
21      They were Daniels Exhibit 13 was the -- includes the  
22      transcript of your September 2 interview. Daniels  
23      Exhibit 14 includes the transcript of your September 8  
24      interview, right? Take a minute to confirm that if

1 you could.

2 A. 14 and 13?

3 Q. Yes, sir.

4 A. So documented, yes.

5 Q. And would it be a fair summary that -- that  
6 Murray's stories as to his interactions with  
7 Lockmiller in the final weeks and days of her life  
8 were shifting and inconsistent on the -- during the  
9 course of those two interviews?

10 A. Correct.

11 Q. Specifically he provided different accounts  
12 of when he last saw Lockmiller, right?

13 A. Yes, he did.

14 Q. And he provided differing accounts of -- of  
15 the circumstances in which he last saw Lockmiller,  
16 whether he saw her in an apartment -- or in her  
17 apartment or whether he saw her in the company of  
18 Swaine in a parking lot, right?

19 A. Correct.

20 Q. And he also provided varying accounts of his  
21 own whereabouts on August 25, the day the murder was  
22 believed to have been committed or the day that  
23 investigators ultimately determined that the murder  
24 was -- was committed, right?

1 A. Yes.

2 Q. At one point saying that he was in Rockford  
3 on -- on that day and then at another point saying  
4 that he was -- he was in Normal, right?

5 A. Yes. Yes.

6 Q. And as a trained and experienced  
7 investigator, how did you assess these varying  
8 accounts that Murray provided during the two  
9 interviews that you and Hospelhorn conducted in  
10 September of 1993?

11 A. Well, our intentions were to have him  
12 polygraphed and try to determine what dates were the  
13 actual dates and if he had any knowledge as to who or  
14 if he himself had committed it.

15 Up to that point, I don't believe anything  
16 came across our desk indicating one or the other,  
17 other than his words and also Mackoway's words.

18 Q. Okay. And just as a general matter, when --  
19 in your experience as an investigator, when a suspect  
20 provides divergent accounts of his whereabouts on the  
21 date in question in a homicide investigation, the date  
22 of the murder, does that elevate suspicion with  
23 respect to the individual or not?

24 A. Yes, it does.

1 Q. Can you tell me why?

2 A. Well, this particular case, the Lockmiller or  
3 any other case, normally an individual comes in is  
4 going to have a rigid alibi. He was confused, like  
5 we -- as compared to Alan Beaman, and his demeanor and  
6 the fact he was unable to provide, whereas Alan was  
7 able to provide statements from other people that he  
8 was present or wasn't present, videotape, the fact  
9 that -- of his relationship with Jennifer made -- adds  
10 a lot of credence to the fact that we needed to look  
11 at him further.

12 Q. Now, when you were interviewing him on  
13 September 2, be accurate to say that this is less than  
14 two weeks subsequent to the date that the murder was  
15 believed to have occurred, right?

16 A. Yes.

17 Q. It wasn't like you were talking with him  
18 about two years ago, right?

19 A. Correct.

20 Q. And that elevated suspicion as well, I take  
21 it?

22 A. Yes.

23 Q. And you have made mention in your testimony  
24 so far of the fact that Murray informed you and

1 Mr. Hospelhorn in -- in one of his interviews, I think  
2 it was the second, that when he returned to Normal  
3 from a trip to Rockford in early September, that  
4 rather than staying at his apartment, he stayed at a  
5 motel. Do you recall that?

6 A. Yes.

7 Q. And did that account elevate suspicion for  
8 you and Mr. Hospelhorn with respect to Murray?

9 A. As to his reason behind that, it did.

10 Q. And can you explain that for us, please.

11 A. Why would he be afraid of Alan? Alan's a  
12 much smaller individual. That was the basic reason.  
13 And how he came about having knowledge of -- of the  
14 demise of Jennifer.

15 Q. So in -- in -- in layman's terms, that didn't  
16 make a lot of sense?

17 A. It didn't, no, a couple of other -- previous  
18 testimony. It just added more to the validity of his  
19 alibi, his involvement, et cetera.

20 Q. All right. And in his -- in your interviews  
21 with him on the 2nd and the 8th of September, Murray  
22 admitted to sexual relations with Lockmiller?

23 A. Yes.

24 Q. And -- and, in fact, his account with respect

1 to those sexual relations also changed from one  
2 interview to the next, right?

3 A. Yes.

4 Q. At one point he was saying they last had  
5 sexual relations a year ago, and then in another  
6 point, he was saying that it had been much more  
7 recent?

8 A. Yes.

9 Q. And did that -- did that have any effect on  
10 your view of Murray as a suspect in the investigation,  
11 the -- the information about sexual relations and the  
12 changing account that Murray gave of that?

13 A. In respect with his relationships with her,  
14 one point got my attention, and in so many terms I  
15 asked him the actual type of sexual relations you had,  
16 acts and so forth. It seems as though he had to  
17 defend himself by saying, oh, it was clean sex.  
18 Whereas, the scene of how Jennifer was discovered  
19 might suggest to someone else that, well, what's clean  
20 sex mean? What is clean sex? In other words, I  
21 interpreted clean sex as a man being the dominant  
22 partner.

23 Q. Okay.

24 A. And --

1 Q. Now -- and so would it be a fair summary to  
2 say that -- that your impressions of Murray's accounts  
3 of his sexual activities with Lockmiller suggested the  
4 possibility that he was being deliberately evasive  
5 with respect to that subject?

6 A. Yes.

7 Q. Now, was there also some information with  
8 respect to Murray's activities in terms of supplying  
9 Lockmiller with drugs? Supplying Lockmiller with  
10 drugs, did Murray provide information on that subject?

11 A. Yes, he did.

12 Q. And how did you evaluate that in terms of  
13 whether Murray needed to be looked at further as a  
14 suspect in this investigation?

15 A. As a possible motive, drug money.

16 Q. I mean, it was only \$20. So what -- what  
17 made you think that that -- that would constitute a  
18 motive for murder?

19 A. That's what he said, \$20.

20 Q. Well, what do you mean when you say that's  
21 what --

22 A. Or there could have been other instances  
23 where the amount of money that she owed him could have  
24 been greater.

1 Q. So the fact that there had been financial  
2 transactions between Lockmiller and Murray with  
3 respect to illegal substances suggested to you that --  
4 that -- that money might play in as a motivating  
5 factor here?

6 A. Correct.

7 Q. At least as a trained and experienced  
8 investigator, you couldn't rule that out?

9 A. Correct.

10 Q. And in your judgment as a trained and  
11 experienced investigator, can even small amounts of  
12 money in the context of drug transactions be an  
13 occasion for physical violence and even homicide?

14 A. In my opinion, it could very well be  
15 depending upon the individuals that are involved in  
16 this. In particular, John Murray being a dealer and  
17 being on steroids, it certainly could.

18 MR. BOWMAN: All right. Now, I don't think  
19 the smirk is really necessary, Tom.

20 MR. DiCIANNI: Oh, I wasn't smirking.

21 BY MR. BOWMAN:

22 Q. Okay. In any event, this had to be looked at  
23 further?

24 A. Yes.

1 Q. In your judgment?

2 A. Yes.

3 Q. Now, all of this led you -- and I believe  
4 it's mentioned in the second transcript -- to suggest  
5 to Murray that a polygraph examination would be the  
6 next step in the investigation as to him, right?

7 A. Yes.

8 Q. And you've testified about this before. Just  
9 moving forward quickly, you personally escorted Murray  
10 to the site where the Illinois State Police technician  
11 was prepared to conduct a polygraph?

12 A. Correct.

13 Q. And -- and then you received a report from  
14 the investigator the sum and substance of which was  
15 that Murray had not been cooperative in the  
16 investigation. And I don't want to put words in your  
17 mouth. Is that a fair summary of what you were told?

18 MS. BARTON: Objection to form and  
19 foundation.

20 MR. DiCIANNI: I'll join.

21 BY MR. BOWMAN:

22 Q. Well, let me then correct the form, and just  
23 ask you to state again what you were told with regard  
24 to Murray's performance in the attempted polygraph.

1 A. He would not set still.

2 Q. And you had -- in sitting still, obviously in  
3 your experience is a requirement to conduct a proper  
4 polygraph, right?

5 A. Correct.

6 Q. Because the whole idea of a polygraph is to  
7 measure galvanic skin response and heartbeat and  
8 respiration, the individual has to remain perfectly  
9 still in order for the examination to be reliable,  
10 right?

11 A. Correct.

12 Q. And did you -- had you in your interactions  
13 with Murray up to the point of the polygraph  
14 investigate -- polygraph examination that was  
15 conducted, had you noticed that -- that Mr. Murray had  
16 some sort of nervous condition, some sort of  
17 neurological problem, anything that in your  
18 observation would make it impossible for him to sit  
19 still?

20 MS. BARTON: Objection to foundation.

21 MR. DiCIANNI: Yeah, I'll join.

22 THE WITNESS: Do I think or do I -- am aware  
23 of anything that could have made him nervous?  
24

1 BY MR. BOWMAN:

2 Q. No, that's not what I'm asking.

3 A. Okay.

4 Q. I -- I -- I'll accept the point that any of  
5 numbers of things could have made him nervous. The  
6 fact that he's a drug dealer could make him nervous,  
7 right?

8 A. Correct.

9 Q. The fact that he's a suspect in a homicide  
10 investigation could make him nervous, right?

11 A. Correct.

12 Q. The fact that he may have killed  
13 Jennifer Lockmiller can make him nervous?

14 A. Correct.

15 Q. If that was true, right?

16 A. Right.

17 Q. So let's leave aside being nervous. I'm  
18 asking something else. Had you observed that  
19 Mr. Murray had a condition such that he couldn't sit  
20 still --

21 MS. BARTON: I'm going to object.

22 BY MR. BOWMAN:

23 Q. -- in your interactions with him on  
24 September 2, September 8 and on the day you took him

1 for the polygraph?

2 MR. DiCIANNI: Same objection. Yeah, I join.

3 MS. BARTON: Form and foundation.

4 THE WITNESS: I don't recall noting any such  
5 physical activity.

6 BY MR. BOWMAN:

7 Q. Okay. Now, and of course we're all -- all  
8 the lawyers here understand that in terms of whether  
9 an individual is a truthful person, that a polygraph  
10 examination is -- is in almost every jurisdiction in  
11 this country is inadmissible in court including in  
12 Illinois, and you know that, too, as a trained and  
13 experienced investigator, right?

14 A. Correct.

15 Q. But even so, investigators know that a  
16 polygraph examination can be a valuable tool, right?

17 A. Yes.

18 Q. It may not be admissible in court, but if the  
19 examination is conducted by an expert investigator who  
20 knows how to set up the questions and knows how to  
21 conduct the prepolygraph interview, the polygraph  
22 examination can at least be an indicator of truth,  
23 right?

24 A. Correct.

1 Q. And investigators commonly rely on those  
2 results along with other evidence as an indication  
3 that the individual may or may not be telling the  
4 truth, right?

5 MR. DiCIANNI: Object to lack of foundation.

6 BY MR. BOWMAN:

7 Q. Right?

8 A. That's true.

9 Q. I mean, based on your experience --

10 A. Yes.

11 Q. -- as an investigator, and you -- I'm  
12 assuming through the years in which you worked as an  
13 investigator, you would -- you would ask to have  
14 people polygraphed with that objective in mind?

15 A. Correct.

16 Q. Now, in addition, a polygraph can also be an  
17 investigative tool in the sense that it may put the  
18 fear of God into a subject, right?

19 A. Correct.

20 Q. So sometimes during the prepolygraph  
21 interview, in your experience, you may get a  
22 confession because the guy feels constrained by the  
23 circumstances of -- of going on a lie box to -- to  
24 actually come clean and confess?

1 MR. DiCIANNI: Object.

2 BY MR. BOWMAN:

3 Q. That can happen, right?

4 MR. DiCIANNI: Object, lack of foundation.

5 MS. BARTON: Join.

6 THE WITNESS: Or it also could possibly be  
7 that he's afraid that something else may be revealed  
8 that he does not want it be revealed.

9 BY MR. BOWMAN:

10 Q. Have you seen that happen in your experience?

11 A. Offhand, I couldn't say so many times or a  
12 particular case, no.

13 Q. But in general, you're aware of that?

14 A. Right, because a lot of individuals say I  
15 don't know if I want to take a polygraph or not, and  
16 we have to, by encouraging them to take one, explain  
17 to them that we're not interested in your window  
18 peeking experience or stealing the candy bar. We're  
19 interested in Lockmiller, information you may be aware  
20 of.

21 Q. All right. Now, if a subject is unwilling to  
22 take a polygraph, that is, if he says I'll take a  
23 polygraph and then he doesn't follow up and doesn't  
24 agree to go forward with the polygraph, that -- as an

1 experienced investigator along with any number of  
2 other things, you weigh that in as an indication of at  
3 least the subject's cooperation with the  
4 investigation, right?

5 A. Yes.

6 Q. So in the sense of being a further indication  
7 that Murray is somebody who needs to be looked at  
8 further, the fact that he was not cooperating in the  
9 polygraph and did not follow through in scheduling a  
10 follow-up polygraph, all that has to be weighed in  
11 with other things?

12 A. Yes, it does.

13 MR. DiCIANNI: Object, lack of foundation.

14 BY MR. BOWMAN:

15 Q. And it requires -- it's an indication that  
16 there's a need for further investigation, accurate?

17 MR. DiCIANNI: I'll object, lack of  
18 foundation.

19 MS. BARTON: Join.

20 THE WITNESS: Yes.

21 BY MR. BOWMAN:

22 Q. Now, in the -- fairly early on in the  
23 investigation as you've testified, Detective Belcher  
24 developed information that Murray was a confidential

1 informant following a drug bust of him that had  
2 occurred in January of 1993, right?

3 MS. BARTON: Object to foundation.

4 THE WITNESS: Yes.

5 BY MR. BOWMAN:

6 Q. And the fact that -- I wanted to clarify one  
7 thing that came up in Ms. Barton's examination of you.  
8 You indicated that in the circumstances where the task  
9 force works an individual as a CI following an arrest,  
10 that typically the arrest will not be made public.  
11 Did I get that right?

12 A. Correct. Typically, yes.

13 Q. And can you explain the reasons for that?

14 A. Well, one of two reasons. If the CS, CI,  
15 confidential source or informant is 100 percent  
16 cooperative with the agent, then surely that will be  
17 taken into consideration as far as any charges being  
18 filed by the State's Attorney's Office or the  
19 individual could absolutely refuse to show up or  
20 cooperate.

21 Q. Well, another -- let me ask you if this is  
22 accurate in your experience. Cooperation as a CI can  
23 be dangerous for the individual involved?

24 A. That's correct.

1 Q. And, in fact, if the individual is asked to  
2 record a transaction or participate in a transaction  
3 while under surveillance, if it were to be perceived  
4 or detected that the individual had, in effect,  
5 brought law enforcement to the transaction, that  
6 could -- that could be extremely dangerous for the  
7 individual, right?

8 A. That in and of itself, the scenario you just  
9 gave, yes.

10 Q. And would that be another reason why when a  
11 confidential informant arrangement is established with  
12 an individual subsequent to arrest, that the arrest is  
13 not made public?

14 A. Correct.

15 Q. Is it your understanding that that was the --  
16 the procedure with respect to Murray's January 1993  
17 arrest for possession with intent?

18 MS. BARTON: Objection to foundation.

19 BY MR. BOWMAN:

20 Q. Based on the information that Belcher  
21 developed?

22 A. Yes.

23 MS. BARTON: Same objection.

24 THE WITNESS: Yes.

1 BY MR. BOWMAN:

2 Q. And in your judgment as an experienced and  
3 trained detective, was the fact that Murray had been  
4 arrested for possession with intent and was being  
5 worked as a CI by Task Force 6, was that information  
6 that elevated suspicion of him with respect to the  
7 Lockmiller homicide?

8 MS. BARTON: Object to form and foundation.

9 MR. DiCIANNI: I join.

10 THE WITNESS: Yes.

11 BY MR. BOWMAN:

12 Q. Can you say why?

13 A. That indicates and it also later on would  
14 support the fact that there could have been -- that  
15 could have been the motive between him and Jennifer,  
16 money and drugs, and of his -- added further to his  
17 character whether we wanted to believe him or not.

18 Q. All right. So this was further information  
19 that would be important to anyone in evaluating Murray  
20 as a suspect, fair?

21 MS. BARTON: Objection, foundation.

22 THE WITNESS: Yes.

23 MR. DiCIANNI: Join.

24

1 BY MR. BOWMAN:

2 Q. And similarly with respect to the polygraph  
3 examination and Murray's noncooperation in the  
4 polygraph, his failure to schedule a repeat polygraph,  
5 that as well would be important information for  
6 anybody who was evaluating Murray as a possible  
7 suspect?

8 MS. BARTON: Objection to foundation.

9 MR. DiCIANNI: I join.

10 THE WITNESS: Yes.

11 BY MR. BOWMAN:

12 Q. Now, subsequent -- you've testified about  
13 this already -- subsequent to the charges against  
14 Beaman, it came to your attention, did it not, that  
15 Murray had been arrested on a domestic violence case,  
16 right?

17 A. Yes.

18 Q. And I think we've established in this  
19 deposition that that arrest took place at some point  
20 in October of 1994. Does that jibe with your memory?

21 A. Yes.

22 Q. And do I have it accurate that your -- you  
23 became aware of this charge as a result of just  
24 following the daily information flow within the police

1 department as to arrests that were taking place?

2 A. Either that means or someone -- police  
3 officer would have brought to my attention.

4 Q. All right. And did you elect to follow up  
5 and do further investigation on that matter?

6 A. Not -- not as far as the incident itself.

7 Q. Well, let me ask it in a better way. Did you  
8 read the reports.

9 A. Yes.

10 Q. And in your judgment, was it appropriate for  
11 you as a trained investigator with involvement in  
12 the -- or history of involvement in the Lockmiller  
13 homicide investigation to follow up with respect to  
14 the reports on Murray after you learned of this  
15 arrest?

16 A. Yes.

17 Q. In your judgment, would any trained and  
18 experienced investigator know to do that?

19 MR. DiCIANNI: I'll object to foundation.

20 THE WITNESS: Knowing to do it and doing it,  
21 I would think so in my opinion.

22 BY MR. BOWMAN:

23 Q. And tell us again what you learned when you  
24 read the reports?

1           A.    When I read the report, it indicated how and  
2 by what means that Murray committed the act of --  
3 alleged act of domestic violence, choked --

4           Q.    And --

5           A.    I'm sorry.

6           Q.    No.  You go ahead.

7           A.    Meaning choking her and sitting on her and  
8 pounding her in the chest with his fist.

9           Q.    And as a trained and experienced  
10 investigator, did that have any significance for you  
11 with respect to Murray's status as a suspect in the  
12 Lockmiller homicide investigation?

13          A.    I saw a correlation between that incident and  
14 also the way Jennifer had met her death.

15          Q.    Why don't you explain that to us again.

16          A.    The neck incident or as Murray was choking  
17 Debbie as -- certainly could explain why Jennifer was  
18 strangled.  I see a correlation there, the neck.

19                Secondary, I see the -- the attack up on the  
20 chest, the beating, the pounding, if you will, the  
21 chest of Debbie versus Jennifer being stabbed in the  
22 chest with scissors.

23          Q.    All right.  And would you agree with the  
24 proposition that anyone interested in evaluating

1 Murray as a possible suspect for the homicide of  
2 Jennifer Lockmiller would want to know the information  
3 regarding the facts and circumstances underlying  
4 Murray's domestic violence arrest in October 1994?

5 MS. BARTON: Objection, foundation.

6 MR. DiCIANNI: Yeah, same.

7 THE WITNESS: In my opinion, yes.

8 BY MR. BOWMAN:

9 Q. You've indicated in your testimony that you  
10 don't have a present recollection of an individual by  
11 the name of Rob Curtis whose name also came up in the  
12 Lockmiller homicide investigation?

13 A. Correct.

14 Q. If I were to suggest to you that Curtis was  
15 an individual whom Lockmiller had encountered at a  
16 health club in the weeks prior to her death, would  
17 that refresh your recollection as to who Rob Curtis  
18 was?

19 A. The health club does, yes.

20 Q. And if I were further to suggest to you that  
21 Mr. Curtis was an individual who was involved in a  
22 series of incidents involving the torture of cats,  
23 would that further refresh your recollection  
24 concerning Rob Curtis?

1 A. Not that in particular, no.

2 Q. Capturing cats and breaking their legs and  
3 this sort of thing, is that --

4 A. Well, that would be an indication of the  
5 person's personality as far as being violent.  
6 Torturing animals sure is an indication of -- of  
7 violence as a propensity to commit further violence.  
8 I think it's one of the legs to try of a serial killer  
9 being that torturing animals and, if you will,  
10 bed-wetting and window peeking.

11 Q. Right.

12 MR. DiCIANNI: I'm sorry?

13 MR. BOWMAN: Bed-wetting and window peeking.

14 MR. DiCIANNI: Is what?

15 THE WITNESS: It adds to the propensity of an  
16 individual along with the torture of animals to become  
17 a serial killer, not saying all people are.

18 MR. DiCIANNI: No, I gotcha.

19 THE WITNESS: Yes. We can look at Dahmer and  
20 so forth.

21 MR. DiCIANNI: Yeah.

22 BY MR. BOWMAN:

23 Q. Now, as a general proposition, would you  
24 agree that the responsibilities of the investigators

1 engaged in the Lockmiller homicide investigation  
2 should have included following up on any individuals  
3 whom Lockmiller had come into contact with in the  
4 weeks prior to her death?

5 MS. BARTON: Objection to form.

6 MR. DiCIANNI: Yeah, I join.

7 THE WITNESS: Yes.

8 BY MR. BOWMAN:

9 Q. Why do you say that?

10 A. This particular type of crime we usually --  
11 you usually look at an acquaintance and the way the  
12 crime was committed, and that's exactly what we were  
13 doing. Victimology played an important part as to why  
14 the individual was a victim. Her -- her social  
15 habits, people she kept company with, the location  
16 where she lived, so forth and et cetera.

17 Q. Now, would it further refresh your  
18 recollection as to Curtis if I were to suggest to you  
19 that -- that there was information in the  
20 investigation that Curtis had made some overture to  
21 Lockmiller in terms of wanting to -- to go out with  
22 her romantically prior to her death? Does that ring a  
23 bell as well in addition to the health club?

24 A. No. The health club just stands out for some

1 reason in my mind as being somebody that had worked  
2 there or association with the health club.

3 Q. All right. Well, hypothetically, if -- if  
4 Lockmiller in the weeks prior to her death had had an  
5 encounter, one or two encounters with an individual at  
6 a health club, who on at least one occasion invited  
7 her out on a date, and that individual was implicated  
8 in a series of events involving cat torture and that  
9 individual also did not have a known alibi for the  
10 date and time that the investigators believed  
11 Lockmiller was murdered, is that a matter in your  
12 judgment as a trained and experienced investigator  
13 that should be followed up on?

14 MS. BARTON: Objection to form and  
15 foundation.

16 MR. DiCIANNI: Yeah, I join.

17 THE WITNESS: Yes.

18 BY MR. BOWMAN:

19 Q. Would the follow-up of such an individual  
20 include obtaining the reports regarding the  
21 individual's arrests --

22 MS. BARTON: Same objection.

23 MR. DiCIANNI: I'll join.

24

1 BY MR. BOWMAN:

2 Q. -- as a matter of standard practice for  
3 trained and experienced investigators?

4 A. If we're --

5 MS. BARTON: Same objection.

6 THE WITNESS: If we're looking at -- let me  
7 see if I understand this question. Looking at Rob --  
8 Rob or Ron Curtis still?

9 BY MR. BOWMAN:

10 Q. Yes, sir.

11 A. That information that you just shared with  
12 me, whether or not I had privy to, sure would warrant  
13 further investigation into Mr. Curtis.

14 Q. All right. The -- there's been some  
15 testimony on the -- the circumstances in which a  
16 police officer at the Normal Police Department should  
17 prepare a report.

18 Would in your judgment if an investigator  
19 were to learn about this individual that I've asked  
20 you to assume Rob Curtis was hypothetically, would the  
21 information that I just indicated, that he had had the  
22 encounter with Lockmiller, that he had asked her out,  
23 that in addition he had this cat torture behavior in  
24 his background, would that warrant preparing a report

1 for the file --

2 MS. BARTON: Object to form and foundation.

3 BY MR. BOWMAN:

4 Q. -- in your judgment?

5 MR. DiCIANNI: Yeah, I'll join.

6 THE WITNESS: Yes.

7 BY MR. BOWMAN:

8 Q. Now, in the circumstance that we have been  
9 talking about of the Lockmiller homicide investigation  
10 where the evidence against John Murray is the same as  
11 or greater than the evidence against Beaman with  
12 respect to the murder, where there were other  
13 individuals that investigators have not excluded,  
14 Rob Curtis among them, in your judgment as a trained  
15 and experienced investigator, is it appropriate in  
16 that state of play for investigators to make an arrest  
17 of Beaman?

18 MS. BARTON: Objection to form and  
19 foundation.

20 MR. DiCIANNI: I join.

21 THE WITNESS: In my opinion?

22 BY MR. BOWMAN:

23 Q. In your opinion.

24 A. The case was not -- or the investigation was

1 not complete, and for the sake of arresting somebody,  
2 even though you had probable cause, I think a  
3 responsible investigator on his own should not make  
4 that call. Does that make sense --

5 Q. Well, let's --

6 A. -- or answer to your question?

7 Q. Let's be clear. The judgment as to probable  
8 cause to charge Beaman with homicide, that -- that  
9 lies with the -- with the prosecutor, correct?

10 A. Correct.

11 Q. And as a police officer, your responsibility  
12 is -- is -- any other investigator's responsibility is  
13 to gather evidence and to present it and to make  
14 assessments, right?

15 A. Correct.

16 Q. And what I'm understanding you to say is that  
17 in your judgment as a trained and experienced police  
18 officer, it would not be appropriate to evaluate this  
19 case as ready for charges against Beaman at the time  
20 when Murray and others had not been eliminated as  
21 suspects as good or better than Beaman for the crime,  
22 accurate?

23 MS. BARTON: Objection. Objection to form  
24 and foundation.

C07244

1 MR. DiCIANNI: I join.

2 THE WITNESS: Correct.

3 BY MR. BOWMAN:

4 Q. In your opinion, in 1993 and 1994, was  
5 Tim Freesmeyer qualified to serve as the lead  
6 detective, primary detective, senior detective,  
7 however you term it, in a high profile homicide  
8 investigation?

9 A. In my opinion --

10 MR. DiCIANNI: Object to foundation.

11 THE WITNESS: In my opinion, no.

12 BY MR. BOWMAN:

13 Q. For lack of experience?

14 A. Yes, experience as well as training.

15 Q. And you've testified on this previously that  
16 Freesmeyer at that point in time had no training in  
17 homicide investigations, interviewing and  
18 interrogation and in investigation generally  
19 sufficient to qualify him for that job?

20 A. That's my opinion, yes.

21 Q. All right. Now, in the course of the  
22 investigation, the folks who were working the case  
23 came into possession of some phone records relating to  
24 John Murray, right?

1 A. Yeah.

2 MR. DiCIANNI: I'll object to foundation.

3 MS. BARTON: Yeah, form.

4 MR. DiCIANNI: Form.

5 BY MR. BOWMAN:

6 Q. Is that -- is that accurate?

7 A. There are phone records available in the  
8 case.

9 Q. Right. Let's take a look at Exhibit --  
10 Exhibit 15 again.

11 A. 13?

12 Q. 15.

13 A. 15.

14 MR. DiCIANNI: Well, I have to get my  
15 glasses. Can we wait just one second?

16 MR. BOWMAN: Sure.

17 (Brief pause.)

18 BY MR. BOWMAN:

19 Q. Do you have 15 in front of you?

20 A. Exhibit 15, yes.

21 Q. If you look at the back of that exhibit,  
22 you'll see at pages 778, 779, and 780 that there are  
23 grand jury subpoenas that were issued to the phone  
24 companies for various phone records.

1 A. 7 and 8, okay.

2 Q. 778, 779, and 780, all the way toward the  
3 back.

4 A. Sure. I have them.

5 Q. And is it your understanding and recollection  
6 that in the course -- in the early stages when you  
7 were involved in the Lockmiller homicide investigation  
8 on an active basis, that investigators searched out  
9 for telephone records with respect to various phone  
10 numbers that were of significance?

11 A. Yes.

12 Q. And these subpoenas here are -- are examples  
13 of grand jury subpoenas that were issued in September  
14 of 1993 for phone records?

15 A. Yes.

16 Q. As an experienced investigator, based upon  
17 the information that was developed on John Murray in  
18 his interviews, was it an appropriate step for  
19 investigators to subpoena Murray's phone records?

20 A. Yes.

21 Q. And indeed there's an indication in the  
22 interviews that you were moving in that direction of  
23 subpoenaing his phone records?

24 MS. BARTON: I'm going to object to

1 foundation.

2 BY MR. BOWMAN:

3 Q. Is that accurate?

4 MR. DiCIANNI: I join.

5 THE WITNESS: If -- if that was documented,  
6 yes.

7 BY MR. BOWMAN:

8 Q. And in your judgment -- I mean, Murray  
9 provided some information to you in his interviews  
10 that -- that there had been some phone contact between  
11 him and Lockmiller at various points?

12 A. Yes, that's correct.

13 Q. And in your judgment as an experienced  
14 investigator, would an appropriate step given the fact  
15 that Murray was not excluded as a suspect, would it be  
16 appropriate to obtain a grand jury subpoena for  
17 Murray's phone records as part of the investigation in  
18 the latter part of 1993?

19 MS. BARTON: Objection.

20 MR. DiCIANNI: Objection.

21 MS. BARTON: Foundation.

22 MR. DiCIANNI: Foundation, form.

23 THE WITNESS: Yes.

24

1 BY MR. BOWMAN:

2 Q. Do you have any specific recollection of  
3 whether that was done?

4 A. Personally, no, I do not have any  
5 recollection.

6 Q. Would it -- would it surprise you in light of  
7 all the information that you know about this  
8 investigation if that was, in fact, done?

9 A. Yes.

10 Q. Meaning --

11 A. Oh, I'm sorry, no. Surprise me if it was not  
12 done, and as I'm sitting here recalling, I do recall  
13 phone records coming in regarding John Murray's phone  
14 number both in Bloomington and his mother's residence.

15 Q. Right. And you testified about this  
16 yesterday, but the -- the -- the phone records had  
17 significance in the investigation in a couple of  
18 respects, right? Murray's phone records.

19 A. Yes, it does.

20 Q. For one thing, the phone records establish  
21 that Murray's phone in his apartment was used on  
22 August 25, right?

23 A. If that's the date, yes.

24 Q. Which is the date of the murder?

1 A. Right.

2 Q. Right?

3 A. Right.

4 Q. And that is significant corroboration for the  
5 fact that when he said he was not in Normal on  
6 August 25, that that was either incorrect or a  
7 deliberate lie?

8 MS. BARTON: I'm going to object to form and  
9 foundation.

10 BY MR. BOWMAN:

11 Q. Accurate?

12 A. That's accurate.

13 Q. And the phone records also had significance  
14 in your judgment as an investigator because of a phone  
15 call that Murray made to Deborah Mackoway, right?

16 A. Correct.

17 Q. And can you explain for us again what the  
18 significance of that was?

19 A. It would substantiate the fact that Murray  
20 was in his apartment, that she was at work at that  
21 particular time that show -- phone indicated that a  
22 call was made from his apartment. Whether or not John  
23 himself made that call, we'd have to rely upon  
24 John Murray's testimony as well as Deb Mackoway.

1 Q. Right. And the fact that the phone call was  
2 made suggested to you as an experienced investigator  
3 at least the possibility that Murray was acting in a  
4 way to deliberately create an alibi for himself; is  
5 that accurate?

6 A. Certainly that's one way to look at it, yes.

7 Q. And, again, as with all these things, as an  
8 experienced investigator, you're not committing to one  
9 particular explanation for why a phone call was made.  
10 You have to keep all of this information in mind as  
11 you proceed further and continue evaluating and  
12 reevaluating, accurate?

13 A. Correct.

14 MR. DiCIANNI: I object to the form.

15 BY MR. BOWMAN:

16 Q. And indeed anyone who wanted to understand  
17 the information relating to Murray, relating to his  
18 whereabouts on August 25 and relating to Murray's  
19 viability as a suspect for this crime would be  
20 benefited by having the phone records from Murray's  
21 apartment in Normal, from the residence in Rockford as  
22 well on the dates in question, accurate?

23 MR. DiCIANNI: I object, form and foundation.

24 MS. BARTON: I'll join.

1 THE WITNESS: Correct.

2 BY MR. BOWMAN:

3 Q. Assuming that the phone records as you  
4 testified you believe occurred, that those phone  
5 records were obtained by grand jury subpoena -- I mean  
6 the phone records for Murray -- in the course of the  
7 investigation in early nineteen ninety -- in late  
8 1993 -- let me start that question over again. I  
9 already lost track of it. Here comes the question  
10 again, Mr. Daniels.

11 Assuming that Murray's phone records were  
12 acquired by grand jury subpoena in the course of the  
13 Lockmiller homicide investigation in September or  
14 October of 1993, would it be your expectation that  
15 those phone records should be placed in the main file  
16 for transmission to -- for further use in the  
17 investigation for transmission to the lawyers involved  
18 in the criminal case?

19 MR. DiCIANNI: Object.

20 MS. BARTON: Objection; form, foundation.

21 MR. DiCIANNI: Join.

22 THE WITNESS: Yes.

23 BY MR. BOWMAN:

24 Q. Now, earlier today you were shown a copy of a

1 subpoena that I can't find right now.

2 MR. DiCIANNI: You mean the one we had  
3 earlier?

4 MR. BOWMAN: Yeah.

5 MR. DiCIANNI: 27.

6 MR. BOWMAN: 27, right.

7 BY MR. BOWMAN:

8 Q. If you could place 27 in front of you,  
9 Mr. Daniels. It was the one exhibit that was marked  
10 so far today. I think I see it right there. You can  
11 look at the front of Exhibit 27. You see that this is  
12 a subpoena that was issued -- I believe it's in the  
13 year 2000, right?

14 A. Yes. Uh-huh.

15 Q. And to whom is the subpoena addressed?

16 A. To whom it's addressed?

17 Q. Who -- who -- the subpoena is to the  
18 Normal Police Department, right?

19 A. Correct, it's the Normal Police Department.

20 Q. It's not to Tony Daniels, right?

21 A. Correct.

22 Q. And it's -- did you ever get served  
23 personally with a subpoena for phone records relating  
24 to Murray? And the subpoena asks for certain phone

1 records, right?

2 A. Correct.

3 Q. And the phone records are attached as part of  
4 Exhibit 27?

5 MR. DiCIANNI: Yes.

6 THE WITNESS: Yes.

7 MR. BOWMAN: Tom's answering the questions  
8 now. He's helping us out. I'm sorry, that was a  
9 gratuitous comment. So let's move past that, and I'm  
10 going to ask a new question. I apologize for being  
11 facetious.

12 BY MR. BOWMAN:

13 Q. Do you have any reason whatsoever to believe  
14 that you would somehow have personally responded to a  
15 phone records subpoena directed to the Normal Police  
16 Department for phone records in the possession of the  
17 Normal Police Department by somehow providing records  
18 that were not at Normal Police Department but were in  
19 your possession? Do you have any reason to believe  
20 that that scenario would have unfolded?

21 MS. BARTON: Objection; form, foundation.

22 MR. DiCIANNI: I object to form and  
23 foundation.

24 THE WITNESS: Well, let me answer that by

1 saying it's addressed to Normal Police Department.  
2 That would go to records. Records would execute the  
3 subpoena.

4 BY MR. BOWMAN:

5 Q. The answer to my question is no?

6 A. Correct. Right. No.

7 Q. All right. Now, I want to ask you some  
8 questions about your trip to Chicago to talk with  
9 Lieutenant Reagan and others in the Chicago Police  
10 Department regarding this investigation. And I  
11 appreciate that your recollections of this are -- are  
12 incomplete, but to the best of your recollection,  
13 whose idea was it to go for investigators with  
14 familiarity with the Lockmiller homicide investigation  
15 to go to Chicago and talk to Chicago Police about the  
16 case?

17 A. I could not say definitely whose idea it was.

18 Q. Did you -- did somebody give you direction to  
19 participate in that trip? Did you get an order to go?

20 A. I don't recall other than the fact that  
21 Lieutenant Zayas, myself and Tim Freesmeyer were the  
22 designated, selected, ordered, but we were the three  
23 that actually went.

24 Q. All right. Did the trip to Chicago have

1 anything to do -- and -- and I believe that the  
2 testimony yesterday and the review of documents  
3 yesterday established that the trip to Chicago  
4 occurred at some point in February 1994. Is that  
5 consistent now with your best recollection of it?

6 A. Well, if that's what the document said, I  
7 would -- I would have to concur with that. I don't  
8 recall the exact date.

9 Q. And we could go out -- we could go find the  
10 document again, but I don't think anybody's going  
11 to -- going to --

12 A. Okay.

13 Q. -- differ that the -- to the extent that  
14 there's a record of when the documents indicate  
15 February of 1994. And I just want to confirm, you  
16 don't have any quarrel with that?

17 A. Correct.

18 Q. Now, when you went to Chicago, was that  
19 because at that particular point in time the  
20 Lockmiller homicide investigation was essentially  
21 stalled?

22 A. My opinion, yes.

23 Q. And would it be a fair summary to say that  
24 the trip to Chicago was -- was a matter of reaching

1 out to another police agency for advice about how to  
2 move forward in the investigation and bring it to  
3 completion?

4 MR. DiCIANNI: I'll object to form,  
5 foundation.

6 MS. BARTON: Join.

7 THE WITNESS: Correct.

8 BY MR. BOWMAN:

9 Q. Now, let's look again at Exhibit 11 which is  
10 one of those in the big stack in front of you.  
11 Here's -- here's my copy of it just so you can see.  
12 It says Sex, Drugs, Motive, Suspect John Murray on the  
13 front of it, and the first page is -- is 0001.

14 THE WITNESS: I had them in order.

15 MS. BARTON: Did you? Oh, well, then --

16 THE WITNESS: Oh, okay.

17 MS. BARTON: We're trying to keep the big one  
18 out of the way.

19 THE WITNESS: Thank you much.

20 MS. BARTON: Okay.

21 BY MR. BOWMAN:

22 Q. Now, you were shown during Ms. Barton's  
23 examination yesterday, you were directed to page 15 of  
24 Exhibit 11 which includes some numbered paragraphs.

1 And my understanding of your testimony was that you  
2 could not be certain whether these notes on this  
3 particular page were made during the -- during the --  
4 contemporaneously with the -- with the Chicago Police  
5 visit or whether these are notes that you made at a  
6 subsequent time. Do I have -- is that your position  
7 on it?

8 A. Yes, your assumption is correct.

9 Q. All right. At the top of the page, we see  
10 the date 2-18-1994 and the word Chicago PD, right?

11 A. Correct.

12 Q. And then the first of these numbered  
13 paragraphs reads -- and is this your handwriting?

14 A. Yes, that's my handwriting.

15 Q. I think you testified to that yesterday. I  
16 just wanted to double confirm it.

17 So the first -- the first number here reads:  
18 "Ball of hair found in bathroom. Cat hair? Was this  
19 ball of hair examined?"

20 Can you ex -- let me ask you this:  
21 Recognizing that these may or may not be  
22 contemporaneous notes, does this statement that I just  
23 read jibe with your memory of a -- of a point that was  
24 made during the discussion with the Chicago Police

1 detectives?

2 MR. DiCIANNI: Object to speculation.

3 MS. BARTON: Join.

4 BY MR. BOWMAN:

5 Q. And I'm not asking you to speculate. I'm  
6 asking whether you recall some discussion at the  
7 Chicago Police Department concerning a ball of hair  
8 found in the bathroom?

9 A. Statement one contents, is that what you're  
10 saying?

11 Q. Yes, sir.

12 A. That could have come from the discussion we  
13 had with them or that statement written in my  
14 handwriting could have come from perhaps other  
15 documents in the case.

16 Q. All right. Same question with respect to  
17 two. This reads: "Was the question asked about what  
18 Jennifer was wearing in class the morning she died?"

19 Do you have a recollection of that coming up  
20 in the Chicago Police meeting?

21 A. The answer is no, I don't have any  
22 recollection where it -- if it came from that  
23 discussion or not.

24 Q. Okay. And then number three: "Strength is

1 required to bury the scissors in her chest."

2 Is that an observation that was made by one  
3 of the participants in the Chicago Police meeting?

4 MR. DiCIANNI: Object to speculation.

5 MS. BARTON: Yeah.

6 MR. BOWMAN: I'm not asking for speculation.  
7 I'm just asking.

8 MR. DiCIANNI: Well, you're ask -- you are  
9 asking for speculation because he said he doesn't  
10 recall on the other ones. The other ones you asked  
11 him do you recall. This one you're asking him if it's  
12 a fact, so I'm objecting to speculation.

13 MR. BOWMAN: Well, okay, whatever.

14 BY MR. BOWMAN:

15 Q. You can answer the question.

16 A. It could have came from the discussion with  
17 the two Chicago detectives, yes.

18 Q. Okay. Do you have a specific recollection of  
19 that coming up?

20 A. No, I do not.

21 Q. Okay. And then there are a couple of  
22 asterisks by number four. "Footsteps were heard by  
23 Singley, but no car was heard leaving."

24 Is this something that you recall

1 specifically coming up in the Chicago Police meeting?

2 A. No, I don't recall that, but it could have.

3 Q. Okay. Number five with a single asterisk  
4 next to it reads: "Recheck with Ryan Campbell's  
5 statement and Kristen Grooms."

6 Does that jog your memory as to something  
7 that specifically came up in the Chicago Police  
8 meeting?

9 A. Again, it does not.

10 Q. All right. Now, the next one is not preceded  
11 by a number. There are a couple of asterisks that are  
12 circled and then three numbered bullets. Number one,  
13 continued to talk to him; number two, polygraph,  
14 question mark, pressed by -- preceded by interview;  
15 number three, quote, boss-bad guy, closed quote. I  
16 need something to get the boss off of my back.

17 Is that something -- advice that you remember  
18 the Chicago Police detectives giving as to how to  
19 proceed in the case?

20 A. These three particular bullets does.

21 Q. Okay. You do recall --

22 A. Or do.

23 Q. You do recall that there was -- that -- that  
24 the Chicago Police detectives said proceed in the

1 efforts to talk to him being Alan Beaman; is that  
2 right?

3 A. Correct.

4 Q. And to attempt to convince him to come in for  
5 a polygraph that would be preceded by an interview,  
6 and then in terms of the approach with Beaman, to use  
7 the ploy of it's not my fault, the boss is pushing me  
8 to talk to you, I need -- I need you to give me  
9 something to get the boss off of my back?

10 A. True.

11 MR. BOWMAN: Okay. Now, I'm going to mark  
12 for identification -- I'm not going to mark for  
13 identification.

14 THE COURT REPORTER: 28.

15 MR. BOWMAN: 28 is going to be some notes  
16 that come from Tony Matens, and they are Bates  
17 numbered Matens Notes 100, 101 and 102. It's just a  
18 selection from the -- the Matens's notes. This is  
19 going to be 28. If you'd do the honors.

20 (Whereupon, Daniels Deposition  
21 Exhibit No. 28 was marked.)

22 BY MR. BOWMAN:

23 Q. Take a minute to look those over. I'm going  
24 to direct you to page 102. What I'm particularly

1 interested in is the -- the notes -- the notes here on  
2 page 102.

3 It has been -- and I wasn't present at  
4 Mr. Matens's deposition, but it's my understanding  
5 that Mr. Matens has identified these pages as notes  
6 that he took at various points in his work on  
7 Mr. Beaman's behalf subsequent to Beaman's conviction.  
8 And among others, he's got notes of meetings that --  
9 that you had with him.

10 A. Okay.

11 Q. Okay. And these three pages, again, I'll  
12 represent to you my belief that it's been established  
13 that Mr. Matens has confirmed that these are notes  
14 that he made of a meeting that he had with you, again,  
15 subsequent to the conviction?

16 MS. BARTON: May I see a copy?

17 MR. BOWMAN: Oh, I'm so sorry.

18 MS. BARTON: Thanks.

19 MR. BOWMAN: Now, I'll -- hold off on  
20 answering that question until Ms. Barton and  
21 Mr. DiCianni have had an opportunity to observe the --  
22 observe the exhibit. I'm sorry for not passing it  
23 out.

24 MS. BARTON: Okay. I'm familiar with it.

1 MR. BOWMAN: You guys let me know when you're  
2 ready for me to proceed.

3 MR. DiCIANNI: Okay.

4 BY MR. BOWMAN:

5 Q. According to Mr. Matens's notes, it appears  
6 that you talked with him in one of your meetings  
7 regarding the trip that you and the other  
8 investigators took to the Chicago Police Department,  
9 and I'm referring to that section on page 102 that I  
10 directed you to where it says Chicago PD gave them  
11 suggestions. Do you see where I am?

12 A. Yes. Uh-huh.

13 Q. And then the next line reads: Just as much,  
14 if not more, circumstantial evidence as on -- and then  
15 there's a delta symbol which I believe refers to  
16 Beaman -- as on delta, on Murray. Concerned about  
17 Murray because of steroids. Why in noted -- why in  
18 motel next weekend, why afraid of -- again, there's a  
19 delta symbol. Tel records of Murray's apartment. I  
20 think that's telephone records of Murray's apartment.  
21 Who made calls. Show, ask Debbie Mackoway. And then  
22 int, i-n-t, which may mean interest or interested in  
23 ball of hair in bathroom. Cat hair is in parentheses.  
24 Then did she change clothes from class. I can't read

1 the next word, but then on the next line it says death  
2 and then footsteps heard by Singley.

3 Q. And you can see that in terms of this -- this  
4 account here, there's some correlation, right, between  
5 the -- the notes on page 15 of Exhibit 11 and this  
6 conversation with -- with -- that Matens has made  
7 notes of on page 102 of Exhibit 28, right?

8 MS. BARTON: I'm going to object to form and  
9 foundation.

10 MR. DiCIANNI: I'll join.

11 THE WITNESS: Correct.

12 BY MR. BOWMAN:

13 Q. Does this refresh your recollection that the  
14 Chicago Police meeting in addition to including  
15 discussion about Beaman also included discussion about  
16 Murray?

17 A. Yes.

18 Q. What do you remember?

19 A. Well, it appears to me that what is here in  
20 Exhibit --

21 Q. 27 -- 15.

22 MS. BARTON: 11.

23 BY MR. BOWMAN:

24 Q. 11.

1           A.    -- 11 substantiates what Tony had written.  
2           Now, whether this information he recorded came from my  
3           notes, which it appears because it's almost verbatim,  
4           and whether these notes came from that meeting with  
5           Chicago PD.

6                        So one can -- could draw the conclusion that  
7           the notes in Exhibit 11 were the result of the meeting  
8           with the Chicago PD and that's my handwriting.

9           Q.    And is your recollection refreshed that when  
10           you talked with the Chicago Police Department, you  
11           also talked about Murray as a suspect?

12                       MS. BARTON:  Objection to foundation.

13                       THE WITNESS:  Yes.

14           BY MR. BOWMAN:

15           Q.    Was there also discussion with the  
16           Chicago Police Department of the fact that there was  
17           additional or greater circumstantial evidence against  
18           Murray relative to Beaman?

19                       MS. BARTON:  Objection to foundation.

20                       MR. DiCIANNI:  Join.

21                       THE WITNESS:  According to Tony Matens's  
22           notes, that's what it appears.  I can't speak for --  
23           for his notes or conclusions he drew from my notes --

24

1 BY MR. BOWMAN:

2 Q. Okay. Well --

3 A. -- or conversations.

4 Q. -- my question is whether -- whether you can  
5 state a recollection of the meeting with the  
6 Chicago Police Department to that effect?

7 A. I -- that particular statement, no, I can't  
8 recall.

9 Q. Okay. Now, let's turn to this seminar that  
10 you attended in Jacksonville, Florida. Some of this  
11 you've been through before, but I want to make sure  
12 that I understand. Whose idea was it that you attend  
13 the seminar in Florida?

14 A. The -- the idea -- it could -- the person  
15 that called me and wanted me to go was Assistant Chief  
16 Walt Clark. Now, that could have come from the chief  
17 himself. I don't know. But he called me --  
18 Walt Clark called me direct at home.

19 Q. And what did he say to you?

20 A. How would you like to go to unresolved class  
21 in Florida -- Jacksonville, Florida. I said, yeah. I  
22 said, can I take Rostadt case with me. Rostadt case  
23 is another unresolved homicide case. He says, no, we  
24 want you to take the Beaman case with you.

1 Q. Was there any discussion of why he wanted you  
2 to take the Beaman case to an unresolved homicide  
3 seminar in Florida?

4 A. No, he did not explain his reason.

5 Q. Now, you've alluded several times to your  
6 process of preparation for this seminar. And I'm  
7 wondering if at this point you can elaborate a little  
8 bit on how you went about preparing for the seminar?  
9 Did you have some contact with the folks who were  
10 putting on the seminar as to what it was that you  
11 needed to do in order to prepare to participate?

12 A. The contact came through a format that I had  
13 received. Where that format came from, I do not know.  
14 It could have come directly from the people in  
15 Florida, or it could have come from Walt Clark who  
16 maybe had gotten it from them.

17 Q. All right.

18 A. Or it could have come through our training  
19 office.

20 Q. Okay. Take a look at Exhibit 23, which is  
21 one of the exhibits that was marked yesterday, and  
22 this is your blue binder labeled Notes From Unresolved  
23 Homicide Class.

24 A. I had -- that's the entire exhibit that I had

1 in numerical order. Okay, 23.

2 Q. Do you see the format anywhere within  
3 Exhibit 23?

4 A. That we had just discussed?

5 Q. Yes, that you referred to in your last  
6 answer?

7 A. Yes, I do.

8 Q. Can you identify that by Bates page?

9 A. Pages 1212, 1213, 1214, 1215.

10 Q. All right. So the first part of the format  
11 required you to assemble a summary of the physical  
12 evidence in the case; is that right? Just -- I don't  
13 want to --

14 A. Yes.

15 Q. Tell me if you could with reference to  
16 this -- this document that you've just identified what  
17 it was that you were expected to gather together in  
18 preparation for your participation in the seminar?

19 A. A copy of the updated case.

20 Q. When you say a copy of the updated case, what  
21 do you mean by that?

22 A. Most recent developments.

23 Q. And is that the summary that appears on  
24 page 1213?

1           A.    No.  That would include the binders, if you  
2 will, please, that I had taken down there with me.

3           Q.    Okay.  So that would -- that would include  
4 your personal working file in the case?

5           A.    Yes.

6           Q.    And what else?

7           A.    I recall having slides made from photographs  
8 of the crime scene.

9           Q.    Okay.  So the expectation was that as part of  
10 your presentation of the case, you would be able to  
11 walk the other seminar participants through the crime  
12 scene using photographs?

13          A.    That's correct.

14          Q.    Okay.  And you prepared the slides for that  
15 purpose?

16          A.    Off of the actual photograph, yes.

17          Q.    And other than slides of photographs, were  
18 there any other slides that you prepared for your  
19 presentation at the seminar?

20          A.    Not that I recall.

21          Q.    What else did you assemble?

22          A.    I believe that was probably it.  Let me check  
23 this.  This is what it appears to be, yeah.

24          Q.    Did you go through and study and

1       refamiliarize yourself with the details of the file in  
2       preparation for your participation in the seminar?

3           A.    Yes, I must have in order to prepare a case  
4       summary for them, for me and for the students.

5           Q.    There is a -- on page 1212, there's a list.  
6       It's actually a list of fingerprints, clock radio 23  
7       to latent Beaman, clock radio number 23 for latent  
8       Swaine. There's a latent unidentified from the clock  
9       radio. Some unidentified prints on a garbage bag --  
10      on two different garbage bags, and then there are also  
11      certain items of evidence that did not have  
12      fingerprints.

13           Do you recall what these numbers are that --  
14      that you have in parentheses following the references  
15      to these various items of evidence from which latent  
16      prints -- prints were lifted?

17           A.    These items that are numbered, those are  
18      items themselves that would be -- that were available  
19      as a result of the investigation.

20           Q.    All right. Were the numbers slide numbers,  
21      if you recall?

22           A.    I don't recall.

23           Q.    Okay. Then the serological evidence is  
24      described in Item C, right?

1 A. Correct.

2 Q. Based on your review of the file?

3 A. Correct.

4 Q. And then the -- you have a description of  
5 the -- the cord and the scissors that were used to  
6 perpetrate the homicide in -- as well?

7 A. Correct.

8 Q. Then on page 1213, you put together a short  
9 summary of the case?

10 A. Yes.

11 Q. Are you the author of the summary that --  
12 that appears on page 1213?

13 A. Without guessing or speculating, I would say  
14 I -- it was me because I prepared the case to go with  
15 me.

16 Q. Okay. I'm guessing what you're saying is you  
17 don't specifically recall writing this but it sure  
18 looks like you did?

19 A. That's what I want to say, yes. Thank you.

20 Q. All right. Now, the summary concludes with a  
21 paragraph that I'm just going to read at the bottom of  
22 page 1213. It says: "After nearly 100 interviews,  
23 five overhears, several polygraphs, the prime suspect  
24 still is Alan Beaman. There is no real evidence that

1 can point to Beaman as being the person responsible  
2 for Jennifer's death. Even though one investigator is  
3 able to maintain contact with Beaman, Beaman is  
4 adamant about his innocence, and he refuses to take a  
5 polygraph examination. There has been no contact  
6 between Beaman's attorney and the NPD."

7 I read that correctly, right?

8 A. You read it correctly, correct.

9 Q. And did -- did that reflect -- does that  
10 accurately reflect your assessment of the  
11 investigation at the point in April of 1994 when you  
12 went down to participate in this cold case seminar?

13 A. At that point, yes.

14 Q. All right. Approximately how many hours did  
15 you spend preparing for the seminar? And I -- I know  
16 it has to be an estimate.

17 A. Preparing for?

18 Q. For the seminar in terms of reviewing the  
19 file, writing up this -- this format for the purposes  
20 of the seminar, assembling evidence and so forth.

21 A. I'd be afraid even to give you a rough  
22 ballpark figure.

23 Q. I understand that. That's a fair answer.

24 Would it be accurate that you spent -- that

1 this was more than -- more than an hour's project?

2 A. Yes, I think that would be a fair assumption.

3 Q. And -- and would it be accurate to say that  
4 the process just of preparing for this seminar  
5 consumed more than a day of your time?

6 A. I -- I couldn't say either way.

7 Q. Okay. When you prepared for the seminar, did  
8 you do this on the -- during your workday as part of  
9 your normal police duties?

10 A. Yes.

11 Q. And it was your understanding that your  
12 duties included preparing for the seminar?

13 A. Yes. I was assigned that, yes.

14 Q. And the expectation was that you would take  
15 it seriously and participate wholeheartedly, is that  
16 what you were --

17 A. That was my --

18 Q. -- given to understand?

19 A. I'm sorry, yes, that was my understanding.

20 Q. Now, was it in your understanding generally  
21 made known to the other investigators participating in  
22 the Lockmiller homicide investigation that you would  
23 be attending the seminar?

24 A. Would you repeat that.

1 MR. DiCIANNI: I'm going to object to form  
2 and foundation. Yeah, repeat it I think.

3 MR. BOWMAN: I think it would be good to have  
4 that one read back if you wouldn't mind.

5 (Whereupon, the record was  
6 read as requested.)

7 MR. DiCIANNI: So was it his understanding  
8 that everybody else knew?

9 BY MR. BOWMAN:

10 Q. Was it your -- was it -- in your  
11 understanding, was it -- was it general knowledge  
12 within the Normal Police Department that you were  
13 going to be going -- I'm sorry. Let me start over.

14 In your understanding, was it general  
15 knowledge among the detectives working on the  
16 Lockmiller case that you would be going down to attend  
17 this seminar?

18 MR. DiCIANNI: That I'll object to, form and  
19 foundation.

20 THE WITNESS: Yes.

21 BY MR. BOWMAN:

22 Q. I mean, it wasn't a secret that you were  
23 doing this?

24 A. Right, it was not to my understanding.

1 Q. Very good.

2 All right. Did -- do you know one way or  
3 another whether Tim Freesmeyer was aware that you were  
4 going down to participate in this seminar?

5 A. No, I was not aware if he knew or not.

6 Q. Do you know if folks in the McLean County  
7 State's Attorney's Office were made aware that you  
8 would be participating in the seminar?

9 A. That I would be?

10 Q. Yeah.

11 A. I'm not sure.

12 Q. It was certainly known among the brass in the  
13 police department that you were going down there for  
14 this purpose?

15 MR. DiCIANNI: Object to foundation.

16 THE WITNESS: At least Assistant Chief  
17 Walt Clark.

18 BY MR. BOWMAN:

19 Q. I read you this -- we looked a minute ago at  
20 this summary page on 1213 within Exhibit 23 that you  
21 believe you prepared. Did you get input from anyone  
22 else on this summary of the case?

23 A. I don't recall if I did.

24 Q. Do you believe that the other investigators

1 involved in the Lockmiller homicide investigation  
2 disagreed with the summary that we've just been  
3 looking at on page 1213?

4 MR. DiCIANNI: Object to foundation, form.

5 THE WITNESS: Without them reading this, I  
6 don't know what their opinion was. I don't know if  
7 they did read it.

8 BY MR. BOWMAN:

9 Q. Yeah. And that's -- that's a fair point. I  
10 realize that -- that you don't have any reason to  
11 believe that anybody else read it, and -- and I'm not  
12 asking you to -- to -- you know, to suggest that  
13 somebody did. I'm -- I'm really just stepping back  
14 from the -- the document, and let me ask you this way:  
15 Among other things, you say in your summary that  
16 there's been a lot of investigative activity in the  
17 Lockmiller homicide case, and at the end of the day,  
18 Beaman looks to be a suspect in the case, right?

19 MR. DiCIANNI: Object to misrepresentation of  
20 what it says.

21 MR. BOWMAN: Well, I'm summarizing.

22 BY MR. BOWMAN:

23 Q. That's a fair summary of -- of your  
24 evaluation of the thing, right?

1 A. Of what it states in this?

2 Q. No.

3 A. No?

4 Q. Just generally speaking of the status of the  
5 investigation in April of 1994.

6 A. That Beaman was --

7 Q. That was a suspect at that time.

8 A. That was a suspect.

9 Q. Accurate?

10 A. Throw that at me one more time.

11 Q. Let me do that one more time.

12 A. Yes.

13 Q. Is it a fair assessment of the status of the  
14 investigation in April of 1994 that after a  
15 substantial amount of investigative activity,  
16 Alan Beaman remained a principal suspect in the  
17 investigation?

18 A. In the department, yes, that assumption would  
19 be correct.

20 Q. Okay. Is it also fair to say that in the  
21 department, the view of yourself and your colleagues  
22 was that although Beaman remained a suspect after all  
23 this investigative activity, there was no real  
24 evidence that could point to him as being the person

1 responsible for the homicide?

2 MR. DiCIANNI: I'll object to foundation as  
3 to the colleagues.

4 MS. BARTON: Join.

5 THE WITNESS: Correct.

6 BY MR. BOWMAN:

7 Q. Are you aware of any individual within the  
8 Normal Police Department who would have dissented from  
9 that viewpoint?

10 A. No, I cannot.

11 Q. All right. Now, you talked yesterday about  
12 the fact that at the seminar you go down, you're  
13 divided into groups, there are a number of people from  
14 all over the country presenting cases and you had an  
15 opportunity to present the Lockmiller case, right?

16 A. That's correct.

17 Q. And I don't want to go through all of that  
18 again, but I would like to look at pages 1151 and  
19 1152. You testified yesterday that those are -- that  
20 those pages record a set of leads that were developed  
21 in the course of the seminar. Do I have that right?

22 A. The word lead is what they utilized, "they"  
23 meaning the class. A lead is not a suggestion or  
24 somewhere to go with the investigation or things you

1 may do. A lead may be information directly to maybe  
2 somebody's knowledge. Does that make sense?

3 Q. Well, let -- let me see if I can follow up  
4 and clarify.

5 Is it fair to say that during the course of  
6 the seminar, suggestions were made as to particular  
7 evidence that may be important in identifying a  
8 perpetrator that -- that could be further investigated  
9 and further pursued?

10 A. Yes, it's a suggestion what you may want to  
11 look into.

12 Q. All right. And can you -- looking at pages  
13 1151 and 1152, can you summarize for us some of the  
14 suggestions that in your judgment required additional  
15 investigation that were developed as a result of the  
16 seminar?

17 A. As a result of the seminar?

18 Q. Yes.

19 A. Well, certainly all of these were  
20 suggestions. Now, which of these 36 had been done  
21 prior to the seminar versus those that had not been --

22 Q. And that's -- I didn't ask a very good  
23 question, but that's what I'm -- I'm focused on here,  
24 Mr. Daniels, is whether there were new ideas that came

1 up in the seminar that had not yet been followed up on  
2 that -- that were developed by your colleagues that  
3 you believed merited further investigation?

4 A. Looking at the list that was given to me  
5 while there at the seminar, I notice there's lines  
6 through there. Those lines would indicate to me that  
7 I most likely am the person responsible for -- for  
8 those lines. Those lines indicating this had -- work  
9 had been done.

10 Q. Okay. But -- and a number of these do have  
11 lines through them, but in addition there were some  
12 that do not, right?

13 A. Correct.

14 Q. And focusing then on the -- on the ideas that  
15 are not lined out that -- that you believed merited  
16 further work, can you summarize the ideas that were  
17 developed in the seminar?

18 A. The ones that merited further work?

19 Q. Further work, right.

20 A. Looking --

21 MR. DiCIANNI: Let me object to foundation  
22 and form. Go ahead.

23 THE WITNESS: Did you want me to read those  
24 that have not been crossed out --

1 MR. DiCIANNI: Is that what you're asking?

2 THE WITNESS: -- or just summarize it?

3 BY MR. BOWMAN:

4 Q. Well, no, I'm asking for your summary based  
5 on your -- based on your participation in the  
6 investigation. I'm sorry if I wasn't clear.

7 MR. DiCIANNI: Can I understand what you're  
8 asking? You're asking him to summarize each of these  
9 ones that weren't lined out?

10 MR. BOWMAN: Why don't we read back the --  
11 the last two questions and that's what I'm asking.

12 (Whereupon, the record was  
13 read as requested.)

14 MR. DiCIANNI: I object to form and found --  
15 well, form. I think it's a confusing and vague  
16 question.

17 MS. BARTON: I'll join.

18 BY MR. BOWMAN:

19 Q. Are you confused by the question? Because if  
20 you are, I want to ask a better one.

21 A. Well, why don't you, sir, go ahead and  
22 restate it.

23 Q. Okay. I'll restate it.

24 A. Reform or restate it.

1           Q.    What I'd like you to do if you could with --  
2 with the benefit of pages 1152 and 1153 is to  
3 summarize to the extent there were the investigative  
4 suggestions that were put forward during the seminar  
5 that in your judgment merited further investigative  
6 activity on the -- on the investigation.

7           A.    Preference [sic] my answer or explanation,  
8 these lines that were crossed -- the suggestions that  
9 were crossed out, that could have happened from the  
10 time that the list was made up until -- until I boxed  
11 up the case.  So -- but let me -- let me summarize  
12 what they -- what the investigators suggest.  Attempt  
13 to have the crime lab expedite our request on  
14 processing evidence.  Also looking into the work  
15 records of Mr. and Mrs. Beaman, Alan's parents, to see  
16 if it's possible that they were mistaken in regards to  
17 his -- his alibi.  Look further into the hole in the  
18 wall so somebody else's prints could have been there.

19           THE COURT REPORTER:  Looking into the what?

20           THE WITNESS:  The hole in the wall, referring  
21 to number 12 on page 1151.  The hole in the wall.

22           Okay.  Also continue to find out who owned  
23 that particular vehicle with the Jimmy John's sticker  
24 on the bumper apparently that was there and the

1 significance of its presence.

2 BY MR. BOWMAN:

3 Q. This is the white car that the number of  
4 individuals observed --

5 A. Correct.

6 Q. -- in the parking lot on August 25?

7 MS. BARTON: Object to form and foundation.

8 THE WITNESS: Also --

9 BY MR. BOWMAN:

10 Q. You need to answer that question. Is that a  
11 yes?

12 A. Yes, that's the car. I'm sorry. Yes.

13 The location of Alan's car during the time  
14 that he was at work, whether or not he could have used  
15 a work -- used that car to come down to Normal to  
16 commit the crime. Ask the suspect or suspects when  
17 she was killed and the reason behind that is  
18 self-explanatory, only a real suspect would know.  
19 Check out Alan's vehicle as far as maybe further  
20 evidence in the vehicle.

21 You want me to continue.

22 Q. Yes, please continue.

23 A. Okay. Check out the eggs that were located  
24 on her body.

1 Q. Yes, I noticed that. What is that about?

2 A. Houseflies would usually appear and lay their  
3 larvae, lay their eggs on a dead body a short period  
4 of time or a day after the body laid there.

5 MS. BARTON: And I'd just like to state for  
6 the record that that actually has a line through it.

7 MR. BOWMAN: Okay.

8 MS. BARTON: So...

9 THE WITNESS: Oh, it does, doesn't it? Okay.  
10 How she get the injury to her knee,  
11 number 23. Number 28, what kind of maintenance work  
12 was performed, meaning on her -- her door and so  
13 forth. Maintenance work that was performed before  
14 perhaps her body was discovered, see if it could have  
15 been discovered by someone else. I'm assuming that's  
16 what the person meant. Reinvestigate Swaine. Yeah, I  
17 said that, okay.

18 Phone records for newspaper ads. She was  
19 giving or selling the kittens away. So that was of  
20 interest to see if someone could have obtained her  
21 phone record -- her phone number through the newspaper  
22 and use that as a means to go to that apartment.

23 Any nail holes or tape near the hole in the  
24 wall.

1 Highlight the calendar for writing. She had  
2 a desk pad, I believe, calendar for any writings,  
3 notes, anything that could have been on there.

4 That appears to be what is left or at that  
5 particular time, what was left to do.

6 BY MR. BOWMAN:

7 Q. Now, in the course of the week that you spent  
8 in this seminar, did any of the leaders of the seminar  
9 put forward the suggestion that in addressing a cold  
10 case like the Lockmiller homicide, that there -- that  
11 one approach is just to throw out all the assumptions  
12 and start over and think about the thing fresh?

13 MS. BARTON: Objection to form of the  
14 question.

15 BY MR. BOWMAN:

16 Q. Does that make sense? I don't know if that's  
17 a clear question or not. If it's not, tell me.

18 A. My understanding is if someone that's related  
19 to the school down there suggest that we start over,  
20 if that was suggested, I did not pick up on that.

21 Q. Okay. Now, when you came back from the --  
22 actually, before we get there, why don't you -- you  
23 said that your presentation of this particular case  
24 ran over.

007286

1 A. Correct.

2 Q. Tell me what you remember about the -- the  
3 presentation.

4 A. Using the slides and summarizing verbally  
5 what had taken place and what we had done, answering  
6 questions from the other investigators.

7 Q. Is it your impression that the case peeked  
8 the interest of the other participants in the seminar?

9 A. That's an indication I got as well as one of  
10 the -- the instructors is a formal -- former Normal  
11 police officer, and he resigned his position to go  
12 down there to teach.

13 Q. And who was that?

14 A. Ralph Ebert.

15 Q. And did Mr. Ebert say anything to you by way  
16 of comment on this particular case?

17 A. His comment was it was well presented. His  
18 instruction -- he was an instructor in accident  
19 reconstruction, but he said, yeah, it was well  
20 presented and the staff thought it was also.

21 Q. Did you come back from the seminar with the  
22 belief that you had a number of additional  
23 investigative steps to propose to the folks who were  
24 working on the Lockmiller case?

1 A. Yes.

2 MR. BOWMAN: And I want to show you some more  
3 of Matens's notes. And we'll mark this with 29  
4 I'm guessing.

5 (Whereupon, Daniels Deposition  
6 Exhibit No. 29 was marked.)

7 BY MR. BOWMAN:

8 Q. I'm going to direct your attention -- and,  
9 again, I'll represent to you that the document that  
10 I've just had handed to you which is a set of four  
11 pages of handwritten notes that we have established  
12 were prepared with -- by Mr. Matens, and they bear  
13 Bates numbers Matens Notes 118 through 121 inclusive.  
14 And these -- these particular notes relate, among  
15 other things, to conversations with you. And I want  
16 to direct you to the bottom of page 120.

17 And -- and what Mr. Matens has written here  
18 is: After Florida, he, which I understand means you,  
19 Tony Daniels, talked with Zayas and others knew that  
20 Tony had other leads to follow. Then continuing on  
21 page 121, others that knew Rob Hospelhorn,  
22 Dave Warner. Do you see that?

23 A. Yes.

24 Q. And does that indicate to you that in a

1 conversation with Mr. Matens that you explained to  
2 Matens that after you came back from Florida, you  
3 spoke with Zayas and Hospelhorn and Warner about the  
4 leads that you had talked about with others at the  
5 seminar and that in your judgment needed to be further  
6 pursued?

7 MS. BARTON: Objection, foundation.

8 MR. DiCIANNI: Can you read back that  
9 question.

10 (Whereupon, the record was  
11 read as requested.)

12 MR. DiCIANNI: I'll object to foundation and  
13 form.

14 MS. BARTON: Join.

15 THE WITNESS: Correct.

16 BY MR. BOWMAN:

17 Q. I'll put it to you this -- this way: After  
18 you came back from Florida, did you talk with  
19 Frank Zayas and Rob Hospelhorn and Dave Warner and  
20 others in the Normal Police Department about what you  
21 learned in the seminar and specifically about the  
22 leads that you had learned about and the things that  
23 needed further work in the case?

24 A. Yes.

1 MR. DiCIANNI: I object to form, lack of  
2 foundation.

3 BY MR. BOWMAN:

4 Q. Let me ask you to look at --

5 MS. BARTON: Are you starting a new line of  
6 questioning?

7 MR. BOWMAN: Let me do just one more thing  
8 and then I'll -- and then I'll switch, then we can  
9 stop.

10 MS. BARTON: Thanks.

11 MR. BOWMAN: This will just take a second.

12 BY MR. BOWMAN:

13 Q. Let's look at Daniels Exhibit 12. This is  
14 Freesmeyer's monthly report. It's got a blue cover on  
15 it. It's a thin one in your stack. It's Exhibit 12.  
16 It's real skinny.

17 A. Is it down -- pull it out -- is that it? No.  
18 That's 21. Where is it?

19 MS. BARTON: Looks like that.

20 MR. BOWMAN: Looks like that right there.

21 MR. DiCIANNI: This is what the cover looks  
22 like. Is that it on top?

23 THE WITNESS: I thought you said it was  
24 little.

1 MS. BARTON: There it is.

2 BY MR. BOWMAN:

3 Q. Okay. And I just want to direct your  
4 attention to a statement that's made on page 971 of  
5 that report. It's the middle paragraph talking  
6 about -- where Freesmeyer is talking about what  
7 happened in April, and I'll just read this couple of  
8 sentences to you. It says: "Detective Daniels was  
9 sent to Florida for a 40-hour training class on  
10 homicide investigations. The Lockmiller case was  
11 submitted to the class for evaluation but no new  
12 avenues were identified."

13 Do you see that?

14 A. Yes.

15 Q. Is that accurate?

16 A. I cannot comment whether the information that  
17 Freesmeyer put in here is what really happened,  
18 because in the previous exhibit, it contradicts what  
19 Freesmeyer put in there. So the validity of his  
20 statement, I can't comment on.

21 Q. Okay. That's fair enough.

22 A. It sure raises questions.

23 MR. BOWMAN: That's all I wanted to ask.

24 This is a good point to take a break.

1 MS. BARTON: Thanks.

2 THE VIDEOGRAPHER: Off the record, 1557.

3 (Whereupon, a break was taken.)

4 THE VIDEOGRAPHER: Back on the record, 1611.

5 BY MR. BOWMAN:

6 Q. In the period of time from when you prepared  
7 the summary of the Lockmiller investigation that we  
8 looked at in Exhibit 23 until May 16 when the meeting  
9 took place and the decision was announced to charge  
10 Alan Beaman with the Lockmiller homicide, was any  
11 additional evidence developed against Alan Beaman to  
12 your knowledge?

13 A. To my knowledge, no.

14 Q. Now, you've talked about the meeting before.  
15 I want to go through this again and get your best  
16 recollections of what happened on May 16, 1994.

17 Tell me who invited you to the meeting or  
18 informed you that it would be taking place.

19 A. Who invited me? I don't recall who exactly  
20 it was that invited me. It took place at the  
21 conference room of the Normal Police Department where  
22 we usually have staff meetings.

23 Q. And, again, please, and I realize you've gone  
24 over this before, your best recollection of who was in

1 attendance at the meeting?

2 A. Myself, Chief Taylor, Jim Souk and -- it  
3 could very well have been other people from the  
4 State's Attorney's Office.

5 Q. Was -- were there any other personnel from  
6 the Normal Police Department other than yourself and  
7 Chief Taylor?

8 A. To speculate, I would have to say most likely  
9 the supervisor of CID and as well as Tim Freesmeyer  
10 since he was still working on that case.

11 Q. And when you say the supervisor of CID, who  
12 do you mean?

13 A. Well, at that time, it would be either  
14 Frank Filliponi or Frank Zayas.

15 Q. Okay. Now, forgive me for going -- going  
16 over ground that's been covered before, but I want to  
17 have your best recollection. What -- how long did  
18 this meeting last?

19 A. My recollection, I -- I -- I couldn't give  
20 you a time on that.

21 Q. Was it more than an hour?

22 A. Without an assumption, I would say no.

23 Q. Who was in charge of the meeting?

24 MS. BARTON: Objection to foundation.

1 BY MR. BOWMAN:

2 Q. Let me rephrase and ask a -- perhaps a  
3 clearer question.

4 Who took the lead speaking role in the  
5 meeting?

6 MS. BARTON: Same objection.

7 THE WITNESS: Jim Souk.

8 BY MR. BOWMAN:

9 Q. Did he sit at one end of the table?

10 A. The opposite end of where I was, yes.

11 Q. And tell me how the meeting proceeded best as  
12 you can recall.

13 MR. DiCIANNI: I'm going to object to asked  
14 and answered and speculation.

15 MS. BARTON: Join.

16 MR. DiCIANNI: Go ahead.

17 THE WITNESS: As -- as I can recall, people  
18 present were giving input into the investigation as  
19 far as where they need to go with it.

20 BY MR. BOWMAN:

21 Q. Okay. And when you say giving input into the  
22 investigation as far as they need to go with it,  
23 what -- what exactly do you mean?

24 MR. DiCIANNI: Object to speculation and

1 asked and answered. Why don't I -- can I show a  
2 continuing objection because I think as you say we've  
3 been over this and his memory is very slight from  
4 previous questioning. So to the extent you're asking  
5 him the same questions, my position is you can -- he  
6 can only speculate about it. So can I show a  
7 continuing objection to all of these so as not to  
8 interrupt you?

9 MR. BOWMAN: I guess --

10 MR. DiCIANNI: That's fine.

11 MR. BOWMAN: I think it would be probably  
12 better for all parties if --

13 MR. DiCIANNI: Okay.

14 MR. BOWMAN: -- if -- I don't mind the  
15 interruptions.

16 MR. DiCIANNI: That's fine.

17 MR. BOWMAN: I understand you need to object,  
18 and I don't have a problem with it.

19 MR. DiCIANNI: That's fine.

20 MR. BOWMAN: So in any event, why don't we  
21 impose on you one more time to read it back if you  
22 wouldn't mind.

23 (Whereupon, the record was  
24 read as requested.)

1 MR. DiCIANNI: Show my objection.

2 MS. BARTON: I'll join.

3 THE WITNESS: As far as what further steps  
4 need to be taken.

5 BY MR. BOWMAN:

6 Q. Was this coming from, to the best of your  
7 recollection, from the police personnel at the meeting  
8 or from the State's Attorney personnel?

9 A. I don't --

10 MR. DiCIANNI: Same objection.

11 MS. BARTON: Join.

12 THE WITNESS: I don't recall who.

13 BY MR. BOWMAN:

14 Q. Do you remember anything that anyone said in  
15 terms of further steps that needed to be taken?

16 MR. DiCIANNI: Same objection.

17 MS. BARTON: Join.

18 THE WITNESS: Yes, me.

19 BY MR. BOWMAN:

20 Q. Okay. Tell me what you said.

21 MS. BARTON: Same objection.

22 THE WITNESS: I -- I have a list of  
23 approximately 33, 34 suggestions or leads that I got  
24 from the school. I could have said I'd like to read

1 or I need to talk about.

2 BY MR. BOWMAN:

3 Q. And after you said that, what happened next?

4 A. Mr. --

5 MR. DiCIANNI: Same objection.

6 MS. BARTON: Join.

7 THE WITNESS: Mr. Souk inserted the statement  
8 that I think we went as far as we can with this  
9 investigation. We're going to issue a warrant for his  
10 arrest; his arrest meaning Alan Beaman.

11 BY MR. BOWMAN:

12 Q. Did anyone say anything -- strike that.

13 Let me ask this question: When Souk made  
14 that announcement, I think we're going to charge  
15 Alan Beaman, did -- was that the first time that you  
16 had heard anyone at the meeting make a statement to  
17 the effect of Beaman was going to be charged?

18 A. As I -- as I recall, it was.

19 Q. To the best of your recollection prior to  
20 Mr. Souk making that statement, had anyone else made  
21 the suggestion that the -- that the appropriate step  
22 at this time was to charge Beaman?

23 A. I don't recall.

24 Q. After Souk said that we had gone about as far

1 as we can go, we're going to charge Beaman, did anyone  
2 to the best of your recollection say anything in  
3 response?

4 MR. DiCIANNI: Object, speculation, asked and  
5 answered.

6 MS. BARTON: Join.

7 THE WITNESS: I don't recall if anything was  
8 said one way or the other.

9 BY MR. BOWMAN:

10 Q. Did you say anything?

11 A. In the meeting?

12 Q. Yes.

13 A. I don't recall if I did in the meeting.

14 Q. Following Mr. Souk's comment, we have gone as  
15 far as we can go with this, we're going to charge  
16 Beaman, did -- did the meeting proceed for any period  
17 of time or did that represent the conclusion of the  
18 meeting?

19 A. I don't recall how long -- it could have went  
20 on or it was cut short or...

21 Q. At the meeting, did any participant to the  
22 best of your recollection discuss or comment in any  
23 way on the question of whether Alan Beaman was a  
24 flight risk?

1 A. I don't recall.

2 Q. Other than your comments to the best of your  
3 recollection, did anyone else present at the meeting  
4 talk about additional steps that needed to be taken in  
5 the investigation?

6 MR. DiCIANNI: Same objection.

7 MS. BARTON: Join.

8 THE WITNESS: Do not recall.

9 BY MR. BOWMAN:

10 Q. During the meeting to the best of your  
11 recollection, did -- was there any discussion  
12 concerning John Murray and whether John Murray should  
13 be charged --

14 MR. DiCIANNI: Same objection.

15 BY MR. BOWMAN:

16 Q. -- with the crime?

17 MR. DiCIANNI: I'm sorry.

18 THE WITNESS: Again, I don't recall.

19 BY MR. BOWMAN:

20 Q. Have I completely exhausted your recollection  
21 of this meeting?

22 A. Of the meeting itself?

23 Q. Yes.

24 A. Yes, of that particular meeting, yes.

1 Q. Okay. Now, subsequent to this meeting, did  
2 you have a conversation with anyone in the  
3 Normal Police Department regarding your views as to  
4 the decision to charge Beaman?

5 A. Yes, I did.

6 Q. And tell me who you spoke with.

7 A. Chief Taylor.

8 Q. Where did the conversation with Chief Taylor  
9 take place?

10 A. After the meeting broke up, I asked the chief  
11 if -- I told him I wanted to speak to him in the -- in  
12 the break room. There's a small break room located  
13 adjacent to the conference room we were in.

14 Q. Was this immediately after the conclusion of  
15 the large meeting?

16 A. As I recall, yes.

17 Q. All right. Was anyone with you and  
18 Chief Taylor?

19 A. They weren't -- or he was not with the chief  
20 or myself. He had been in there already and that was  
21 former Officer Kerry Lonbom.

22 Q. Can you spell that?

23 A. K-e-r-r-y, L-o-n-b-o-m. He was --

24 Q. He was -- he was in the break room?

1 A. He was already in the break room.

2 Q. All right. And did you -- did you and  
3 Chief Taylor ask him to leave and give you guys some  
4 privacy?

5 A. I did not, nor did I hear the chief ask him.

6 Q. So -- so Mr. Lonbom was there as well?

7 A. Correct.

8 MS. BARTON: I'm sorry, is that N like Nancy  
9 or M like --

10 THE WITNESS: K, K, Kerry.

11 MS. BARTON: Lonbom?

12 MR. BOWMAN: L-o-n like Nancy?

13 THE WITNESS: Yeah, M.

14 MS. BARTON: Both N's like Nancy?

15 THE WITNESS: M at the end, Lonbom.

16 MR. BOWMAN: Lonbom.

17 MS. BARTON: Got it.

18 BY MR. BOWMAN:

19 Q. Okay. Other than Chief Taylor,  
20 Officer Lonbom and yourself, was anybody else present?

21 A. I did not see anyone else.

22 Q. All right. And tell me as best you can  
23 recall what the conversation was in the break room  
24 immediately following the breakup of the large meeting

1 at which it was announced that Beaman was going to be  
2 charged.

3 MR. DiCIANNI: I'm going to object, asked and  
4 answered, speculation.

5 MS. BARTON: Join.

6 THE WITNESS: I questioned as to the reason  
7 why I wasn't permitted to present my list of leads  
8 from that class, and my thoughts were isn't that the  
9 reason why I went there was to take the case down  
10 there in hopes of furthering the investigation.  
11 Chief Taylor's response was, well, why didn't you say  
12 anything. And my response to Chief Taylor was I did,  
13 but Mr. Souk cut me off, cut me short, whatever,  
14 interrupted me.

15 And that was the -- as far as I can  
16 recollect, that was the end of the conversation on  
17 that subject between me and the chief.

18 BY MR. BOWMAN:

19 Q. In this meeting, did Chief Taylor attempt in  
20 any way to defend the decision to charge Beaman with  
21 the crime?

22 MR. DiCIANNI: Object. Same -- same  
23 objection.

24 THE WITNESS: The meeting between myself and

1 the chief?

2 BY MR. BOWMAN:

3 Q. Right.

4 A. No.

5 Q. Did you get any information from anything  
6 that Taylor said as to whether Taylor had personally  
7 participated in the decision to charge Beaman?

8 MR. DiCIANNI: Same objection.

9 THE WITNESS: No.

10 BY MR. BOWMAN:

11 Q. Do you remember anything else that was said  
12 between you and Chief Taylor?

13 MR. DiCIANNI: Same objection.

14 THE WITNESS: No.

15 BY MR. BOWMAN:

16 Q. Was there a subsequent conversation in which  
17 you participated regarding the service of an arrest  
18 warrant on Mr. Beaman?

19 MS. BARTON: Can you read that --

20 MR. DiCIANNI: Same objection.

21 MS. BARTON: Objection to form.

22 THE WITNESS: Repeat your question, please.

23 BY MR. BOWMAN:

24 Q. Did you have a conversation later on with

1 anybody else in the Normal Police Department on the  
2 subject of whether you'd participate in serving an  
3 arrest warrant on Mr. Beaman?

4 MR. DiCIANNI: Same objection.

5 THE WITNESS: I do recall making a statement  
6 to -- at which time I do not know the time or the  
7 date -- to Frank Filliponi, that if a warrant came  
8 down and they wanted me to execute the warrant on  
9 Alan Beaman, that I was going to refuse.

10 BY MR. BOWMAN:

11 Q. Were you ever asked to do that?

12 A. No, I was not.

13 Q. Mr. Daniels, at this point, I have a series  
14 of folders that I'm going to hand to you and I've just  
15 got some questions about -- some random questions  
16 about documents in these folders. And we'll mark --  
17 ask that the first one be marked for identification as  
18 Exhibit 29.

19 THE COURT REPORTER: 30.

20 MR. BOWMAN: 30, thank you. As Exhibit 30 to  
21 your deposition and for -- I'm sorry.

22 (Whereupon, Daniels Deposition  
23 Exhibit No. 30 was marked.)  
24

1 BY MR. BOWMAN:

2 Q. Exhibit 30 in its original form has a blue  
3 cover on it like some of the other exhibits, and the  
4 title that I believe you've written on this particular  
5 folder is Meeting Concerning Case. And this  
6 particular exhibit consists of pages 1229 through 1244  
7 from the numbering of your files.

8 First of all, can you tell me the  
9 significance of the -- actually, foundationally, did  
10 you actually label this particular folder?

11 A. Yes.

12 Q. Why did you label it Meeting Concerning Case?

13 A. I don't like the word miscellaneous.

14 Q. Okay.

15 A. I'm sorry, a little bit of humor there.  
16 Little bit didn't hurt anybody.

17 The reason why I labeled that is I had any  
18 notes that pertained to meetings of course that  
19 pertained to the homicide investigation went into  
20 there. Other than that, that was the only reason.

21 Q. All right. So pages 1230, 1231, 1232, 1233  
22 through 1236, it appeared to be notes written on a  
23 small piece of paper, possibly Post-it notes. Do you  
24 recognize these pages and can you shed on -- any light

1 on what this is?

2 A. I do not recognize the page itself, the  
3 contents, but it appears to me -- and, again, it  
4 appears to me to be a list of people in attendance at  
5 a meeting.

6 Q. Right, and specifically a meeting that took  
7 place on Sunday, August 29, 1993, the day following  
8 the discovery of Lockmiller's body.

9 A. That's what it indicates, yes.

10 Q. Are these notes in your handwriting?

11 A. That's not my handwriting, no.

12 Q. Do you know whose handwriting it is?

13 A. I can't speculate on whose handwriting it is.

14 Q. Is it consistent with your recollection that  
15 the meeting that took place on August 29, 1993  
16 included yourself, Don Brady, Rob Hospelhorn,  
17 Tim Freesmeyer, Frank Zayas, and Chief Taylor?

18 A. That would be Dan Brady, former coroner, now  
19 one of our representatives of the State of Illinois.

20 Q. I knew that, sorry. More levity.

21 With that amendment, is that consistent with  
22 your recollection?

23 A. I'm sorry, repeat your question.

24 Q. Did the meeting on August 29, 1993 include

1 the individuals who are listed here on page 1230  
2 including yourself, Brady, Hospelhorn, Freesmeyer,  
3 Zayas and Taylor?

4 A. Well, I'm puzzled as to why Zayas's name  
5 appears on that list. My recollection was he wasn't  
6 back into work until Monday.

7 Q. Okay.

8 A. I could be mistaken on that. He could have  
9 come in Sunday evening or Sunday afternoon or Sunday  
10 morning. If that be the case, then I was mistaken on  
11 when he got back in town.

12 Q. Okay. There's a reference on page 1233 to  
13 old boyfriend John Murray. My question is whether  
14 that assists you in recalling whether or not  
15 John Murray's name came up on August 29 in this  
16 investigation?

17 MS. BARTON: Objection to foundation.

18 THE WITNESS: I -- I -- I do not know because  
19 I don't know who the author of this note is. That  
20 could -- that could have been written down at any time  
21 by anyone.

22 BY MR. BOWMAN:

23 Q. Okay.

24 A. Does that answer your question?

1 Q. It does.

2 A. Okay.

3 Q. Take a look at page 1238. Is 380 your star  
4 number?

5 A. Pardon me?

6 Q. Is 380 your star number?

7 A. No, it is not.

8 Q. Do you know whose it is?

9 A. Dave Warner.

10 Q. Okay. Does this appear to be Dave Warner's  
11 handwriting, if you know?

12 A. It appears to be, yes.

13 Q. Take a look at pages 1241 and 1242. Just  
14 take a minute to look that over.

15 For the record, it is a couple of one full  
16 and a partial typed page. The date at the top of page  
17 1241 is 28 August 1993. Jennifer Lockmiller's  
18 identifying information is at the top and then there  
19 is -- there are some typed notes.

20 Did you prepare this document?

21 A. I don't believe I did.

22 Q. Do you know who did?

23 A. No, I do not.

24 Q. Do you know how it came to be in your file?

1 A. No, I do not.

2 Q. Is this a -- in your experience as a  
3 Normal police detective, is this the kind of document  
4 that might be contained in a working file of a police  
5 detective?

6 MR. DiCIANNI: I'll object to foundation,  
7 form of the question.

8 MS. BARTON: Join.

9 THE WITNESS: This document very well could  
10 have. It depends on who the originator or the author  
11 were -- was.

12 BY MR. BOWMAN:

13 Q. Okay. Did you make the notes on the -- in  
14 the margin on the left-hand side of page 1241?

15 A. I can't be sure.

16 Q. Is there anything that you can tell me  
17 concerning the authorship or the origin of -- of these  
18 two pages, 1241 and 1242?

19 A. Not with any degree of certainty.

20 MR. BOWMAN: Okay. Let's mark this folder  
21 for identification as 31.

22 (Whereupon, Daniels Deposition  
23 Exhibit No. 31 was marked.)

24

1 BY MR. BOWMAN:

2 Q. Is Exhibit 31 another folder of information  
3 from your files on the Lockmiller homicide?

4 A. Yes.

5 Q. And this folder is other homicides crime  
6 reports? Is that your labeling?

7 A. Correct.

8 Q. Why did you label this folder other homicides  
9 crime reports?

10 A. These are reports from homicides that had  
11 perhaps similarities to the Lockmiller case.

12 Q. As the -- as time proceeded, did you note  
13 whether there were other homicides occurring in and  
14 around Normal, Illinois -- or strike that, in and  
15 around the State of Illinois that in your judgment as  
16 an experienced investigator should be examined for a  
17 possible connection to the Lockmiller homicide  
18 including the possibility that they were committed by  
19 the same perpetrator?

20 MS. BARTON: Object to form and foundation.

21 MR. DiCIANNI: I'll join.

22 THE WITNESS: I recall one in particular.

23 BY MR. BOWMAN:

24 Q. Can you tell us about that case.

1           A.    Yes, it's exhibit -- page number 1130.  It's  
2 the Leathers, Lisa J. Leathers.

3           Q.    Okay.  Tell me -- tell me about that  
4 circumstance.

5           A.    Well, I don't -- this -- well, this is titled  
6 Aggravated Battery.  I believe the way in which this  
7 was committed is similar to the way in which Jennifer  
8 met her demise.

9           Q.    And where did this incident take place?

10          A.    In city of Bloomington, Illinois.

11          Q.    And where -- when?

12          A.    When?  It took place in '94 -- well,  
13 according to the report year, it took place in '94,  
14 July the 5th.

15          Q.    And what were the circumstances of  
16 Lisa Leathers -- Lisa Leathers is the victim in this  
17 case?

18          A.    Correct.

19          Q.    What were the circumstances of the aggravated  
20 battery on Lisa Leathers that suggested to you that it  
21 might merit investigation whether there was a  
22 connection between --

23          A.    I believe it was --

24          Q.    I'm sorry, I should finish the question.

1 A. Oh, I'm sorry.

2 Q. Whether -- whether there merited  
3 investigation concerning a possible connection between  
4 the aggravated battery of Leathers and  
5 Ms. Lockmiller's homicide?

6 A. Okay. Lisa was assaulted and I believe it  
7 was an electrical cord involved in her assault,  
8 electrical cord being used to -- to choke her. I  
9 believe that's what it is. Strangle her, yes, on  
10 page 1131, that's what it says. And this would have  
11 been of interest to me at that particular time.

12 Q. Did you draw this coincidence to the  
13 attention of any other investigators involved in  
14 Lockmiller's case?

15 MS. BARTON: Object to foundation.

16 THE WITNESS: I could have, but I don't  
17 recall if I did.

18 BY MR. BOWMAN:

19 Q. Are there any other incidents in here that --  
20 let me start over.

21 Are there any other incidents that are  
22 included within the other homicides folder that you in  
23 your judgment as an experienced investigator warranted  
24 follow-up for a possible connection to the Lockmiller

1 case?

2 MR. DiCIANNI: Object to foundation.

3 MS. BARTON: Join.

4 THE WITNESS: Well, there are several other  
5 copies of reports attached, reports and/or notes from  
6 other police departments or from newspapers regarding  
7 similar homicides or assaults.

8 BY MR. BOWMAN:

9 Q. And you made it your business through the  
10 years when such a matter came to your attention to  
11 keep a -- keep a note of it?

12 A. Yes.

13 Q. Is there one in particular that comes to  
14 mind?

15 A. The first one that came to mind because of  
16 proximity, it's twin -- not twin city, but -- well,  
17 twin city, Normal-Bloomington, and the fact that the  
18 assault occurred the same way, the fact that an  
19 electrical cord was used.

20 MR. BOWMAN: Let me hand you a single page  
21 from your documents which we'll mark for  
22 identification with our next number as 32.

23 (Whereupon, Daniels Deposition  
24 Exhibit No. 32 was marked.)

1 BY MR. BOWMAN:

2 Q. Is Exhibit 32 a page of notes that you  
3 prepared?

4 A. Was there a question there?

5 Q. Yes. Is Exhibit 32 a page of notes that you  
6 prepared?

7 A. Yes, that's my handwriting.

8 Q. Did you prepare those notes in the course of  
9 the Lockmiller homicide investigation?

10 A. Without a date on there, I couldn't be sure,  
11 but I -- I -- Dr. Brown -- the name Dr. Brown to me  
12 sounds familiar as it being connected to the  
13 Lockmiller case.

14 Q. Right. If I were to suggest to you that  
15 Dr. Brown was the head of the drama department at  
16 Illinois Wesleyan and that Brown was somebody who  
17 received a note from Alan Beaman at a certain point in  
18 the summer of 1993, would that refresh your  
19 recollection as to Brown's role in the case?

20 A. Yes.

21 Q. Was -- did you conduct an interview of Brown  
22 at some point during the investigation?

23 A. As I best recall, I believe that  
24 Rob Hospelhorn and myself went to talk to Dr. Brown or

1 maybe Rob by himself went to talk to Dr. Brown.

2 Q. So the -- the -- the possibility exists that  
3 the notes that are here, Exhibit 32 that we're looking  
4 at now, were prepared during an interview of Dr. Brown  
5 but you can't be sure; is that a fair summary?

6 MR. DiCIANNI: I'll object to speculation.

7 THE WITNESS: Yes.

8 MR. BOWMAN: The next number, I believe, is  
9 33.

10 (Whereupon, Daniels Deposition  
11 Exhibit No. 33 was marked.)

12 BY MR. BOWMAN:

13 Q. Exhibit 33 is several pages of materials,  
14 again, from your documents. This runs from page 954  
15 through 960. My first question, if you can just tell  
16 me whether this is something that you created?

17 A. The -- the document contains what is called a  
18 timeline. Whether I created this or simply copied it,  
19 I'm not sure of, this front document here.

20 Q. Do you know whether this is a document that  
21 was generated in the course of the Lockmiller homicide  
22 investigation?

23 A. Yes, as a matter of fact, if we look at  
24 page 0954, right-hand side at 1900, that being

1 1900 hours, it says missed Vedette meeting. And that  
2 handwriting appears to be mine or underneath that it  
3 says at 2000 hours, that being 8:00 p.m. That appears  
4 to be my handwriting.

5 Q. My question is whether the pages that are  
6 marked for identification as Exhibit 33, the timeline  
7 is something that was generated during the  
8 investigation, that is, before the charging of  
9 Mr. Beaman, if you know?

10 MS. BARTON: Objection to foundation.

11 THE WITNESS: I could not be 100 percent  
12 positive that it was generated at that time.

13 BY MR. BOWMAN:

14 Q. Do you have a best estimate one way or  
15 another?

16 MR. DiCIANNI: Object; speculation, lack of  
17 foundation.

18 THE WITNESS: I -- I do not.

19 BY MR. BOWMAN:

20 Q. Okay. On page 958, you have placed some  
21 notes on the timeline as pertains to David Singley and  
22 Susan Jenkins in what I believe is your handwriting;  
23 am I right about that?

24 A. You're correct.

1 Q. Would it be fair to say that Mr. Singley's  
2 information regarding hearing the door to the victim's  
3 apartment slam shut real quick twice at approximately  
4 1400 hours, hearing the TV on loud, the  
5 air-conditioning not on, the music off and so forth as  
6 you've noted here on page 958, that all of that  
7 suggests that there was some importance to  
8 Mr. Singley's information regarding what he heard and  
9 observed on the afternoon of August 25?

10 MS. BARTON: Objection to form.

11 MR. DiCIANNI: Yeah, I object to form.

12 MS. BARTON: Vague.

13 THE WITNESS: That's most likely the reason  
14 why I wrote those -- made those entries in my own  
15 handwriting. There was some question.

16 BY MR. BOWMAN:

17 Q. And the possibility existed that  
18 Mr. Singley's observations might be actually  
19 observations of the activities of the perpetrator,  
20 right?

21 MR. DiCIANNI: Object to speculation, lack of  
22 foundation.

23 MS. BARTON: Join.

24 THE WITNESS: That and the fact that maybe

1 Mr. Singley would have some further information for  
2 us.

3 BY MR. BOWMAN:

4 Q. It would be your professional opinion that  
5 this information from Singley is information that  
6 should be followed up on?

7 A. Correct.

8 MR. DiCIANNI: I didn't get my objection out  
9 so I'll make it late.

10 MR. BOWMAN: I hand you a single page with  
11 the page number 1009 from your documents, and we'll  
12 mark that for identification as Exhibit 34.

13 (Whereupon, Daniels Deposition  
14 Exhibit No. 34 was marked.)

15 BY MR. BOWMAN:

16 Q. Can you tell us whether the -- this is just a  
17 single page of notes. Again, it looks like it might  
18 be on a Post-it or some other small piece of paper in  
19 the original form. And the heading at the top of  
20 the -- this small page is First Interview 2 September.  
21 We've already established in earlier questioning that  
22 your first interview with John Murray was on  
23 September 2.

24 Is this in your handwriting?

1 A. Yes.

2 Q. Do you know what the origin of this  
3 particular page of notes is?

4 A. I'm sorry, I didn't quite catch --

5 Q. Do you know when you wrote this?

6 A. No, I do not.

7 Q. Did you write this during Mr. -- Mr. Murray's  
8 interview, if you know?

9 MR. DiCIANNI: Object, speculation.

10 MS. BARTON: Join.

11 THE WITNESS: During his first interview.

12 BY MR. BOWMAN:

13 Q. Right.

14 A. No, I wouldn't have written that down then.

15 MR. BOWMAN: All right. Our next exhibit  
16 will be numbered for identification as 35. And this  
17 is a very thin folder with just one page in it that is  
18 labeled Two Teletyped Letters From Unknown Sources.

19 (Whereupon, Daniels Deposition  
20 Exhibit No. 35 was marked.)

21 MS. BARTON: Are you sure this is the only  
22 page in it?

23 MR. BOWMAN: Pardon me?

24 MS. BARTON: Are you saying that this is the

1 only page that was in that folder?

2 MR. BOWMAN: That's how it was presented to  
3 me. I could be in error. If you have correction for  
4 me, go ahead.

5 MS. BARTON: The only belief that I have is  
6 there are -- these numbers aren't sequential.

7 MR. BOWMAN: Oh, indeed they're not.

8 MS. BARTON: So -- and I also believe just  
9 from my review of the file that there may be  
10 additional documents in that file.

11 MR. BOWMAN: Thank you. And it was not my  
12 intention to misrepresent anything.

13 MS. BARTON: I know.

14 MR. BOWMAN: I'm just -- somebody else put  
15 this together for me and I -- and I stand corrected.

16 BY MR. BOWMAN:

17 Q. I just have a couple of questions. Do you  
18 know what this folder is about? Why you kept these  
19 materials? Why you labeled this folder as you did and  
20 what it bears?

21 A. The answer to the three-prong question, no.

22 Q. Okay. No -- no as to each part of that  
23 question?

24 A. No, no, and no.

1 Q. Okay. Can you shed any light on what this  
2 document is that is the second page of the exhibit,  
3 page 1261?

4 A. May I read it first?

5 Q. Absolutely.

6 A. That'll help.

7 I do not know who authored this. As far as  
8 the contents as we read that, it appears to be a  
9 summary of the some facts of Larbi's visit to  
10 Greta Alexander, the psychic, and also Larbi's visit  
11 to the -- Jennifer's grave site.

12 Q. Can you state whether the investigators  
13 received this particular page during the course of the  
14 Lockmiller homicide investigation?

15 A. No, I cannot.

16 Q. When we were talking earlier in the  
17 deposition about some of the circumstances relating to  
18 John Murray, I neglected to ask you about Murray's  
19 return visit to this Greta Alexander who was  
20 supposedly a psychic. Was that a circumstance that in  
21 your judgment as an experienced police investigator  
22 had any possible significance with respect to Murray  
23 and his guilt or innocence of the homicide?

24 MR. DiCIANNI: Yeah, I'll object to

1 speculation and form of the question.

2 MS. BARTON: Join.

3 THE WITNESS: Yes, it did.

4 BY MR. BOWMAN:

5 Q. Can you explain that, please.

6 A. Why would he not allow his friend or insist  
7 that his friend remain in the car? Why did he go  
8 there in the first place a second time when I believe  
9 earlier somewhere in our exhibits here, two pictures  
10 on the yearbook was pointed -- Greta pointed out as to  
11 being possible suspects. So why would Larbi go back  
12 by himself and why would he insist that his friend  
13 stay behind if, in fact, he, Larbi, wanted to learn  
14 more information? It would have seemed logical to me  
15 that you would take someone with you to act as a  
16 witness to substantiate anything that Greta may have  
17 said.

18 Also, the reason why this information came  
19 about as I see it is when you use a psychic or anyone  
20 else, regardless if you believe it or not, you do not  
21 know who has visited Greta and released information  
22 that would be helpful in the investigation, and maybe  
23 perhaps that's what Larbi was trying to head off.  
24 That's how I view that.

1 Q. In your opinion that Murray's visit to the  
2 psychic merited follow-up perhaps with an interview of  
3 Greta Alexander herself was not any suggestion on your  
4 part that you believe that Greta Alexander could solve  
5 the crime because of her psychic powers, but rather it  
6 was because of the interaction that she had had with  
7 Larbi, Murray and potentially others; is that a fair  
8 summary?

9 A. That -- that's correct.

10 MR. BOWMAN: I'm going to hand you next some  
11 further pages from your files which I'm going to ask  
12 our court reporter to mark for identification as  
13 Exhibit 36.

14 (Whereupon, Daniels Deposition  
15 Exhibit No. 36 was marked.)

16 BY MR. BOWMAN:

17 Q. Exhibit 36 is several pages running from 981  
18 through 995. The first page is entitled victimology.  
19 Are you familiar with this document?

20 A. If it came from my file, I must have had it  
21 in my possession at one time or another.

22 Q. Did you create it?

23 A. I -- without 100 percent certainty, it  
24 appears that I did because I remember doing some work

1 regarding victimology.

2 Q. And is this something that you prepared  
3 during the Lockmiller homicide investigation?

4 A. I can't put a date on it, but yes.

5 Q. Is it possible that you prepared this for  
6 purposes of the cold case seminar that you attended in  
7 Florida?

8 MS. BARTON: I'm going to object to form and  
9 foundation.

10 MR. DiCIANNI: Yeah, I'll join.

11 THE WITNESS: I can't be certain if it was.

12 BY MR. BOWMAN:

13 Q. What was your purpose in preparing this  
14 document?

15 A. Looking -- further looking at this document,  
16 the first three pages, it appears to be some sort of  
17 guideline in which to insert a victim of a particular  
18 crime; this, of course, being the Lockmiller case.  
19 And there's more detail in which appears the next 10,  
20 11 pages, whereas Lockmiller's information and also  
21 case information was inserted with emphasis on  
22 individuals that were either suspects or friends of  
23 Jennifer's.

24 Q. So this is an aid to investigation?

1 MS. BARTON: I'm going to object to form.

2 MR. DiCIANNI: Yeah, I'll --

3 MS. BARTON: Foundation.

4 MR. DiCIANNI: I join. We need a button to  
5 push.

6 THE WITNESS: Yes.

7 BY MR. BOWMAN:

8 Q. And would it be fair to say that Exhibit 36  
9 suggests various avenues that should be pursued in  
10 terms of further investigation?

11 MS. BARTON: Objection, form and foundation.

12 MR. DiCIANNI: I join.

13 THE WITNESS: I don't know who the author of  
14 this -- these last 10 or 11 pages is, but to me,  
15 that's what it appears. That's why we have the gaps  
16 in conflicts to make notations. It appears the  
17 information was abstracted from the report or from  
18 investigators, witnesses or so forth for further work  
19 to be done.

20 MR. BOWMAN: All right. I think our next  
21 number is 37.

22 (Whereupon, Daniels Deposition  
23 Exhibit No. 37 was marked.)

24

1 BY MR. BOWMAN:

2 Q. Exhibit 37 is a -- another folder of material  
3 from your file, and the folder is entitled Tips For  
4 Investigators. It runs from pages 1078 through 1127.  
5 My first question is whether you're the person who  
6 labeled the folder as tips for investigators?

7 A. Yes, I am.

8 Q. And what was your -- what was the meaning of  
9 that designation on the folder?

10 A. As I continued to look at the case, it could  
11 have been before, it could have been after his  
12 conviction or even his release from prison, there were  
13 still some questions in my mind that perhaps needed to  
14 be answered in regards to Alan Beaman's innocence  
15 and/or his conviction.

16 Q. And who were the investigators that you had  
17 in mind when you wrote out this label, which  
18 investigators?

19 A. None.

20 Q. None in particular?

21 A. Questions that really needed to be answered.

22 Q. Okay. Clear.

23 A. If I may?

24 Q. Please, go ahead.

1           A.    Perhaps to correct maybe any misunderstanding  
2 earlier this morning regards to whether or not I read  
3 Tim Freesmeyer's report, this appears to be -- we'll  
4 clear it up because on this copy of this report, I  
5 have made some notes in the margin, so I can't believe  
6 I would not have ever, never read his report.

7           Q.    Right.  And --

8           A.    This had concrete --

9           Q.    And in other words, you're -- you're pointing  
10 to -- can you give us the Bates number?

11          A.    On -- on this exhibit?

12          Q.    Yes.

13          A.    It would be 1089.

14          Q.    And 1089 is a page from -- it's actually  
15 page 36 -- from Freesmeyer's big report that was  
16 marked for identification as Exhibit 5, right?

17          A.    That's correct, and I believe that same page  
18 number is an extract from his report that we reviewed  
19 earlier this morning.

20          Q.    And as you look at page 1089, you can see  
21 that you've circled things, underscored things, made  
22 notes in the margin, right?

23          A.    That's correct.

24          Q.    An indication to you that you not only at

1 some point in time read Freesmeyer's report but read  
2 it carefully?

3 A. That's correct.

4 Q. And as an investigator in the Lockmiller  
5 homicide case, you from time to time made handwritten  
6 notes as you were pursuing your activities; is that --

7 A. Yes.

8 Q. -- accurate?

9 And to your knowledge, did other  
10 investigators who were working on the case also make  
11 handwritten notes from time to time as they fulfilled  
12 their investigative responsibilities in the matter?

13 MR. DiCIANNI: I'll object to lack of  
14 foundation and speculation.

15 MS. BARTON: Join.

16 BY MR. BOWMAN:

17 Q. And I'm asking to the extent of your personal  
18 knowledge?

19 A. My personal knowledge, I couldn't be sure of  
20 that if they did or if they did not.

21 Q. Would it be consistent with investigative  
22 practice to make notes as you conduct an  
23 investigation?

24 MR. DiCIANNI: Object, foundation.

C07328

1 THE WITNESS: My opinion, yes, of any case.

2 BY MR. BOWMAN:

3 Q. Now, did you as a general matter when you  
4 made notes in the investigation, did you place those  
5 notes in your personal binders that constituted your  
6 working file in the case?

7 MR. DiCIANNI: I'll object to lack of  
8 foundation.

9 THE WITNESS: Yeah, it's a --

10 MR. DiCIANNI: Form of the question.

11 THE WITNESS: -- possibility, yes.

12 BY MR. BOWMAN:

13 Q. You may -- you may have in some instances,  
14 and in other instances you may not have; is that your  
15 testimony?

16 A. Yes.

17 Q. And in addition, over the course of the  
18 investigation, you may have had ideas and thoughts for  
19 further investigation, questions about follow-up and  
20 so forth. Would it be your practice as an  
21 investigator in the Lockmiller case to make notes or  
22 other records to record your ideas and thoughts  
23 regarding the unfolding investigation?

24 MR. DiCIANNI: Object to foundation and form

1 of the question.

2 MS. BARTON: I'll join.

3 THE WITNESS: Yes.

4 BY MR. BOWMAN:

5 Q. Was it your practice with respect to that  
6 category of notes to place them in your personal  
7 working file as well?

8 MR. DiCIANNI: Same objection.

9 THE WITNESS: Depends on the contents of the  
10 note.

11 BY MR. BOWMAN:

12 Q. Okay. So the answer to my question would be  
13 in some instances, yes; and in others, no?

14 A. Correct.

15 Q. Depending on the significance of the notes --

16 A. Correct.

17 Q. -- would that be fair?

18 A. Correct.

19 Q. In the course of the Lockmiller homicide  
20 investigation, you obviously from time to time  
21 received formal police reports that you and the other  
22 officers generated memorializing your investigative  
23 activities, right?

24 A. Correct.

1 Q. And as I understand the testimony that you've  
2 given over the past few days, your -- your practice --  
3 the practice generally was that each of the  
4 investigators involved in the case received the  
5 reports as they were generated and signed off on for  
6 distribution; --

7 MR. DiCIANNI: I'll --

8 BY MR. BOWMAN:

9 Q. -- is that accurate?

10 MR. DiCIANNI: I'll object to form of the  
11 question and lack of foundation.

12 MS. BARTON: I'll join the objection.

13 THE WITNESS: Yes.

14 BY MR. BOWMAN:

15 Q. And was it your practice whether you did it  
16 yourself or whether an intern did it that you would  
17 ensure that those reports went into your personal  
18 working file?

19 MR. DiCIANNI: Object, asked and answered and  
20 lack of foundation.

21 MS. BARTON: Join.

22 THE WITNESS: If it was my report that I  
23 generated, I would assure -- ensure that I had a copy  
24 of the report.

1 BY MR. BOWMAN:

2 Q. And what if it was a report generated by  
3 someone else?

4 MR. DiCIANNI: Same objection.

5 MS. BARTON: Join.

6 THE WITNESS: Only if it was given to me by  
7 that author or someone else.

8 BY MR. BOWMAN:

9 Q. Was it your understanding that with respect  
10 to the Lockmiller case, a procedure was established  
11 whereby every investigator got all the reports in the  
12 investigation as they were prepared?

13 MS. BARTON: Object.

14 MR. DiCIANNI: Lack of foundation.

15 MS. BARTON: Join, and form.

16 THE WITNESS: That would have been the  
17 standard practice in any case as well as the  
18 Lockmiller case.

19 BY MR. BOWMAN:

20 Q. To the best of your understanding, that  
21 happened?

22 A. Correct.

23 Q. Now, from time to time in the Lockmiller  
24 case, did you and the other investigators take

1 possession of third party documents either by subpoena  
2 or informally?

3 MS. BARTON: Object.

4 MR. DiCIANNI: Well, yeah, object to lack of  
5 foundation and form of the question.

6 MS. BARTON: Join.

7 THE WITNESS: My understanding is yes.

8 BY MR. BOWMAN:

9 Q. And did those documents as a matter of  
10 procedure and practice go into the working files of  
11 the investigator who obtained the documents?

12 A. My understanding --

13 MR. DiCIANNI: Same objection.

14 MS. BARTON: Join.

15 THE WITNESS: Yes.

16 BY MR. BOWMAN:

17 Q. All right. Now, is it your understanding  
18 that it was the responsibility of Mr. Zayas and of the  
19 detectives involved, whoever they were, to make sure  
20 that the materials from the working files went into  
21 the main file?

22 MR. DiCIANNI: I'll object to form of the  
23 question, lack of foundation.

24 MS. BARTON: Join.

1 THE WITNESS: Would you repeat your question,  
2 please.

3 BY MR. BOWMAN:

4 Q. Let me -- let me restate it.

5 A. Okay.

6 Q. In your understanding as a matter of  
7 practice, was it the responsibility of the CID  
8 supervisor and of the detectives working a case like  
9 the Lockmiller case that -- to ensure that any and all  
10 materials from the individual detectives working files  
11 went to the main file for distribution as needed in  
12 the investigation and for the benefit of the lawyers  
13 in the criminal case?

14 MR. DiCIANNI: Same objection.

15 MS. BARTON: Join.

16 THE WITNESS: That's my understanding, yes.

17 BY MR. BOWMAN:

18 Q. And that was the way you were trained and the  
19 practice that you understood you were expected to  
20 follow?

21 MR. DiCIANNI: Same objection.

22 MS. BARTON: Join.

23 THE WITNESS: Yes.

24

1 BY MR. BOWMAN:

2 Q. And as a Normal Police Department  
3 investigator, was it made clear to all investigators  
4 that this was the procedure that was supposed to be  
5 followed?

6 MR. DiCIANNI: Same objection.

7 MS. BARTON: Join.

8 THE WITNESS: I can't say yes to that  
9 question because I do not know if that was orders  
10 issued by the supervisor. That was a practice.

11 BY MR. BOWMAN:

12 Q. Who trained you concerning the issue of  
13 whether or not you should prepare a report with  
14 respect to a particular matter that came up in an  
15 investigation? I mean, to be clear, there's been  
16 testimony over the course of the past several days in  
17 which you've explained that -- that an incidental  
18 matter -- do you need to stop for a minute?

19 A. No, that's all right. I'm just going to  
20 stretch it.

21 Q. All right. Let me start over.

22 There's been testimony in the -- I'm worried  
23 about you. Let's take a -- let's take a break.

24 THE VIDEOGRAPHER: Off the record, 1715.

(Whereupon, a break was taken.)

MR. BOWMAN: We took a momentary comfort pause and a conversation among counsel. In light of the additional questioning that remains and the lateness of the hour, we agreed to conduct what we anticipate will be the final session of Mr. Daniels's deposition beginning at 10:00 a.m. on June 20, and this is obviously subject to reconfirmation, but that's our expectation.

MR. DiCIANNI: That's correct.

(Witness excused at 5:20 p.m.)

4 I, Christine M. Luciano, Certified Shorthand  
5 Reporter in and for the County of Cook, State of  
6 Illinois, do hereby certify that on June 11, 2013, the  
7 deposition of the witness, TONY L. DANIELS, called by  
8 the Defendants, was taken before me, reported  
9 stenographically and was thereafter reduced to  
10 typewriting through computer-aided transcription.

11 The said witness, TONY L. DANIELS, was first  
12 duly sworn to tell the truth, the whole truth, and  
13 nothing but the truth, and was then examined upon oral  
14 interrogatories.

15 I further certify that the foregoing is a  
16 true, accurate and complete record of the questions  
17 asked of and answers made by the said witness, at the  
18 time and place hereinabove referred to.

19 The signature of the witness was waived by  
20 agreement.

21 The undersigned is not interested in the  
22 within case, nor of kin or counsel to any of the  
23 parties.

24 Witness my official signature as Certified

6 CROSS-EXAMINATION

7 (Continued)

8 BY MR. BOWMAN:

9 Q. Mr. Daniels, you'll be relieved to hear that  
10 I don't have too many more questions.

11 I want to ask you, you've got the exhibits in  
12 a binder in front of you at this point, and I'd like  
13 to ask you to have a look at Daniels Exhibit Number 5  
14 which is the lengthy report that Detective Freesmeyer  
15 prepared.

16 Have you got that?

17 A. Yes, right here.

18 Q. If you could turn to page 44 of the report,  
19 and it has a Bates number in the lower right-hand  
20 corner MCC 000303?

21 A. Okay.

22 Q. Just below the middle of the page, there's a  
23 sentence that reads as follows: On 2-18-94, Detective  
24 Daniels, Lieutenant Zayas, and myself -- referring to

1 Freesmeyer -- went to Chicago to meet with Jack Reagan  
2 of the Chicago Police Department's violent crimes  
3 unit.

4 Does that indicate to you that as of February  
5 18, Detective Zayas was actively involved in the  
6 Lockmiller case?

7 A. To me, yes.

8 Q. And that -- do you have any reason to dispute  
9 the statement here that Lieutenant Zayas went with you  
10 and others to the Chicago Police Department in  
11 February of 1994?

12 A. He, in fact, did.

13 Q. And did he do so to the best of your  
14 recollection in his capacity as lieutenant in the CID?

15 A. Yes, he did.

16 Q. All right.

17 MR. DiCIANNI: Let's hold one second -- I  
18 want to see -- okay. Never mind.

19 BY MR. BOWMAN:

20 Q. Then if you would turn to page 48 of the  
21 report, Bates number 307. Again, a little bit below  
22 the middle of the page. There's a sentence that reads  
23 as follows: On 5-16-94, a meeting was held to  
24 determine the course of action in this case. Present

1 at the meeting was chief James Taylor, State's  
2 Attorney Charlie Reynard, assistant State's Attorney  
3 James Souk, Lieutenant Frank Zayas, Lieutenant John  
4 Brown, detective Tony Daniels, and myself. I read  
5 that accurately, right?

6 A. Correct.

7 Q. And that indicates to you, does it not, that  
8 Frank Zayas was present at the May 16, 1994 auto  
9 meeting that you have testified about before at which  
10 the decision was announced that Beaman would be  
11 charged with the murder, right?

12 MR. DiCIANNI: Object to form.

13 THE WITNESS: That's correct.

14 MR. BOWMAN: Can I correct the form? What's  
15 your objection?

16 MR. DiCIANNI: You're asking him to draw a  
17 supposition based on something that's written in a  
18 report. You're saying this indicates to you that  
19 Frank Zayas was there. Well, it's in the report, so  
20 it doesn't -- wouldn't indicate -- lack of foundation.

21 MR. BOWMAN: Is the objection, okay. Thanks.

22 Did we get an answer to my question?

23 (Whereupon, the record was  
24 read as requested.)

1 BY MR. BOWMAN:

2 Q. To the best of your recollection, was  
3 Frank Zayas present at the May 16, 1994 meeting?

4 A. According to the report, yes.

5 Q. And to the best of your recollection --

6 A. Yes.

7 Q. -- was he there?

8 A. Yes.

9 Q. And was Frank Zayas -- does this indicate  
10 that Frank Zayas was actively involved in the  
11 Lockmiller homicide investigation as of this date, May  
12 16, 1994?

13 MR. DiCIANNI: I'll object to lack of  
14 foundation.

15 THE WITNESS: Correct.

16 BY MR. BOWMAN:

17 Q. And was Lieutenant Zayas there in his  
18 capacity as head of CID at that time?

19 MR. DiCIANNI: Object to lack of foundation.

20 THE WITNESS: Yes, he was.

21 BY MR. BOWMAN:

22 Q. Now, jumping back to another topic that you  
23 testified about last time. You indicated that in  
24 about October of 1994, you learned of John Murray's

1 arrest for domestic violence, among other things, yes?

2 A. Correct.

3 Q. And you learned this, if I recall your  
4 testimony accurately, based upon your review of the  
5 daily information flow regarding individuals who were  
6 arrested?

7 A. Correct.

8 Q. Is it accurate that any officer in the Normal  
9 Police Department in October of 1994 would have had  
10 access to that same information from which you learned  
11 of Murray's arrest?

12 A. Yes.

13 Q. Do you recall was there discussion amongst  
14 any of the officers who had participated in the  
15 Lockmiller investigation regarding Murray's arrest,  
16 the circumstances of it, and its significance?

17 MR. DiCIANNI: Object to lack of foundation.

18 THE WITNESS: I don't recall.

19 BY MR. BOWMAN:

20 Q. You're saying there may or may not have been,  
21 you don't specifically remember?

22 A. That's correct.

23 Q. Okay. All right. Shifting again to another  
24 subject on which you've testified about previously.

1 Mr. Zayas -- and this is -- this is the subject of the  
2 report of Murray's polygraph examination about which  
3 you testified before.

4 And, again, if I correctly recall the  
5 substance of your testimony, it is that you do not  
6 recall ever receiving the report of that polygraph  
7 examination, accurate?

8 A. I don't know if that's what I said or not  
9 that I recall; meaning, I could have, but I don't  
10 recall. Is that what you're asking me?

11 Q. That's what I'm asking you.

12 A. Correct.

13 Q. Okay. Now, I want to read you some testimony  
14 that Mr. Zayas gave in his deposition in this case  
15 regarding that report, and I'm just going to read this  
16 into the record. It's from the Zayas deposition  
17 beginning at page 120, line 13 of the transcript.  
18 Here's what he was asked about the report.

19 "Question: In this case, the  
20 report is addressed to Detective  
21 David Warner. How would this  
22 report have been routed through the  
23 police department upon receipt?"

24 And there was an objection, but there was

1 also an answer, and it goes on to state the answer:

2 "I don't know how to answer  
3 the question because if -- if it  
4 came into the police department  
5 addressed to David Warner, I think  
6 he would have gotten it and it  
7 would -- then he would read it,  
8 submit it, run copies of it, get  
9 the original to -- to records,  
10 make sure that, you know, I would  
11 have gotten a copy of it, the chief  
12 would have gotten a copy of it. So  
13 he would have had to disseminate  
14 the report. If my memory serves  
15 me correctly, that's -- should have  
16 been the way to process that.

17 Question: Okay. So let me  
18 try to take that step-by-step so I  
19 make sure I'm understanding.

20 Assuming Detective Warner received  
21 the report, he should direct the  
22 original to records?

23 Answer: Yes, the originals  
24 always went to records.

C07348

1 Question: And by sending it  
2 to records, the report would become  
3 part of the central file for this  
4 case?

5 Answer: Right, uh-huh.

6 Question: Upon receiving this  
7 report, Warner should make sure  
8 that you, Zayas, get a copy?

9 Answer: Yeah, should have  
10 made sure everybody else would have  
11 gotten a copy of it.

12 Question: And when -- when  
13 you say quote/unquote everybody, do  
14 you mean all of detectives working  
15 on the case?

16 Answer: Working on the case,  
17 yes.

18 Question: Okay. And he  
19 should have also made sure that the  
20 chief got a copy?

21 Answer: Oh, yes, sir."

22 And upon -- and then the next question:

23 "Okay. And upon receiving the  
24 report that's shown in Exhibit 4,

1 do you have any reason to doubt  
2 that Detective Warner would have  
3 gone through the steps that you and  
4 I just discussed?"

5 There was an objection. The answer:

6 "I -- I don't know. I -- he  
7 should have followed the procedure,  
8 disseminated the information."

9 And that's the end of what I'm going to read,  
10 and I've read through the top of page 122, line 5.

11 Do you have any dispute with any of the  
12 testimony that Lieutenant Zayas?

13 MR. DiCIANNI: Well, I'll object to that for  
14 several reasons. First of all, Detective Zayas is  
15 obviously speculating about what did or did not  
16 happen. And intermixed in that testimony is rank  
17 speculation, and I'm sure the objections may have  
18 pointed that out.

19 So you're asking this witness to -- whether  
20 he would agree with another witness's speculation  
21 which could only make this double speculation. I'll  
22 object to the foundation and the form.

23 THE WITNESS: The answer to your question  
24 would be the procedure that Lieutenant Zayas gave you

1 in his deposition is correct.

2 BY MR. BOWMAN:

3 Q. Do you have any reason to doubt based on  
4 anything that you've heard about, anything that you've  
5 seen, any recollection that you've had that the  
6 procedure that Lieutenant Zayas described in the  
7 testimony that he gave was, in fact, followed with  
8 respect to this particular report?

9 MR. DiCIANNI: Object, lack of foundation and  
10 speculation.

11 THE WITNESS: I can't be certain whether it  
12 was followed or not.

13 BY MR. BOWMAN:

14 Q. And why do you say that?

15 A. Well, apparently one of the questions,  
16 mysteries, if you will, is why this report of his  
17 polygraph was not disseminated to everyone. So it  
18 appears to me that it was not disseminated.

19 Q. And do you have any explanation for why that  
20 happened?

21 A. No --

22 MR. DiCIANNI: Object.

23 THE WITNESS: -- I do not.

24

1 BY MR. BOWMAN:

2 Q. Did you have --

3 MR. DiCIANNI: Speculation.

4 BY MR. BOWMAN:

5 Q. Did you have yourself, sir, any intention,  
6 any role, any activity whatsoever to cause this report  
7 not to be disseminated?

8 MR. DiCIANNI: Object, speculation.

9 MS. BARTON: I'll join.

10 MR. BOWMAN: That's not speculation. I'm  
11 asking you, sir.

12 MR. DiCIANNI: Well, he's testified he has no  
13 memory about it, so he can only speculate about  
14 whether he did anything to cause it. So I'm -- that's  
15 my objection.

16 MS. BARTON: I'll join in the objection.

17 BY MR. BOWMAN:

18 Q. Did you cause this report not to be  
19 disseminated, sir?

20 A. No, I did not.

21 MR. DiCIANNI: Same objection.

22 BY MR. BOWMAN:

23 Q. Did you take any action that would have  
24 resulted in the report not being disseminated?

1 MR. DiCIANNI: Same objection.

2 MS. BARTON: Join.

3 THE WITNESS: No, I did not.

4 BY MR. BOWMAN:

5 Q. To the extent that Timothy Freesmeyer at some  
6 point in the process functioned not as the supervisor  
7 of CID but as the primary investigator in the  
8 Lockmiller investigation, would Detective Freesmeyer  
9 as primary investigator be responsible for being on  
10 top of the information that was being developed, not  
11 just by himself but by other investigators in the  
12 case?

13 MR. DiCIANNI: I'll object; lack of  
14 foundation, form.

15 THE WITNESS: He should have, yes.

16 BY MR. BOWMAN:

17 Q. As the primary investigator at some point in  
18 time, if he was, was Freesmeyer's -- would  
19 Freesmeyer's responsibility have been to be aware of  
20 documents that were being assembled in the  
21 investigation from third-party sources?

22 MR. DiCIANNI: Same objection.

23 THE WITNESS: Yes.

24

1 BY MR. BOWMAN:

2 Q. As primary investigator if he was at some  
3 point in this investigation, would Freesmeyer be  
4 responsible for ensuring that documents including  
5 materials generated from third-party sources,  
6 investigator reports, investigator notes and other  
7 information, that that all be routed through the chain  
8 to the supervisor for purposes of dissemination of the  
9 documents to the State's Attorney and the other  
10 lawyers in the criminal case?

11 MR. DiCIANNI: Object to form, foundation.

12 MS. BARTON: Join.

13 THE WITNESS: Correct.

14 BY MR. BOWMAN:

15 Q. Did you, Detective -- I guess you don't get  
16 the title anymore.

17 A. No.

18 Q. Mr. Daniels, did you as -- to the best of  
19 your ability in your work on the Lockmiller case  
20 adhere to and follow the training and instruction that  
21 you've been given?

22 MR. DiCIANNI: Object to lack of foundation,  
23 speculation.

24 MS. BARTON: Join.

1 THE WITNESS: To my knowledge, yes.

2 BY MR. BOWMAN:

3 Q. And specifically with respect to the handling  
4 of documents and your binders did you do so?

5 A. Yes.

6 MR. DiCIANNI: Same objection.

7 THE WITNESS: Yes.

8 MR. BOWMAN: That completes my questioning of  
9 you at this time, Mr. Daniels. Thanks for your time.

10 MR. DiCIANNI: Do you have anything?

11 MS. BARTON: Since you indicated that you had  
12 a couple of hours, maybe it would be -- unless anybody  
13 has any objection to that?

14 MR. DiCIANNI: That's fine. I'll go.

15 MS. BARTON: You will --

16 MR. DiCIANNI: And I don't know that I have a  
17 couple hours --

18 MS. BARTON: Okay.

19 MR. DiCIANNI: -- but I'll go next.

20 MS. BARTON: Just because it sounds like you  
21 have more.

22 MR. BOWMAN: I hate to be a whiner. Can we  
23 go off the minute just a minute so we could get some  
24 tea?

1 MR. DiCIANNI: Oh, yeah.

2 THE VIDEOGRAPHER: Off the record, 10:29.

3 (Whereupon, a break was taken.)

4 THE VIDEOGRAPHER: On the record, 10:31.

5 RECROSS-EXAMINATION

6 BY MR. DiCIANNI:

7 Q. Mr. Daniels, you during your testimony in  
8 response to questions by Mr. Bowman, you said several  
9 times or you were asked several times about what  
10 trained and experienced investigators might do in a  
11 particular situation. You recall being asked  
12 questions along those lines?

13 A. Yes.

14 Q. Okay. And I assume you considered yourself a  
15 trained and experienced investigator, correct?

16 A. Yes, somewhat, some degree.

17 Q. Okay. Did -- did you take classes in  
18 investigative techniques and practices or was all your  
19 training sort of on the job?

20 A. I had quite a few schools, on the job.

21 Q. Well, that sounds like two different things.  
22 Actually, the way I meant it as a question, that would  
23 have been two different things.

24 You have continuing police training through

1 NEMRT and other types of -- maybe not NEMRT down here,  
2 through other types of organizations that provide for  
3 police training for sworn police officers, correct?

4 A. Yes.

5 Q. Okay. And have you taken those types of  
6 courses in investigative techniques or practices?

7 A. Yes.

8 Q. As you sit here today, can you remember which  
9 ones you may have taken?

10 A. Well, I've taken John Reid School of  
11 interview interrogation. I had three -- two other  
12 classes regarding interview and interrogation,  
13 homicide investigations; seminars which were three,  
14 four and five days long with the renowned -- one of  
15 them was the renowned Dr. Henry Lee; Roy Hazelwood;  
16 other update basic homicide investigations.

17 Q. So these are classes that you've gone to?

18 A. Correct.

19 Q. Okay. Have you ever instructed a class in  
20 homicide investigation or any kind of investigation?

21 A. No.

22 Q. Have you ever instructed any police training  
23 classes?

24 A. No.

1 Q. Have you ever written any types of articles  
2 or publications regarding police investigation topics?

3 A. I -- when I was still in investigations, I  
4 did write up a procedure for on-the-scene homicide  
5 investigations.

6 Q. That was for internal use?

7 A. Correct.

8 Q. For the department?

9 A. Yes, a binder to take with you when you have  
10 a homicide investigation, make sure -- it was a  
11 checklist to make sure what it was.

12 Q. And where did you obtain the information from  
13 that?

14 A. Various classes, experience, knowledge.

15 Q. Okay. So this was -- these were -- these  
16 procedures were based on information that you gathered  
17 from other courses?

18 A. Correct.

19 Q. Okay. And when -- when did you do that?

20 A. Well, see, I retired in 2000. I don't have  
21 an exact recall of the date. Perhaps 1998, maybe  
22 1999.

23 Q. Okay. Have you ever served in any positions  
24 in any police organizations such as any -- any police

1 organizations? Have you belonged to -- held any high  
2 level positions?

3 A. No.

4 Q. Have you been on the faculty anywhere of any  
5 police organ -- police training organization?

6 A. No.

7 Q. Have you ever testified as an expert witness  
8 in any situation?

9 A. No.

10 Q. Have you ever been asked to testify as an  
11 expert witness?

12 A. No.

13 Q. Do you -- would you consider yourself an  
14 expert witness in issues regarding police  
15 investigation?

16 A. Absolutely not.

17 Q. The -- you testified early on in your  
18 questioning by Mr. Bowman about Frank Zayas's  
19 responsibility, and one of the things you said was he  
20 was responsible to assure records get to the State's  
21 Attorney's Office. And I think you -- the example you  
22 used was the Harry Truman, the buck stops at the top.  
23 So he was -- as the supervisor of CID, that would have  
24 been one of his responsibilities, correct?

1 A. Yes.

2 Q. Okay. And we talked about the standard  
3 procedures that were used in that certain documents  
4 were disseminated, one copy was supposed to go to  
5 central files; and at some point in time, the central  
6 files or some action would be taken to get the main  
7 file to the State's Attorney. That was the general  
8 procedure, right?

9 A. Would you restate your question?

10 Q. Yeah, let me restate that.

11 A. Okay.

12 Q. Well, Mr. Bowman just read you some testimony  
13 by Frank Zayas regarding some procedures that  
14 generally were followed regarding the routing of  
15 records up the chain of command and eventually into  
16 the records department and then presumably to the  
17 State's Attorney's Office, correct?

18 A. Correct.

19 Q. All right. And that was your understanding  
20 of what the general practice was?

21 A. General practice, yes.

22 Q. Okay. Obviously there were situations where  
23 things fell through the cracks, correct?

24 A. I would venture to say there is or was.

1 Q. In this case and in other cases?

2 MR. BOWMAN: Objection, foundation.

3 MR. DiCIANNI: I'll withdraw the question.

4 BY MR. DiCIANNI:

5 Q. In this case, there were obviously certain  
6 situations in which things fell through the cracks,  
7 correct?

8 MR. BOWMAN: Objection, foundation.

9 THE WITNESS: It appears to be, yes.

10 BY MR. DiCIANNI:

11 Q. All right. That doesn't mean that somebody  
12 purposefully or anybody purposefully or intentionally  
13 took some action to cause those things to fall through  
14 the cracks, correct?

15 MR. BOWMAN: Objection, foundation.

16 THE WITNESS: That's correct.

17 BY MR. DiCIANNI:

18 Q. All right. You yourself say that you didn't  
19 do anything, in response to Mr. Bowman's questions, to  
20 cause the polygraph examination of John Murray to not  
21 get to the State's Attorneys; that's your testimony,  
22 correct?

23 A. Correct.

24 Q. You say -- you have no memory of ever taking

1 possession of it or seeing it back then, correct?

2 A. Correct.

3 Q. You say that only because you know that you  
4 had no reason to do that, and that's not something you  
5 would have done, correct?

6 A. Your --

7 MR. BOWMAN: The form of that question is  
8 bad.

9 THE WITNESS: Your question confuses me.

10 BY MR. DiCIANNI:

11 Q. All right. Well, let me rephrase that.

12 If -- if -- you don't remember -- obviously I  
13 don't want to beat the question up, but you don't  
14 remember getting that report, correct?

15 A. That's correct.

16 Q. Dave Warner says he gave you that report.  
17 You're familiar with that, correct?

18 A. That's what I -- my understanding is that's  
19 what he testified to, yes.

20 Q. Yes. Assuming that Dave Warner is correct  
21 and you just misplaced that report so it never got to  
22 records or you lost it or it somehow got put in a  
23 different file accidentally, you would have caused --  
24 you would be able to say that you caused that record

1 not to get to the State's Attorney's Office, correct?

2 MR. BOWMAN: Objection.

3 BY MR. DiCIANNI:

4 Q. Assuming my -- my facts?

5 MR. BOWMAN: Objection; hypothetical,  
6 speculation, lacks foundation.

7 THE WITNESS: Is this an accusation or --

8 BY MR. DiCIANNI:

9 Q. No, it's not.

10 A. -- is this a statement or --

11 Q. No, this is --

12 A. -- possibilities that it could've happened?

13 Q. Yes, possibilities.

14 A. That's a possibility, yes.

15 Q. Okay. So as you sit here today --

16 MR. BOWMAN: Same objection to the following  
17 questions just to be clear.

18 BY MR. DiCIANNI:

19 Q. As you sit here today and you say to  
20 Mr. Bowman that you know you did nothing to cause it,  
21 what you mean is you did nothing intentionally to  
22 cause it, correct?

23 A. Intentionally is the keyword. Yes.

24 Q. Okay. All right. And do you have any reason

1 to believe that Frank Zayas did anything to  
2 intentionally cause either the polygraph report or  
3 anything else not to get to the State's Attorney's  
4 Office?

5 MR. BOWMAN: Objection, foundation.

6 THE WITNESS: I would think not.

7 BY MR. DiCIANNI:

8 Q. All right. Now, you've -- you've kept touch  
9 with Frank Zayas since he left the department, haven't  
10 you?

11 A. Yes, I have.

12 Q. In fact, you visited him a few times in  
13 Sarasota?

14 A. Well, I -- I didn't go to Sarasota to visit  
15 him. My sister lives there.

16 Q. Yeah.

17 A. When I go down to visit her, we get in touch.

18 Q. You'd get together?

19 A. Yes.

20 Q. Haven't you stayed with him at times at his  
21 place?

22 A. No.

23 Q. No? Okay. But you've been down there, and  
24 that's since he left the department, correct?

1 A. Correct.

2 Q. Have you had conversations with him about the  
3 Beaman case?

4 A. I don't recall having conversations with  
5 Frank Zayas about the Beaman case when I visited him  
6 in Sarasota.

7 Q. Okay. Do you -- do you remember -- have you  
8 ever had conversations with him about the lawsuit?

9 A. I think that came up because I believe he  
10 stated at one time he or his wife, Nancy, would read  
11 the Pantagraph, the local newspaper, on the website  
12 down there.

13 Q. Okay.

14 A. Of course, he got served too. He said he got  
15 served.

16 Q. Right. So -- so you did have conversations  
17 with him about the lawsuit?

18 A. Yes, in passing, yes. It was no detailed  
19 what happened here and what happened there, no. Just  
20 the mention of the fact that the lawsuits.

21 Q. Okay. And he was -- and you -- this was in  
22 person you had the conversation with him, correct?

23 A. Yes.

24 Q. Okay. Did he mention anything to you about

1 any of the allegations that were in the complaint  
2 against him?

3 A. I do not recall.

4 Q. When you said it was -- well, strike that.

5 We saw in the records that Mr. Bowman showed  
6 you that he was present, he, Frank Zayas, was present  
7 at the meeting on February 18 with the Chicago Police,  
8 correct?

9 A. Yes.

10 Q. And that's 1994.

11 And then he was -- he appeared to be present  
12 with the -- at the meeting in May where the decision  
13 was made to arrest Alan Beaman --

14 MR. BOWMAN: Object --

15 BY MR. DiCIANNI:

16 Q. -- at least -- at least according to that  
17 report, correct?

18 MR. BOWMAN: Object to the form of the  
19 question.

20 THE WITNESS: Yes.

21 BY MR. DiCIANNI:

22 Q. Okay. And we saw also in another report that  
23 Frank was no longer the head of CID as of  
24 March 7 or February -- I don't remember the exact

1 date, but sometime in February of '94 until June of  
2 '94, he was not the head of CID. We saw that in the  
3 Freesmeyer report, correct?

4 MR. BOWMAN: Objection, form and foundation.

5 THE WITNESS: If that was in the report, then  
6 that would be the correct dates.

7 BY MR. DiCIANNI:

8 Q. Well, let me -- let me go to that then. I'm  
9 referring to Exhibit Number -- Daniels Exhibit 12  
10 which is the Freesmeyer monthly report.

11 On -- well, let me ask you a back-up  
12 question. It says on the folder cover, which would be  
13 the first page of this, Freesmeyer's Monthly Report.  
14 And that's your writing, correct?

15 A. Yes.

16 Q. This came out of your -- your documents --

17 A. Correct.

18 Q. -- that you produced to the State's  
19 Attorney's lawyers?

20 A. Yes.

21 Q. I should say the County's lawyers in response  
22 to the subpoena.

23 MS. BARTON: Thank you.

24

1 BY MR. DiCIANNI:

2 Q. It's actually more of an annual report than a  
3 monthly report, would that be accurate?

4 MR. BOWMAN: Objection; foundation, calls for  
5 speculation.

6 THE WITNESS: If I may read on the first  
7 page, it does say the division was assigned a total of  
8 940 cases as compared to 1165 for 1993. That  
9 indicates it probably is an annual report.

10 BY MR. DiCIANNI:

11 Q. Yeah. And it covers activities in almost  
12 every month of that year, correct?

13 A. Well, I didn't read it. I couldn't tell you  
14 what it does cover or does not.

15 Q. All right. In any event, on page S --  
16 Daniels SDT 970 at the bottom -- and we talked about  
17 this before. It says that Lieutenant Zayas -- that  
18 Frank Filliponi took over as CID supervisor from  
19 1-1-94 to 3-7-94, and then Sergeant Daniels took over  
20 from 3-7-94 until 6-94, and then Frank Zayas returned  
21 to be the CID supervisor in June of '94.

22 And you -- you have no quarrel with that --  
23 with that part of the report, correct?

24 MR. BOWMAN: Objection, foundation.

1 THE WITNESS: I -- I can't testify as to what  
2 Freesmeyer had put in this report to be accurate or  
3 not.

4 BY MR. DiCIANNI:

5 Q. Okay. But we did talk earlier at your last  
6 session that you do recall there was a point in time  
7 when you were the -- you were the temporary CID  
8 supervisor because Filliponi had retired and, Frank  
9 Zayas was out of that position and then he returned.  
10 You recalled that, but you couldn't recall the exact  
11 dates?

12 A. Correct.

13 Q. Okay. The fact that Frank Zayas is present  
14 at this meeting in February with the Chicago Police,  
15 that doesn't mean that he was still the head of CID,  
16 correct?

17 MR. BOWMAN: Objection; speculation,  
18 foundation.

19 THE WITNESS: I couldn't recall if that was  
20 the time that he traveled with us, he was still in  
21 charge or not.

22 BY MR. DiCIANNI:

23 Q. Well --

24 MR. BOWMAN: Did you want to continue your

1 answer?

2 BY MR. DiCIANNI:

3 Q. Oh, I'm sorry. If you weren't --

4 A. I'm reading from his report.

5 Q. Yeah.

6 A. From Freesmeyer's report. In fact, that's  
7 what it says in there. I got no way to challenge  
8 those dates. I don't recall those dates.

9 Q. Well, I understand that. But Counsel had  
10 asked you based on Freesmeyer's police report, not  
11 this monthly -- this annual report, but based on his  
12 police report where there's a reference to Frank Zayas  
13 being at the police -- Chicago Police Department on  
14 February 18, 1994 and also being at the meeting about  
15 Beaman in May of 1994. Mr. Bowman asked you does that  
16 indicate to you that he was still active in the  
17 investigation.

18 So I'm asking -- my question to you is those  
19 two references in the report that Mr. Bowman was  
20 talking about don't indicate that Frank Zayas was  
21 still the head of CID, do they?

22 MR. BOWMAN: Objection; foundation,  
23 speculation, compound, argumentative.

24 THE WITNESS: They do not indicate that;

1       however, my recollection is that he was still in  
2       charge. My recollection of the date that we went to  
3       Chicago, I recall him the one that driving and he was  
4       in charge.

5       BY MR. DiCIANNI:

6             Q.    Well, what do you mean by "he was in charge?"  
7       In charge of what?

8             A.    Well, of us three going up there.

9             MR. DiCIANNI:  What report was that, 12?

10            MS. BARTON:  5?  Freesmeyer.

11            MR. DiCIANNI:  5, Freesmeyer.

12       BY MR. DiCIANNI:

13             Q.    Well, do you mean that because he's a  
14       lieutenant, he's in charge of yourself and  
15       Freesmeyer --

16             MR. BOWMAN:  Object --

17       BY MR. DiCIANNI:

18             Q.    -- just based on the chain of command?

19             MR. BOWMAN:  Objection; mischaracterizes the  
20       testimony, argumentative.

21             THE WITNESS:  As a lieutenant with two  
22       detective officers with him, he would be in charge.

23       BY MR. DiCIANNI:

24             Q.    Okay.  All right.  So you're under his

1 command because his -- of his rank, correct?

2 A. Yes.

3 Q. All right. That doesn't mean -- the fact  
4 that he's coming with you to this meeting at the  
5 Chicago Police Department, that doesn't mean he's  
6 still the head of CID? You can't make that  
7 conclusion, can you?

8 MR. BOWMAN: Objection, foundation.

9 THE WITNESS: I cannot definitely say for  
10 sure that that was his title at that time and moment.  
11 I can say as a lieutenant, he was in charge, and he  
12 still had his hands in on the investigation.

13 BY MR. DiCIANNI:

14 Q. Okay. Well, obviously he's present?

15 A. Okay.

16 Q. But you don't know --

17 A. No.

18 Q. -- to what extent he's still involved in the  
19 investigation, correct?

20 A. No.

21 Q. And that's the same thing in -- on May 16, I  
22 believe it was, or 17, 1994, where he attends the  
23 meeting where the discussion is had about arresting  
24 Beaman, you can't say on that date and time what

1 involve -- what continuing involvement he had in the  
2 investigation?

3 A. I could not be sure, no.

4 Q. All right. And it certainly could be  
5 helpful, couldn't it, to have a detective who had been  
6 involved in the investigation but no longer was to  
7 attend these meetings, correct?

8 MR. BOWMAN: Objection; foundation,  
9 speculation.

10 THE WITNESS: That would not been my call.

11 BY MR. DiCIANNI:

12 Q. But you can say that could be helpful?

13 A. In my opinion --

14 MR. BOWMAN: Same set of objections.

15 THE WITNESS: In my opinion, yes.

16 BY MR. DiCIANNI:

17 Q. Okay. When you -- when you testified that it  
18 would have been Frank Zayas's responsibility to assure  
19 that the polygraphs we've been talking about made it  
20 the State's Attorney's Office, you're not saying it's  
21 his fault that they didn't get to the State's  
22 Attorney's Office, are you?

23 A. Absolutely not.

24 MR. BOWMAN: Objection. I -- where to start.

1 Foundation, form -- foundation and form for a number  
2 of reasons.

3 BY MR. DiCIANNI:

4 Q. We heard at the first -- at prior sessions  
5 we've been involved in, we've heard about your working  
6 file, and we heard about the main file, and we heard  
7 that other detectives also would have had, as far as  
8 you know, working files.

9 Did you take any action to transfer your  
10 working file to the State's Attorney's Office?

11 A. Not that I recall.

12 Q. And we heard that when you left the  
13 department, you still had -- well, your working file  
14 ended up in your home at some point in time. We don't  
15 know when, but at some point in time, it ended up at  
16 your home, correct?

17 A. Correct.

18 Q. And you have no memory of doing anything, of  
19 taking action to transfer your working file to the  
20 records division, correct?

21 A. As I recall, no.

22 Q. Now, you testified last time that you -- when  
23 a question -- when questions were asked to you about  
24 Mr. Beaman's alibi, you testified that we examined his

1 car and had doubts that he could drive it to Rockford  
2 and back within that time frame. I'm paraphrasing  
3 your testimony. But the -- but -- but the important  
4 question is you said we examined his car. Who -- who  
5 was we in that statement?

6 A. Detective Rob Hospelhorn.

7 Q. And yourself?

8 A. Correct.

9 Q. And when did you do that?

10 A. Right after Alan Beaman walked out of the  
11 Winnebago County Sheriff's Department.

12 Q. And how did you examine his car?

13 A. We looked at it with our eyes. We used no  
14 instruments.

15 Q. Okay. You just looked at it?

16 A. Correct.

17 Q. And it looked like a little beater which  
18 couldn't get back and forth in time, right?

19 A. Well, in my opinion, yes.

20 Q. Okay. You know what I mean by beater?

21 A. Yes.

22 Q. Yeah. Okay. But not impossible for it to  
23 get back and forth in time, just unlikely --

24 A. I didn't.

1 Q. -- in your opinion?

2 A. I didn't turn the engine in or get inside and  
3 run it around the block, no.

4 Q. So not impossible?

5 A. I can't say that.

6 Q. You started to say -- and maybe we need to go  
7 to the transcript for this. And I don't want to go  
8 back and forth between the transcript like it's a  
9 trial and all that. I don't think that's appropriate.  
10 But for this question, I think maybe we need to do  
11 that.

12 You were asked by Mr. Bowman -- this is on  
13 page 133. You were asked by Mr. Bowman about yours  
14 and Rob Hospelhorn's interview with Beaman on  
15 August 28. And you were asked the question:

16 "Was there -- did the  
17 investigators get anything else on  
18 Beaman that was further support  
19 for the proposition that Beaman  
20 was the perpetrator?"

21 And you answered:

22 "Yes, there had been."

23 And Mr. Bowman asked you:

24 "What is that?"

C07376

1                   And you answered:

2                                   "Well, the information that  
3                                   came about as a pretrial or  
4                                   posttrial conviction, I learned  
5                                   that information was  
6                                   misrepresented by Tim Freesmeyer.  
7                                   I also learned during the  
8                                   testimony of Judge Souk that  
9                                   information was omitted."

10                   What I want to know is -- and was never went  
11                   into as to what was misrepresented. What are you  
12                   referring to there in that statement that was  
13                   misrepresented by Tim Freesmeyer?

14                   A. Tim Freesmeyer in testimony on one of the  
15                   hearing -- post-conviction hearings testified that Mr.  
16                   Beaman had said -- there were two different routes to  
17                   the bank from Beaman's residence. And one route would  
18                   have indicated and pointed to the fact that Beaman did  
19                   have the opportunity to leave the bank, drive home,  
20                   and drive to Jennifer's residence; and the other  
21                   route, of course, indicate he didn't have time.

22                   Well, the testimony that I understand was the  
23                   fact that Tim Freesmeyer represented the route, and he  
24                   said that Alan said this was the route that I had

1 taken that would have give him the opportunity to  
2 commit the crime when, in fact, that's not what the  
3 route that Beaman had taken.

4 Q. So --

5 A. From the bank to his residence.

6 Q. So what was the misrepresentation by  
7 Mr. Freesmeyer?

8 A. That he had the wrong route. He indicated  
9 that Alan said one route was the route he had taken,  
10 which would have included him as a suspect as the  
11 person who committed the crime, when, in fact, Alan  
12 said, no, that's not the route I told you.

13 Q. I see.

14 A. And I think it was in jury -- or grand jury.

15 Q. Okay. So the misrepresentation that you  
16 believe Mr. Freesmeyer made came during testimony?

17 A. Yes, I believe it did.

18 Q. And when was that testimony given?

19 A. I don't know the date of it. It was a  
20 post -- posttrial.

21 Q. Okay.

22 A. Post-conviction trial.

23 Q. It was during the post-conviction part?

24 A. Yes.

1 Q. All right. So you went through those  
2 transcripts from the post-conviction case?

3 A. No, I didn't go through the transcript.

4 Q. Well, how did you know what he testified to?

5 A. I believe I recalled hearing it because I was  
6 there.

7 Q. You were in the courtroom?

8 A. Yes.

9 Q. You also said: "I also learned during the  
10 testimony of Judge Souk that information was omitted."

11 And what were you referring to there; can you  
12 remember?

13 A. The viable suspect they had cleared, John  
14 Larbi, in regards -- the polygraph had a part to play  
15 in that testimony, whether or not they received a  
16 report of a polygraph.

17 Q. Well, can you remember what the exact  
18 testimony of Judge Souk was that indicated to you that  
19 information was omitted?

20 A. No, I don't.

21 Q. Again, you're talking about some testimony  
22 that you heard Judge Souk give while you were sitting  
23 in the courtroom?

24 A. I believe that's what I testified to, yes.

1 Q. All right. Did you ever listen to the 9 --  
2 the answering machine messages from Jennifer's  
3 answering machine?

4 A. Yes.

5 Q. Do you remember Stacey Gates's calls?

6 A. On her phone?

7 Q. Yeah.

8 A. No, not really. I remember the name Stacey,  
9 Bubba.

10 Q. Bubba?

11 A. Stacey Gates getting -- being mentioned on  
12 her phone. But conversations, no.

13 Q. Do you remember that he was calling  
14 consistently wanting her to call him back so they can  
15 test -- so they can set up a time to meet that  
16 weekend?

17 A. They were to, yes.

18 Q. Okay.

19 A. They were to meet that weekend.

20 Q. And do you recall that those conversate --  
21 those calls continued even after the point in time  
22 when it's believed she was murdered?

23 A. No, I don't.

24 Q. Okay. Was that not your part of the case or

1 was that --

2 A. No, I wouldn't say that. What I'm saying in  
3 answer to your question is I don't recall hearing  
4 those or listening to those.

5 Q. Did you consider Stacey Gates your part of  
6 the case, investigating Stacey Gates your part of the  
7 case?

8 A. Whether or not I had taken personal attention  
9 to Stacey or Bubba, Stacey Gates, I don't recall  
10 getting personally involved in interviewing him.

11 I do recall when we came back from Rockford  
12 that same night that we talked to Alan that he had  
13 made a call to our radio operator, that -- Normal PD  
14 to the point where he was demanding to know what was  
15 going on. And I satisfied his curiosity by telling  
16 him that we're investigating something, and I couldn't  
17 release any information. I think basically that's  
18 about it.

19 Q. Well --

20 A. Now, as far as talking to him and  
21 interviewing him, I don't believe I did.

22 Q. Well, my question went more to who had  
23 responsibility for him in the investigation. We've  
24 heard testimony both from you and others that various

1 suspects were sort of split up between the  
2 investigators. You had Beaman first and then  
3 Freesmeyer was given Beaman. Freesmeyer had Swaine.  
4 You had Murray. And I'm wondering who had Gates; do  
5 you know?

6 A. I don't --

7 MR. BOWMAN: Object to the form of the  
8 question.

9 THE WITNESS: I don't recall.

10 BY MR. DiCIANNI:

11 Q. All right. You do -- you do, though, agree  
12 that each of the investigators sort of split up  
13 the -- who was going to follow up on each suspect,  
14 correct?

15 MR. BOWMAN: Objection, form, foundation.

16 THE WITNESS: I don't know who us was  
17 assigned to -- what investigator was assigned to what  
18 suspect or people to interview.

19 BY MR. DiCIANNI:

20 Q. You know who you were assigned to?

21 A. Yes.

22 Q. And who were you assigned to?

23 A. First was Alan --

24 Q. Right.

1           A.    -- and then we talked to several other people  
2 that names came up during the investigation.

3           Q.    And then John Murray was one you were --

4           A.    Yes.

5           Q.    But you don't remember if you were assigned  
6 to Stacey Gates or you weren't assigned?

7           A.    I do not remember.

8           Q.    Okay. You made the statement that all of the  
9 recorded statements of Beaman from the overhears were  
10 consistent with his innocence. Is that a statement  
11 that you stand by here?

12          A.    There did not seem to be anything on those  
13 overhears to indicate that he himself admitted to her  
14 murder; but as I recall, his whereabouts, his alibi  
15 seemed consistent.

16          Q.    Weren't there some statements on his -- well,  
17 strike that.

18                I should ask you first, did you listen to his  
19 overhears?

20          A.    No, I did not listen to the overhears.

21          Q.    Did you read the transcripts?

22          A.    I read some of the transcripts.

23          Q.    And was there nothing in those transcripts  
24 that could have been consistent with guilt?

1           A.    Well, I'm sure if there had been Tim  
2           Freesmeyer or one else who listened to it or read the  
3           transcripts would have caught their attention.

4           Q.    So the statement -- the question you were  
5           asked by Mr. Bowman about Beaman's statements being  
6           completely consistent with innocence, that's not  
7           exactly accurate?

8           MR. BOWMAN:  Objection, argumentative.

9           THE WITNESS:  Depends how you want to  
10          interpret the statements and what prior knowledge you  
11          had of his other statements.

12         BY MR. DiCIANNI:

13          Q.    Well, as you sit here now, you're not  
14          confident to say that all of Beaman's statements were  
15          consistent with innocence, correct?

16          MR. BOWMAN:  Objection.  I mean, that's  
17          argumentative, and that's exactly the contrary of what  
18          he's just testified to.

19         BY MR. DiCIANNI:

20          Q.    You could answer.

21          A.    What my recollection of reading the  
22          transcripts and also interviewing Alan appears to be  
23          consistent.  The context appears -- in my opinion  
24          appears to be consistent.

1 Q. With innocence?

2 A. Yes.

3 Q. And there's no part of it that reasonable  
4 people could construe as being consistent with guilt?

5 A. I can't recall.

6 Q. One of the statements that he made was that  
7 Jennifer was better off dead basically. And at least  
8 one of the other investigators thought that that was  
9 consistent with guilt because it is a -- it is a means  
10 of sort of consoling yourself and this -- represented  
11 this as being an investigative piece of knowledge.

12 In your mind, did the statement that she's  
13 better off dead have any investigative value?

14 MR. BOWMAN: Object to the form of the  
15 question. Object in particular that, you know, it's  
16 incomplete and inaccurate characterization of the  
17 tape. Ask that question properly, you should put the  
18 transcript in front of the witness.

19 BY MR. DiCIANNI:

20 Q. You can go ahead and answer.

21 A. You need an answer?

22 Q. Well, I'm asking you.

23 A. Oh, right now?

24 Q. Yeah.

1 A. Excuse me.

2 Q. Why don't I read --

3 A. I understand what you're saying.

4 Q. Okay.

5 A. In my opinion, that statement in and of  
6 itself doesn't add to his guilt or innocence.

7 Q. Not at all?

8 A. In my opinion, not at all.

9 Q. Okay. What about the statement where he  
10 made -- he said that Jennifer treated him as though it  
11 were a sharp, silver object in his chest? Do you  
12 remember reading or hearing that statement?

13 A. No, I don't.

14 Q. Okay. Would that statement -- assuming that  
15 that's the statement he made, would that statement  
16 have any investigative value in this case given that  
17 Jennifer was stabbed in the chest with a scissors?

18 MR. BOWMAN: Objection, form of the question.

19 BY MR. DiCIANNI:

20 Q. In your opinion.

21 MR. BOWMAN: Objection to the form of the  
22 question, in particular the proper way to ask that  
23 question is to place the transcript in front of the  
24 witness who's testified that the statements have to be

1 perceived in context.

2 MR. DiCIANNI: Well --

3 MR. BOWMAN: And also object to the extent --  
4 and I don't have the transcript in front of me either,  
5 but I object to the extent that that question may or  
6 may not accurately characterize the specific portion  
7 of the transcript on which counsel is -- is focused.

8 MR. DiCIANNI: Well, I have to disagree with  
9 you, Mr. Bowman. This is not like an impeachment at  
10 trial. I'm getting his opinion --

11 MR. BOWMAN: I don't want to debate it.

12 MR. DiCIANNI: I'm getting it his general --

13 MR. BOWMAN: I don't want to debate it with  
14 you.

15 MR. DiCIANNI: Okay. All right.

16 MR. BOWMAN: I've made my objection.

17 MR. DiCIANNI: Okay. Could you read back the  
18 question.

19 (Whereupon, the record was  
20 read as requested.)

21 MR. BOWMAN: And I interpose the same  
22 objections to the question as restated by the court  
23 reporter.

24 THE WITNESS: That statement like the

1 previous question taken out of context by itself would  
2 not indicate any remorse indication that he had  
3 murdered Jennifer.

4 BY MR. DiCIANNI:

5 Q. Okay. So to you it's not consistent in any  
6 way with guilt?

7 A. That statement in -- by itself taken out of  
8 context, no.

9 Q. Okay. What about Beaman not talking about  
10 having been to the bank even though he had been  
11 questioned several times about his activities that  
12 morning, did that have any investigative value to you?

13 A. Well, certainly it could have depending on  
14 the dates and times that he left work and so forth.  
15 It would help indicate, and it did apparently, whether  
16 or not he could have possibly been down in Normal at  
17 the time, but it doesn't mean that he had murdered  
18 her. May -- it could mean that he had the opportunity  
19 or did not much like his vehicle information.

20 Q. I'm referring more to, though, his statement,  
21 not that the fact that he was at the bank, but his  
22 statement that he -- in his statements he never raised  
23 the question or disclosed that he had actually been to  
24 the bank that morning. That's what I'm referring to.

1 Does his lack of disclosure of having been to  
2 the bank that morning have any investigative value in  
3 your opinion?

4 A. Not necessarily.

5 Q. Why not?

6 A. Given the condition that he was in that  
7 night, in my opinion, I think I testified that he  
8 appeared to be under the influence of perhaps drugs  
9 and/or alcohol, plus the fact that he was tired. He  
10 was going to work. It could have slipped his mind.  
11 Maybe he placed no importance upon that.

12 Q. And you're referring to the conversation you  
13 had with him on August 28?

14 A. Correct.

15 Q. Okay. But later on in subsequent  
16 conversations which were tape recorded with  
17 Freesmeyer, he continued to not disclose having been  
18 to the bank. You're aware of that, correct?

19 MR. BOWMAN: Objection to the form of the  
20 question. It's argumentative, particularly the phrase  
21 "not disclose."

22 THE WITNESS: I wasn't aware that he had been  
23 to the bank until Freesmeyer informed us through the  
24 use and verification of videotape.

1 BY MR. DiCIANNI:

2 Q. But you were aware that Beaman never  
3 disclosed in any of his statements that he had been to  
4 the bank?

5 A. I don't --

6 MR. BOWMAN: Same objection to the form of  
7 the question.

8 THE WITNESS: I don't recall that being in  
9 any of his statements.

10 BY MR. DiCIANNI:

11 Q. All right. Are -- is it your opinion that  
12 John Murray is an equal suspect to Beaman?

13 A. As of what period of time in the  
14 investigation?

15 Q. Now.

16 A. My opinion?

17 Q. Yeah.

18 A. My opinion is that he is the prime suspect.

19 Q. He is a greater suspect than Alan Beaman?

20 A. Correct.

21 Q. What is your theory of John Murray's having  
22 murdered Jennifer?

23 A. Point that they were to get back together.  
24 Perhaps he found out that she was to have a weekend

1 with Bubba, her -- one of her flames in high school  
2 back in Decatur. The fact that he was their drug  
3 supplier, and there's a possibility that she owed him  
4 money, something to do with drugs.

5 That give rise -- but there's other  
6 circumstances -- circumstantial evidence that points  
7 to him more so than Alan Beaman. And if one were to  
8 take a chalkboard and draw a line down the middle on  
9 that chalkboard and put Beaman on one side and Murray  
10 on the other side and list the information taken from  
11 interviews and information known, I think one would  
12 draw the conclusion that there's more evidence  
13 pointing to Murray, circumstantial evidence, than  
14 there is Alan Beaman in my opinion.

15 Q. Well, let's talk about that. You're saying  
16 that Murray's motive was jealousy because he  
17 thought -- he wanted to get back with Jennifer, and he  
18 thought she was going to see Bubba that weekend.  
19 That's one motive?

20 A. Correct.

21 Q. How does that square with it being common  
22 knowledge that Jennifer was going out with Michael  
23 Swaine and had just broken up with Alan Beaman? How  
24 does it square that he would become so enraged to

1 commit a murder over finding out that she's going to  
2 see this fellow this weekend when she's already with  
3 another fellow?

4 A. You're asking me an opinion?

5 Q. Yeah.

6 A. I don't know.

7 Q. Okay. And I didn't -- and during the  
8 questioning about the drug debt, I apologize if I  
9 smirked. Mr. Berman -- Mr. Bowman thought I had  
10 smirked, and I apologize if I did that.

11 But is it -- is it your serious opinion that  
12 John Murray may have murdered Jennifer over a \$20  
13 nonpayment for a small bag of marijuana or whatever it  
14 was?

15 A. I don't believe I stated that was the amount  
16 in which would have been involved in the murder. That  
17 was the money that she drove to his apartment and paid  
18 John Murray according to John Murray's statement that  
19 she had owed him for a prior buy in the past.

20 Now, I don't think I said that that's a  
21 motive, \$20 being a motive. What I'm saying is  
22 there's other drugs involved, there could have been a  
23 large amount. That's, again, my opinion.

24 Q. Is there any -- there's no evidence, though,

1 that there was a larger amount than \$20, right?

2 A. Correct, there isn't. But this is plain  
3 theory; what you asked me, theory. Theory is based on  
4 something unless it's been proved yet.

5 Certainly it has a lot more weight in it than  
6 what the State's Attorney thought his -- their first  
7 two theories were.

8 Q. About what?

9 A. Why Alan killed her.

10 Q. Well, you can't deny that Alan had a -- had a  
11 strong passion for her, correct?

12 A. I -- I agree with that.

13 Q. And this was a crime of passion we think,  
14 correct?

15 A. Okay.

16 MR. BOWMAN: Objection, it's --

17 BY MR. DiCIANNI:

18 Q. And there's --

19 MR. BOWMAN: That's argumentative, misstates  
20 the evidence.

21 BY MR. DiCIANNI:

22 Q. Well, that was your opinion it was a crime of  
23 passion, wasn't it?

24 A. That was a possibility, yes.

1 Q. Yeah. Okay. And there's no indication that  
2 John Murray had any passionate feelings about  
3 Jennifer, correct?

4 A. I do not know if there is or not in his  
5 heart. I don't know what's in his heart.

6 Q. Well, there's no evidence of that. You  
7 didn't have any evidence of that?

8 A. On the surface?

9 Q. Yes.

10 A. Well, the information that came to us was the  
11 fact that those two were to get back together, renew  
12 their relationship. Now, there had to be some passion  
13 in there.

14 Q. Well, how does renewing relationship become  
15 or the possibility of renewing a relationship become a  
16 motive for murder?

17 A. She found -- he found out perhaps that she  
18 was going to see Bubba.

19 Q. Okay.

20 A. Stacey Gates that weekend.

21 Q. All right.

22 A. Or there could've been somebody in the  
23 apartment at the same time.

24 Q. Would you agree with me that the reasonable

1 minds can differ over the strength of John Murray's  
2 motive?

3 A. Would you re -- repeat that question.

4 MR. DiCIANNI: Yeah. Would you repeat it,  
5 please.

6 (Whereupon, the record was  
7 read as requested.)

8 MR. BOWMAN: State an objection to the form  
9 of that. That's vague and ambiguous.

10 THE WITNESS: My opinion, yes.

11 BY MR. DiCIANNI:

12 Q. Okay. You mentioned that Murray had never  
13 been excluded as a suspect, at least in your mind,  
14 correct?

15 A. In my mind, correct.

16 Q. Okay. Is it a requirement of a  
17 prosecution -- strike that.

18 Based on your investigation and training --  
19 I'm sorry, your experience and training, is it a  
20 requirement that any potential suspect be excluded  
21 before a prosecution of someone else proceeds?

22 MR. BOWMAN: Are you asking him as an  
23 investigator --

24 MR. DiCIANNI: Yeah.

1 MR. BOWMAN: -- as to what should happen  
2 before there's an arrest for a serious crime?

3 MR. DiCIANNI: Yes.

4 MR. BOWMAN: Whether there should be an  
5 exclusion of other possible -- okay.

6 THE WITNESS: Yes.

7 BY MR. DiCIANNI:

8 Q. Is that something you were taught or is that  
9 just your opinion?

10 A. Let me tell you that that came from a  
11 conference I had with an agent from the FBI  
12 criminologist. If you can't exclude him, then you  
13 have to include them during your investigation.

14 Q. Well, what about those situations where there  
15 are several suspects. The evidence against one, at  
16 least in the minds of the people making the decisions,  
17 is stronger than the evidence against the other.

18 Is it your opinion based on your experience  
19 and training that in that situation you -- the arrest  
20 should not be made of the person with the stronger  
21 evidence against him?

22 MR. BOWMAN: That's argumentative, wildly  
23 hypothetically hypothetical, and incomplete. Are you  
24 asking him about this case, or are you asking him just

C07290

1 in general with no information other than what you've  
2 just stated?

3 BY MR. DiCIANNI:

4 Q. Go ahead.

5 A. In my opinion, any case that had more than  
6 one suspect, the suspect should not be arrested unless  
7 the other suspects can be eliminated.

8 Q. And the other suspects in this case were all  
9 eliminated in your mind except for John Murray?

10 A. I can't answer that question.

11 Q. Okay. At least John Murray was not eliminate  
12 in your mind?

13 A. Correct.

14 Q. Tell me what was suspicious about John Murray  
15 going to the motel after finding out Jennifer had been  
16 murdered?

17 A. Well, he stated in his statement, I believe  
18 it was, the fact that he was afraid of Alan Beaman.

19 Q. Why would that be indicative of potential  
20 guilt of Murray?

21 A. Well, that in and of itself does not. With  
22 other circumstances there, it does add to the  
23 suspicions that he's a strong suspect. Why would --  
24 other reason would he be afraid of Alan Beaman?

1 Q. Are you saying that he'd be afraid because  
2 Beaman would know that he murdered Jennifer, and  
3 Beaman would then be coming after him; is that what  
4 your point is?

5 A. That certainly is a possibility.

6 Q. The other possibility would be that he was  
7 afraid -- he has information that Beaman killed  
8 Lockmiller and is afraid he's next?

9 MR. BOWMAN: Objection to the factual basis  
10 for that. Objection.

11 THE WITNESS: Well, certainly there's two  
12 answers to that question. One that he himself had  
13 killed Lockmiller and he was afraid of Alan Beaman, or  
14 he had information as to Alan killing Lockmiller, and  
15 he didn't want John Murray to find out.

16 BY MR. DiCIANNI:

17 Q. He didn't want --

18 A. Or --

19 Q. -- Alan Beaman?

20 A. Finding out. He had information.

21 Q. Okay. Let's talk about the polygraph of John  
22 Murray. Did you leave the -- strike that. Let me  
23 rephrase that.

24 You did not get any information from

C07398

1 Mr. McCann, did you, that Murray -- that Mr. McCann  
2 believed Murray intentionally manipulated the  
3 inconclusive result?

4 A. I don't believe I did. Is it in the report  
5 that way?

6 Q. No, it's not in the report. We can look at  
7 it. It doesn't say either way.

8 So you're not saying that you believe that  
9 Murray intentionally manipulated the outcome of it --

10 A. I'm not saying that he did.

11 Q. All right.

12 MR. BOWMAN: I'll object to foundation for  
13 that question and the answer.

14 BY MR. DiCIANNI:

15 Q. Take a look at Exhibit Number 29. You were  
16 asked about this at the last session.

17 And these are not your notes as I understand  
18 it?

19 A. Doesn't appear to be my handwriting, no.

20 Q. Okay. And you -- were these in your records?  
21 Were these produced to the County's attorneys from  
22 your records?

23 A. I don't know. Were they?

24 Q. I don't know.

1                   Have you seen them before these depositions  
2 started? Have you seen these notes?

3           A. I don't know. If they were in that box, I  
4 must have seen them.

5           Q. You don't know as you sit here?

6           A. No, I can't tell you one way or the other  
7 whether I seen them or put them in the box or had  
8 knowledge of how they got there.

9           Q. All right. On the first page, there's a  
10 reference to Rob Curtis. As you go down, it says 4-28  
11 meeting.

12          A. Okay.

13          Q. Do you see that?

14          A. Yes.

15          Q. If I'm reading that accurately, was he ruled  
16 out, he was at gym couple of weeks later, and made  
17 comment about him being a suspect. Do you see that?

18          A. Yes.

19          Q. Did you have anything to do with  
20 investigating Rob Curtis as a -- as a possible  
21 suspect?

22          A. I don't know if I did or not. If there is a  
23 transcript of his interview, my name should be on  
24 there if I was present. But it seems to me that --

1 well, it was in there for a reason. I don't know who  
2 did it -- who interviewed him.

3 Q. It says here in the margin: Get his rap  
4 sheet, Champaign County. That, of course, is not your  
5 writing as far as you know?

6 A. No, no.

7 Q. And were you ever asked to get his rap sheet  
8 from Champaign County?

9 A. Not that I recall.

10 Q. Did you get any information about Rob Curtis  
11 from Champaign County or anyone else?

12 A. Would I?

13 Q. Did you?

14 A. Not that I recall.

15 Q. Okay. Would you?

16 A. Would I what?

17 Q. Get information from Champaign County?

18 MR. BOWMAN: Objection, that's vague. You  
19 have to stay in context.

20 THE WITNESS: Like other cases, if I have  
21 someone I'm looking at to be a suspect, I would like  
22 to know much about that individual as I possibly can,  
23 and that one avenue would be to see if he has a  
24 criminal record.

1 BY MR. DiCIANNI:

2 Q. Okay. You don't recall having pulled --

3 A. No, I don't recall.

4 Q. Do you recall having gotten any information  
5 about Rob Curtis from any other police agency?

6 A. No, I don't.

7 Q. Do you recall speaking to Tony Matens at all  
8 about Rob Curtis?

9 A. No, I don't.

10 Q. Now, you've reviewed -- I think we talked  
11 about this before. You've reviewed the information  
12 that was disclosed at the criminal trial. You've  
13 reviewed information that's been come forth since the  
14 criminal trial. You've reviewed testimony and other  
15 information that's been gathered since the criminal  
16 trial.

17 Have you seen any reference anywhere to  
18 Rob Curtis's criminal conduct in any -- anywhere?

19 MR. BOWMAN: Objection; overbroad, vague,  
20 ambiguous.

21 THE WITNESS: Do I recall seeing any --

22 BY MR. DiCIANNI:

23 Q. Right?

24 A. -- criminal information?

C07402

1 Q. About Rob Curtis.

2 MR. BOWMAN: That's a new question. And I  
3 object to that as well, same basis.

4 THE WITNESS: Well, 20 years ago, I could  
5 have read something about it. But as I'm sitting here  
6 today, I don't recall.

7 BY MR. DiCIANNI:

8 Q. So it is -- you talked about your  
9 reprocessing the evidence after the conviction, during  
10 the post-conviction proceeding. You talked about  
11 having analyzed the evidence again, correct?

12 A. Yes.

13 Q. And we saw your notes where many of those  
14 notes are written after the conviction in which you're  
15 analyzing various aspects of the case, correct?

16 A. Yes.

17 Q. You have no memory of it, but you cannot rule  
18 out that at some point during the post-conviction  
19 proceeding or in your reprocessing the case after the  
20 conviction that you pulled up information about Rob  
21 Curtis?

22 A. That's correct.

23 MR. BOWMAN: Objection, that's rank  
24 speculation. Lack of foundation for that question.

1 BY MR. DiCIANNI:

2 Q. Who's Kerry Lonbom?

3 A. Kerry Lonbom is a former sergeant with the  
4 Normal Police Department.

5 Q. Do you know where Kerry Lonbom is today?

6 A. Well, I would assume he's in his residence  
7 here in Normal, Illinois.

8 Q. He's retired?

9 A. Yes.

10 Q. And have you spoken to him at all about any  
11 aspect of the Lockmiller investigation?

12 A. Not to my recollection.

13 Q. Have you spoken to any of the -- well, strike  
14 that.

15 When you were there at the time of your  
16 retirement, who was in charge of records?

17 A. Oh, Roger Orr.

18 Q. And he had an assistant?

19 A. Well, there were two young ladies that worked  
20 in there.

21 Q. And who were they?

22 A. At the time of his retirement?

23 Q. Yeah. Time of your retirement?

24 A. Oh, my retirement. Oh, that's in 2000.

C07404

1 Barbara Kagel.

2 Q. And there was another one?

3 A. I think it was Helen Williams.

4 Q. Okay. Have you spoken to any of those people  
5 about any of the -- any issues relating to the  
6 Lockmiller investigation?

7 A. Oh, I definitely can't say I had not, but I  
8 would imagine from time to time.

9 Q. During -- we saw that you had been involved  
10 in answering some subpoenas that were sent to the  
11 police department during the post-conviction case.

12 Did you have any conversations with Roger Orr  
13 or Barb Kagel or anybody else regarding the responses  
14 to the subpoena?

15 A. Well, if I did, I wouldn't recall what the  
16 conversations were about other than I need -- I got a  
17 subpoena, I need this information, or whatever the  
18 case may be.

19 MR. DiCIANNI: Okay. Let's take a little  
20 break. That may be all I have.

21 THE VIDEOGRAPHER: Off the record, 11:31.

22 (Whereupon, a break was taken.)

23 THE VIDEOGRAPHER: On the record, 11:39.

24

C07405

1 BY MR. DiCIANNI:

2 Q. Mr. Daniels, when the -- back in CID during  
3 the time of the Lockmiller investigation, the  
4 procedure we discussed in which the records would be  
5 sent to Zayas and then eventually would be circulated  
6 in the way we've talked about, Zayas would put his  
7 initials on the -- on the document that's sent to him  
8 by the investigators, correct?

9 A. On the document itself?

10 Q. Yeah.

11 A. Initial it?

12 Q. Yeah.

13 A. I couldn't testify to that one way or the  
14 other.

15 Q. Okay. Have you seen documents with Frank  
16 Zayas's initials on it?

17 A. Documents or reports?

18 Q. Reports, anything.

19 A. Reports, I saw his signature many of times.

20 Q. On the reports?

21 A. On the reports, correct.

22 Q. Okay. Other information that -- not reports  
23 but other information cycled through the CID  
24 supervisor such as Frank Zayas, would he initial those

C07406

1 or was it just reports?

2 MR. BOWMAN: Objection, foundation. It's  
3 already established.

4 THE WITNESS: Once again, I couldn't say if  
5 he did or not.

6 BY MR. DiCIANNI:

7 Q. Okay. All right. The purpose for -- of  
8 cycling reports through Frank Zayas was that he would  
9 have to review them and he would -- he, being as CID  
10 supervisor, he would send it back in case he thought  
11 something needed to be added or changed or improved or  
12 whatnot, correct?

13 A. Correct.

14 Q. And you did that when you were the CID  
15 supervisor, correct?

16 A. Yes.

17 MR. DiCIANNI: That's all I have.

18 MS. BARTON: I do not have any questions.

19 MR. BOWMAN: I have a few follow-ups.

20 RECROSS-EXAMINATION

21 BY MR. BOWMAN:

22 Q. You were asked -- let me just ask you this,  
23 Mr. Daniels: Do you credit yourself with having  
24 specialized knowledge that folks who have never worked

1 as a criminal investigator have on the subject of  
2 criminal investigations, how to conduct them, and the  
3 appropriate procedures to follow to manage such  
4 investigations including the flow of information?

5 A. Yes.

6 Q. You said that you were not -- you don't  
7 consider yourself to be an expert witness on issues  
8 regarding police investigation. I take it what you  
9 meant by that is you're not out there on the Internet  
10 selling yourself as an expert witness?

11 A. That's correct.

12 Q. Okay. But you're not denying that you have  
13 the specialized knowledge regarding criminal  
14 investigations and how to conduct them, are you?

15 A. I'm not denying that, no.

16 Q. Now, you were asked, Mr. Daniels, to  
17 speculate about the possibility that you yourself  
18 misplaced or lost the polygraph report regarding  
19 John Murray. Do you recall that?

20 MR. DiCIANNI: I'll object to the form of the  
21 question. I don't think he was asked to speculate.

22 THE WITNESS: Yes, I was asked that.

23 MR. DiCIANNI: Wasn't asked to speculate.  
24

C07408

1 BY MR. BOWMAN:

2 Q. Well, to be clear, you worked for many years  
3 as an investigator, and in your work as an  
4 investigator, you learned, did you not, that the  
5 original copy of a report is a very important document  
6 in any criminal investigation, yes?

7 A. Yes.

8 Q. And certainly that would be true in a  
9 homicide investigation?

10 A. Yes.

11 Q. And would it be fair to say that as an  
12 investigator, you would take all possible care to make  
13 sure with respect to the original copy of a report  
14 that might or might not have been entrusted to you  
15 that you would follow the proper procedures with  
16 respect to the report?

17 A. Yes.

18 Q. And would you agree with me that to misplace  
19 or to lose the original copy of an investigative  
20 report in a serious felony investigation would be a  
21 serious mistake?

22 A. Correct.

23 MR. DiCIANNI: I'll --

24 MR. BOWMAN: Do you have --

1 MR. DiCIANNI: -- object to form of the  
2 question.

3 BY MR. BOWMAN:

4 Q. Do you have any recollection of yourself at  
5 any time during your long career as a police officer  
6 ever losing or misplacing the original copy of an  
7 investigative report?

8 MS. BARTON: Objection to form.

9 MR. DiCIANNI: Yeah, I join.

10 THE WITNESS: No, I do not.

11 BY MR. BOWMAN:

12 Q. Do you have any reason whatsoever to stand  
13 here and take the fall and say I may have lost or  
14 misplaced the original copy of the John Murray  
15 polygraph report?

16 MR. DiCIANNI: I object to the form of the  
17 question.

18 THE WITNESS: No.

19 BY MR. BOWMAN:

20 Q. You were asked some questions about the  
21 significance of this videotape showing that Alan  
22 Beaman was at the Bell Federal Savings & Loan in  
23 Rockford at some point that we can all agree on  
24 shortly after 10:00 a.m. on the morning of August 25,

C07410

1 1993. Do you recall being asked about that?

2 A. Yes.

3 Q. Would you agree or disagree with the  
4 proposition that the existence of the videotape  
5 showing Beaman to be at a location over 100 miles from  
6 the murder at a point in time very close to when  
7 police believe that Lockmiller had been murdered,  
8 would you agree with the proposition that is evidence  
9 that is beneficial to Beaman?

10 MR. DiCIANNI: Object --

11 MS. BARTON: Objection to form.

12 MR. DiCIANNI: Join.

13 THE WITNESS: I agree that it would be  
14 beneficial to him, yes, to show that he was in  
15 Rockford at a particular time and point.

16 BY MR. BOWMAN:

17 Q. Right. And does it appear to you, therefore,  
18 to be logical that Beaman would have every incentive  
19 had he recalled the circumstance to report to  
20 investigators asking him about the homicide that he  
21 was at the bank on this particular date and time?

22 MR. DiCIANNI: Object, form.

23 MS. BARTON: Join.

24 THE WITNESS: Could you repeat that, please?

1 MR. BOWMAN: I'll ask Michelle to read that  
2 back, and we'll see if I need to rephrase it.

3 (Whereupon, the record was  
4 read as requested.)

5 THE WITNESS: I would agree it would be  
6 beneficial.

7 BY MR. BOWMAN:

8 Q. Now, you were asked some questions about your  
9 transfer of your working binders to the central file  
10 at the -- at any point during the pendency of the  
11 Lockmiller investigation and you testified in response  
12 to Mr. DiCianni that you took no action to transfer  
13 your working file to the State's Attorney's Office.

14 Do you have any information that any other  
15 investigator took any steps to transfer his working  
16 file to the State's Attorney's Office or to the  
17 central file for purposes of transmission to the  
18 State's Attorney's Office?

19 A. When Detective Freesmeyer went to work with  
20 Jim Souk, one would assume he had taken his files with  
21 him to that office, yes.

22 Q. All right. And is that an assumption on your  
23 part?

24 A. Yes.

C07412

1 Q. All right. Do you know?

2 A. For a fact, no.

3 Q. Okay. Did you ever talk with Freesmeyer  
4 about it? Did he ever state something to that effect  
5 to you?

6 A. Oh, no, no.

7 Q. Other than that, do you have any information?

8 A. No, no. Regarding that issue, no.

9 Q. You've been asked a number of questions about  
10 the dates on which Frank Zayas was or was not in  
11 charge of CID.

12 Is it a fair summary that apart from the  
13 dates that you read on various documents that we look  
14 at including, in particular, the annual report marked  
15 for identification as Exhibit 12 to your deposition  
16 that apart from that, you don't have any independent  
17 recollection that you can sit here and provide us with  
18 as to particular dates on which Frank Zayas was in  
19 charge of CID or was not, accurate?

20 A. That's correct.

21 MR. BOWMAN: I have no further questions.

22 MR. DiCIANNI: I have nothing further.

23 MS. BARTON: Me either.

24 MR. BOWMAN: Wow. We never thought we'd get

1 to this point.

2 The rules provide, Mr. Daniels, that you may  
3 review the transcript that Christine will prepare of  
4 your testimony for accuracy.

5 THE WITNESS: Between now and?

6 MR. BOWMAN: Between now -- between the point  
7 she gets it to you and the following 30 days. You  
8 have 30 days. And if you want to review it and make  
9 sure that the transcription is accurate, you have the  
10 right to do that, to note any errors, and to sign the  
11 end of the transcript.

12 You don't have to. You can trust Christine  
13 to accurately transcribe everything. And some  
14 witnesses choose to that -- choose to do that, but  
15 it's your choice as to how you want to deal with that.

16 THE WITNESS: Could there be a disagreement  
17 when -- what was recorded? If I had a question about  
18 what recorded, I don't recall saying this, but she has  
19 it written down there, so we have to go with what is  
20 written, correct?

21 MR. BOWMAN: Well, if you don't believe it's  
22 accurate, then you could -- you would have the  
23 opportunity to note your belief that it's inaccurate.

24 THE WITNESS: Okay. Is it required that I

C07414

1 sign it then?

2 MR. BOWMAN: And then you would sign it.

3 THE WITNESS: And then send it back to her?

4 MR. BOWMAN: And you send it back to her.

5 THE WITNESS: Okay. I understand.

6 MR. BOWMAN: What would you like to do, read  
7 and sign, or waive signature?

8 THE WITNESS: Take the fifth. Hey, always  
9 trust your attorneys. They know what's best for you.

10 No, I'll go ahead and put my trust in her,  
11 and I have no issues with that.

12 MR. BOWMAN: Right.

13 THE WITNESS: I still get a copy?

14 MR. BOWMAN: And you'll be provided with a  
15 copy if you would like it.

16 THE WITNESS: Sure.

17 MR. BOWMAN: Absolutely.

18 THE WITNESS: That's fine with me.

19 THE VIDEOGRAPHER: Deposition is concluded,  
20 11:52.

21 (Witness excused.)

22

1 STATE OF ILLINOIS )  
2 COUNTY OF C O O K ) SS:

3  
4 I, Christine M. Luciano, Certified Shorthand  
5 Reporter in and for the County of Cook, State of  
6 Illinois, do hereby certify that on June 20, 2013, the  
7 deposition of the witness, TONY L. DANIELS, called by  
8 the Defendants, was taken before me, reported  
9 stenographically and was thereafter reduced to  
10 typewriting through computer-aided transcription.

11 The said witness, TONY L. DANIELS, was first  
12 duly sworn to tell the truth, the whole truth, and  
13 nothing but the truth, and was then examined upon oral  
14 interrogatories.

15 I further certify that the foregoing is a  
16 true, accurate and complete record of the questions  
17 asked of and answers made by the said witness, at the  
18 time and place hereinabove referred to.

19 The signature of the witness was waived by  
20 agreement.

21 The undersigned is not interested in the  
22 within case, nor of kin or counsel to any of the  
23 parties.

24 Witness my official signature as Certified

NORMAL POLICE SUPPLEMENTAL CASE REPORT

Page 1 of 1 Case # C94-5003

Offense: Domestic Battery Supervisory Correction of #2 or #3

Victim Name (or Business Name): Mackoway Responsible Party:

Officer Weir and myself were dispatched to [redacted] in response to a domestic situation. We were advised by dispatch that there was a physical struggle going on at the time of the call. When I arrived Officer Weir was on the front porch speaking with Larbi Murray one of the parties involved. I went inside the unit and met with Mackoway. She was crying at the time. When she settled down she reported that an argument erupted between her and Murray which resulted in her being battered. She reported that one time he had pinned her to the floor and was striking her in the chest with his elbow. She reported that there was another argument the night before in which he grabbed her and scratched her right wrist and caused a bruise on her left arm. Both injuries were evident. She also reported that in the last week she received a bruise to her upper left thigh. She showed this bruise to us. Officer Weir and I met separate from the parties involved and discussed the situation. Weir reported to me that Murray also had evident injuries from the current altercation. I spoke with Murray. Murray claimed that he was attacked from behind by Mackoway and for "defensive" purposes he struck her in the chest in an attempt to knock the wind out of her to prevent her from further attacking him. We elected to charge both with domestic battery. We allowed Murray to secure some personal affects and then I transported him to the McLean Co. Jail.

PETITION FOR ORDER OF PROTECTION

(Fill in lines and check boxes as applicable)

Now comes the Petitioner Debbie Mackoway on his/her own behalf or on behalf of \_\_\_\_\_ a minor child/ren, or on behalf of \_\_\_\_\_ inaccessibility on his/her own behalf, pursuant to the Illinois Domestic Violence Act (IDVA), and moves this Honorable Court to issue an Order of Protection in this cause and in support thereof states as follows:

ALLEGATIONS

THIS COURT HAS JURISDICTION OF THE SUBJECT MATTER AND OVER ALL NECESSARY PERSONS, WITH APPROPRIATE VENUE, BECAUSE:

- A.  Petitioner resides at \_\_\_\_\_ Normal  
in the County of McLean State of IL; OR  
 Petitioner resides at \_\_\_\_\_  
in the County of \_\_\_\_\_ State of \_\_\_\_\_ and \_\_\_\_\_  
the person on whose behalf this Petition is brought, resides at \_\_\_\_\_  
in the County of \_\_\_\_\_ State of \_\_\_\_\_; OR  
 Petitioner's address is omitted pursuant to statute. (Alternative address for notice of any motion is \_\_\_\_\_)

- B.  Respondent resides McLean County Jail  
in the County of \_\_\_\_\_ State of \_\_\_\_\_

- C. Respondent stands in relationship to the Petitioner or alleged abused person/s as:
 

<input type="checkbox"/> Spouse;	<input type="checkbox"/> Former spouse;	<input type="checkbox"/> Parent;
<input type="checkbox"/> Child;	<input type="checkbox"/> Having or allegedly having a child in common;	<input type="checkbox"/> Stepchild;
<input checked="" type="checkbox"/> Sharing or formerly sharing a common dwelling;	<input checked="" type="checkbox"/> Having or having had a dating or engagement relationship;	<input type="checkbox"/> Other person related by blood or marriage;
<input type="checkbox"/> Sharing a blood relationship through a child;	<input type="checkbox"/> Personal assistant to person with disabilities or a person who has responsibility for a high-risk adult with disabilities;

McLean 000068

D.  There is no other pending court action involving the parties, OR  
 There is another pending court action involving the parties in McLean Court,  
County of \_\_\_\_\_ State of \_\_\_\_\_ known as Case No. same as

E.  As referred to herein, "the minor child/ren" are \_\_\_\_\_ deceased  
per DV advoc

The Court has jurisdiction over the minor child/ren because:

- 1. This state
  - a. is the home state (as defined in the Illinois Uniform Child Custody Jurisdiction Act) of the child/ren at the time of the commencement of this proceeding, or
  - b. has been the child/ren's home state within 6 months before commencement of the proceeding and the child/ren is/are absent from this State because of his/her removal or retention by a person claiming his/her custody or for other reasons, and a parent or person acting as parent continues to live in this state;
- OR
- 2. It is in the best interest of the child/ren that a court of this State assume jurisdiction because the child/ren and his/her parents, or the child/ren and at least one contestant, have a significant connection with this State and there is available in this State substantial evidence concerning the child's/ren's present or future care, protection, training and personal relationships;
- OR
- 3. The child/ren is/are physically present in this State and
  - a. the child/ren has/have been abandoned, or
  - b. it is necessary in an emergency to protect the child/ren because he/she/they has/have been subjected to or threatened with mistreatment or abuse or is/are otherwise neglected or dependent;
- OR
- 4. It appears that no other state would have jurisdiction under prerequisites substantially in accordance with paragraphs 1, 2, or 3, or another state has declined to exercise jurisdiction on the grounds that this State is the more appropriate forum to determine the custody of the child/ren, and it is in the best interest of the child/ren that this Court assume jurisdiction.

F.  No "father and child/ren relationship" (pursuant to the Illinois Parentage Act of 1984) has been established with the following child/ren \_\_\_\_\_

G.  The primary caretaker of the minor child/ren is or has been \_\_\_\_\_

H.  Venue in civil proceedings is appropriate because:  
 Petitioner resides in the County of McLean, State of Illinois; OR  
 Respondent resides in the County of McLean, State of Illinois; OR  
 The alleged abuse occurred in the County of McLean, State of Illinois; OR  
 The Petitioner is temporarily located in the County of \_\_\_\_\_, State of Illinois, to avoid further abuse, and could not obtain safe, accessible, and adequate temporary housing in the county of his/her residence.

PETITIONER ALLEGES AS TO RESPONDENT THAT:

I.  The following individuals are alleged to be persons who need to be protected from abuse by Respondent:

I.  Respondent has acted in the following manner towards the Petitioner: charges filed against Pet

*hand notes: called # 909-... advised to... advise on how to... proceed with... advise*

Incident(s): he has been a friend of 4 years which was peaceful until Jan. of 1994 when he was arrested with charges of street control violations. His behavior since has been reprehensible. He has been a real death to leave my house. I have been asking for over a month that he not come on my legal action. He has refused to leave. I have given my address that he is not to call me. I am going to call the police. He left after reading my letter. I got home from work on the morning (24th Sept). I told him he was not to come to my house. As he came to my house then the argument got started, even though I was the one with many more injuries/movements. He had a black eye, bruise on his head, etc. Effect(s): I called my friends over to help persuade him to leave. He refused. We told him he was going to be taken to jail. He insisted my friends hold the phone. Still would not leave. The police arrived. He did not initially show up. He told me he would be forced to leave. He had no correct knowledge of the law. He said that I should call the police. I did not want to call the police. I had not wanted to call the police. I had not wanted to call the police.

C07487 McLean 000069

- K.  Petitioner should be granted exclusive possession of the residence, the special venue rules of sec. 209 (b) of IDVA (applicable only in civil proceedings) having been met, because:
  - Petitioner has a right to occupancy and Respondent has no right to occupancy, OR
  - Both parties have a right to occupancy; and, considering the risk of further abuse by Respondent interfering with the Petitioner's safe and peaceful occupancy, the balance of hardships favors the Petitioner because of the following relevant factors:
    - Availability, accessibility, cost, safety, adequacy, location, and other characteristics of alternative housing for each party and any minors or other dependents; and/or
    - Effect on each party's employment; and/or
    - Other factors, as follows: \_\_\_\_\_
  
- L.  Respondent should be ordered to stay away from Petitioner and the protected persons.
  - Respondent should be prohibited from entering or remaining present at Petitioner's school, place of employment, or (specify) Residence Virginia at Franklin because:
    - Respondent has no right to enter/remain present at such place(s); Or parking lot, floor.
    - The balance of hardships favors the Petitioner in prohibiting the Respondent from entering or remaining at such place(s).
  
- M.  The likelihood of future abuse would be minimized by appropriate counseling.
- N.  Petitioner should be granted physical care of the minor child/ren or granted other appropriate relief because there exists a danger that the minor child/ren will be:
  - Abused or neglected; and/or
  - Separated in an unwarranted manner from the child/ren's primary caretaker; and/or
  - Unprotected as to his/her/their well-being.
  
- O.  Petitioner should be granted temporary legal custody of the minor child/ren.
- P.  The Respondent's visitation with the minor child/ren should be restricted or denied because the Respondent has or is likely to:
  - abuse or endanger the minor child/ren during visitation; and/or
  - use visitation as an opportunity to abuse or harass Petitioner or Petitioner's family or household members; and/or
  - improperly conceal or detain the minor child/ren; and/or
  - otherwise act in a manner that is not in the best interest of the minor child/ren.
  
- Q.  There exists a danger that the minor child/ren will be removed from this jurisdiction or concealed within the State.
- R.  Respondent has knowledge of the whereabouts of or access to the minor child/ren.
- S.  Petitioner should be granted exclusive possession of the following items of personal property:

because:

- Petitioner, but not Respondent, owns such property;
- OR
- Sharing the property creates a further risk of abuse or is impractical; the balance of hardships favors temporary possession by Petitioner; and
  - Petitioner and Respondent own the property jointly, or
  - The property is alleged to be marital property and a proceeding has been filed under the IMDMA.

T.  An order should be granted protecting the following items of personal property:

4 Normal + all contents within  
20

because:

- Petitioner, but not Respondent, owns such property;
- OR
- The balance of hardships favors Petitioner, and
  - Petitioner and Respondent own the property jointly, or
  - The property is alleged to be marital property and a proceeding has been filed under the IMDMA.

U.  Respondent has a legal obligation to support Petitioner and/or the minor child/ren, and Respondent is able to provide such support.

V.  As a direct result of the above described abuse, Petitioner has suffered certain losses, incurred certain expenses, and/or has been provided temporary shelter/counseling services, as follows:

\$ 3.50 check to bank no loan      \$ 100 cash to pay shop for month

\* \$20 school bus for 2 weeks      \* \$100 to pay on shop taking bank

\$ 100 cash for 4 hrs      More losses expenses as Lacher has not worked on paid bills for 6 months.

McLean 000070

C07488

W.  There is a threat to the safety and well-being of Petitioner's family or household when Respondent enters or remains on the premises while under the influence of alcohol or drugs.

X.  Respondent should be denied access to school or other records of the minor child/ren because:  
 Respondent is or will be prohibited from having contact with the minor child/ren; or  
 Petitioner's address is omitted pursuant to statute; or  
 It is necessary to prevent abuse or wrongful removal or concealment of the minor child/ren.

Y.  Allegations for other injunctive relief:  
No contact by phone  
by mail or 3rd party.

Z.  Disclosure of Petitioner's address would risk further abuse to her/him or to another protected person/s, or such disclosure would reveal the confidential location of a shelter for domestic violence victims.

Additional Allegations For Emergency Orders Only

(I) For requested remedies 1, 3, 5, 7, 8, 9, 11, 14, 15, and 17, the harm which that remedy is intended to prevent would be likely to occur if Respondent were given any prior notice, or greater notice than was actually given of Petitioner's efforts to obtain judicial relief.

(II) For requested remedy 2, the immediate danger of further abuse of Petitioner by Respondent if Petitioner chose or had chosen to remain in the household while Respondent was given any prior notice or greater notice than was actually given, outweighs the hardship to Respondent of an emergency order granting Petitioner exclusive possession of the residence or household.

(III) For requested remedy 10, improper disposition of the personal property would be likely to occur if Respondent were given any prior notice or greater notice than was actually given of Petitioner's effort to obtain judicial relief, or that Petitioner has an immediate and pressing need for possession of that property.

REMEDIES REQUESTED

PETITIONER REQUESTS THAT THE COURT FIND THAT THE FOLLOWING ARE PROTECTED PERSONS:

Debbie Madouay

WHEREFORE, PETITIONER REQUESTS THE ENTRY OF AN ORDER OF PROTECTION SETTING FORTH THE FOLLOWING REMEDIES:

- 1. With respect to Petitioner and other Protected Persons, Respondent is prohibited from committing the following:  
 Physical abuse;  Harassment;  Interference with personal liberty;  Intimidation of a dependent;  
 Willful deprivation;  Neglect;  Exploitation;  Stalking
- 2. Petitioner is granted exclusive possession of the residence and Respondent be prohibited from entering or remaining at such premises:  
(Address) Normal
- 3.  a. Respondent is ordered to stay away from Petitioner and other protected persons; and/or  
 b. Respondent is prohibited from entering or remaining at Brookman parking lot while any Protected Person is present; and/or  
 c. Respondent is allowed access to the residence on (date) \_\_\_\_\_ at (time) \_\_\_\_\_ in the presence of (name) \_\_\_\_\_ to remove items of clothing, personal adornments, medications used exclusively by the Respondent and other items, as follows: \_\_\_\_\_
- 4. Respondent is ordered to undergo counseling for a period of time to be determined by this court. [Not available in Emergency Order]
- 5.  a. Petitioner is granted physical care and possession of the minor child/ren; and/or  
 b. Respondent is ordered to:  
 Return the minor child/ren \_\_\_\_\_ to the physical care of \_\_\_\_\_; and/or  
 Not remove the minor child/ren \_\_\_\_\_ from the physical care of Petitioner or \_\_\_\_\_
- 6. Petitioner is granted temporary legal custody of the minor child/ren \_\_\_\_\_ [Not available in Emergency Order]

C07489

McLean 000071

7.  a. Respondent is awarded visitation rights on the following dates and times or under the following dates and times or under the following conditions or parameters: [No order shall merely refer to the term "reasonable visitation"]

b. Respondent's visitation is restricted as follows:

c. Respondent's visitation be denied.

8. Respondent is prohibited from removing the minor child/ren from Illinois or concealing them within Illinois.

9. Respondent is ordered to appear in this Court with/without the child/ren on a date certain.

10. Petitioner be granted exclusive temporary possession of the following personal property and the Respondent be ordered to deliver to Petitioner said property that is in Respondent's possession or control, to wit:

11. Respondent be ordered not to take, encumber, conceal, damage or otherwise dispose of any of the following real or personal property, to wit:

*All contents within FSA 228 (Camero)*

12. Respondent be ordered to pay temporary support for Petitioner and/or the minor child/ren of the parties as follows: \$ \_\_\_\_\_ per \_\_\_\_\_ starting \_\_\_\_\_ payable  through the Clerk of the Circuit Court, or  directly to Petitioner. [Not available in Emergency Order]

13. Respondent be ordered to pay \$ \_\_\_\_\_ respecting losses and expenses within the scope of sec.214(b)(13) of the IDVA to \_\_\_\_\_ on or before \_\_\_\_\_ [Not available in Emergency Order]

14. Respondent be prohibited from entering or remaining at the household or residence located at \_\_\_\_\_ while under the influence of alcohol or drugs and so constituting a threat to the safety and well-being of any Protected Person.

15. Respondent be denied access to school or any other records of the minor child/ren and prohibited from inspecting, obtaining, or attempting to inspect or obtain such records.

16. Respondent be ordered to pay \$ \_\_\_\_\_ to the following shelter \_\_\_\_\_ on or before \_\_\_\_\_ [Not available in Emergency Order]

17. Respondent be further enjoined as follows: *no contact with petitioner*

BASED ON THE FINDINGS OF THIS COURT,  WHICH WERE MADE ORALLY FOR TRANSCRIPTION OR  WHICH ARE SET OUT IN A SEPARATE INSTRUMENT FILED WITH THE COURT, AND WITH THE COURT HAVING JURISDICTION OF THE SUBJECT MATTER AND OVER ALL NECESSARY PARTIES, IT IS HEREBY ORDERED THAT:

- 1. With respect to all Protected Persons, Respondent is prohibited from committing the following:
  - Physical abuse;  Harassment;  Interference with personal liberty;  Intimidation of a dependent;
  - Willful deprivation;  Neglect;  Exploitation;  Stalking
- 2. Petitioner is granted exclusive possession of the residence and Respondent shall not enter or remain in the household or premises located at Normel, IL *(This remedy does not affect title of property)*
- 3.
  - a. Respondent is ordered to stay away from Petitioner and other protected persons; and/or
  - b. Respondent is prohibited from entering or remaining at Ball Park Hotel, Virginia at Franklin, Normel, IL while any Protected Person is present; and/or
  - c. Respondent is allowed access to the residence on (date) \_\_\_\_\_ at (time) \_\_\_\_\_ in the presence of (name) \_\_\_\_\_ to remove items of clothing, personal adornments, medications used exclusively by the Respondent and other items, as follows: *(must give at least five hour notification to local law enforcement department)* \_\_\_\_\_
- 4. Respondent is ordered to undergo counseling at \_\_\_\_\_ for a duration of \_\_\_\_\_
- 5.
  - a. Petitioner is granted physical care and possession of the minor child/ren; and/or
  - b. Respondent is ordered to:
    - Return the minor child/ren \_\_\_\_\_ to the physical care of \_\_\_\_\_ and/or
    - Not remove the minor child/ren \_\_\_\_\_ from the physical care of Petitioner or \_\_\_\_\_
- 6. Petitioner is granted temporary legal custody of the minor child/ren \_\_\_\_\_
- 7.
  - a. Respondent is awarded visitation rights on the following dates and times or under the following conditions or parameters: *(No order shall merely refer to the term "reasonable visitation")* \_\_\_\_\_
  - b. Respondent's visitation is restricted as follows: \_\_\_\_\_
  - c. Respondent's visitation is denied. *(Petitioner may deny Respondent access to the minor child/ren if, when Respondent arrives for visitation, Respondent is under the influence of drugs or alcohol and constitutes a threat to the safety and well-being of Petitioner or Petitioner's minor child/ren or is behaving in a violent or abusive manner.)*
- 8. Respondent is prohibited from removing the minor child/ren from Illinois or restraining them within Illinois.
- 9. Respondent is ordered to appear in Courtroom/Calendar \_\_\_\_\_ at \_\_\_\_\_ AM/PM, with/without the minor child/ren \_\_\_\_\_
- 10. Petitioner is granted exclusive possession of the following personal property and the Respondent is ordered to promptly make available to Petitioner said property that is in Respondent's possession or control, to wit: \_\_\_\_\_ *(This remedy does not affect title of property)*
- 11. Respondent is prohibited from taking, encumbering, concealing, damaging or otherwise disposing of the following personal property: \_\_\_\_\_ except as explicitly authorized by the Court.  Further, Respondent is prohibited from improperly using the financial or other resources of an aged member of the family or household for the profit or advantage of Respondent or any other person.
- 12. Respondent is ordered to pay temporary support for  Petitioner and/or  the minor child/ren of the parties as follows: \$ \_\_\_\_\_ per \_\_\_\_\_ starting \_\_\_\_\_ payable  through the Clerk of the Circuit Court, or  directly to Petitioner.
- 13. Respondent is ordered to pay \$ \_\_\_\_\_ as actual monetary compensation for loss(es) to \_\_\_\_\_ on or before \_\_\_\_\_.  Further, Respondent is ordered to pay court costs in the amount of \$ \_\_\_\_\_ and attorney fees in the amount of \$ \_\_\_\_\_ to \_\_\_\_\_ in connection with any action to obtain, modify, enforce, appeal or rescind any order of protection on or before \_\_\_\_\_.

- 14. Respondent is prohibited from entering or remaining at the household or residence located at \_\_\_\_\_ while under the influence of alcohol or drugs and so constituting a threat to the safety and well-being of any Protected Person.
- 15. Respondent is denied access to school and/or any other records of the minor child/ren and is prohibited from inspecting, obtaining, or attempting to inspect or obtain such records.
- 16. Respondent is ordered to pay \$ \_\_\_\_\_ to the following entity \_\_\_\_\_ on or before \_\_\_\_\_.
- 17. Respondent is further ordered and/or enjoined as follows:  
No contact w/ Protected Person by phone  
while she is at her place of employment

**ILLINOIS STATE POLICE  
INVESTIGATIVE REPORT**

JRRO428A							
No.:	Reporting Date(s):	Reporting Agent(s):	ID #:	Lead No.:			
93G0642	01-25-93	Insp. J. Roberts	#9938				
LARBI J. MURRAY		Case Agent: ID #:	Office:	Typed By:	Date:		
		Schlusser #9708	Zone 6	jk	04-28-93		

On 01-25-93, at approximately 1845 hours an interview was conducted with LARBI J. MURRAY, AKA: JOHN, W/M, DOB: [REDACTED], who resides at [REDACTED], Bloomington, Illinois, TX (309) 828-0718. This interview was conducted at the Division of Criminal Investigation (DCI), Zone 6 Office, by Inspector J. Roberts (Reporting Inspector - R/I) and Inspector R. Tjarks. The following is a synopsis of the interview:

At approximately 1840 hours (01-25-93), MURRAY waived his fifth and sixth amendment rights (see attached rights waiver). MURRAY agreed to be interviewed by the above listed inspectors and to cooperate to the best of his (MURRAY'S) ability.

MURRAY stated that the one-quarter (1/4) pound and the one-quarter (1/4) ounce of cannabis located at his residence during the execution of the search warrant was obtained from Chicago. MURRAY said he was taken to Chicago by a friend of his (MURRAY'S), MIKE LNU. MURRAY advised R/I that MIKE LNU drives a red Chevy Van and resides outside of Normal, Illinois. MURRAY stated he was introduced to MIKE LNU by one of the members in his (MURRAY'S) band. On 01-23-93, MURRAY said MIKE LNU took MURRAY to a town north of Joliet or a south suburb of Chicago, to meet a friend of MIKE LNU'S. MURRAY described MIKE LNU'S friend as being a W/M, approximately twenty-one to twenty-two years of age, short curly blonde hair, 6'00, 180 pounds. MURRAY said he and MIKE LNU acquired a pound of weed from MIKE LNU'S friend. MURRAY stated they didn't pay for the pound, it was fronted. MIKE LNU informed MURRAY that he would be by in a week to collect for the pound. MURRAY said he and MIKE LNU were at MIKE LNU'S friends residence for approximately a minute to a minute and a half before departing. MIKE LNU advised MURRAY that he would be charged one thousand three hundred dollars (\$1,300.00) for the pound of weed.

MURRAY advised R/I that two (2) sales were made from the pound of weed he received from Chicago. MURRAY stated the rest was fronted out to friends. MURRAY said one of the sales was for a one-half (1/2) pound to a JAVIER LNU, M/Mexican, approximately twenty years of age, 5'3, 150 pounds, black hair, and is a student at Illinois State University (ISU). MURRAY stated that JAVIER LNU lives in student housing off of Linden Street. MURRAY stated that the other sale of cannabis from the pound that MURRAY received was to a B.J. LNU, W/M, approximately sixteen to seventeen years of age, 6'00, 180 pounds, short brown hair, and resides in a town between Normal and Peoria. MURRAY informed R/I that the sale to B.J. was for two and one-half (2 1/2) ounces of weed.

MURRAY stated that approximately two (2) weeks ago, he (MURRAY) acquired a quarter (1/4) pound of cannabis from MIKE LNU. MURRAY said he paid three hundred twenty-five dollars (\$325.00) for the quarter (1/4) pound.

Insp. J. Roberts, #9938

01-25-93

Page 2

MURRAY informed R/I that before he (MURRAY) started selling weed while attending school, he used to obtain weed from a friend of his, TONY LNU, W/M, approximately thirty-five to forty years of age, brown hair, 6'01, who resides in Rockford, Illinois, off of Morgan Street. MURRAY stated he would purchase a quarter (1/4) ounce of weed for forty dollars (\$40.00), one (1) ounce for one hundred dollars (\$100.00), and a quarter (1/4) pound from TONY LNU for three hundred twenty-five dollars (\$325.00).

MURRAY advised R/I that he would sell a quarter (1/4) ounce of cannabis for thirty-five to forty dollars (\$35 to \$40), a half (1/2) ounce for sixty dollars (\$60.00), one (1) ounce for one hundred twenty dollars (\$120.00) and a quarter (1/4) pound for four hundred fifty dollars (\$450.00).

R/I inquired on how MURRAY obtained the steroids that were located in his apartment during the execution of the search warrant. MURRAY stated he received the deccaduroblin from JODY GILLIGAN, a friend from Rockford. MURRAY said when he initially received the deccaduroblin there were fifteen (15) vials in the box. R/I advised MURRAY there were four (4) left over, MURRAY stated he used the other eleven (11) vials to increase his weight lifting. MURRAY said he purchased the deccaduroblin from GILLIGAN at the Denney's Restaurant parking lot, located on 11th Street in Rockford. MURRAY stated he paid GILLIGAN two hundred fifty dollars (\$250.00) for the fifteen (15) vials of the deccaduroblin and five (5) syringes. MURRAY informed R/I that GILLIGAN wasn't happy with the amount of money that MURRAY paid for the steroids. GILLIGAN advised MURRAY that he (MURRAY) was ripping him off. R/I asked MURRAY why he needed the steroids. MURRAY stated that he wasn't advancing in his lifting, and GILLIGAN told him (MURRAY) that the steroids would help.

APPENDIX 002558

**ILLINOIS STATE POLICE  
INVESTIGATIVE SUMMARY**

ABSD429A Report No: 93C0642	Case Agent: Insp. A. Schlosser #9708	I.D. # <i>AK</i>	Office: Zone 6	Field Report No:
Date of Summary: 04-29-93	Reporting Period: 01/25/93-02/26/93	Status: <input type="checkbox"/> Active <input checked="" type="checkbox"/> Pending Prosecution	Typed By: jlk	Date: 04-29-93
Name: LARBI JOHN MURRAY M/W, DOB: [REDACTED] 5 Bloomington, Illinois		Character of Case: POSSESSION W/INTENT TO DELIVER 30 to 500 GRAMS OF CANNABIS		
		Previous Summaries: None		

**SYNOPSIS:**

On 01/25/93, at approximately 1300 hours, Normal Police Department, Detective John Belcher provided Inspector A. Schlosser with information regarding LARBI JOHN MURRAY trafficking cannabis out of MURRAY'S home at [REDACTED] [REDACTED] [REDACTED], Bloomington, Illinois. Detective Belcher received information from a reliable Confidential Source (C/S) who alleged MURRAY is currently in possession of a large quantity of cannabis.

As a result of an in person interview with Detective Belcher's C/S at approximately 1500 hours, on 01-25-93, and the C/S's cooperation, a search warrant was applied for and received from Judge Charles Witte. This search warrant was executed at MURRAY'S residence at approximately 1800 hours, 01-25-93.

As a result of this search multiple grams of cannabis, steroids, trace of cocaine, drug paraphernalia, U.S. Currency and miscellaneous papers were seized at this residence.

Specifically two hundred six point one (206.1) grams of cannabis, cocaine residue from a paper fold and four (4) vials of steroids.

As a result of MURRAY'S cooperation with Task Force 6, MURRAY was not arrested at this time.

Recommendation:

1 Mr. Murray's polygraph examination.

2 You had indicated that at one point,  
3 Mr. Murray told you that he had slapped a girlfriend  
4 four years ago and that he had punched his brother and  
5 caused a bruise, right?

6 A. Yes.

7 Q. And was that response to the question, "Have  
8 you ever caused harm to anyone"?

9 A. Yes. That's a comparison question that we  
10 use to compare responses to on the test. So we're  
11 asking questions in general, "Have you ever caused  
12 harm to somebody," and that's what he told me in  
13 response to that in the pretest interview.

14 Q. So that was information that he told you in  
15 the pretest interview?

16 A. That is correct.

17 Q. And if I could direct your attention to  
18 page 1, you ask him, "Besides what you've already told  
19 me, have you ever caused harm to another person?"  
20 Correct?

21 A. Yes.

22 Q. And at this time, he's already told you  
23 before you asked that question about the information  
24 we were just discussing, right?

1 A. That's correct.

2 Q. Understood. He also indicated to you in the  
3 pretest interview that he had sold drugs and had  
4 engaged in drinking and DUI, right?

5 A. Yes. That was in response to my question for  
6 the other comparison that I used on his test, "Have  
7 you ever done anything that you could have been  
8 arrested for?"

9 Q. And he also stated in this polygraph  
10 examination that he had been busted for selling drugs  
11 in response to the question, "Has anything like this  
12 ever happened before?" Right?

13 A. Yes.

14 Q. Ms. Barton asked you some questions about  
15 whether you had met with Jim Souk in connection with  
16 the polygraphs you administered in this case, and I  
17 believe your testimony was you don't recall either  
18 way?

19 A. I don't recall, no.

20 Q. Do you recall meeting with the State's  
21 Attorneys from the McLean County State's Attorney's  
22 Office in connection with polygraphs that you  
23 administered in other cases?

24 A. I recall meeting with them on other

It's Wednesday, September 8, 1993 at approximately 1:00 p.m. we are at the Normal Police Department in the middle interview room. Present with myself is Detective Tony Daniels and a Deborah Mackoway.

Rob: Deborah could you state your full name and SSN.

Deb: Deborah Jean Mackoway, [REDACTED].

Rob: And Deb you are aware that we are taping this interview, correct?

Deb: Yes.

Rob: Deb what we called you back for we wanted to go over some information that you had given us before. Were you able to find the dates that Mr. John Murray was in Byron?

Deb: Yeh, um he was in Bloomington on August 24th which is a Tuesday and he left Wednesday August 25th at I would imagine like, I left at 4:20 and he left right after me he said.

Rob: Ok, and you left where at 4:20?

Deb: His apartment, I was at his apartment from like about 2:00 until 4:20.

Rob: Ok, was John there with you the entire time?

Deb: Yeh.

Rob: From when to when?

Deb: From like to 2:00 until 4:20 I got off work at about 2:00 that day.

Rob: And that's p.m.?

Deb: Yeh.

Rob: On Wednesday August 25th?

Deb: Yes.

Rob: Do you know when he returned back to Bloomington Normal?

Deb: Yeh, he came back on Wednesday September 1st.

Rob: Do you know about what time he got back?

Deb: Um, I can't remember, I can't remember but I know it was that date because it was Tuesday August 31st when I talked to him late at night on the phone and he told me about all this that he had heard about it and um then I called my mom and then I-

C 1701

C07811

07676

(1162)

AB001715

called him back and then he came back the next day, Wednesday.

Rob: When you talked to John where were you at, were you at your house or his apartment?

Deb: I was at my sorority house when I talked to him late at night on the phone you mean on the 31st?

Rob: Correct.

Deb: Yeh, I was at my sorority house.

Rob: Ok, did you at all stay at John's apartment during that time that he was gone?

Deb: Yeh, I was there some of that time.

Rob: Ok, do you know which dates you were there?

Deb: (looking through calendar), Ok, I was probably I was there probably Wednesday night the 25th, Thursday, Friday I don't think I was there, Saturday and Sunday I went home to my parents, Monday I was probably at his apartment.

Rob: Ok, did John call you every night?

Deb: Usually, he called me or I called him pretty much every usually evening.

Rob: Ok, the day that John left do you know where he was at before 2:00?

Deb: I think he, well I wasn't with him I was at work. I don't remember if he called me at work that day or not I was I think he was at the I am sure he was at the apartment, his apartment, as far as I know I don't know if he went anywhere.

Rob: When was the last time that you had seen Jennifer?

Deb: Ok, um (looking through calendar),

Rob: As a reference point, Jennifer's body was found Saturday, August 28th.

Deb: Yeh, but it was awhile before I have seen her. I think it was right around the 20th or something, because well whatever day it was that we had to be out of the apartment it was like a morning we had to be out of the apartment and it was the night before that and I don't remember the date that we had to be out of the apartment.

Rob: Ok, where did you see her at?

Deb: She came by, she was in the car, and pulled by and talked to.

C 1702

~~C 1677~~ (1163)

C07812

AB001716

John and my dad was there helping me move and John had gotten there late at night and she pulled in.

Rob: Ok you said she came by there, where is there?

Deb: She came to John's apartment in the parking lot.

Rob: Ok, and the address of John's apartment?

Deb: [REDACTED].

Rob: In Bloomington?

Deb: Yeh.

Rob: Do you know approximately how long she was there?

Deb: A few mintues, not very long at all.

Rob: Ok, was she by herself?

Deb: I can't I don't remember if she was by herself that time I know I saw her another time, it was right around that like within a couple days either before or after now but since I've been thinking about it I think it was before and she was with Swaine but that time I think as far as I remember she was either by herself or Swaine was in the car I don't remember if Swaine was in the car or not.

Rob: Ok, was Jennifer in her own vehicle?

Deb: I think so, she was driving, but I couldn't tell you what her car is but she was driving.

Rob: Is that the last time that you have had contact either in person or by phone with Jennifer?

Deb: Um, yeh, I don't think she called after that, she used to call quite a bit but I don't think she called after that.

Rob: Do you know when the last time that John had contact with Jennifer?

Deb: The same time, the same day.

Rob: He was present with you when you were talking

Deb: I didn't talk to her.

Rob: Ok, who was talking to her?

Deb: John talked to her.

Rob: Ok, that was the same time that you referred to earlier when

C 1703

C07813 ~~CT678~~

(1164)

AB001717

your dad was there?

Deb: Right, it was the night before we had to move out of that apartment.

Tony: Deb, you stated that you saw Jennifer in the parking lot, at who's apartment?

Deb: At John's apartment.

Tony: And that was the last date that John was to move out of his apartment, is that the date you saw her?

Deb: Yeh.

Tony: Ok, that is the apartment where he now presently resides?

Deb: Ok, we moved from the upstairs apartment downstairs, well, not we, ok it was my apartment over the summer now it is his and we had the apartment upstairs, [REDACTED]

Tony: Which is, apartment ok so

Deb: And it was the day that we had to be out of [REDACTED] and then apartment 1 we had had like from that day to a couple days before.

Tony: So then you were moving from [REDACTED] which was your apartment to apartment 1 when you saw Jennifer last and that was in the parking lot at the apartment building, is that right?

Deb: Right.

Tony: Also, where do you work?

Deb: BroMenn.

Tony: Pardon me?

Deb: Brom Menn.

Tony: Bro Menn.

Deb: Um huh.

Tony: Ok, what is your phone number there at work?

Deb: (looking something up) Well you could call the BroMenn number that is in the phone book and I work in OB.

Tony: OB.

Deb: OB, yea.

AB001718

APPENDIX 002566

Tony: Ok, you stated that at about 2:00 on the 25th of August which is a Wednesday, that you and John were in was it John's apartment?

Deb: Yes, that was [REDACTED]

Tony: [REDACTED]

Deb: Yea.

Tony: Now did you arrive there together at 2:00?

Deb: No, I got there and he was there. I got off work at 2:00.

Tony: And you got off work at what time?

Deb: I got off work at about 2:00 that day.

Tony: Ok, and you went straight to apartment number?

Deb: [REDACTED]

Tony: [REDACTED], and he was there already?

Deb: Um huh.

Tony: And that is that was your apartment or is your apartment?

Deb: No, it is his apartment.

Tony: It's his apartment, ok, and did he call you at work prior to you getting off work that day or do you recall?

Deb: (Pause), I can't say for sure, he does call me almost every day that I work and I don't remember anything you know so I would imagine that he probably did but I can't say for sure.

Tony: Ok, also, was do you have any knowledge whether or not or did John ever talk to you about his relationship with Jennifer?

Deb: She was an ex-girlfriend of his.

Tony: Had he been seeing her during the time period that you and John been going together?

Deb: No.

Tony: Did you and him ever go out with Jennifer and her friends together?

Deb: Um huh.

Tony: Ok. Where would you go?

Deb: Either his apartment or their apartment, Jennifer's apartment

C07815

~~R1680~~

C 1705

(1166)

AB001719

APPENDIX 002567

um that is pretty much it.

Tony: Did you ever go yourself with Jennifer?

Deb: No. Jen no.

Tony: Ok, did ah does, did you and John ever attend any of the bars downtown in Normal together?

Deb: Um huh.

Tony: Ok, do you recall ever going to bad music night at Rocky's?

Deb: I don't remember ever going to bad music night.

Tony: Ok, do you know what bad music night is?

Deb: Yeh, but I don't even know what I know there was one night that we did go to several bars in Bloomington in Normal and a couple other nights we went to some in Bloomington but I don't remember being bad music I don't remember that I don't know but

Tony: Ok, so you and John would go out with Jennifer at various times together, is that right?

Deb: I didn't go to bars with Jennifer.

Tony: Oh, ok, even if John was with you?

Deb: I can't remember ever being at a bar with her.

Tony: Either with or without John you don't recall?

Deb: No, I have never been anywhere with her without John.

Tony: Ok, has she been anywhere, I am sorry, had John gone with Jennifer to any bars just the two of them, with or without your knowledge?

Deb: I really don't think so.

Tony: Would it be like him to take another girl to a bar or to an outing somewhere or?

Deb: And not tell me no, I mean I could see him maybe going over and seeing her but he would you know he would tell me if he did which wasn't, you know I am sure he didn't do it alot, but he may have gone over and seen her some time but he would have told me.

Tony: Ok, if he were go over to see her would he let you know in advance or would he come and tell you after he would see her?

C 1706

2168

1167

C07816

AB001720

Deb: Probably tell me in advance, usually I would know I mean I was around him constantly, I'd know, I knew when she called, I knew

Tony: Would you have any problems if he wanted to take her out?

Deb: Well it would depend on how he is taking her out, if he just wanted to go to a bar with her some evening, probably not, but if he said it like that, that he wants to take her well yeh.

Tony: Ok, and you and John have been seeing each other for about 9 months is that is that correct?

Deb: Yeh.

Tony: Ok, I don't have anything else Rob do you have anything?

Rob: Is there anything else that you wish to add at this time?

Deb: Well, I don't know if this, I don't want to waste you guys time but we saw, I was with John yesterday and we saw Beaman at registration at school and John was talking to him you know just for a few minutes and he was John was like well what happened or something and he said it was, he was just like he acted like it didn't matter and he said that Swaine has to wear she was seeing Swaine now so Swaine has to wear black for a year is what he said which was strange because he was so obsessed with her before and now heres I mean I don't know, you know I don't want to be like accusing someone or saying something like that, I am just telling you that I mean John and I do both think he did it and you know I understand that you have to check everyone out and all this but you know, that was just, I don't know if you talked to John about that already but maybe you might want to talk to him about it when he talked to

Rob: Did you hear that statement yourself or is that what John?

Deb: No, John told me, John told me I just came up and saw those guys sitting there.

Tony: So you understand that conversation to be about how strange it would be that Alan Swaine would have to wear black for a year, and not I am sorry

Deb: Well that he would put it that way,

Tony: Michael Swaine.

Deb: that he didn't even act like he was upset about I mean, if someone just killed my boyfriend, I would be like someone is going to pay for this, I would be like I can't you know, I wouldn't just say oh well, someone else is going to have to pay, wear black for a year, I mean I think that is a strange reaction

007817

(1168)

AB001721

APPENDIX 002569

Tony: Did you state last time you were in here talking with us which was September the 3rd, did you tell us then that Joe, you had talked to Joe who is John's brother in regards to the death of Jennifer?

Deb: John talked to Joe and then he called me after that.

Tony: Joe did or John?

Deb: John called me and told me about it, I don't think I haven't really talked to Joe, I can't remember talking to Joe about this no.

Tony: Ok. Anything else Rob?

Rob: No, is there anything else you wish to add then?

Deb: No.

Rob: Ok, this interview is now concluding it's 1:13 p.m. on September 8th, 1993.

Plaintiff's Exhibit No. 30

1 get an order and eat a Belgian waffle? Probably about an  
2 hour.

3 Q. All right. And where did you proceed after that?

4 A. And then I took her directly back to Independence  
5 Village.

6 Q. All right. Directing your attention to this  
7 slide, can you tell me what that represents?

8 A. Okay. Just north of The Atrium on Alpine is  
9 Independence Village. It's probably maybe two miles north  
10 there. So that's the route that we would take back to  
11 Independence Village.

12 Q. All right. Now when you arrived back at  
13 Independence Village with your mother, what did you do upon  
14 arriving at the building?

15 A. Well, because she has some difficulty walking, she  
16 wouldn't walk with me from the parking lot. It would have  
17 been too tiring to do. So I would drive -- there is an  
18 overhang there at the entrance to the -- to Independence  
19 Village, and I'd drive into that area, get her out of the  
20 car and seat her on a bench next to the entrance, and then  
21 go park my car and then go back and take her on into  
22 Independence Village and sign her in.

23 Q. So, is it possible that you could have simply  
24 dropped her off and someone who worked at Independence

Village might have taken her in --

A. No.

Q. -- for you?

A. No.

Q. Directing your attention to the next slide, could you, Mrs. Beaman, tell me what this represents?

A. This is the sign-in sheet at Independence Village. The, what is it, fourth name down there says "Chris Gray." That's my mother. Shows the sign-out time at 7:30. There is a little crossover there, but if you look at it you see the one before that was 7:30 and the next one is 8:00. So 7:30. And then the time in was 10:00.

Q. Now, the sign-in time, at what point would you have signed that sign-in sheet?

A. As we entered the building after I parked the car and everything.

Q. And after you entered the building with your mother, what did you do then?

A. Sign her in and then take her back to her room. And then really later we -- and I -- I'm not sure how to say this, but later we got to thinking about that, and Wednesday was the day that I set up her medicine. And since she had a blood draw, I wouldn't have done it sooner, so I stayed and set up her medicine.

1 Q. Now, at this time, was anyone living with your  
2 mother in her apartment?

3 A. Yes, we had a lady living with her. As I said,  
4 she didn't -- my mother didn't really fit the independence  
5 part. We didn't know how much my father had covered for her  
6 over the years before he died. But we had a lady who had  
7 given up her home and was on a high-rise list and was quite  
8 far down on the list. She happened to be a family friend,  
9 and she agreed to go and stay with my mother and just kind  
10 of be her reminder. You know, it's time to go to dinner;  
11 it's time to take your medicine; don't forget to put your  
12 clothes on before you go out in the hall; you can't go out  
13 in your robe. And that sort of thing.

14 Q. What was this lady's name?

15 A. Gay Geezer (phonetic)

16 Q. Was one of Ms. Geezer's (phonetic)  
17 responsibilities to set up medicine for your mother?

18 A. No. She was not a nurse, and it was not her  
19 responsibility to set up the medicine. Only to remind my  
20 mother to take it and point her in the right direction.

21 Q. So, from the time that you signed in your mother  
22 at 10:00 until you got her to her room, completed setting up  
23 her medicines, can you estimate for us how long that would  
24 have taken?

1 A. Probably 20 to 30 minutes.

2 Q. All right. And if Ms. Geezer (phonetic) had been  
3 at the apartment -- well, do you know -- actually, do you  
4 remember whether Ms. Geezer (phonetic) was at the apartment  
5 when you arrived there?

6 A. No, I don't. And it wouldn't have been necessary  
7 for her to be there. Our agreement with her was that she  
8 needed to be there at mealtimes to make sure my mother got  
9 to the right place. That she needed to be there in the  
10 evening, at bedtime and everything. She did stay there, but  
11 she pretty much had her own life to live, too. And she had  
12 volunteered at a lot of activities there at the Village and  
13 was involved in various activities there. So -- and she  
14 knew my mother was with me, so there was no reason for her,  
15 one, to know when I would return with my mother or, two, to  
16 really be concerned about it until noontime.

17 Q. If she had been there, would that have shortened  
18 the time that you would have been able to spend with your  
19 mother?

20 A. It might have lengthened it, because we might have  
21 discussed what was going on as far as the doctor's  
22 appointment and that sort of thing.

23 Q. After you left your mother's apartment, where did  
24 you go next?

C07856

1           A.    The next step was -- the next stop was to go  
2 shopping at the Wal-Mart directly across the street from  
3 Independence Village.

4           Q.    And what was your agenda for the rest of that day  
5 after having taken care of your mother?

6           A.    My agenda for the rest of the day basically was to  
7 make sure I got home by suppertime to fix supper. And in  
8 the evening we were going to take my mother to an ice cream  
9 social at church.

10          Q.    Did you have particular errands that you needed to  
11 do?

12          A.    Yeah. This was the last day before I was really  
13 committed for school. Thursday and Friday I was going to be  
14 in a seminar all day. Saturday my in-laws were due in from  
15 Florida, and then Monday we were back on the school routine.  
16 So I was trying to get a number of things done during that  
17 time, because I knew I wouldn't have time to do them after  
18 that.

19          Q.    And, specifically, what were your shopping  
20 activities geared toward?

21          A.    Well, at the time I was in graduate school as well  
22 as teaching full time, and I was in the thesis part of my  
23 graduate work. And my students were going to be doing a  
24 project the next year related to that, an action research

THE COURT: Not right now.

Q. (By Ms. Daniel) Okay. Going to the next slide, can you tell me what that depicts?

A. This is the Wal-Mart receipt from that day, August 25th. Shows a check-out time of 11:10:34.

Q. All right, now, how often prior to that time had you shopped at this particular Wal-Mart?

A. I'm not exactly sure when that Wal-Mart opened, but it was a fairly new store at the time. Because of its proximity to my mother's apartment, I probably had been there more often than I might have otherwise, but not a lot of times. I'm not a shopper.

Q. So, would you say you were quite familiar with that Wal-Mart? Unfamiliar with it?

A. Sort of familiar with it.

Q. All right. Just going through the individual items, could you tell us what the copy paper was for?

A. Because school was starting the following week, I wanted to get a head start on some of the things that I needed. One was a syllabus for my students. And so I have a copy machine at home, and I was just buying a ream of paper to make sure I could get that syllabus copied off.

Q. What department would you have found that in?

A. In the stationery or paper supplies.

Q. I see two items described as poster frames.

A. Right.

Q. What would those have been for?

A. I like to decorate my classroom with posters, and so I was looking for some frames that I could use to put those posters in. Because if I don't put them in frames, the students deface them.

Q. So, choosing the frames, what would that have entailed?

A. Trying to find out if they were, one, cheap enough to afford, and, two, if they were light enough to fit on my walls at school, and, three, if they were big enough to hold the posters I had in mind.

Q. Do you know exactly what size you needed?

A. Not really. I was kind of -- I need a big one, and I need a medium one.

Q. Did you compare various poster frames?

A. Yes, I did.

Q. The magazine holders, could you describe what those were for?

A. Those are those plastic magazine holders that fit in a three-ringed binder. I had some magazines that I had gotten. My *Math Teacher* magazine and *Education Leadership* I wanted to put in those -- in the three-ringed binder just to

organize them.

Q. And where were those located?

A. Those are in the paper supply area, also.

Q. All right. And then, finally, I see two pairs of Rustlers.

A. Jeans.

Q. Jeans.

A. Uh-huh.

Q. Could you describe what those were?

A. Those were for Alan. He wanted some -- it was very hard to buy for him when he wasn't there. First of all, his size was unusual, because he was very skinny then.

Secondly, they couldn't be too dark. They had to be faded faded, because he didn't want anyone to know he had new jeans. He's laughing because I said that.

And they had to fit over the boots he wore in the theater, so -- but they couldn't be wide legged and they couldn't be straight, narrow legged. They had to be bootcut leg and that sort of thing.

Q. So what did all of that mean for your selection process in choosing the jeans?

A. It was hard to find the right thing.

Q. Were you able to look at it, fold it up and put it in the --

24

A. No, no.

Q. -- cart?

A. Once I found the right size, I'd have to hold them up and look and see do I think he'll accept this?

As an aside, he didn't, and I had to take them back.

Q. While you were at this Wal-Mart, did you do any shopping or browsing that did not result in an actual purchase?

A. I can't honestly say that I did, but I also can't honestly say that I didn't. It would be normal for me, particularly at that stage of the year, to have wandered around a little bit. One, I taught math, and our students used calculators. Not that I necessarily agree with that, but they do. And I wanted them to have specific kinds, so

I -- or a specific style, I should say. So whenever I was in a store that time of year, I would check the sales to see what kind of prices, so I could give them some idea of where they might find it at a reasonable price.

The other thing is because I'm not necessarily a shopper, when I do go shopping and have the time I want to have some idea what other things are available.

I was also looking for the materials for my -- the spiral notebooks, and the pocket folders for my thesis

1 well?

2 A. Yes. Alan was singing and playing the guitar, and  
3 Mitch was accompanying him on keyboard. So they would have  
4 needed practice.

5 Q. By the way, approximately how long does it take to  
6 drive from that Wal-Mart to your home?

7 A. Well, it's very close to my mother's house, so I  
8 would allow about a half hour. But I would think somewhere  
9 in the range of 21, 22 minutes to a half hour, depending on  
10 traffic.

11 Q. Did you have any pets living at your home at that  
12 time?

13 A. We had two dogs at the time.

14 Q. Would there have been a reason for you at that  
15 time in the morning to drive back to your house to attend to  
16 your dogs to let them out in the yard?

17 A. No, no. They were used to being home alone. They  
18 were locked into our kitchen. They were paper trained.  
19 They were used to being there all day by themselves, so  
20 there was no reason to go home and let them out. And,  
21 besides, I expected Alan to be home sometime during that  
22 morning between 9:00 and 11:00, and he would have let them  
23 out.

24 Q. Is it possible that you might have driven home to

1

1 August 23?

2 A. I don't remember.

3 Q. Now, is it your understanding that some of  
4 the interactions between you and Daniels and Beaman  
5 were captured on audiotape and some were not?

6 A. I believe so, yes.

7 Q. Okay. As to those portions of the  
8 interaction that we don't have a transcript for  
9 because they weren't taped, do you have any  
10 recollection of anything that happened?

11 A. No.

12 Q. Is there anything at all that you could  
13 testify about as to what Daniels said, what you said,  
14 what Beaman said in the unrecorded portion of the  
15 interview that you had with Beaman on August 28?

16 A. No.

17 Q. As a result of your interview with Beaman on  
18 August 28, the one you did with Daniels, did you  
19 and/or Daniels form any suspicion as to whether  
20 Beaman might be guilty of murdering Jennifer  
21 Lockmiller?

22 MR. DiCIANNI: I'll object to foundation as  
23 to Daniels.

24 THE WITNESS: No.

77

1 any investigator to identify persons with whom  
2 Lockmiller had had contact over the course of the  
3 summer with an eye to determining whether any of  
4 those individuals might have been responsible for her  
5 murder?

6 A. I guess there's people that come up on  
7 interviews, I think, that were contacted. I don't  
8 remember specific names or times.

9 Q. Okay. So there are some people in that  
10 category who were reflected in your reports, right,  
11 who you interviewed?

12 A. Correct, correct.

13 Q. And then let me ask you this. Did any  
14 investigator, to your knowledge, pull the lists of  
15 the classes that Lockmiller had been involved in, the  
16 enrollment lists, to ascertain whether there might be  
17 some individual that she'd been in a class with who  
18 might have been responsible for her murder?

19 A. Not to my knowledge.

20 Q. Was any effort made to investigate people  
21 that Lockmiller might have encountered at the college  
22 newspaper, The Vidette, I think it's called?

23 A. Not to my knowledge.

24 Q. Was any effort made to investigate

Dear Ms. Yackel:

Re: Laboratory Case #P93-2654, Court Case #94CF476

In response to the McLean County Subpoena Duces Tecum, dated July 13, 2000, I have enclosed all reports, notes and data relating to the polygraph examination attempted with Mr. Larbi John Murray on September 30, 1993. We have no information in our case file to indicate Mr. Murray was ever tested, or attempted to be tested, by any other Illinois State Police polygraph examiner.

If you have any questions regarding this material, you may contact Polygraph Examiner Terry McCann directly at 309-284-6500. Please note this is our new telephone number.

Sincerely,

George A. Whitlatch  
Laboratory Director

Normal, Illinois 61761

Laboratory #P93-2654

NATURE OF INVESTIGATION: Homicide  
SUSPECT: Larbi John Murray  
VICTIM: Jennifer Lockmiller

REQUEST

At the request of Detective David Warner, the above listed suspect was to have been examined by the Polygraph Detection of Deception Technique at the Bureau of Forensic Sciences in Morton, Illinois, on September 30, 1993.

NATURE OF INVESTIGATION:

The purpose of this polygraph examination was to investigate whether the above listed subject was involved in the strangulation death of Jennifer Lockmiller on or about August 25, 1993.

RESULTS:

During the course of the examination, the subject denied strangling Jennifer Lockmiller and denied having any knowledge regarding who did.

Throughout the course of his polygraph examination, the subject did not follow specific directions given to him which are necessary for the proper completion of a polygraph examination. After being advised several times to follow directions, the subject informed this examiner that he was not able to comply. Subsequently, the subject was dismissed from this laboratory.

Respectfully submitted,

Terrence G. McCann  
Polygraph Examiner

2 **TIMOTHY J. FREESMEYER,**

3 having been first duly sworn, was examined and  
4 testified on his oath as follows:

5

6 **MR. URDANGEN:** Okay. We're here  
7 pursuant to Judge Jeffrey Ford's order on  
8 the discovery deposition of Timothy  
9 Freesmeyer pursuant to the Post-Conviction  
10 Petition and related proceedings in People  
11 versus Alan Beaman, 94-CF-476.

12 My name is Jeff Urdangen. Want to  
13 identify yourselves, please?

14 **MR. SALVATI:** Dominic Salvati,  
15 Assistant State's Attorney with McLean  
16 County, Illinois.

17 **MR. MESSMAN:** Mark Messman,  
18 Assistant State's Attorney.

19

20 **EXAMINATION BY MR. URDANGEN:**

21 Q. Sir, your name?

22 A. Tim Freesmeyer.

23 Q. Is it Tim or Timothy?

24 A. It's Timothy.

C08212

1 Q. Could you spell Freesmeyer?  
2 A. F-R-E-E-S-M-E-Y-E-R.  
3 Q. What's your date of birth?  
4 A. [REDACTED].  
5 Q. And your occupation?  
6 A. I am self-employed.  
7 Q. What is your employment?  
8 A. I do consulting and training.  
9 Q. In what area?  
10 A. Law enforcement, security, and education.  
11 Q. And you consult with law enforcement  
12 agencies; is that right?  
13 A. Yes, sir.  
14 Q. How long have you been doing that?  
15 A. Oh, approximately nine years now.  
16 Q. Okay. And are you aware that you are here  
17 pursuant to an order by Circuit Judge  
18 Jeffrey Ford?  
19 A. Yes.  
20 Q. And you are aware of the purpose that you  
21 are here to give a deposition in the Alan  
22 Beaman matter?  
23 A. Yes, I am.  
24 Q. Can you briefly describe your education,

C08213

1           yes.

2       A.    I have a bachelor's degree in Physics from  
3           Illinois State University.  Graduated in  
4           1998, I believe it was.  I have a master's  
5           degree in Business Administration from  
6           Illinois State University.  Graduated in  
7           2000.  And I'm currently working on a Ph.D.  
8           in Educational Administration through  
9           Illinois State University.

10       Q.   All right.  Now, you were a -- an officer  
11           for the Normal, Illinois Police Department;  
12           is that right?

13       A.    Yes, sir.

14       Q.    What were your dates of employment there?

15       A.    I started March 12, 1990, and terminated, or  
16           gave my resignation, in I believe it was  
17           August of 2000.

18       Q.    August of 2000?

19       A.    Yes, sir.

20       Q.    Why did you resign?

21       A.    I was offered a full-time faculty position  
22           at Northwestern University.

23       Q.    In Evanston, Illinois?

24       A.    Yes, sir.

C08214

1 Q. And what was that position?  
2 A. It was as Director of Management Training  
3 for the Center for Public Safety.  
4 Q. How long did you keep that job?  
5 A. I was there a little over a year.  
6 Q. Why did that job end?  
7 A. Living in Chicago just didn't adjust to our  
8 family life. I was commuting two hours each  
9 way. You're from Evanston, so you  
10 understand.  
11 Q. Were you terminated?  
12 A. No, I was not. I resigned my position.  
13 Q. Then what did you do after that?  
14 A. I came here to Macomb and began working for  
15 Western Illinois University.  
16 Q. And how long did you stay at that position?  
17 A. I was there until July 7 of this year.  
18 Q. And what was your job there?  
19 A. I was a faculty development coordinator, so  
20 I was responsible for helping integrate  
21 technology into higher education.  
22 Q. And did you resign, or were you terminated?  
23 A. I resigned my position.  
24 Q. And why was that?

C08215

1 A. To start my own business and run my own  
2 corporation.  
3 Q. And before you were in law enforcement --  
4 before you were on the Normal P.D., were you  
5 in law enforcement before that?  
6 A. I was in corrections. If you deem that law  
7 enforcement, I was in corrections --  
8 Q. What were your positions in corrections?  
9 A. I started in 1987, I believe it was, with  
10 the Arizona Department of Corrections  
11 working in the state prison in Florence,  
12 Arizona. Took a couple of separate  
13 positions. I was moved to a minimum custody  
14 work camp in Picacho Peak, Arizona, and then  
15 back to Florence.  
16 And then in 1988 returned to the  
17 state of Illinois, which was my location of  
18 birth, and began working for the Champaign  
19 County Sheriff's Department as a  
20 correctional officer.  
21 Q. So when were you assigned to the Alan Beaman  
22 investigation?  
23 A. Would have been the day that her body was  
24 found. It was in August of 1993, but I

1 don't remember the exact date. I want to  
2 say maybe the 25th or the 28th.

3 Q. Okay. So you were initially assigned with  
4 what officers?

5 A. I was the on-call -- I was the detective on  
6 duty at the time her body was found. I was  
7 actually on duty at the time in the  
8 Detective Division, so I responded to the  
9 scene.

10 Q. And what was your rank at the time?

11 A. I was a detective.

12 Q. And who were you working with as that  
13 investigation proceeded?

14 A. You mean who else was in the Detective  
15 Division?

16 Q. Who worked with you on the case?

17 A. It would have been Dave Warner, Tony  
18 Daniels, Rob Hospelhorn, Frank Zayas.

19 Q. Can you spell Zayas, please?

20 A. Z-A-Y-A-S.

21 Q. Maybe you should spell Hospelhorn too.

22 A. H-O-S-P-E-L-H-O-R-N.

23 Q. Anyone else?

24 A. Well, there were a host of patrol officers.

C08217

1 I can't tell you offhand exactly which ones  
2 were right at the scene.

3 Q. Where was your office, what building, at the  
4 time of the murder, on the date of the  
5 murder?

6 A. The same place where the current police  
7 department is located.

8 Q. All right.

9 A. It's on Phoenix Avenue.

10 Q. And that's where you worked out of, you,  
11 yourself?

12 A. Yes.

13 Q. At some point did you move your office  
14 location?

15 A. After the arrest in the case, towards the  
16 last two months prior to trial, I began  
17 working out of the state's attorney's  
18 office.

19 Q. And why was that?

20 A. The last two months --

21 Q. Why was that?

22 A. Because most of my time was spent working  
23 with James Souk and Terry Demmick  
24 (phonetic). It was senseless to be driving

1 back and forth. I just simply reported  
2 straight to the state's attorney's office.  
3 Q. Did any other detectives working on the case  
4 move their offices?  
5 A. Not that I'm aware of.  
6 Q. Why were you the only one that moved your  
7 office, if you know?  
8 A. I was the lead investigator, if you want to  
9 call it that, towards the end of the case.  
10 Q. When did that status begin?  
11 A. I couldn't tell you for sure.  
12 Q. Approximately.  
13 A. As people began to drift off the case.  
14 Sir, you're asking me to put a  
15 date on when a position that gradually  
16 evolved became effective. I can't put a  
17 date on that.  
18 Q. Okay. Now, during the -- from the beginning  
19 of this investigation and as it proceeded to  
20 trial, did you have input from other  
21 detectives?  
22 A. Yes.  
23 Q. And did those include Tony Daniels?  
24 A. Yes.

C 8219

1 Q. Did you -- did Tony Daniels ever discuss  
2 with you his views of the case?  
3 A. Yes.  
4 Q. Did he discuss with you his views of the  
5 weight of the evidence against Mr. Beaman?  
6 A. We had many open meetings. It was not a  
7 conversation strictly between Tony Daniels  
8 and I.  
9 Q. Were you and Daniels ever in disagreement  
10 about whether or not the evidence against  
11 Beaman was sufficient to indict?  
12 A. Would you clarify what you mean by  
13 disagreement? I mean, are you talking  
14 completely at odds, or just skeptical as to  
15 whether we had enough evidence or not?  
16 Q. Were you ever skeptical?  
17 A. No, I was not.  
18 Q. Was Daniels ever skeptical?  
19 A. Yes, he was.  
20 Q. Did you have a good working relationship  
21 with Tony Daniels throughout this  
22 investigation?  
23 A. No, I did not.  
24 Q. Okay. Did at some point -- can you isolate

C08220

1 the time that it started to go bad?

2 A. No, sir, I can't isolate the time. I can  
3 just -- no, I can't.

4 Q. Well, would that have been in the first  
5 month of the investigation?

6 A. No, I don't think so. I believe it would  
7 have been more into the sixth or the ninth  
8 month of investigation just prior to arrest.

9 Q. What was the nature of -- why do you  
10 characterize it as not good during that time  
11 period?

12 A. Tony was my original FTO when I came on the  
13 police department in 1990. He was my first  
14 trainer. He was a personal friend. We had  
15 been friends for a long time. And for some  
16 reason when Tony was taken off as the lead  
17 investigator and I took more of an active  
18 role as a lead investigator would, we  
19 started to drift apart.

20 Q. Was there a professional disagreement?

21 A. What do you mean professional disagreement?

22 Q. I can't define it for you, sir. I'll let  
23 you use your own definition.

24 A. I can tell you he did not feel we had enough

C08221

1 evidence to convict. I felt we did.

2 Q. Was he the only officer who felt that way on  
3 the police force?

4 A. I don't know. I can't answer for everybody  
5 else on the police force, Mr. Urdangen.

6 Q. Ur-dang-en.

7 A. Ur-dang-en.

8 Q. Were you aware of any other officers having  
9 similar feelings as Tony Daniels on the  
10 weight of the evidence?

11 A. No. And I can tell you that prior to the  
12 arrest we held one very large meeting asking  
13 if anybody had outstanding issues they  
14 wanted to bring up, and everybody was in  
15 agreement on the arrest prior to the arrest,  
16 including Tony Daniels.

17 Q. Tony Daniels was in agreement that there was  
18 probable cause for arrest?

19 A. He was in agreement that we should go ahead  
20 and make the arrest.

21 Q. Was he in agreement that there was probable  
22 cause for arrest?

23 A. I can't tell you that, sir. I can tell you  
24 before we made the arrest we had one final

1 meeting prior to the arrest and everybody  
2 involved in the case had an opportunity to  
3 give their input.

4 Q. And how many people there specifically said  
5 they thought there was probable cause for  
6 arrest?

7 A. I -- again, I believe it was unanimous.

8 Q. Okay.

9 A. 'Tony Daniels' expressions at that point were  
10 that he did not feel we would have enough to  
11 convict, not that we did not have enough  
12 probable cause to arrest. That was my  
13 understanding.

14 Q. What did James Souk say at that meeting  
15 about the weight of the evidence?

16 A. I can't tell you what he said. I can tell  
17 you that we were in agreement that it was  
18 enough for the arrest.

19 Q. Okay. In any of your corrections jobs or  
20 with the Normal Police Department, were you  
21 ever disciplined in connection with your  
22 professional activities?

23 A. I don't believe so.

24 Q. You're not sure?

1 A. I believe I had -- I'm sorry, I had a  
2 write-up one time because I was using the  
3 computer to do an Excel spreadsheet instead  
4 of being out on patrol. I think that was  
5 the extent of my discipline, sir.

6 Q. Were you ever sanctioned for brutality or  
7 dishonesty in any way?

8 A. No, sir.

9 Q. As a guard either?

10 A. No, sir.

11 Q. Ever dismissed, fired, or terminated from  
12 any job?

13 A. No, sir.

14 Q. Who was your supervisor at Northwestern  
15 University?

16 A. My direct supervisor was Cameron Fisher.  
17 Ron, he goes by Ron.

18 Q. Now, insofar as this deposition is  
19 concerned, have you prepared by reviewing  
20 materials before getting -- in between the  
21 time you heard from me and today?

22 A. I've reviewed the motion that you sent.

23 Q. The motion?

24 A. This is the only information that I've

1 received from either yourself or from the  
2 state's attorney's office, and I have read  
3 through that (indicating).  
4 Q. So you're referring to documents entitled  
5 "Second Verified Amended Petition For  
6 Post-Conviction Relief"?  
7 A. Yes.  
8 Q. That's what it says, right?  
9 A. Yes.  
10 Q. And is that the extent of the materials that  
11 you reviewed from the time that you first  
12 spoke to me until today?  
13 A. Yes, it is.  
14 Q. Now, I want to show you -- well, I sent you  
15 an e-mail on October 22nd of this year in  
16 which I said, You may wish in the next 30  
17 days to prepare for these proceedings by  
18 reviewing all of your testimony and reports.  
19 Certainly the prosecutor will furnish these  
20 materials to you in a timely manner. Do you  
21 remember getting that e-mail?  
22 A. Yes.  
23 Q. Okay. Did you ask -- did you look for your  
24 own materials?

1 A. No, I don't have any of my own materials,  
2 sir.  
3 Q. When you and I spoke on the phone, you  
4 talked to me -- I think you referred to  
5 binders that you hadn't reviewed for awhile.  
6 Do you remember that expression?  
7 A. Yes.  
8 Q. Okay. What binders were you referring to?  
9 A. Those were binders that became the official  
10 case notes that were submitted to the  
11 Records Section of the Normal Police  
12 Department.  
13 Q. Okay. And why did you not -- or did you ask  
14 Mr. Messman for materials and testimony?  
15 A. No, sir, I did not.  
16 Q. Why not?  
17 A. Because I had many other things going on and  
18 I did not have the time to sit down and read  
19 through many stacks of binders in this case.  
20 You simply said you wished. There was not a  
21 court order that I had to go back and review  
22 all that material, sir.  
23 Q. And do you feel that that's appropriate to  
24 come into a deposition without having

1 prepared by reading any of the prior  
2 materials?  
3 A. Sir, I've read what your Petition for  
4 Post-Conviction Relief is.  
5 Q. Do you feel satisfied that you've done all  
6 you can to prepare for this deposition?  
7 A. Sir, I've never had a deposition like this  
8 before. I don't know what questions you're  
9 going to ask me. You did not forward a list  
10 of questions to me that you were going to  
11 ask; so, therefore, to sit and read all of  
12 the material from that 18-month  
13 investigation is a shot in the dark. I have  
14 many other things I have to get done.  
15 Q. How about your testimony, did you think it  
16 would have been helped you to review your  
17 grand jury testimony?  
18 A. It -- it may have, sir.  
19 Q. Do you think it would have helped you to  
20 review your trial testimony?  
21 A. Yes, it probably would have.  
22 Q. Did you ever ask Mr. Messman for copies of  
23 those materials?  
24 A. No, sir, I did not.

1 Q. Have you reviewed the deposition transcript  
2 of James Souk?  
3 A. No, I have not.  
4 Q. Did you know he was deposed?  
5 A. Yes, I did.  
6 Q. How did you know that?  
7 A. I spoke with Mr. Souk on the phone.  
8 Q. When did you speak with him on the phone?  
9 A. It was before you contacted me. It was  
10 after the last court hearing was postponed.  
11 Mr. Souk called to let me know that the  
12 court case had been postponed.  
13 Q. And how many times had you talked to Souk in  
14 the six months before that phone call?  
15 A. I might have talked to him one other time.  
16 Q. Approximately when was that?  
17 A. It would have been after I found out that  
18 the court -- the case was going back to  
19 court. So it probably would have been close  
20 to six months prior to that. I don't  
21 remember the exact date, sir.  
22 Q. Okay. Well, how many times have you spoken  
23 to James Souk, if any, since I spoke to you  
24 on October 22?

1 A. I believe just the one time.  
2 Q. I can tell you that the court hearing was  
3 postponed prior to October 22, the date you  
4 and I spoke on the phone.  
5 A. Okay. Then I may not have spoke to him  
6 since then.  
7 Q. Are you sure?  
8 A. I spoke to him one time after the court case  
9 was postponed to find out what had happened,  
10 and he told me that it had been postponed.  
11 Q. Did you inform James Souk that you were  
12 going to be deposed?  
13 A. I don't believe so.  
14 Q. Are you sure?  
15 A. I don't -- no, I'm not sure.  
16 Q. Well, could you please think about that. I  
17 asked -- it was one month ago that you were  
18 given notice of this deposition. Do you  
19 want to take a minute to think about whether  
20 or not you've discussed this with Souk since  
21 then?  
22 A. I don't believe I have in the last month.  
23 I've been out of town quite a few of those  
24 weeks, so I don't believe I have.

C08229

1 Q. Okay. And how many times have you spoken to  
2 Mr. Messman in preparation for this  
3 deposition?  
4 A. I know at least twice, possibly three times.  
5 Q. Did you review any documents during those  
6 conferences?  
7 A. No.  
8 Q. Okay. Insofar as the Alan Beaman case is  
9 concerned and your work on that case, was  
10 that the most high profile case that you  
11 worked on in your career as a law  
12 enforcement officer?  
13 A. Yes, it was.  
14 Q. Okay. And did it have the most media  
15 coverage of any case that you ever worked  
16 on?  
17 A. I believe so.  
18 Q. And were the most resources devoted to that  
19 prosecution than any case you've ever worked  
20 on?  
21 A. Yes.  
22 Q. Had you ever been a lead investigator in a  
23 murder case prior to that?  
24 A. No.

1 Q. Fair to say it was a memorable case for you?  
2 A. Yes, it is.  
3 Q. But you did not -- I think you said earlier  
4 that you do not -- you're not in possession  
5 of your own records of this case?  
6 A. No, sir, I'm not.  
7 Q. You don't have any of your own original  
8 reports?  
9 A. No, I don't.  
10 Q. Or copies?  
11 A. No.  
12 Q. Or notes?  
13 A. No.  
14 Q. When you left the Normal Police Department,  
15 did you put those documents and materials in  
16 storage?  
17 A. No, sir.  
18 Q. What did you do with them?  
19 A. I did not take anything from the police  
20 department when I left. Any reports that I  
21 had, which would have been evidence in any  
22 case, went to the Records Section. And  
23 anything else that I had was destroyed when  
24 I left.

1 Q. So your handwritten notes and memos were  
2 destroyed?  
3 A. Oh, yes. Those were destroyed after I  
4 transcribed them into my report.  
5 Q. Have you ever written about this case since  
6 you left the police department?  
7 A. No, sir.  
8 Q. Have you ever spoken publicly about it?  
9 A. No, sir.  
10 Q. Have you kept up with the developments in  
11 this case?  
12 A. No, sir.  
13 Q. Why not?  
14 A. I'm not interested in keeping up with the  
15 developments of it. That was ten years ago.  
16 I'm no longer in law enforcement. I've  
17 moved on with my life. I have no desire to  
18 go back and relive those 18 months of  
19 investigation.  
20 Q. Not interested in the most important case in  
21 your career and how it's developed?  
22 A. No, sir.  
23 Q. You in that period of time, have you -- let  
24 me rephrase that, please.

C08232

1 Beaman's conviction?

2 A. No, sir.

3 Q. You didn't?

4 A. No. Mr. Urdangen, you seem to look  
5 surprised that I'm not interested in this  
6 case. I've moved into a completely separate  
7 part of my life now. I'm no longer in law  
8 enforcement. I moved to a quiet town to  
9 raise my family.

10 Q. Sir, your comments about how I'm looking is  
11 just taking up time. I'll ask the  
12 questions, you can give the answers, and I  
13 think that will get us out of here in a more  
14 efficient light.

15 Did you know that there was a  
16 40-page dissent in that appellate court  
17 opinion?

18 A. I knew that there was a dissent.

19 Q. And did you know that the presiding justice  
20 who was the dissenter said it's impossible  
21 to identify any evidence which firmly  
22 supports defendant's guilt in this case?

23 A. I believe that I read that in your Petition  
24 for Post-Conviction Relief.

C08234

1 Q. And what is your response to that?

2 A. Everybody is entitled to their opinion, sir.

3 Q. What formed your view, what's the single

4 most important factor that formed your view

5 that Alan Beaman is guilty?

6 A. The 18 months that I spent on the case, sir.

7 Q. What fact? What artifact of evidence? What

8 piece of testimony is significant in forming

9 your view that he's guilty?

10 A. Well, let's start with the fingerprint on

11 the clock. We'll move on to the fact that

12 he remembered exactly where he drove for the

13 entire several days between the murder and

14 his first interview.

15 Q. Let me interrupt. The fingerprint on the

16 clock. Are you talking about Mr. Beaman's

17 or Mr. Swain's fingerprint?

18 A. Mr. Beaman's.

19 Q. You're aware Mr. Swain had a fingerprint on

20 there?

21 A. Yes.

22 Q. You're not referring to that?

23 A. No, I'm referring to Mr. Beaman's.

24 Q. Did you know there was an unidentified print

C08235

1 on that clock radio?

2 A. Yes, I did.

3 Q. And what did you do to have that identified?

4 A. It was sent to the crime lab. I don't know

5 what the crime lab did to try to identify

6 that.

7 Q. Did you ever seek to have it run through the

8 AFIS database?

9 A. That was not a specific request that we had

10 to make of the crime lab. When we submitted

11 it for evidence, it was assumed that they

12 would run it through whatever databases they

13 had available to them.

14 Q. You spent a lot of time interviewing Alan

15 Beaman, did you not?

16 A. Yes, I did.

17 Q. And your efforts were obviously to have him

18 give statements which would yield

19 information about whether or not he

20 committed the crime, right?

21 A. Yes.

22 Q. Did you -- was there ever a statement that

23 he gave that said -- That indicated he was

24 guilty of this crime?

C08236

1 A. He never came out and said he killed  
2 Jennifer Lockmiller.  
3 Q. Did he ever come out and say he didn't?  
4 A. Yes, he did, several times.  
5 Q. How often did he do that?  
6 A. Several times.  
7 Q. Did he testify in the grand jury?  
8 A. I was not present in the grand jury.  
9 Q. Did you read the grand jury testimony in  
10 preparation for trial?  
11 A. I don't recall if I did or not.  
12 Q. You read your own grand jury testimony in  
13 preparation for trial, did you not?  
14 A. I don't recall if I did or not.  
15 Q. Did you not sit with Mr. Souk and prepare  
16 for trial?  
17 A. I did. But, sir that was ten years ago. I  
18 don't remember what I read and what I did  
19 not read from the grand jury for trial.  
20 Q. Okay. So you can't -- as you sit here, you  
21 can't say that, yes, I did review my prior  
22 testimony under oath before I testified at  
23 trial? You did not -- you can't recall  
24 doing that?

C08237

1 A. No, sir.

2 Q. Why was it as the lead investigator that you  
3 endeavored to have the time of death, the  
4 time of the murder, between 12:00 and  
5 12:15 p.m.?

6 A. Sir, that wasn't my endeavor. We took  
7 whatever we could find from the crime scene,  
8 from the evidence we had, to pinpoint a time  
9 of death.

10 Q. Was that window of opportunity that you  
11 surmised when the victim was murdered?

12 A. I -- if I recall correctly, I believe that  
13 came from the answering machine in Jennifer  
14 Lockmiller's apartment of when the last  
15 message was received on the answering  
16 machine and when she would have been  
17 returning back from class.

18 Q. What was it in your investigation that  
19 convinced you that she wasn't killed closer  
20 to 2:00 than 12:00?

21 A. I recall from memory, sir, that we looked at  
22 the phone, the answering machine calls. I  
23 don't recall from memory if she had another  
24 class later that day that she did not show

C08238

1 up for or not. I would have to look back in  
2 the case notes to see why we pinpointed that  
3 time that we did.

4 Q. Do you think it would have helped you in  
5 answering that question if you had reviewed  
6 your prior testimony?

7 A. Yeah, probably.

8 Q. Issues with regard to the drive times, did  
9 any of those drive time issues cause you any  
10 pause about whether Alan Beaman had the  
11 opportunity to commit this crime?

12 A. Prior to the drive times they did, yes.  
13 After the drive times, no.

14 Q. Did the bank video with the time on it and  
15 the related phone records showing two calls  
16 placed from the Beaman residence cause you  
17 any pause about Alan Beaman's opportunity to  
18 commit the crime?

19 A. Yes, it did.

20 Q. Were you able to reconcile those doubts or  
21 that pause?

22 A. Yes, I was.

23 Q. How so?

24 A. By driving from Bell Federal, I believe it

C08239

1 was Bell Federal Bank, to the Beaman  
2 residence in multiple routes. I could not  
3 make the time between the bank and the  
4 Beaman residence in less than -- the time  
5 you gave in the Petition for Post-Conviction  
6 Relief, which I believe it was 31 minutes.  
7 Q. Carol Beaman, Alan's mother, from time to  
8 time had produced documentary evidence that  
9 was relevant to your investigation; is that  
10 right?  
11 A. Uh-huh.  
12 Q. Is that a yes?  
13 A. Yes. I'm sorry.  
14 Q. Did you those include receipts for a tire  
15 rotation mileage?  
16 A. We did not receive those receipts until  
17 after we arrested Mr. Beaman. She did not  
18 disclose those at the beginning of the  
19 investigation when we started this entire  
20 process.  
21 Q. Are you suggesting when you say she did not  
22 disclose them, do you believe she was  
23 consciously withholding those?  
24 A. I don't know, sir.

C08240

1 Q. Do you have an opinion about that?  
2 A. Yes, I have an opinion.  
3 Q. What's your opinion?  
4 A. I have an opinion that she was withholding  
5 those, yes.  
6 Q. Okay. And the receipt for the Wal-Mart  
7 check-out, do you remember that particular  
8 document?  
9 A. Yes, I remember she had a receipt for a  
10 store close to the time of those phone  
11 calls.  
12 Q. And do you remember when she produced that  
13 receipt?  
14 A. I don't remember exactly, sir.  
15 Q. Do you believe that --  
16 A. Go ahead. I believe it was after  
17 Mr. Beaman's arrest.  
18 Q. And do you believe that Mrs. Beaman was  
19 withholding that as well?  
20 A. I believe for some reason she decided not to  
21 give those to us until after the arrest.  
22 Q. Mrs. Beaman has said that she turned those  
23 over when she became aware of them. You're  
24 aware of that, right?

C08241

1 A. Turned them over to?  
2 Q. Law enforcement when she came became aware  
3 of them.  
4 A. To which law enforcement agency, sir?  
5 Q. I don't know, sir. But she -- weren't you  
6 informed when those receipts were turned  
7 over?  
8 A. I was aware -- I know we had received them,  
9 but I don't recall exactly when we received  
10 them or how I became aware of them. I just  
11 was aware that we had received them.  
12 Q. Do you believe Carol Heaman was dishonest in  
13 the way she handled this documentary  
14 evidence?  
15 A. The fact that she decided to withhold those  
16 receipts doesn't make her dishonest.  
17 Q. Is that a fact, that she decided to do that?  
18 A. No, it's not a fact. Sir, I don't know -- I  
19 don't know how she handled those receipts.  
20 You're asking me if she was dishonest by not  
21 turning those in.  
22 Q. No, I'm not.  
23 A. If I understand your question. Could you  
24 restate your question?

C08242

1 Q. Do you think she consciously withheld those?  
2 I believe we've been through that.  
3 A. I believe she purposely held on to those.  
4 Q. Okay. When did Alan Beaman become the prime  
5 suspect in this case?  
6 A. Immediately.  
7 Q. And did he ever in your mind become anything  
8 other than the prime suspect?  
9 A. No.  
10 Q. Did any other person ever supplant him as a  
11 suspect in your mind in the case?  
12 A. You mean take a higher precedence over him  
13 as the lead -- as the main suspect?  
14 Q. Let's start with that.  
15 A. No.  
16 Q. Did anybody ever -- anybody ever else become  
17 a suspect in your mind?  
18 A. Well, there were a lot suspects, sir. But  
19 Alan remained the primary suspect.  
20 Q. And why was he the primary suspect from the  
21 very beginning?  
22 A. Well, initially the 911 call. His -- he was  
23 referenced in the initial 911 call from the  
24 person who found the body, from a friend who

1 knew the stormy relationship between  
2 Jennifer and Alan.

3 When we arrived at the scene and  
4 noticed things about the scene that were  
5 consistent with things he had done in the  
6 past, such as trash cans being pulled out  
7 and rummaged through, that was consistent  
8 with Alan Beaman's past behavior of looking  
9 for condoms in her trash can of evidence of  
10 other lovers.

11 Q. Was that trash bag ever examined for  
12 fingerprints that was found at the crime  
13 scene?

14 A. You would have to ask the crime scene  
15 technician, sir, I don't know.

16 Q. You don't recall?

17 A. I don't recall.

18 Q. Do you think reviewing your reports would  
19 have helped you in that answer?

20 A. If I would have looked over all the evidence  
21 that was submitted to the crime scene, then  
22 it might appear on that list, sir.

23 Q. You were supervised by James Souk; is that  
24 correct?

1 A. I was supervised by Frank Zayas directly.  
2 James Souk was the prosecutor.  
3 Q. Well, you had a working relationship with  
4 James Souk?  
5 A. Yes, I did.  
6 Q. Was he in a position to direct or exert  
7 authority over the direction of the  
8 investigation?  
9 A. In an indirect manner. He was not my boss,  
10 so I did not report -- report to James.  
11 Q. Well, did you discuss with James Souk  
12 investigative avenues that you would pursue?  
13 A. Yes, we worked as a team together.  
14 Q. And did he have authority to suggest or  
15 modify your investigative avenues that you  
16 were pursuing?  
17 A. Yes, he had professional authority. It was  
18 not aligned authority given through a  
19 hierarchy, but he has been in his field for  
20 a long time, and I respected his  
21 recommendations.  
22 Q. You were the investigative arm of the  
23 state's attorney's office at that point,  
24 right?

C08245

1 A. Last several months, yes, sir.

2 Q. So Mr. Souk had authority over this

3 investigation, did he not?

4 A. Yes, he did.

5 Q. Had you worked with him before this case?

6 A. Yes, I had.

7 Q. On what cases?

8 A. Oh, there were numerous cases, sir. I had

9 been in Detectives for two years prior to

10 this case.

11 Q. Okay. You don't -- that's fine.

12 How closely was James Souk

13 involved with you in your day-to-day work on

14 the Beaman case?

15 A. Oh, when the case initially started, we

16 would talk on average probably once a week.

17 As it moved into the last couple of weeks

18 before the arrest, probably more every other

19 day, if not every day. As we prepared for

20 trial towards the last two to three months,

21 it would have been on an everyday basis.

22 Q. And did he preview the reports before they

23 were prepared?

24 A. Did he preview reports before they were

C08246

1 prepared?

2 Q. Before you prepared your reports, did you

3 discuss the content that was going to go

4 into those reports with James Souk?

5 A. No, sir.

6 Q. You never did?

7 A. I would write the report based on what I

8 investigated and what I saw.

9 Q. Did he ever ask to edit any of the reports

10 that you prepared?

11 A. I imagine there were probably times he would

12 ask me to add something in if I forget

13 something in the report.

14 Q. Was there ever a time he asked you to leave

15 anything out?

16 A. No.

17 Q. How do you know that?

18 A. Because that's -- that's not Jim. He would

19 not ask me to take something out of a police

20 report. If it was factual and it occurred,

21 he wouldn't ask me to take it out.

22 Q. Did he ever advise you that a report would

23 or would not be necessary?

24 A. Oh, I'm sure he probably did, yes.

C08247

1 Q. Do you remember which reports he would have  
2 advised you were not necessary to prepare?

3 A. No. No, sir, I don't.

4 MR. URDANGEN: Speaking of  
5 reports, do you have a better copy of his --  
6 of this?

7 MR. MESSMAN: No -- well, no --  
8 well, I don't think so. Do you recognize  
9 this (indicating)? I think it was John  
10 Brown's.

11 THE WITNESS: Yes.

12 MR. MESSMAN: As far as I'm  
13 concerned, you're free to look through that.  
14 I don't know that any of your reports are in  
15 there.

16 MR. URDANGEN: Off the record.

17  
18 (Whereby a discussion was held off  
19 the record.)

20  
21 BY MR. URDANGEN:

22 Q. Sir, let me show you these, make it easier.  
23 I'm showing you a packet of ten pages which  
24 are not -- they're not clear because they're

C08248

1 faxes of faxes, but just take a look at this  
2 first page. It's page 52 at the top, and  
3 it's titled Victim Name, Jennifer Lynn  
4 Lockmiller, and Assigned Investigator  
5 Freesmeyer, and I believe is that your badge  
6 number at the bottom?

7 A. That was my employee number.

8 Q. All right. Now, can you leaf through these  
9 ten pages and tell me if you recognize those  
10 just in a general sense as reports that you  
11 prepared during the time you worked on the  
12 Beaman case.

13 A. (Complies.) Can you see the date on that,  
14 sir?

15 Q. Looks to me like May 18. I believe that's  
16 1995. To save time, I'm not going to  
17 question you right now about the detail in  
18 there, but does your name appear at the  
19 bottom of each of those pages?

20 A. Yes, it does.

21 Q. And --

22 A. This would have been a report that I would  
23 have written.

24 Q. All right. Keep going just to be sure that

C08249

1           you've looked at every page, would you?  
2    A.    (Complies.)  
3    Q.    Are those all your reports?  
4    A.    Yes, sir, I believe so.  
5    Q.    And there's a computer-generated number on  
6           those ten pages at the top, page 52, top  
7           middle right of the page through page 61.  
8           Are those the same reports you just looked  
9           at?  
10   A.    Yes, that's correct.  
11   Q.    All right. Are you aware of other reports  
12           that you prepared in connection with this  
13           case?  
14   A.    Sir, there are a lot of reports I  
15           prepared --  
16   Q.    Right.  
17   A.    -- in connection with this case.  
18   Q.    And I have another packet I'd like to show  
19           you very briefly, and I'm not going to ask  
20           you about the contents of these either, but  
21           I'm showing you another packet of documents.  
22           I'm going to ask you if you recognize those  
23           as your reports. I'll identify those in a  
24           minute after you've looked.

C08250

1 A. These are not in the typical Normal Police  
2 Department format.  
3 Q. That's right.  
4 A. Do you want me to look through the entire  
5 packet, sir?  
6 Q. Well, do you recognize those reports as --  
7 A. Yes, the content appears to be the case  
8 report that I wrote for this investigation.  
9 Q. All right. Here, can I have it back for a  
10 minute? I just want to see. . .  
11 A. (Complies.)  
12 Q. It starts, even though it's a computer --  
13 it's a downloaded copy of documents. It  
14 starts with page 1 and picks up on page 51.  
15 Are those the same reports that you just  
16 referred to?  
17 A. Yes, they are.  
18 Q. All right. So you can't, as you sit here  
19 today, tell me whether or not all the -- the  
20 reports I just showed you are the sum total  
21 of all the reports you prepared in  
22 connection with this case?  
23 A. Well, there are other reports I prepared,  
24 such as a Phone Records Log that I had C08251

1 completed and submitted. There were other  
2 papers that I had submitted, requests for --  
3 search warrant requests possibly. If you  
4 consider those reports, then, yes, there are  
5 things in excess of what you just showed me.

6 Q. Right.

7 A. As far as a complete case report, there was  
8 only one police report that I wrote for this  
9 investigation, and I continued that report  
10 throughout the entire investigation.

11 Q. So assuming this to be true, and it's only  
12 an assumption, I must tell you that, because  
13 I don't have your original, but if we have a  
14 case page number 1 in the -- I just showed  
15 you a larger packet that runs through page  
16 51, and then a smaller packet of ten pages  
17 that starts page 52 and runs through 61, are  
18 you aware of any other such case reports by  
19 looking at what you've just seen that you  
20 may have prepared in connection with this  
21 case?

22 A. This first report numbered 1 through 51  
23 begins on page 1 with my initial response to  
24 Jennifer Lockmiller's apartment at [REDACTED]

C08252

1           ██████████ And the last entry in this report  
2 was when I dropped Mr. Beaman off at the  
3 sallyport at McLean County Correctional  
4 Center and left.

5                           Page 52 picks up on began  
6 post-arrest investigation, which to me  
7 looking at it ten years later would be  
8 logical this would be the second half to  
9 this one, and this would continue with all  
10 the investigation I did after the arrest.

11 Q. Are you able to say whether or not that last  
12 page that you're looking at numbered 61 is  
13 the final report that you prepared? And I'm  
14 not being coy with you sir. I don't know  
15 the answer.

16 A. I don't believe it would be, because the  
17 date on the bottom is January 30, 1995, and  
18 the trial did not take place until, I  
19 believe, March, if I'm not mistaken. I'm  
20 sure there would have been reports prepared  
21 between January 30 and March.

22 Q. Very well.

23                           I'd like to talk to you about some  
24 of the time trials that you conducted on

C08253

1 distances using your vehicle in this case.  
2 To start, I'd like to discuss the time trial  
3 you conducted from the Bell Federal Bank to  
4 the victim's apartment, Bell Federal in  
5 Rockford, victim's apartment in Bloomington,  
6 I believe.

7 A. Yes.

8 Q. You said at trial that you left the bank and  
9 went to her apartment and that you -- let me  
10 read it to you.

11 "Once again, referring to" -- this  
12 is you speaking.

13 "Once again, referring to my  
14 report, after finishing the inner-city  
15 driving, we checked the distance from Bell  
16 Federal to [REDACTED], Normal,"  
17 excuse me, it was Normal, "at an average of  
18 75 miles per hour."

19 You testified as to an average  
20 speed. Do you remember taking that route?

21 A. Yes.

22 Q. Now, when you were discussing average speed,  
23 what does that mean, average, in that  
24 context?

C08254

1 A. When I would have mentioned an average speed  
2 of 75 miles an hour, it would have meant  
3 that when I got to the interstate after  
4 traveling south out of Rockford and reached  
5 I-39, I would have brought my speed up to  
6 approximately 75 miles an hour and  
7 maintained that average until I reached the  
8 city limits of Normal.

9 Q. When you were between the bank -- between  
10 the Bell Federal Bank and the interstate,  
11 and then again between exiting the  
12 interstate near the college and getting to  
13 the victim's apartment, how fast were you  
14 driving?

15 A. I can tell you it would not have been any  
16 more than 10 miles over the posted limit.

17 Q. And did you prepare any kind of report in  
18 connection with how fast you drove  
19 inner-city?

20 A. It may be in one of these two reports.  
21 Again inner-city, I would have stayed either  
22 between exactly the speed limit, or not  
23 going more than 10 miles over the posted  
24 limit.

C08255

1 Q. By the way, when you made this drive, were  
2 you -- did you have your police lights on?  
3 A. No, sir.  
4 Q. Did you stop for tolls?  
5 A. No, sir. There were no tolls on I-39  
6 between Rockford and Normal.  
7 Q. Did you stop for red lights?  
8 A. Yes, I would have.  
9 Q. In town?  
10 A. Yes.  
11 Q. Okay. And what was the purpose of driving  
12 at an average of 75 miles an hour?  
13 A. Well, I was keeping up with the flow of  
14 traffic. And the flow of traffic around me  
15 was averaging that speed.  
16 Q. And did -- and by keeping up with the flow  
17 of traffic, is that because you wanted to be  
18 driving at a typical speed?  
19 A. I drove at what I assumed would be a speed  
20 of somebody who would want to go back and  
21 see an old girlfriend.  
22 Q. Okay. And did you at that point -- did you  
23 surmise that driving at the speed limit is  
24 not what most people drive at?

C08256

1 A. Again, I was keeping up with the speed of  
2 traffic, and most people around me were not  
3 driving 65.  
4 Q. And so it's been your experience that  
5 keeping up with the flow of traffic is the  
6 most accurate speed one can drive when doing  
7 a time test; is that fair?  
8 A. Sir, I haven't -- this is the only time test  
9 that I know of in a case that I've done, so  
10 I don't have a great history to back up  
11 upon.  
12 Q. I take it -- did you stop for gas on this  
13 trip?  
14 A. No, sir.  
15 Q. Have any bathroom breaks on this trip?  
16 A. No, sir.  
17 Q. All right. I'd like to talk to you next  
18 about the time trial you conducted from Bell  
19 Federal to the Boaman residence. Do you  
20 recall independently what the date was of  
21 that time trial?  
22 A. Not without looking at my police report,  
23 sir.  
24 Q. Okay. I don't have the benefit of

C08257

1           apparently all of the reports, so I need to  
2           refer to the transcript. Just give me a  
3           moment.

4       A.    Would you mind if I looked at these,  
5           (indicating)?

6       Q.    Please do. Please do.

7       A.    January 18 was one date that I did the  
8           mileage verification.

9       Q.    Between Bell Federal and the Beaman  
10          residence?

11      A.    No.

12      Q.    I'm sorry, that was a no?

13      A.    That was a no. It's not listed in my  
14          report.

15      Q.    All right. Was that date after the  
16          conclusion of that packet of reports?

17      A.    I believe it would have been, sir.

18      Q.    All right. Okay. Thank you. Do you know  
19          how many times if -- strike that, please.

20                    Did you do this test more than  
21          once, the time trial between Bell Federal  
22          and the Beaman residence?

23      A.    Yes, I believe I did. I believe I took two  
24          separate routes.

C08258

1 Q. And I'm going to get to that. But did you  
2 do it on more than one day? Did you go back  
3 to do it a second time?  
4 A. Sir, I believe I may have, but I can't tell  
5 you for sure sitting here out of memory.  
6 Q. All right. How -- when you timed yourself  
7 from the Bell Federal to the house, the  
8 Beaman house, how did you do that timing?  
9 What were the mechanics of that?  
10 A. Well, I used my watch. I would start, write  
11 down the time when I began, and as soon as I  
12 hit a point on my watch, I would begin my  
13 journey. When I arrived at the other  
14 location, again I would check my watch and  
15 find out the time that has transpired.  
16 Q. And did you record how fast you were going?  
17 A. I was traveling the speed limit, I believe,  
18 at that time.  
19 Q. And as opposed to the flow of traffic?  
20 A. Let me back up, please. It would have been  
21 somewhere between the speed limit and  
22 10 miles over. At no point would I have  
23 traveled more than 10 miles over the posted  
24 limit.

C08259

1 I believe -- I would say from  
2 memory, sir, that the trial between Bell  
3 Federal and the Beaman residence, I would  
4 have tried to stay as close to the speed  
5 limit as I could have.

6 Q. And I'll read to you your testimony that  
7 confirms that.

8 A. Please.

9 Q. You were asked during trial on Direct  
10 Examination.

11 "And how much time did it take you  
12 to make that drive?

13 "Again, referring to my report,  
14 the time required to drive from Alan  
15 Beaman's residence to the Bell Federal Bank,  
16 observing all speed limits --

17 A. Okay.

18 Q. -- was 31 minutes." So you're quite  
19 correct in your memory apparently.

20 And if you could help me with  
21 this, is that -- in this testimony you  
22 discussed referring to a report. I did not  
23 see that report in these ten pages. Did  
24 you?

C08260

1 A. Not in these ten pages. What I saw was  
2 towards the last page on page 60, I guess,  
3 it gives Chris Gray's residence, the Beaman  
4 residence. I don't see a listing between  
5 Bell Federal and the Beaman residence.  
6 Q. And since you refer to a report in your  
7 testimony, it's fair to assume that such a  
8 report existed at the time?  
9 A. I believe so, yes.  
10 Q. All right. Did you chart your drive time  
11 with any more detail? For example, did you  
12 indicate what stops you made, what stop  
13 lights you might have stopped at, things of  
14 that nature?  
15 A. I didn't indicate which lights were red and  
16 which lights were green during my drives. I  
17 did not stop off for coffee or rest room  
18 breaks or anything of that nature. The  
19 purpose was to find the amount of driving  
20 time from Point A to Point B.  
21 Q. Now, to be completely fair to you, I want to  
22 tell you about my next question. I want to  
23 read to you a question and answer that  
24 Mr. Souk -- an answer that he gave during

C08261

1  
2  
3  
4  
5  
6  
7  
8  
9

22  
23  
24

his deposition.

Question, "You say you had been to" -- this is the question, and the answer is Mr. Souk.

"You say you had been to Rockford to survey important locations?"

Answer, "Yeah. I think maybe just that trip. I went up there with Tim, if I'm remembering."

Question, "Did you participate in the time trial from the bank to the Beaman residence?"

Answer, "I don't remember."

Question, "Did you discuss it with Detective Freesmeyer?"

Answer, "I'm sure I did."

Is your recollection the same as James Souk's in that regard?

A. Yes.

Q. That you and he discussed the time trials --

A. Uh-huh.

Q. -- contemporaneously with you having done them?

A. Yes, yes.

C08262

1 Q. And did he tell you or instruct you or  
2 suggest to you how fast you should drive  
3 during those trials?  
4 A. I don't believe he did, sir.  
5 Q. And -- very well.  
6 Do you -- do you recall, as he  
7 does, him being with you on any of these  
8 time trials?  
9 A. I remember him taking a trip to Rockford  
10 with me. But I do not remember if we did  
11 time trials at the time that he went with  
12 me. I made many trips to Rockford, sir, and  
13 I don't recall the time he was with me if we  
14 kept times or not.  
15 Q. Okay. Now, there was a slide presentation  
16 with overlays used at the trial when  
17 describing the routes taken in Rockford. Do  
18 you recall that?  
19 A. Yes, I do.  
20 Q. And when -- when you did this -- or were  
21 testifying about the route between the Bell  
22 Federal and the Beaman residence, I want to  
23 read you a question and an answer that you  
24 gave.

C08263

1 Question by Mr. Souk, "The first  
2 slide that we're looking at, People's  
3 Exhibit 70-AX, could you tell us what's  
4 depicted on this slide, Detective?"

5 Answer, "Yes, sir. What this is  
6 basically, a blowup of a picture of Rockford  
7 out of a road atlas. Over the top of that  
8 I've done an overlay on the computer which  
9 shows the route in yellow that Alan would  
10 have taken from the Bell Federal Bank to his  
11 residence in Rockford."

12 Does that sound accurate? I'm  
13 reading it.

14 A. I'm assuming it is.

15 Q. If you want to see it, you can.

16 My question to you is what does it  
17 mean -- what did you mean when you were  
18 saying that shows the route that Alan "would  
19 have taken"?

20 A. May have been a poor choice of words, sir.  
21 That's a route he could have taken would  
22 probably have been better wordage. I  
23 assumed the most direct route, I believe.

24 If I recall correctly, the route

C08264

1 that I used was straight south from Bell  
2 Federal to the bypass, and the bypass around  
3 to Indian Trail, or whatever the name of it  
4 is that goes up to his particular  
5 subdivision.

6 Q. When you're saying direct -- are you  
7 talking about -- I want to distinguish  
8 between most direct route and fastest route.

9 A. Uh-huh.

10 Q. Can you distinguish that, please?

11 A. Yes. Most direct route would be a straight  
12 line between Point A and Point B. However,  
13 that may be going through a lot of stop  
14 lights and lower speed limits. A fastest  
15 route would probably be the bypass, going  
16 south from Bell Federal, getting onto the  
17 bypass, which has a higher speed limit, and  
18 taking it around to the residence.

19 Q. When asked by Mr. Souk about the route that  
20 he would have taken then, you're saying that  
21 that was a poor choice of words?

22 A. It might have been. It's also possible that  
23 in a conversation with Alan, he may have  
24 given me the route that he took from Bell

C08265

1 Federal to get home.

2 Q. Well --

3 A. Because Alan -- I'm sorry.

4 Q. No, go ahead, you can finish your answer.

5 A. In our conversation -- many of our taped

6 conversations, I asked Alan specifically

7 where he had driven, and that's where I got

8 the basic information to do the time tests

9 was from Alan himself. He may have

10 mentioned during those conversations that he

11 took the bypass to get home from Bell

12 Federal. I don't recall that independently,

13 sir. That might have been why I would have

14 said would.

15 Do you have the transcripts of all

16 of the taped conversations between Alan and

17 myself?

18 Q. Not with me.

19 A. Okay. That would be the place to look to

20 see if Alan would have told me the route he

21 took from Bell Federal to his residence.

22 Q. Let me read another section of this -- this

23 is Cross-Examination of Mr. Beu -- by

24 Mr. Beu. You were asked this question and

C08266

1 given this answer.

2 "Isn't it true that the route that  
3 you drove to make the comparison is a route  
4 that you simply selected as being perhaps  
5 the most direct route between the two  
6 locations?"

7 Answer, "Yes, sir, that is  
8 correct."

9 Question, "That is not a route  
10 that Mr. Beaman told you specifically that  
11 he took to go between these points, is it?"

12 Answer, "I don't recall he told me  
13 what route he took. He just said he went to  
14 the bank and back."

15 A. Okay.

16 Q. Does that refresh your recollection?

17 A. Okay. It's possible he may not have given  
18 me a route then, sir.

19 Q. And on Direct Examination by Mr. Souk, that  
20 was the sum and substance of the testimony  
21 elicited about the route from the bank to  
22 the Beaman residence, I could tell you that,  
23 as -- as is verified by the official  
24 transcript in this case. And I want to

C08267

1 continue to ask you some questions, though,  
2 about Mr. Beu's Cross-Examination on that  
3 point.

4 Before I do that, you refer to  
5 another route that you timed between the  
6 bank and the residence.

7 A. I believe I took two routes. I took the  
8 direct route that I -- the most direct route  
9 that I could find, which looked to be the  
10 shortest distance, and then I took what  
11 seemed to be the fastest, which would have  
12 been the bypass going around. I know I  
13 drove that distance more than once.

14 Q. Right. Well, in fact, indeed you're  
15 correct, that in your grand jury testimony  
16 you were asked a question and an answer  
17 about that.

18 The grand jury testimony, would  
19 you take my word for it, was July 7, 1994?

20 A. Okay.

21 Q. There was a series of questions where you  
22 discuss how long it took you to do the  
23 route. I'll show you this. After a  
24 discussion about how long it took you to go

C08268

1 through the city, because I think you can  
2 see a reference in my transcript here, the  
3 trip took me 30 minutes.  
4 A. Could I read those two pages?  
5 Q. Please do. In fact, I'll give you 238 and  
6 anything else you want to read numbering --  
7 237 you're reading now. You can read 238 if  
8 you would like. Just so that it's clear,  
9 these are numbers we generated from a CD rom  
10 which was made of the transcript. These are  
11 not the official record notations.  
12 A. Okay. Sir, I've read those two.  
13 Q. All right. So you see where in your July 7,  
14 1994, grand jury testimony is it true that  
15 you testified both about the route that you  
16 took through town and the route you took  
17 bypassing town?  
18 A. Yes.  
19 Q. Now, at the trial, going back to Mr. Beu's  
20 Cross-Examination, and I'll show you this,  
21 but I would like to read it to you first.  
22 Here's a series of questions and answers by  
23 Mr. Beu on Cross-Examination with regard to  
24 the routes from Bell Federal to the house.

C08269

Question by Bou, "We have" -- and this is only part of the question, but it's the important part for my purposes.

"We have up here now a slide which shows a route that you traveled between Mr. Beaman's residence and Bell Federal; is that correct?"

Answer, "Yes, sir, that's correct."

Question, "Isn't it true that the route that you drove to make the comparison is a route that you simply selected as being perhaps the most direct route between the two locations?"

"Yes, sir, that is correct."

Those are the two questions and the answers that you gave.

And then I read to you the next question and answer. I'll read it again just to give it context.

"That is not a route that Mr. Beaman told you specifically that he took to go between those points, is it?"

"I don't recall he told me what

008270

1 route he took. He just said he went to the  
2 bank and back."

3 Next question, "So you chose to  
4 select a route, did you not, that took you  
5 right through the heart of downtown  
6 Rockford?"

7 Answer, "As you stated earlier, I  
8 took the most direct route, sir."

9 Now, that question, you would  
10 agree, leaves the impression that that's the  
11 only route you took; would you not agree?

12 A. Yes, yes.

13 Q. Was this an opportunity for you to explain  
14 or to clarify in front of the jury that  
15 there was another route that you drove?

16 A. Yes, it probably would have been. Did I go  
17 on to explain --

18 Q. Well, I'll read you the next question and  
19 answer.

20 A. Okay. Okay.

21 Q. Question, "Does not the route take you  
22 directly through the heart of downtown  
23 Rockford?"

24 Answer, "Yes, sir, it does."

C08271

1                   Question, "As opposed to going  
2                   down Meridian Road to the high speed bypass  
3                   over to Alpine Road and then up north to  
4                   Bell Federal?"

5                   Answer, "Yes, that would be  
6                   correct."

7                   I'll let you have a look at that  
8                   and tell me if you think that wasn't  
9                   misleading to the jury?

10                  A.    Well, the question he is asking is if that  
11                   route takes you directly through the heart  
12                   of downtown Rockford. And so the answer is  
13                   as opposed to going down Meridian Road to the  
14                   bypass, which is not through downtown  
15                   Rockford, and so I said yes, that would be  
16                   correct. So I'm saying it is correct that  
17                   the bypass does not go through the heart of  
18                   Rockford.

19                  Q.    So you don't read his question as opposed to  
20                   taking this route; you don't read it that  
21                   way?

22                  A.    I -- I read that that he's comparing two  
23                   routes. He's saying that the direct route  
24                   goes through downtown Rockford and the

C08272

1 bypass route does not go through downtown  
2 Rockford.  
3 Q. Right.  
4 A. That's the way I read it.  
5 Q. And that's the way you answered it, right?  
6 A. Yes.  
7 Q. You did not read -- you did not hear the  
8 question to mean that you didn't take the  
9 other route, you took the more direct route?  
10 A. No, he was asking which was more direct.  
11 And so I was stating that that route would  
12 have been -- that was the one that would  
13 have gone through downtown Rockford.  
14 Q. Now, I'll tell you that Mr. Souk never asked  
15 you to explain on Redirect Examination that  
16 you indeed took the other route that you  
17 testified to in the grand jury.  
18 A. Okay.  
19 Q. Did you ever -- did that concern you at all  
20 that the jury was left with the impression  
21 that only one route was driven?  
22 A. I never really thought about it, sir.  
23 Q. Of course, the route -- you never thought  
24 about that after the -- after your

C08273

1 testimony?

2 A. Not until you've mentioned it right now. I

3 mean, if you went back and asked me the

4 first question that you asked at 2:00, I

5 wouldn't be able to tell you what question

6 you asked me at 2:00.

7 Q. How important was the time that it took Alan

8 Beaman to get from the bank to his house, if

9 he drove it?

10 A. It was very important, sir.

11 Q. Indeed, it could have possibly determined

12 whether or not he had the opportunity to

13 commit this crime, correct?

14 A. In some people's mind, it could have put

15 that notion.

16 Q. Well, do you want to explain to me how Alan

17 Beaman could have committed the crime if he

18 left his house after those two calls were

19 made?

20 A. The time frame would have been much, much

21 tighter for him to have gotten to Normal and

22 back again. That's what -- it would have

23 crunched the opportunity down considerably.

24 Q. Mr. Souk, I can tell you, has testified in

*can't  
remember  
1st of last*

C08274

1 his deposition that it would have made it  
2 very, very difficult to conceive of that.  
3 Those aren't his exact words, but that was  
4 his sentiment.

5 A. Sure. I would not disagree with that.

6 Q. So this wasn't -- these were important  
7 central facts for the jury, were they not?

8 A. Yes, they were, sir.

9 Q. Did you or Souk ever discuss this omission  
10 after you were done testifying?

11 A. No, sir.

12 Q. You testified again, a second time much more  
13 briefly in the trial, did you not?

14 A. In the trial or in the grand jury?

15 Q. No, weren't you called back as a witness the  
16 second time after your first lengthy --

17 A. I mean, during the trial or during the grand  
18 jury, sir?

19 Q. During the trial I'm talking about.

20 A. During the trial. I would take your word  
21 for it that I was.

22 Q. So there was no discussion about this  
23 discrepancy with Mr. Souk at any point?

24 A. No, sir.

(Whereby a short recess was  
taken.)

BY MR. URDANGEN:

Q. Sticking with this time test and phone calls  
for a minute here. This is direct testimony  
during the trial to you, asked of you by  
Mr. Souk.

Question, "Did you while you were  
there, referring to Rockford -- well," it  
says here, "well, strike that. At that  
point in time in terms of measuring that  
distance by time, what was your purpose in  
doing that in terms of furthering the  
investigation?"

Your answer was, "According to the  
phone records, there was a call coming out  
of the Beaman residence at 10:37 and 10:39.  
We had Alan on videotape at the bank 11  
minutes after 10:00. By driving that  
distance, I wanted to see if it was possible  
for Alan to make it home to make the first  
phone call at 10:37. If he left the bank at  
11 minutes after 10:00, made the 31-minute

C08276

1 drive, it would put him home at 10:42."

2 That was your testimony, sir.

3 A. Okay.

4 Q. You're telling the jury at this point that  
5 you did this time trial to determine if it  
6 was possible for him to make the first call.  
7 You then related how long it took you to go  
8 through town putting him in there five  
9 minutes after the first call and three  
10 minutes after the second call. You were not  
11 asked about the bypass route.

12 A. Okay.

13 Q. Do you think that your conclusion about  
14 whether or not it was possible, therefore,  
15 was misleading?

16 A. I don't believe so, sir. I answered the  
17 question that was asked of me.

18 Q. Now, you referred in that testimony that it  
19 took 31 minutes, a 31-minute drive. In the  
20 grand jury, this is a question put by Souk  
21 to you.

22 Question, "How long did that trip  
23 take going through town?"

24 This is in reference to that same

C08277

1 route.

2 Answer, "That trip took me 30  
3 minutes. If he had left the bank at 11  
4 minutes after 10:00, he'd of gotten home at  
5 10:41."

6 The calls were made at 10:37 and  
7 10:39. Now, I'm not splitting hairs for the  
8 purpose of one minute here, but I'm curious,  
9 if you made a report, how was it that you  
10 gave two different answers?

11 A. Well, he -- Mr. Souk could have been  
12 referring to two separate time trials.

13 Q. So there were two separate time trials?

14 A. There were many time trials. I drove it in  
15 two separate vehicles on separate trips up  
16 there. And, yes, I can tell you there were  
17 more than just the one or the two.

18 Q. How many time trials were there between Bell  
19 Federal and the Beaman residence using the  
20 bypass route?

21 A. Without going back and looking at my police  
22 report, sir, I can't tell you how many there  
23 were.

24 Q. Does your memory serve you that there was

C08278

1 more than one of those?

2 A. I don't recall if there was more than one.  
3 There could have been, but I don't recall  
4 that there was more than one.

5 Q. Okay. There was a point in the trial  
6 related to these time trials on Direct  
7 Examination after you testified that your  
8 trial would have got him there at 10:42.

9 Question by Mr. Souk, "And up  
10 until that point in the investigation in  
11 your interviews with Mr. Beaman, had he ever  
12 indicated that he had made any phone calls  
13 or had any phone contact with anyone once he  
14 got home that day."

15 Your answer, "No, sir, he didn't.  
16 While interviewing outside of McPherson  
17 Hall, I asked him specifically did you make  
18 any phone calls, and he stated no."

19 A. Yes.

20 Q. When was that interview at McPherson Hall?

21 A. That was one of the taped interviews that  
22 was done in conjunction with the Illinois  
23 State Police.

24 Q. Was that early on in the investigation?

C08279

1 A. It was prior to the arrest.  
2 Q. And --  
3 A. We were --  
4 Q. Go ahead.  
5 A. We were aware of the phone calls.  
6 Obviously, because of the time lost, we were  
7 making everything else, and so the most  
8 direct way was to ask Alan if he had made  
9 the phone call.  
10 Q. Right. And did you tell him -- and I  
11 haven't seen those tapes lately. Did you  
12 tell him we have records of two phone calls  
13 coming out of that residence?  
14 A. I don't believe I did, sir.  
15 Q. And did you give him any context for why you  
16 were asking him these questions?  
17 A. I had stated that -- and please understand  
18 this is not direct words.  
19 Q. Right.  
20 A. But in my conversation with Alan, I  
21 indicated that if he had any way of proving  
22 that he was not guilty of this murder, that  
23 he needed to share that with me so that I  
24 could confirm that he was not the person

C08280

1 responsible. And so as we sat on a bench  
2 outside of McPherson Hall on the mezzanine  
3 quad, I began to ask questions trying to  
4 give him an out as to what his alibi might  
5 be. Did you do anything else that day? Did  
6 you make any phone calls? Did you go  
7 anywhere that would have had a videotape?  
8 Q. Okay. Let me cut you off. Is that the way  
9 you asked it, in a series of questions like  
10 that?  
11 A. Yes, it would have been.  
12 Q. And then he would have given you an answer  
13 "No" at the end of that series of questions?  
14 A. Again, you would have to refer to the tape.  
15 It would all be on the tapes --  
16 Q. All right.  
17 A. -- so I'm sure those are in evidence.  
18 Q. All right.  
19 A. But I believe that's the way it went.  
20 Q. Did you ever point out to Alan that these  
21 were two calls that never connected?  
22 A. No, sir.  
23 Q. Did you ever go back and give him another  
24 chance to ask him, look it, want to direct

C08281

1 your attention to this specific time after  
2 you got home from work, did you make any  
3 phone calls?

4 A. No, sir.

5 Q. Were you satisfied that his answer to that  
6 "no" type of question -- that "no" answer he  
7 gave you in the context of all of those  
8 questions was a solid, very accurate answer?

9 A. This is not a directed answer, but let me  
10 explain my answer if I may.

11 Q. First give me the answer, then you may  
12 explain it.

13 A. I gave him many opportunities to tell me  
14 that he had made phone calls. But I did not  
15 come out and directly state we have a log of  
16 two calls coming from your house, did you  
17 make those calls, the reason being he would  
18 have jumped on that as an easy out. And I  
19 wanted him -- to come from his recollection  
20 of what he had done that day.

21 Had he recalled those two phone  
22 records independently, then I would have  
23 been convinced that he would have been the  
24 one making those calls.

C08282

1                   And there were numerous  
2                   conversations I had with Mr. Beaman on tape.  
3                   I believe this issue may have been addressed  
4                   in more than just one conversation.  
5           Q.       Were you interested in the time that it  
6                   would take to drive from the Beaman  
7                   residence to the Wal-Mart in their locale?  
8           A.       I believe I checked that distance, and I  
9                   think it's in one of these reports.  
10          Q.       Why were you interested in that?  
11          A.       To see if Carol Beaman might have had time,  
12                   after she checked out, to make it home to  
13                   make that phone call.  
14          Q.       And if she had not had time to do that,  
15                   would that have had an impact on your  
16                   investigation?  
17          A.       Well, it would have left a question as to  
18                   who, in fact, did make those phone calls.  
19          Q.       Well, who could have made those phone calls  
20                   if it were not Alan Beaman and Carol  
21                   Beaman -- or Carol Beaman?  
22          A.       I have no idea who has access to their  
23                   house, sir.  
24          Q.       Was there any evidence that anybody had

C08283

1 access to the house?

2 A. I don't know that we ever tried to nail that  
3 down to see if there were guests in town or  
4 if anybody else came and went in their house  
5 at that time.

6 Q. You never tried to determine that there  
7 would have been another person who could  
8 have made the call other than Alan and  
9 Carol; is that what you're saying now?

10 A. Sitting here today, I don't recall that we  
11 ever isolated that no one else was in the  
12 residence.

13 Now, Carol Beaman, I believe in  
14 her testimony to the grand jury, stated that  
15 nobody else would have been home, that she  
16 and Alan would have been the only two  
17 capable of doing that call.

18 Q. You didn't investigate that? You took her  
19 word for it?

20 A. I don't know if any of the other  
21 investigators might have checked into that,  
22 or if it was a conversation they might have  
23 had early on with Alan. I was not privy to  
24 the first interview with Alan. That was

C08284

1 done with Tony Daniels and Alan Beaman.

2 Q. But at any point did you understand that it

3 was a significant fact on whether or not

4 Carol Beaman could have made those phone

5 calls and at the same time checked out at

6 Wal-Mart at 11:10 a.m.?

7 A. Well, it was -- yes, it was a significant

8 question as to who made the calls.

9 Q. And so you did that time trial, if I'm

10 hearing you correctly, to see if she could

11 have made those calls and still completed

12 her shopping trip by 11:10?

13 A. Well, to see if there was time in between

14 her receipts that she had to have gone home

15 and made phone calls, yes.

16 Q. Well, are you -- by your answer, are you

17 suggesting that those -- that she did --

18 that those receipts were not authentic?

19 A. Well, I'm -- my answer is to state to see if

20 she could have made the trip home between

21 the times of those receipts.

22 Q. Was there any evidence that the Wal-Mart

23 receipt was inauthentic?

24 A. I don't think so. I don't think we

C08285

1 questioned the integrity of Wal-Mart.  
2 Q. And did you question the integrity of Carol  
3 Beaman with regard to those receipts?  
4 A. Yes, I believe we did.  
5 Q. So, as you sit there today, your  
6 recollection is you did not -- you had  
7 reason to suspect that Carol Beaman was not  
8 truthful about how she obtained those  
9 receipts?  
10 A. We wanted to verify the receipts. Now, I  
11 have no question that those were receipts  
12 that she had gotten. I don't know that we  
13 went back -- I can tell you, we didn't go  
14 back into the store video cameras to make  
15 sure she was actually the one checking out  
16 at the time stamped on that receipt.  
17 Had we thought she was covering  
18 for her son, that would have been a good  
19 thing for us to do was to go back and check  
20 the videotape of the store.  
21 Q. You -- do you know how many times you did  
22 the time trial from the Beaman residence to  
23 the Wal-Mart?  
24 A. I recall there would have been only one

C08286

1 time, sir.

2 Q. Do you recall when you learned of the  
3 Wal-Mart receipt?

4 A. If I could look in my Post-Arrest Report.  
5 It may say in there.

6 Q. I'm not sure it does, but if you could help  
7 me with that, that would be good.

8 A. I can tell you that on May 18, she was  
9 having an interview with Detective Daniels.  
10 That's when she produced the photograph of  
11 the mileage on the car and the Sears  
12 receipt. But as for the Wal-Mart receipt, I  
13 would have to look through the report.

14 Q. I don't believe it's in there. As you sit  
15 there, you don't know the date?

16 A. I don't recall the date, sir.

17 Q. Your report does show, however, that you  
18 timed that trip to be 15 minutes?

19 A. May I look again?

20 Q. Yes, I think it's near the back.

21 A. Fifteen minutes, 9.7 miles.

22 Q. I'll read your testimony, because I want to  
23 ask you a few more questions about this.  
24 Question from Mr. Heu. It says,

1 "Let's go through that, if you would."

2 Answer, "Okay. I left the Beaman  
3 residence at 9:13 a.m., arrived at Wal-Mart  
4 at approximately 9:28 a.m., 15 minutes  
5 later, and then arrived at the grandmother's  
6 residence at 9:29 a.m., one minute after  
7 Wal-Mart, 16 minutes after the Beaman  
8 residence."

9 That's consistent with your  
10 report, is it not?

11 A. The 15 minutes is consistent between  
12 Wal-Mart and the Beaman residence. I don't  
13 see the grandmother's location, but she was  
14 right down the street from Wal-Mart.

15 Q. Right. Now, you drove the speed limit, I  
16 believe, on this drive?

17 A. Yes. I believe Mr. Beu was poking fun at me  
18 at the trial saying it was one of the rare  
19 times I drove the speed limit.

20 Q. And as opposed to keeping up with the flow  
21 of traffic --

22 A. Uh-huh.

23 Q. -- aspect or theory?

24 A. Yes, it is inner-city driving versus

C08288

1 interstate driving.

2 Q. Right. But there is, of course, a flow --

3 they don't live inner-city, do they, the

4 Beamans?

5 A. No, no, they don't.

6 Q. Nonetheless, on those country roads to the

7 Wal-Mart, you drove the speed limit?

8 A. I -- I don't recall offhand. I suppose I

9 probably would have

10 Q. And you recorded 15 minutes as your time?

11 A. Yes.

12 Q. Did you use the same timing method as you

13 testified --

14 A. I would have used my watch.

15 Q. Now, you started that from in your car in

16 front of the Beaman residence, correct?

17 A. I believe so.

18 Q. And you drove to the Wal-Mart, right?

19 A. Uh-huh.

20 Q. Is that a yes?

21 A. Yes, I'm sorry.

22 Q. I take it you drove past or parallel to the

23 Wal-Mart, because you say you continued on

24 one more minute to the grandmother's house?

C08289

1 A. No, I believe I went into the Wal-Mart  
2 parking lot and stopped the vehicle.  
3 Q. Is that in your report? I may have missed  
4 that.  
5 A. I don't know if it is. Sir, my purpose for  
6 driving those distances was to be accurate.  
7 Whether it cleared or convicted was to be  
8 accurate of the times. And so my  
9 recollection is I pulled into the Wal-Mart  
10 parking lot, parked my vehicle, and walked  
11 to the door.  
12 Q. And walked to the door?  
13 A. And would have walked to the door.  
14 Q. And I didn't see that in any testimony. Do  
15 you recall testifying that way?  
16 A. No, I don't recall that.  
17 Q. And do you recall -- I didn't see it in the  
18 report. Did you see that in a report?  
19 A. No, sir, I did not. I -- understand, I'm  
20 trying to recall from memory.  
21 Q. That's fine.  
22 A. The reason I did this was to see what the  
23 truth really was. And to just drive on by  
24 would not have been accurate time.

C08290

1 Q. Right. Precisely.

2                   Again, on Cross-Examination I read  
3 it, and I'm going to read it again. "Okay,"  
4 is your answer. "I left the Beaman  
5 residence at 9:13 a.m., arrived at Wal-Mart  
6 at approximately 9:28 a.m., 15 minutes  
7 later, and then arrived at the grandmother's  
8 residence at 9:29, one minute after  
9 Wal-Mart."

10 A. Uh-huh.

11 Q. Are you suggesting that you parked the car  
12 in the Wal-Mart parking lot and then from  
13 that went to the grandmother's house in one  
14 minute?

15 A. The grandmother's house was right on the  
16 same road. It was roughly three blocks -- I  
17 don't recall exactly how many, but it was  
18 very close to the vicinity of Wal-Mart.

19 Q. If you don't remember --

20 A. I don't, sir. And if it's -- let me back  
21 up, please. If it's not in the report, then  
22 let's err -- let's go on the side of error  
23 and assume that I didn't get out of the  
24 vehicle. I seem to think that that's what I

C08291

1           would have done to check the time, but I  
2           can't tell you for sure that I did, sir.  
3       Q.    Now, the receipt was a check-out receipt of  
4           Carol Beaman's, was it not?  
5       A.    Yes, it was.  
6       Q.    And it showed 11:10 on the receipt, did it  
7           not? You can take my word for it.  
8       A.    11 -- okay.  
9       Q.    And I'm going to tell you what I think is  
10           accurate and you tell me if I'm right.  
11      A.    Uh-huh.  
12      Q.    That would mean -- by the way, the phone  
13           record, take my word for this, too, showed  
14           that the call disconnected at 9:40 p.m., the  
15           last call that was -- that connected at  
16           9:39.  
17      A.    I'm sorry, which -- which phone?  
18      Q.    From the Beaman residence.  
19      A.    Okay. In the morning?  
20      Q.    In the morning.  
21      A.    It connected at 9:40.  
22      Q.    9:39, disconnected at 9:40.  
23      A.    Okay.  
24      Q.    That's my recollection. In any case, for

C08292

1 you to get an accurate, and you say you  
2 strove for accuracy, you would have needed  
3 to do more than you did; isn't that right?  
4 A. Sitting here today, we would have had to  
5 probably start at the check-out lane --  
6 Q. Let's start -- let's start backwards from  
7 the phone call. Why don't you tell me what  
8 you would have to do to get the correct  
9 reading on how long it would have taken.  
10 A. Okay. So Wal-Mart was after the phone  
11 call --  
12 Q. Right.  
13 A. -- is what you're saying?  
14 Q. That's correct?  
15 A. So we would have had to leave from inside  
16 the Beaman home, which I didn't have access  
17 to, and drive to Wal-Mart, do the shopping,  
18 and check out.  
19 Q. Right.  
20 A. Okay.  
21 Q. Did you do that?  
22 A. No, sir, I did not do that.  
23 Q. Did you know how long it would take to leave  
24 the car in the Wal-Mart parking lot for

C08293

1 Carol Beaman, a woman older than you?  
2 A. No. No, sir, I don't know how long it would  
3 have taken her to walk, or where she would  
4 have found a parking spot on that particular  
5 day.  
6 Q. And to walk in and make a shopping trip in  
7 Wal-Mart?  
8 A. Correct.  
9 Q. Had you ever been in that Wal-Mart?  
10 A. I don't -- I don't believe I had.  
11 Q. Do you have any reason to believe that it's  
12 anything other than a vast store like most  
13 of them are?  
14 A. I don't have any reason to believe that, no.  
15 Q. So you would have shopped in that store,  
16 wait in a line, transact your business with  
17 the cashier, wait for your credit card to be  
18 processed, and have it -- the receipt be  
19 transmitted that read 11:10?  
20 A. Uh-huh.  
21 Q. That's correct, isn't it?  
22 A. Yes, that's correct.  
23 Q. Did it ever occur to you to do that?  
24 A. No, sir, I did not go through that process.

C08294

1 Q. Did Mr. Souk ever tell you to do that?

2 A. No, he did not.

3 Q. Did any of the investigators ever tell you  
4 to do that?

5 A. No, they did not.

6 Q. Why not?

7 A. I don't know, sir.

8 Q. Very well. Thank you for your candor.

9 By the way, do you know who Tony  
10 Matens is?

11 A. I don't believe I know Tony Matens. I saw  
12 his name in the report. I believe he was an  
13 investigator for somebody.

14 Q. Yes, he's a long-time investigator in  
15 Bloomington. It's M-A-T-E-N-S.

16 He has filed an Affidavit in this  
17 case, and in his Affidavit he swore under  
18 oath that he timed that route from in front  
19 of the Beaman residence to the parking lot,  
20 and his trips took him 20, 20, and 19  
21 minutes. And his Affidavit is that he was  
22 driving with the flow of traffic, presumably  
23 above the speed limit. Do you have any  
24 reason to believe that that's not accurate?

C08295

1 A. I don't know this individual. I wasn't with  
2 him. I can't make a judgment on that, sir.  
3 Q. Very well. Do you recall whether or not the  
4 speed limit was posted on the drive between  
5 the Boaman residence and Wal-Mart?  
6 A. Oh, I would assume it was, sir. It was a  
7 public road.  
8 Q. Okay. Do you recognize the name John Larby  
9 Murray?  
10 A. Yes, I do.  
11 Q. He was another -- or he was a paramour of  
12 the victim, a boyfriend?  
13 A. That I don't know for sure. They knew each  
14 other. I don't know if they were boyfriend  
15 and girlfriend.  
16 Q. Well, in your investigation did you review  
17 interviews he gave to Tony Daniels?  
18 A. I had read the interviews. I did not  
19 conduct any interviews with Larby Murray  
20 directly, but --  
21 Q. Were you interested in learning what you  
22 could about John Murray as a possible  
23 suspect in this case?  
24 A. That was Tony Daniels' responsibility was to

C08296

1           either confirm or deny his ability as a  
2           suspect.  Early on in the investigation, we  
3           each took specific people and tried to  
4           either clear or prove their involvement in  
5           this particular case.

6   Q.   And did you take an interest in his  
7           investigation of John Murray?

8   A.   Not necessarily.  I was tied up with my  
9           investigation of Michael Swain and then on  
10          to Alan Beaman.

11  Q.   Were you aware that Tony -- that, excuse me,  
12          John Murray gave conflicting versions of an  
13          alibi that he had on the day of the murder?

14  A.   Yes.

15  Q.   Are you aware that he changed his story from  
16          his first interview with Mr. Daniels to his  
17          second?

18  A.   As -- as I eventually took more of a lead  
19          roll in this, then I was responsible for  
20          reviewing all of those, so I did go back and  
21          read the interviews, sir.

22  Q.   And did -- and he admitted in his second  
23          interview that indeed he was in  
24          Bloomington-Normal on the day of the murder;

8 8

1 do you recall that?

2 A. I don't recall that from independent memory,  
3 sir.

4 Q. In any case, do you have any memory whether  
5 you were impressed or interested in his  
6 changing version of his alibi?

7 A. It wasn't something that impressed me,  
8 because it was never raised as a red flag by  
9 the other investigators that this is  
10 something we need to hold off and check  
11 farther.

12 Q. Were you aware that John Murray had a record  
13 of abusing his girlfriend, Debra McElvay?

14 A. Did he have that record at the time of the  
15 initial investigation, or did that happen  
16 later on in the investigation?

17 Q. Were you aware at any point in the  
18 investigation?

19 A. Again, sir, I was not the one that looked at  
20 Larby Murray. That was Rob Kospelhorn and  
21 Tony Daniels. So his background, his  
22 history, no, I was not aware of that.

23 Q. You never -- oh. So at no point --

24 A. I'm not saying at no point.

C08298

1 Q. Okay. Well, then --

2 A. I'm saying as this proceeded on, I was not  
3 aware of his background. At the point where  
4 I took over as the lead on the case, then I  
5 had to make myself aware of those other  
6 interviews and I had to go back and read  
7 what everybody else had done to synthesize  
8 things together. And at that point, yes, I  
9 became aware that he had an incident of  
10 domestic violence that was handled by the  
11 Normal Police Department.

12 Q. And did you also become aware then of the  
13 conflicting or the changing alibi versions  
14 that he gave?

15 A. I'm sure that I was aware of it, sir.

16 Q. And did you also become aware that according  
17 to a polygrapher he was attempting to  
18 manipulate a polygraph exam about whether or  
19 not he was involved in this crime?

20 A. I may have been aware on that. I'm -- that  
21 report probably would have gone directly to  
22 Tony Daniels, because he was the one that  
23 requested that polygraph, I believe.

24 Q. What -- of those three things, for example,

C08299

1 the polygraph issue, the abuse to the  
2 girlfriend, and the changing alibi, were you  
3 also aware that he and Jennifer had used  
4 drugs together and that he had supplied her  
5 marijuana?

6 A. I had heard that in the investigation that  
7 he had provided drugs for her in the past.

8 Q. And had you also been aware that he was a  
9 steroid abuser?

10 A. We found that out later in the  
11 investigation.

12 Q. Before charging Alan Beaman?

13 A. Before the charge, yes.

14 Q. Did -- what was your view of these facts  
15 with respect to whether or not Alan Beaman  
16 is the person who should be charged?

17 A. Well, steroid use was not an uncommon thing  
18 on the Illinois State University campus. We  
19 found a lot of people throughout the course  
20 of our duties abusing and using steroids.  
21 So Larby Murray did not stand out as one  
22 villain amongst an entire city of 50,000.  
23 It was not that uncommon. I'm not saying it  
24 happens every day, but I'm saying it was not

C08300

1 a once in a lifetime thing that you find a  
2 person using steroids.

3 Q. Let me cut you off just for a minute. I'm  
4 asking you, sir, about the totality of these  
5 facts and circumstances.

6 A. Yes, and that's what I'm trying to answer  
7 for you is that the steroids in themselves  
8 did not leave me to think that he was a  
9 prime suspect in this case. The fact that  
10 he provided drugs to Jennifer did not lead  
11 to me think that he was a prime suspect in  
12 this case.

13 Jennifer had, from what we could  
14 tell, a history of using drugs, and she  
15 could have got those from a number of  
16 sources, so simply providing drugs to her  
17 was not a motive for killing her.

18 So those things -- to answer your  
19 question, in totality, no, it did not raise  
20 a red flag that this is our person.

21 Q. And what about when you throw into that mix  
22 the manipulation of the polygraph when asked  
23 about the crime?

24 A. Well, that also is not uncommon, sir.

C08301

1 Q. And what about, if you throw into the mix  
2 that he was contemporaneously or near the  
3 time of the murder abusing -- physically  
4 abusing his girlfriend, another girlfriend?  
5 A. Now, I believe that arrest was nine months  
6 after the murder, was it not?  
7 Q. Before Beaman was charged.  
8 A. Yes, but wasn't that in October?  
9 Q. I'm not sure, but I do know it was before  
10 Beaman was charged.  
11 A. Yes, I believe that was in October, so I  
12 don't think it's fair to say that we know he  
13 was abusing his girlfriend in August when  
14 his arrest was not until October.  
15 Q. And I'm not --  
16 A. We're saying that had been taking place for  
17 many months, and we can't assume that.  
18 Q. Okay. I'm just going to move on.  
19 The last thing I'll ask you then,  
20 were you aware -- are you aware that Tony  
21 Daniels' views about John Murray as the  
22 perpetrator are much different than yours?  
23 A. I am aware that Tony Daniels has many  
24 different views now from mine.

C08302

1 Q. And are you aware that then he believed that  
2 John Murray should have been investigated  
3 further before Beaman was charged?  
4 A. I don't believe so. As I indicated to you  
5 before at the beginning of this deposition,  
6 there was a final meeting before we charged  
7 Alan Beaman, before we arrested him, and at  
8 that point it was held in the conference  
9 room at the Normal Police Department. Tony  
10 Daniels was present in the room, as was  
11 everybody else involved in this case,  
12 including James Souk, Dave Warner, I can't  
13 remember the rest of the host of people that  
14 were there. And at that final meeting was  
15 the opportunity for anybody to raise any  
16 concerns they had before we charged.  
17 Q. And you're saying that no concerns were  
18 raised by Daniels or anybody else at that  
19 point about whether it was the appropriate  
20 time to charge Alan Beaman?  
21 A. No, I do not recall anybody raising any  
22 objections to that. May I look at my report  
23 for moment?  
24 Q. I'm sorry?

C08303

1 A. May I look at this for a moment?  
2 Q. Yes, please.  
3 A. It says on page 48 on my report, On May 16 a  
4 meeting was held to determine a course of  
5 action in this case. Present at the meeting  
6 was Chief James Taylor, State's Attorney  
7 Charlie Reynard, Assistant State's Attorney  
8 James Souk, Lieutenant Frank Zayas,  
9 Lieutenant John Brown, Detective Tony  
10 Daniels, and myself. So I said that  
11 Detective Warner was there. It appears that  
12 he was not.

13 We reviewed the facts of the case  
14 once again and then opened the meeting up  
15 for input. When the discussion was ended,  
16 the decision had been made to effect the  
17 arrest of Alan Beaman for the homicide of  
18 Jennifer Lockmiller.

19 Had Tony Daniels had concerns  
20 about Larby Murray and felt that Larby  
21 Murray still was responsible for the murder,  
22 that would have been the time he brought  
23 that up. And if there were legitimate  
24 concerns, then the arrest would not have

C08304

1           been made.

2       Q.   Well, are you saying that had Tony Daniels

3           expressed doubts about the quality of this

4           evidence, that it would have -- that fact

5           would have appeared in your report?

6       A.   What I said was if he would have raised

7           legitimate concerns that Larby Murray still

8           had outstanding issues that would make him a

9           possible suspect here, that that arrest

10          would probably not have taken place.

11       Q.   But what has it got to do with what -- the

12          section of the report that you just read?

13       A.   Well, that report is to indicate when that

14          meeting took place and who was present in

15          that meeting.

16       Q.   Right.

17       A.   Okay? I recall the meeting. I just,

18          without looking at the report, couldn't tell

19          you when it was or who there was.

20       Q.   Are you -- were you -- at that meeting were

21          you open to suggestions from other officers,

22          you and Souk, about other possible avenues

23          of investigation before charging?

24       A.   Yes, we were.

C08305

1 Q. At that meeting did Tony Daniels try get  
2 both you and James Souk to listen to him  
3 about doubts he had about going forward with  
4 the charge at that point?  
5 A. Anybody that spoke up at that meeting was  
6 listened to. If he had issues, we would  
7 have listened to what he had to say. Sir,  
8 this was the culmination of a nine-month  
9 investigation at that point.  
10 Q. I understand that.  
11 A. And we had pursued everything we had to  
12 pursue. I did not want to get tunnel vision  
13 and try to say that it has to be Alan, it  
14 can't be anybody else. This was one more  
15 time to open up and say have we missed  
16 anything and is there anything else we need  
17 to look at before we effect this arrest.  
18 Had Mr. Daniels spoken up, yes, we would  
19 have listened to him.  
20 Q. And you don't recall him speaking up?  
21 A. No, it doesn't come to mind that he would  
22 have raised any major issues.  
23 Q. Okay.  
24 A. Because the arrest continued on.

C08306

1 Q. Well, okay. Thank you.

2 A portion of your time in this  
3 investigation was spent looking at the  
4 odometer issue?

5 A. Yes, sir.

6 Q. With Mr. Beaman's car, correct?

7 A. Yes, sir.

8 Q. And the reason for that was what?

9 A. Well, because his ability to travel to  
10 Normal to commit the crime and back to  
11 Rockford was a key issue. And so it was  
12 important to look at the odometer. His main  
13 defense was the photograph he had of his  
14 odometer and the tire statement -- or the  
15 receipt from Sears that showed the mileage.  
16 That was evidence they held until after the  
17 arrest and then provided to us. That was a  
18 key point. And so yes, I spent considerable  
19 time looking at his odometer.

20 Q. Well, when you say they held that evidence,  
21 it sounds to me that you're suggesting that  
22 they had it, but didn't turn it over until  
23 Alan was arrested.

24 A. Yes, sir, that's correct.

C08307

1 Q. And what is your, sir, opinion about why  
2 someone would wait to be arrested before  
3 presenting apparently exculpatory evidence?  
4 A. Sir, I have no idea why they held that as  
5 long as they did. Obviously they had it,  
6 because they took a photograph of his  
7 odometer. Now, you wouldn't typically just  
8 go out and take a photograph of an odometer  
9 for no reason. And so they took the picture  
10 at the time, or shortly after Lieutenant  
11 Daniels went up and interviewed Alan for the  
12 first time. And that picture was not  
13 released to us until after Alan Beaman's  
14 arrest. So they had it, and we know they  
15 had it, but they did not disclose it. And  
16 why, I don't know.  
17 Q. Well, did it concern you that it is  
18 counterintuitive to wait until after an  
19 arrest to present exculpatory evidence?  
20 A. Uh-huh.  
21 Q. Did that concern you?  
22 A. It -- I don't know that the word concern.  
23 It made me curious as to why.  
24 Q. Well, what was your theory about the

C08308

1 existence of this odometer evidence? In  
2 other words, did it -- did your  
3 investigation suggest that Alan Beaman knew  
4 about this mileage before --

5 A. Yes.

6 Q. -- he was arrested and never told you?

7 A. I'm sorry, I said yes before you finished  
8 your question.

9 Q. And never told you about it?

10 A. I was aware that he had a photograph, or  
11 that he had the receipt for the tires,  
12 because he told his neighbor that he had a  
13 receipt for tires. And when we interviewed  
14 the neighbor, the neighbor told that. I  
15 believe it was Van Beringer was the  
16 neighbor's name. And the neighbor told us  
17 that he has a receipt for tires from Sears.  
18 We knew they had it. They just did not  
19 disclose it to us until after the arrest.  
20 And so mileage was going to become a key  
21 part of this investigation.

22 Q. Well, did Alan -- did you understand that  
23 Alan told a neighbor that he had evidence  
24 which exculpated him based on this receipt?

C08309

1           It's one thing to have a receipt, is it not?  
2           It's another thing for the accused to  
3           interpret that as exculpatory.  What  
4           evidence did you have of that?  
5       A.    He made the statement to Van Beringer, and I  
6           don't recall the statement word for word,  
7           I'm sure it's in the case, that he had  
8           mileage -- a statement from Sears about new  
9           miles on his car, and that was one of his,  
10          if you want to call it an alibi, that was  
11          his excuse as to why he could not have  
12          committed the murder, because he's got this  
13          receipt showing the mileage on this vehicle,  
14          and there's not enough miles for him to have  
15          driven to Normal and back again.  
16       Q.    And you concluded that that mileage was not  
17          legitimate, that figure that showed on the  
18          odometer at some point?  
19       A.    I -- I believed that the figure on the  
20          odometer when the picture was taken was  
21          accurate.  I believe that the current  
22          mileage on his odometer was not accurate.  
23       Q.    And so you believe that it was tampered with  
24          by Alan?

C08310

1 A. Yes, I did.

2 Q. And that this tampering was done when in  
3 relation to his arrest?

4 A. My belief was the tampering was done as soon  
5 as he arrived back from Normal the day that  
6 Jennifer Lockmiller was killed, and it was  
7 reconnected at the time when Detective  
8 Daniels was en route and pulled in and  
9 witnessed Alan Beaman up underneath the  
10 dashboard of his car working on his radio,  
11 as Alan said.

12 Q. And you can't explain why Alan never brought  
13 this evidence out before he was arrested,  
14 can you?

15 A. No, I can't tell you why he decided not to  
16 disclose that prior.

17 Q. And who disclosed the significance of this?  
18 Was it the photograph of the newspaper?

19 A. According to the report, from what I read,  
20 they gave -- I was not -- see, I was not  
21 present at that interview with Mrs. Beaman  
22 when she gave up the Sears receipt and the  
23 photograph of the odometer.

24 Q. Do you believe that Carol Beaman colluded

**C08311**

1 with Alan Beaman to falsify the odometer  
2 evidence?

3 A. No, I do not.

4 Q. What was her role in this?

5 A. I believe that Mrs. Beaman believed the  
6 odometer statement in the car and did not  
7 know that her son had disconnected the  
8 odometer cable and reconnected it after  
9 driving around town, creating an alibi, for  
10 the miles that were on the vehicle.

11 Q. Your recollection seems to be pretty clear  
12 on this point.

13 A. This was a key point, sir.

14 Q. A lot of time was spent on it at the trial,  
15 wasn't it?

16 A. Yes, it was.

17 MR. URDANGEN: Thank you for your  
18 patience, sir. I'm done, unless Mr. Messman  
19 has any questions.

20 MR. MESSMAN: Nope.

21 MR. URDANGEN: I want to then stay  
22 on the record for just one moment.

23 Mr. Messman, because this is going  
24 to be an issue for the judge, which is more

C08312

1 clear than ever today, I do not have either,  
2 as I've told you in writing, from Mr. Ben's  
3 file, or from anywhere for that matter, any  
4 of Detective Freesmeyer's reports of these  
5 time trials that were referenced as not  
6 being in those ten pages today.

7 I have asked you repeatedly to  
8 produce reports for me, and your most recent  
9 answer is they are in the official court  
10 file for you or anyone else to see. I am  
11 certainly under no obligation to go through  
12 all of those documents and copy them for you  
13 when you have the same access to them as I.

14 Before I approach the judge on  
15 this issue, are you telling me that  
16 Mr. Freesmeyer's police reports are public  
17 record in the court file?

18 MR. MESSMAN: That's the truth.

19 MR. URDANGEN: You've seen those  
20 in the court file?

21 MR. MESSMAN: I look at those  
22 repeatedly.

23 MR. URDANGEN: So all of these  
24 reports that have been referenced to today

C08313

1 are public record?

2 MR. MESSMAN: Unless they're  
3 missing, which I -- you know, I look at that  
4 court file a lot, and I don't think any of  
5 them are. They are -- anybody in the public  
6 can come in and look at them.

7 MR. URDANGEN: I'm not talking  
8 about pleadings, sir.

9 MR. MESSMAN: I'm talking about  
10 discovery, police reports, phone records,  
11 everything that was filed and given a  
12 number, a handwritten number in the bottom  
13 right corner of the page is filed in the  
14 discovery. There's 15 volumes of official  
15 court file, and everything disclosed in  
16 discovery is in them.

17 MR. URDANGEN: Then I guess we  
18 shall look at that.

19 Let's see if I have anything else.

20 MR. MESSMAN: It's further made a  
21 part of the common law record that went up  
22 on appeal and was sent to the appellate  
23 court.

24 MR. URDANGEN: Mr. Freesmeyer,

C08314

1 I'll tell you on the record today that we  
2 have a hearing date which is going to begin  
3 where you will not be required to attend on  
4 December 15. The judge has set aside  
5 January 13 and 14 for the final day or two,  
6 if necessary, of the hearing. At this point  
7 I'm going to ask you and tell you, and I'll  
8 try to, as I've tried from the beginning  
9 here, to make -- to inconvenience you as  
10 little as possible.

11 I will try to let you know which,  
12 if either, of those two January dates you'll  
13 need to come and testify, or if you will at  
14 all. So please mark those on your calendar  
15 as possibilities. Fair enough?

16 THE WITNESS: Uh-huh.

17 MR. URDANGEN: And just answer out  
18 loud.

19 THE WITNESS: Yes.

20 MR. URDANGEN: Okay. I'm done.

21  
22 (Whereby a discussion was held  
23 off the record.)  
24

C08315

1 THE WITNESS: I just -- I want to  
2 clarify our conversation about the Wal-Mart  
3 trip. I had indicated I thought I had  
4 stopped and walked in. I can't say that I  
5 did that, and I want to clarify so that  
6 doesn't become confused later down the road.

7 MR. URDANGEN: I appreciate that.

8 THE WITNESS: I don't recall  
9 exactly how that -- where that stopping  
10 point was. It may have been the front. It  
11 may have been in the parking lot. It may  
12 have been at the -- I know I didn't go in  
13 and shop.

14 MR. URDANGEN: I appreciate that.  
15 I think you -- I think that that's the  
16 impression I already had from your  
17 statement, but thank you for clarifying  
18 that.

19 THE WITNESS: Okay.  
20  
21  
22  
23

I, Amy S. Powers, CSR, RPR, a Notary Public  
duly commissioned and qualified in the State of  
Illinois, DO HEREBY CERTIFY that pursuant to  
notice there came before me on the 22nd day of  
November 2004, at 130 South Lafayette, in the  
City of Macomb, County of McDonough, and State of  
Illinois, the following named person, to wit:

TIMOTHY J. FREESMEYER,

who was by me first duly sworn to testify to the  
truth and nothing but the truth of his knowledge  
touching and concerning the matters in  
controversy in this cause and that he was  
thereupon carefully examined upon his oath and  
his examination immediately reduced to shorthand  
by means of stenotype by me.

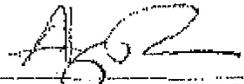

I ALSO CERTIFY that the deposition is a true  
record of the testimony given by the witness and

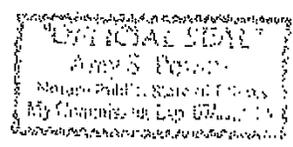

C08317

1 that the necessity of calling the court reporter  
2 at time of trial for the purpose of  
3 authenticating said transcript was also waived.

4 I FURTHER CERTIFY THAT I am neither attorney  
5 or counsel for, nor related to or employed by,  
6 any of the parties to the action in which this  
7 deposition is taken, and further, that I am not a  
8 relative or employee of any attorney or counsel  
9 employed by the parties hereto, or financially  
10 interested in the action.

11 IN WITNESS WHEREOF, I have hereunto set my  
12 hand and affixed my notarial seal at Galesburg,  
13 Illinois, this 26th day of November 2004.

DAVID WARNER		
DEPOSITION EXHIBIT		MARKED FOR ID
No. 20		158
No. 21		162

1 THE VIDEOGRAPHER: This is the video  
2 deposition of Dave Warner taken by the Roderick  
3 MacArthur Justice Center in the matter of Beaman v.  
4 Souk, et al., Case No. 10-CV-1019, held in the  
5 Marriott Hotel & Conference Center, 201 Broadway  
6 Street, Normal, Illinois. Today is December 18, 2012.  
7 The time is 10:12.

8 The court reporter is Christine Luciano. The  
9 videographer is Rick Kosberg.

10 The counsel can now introduce themselves, and  
11 the court reporter is free to administer the oath.

12 MR. SHAPIRO: David Shapiro for the plaintiff  
13 Alan Beaman.

14 MS. BARTON: Elizabeth Barton for McLean  
15 County defendants.

16 MR. DiCIANNI: Thomas DiCianni for the Town  
17 of Normal defendants.

18 (Witness duly sworn.)

19 DAVID WARNER,  
20 called as a witness herein, having been first duly  
21 sworn, was examined and testified as follows:

22 DIRECT EXAMINATION

23 BY MR. SHAPIRO:

24 Q. Good morning, Mr. Warner.

5

1 A. Good morning.

2 Q. Let me just begin by asking, have you ever  
3 had your deposition taken before?

4 A. Once a long time ago.

5 Q. About -- approximately when was that?

6 A. Oh, gosh, late '90s maybe.

7 Q. Uh-huh. What was that case about?

8 A. It was a case where a guy got beat up, I  
9 think, and his parents thought the case should have  
10 gone farther.

11 Q. Were -- were you a defendant in that case?

12 A. No. I don't -- in fact, I don't even think  
13 it was a lawsuit. I think they just hired an  
14 attorney to find out if more could have been done.

15 Q. Uh-huh. Was it a setting like this where  
16 there's --

17 A. Similar.

18 Q. -- a court reporter and --

19 A. I don't remember the court reporter. I  
20 remember being recorded.

21 Q. Okay. So I'm not -- that may or may not  
22 have -- have been a deposition. I'm not -- I think  
23 none of us -- neither of us are sure.

24 A. Right.

6

1 Q. Let me just go over a few of the, you know,  
2 ground rules for -- for today. It's important that  
3 you try to let me finish my question before you  
4 answer. Sometimes you may know what I'm going to say  
5 before I finish the question. But if you let me  
6 finish, it will create a clear record for the court  
7 reporter.

8 A. Sure.

9 Q. Okay. For the same reason, it's important  
10 to answer my questions audibly, for example, with a  
11 yes or no rather than nodding or shaking the head or  
12 uh-uhs or uh-huhs because those are difficult to take  
13 down. Will you try to do that?

14 A. I will.

15 Q. Okay. If I ask you a question and it  
16 doesn't make sense or you don't understand it, just  
17 let me know, and I'll keep rephrasing the question  
18 until -- until it does make sense. All right?

19 A. All right.

20 Q. And if I ask a question, you do answer it,  
21 I'll assume that you understood it. Fair enough?

22 A. Fair enough.

23 Q. Okay. Now, there are the few questions I  
24 just ask at the beginning of pretty much any

7

1 deposition just to make sure that you're able to give  
2 accurate, truthful testimony today. I'm not trying  
3 to pry into anything that's personal. That's just  
4 the reason that I ask.

5 Are you under a doctor's care for any  
6 illness that would affect your ability to testify  
7 today?

8 A. No.

9 Q. Are you taking any medication that would  
10 affect your ability to testify?

11 A. No.

12 Q. And I take it you haven't had any alcohol  
13 today?

14 A. No.

15 Q. Okay. Is there any reason whatsoever why  
16 you wouldn't be able to give accurate and truthful  
17 testimony today?

18 A. No.

19 Q. Okay. And you understand you're testifying  
20 under oath today and under penalty of perjury just as  
21 if you were testifying in court?

22 A. Yes.

23 Q. One thing I forgot to mention is that if  
24 there's -- if you want to take a break at any point

8

1 today, we'll probably be taking breaks periodically;  
2 but anytime you want to for any reason, that's fine.  
3 The only real limitation on that is that if there's a  
4 pending question, I'll ask you to answer the question  
5 before we take the break. Okay?

6 A. Yep.

7 Q. Okay. Great. What did you do to prepare  
8 for your deposition today?

9 A. I received a packet of information from my  
10 attorney.

11 Q. Uh-huh. What was included in that packet of  
12 information?

13 A. Reports, some handwritten notes.

14 Q. Were there any interview transcripts  
15 included --

16 A. Yes --

17 Q. -- in that material?

18 A. -- interview transcripts.

19 Q. Okay. Who -- which interview transcripts  
20 were included?

21 A. Morgan, I think the girl that found her --

22 Q. Morgan Keefe?

23 A. Keefe, yeah.

24 And then some of the neighbors, I recall.

9

1 Q. Uh-huh.

2 A. I don't remember who else was in there.

3 Q. Stacey Gates?

4 A. Yes, Gates.

5 Q. Uh-huh. Heidi Steinman?

6 A. If that was a neighbor, then yes. I don't  
7 recall the name, though.

8 Q. She was -- I don't believe that she was a  
9 neighbor. She was a friend of Jennifer Lockmiller's.

10 A. I don't remember the name, but ...

11 Q. You do not -- you're not sure if that one  
12 was included?

13 A. No, no.

14 Q. I think -- I think we're talking over each  
15 other just a little -- a little bit.

16 A. Sorry.

17 Q. Just try to be mindful of that if you could.  
18 No, I'd appreciate it.

19 What reports did you review?

20 A. Some evidence sheets that went to and from  
21 the lab. There was a polygraph report in there.

22 Q. Uh-huh.

23 A. The transcripts. I think -- I think that  
24 was it.

10

1 Q. Okay. Was that the polygraph report  
2 regarding John Murray?

3 A. Yeah.

4 Q. Okay. Did you review a polygraph report  
5 regarding Stacey Gates?

6 A. I think it was in there. I didn't read  
7 through it.

8 Q. Okay. You mentioned notes. Were those  
9 notes that you took during the course of the  
10 investigation?

11 A. Yes.

12 Q. Okay. And what do you remember about the  
13 notes that you reviewed?

14 A. That I wrote them.

15 Q. Do you remember the time, the date -- some  
16 of the dates, approximate dates or subject matter of  
17 the notes?

18 A. They appeared to be early on in the  
19 investigation, you know, within a day or so probably.

20 Q. Do you recall taking any notes after the  
21 first couple of days in the investigation?

22 A. No.

23 Q. And you don't recall reviewing any notes  
24 that you had taken during a period more than a couple

11

1 days after the investigation?

2 A. No.

3 Q. Okay. In terms of the reports, you  
4 mentioned polygraph reports. Did you -- and evidence  
5 sheets. Did you review any police reports?

6 A. No.

7 Q. Did you prepare any police reports as part  
8 of this case?

9 A. I don't remember.

10 Q. You don't remember doing so?

11 A. (Nodding.)

12 Q. Okay.

13 THE COURT REPORTER: Is that a yes or no?

14 THE WITNESS: I'm sorry. What was the  
15 question?

16 BY MR. SHAPIRO:

17 Q. Let me -- let re-ask it.

18 You don't have any recollection of having  
19 prepared any police reports, correct?

20 A. I do not.

21 Q. Okay. Did the documents that you reviewed,  
22 did they refresh your recollection about the facts of  
23 the Lockmiller investigation?

24 A. To some degree, yes.

12

1 Q. Okay. How would you characterize the level  
2 or quality of your recollection about the Lockmiller  
3 investigation?

4 A. I'm not sure I know how to answer that.

5 Q. Well, would you say that you have a good  
6 memory of the events that have occurred?

7 A. I remember some things.

8 Q. Are there particular aspects of the  
9 investigation that stand out in your memory?

10 A. I remember the first day when I was there.  
11 I remember trying to determine the time of death. I  
12 called her -- one of her class instructors to find  
13 out if she was in class. I remember taking some  
14 pictures of cars, evidence, processing back and forth  
15 to the lab.

16 Q. When you were reviewing documents to prepare  
17 for this deposition, I think you mentioned there were  
18 some that you looked over quickly?

19 A. Uh-huh.

20 Q. Which documents did you review in greater  
21 detail?

22 A. Not in great detail. I glanced through the  
23 statements. Didn't really know what you were going  
24 to ask so I didn't know what I needed to read, but I

13

1 remember taking the statements. But that's about it  
2 as far as that goes.

3 Q. Uh-huh. Did -- were there certain documents  
4 that you focused on more so than others?

5 A. Not really.

6 Q. Who did you meet with in order to prepare  
7 for your deposition today?

8 A. My attorney here, Tom DiCianni.

9 Q. Okay. When was the -- when was the first  
10 time you met with Mr. DiCianni to prepare?

11 A. It was an introductory meeting months ago.  
12 I don't know the exact date. And over the last two  
13 days, I think we met yesterday morning and then this  
14 morning.

15 Q. That introductory meeting you mentioned, was  
16 that soon after the complaint in this case was filed?

17 A. Yeah, I believe it was.

18 Q. Okay. Who -- other than Mr. DiCianni and  
19 yourself, who was present at that meeting?

20 A. I don't recall.

21 Q. Was Rob Hospelhorn present?

22 A. I don't -- I don't remember.

23 Q. Timothy Freesmeyer?

24 A. I doubt it.

14

1 Q. Why -- why -- why do you say you doubt it?

2 A. Didn't work here then.

3 Q. Okay. So did you -- do you --

4 A. I don't know. My answer is I don't know who  
5 was there.

6 Q. Well, I'm just curious why -- for  
7 Hospelhorn, you know, you don't remember.  
8 Freesmeyer, you're --

9 A. He didn't work here then.

10 Q. Okay.

11 A. And he lives out of town. Could have been.  
12 I don't remember, but --

13 Q. What was -- without asking, I mean, with  
14 that understanding -- strike that.

15 With the understanding that you don't recall  
16 a specific person was present at that meeting, were  
17 there other people present?

18 A. Yes.

19 Q. Okay. Were -- were there other police  
20 officers present?

21 A. Yes.

22 Q. About how many people were there?

23 A. I think the chief of police was there maybe,  
24 probably my lieutenant. I'm guessing. I don't

15

1 remember exactly who was there.

2 Q. Okay. And who's -- who's the chief of  
3 police and the lieutenant?

4 A. Kent Crutcher was at that time.

5 Q. And the lieutenant?

6 A. Rick Bleichner. He is now the chief.

7 Actually he was assistant chief then. He would have  
8 been chief now.

9 Q. Uh-huh. Do you remember if -- even if you  
10 don't remember specific person, whether any of the  
11 other defendants in this case were present for that  
12 meeting?

13 A. I don't remember.

14 Q. Okay. And about -- about how long was that  
15 meeting?

16 A. I don't think it was long.

17 Q. Approximation?

18 A. 20 minutes maybe.

19 Q. Okay. And who was present at the meeting  
20 yesterday morning?

21 A. Rob Hospelhorn, myself, and Tom.

22 Q. Okay. And about how long was that meeting?

23 A. My involvement in the meeting was very  
24 short, maybe 15 minutes.

16

1 Q. Did you talk to Mr. Hospelhorn after his  
2 deposition yesterday?

3 A. I said hi to him this morning.

4 Q. Uh-huh. Other than saying hi, did you  
5 exchange any other words with him?

6 A. No.

7 Q. Okay. Approximately how long was the  
8 meeting this morning with Mr. DiCianni?

9 A. I believe he got there around 8:30 to almost  
10 10 o'clock.

11 Q. Okay. And that meeting was just the two of  
12 you?

13 A. Yes.

14 Q. So these three -- these three meetings, the  
15 introductory meeting, the meeting yesterday, and the  
16 meeting today were the only ones when a lawyer was  
17 present?

18 A. Yes.

19 Q. Regarding this case?

20 A. Yes.

21 Q. Have you had -- other than the meeting  
22 yesterday where Mr. Hospelhorn was -- was present,  
23 have you had any other conversations whether by phone  
24 or in passing with Mr. Hospelhorn about this case?

17

1 A. I don't recall any.

2 Q. When's the last time you spoke with him  
3 about anything other than just saying hi this  
4 morning?

5 A. We work the same shift. We started at  
6 7 o'clock this morning.

7 Q. So -- so -- so you -- so you see each other  
8 pretty -- pretty regularly?

9 A. Every day except his days off.

10 Q. When -- when's the last time you had any  
11 contact with Timothy Freesmeyer?

12 A. Years. I don't know.

13 Q. Uh-huh. What about Tony Daniels?

14 A. Tony Daniels, the last time I saw him was on  
15 November 30.

16 Q. What were the circumstances of seeing him on  
17 the 30th?

18 A. He retired from the department again.

19 Q. Uh-huh. So sort of a going-away party or?

20 A. No, it was just his last day.

21 Q. Oh, okay. I see. I see.

22 When's the last time you had any sort of  
23 contact with Frank Zayas?

24 A. Years.

18

1 Q. Uh-huh. And that -- that's because he  
2 retired, and you so haven't seen him in a while?

3 A. Right.

4 Q. What about John Belcher?

5 A. I saw John Belcher at a funeral. I believe  
6 it was in early November. It was Scott Johnson's  
7 mother's funeral. I just said hi, chit-chat stuff.

8 Q. Uh-huh. Have you had any conversations  
9 with -- with Frank Zayas, Rob Hospelhorn, or  
10 John Belcher or Timothy Freesmeyer about this case in  
11 any way?

12 A. None that I recall.

13 Q. Have you had any conversations about this  
14 case with anyone currently or formerly employed by  
15 the State's Attorney's Office?

16 A. Tony Daniels would talk to me about it.

17 MR. DiCIANNI: State's Attorney's Office.

18 THE WITNESS: Oh, I'm sorry. State's  
19 Attorney's Office? No.

20 BY MR. SHAPIRO:

21 Q. Okay. You never talked about this case with  
22 the State's Attorney's Office?

23 A. No.

24 Q. What did Tony Daniels say when you guys

19

1 talked?

2 A. He would often comment -- he didn't  
3 understand why Rob and I were involved in this case;  
4 that we didn't do anything wrong; that it was just  
5 Freesmeyer and Souk. And I didn't pay much attention  
6 to it. And then that would come up periodically if  
7 something was in the news or something, he would  
8 mention that again.

9 And early November he said he was going to  
10 go talk to the attorneys -- this was when he knew  
11 that I was going to be deposed and Rob was. And he  
12 said, don't tell anybody, I'm going to go this week  
13 and talk to the attorneys. And I said, why can't we  
14 tell anybody? We all know, you know, this is going  
15 on. And he goes, well, you know what side I'm on. I  
16 said, everybody knows what side you're on. What's  
17 the big deal?

18 And he goes, well, I don't know why you're  
19 involved in this. I said, they're hung up on some  
20 polygraph report that said never got to the State's  
21 Attorney. I said if I -- I got that report, it  
22 wasn't to me, it was to you, Tony; and I handed it to  
23 you. If I didn't, you would have said where's that  
24 report? And whatever happened after that, I don't

20

1 know.

2 He said, yeah. And he started going about  
3 his business.

4 Q. And which -- which -- which polygraph report  
5 are you referring to?

6 A. Larbi.

7 Q. Larbi John Murray?

8 A. Yeah.

9 Q. Uh-huh. And -- and you said Tony Daniels,  
10 you -- was the -- you and Hospelhorn had no  
11 responsibility for this case and that it was -- it  
12 was Freesmeyer and someone else who were  
13 responsible -- am I -- I'm not trying to put words in  
14 your mouth.

15 A. The responsibility for the case would be  
16 Lieutenant Zayas. He was in --

17 Q. Uh-huh.

18 A. -- charge of CID at the time. Freesmeyer  
19 and Daniels had the most assignments in the case.

20 Q. But I'm sorry. I'm just trying to  
21 understand what Tony Daniels's view that he conveyed  
22 to you was about, you know, who -- who -- who -- who  
23 bore responsibility for the conviction of Mr. Beaman?

24 MS. BARTON: Objection to form.

21

1 THE WITNESS: Tim Freesmeyer and Jim Souk.

2 MR. SHAPIRO: Okay.

3 MR. DiCIANNI: Let's clarify. That's what  
4 Mr. Daniels said to you?

5 THE WITNESS: Yes.

6 MR. DiCIANNI: Yeah.

7 BY MR. SHAPIRO:

8 Q. And do you agree or disagree with that view  
9 of Mr. Daniels?

10 A. I have no opinion either way.

11 Q. Who was the lead investigator in this case?

12 A. We didn't use that term. If I had to single  
13 anybody out, it was probably Tim Freesmeyer.

14 Q. And -- and understanding that you -- that  
15 that's not -- a lead investigator is not a particular  
16 term that you use, what are your reasons for, as you  
17 say, singling out Tim Freesmeyer?

18 A. Did more of the high profile persons of  
19 interest, the ones that had the most involvement.

20 Q. And -- and -- and what were some of the  
21 things that he did that were particularly high  
22 profile?

23 A. I remember him driving to I think it was  
24 Joliet, timing the route. And that's all I remember

22

1 him doing, only because he talked about it. I didn't  
2 have any firsthand knowledge of it.

3 Q. But you had the impression that he -- he was  
4 doing the most important stuff -- most important  
5 tasks in the case, right?

6 A. Yes.

7 Q. Okay. And was that the case from the  
8 beginning of the investigation?

9 A. Tony started out he was the first one at the  
10 scene.

11 Q. Uh-huh.

12 A. Tony Daniels.

13 Q. Uh-huh.

14 A. I don't know when or where it switched or  
15 why. I know Tony was not pleased about Freesmeyer  
16 doing, I guess, the stuff he thought he should be  
17 doing.

18 Q. Uh-huh. And a -- you know, I understand  
19 that your recollection of when that shift occurred,  
20 you know, would not be -- would not be perfect or  
21 precise, but was it more or less than, say, six  
22 months into the investigation?

23 A. I honestly couldn't speculate. I don't -- I  
24 don't recall when that happened.

23

1 Q. Well, would it be fair to say that one of  
2 the higher profile things that Freesmeyer did in this  
3 case was become the primary point of contact with the  
4 defendant, Mr. Beaman?

5 A. I didn't know he was the primary -- I don't  
6 know.

7 Q. Do you recall that Mr. Beaman -- was --  
8 was -- was charged at one point in this case?

9 A. I do, yes.

10 Q. Was -- was -- was Timothy Freesmeyer the  
11 person with primary responsibility at the time he was  
12 charged?

13 MR. DiCIANNI: Object to lack of foundation.

14 MS. BARTON: I'll join.

15 MR. DiCIANNI: You can answer if you can.

16 THE WITNESS: Oh. Repeat the question,  
17 please.

18 BY MR. SHAPIRO:

19 Q. Sure. My -- my -- my question was whether  
20 you believe that Timothy Freesmeyer was the person  
21 with primary responsibility for the investigation by  
22 the time Mr. Beaman was charged?

23 A. I suppose so.

24 Q. And I -- and I -- correct me if I'm

24

1 mistaken, but I believe that you were one of the  
2 people who prepared Mr. Freesmeyer for the arrest  
3 including by attaching a body wire to him; is that  
4 correct? Do you remember that?

5 A. I have a vague recollection. I don't recall  
6 what I did.

7 Q. Uh-huh. But -- but -- but fair to say that  
8 by the time Freesmeyer was going out to make that  
9 arrest, he was the lead -- the primary person working  
10 on the case?

11 A. I -- I suppose it was. I don't --

12 MR. DiCIANNI: Well, he don't -- he doesn't  
13 want you to guess.

14 BY MR. SHAPIRO:

15 Q. Right, I don't want you -- but is that what  
16 you think?

17 A. He was working on his assignment, and his  
18 assignment was Alan Beaman. So does that mean he's  
19 in charge of the case? Not necessarily.

20 Q. Right. No, no. And I understand that.

21 And that's because Lieutenant Zayas --

22 A. Right.

23 Q. -- was in charge of the case.

24 But -- but -- but what I'm really asking is

25

1 among the line investigators -- is that a fair term?

2 A. Yeah.

3 Q. Among the line investigators, there are  
4 people who have more or less responsibility --

5 A. Sure.

6 Q. -- in a particular case, right?

7 A. Uh-huh.

8 Q. And by the time Timothy Freesmeyer was  
9 making the arrest, with the understanding that he's  
10 the line investigator, he was -- would you say that  
11 he was the line investigator with primary  
12 responsibility for the case?

13 A. Yes.

14 Q. Okay. What was Lieutenant Zayas's --  
15 you've mentioned some already, but what was  
16 Lieutenant Zayas's role in the case?

17 A. He was in charge of the detective division.  
18 He would have approved all of the reports turned in  
19 to him. Any paperwork would have gone through him.

20 Q. And -- and -- and what is the process of  
21 approving a report entail?

22 A. He would read whatever was turned in to him.  
23 If he thought it needed more information, he would  
24 send it back. If it met whatever the requirements

26

1 were for that instance, he would sign it and turn it  
2 into records.

3 Q. Okay. Did he suggest investigative avenues  
4 during the investigation?

5 A. He would assign people tasks, yes.

6 Q. Uh-huh. So he was in charge of deciding who  
7 would get which -- which tasks?

8 A. Yes.

9 Q. What was Rob Hospelhorn's role in the  
10 investigation as you understand it?

11 A. A line investigator.

12 Q. What about John Belcher?

13 A. Same.

14 Q. What was -- what was Jim Souk's role in the  
15 investigation?

16 A. State's Attorney.

17 Q. Uh-huh. And -- and -- and -- and somewhat  
18 more specifically, can you say what role he played in  
19 the investigation?

20 MS. BARTON: Objection to foundation.

21 THE WITNESS: Was the State's Attorney.

22 That's his role. I don't know what --

23 BY MR. SHAPIRO:

24 Q. Okay. We can -- we can -- we can come back

27

1 to that a little bit later.

2           When's the last time you spoke with anyone  
3 who was involved in the Lockmiller homicide  
4 investigation about the investigation?

5           A. Tony Daniels would have been in November. I  
6 don't recall any other conversations.

7           Q. You don't recall -- other than with --  
8 with -- with Daniels, you don't recall having any  
9 conversations with anyone about the Lockmiller  
10 homicide investigation?

11          A. No.

12          Q. Okay. Let me ask you a few questions about  
13 your -- your education and your training and your  
14 experience. What's -- what's the highest degree  
15 you've received from an educational institution?

16          A. I have a bachelor's in art from Illinois  
17 State University.

18          Q. Uh-huh. And did you go straight from high  
19 school to college?

20          A. Yes.

21          Q. Uh-huh. And upon your graduation, did you  
22 immediately become a police officer?

23          A. No, I was a commercial artist in Peoria for  
24 little over a year.

1 Q. Huh. What -- what -- just out of curiosity,  
2 what -- what -- what -- what sort of art were you  
3 involved in?

4 A. I did -- I was a product illustrator.

5 Q. Uh-huh.

6 A. I drew products, shoes, motorcycles,  
7 diapers, insulation.

8 Q. And have -- have you lived in this area  
9 all -- all your life?

10 A. I went to -- I started in 1982 I think is  
11 when I came to ISU.

12 Q. Okay. Okay. And -- and -- and have you  
13 lived in the Bloomington-Normal area continuously  
14 since 1982?

15 A. Since then, yes.

16 Q. Okay. And how long were you -- were you a  
17 commercial artist?

18 A. About a year, maybe a little longer.

19 Q. What was the -- did you go into the police  
20 force at that point or was --

21 A. Yeah.

22 Q. Okay. And what -- what was it that decided  
23 that, you know -- strike that.

24 What was the reason you decided to -- to

29

1 move from being a commercial artist to a -- to the  
2 police force?

3 A. Well, it paid more.

4 Q. Uh-huh.

5 A. It was also -- I lived in Normal at the  
6 time. I had to commute to Peoria.

7 Q. Uh-huh.

8 A. I had started the police process couple  
9 years before that. And every once in a while, I get  
10 a letter saying do something else, do something else.  
11 And finally I got a letter saying you're next on the  
12 list, what do you want to do?

13 Q. Uh-huh.

14 A. So over a period of time, I had forgotten  
15 about it really. And I thought if I didn't try it, I  
16 would regret it. And here I am 25 years later.

17 Q. No regrets?

18 A. I won't say that but ...

19 Q. None of us would.

20 And -- and -- and -- and when you began in  
21 the police force, was there a process of going  
22 through the academy and receiving training?

23 A. I went to the academy in Champaign, yeah.

24 Q. Okay. And how long a program is that?

30

1 A. I think it was 10 or 12 weeks. I don't  
2 remember.

3 Q. Okay. Will you sort of walk me through the  
4 progression of your career through the Normal --

5 A. Sure.

6 Q. -- Police Force?

7 A. After the academy, I was on patrol I think  
8 for a year. At the time the department had a  
9 six-month rotation; you could go to detectives for  
10 six months and then do something else. I did that  
11 sometime after that first year. And I did my  
12 six-month rotation.

13 I left for a month or two. They asked me to  
14 come back permanently. And I was, like, after the  
15 second year I think, stayed there for -- I was in  
16 detectives for seven years I think. I went back to  
17 patrol because there was a possibility of promotion  
18 to sergeant. I didn't have a lot of patrol  
19 experience.

20 I was promoted to sergeant. I don't have  
21 the dates. Did sergeant on patrol for a while. I  
22 was asked to go to -- be administrative sergeant by  
23 the chief. I was promoted up there.

24 I was promoted to lieutenant. I spent most  
31

1 of my time until July of this year as an  
2 administrative lieutenant. I was in charge of  
3 computer investigations, radio system, in-car video;  
4 basically anything electronic. I was in charge of  
5 training. And in July of this year, I became the day  
6 shift supervisor.

7 Q. And -- and your current rank is lieutenant?

8 A. Yes.

9 Q. Okay. And you mentioned a period when you  
10 were a detective for seven years. Was -- did the  
11 Lockmiller investigation fall within that period?

12 A. Yes, uh-huh.

13 Q. Do you recall roughly how long you had been  
14 a detective during -- during that period?

15 A. Two years maybe. I don't remember.

16 Q. And were you the evidence custodian during  
17 that period?

18 A. I was an investigator; I was an evidence  
19 technician; I was an arson investigator; and I was in  
20 charge of the property.

21 Q. And you held all those responsibilities at  
22 the same time?

23 A. I did.

24 Q. Okay. Can you explain to me, sir, what --

32

1 what the role of an evidence custodian is?

2 A. You check things in and out of the evidence  
3 room, keeping track of where things are. If somebody  
4 needs something sent to the lab, you prepare the  
5 paperwork, take it to the lab, pick it up.

6 Q. And when -- when there's an outside expert  
7 like a -- like a fingerprint examiner or I think you  
8 mentioned earlier, polygraph examiner, would --  
9 would -- would you be the person who would send the  
10 evidence for examination to those experts?

11 A. For polygraph you're talking?

12 Q. Well, I guess -- I guess it's a bad question  
13 for poly -- right, because -- well -- because that  
14 doesn't involve physical evidence, right?

15 A. Right.

16 Q. So let's take something that -- that -- that  
17 does ballistics, fingerprinting --

18 A. I would send it to the lab.

19 Q. And I apologize. I think we're just talking  
20 over each other a little bit. And if we could both  
21 try to be mindful of that, it will make the court  
22 reporter's job a little bit easier. I appreciate it.

23 So -- so -- so for fingerprint exam or  
24 ballistics exam, you would send the evidence to the

33

1 lab, right?

2 A. Yes.

3 Q. Okay. And -- and -- and when there was a  
4 report from the lab, you would -- you would -- would  
5 you typically be the person to -- to receive that  
6 report?

7 A. Not necessarily. I believe it went to the  
8 case officer and the State's Attorney because I  
9 didn't ask -- I wasn't the one asking for the report.  
10 I was just taking it. The officer wanted whatever  
11 process done on it. I just was the means to getting  
12 it done.

13 Q. Uh-huh. And -- and -- and help me  
14 understand the process. So the officer who wanted  
15 the report would -- would ask you to contact the  
16 outside person; is that right?

17 A. They usually sent the report. The crime lab  
18 would send the report to the officer and I believe to  
19 the State's Attorney.

20 Q. Okay.

21 A. You know, like on ballistics or drugs or  
22 something like that.

23 Q. Uh-huh. And -- and would that also apply --  
24 strike that.

34

1           Did that also apply to polygraph exams; in  
2 other words, the polygraph examiner would send the  
3 report to the case officer and the State's Attorney?

4           A.    Are you talking about the report for Larbi?

5           Q.    Well, let's -- we'll -- we'll get to that in  
6 a moment, but I'm first just trying to understand the  
7 process generally.

8           A.    I didn't --

9           MS. BARTON: Object to foundation.

10          BY MR. SHAPIRO:

11          Q.    Okay. Well, let me lay a little bit of a  
12 foundation.

13                As the evidence custodian, you were -- what  
14 was -- what was your role in connection with things  
15 like -- in connection with polygraph reports?

16          A.    We didn't have too many polygraphs that I  
17 recall. What -- it wasn't as formal as asking for  
18 fingerprints or things like that. All you needed to  
19 do was call up, talk to the polygrapher, and ask for  
20 an appointment.

21          Q.    Uh-huh. And -- and -- and who would  
22 typically call the polygrapher?

23          A.    It could be anybody.

24          Q.    Okay. So, for example, it could be the case  
35

1 officer?

2 A. Could be.

3 Q. Or the case officer might ask you to call  
4 the polygrapher?

5 A. Could happen.

6 Q. Okay. And -- and that polygrapher would  
7 generate a report, right?

8 A. Yes.

9 Q. Okay. And who -- who -- who would typically  
10 receive copies of that report?

11 A. Whoever called it in, I suppose.

12 MR. DiCIANNI: If you know.

13 THE WITNESS: I don't know.

14 BY MR. SHAPIRO:

15 Q. Would -- would the State's Attorney  
16 typically receive a copy of the report?

17 MS. BARTON: Objection to foundation.

18 THE WITNESS: I thought they did.

19 BY MR. SHAPIRO:

20 Q. Okay. And -- and -- and you said with  
21 reports from fingerprint examiners and -- and  
22 ballistics experts, those reports would go to State's  
23 Attorney, right?

24 A. Yes.

36

1 Q. Can you think of any reason why it would be  
2 different for a polygraph report?

3 A. I don't have a reason.

4 Q. Okay. And since -- since you mentioned the  
5 polygraph report regarding -- regarding Murray, why  
6 don't we --

7 A. Well, it's just easier --

8 Q. -- talk about that, yeah.

9 A. Easier to talk about if that's what you know  
10 want to.

11 Q. I want to know about both, but you're  
12 absolutely right that I want to know about that as  
13 well.

14 So talk -- talk me through your  
15 understanding of what -- what happened with that  
16 report.

17 A. Well, I viewed the paperwork, and I noticed  
18 that it said "at the request of David Warner," and  
19 that made me understand that I called and asked for  
20 the appointment.

21 Q. Okay.

22 A. And that's more than likely why it got sent  
23 to me.

24 Q. Uh-huh. And -- okay. So -- so -- so you

37

1 requested the report, and the report was sent to you,  
2 right?

3 A. And it would have been requested by  
4 Tony Daniels, who was working with Larbi at the time.

5 Q. Sure, sure. That's all right. Let's just  
6 take it step by step, though.

7 So you requested the report, right?

8 A. I made the appointment.

9 Q. Uh-huh. And -- and making the appointment  
10 means you called the polygraph examiner and asked  
11 that examiner to examine Mr. Murray?

12 A. Yes.

13 Q. Okay. And -- and -- and then you received  
14 the polygraph report regarding Mr. Murray, correct?

15 A. Yes.

16 Q. Okay. And I think this is what -- what --  
17 where -- where you're going, but what did you do with  
18 the polygraph report when you received it?

19 A. I opened it, realized what it was, that it  
20 was not for me. It was for Detective Daniels. I  
21 handed it to Detective Daniels. I said, here's your  
22 polygraph report. He said okay.

23 Q. Do you have a specific recollection of  
24 having done that 20 years ago?

1           A.    I do.  I was standing at my desk.  I took  
2   the mail -- there was a mail slot next to my desk,  
3   and Tony's desk was just ahead of mine, and he was  
4   there.  I opened it, saw what it was, and I handed it  
5   to him.

6           Q.    Let's go back for -- for a moment for sort  
7   of the usual process.

8                    In the ordinary course when you got a report  
9   from an outside expert, what -- would -- would you  
10  give a copy to the State's Attorney's Office or was  
11  that someone else?

12           MS. BARTON:  Object to foundation as to the  
13  time period.

14  BY MR. SHAPIRO:

15           Q.    I'm talking about around the period of the  
16  Lockmiller homicide investigation.

17           A.    My understanding of the process is the State  
18  Police lab, if that's what we're talking about, sent  
19  the report to the State's Attorney as well as to the  
20  agency, and it would have been to the originating  
21  case officer.

22           Q.    I see.  So -- so -- so the lab would send a  
23  copy directly to the State's Attorney's Office?

24           MS. BARTON:  Objection to form.  Which lab?

39

1 BY MR. SHAPIRO:

2 Q. Okay. A polygraph examiner would send a  
3 copy of the polygraph report directly to the State's  
4 Attorney's Office?

5 MS. BARTON: Objection to foundation.

6 BY MR. SHAPIRO:

7 Q. Is that your understanding?

8 A. I thought the process was the same.

9 Q. Uh-huh. And by "the same," you mean that  
10 the polygraph examiner would send a copy to the case  
11 officer and to the State's Attorney, right?

12 A. Correct.

13 Q. Okay. And would you typically also receive  
14 a copy of a polygraph report?

15 A. I -- there wasn't that many --

16 Q. Uh-huh.

17 A. -- so typically I would say no. I don't  
18 recall getting any others.

19 Q. Okay. For -- for as long as you were  
20 evidence custodian, you don't recall receiving any  
21 other polygraph reports?

22 A. I do not.

23 Q. Okay. Did you ever request other polygraph  
24 examinations while you were the evidence custodian?

40

1           A.    I think I did Bubba, what's his name,  
2   Stacey Gates?

3           Q.    Stacey Gates, uh-huh.

4           A.    I think I did his.

5           Q.    Okay.  But -- but I'm not -- and just to be  
6   clear, I think we are on the same page here, but  
7   I'm -- I'm -- for right now I'm not talking just  
8   about the Lockmiller homicide investigation.

9                    Do you recall any other instance when you  
10  received a polygraph report?

11          A.    I do not recall any other instance.

12          Q.    Okay.  But do you recall other instances  
13  when you requested a polygraph report?

14          A.    I don't think I did.  I don't -- there  
15  wasn't that many.  I don't remember.  I -- it was not  
16  a typical thing to do.

17          Q.    Okay.  So -- so you -- so as far as you --  
18  strike that.

19                    You don't think you ever requested of  
20  polygraph report except in the Lockmiller homicide  
21  investigation?

22          A.    I didn't request the report.  I requested  
23  the exam.

24          Q.    Fair enough.  Right.  No, I appreciate that

41

1 clarification.

2           So -- but is -- you don't think that you  
3 ever requested an exam of anyone except in the  
4 Lockmiller homicide investigation; is that correct?

5           A. I don't recall any.

6           Q. Okay. But do you think that it is something  
7 that you, you know, when you -- sometimes you don't  
8 recall because you just don't remember doing a  
9 specific thing. Sometimes, you know, you don't  
10 recall because you really don't think it ever  
11 happened.

12           Do you think that in the course of the --  
13 strike that.

14           With the understanding that you don't have a  
15 specific recollection of requesting or receiving a  
16 particular polygraph exam or polygraph report, do you  
17 think that in the course of the time that you served  
18 as the evidence custodian there were other instances  
19 when you requested exams?

20           A. Before or after Lockmiller?

21           Q. Either.

22           MR. DiCIANNI: I'm going to object to  
23 speculation, asking him to speculate. He doesn't have  
24 a memory. All he can do then is speculate.

42

1 BY MR. SHAPIRO:

2 Q. Go ahead.

3 A. I know we hired a polygrapher shortly --  
4 sometime in the '90s, I believe. I don't remember  
5 the date.

6 It was much easier to get a polygraph at  
7 that time and there was no -- no one had to request  
8 anything. You just go in and, hey, are you free to  
9 do a polygraph? It was in our building.

10 Q. So that was -- that was -- that was a  
11 full-time polygraph examiner?

12 A. Actually she took over the evidence tech  
13 responsibilities and property manager.

14 Q. I see. Well -- okay.

15 But -- and that was -- that was shortly  
16 after the Lockmiller investigation that she --

17 A. I believe it was.

18 Q. -- was hired?

19 A. I don't recall the exact date.

20 Q. Okay. And -- and -- and I know it's -- I  
21 know it's a hard artificial thing to do, but we are  
22 talking -- I know you're trying. I appreciate that.

23 Do you -- do you think that you ever  
24 requested a polygraph exam prior to the Lockmiller

43

1 homicide investigation?

2 A. I don't recall.

3 MR. DiCIANNI: Object, speculation.

4 BY MR. SHAPIRO:

5 Q. Now, you -- you -- you -- you stated that  
6 your understanding was that ordinarily a polygraph  
7 report would go to the State's Attorney's Office,  
8 correct, from the polygraph examiner?

9 MS. BARTON: Objection to foundation.

10 THE WITNESS: Based on the process of the  
11 other tests at the crime lab.

12 BY MR. SHAPIRO:

13 Q. Uh-huh.

14 A. Yes.

15 Q. Do you have any reason to doubt that a copy  
16 of the polygraph of John Murray was sent to the  
17 State's Attorney's Office in the Lockmiller case?

18 A. I'm not sure -- would you repeat the  
19 question?

20 Q. Sure. If -- if I'm understanding your  
21 testimony about the ordinary process for outside  
22 reports, it's that a copy would be sent directly from  
23 the outside person to the State's Attorney's Office.

24 And the question that I'm asking is whether

44

1 you have any reason to doubt that a copy of the  
2 polygraph report regarding John Murray was -- was  
3 sent to the State's Attorney's Office in the  
4 Lockmiller case?

5 MS. BARTON: Objection, form and foundation.

6 THE WITNESS: I understood the process was  
7 the same.

8 BY MR. SHAPIRO:

9 Q. Uh-huh. When you handed a copy of the  
10 Murray polygraph report to Daniels, what -- what  
11 happened next?

12 A. He went about his business; I went about  
13 mine.

14 Q. Okay. So -- so you had no further --  
15 Daniels didn't mention anything to you at that time?

16 A. No.

17 Q. Okay. Did you have any further discussion  
18 with him about the report?

19 A. No.

20 Q. Did you have any further discussion with  
21 other investigators in the Lockmiller homicide  
22 investigation about the report?

23 A. No.

24 Q. When you received reports from outside

45

1 experts, did you typically place copies in the  
2 central file?

3 MS. BARTON: Objection to form.

4 THE WITNESS: I would turn the reports in to  
5 my supervisor.

6 BY MR. SHAPIRO:

7 Q. Okay. Was -- was -- was Tony Daniels your  
8 supervisor in the Lockmiller --

9 A. No, Frank Zayas was the supervisor.

10 Q. Okay. Did you give a report -- did you give  
11 a copy of the polygraph report to Zayas -- I'm sorry.

12 Did you give a copy of the John Murray  
13 polygraph report to Zayas?

14 A. No, I gave it to Tony Daniels.

15 Q. Why didn't you also give a copy to  
16 Frank Zayas?

17 A. Tony needed the information. I handed it to  
18 Tony. I assumed he would.

19 Q. But typically you would -- you would give a  
20 copy of a report from an outside expert to the lead  
21 investigator, right?

22 A. I suppose I would. I -- unless there is  
23 something else that made sense to do with it, yeah.

24 Q. But you didn't do that in this case?

46

1 A. I handed it to Tony Daniels.

2 Q. Let's just back up for -- for a moment,  
3 and -- and let me ask you how you first became  
4 involved in the Lockmiller homicide investigation?

5 A. I was on call that weekend. My pager went  
6 off. By the time I got there, Tony Daniels was  
7 already there.

8 Q. And by -- and by there, you mean the --

9 A. Lockmiller's --

10 Q. -- scene of the crime?

11 A. -- address, yes.

12 Q. And what -- what was your role at the crime  
13 scene?

14 A. I -- well, the State Police crime lab was  
15 called in. I assisted them with whatever they needed  
16 help with. I would interview people as needed.

17 Q. Were you -- were you called to the crime  
18 scene in part because you were the evidence  
19 custodian?

20 A. I was on call that weekend, so I supposedly  
21 got the call first. But I didn't answer my pager  
22 right away, so they started calling other people.

23 Q. And -- and -- and -- and what do you mean  
24 when you say you were on call?

47

1 A. I was the detective on call for that  
2 weekend.

3 Q. Okay. So -- so -- so every weekend -- every  
4 weekend there's a particular detective who will get  
5 called in the event of something urgent?

6 A. Yes.

7 Q. Okay. And what do you remember doing when  
8 you arrived at the -- at the crime scene?

9 A. I remember meeting with Detective Daniels.  
10 He explained what was going on. I went into the  
11 apartment with the crime lab people from the State.  
12 I remember trying to figure out the time of death.  
13 Called her -- one of her instructors to see if she  
14 was in class. I interviewed the girl that found her,  
15 Morgan. As far as time frame right -- that's about  
16 all I recall of the immediate day.

17 Q. So all of this was -- was on August 28,  
18 right?

19 A. As far as I can recall, yes.

20 Q. Uh-huh. What do you recall about the scene  
21 of the crime itself?

22 A. Lockmiller was in a bedroom on her back.  
23 She had scissors in her chest. She was dark colored.  
24 I remember a cord around her neck.

48

1           The apartment itself was not -- didn't look  
2 like it was ransacked or anything like that. The  
3 report that the door was open. I didn't see any  
4 forced entry.

5           Q. Are these -- as you're recounting these  
6 memories, are -- are -- is this based on your  
7 independent recollection or partly based on a  
8 reconstruction of things that you've read more  
9 recently?

10          A. That's my memory of the event.

11          Q. Okay. Do you remember that there was a --  
12 a -- a fan on top of the body?

13          A. That's -- I believe that's what the cord was  
14 to.

15          Q. Okay. Do you remember that the victim had  
16 been stabbed?

17          A. Yeah, with scissors in her chest.

18          Q. And what did it -- what did it smell like at  
19 the scene of the crime?

20          A. I don't remember an odor.

21          Q. Do you remember the body being in a  
22 partially decomposed state?

23          A. It was bloated and discolored, yes.

24          Q. Do you remember anything that was -- was

49

1 said by any of the other investigators at the scene  
2 of the crime?

3 A. Particular conversations, no.

4 Q. Did you see anything at the scene of the  
5 crime that indicated to you that a staged rape was  
6 involved?

7 A. I don't -- don't recall that that was  
8 discussed.

9 Q. Okay. So that wasn't -- that wasn't  
10 something the investigators discussed, in your  
11 memory?

12 MS. BARTON: Objection to form.

13 THE WITNESS: No.

14 BY MR. SHAPIRO:

15 Q. And -- and -- and as part of your role as  
16 the evidence custodian, did you have training and  
17 expertise in inspecting physical evidence at crime  
18 scenes?

19 A. Yes.

20 Q. And was -- was -- was part of that  
21 expertise, you know, the -- the ability and training  
22 to make deductions about the nature of the crime  
23 based on the physical evidence at the crime scene?

24 A. Yes.

50

1 Q. And as you recall the layout of the  
2 apartment, the position of the body, do you recall  
3 anything that indicated to you that there was a  
4 staged rape?

5 A. I don't recall a discussion about a staged  
6 rape.

7 Q. Okay. No. And I understand it wasn't --  
8 wasn't discussed, but -- but I'm asking you as -- as  
9 someone who, you know, has -- has -- has -- has --  
10 has training and expertise regarding crime scenes.  
11 For you personally, was there anything that suggested  
12 a staged rape?

13 MR. DiCIANNI: You're talking about based on  
14 his observations?

15 MR. SHAPIRO: Yeah, right.

16 BY MR. SHAPIRO:

17 Q. Based on your observations, but obviously  
18 also based on your training, your expertise --

19 MR. DiCIANNI: Yeah.

20 BY MR. SHAPIRO:

21 Q. -- was there anything that indicated a  
22 staged rape --

23 A. I did not --

24 Q. -- to you?

51

1 A. I did not draw a conclusion. It was  
2 premature to do so.

3 Q. Uh-huh. As the investigation progressed,  
4 did you continue to receive and review physical  
5 evidence?

6 A. State Police collected the physical  
7 evidence. I assisted if they need help. I did not  
8 see a lot of the evidence. Some of it went to the  
9 crime lab. What I received was packaged.

10 Q. Uh-huh.

11 A. So, no, I did not look through all the  
12 evidence.

13 Q. Uh-huh. And with -- with the understanding  
14 that you didn't look through all the evidence, is  
15 it -- is it fair to say of what you did see and  
16 observe, there was nothing that indicated a staged  
17 rape to you at any point in the investigation?

18 A. I did not come to that conclusion, no.

19 Q. Okay. And -- and you mentioned that you  
20 also interviewed Morgan -- Morgan Keefe on August 28?

21 A. I did.

22 Q. Okay. And do you have an independent  
23 recollection of -- of that interview?

24 A. Not what was said, no. I'd have to refer to  
52

1 the statement.

2 Q. Uh-huh. Do you recall her -- her demeanor,  
3 what she looked like, anything like that?

4 A. She was visibly upset. I remember that.

5 Q. Uh-huh. And -- and you don't recall  
6 anything at all about what she said?

7 A. No, not without looking at the transcript.

8 Q. Uh-huh. Okay. So -- so if I'm  
9 understanding you properly, what you recall doing on  
10 August 28 is -- is -- is arriving at the crime scene,  
11 meeting with other investigators, including  
12 Tony Daniels, inspecting the crime scene, and  
13 interviewing Miss -- Miss Keefe; is that a fair  
14 summary?

15 A. That's what I recall, yes.

16 Q. Okay. Do you recall doing anything the  
17 following day?

18 A. I don't have a recollection of the following  
19 day. I'm sure I did something. I don't know what it  
20 was.

21 Q. Just consulting my -- my notes on this  
22 point, I believe on the following day you were at the  
23 morgue with Dr. Schnittker and the medical assistant,  
24 Bill Belcher. Does that ring a bell for you?

53

1 A. Yes, I recall going to the autopsy.

2 Q. Uh-huh. What -- what -- what do you recall  
3 about the autopsy?

4 A. I remember taking the cord off her neck and  
5 keeping all the pieces the same so it wouldn't be --  
6 wouldn't lose the knot and things like that. I  
7 remember them taking the scissors out of her chest.  
8 They swabbed her vaginal area. They checked  
9 underneath her fingers, her fingernails. That's  
10 about all I recall of that. I believe I took  
11 pictures.

12 Q. Do you recall any -- any discussion among  
13 Dr. Schnittker or the medical assistant, Bill  
14 Belcher, or anyone else who was present at the  
15 autopsy about whether there was anything indicating  
16 a staged rape?

17 A. I don't recall a conversation about a staged  
18 rape.

19 Q. Okay. Do you recall anything -- oh, do you  
20 recall going back to the scene of the crime that same  
21 day, August 29?

22 A. I went back several times. I don't remember  
23 the dates.

24 Q. When -- when -- when you -- when you went

54

1 back to the scene of the crime on various occasions,  
2 who were some of the people who went with you?

3 A. I don't remember. It could have been  
4 several different people.

5 Q. Well, who -- who -- who could it have been?  
6 I mean --

7 A. It could have been Rob Hospelhorn, it could  
8 have been Tony Daniels, it could have been  
9 Tim Freesmeyer; so others that were helping.

10 Q. What about representatives from the State's  
11 Attorney's Office?

12 MS. BARTON: Objection to speculation.

13 THE WITNESS: I don't remember.

14 BY MR. SHAPIRO:

15 Q. Do you recall that there was a State's  
16 Attorney's Office -- Assistant State's Attorney for a  
17 time named Kari Mason?

18 A. Yes.

19 Q. Okay. It always seemed like a memorable  
20 name to me because of Perry Mason.

21 Do you have -- have any recollection of --  
22 of -- of being at the scene of the crime at any point  
23 with Ms. Mason?

24 A. I do not.

55

1 Q. What about Jim Souk?

2 A. I don't remember.

3 Q. What about Teri Dimmick?

4 A. I don't recall.

5 Q. Would it be -- well, let me -- let me ask  
6 you this: When you've been present at other crime  
7 scenes, is it typical in your experience for people  
8 from the State's Attorney's Office to -- to visit the  
9 crime scene early on in the investigation?

10 MS. BARTON: Objection to foundation.

11 THE WITNESS: Is it typical? No.

12 BY MR. SHAPIRO:

13 Q. Okay. And there have been -- is it fair to  
14 say that there -- there have been a number of  
15 instances throughout your career when you've been  
16 present at a crime scene soon after the investigation  
17 begins?

18 A. Yes.

19 Q. Okay. And it's fair to say that it's -- in  
20 the first week of the investigation, it's not typical  
21 in your experience for someone from the State's  
22 Attorney's Office to be present?

23 A. Not typical, no.

24 MR. DiCIANNI: At the crime scene?

56

1 MR. SHAPIRO: Yes, at the crime scene.

2 BY MR. SHAPIRO:

3 Q. Okay. And -- and -- and you don't have any  
4 recollection of being present at the crime scene on  
5 September 2, 1993 with Timothy Freesmeyer and  
6 Kari Mason?

7 A. I don't recall.

8 Q. Okay. If -- if -- if it were in  
9 Detective Freesmeyer's report in this case that on  
10 September 2, 1993, Freesmeyer and Mason were present  
11 at the crime scene, would you have any reason to  
12 doubt that?

13 A. I do not.

14 MR. SHAPIRO: Okay. I think we've been on  
15 the record for about an hour. Is it a good -- would  
16 you guys like to break at this time?

17 MR. DiCIANNI: Sure.

18 MR. SHAPIRO: We'll take a ten-minute break.

19 THE VIDEOGRAPHER: Off the record at 11:11.

20 (Whereupon, a break was taken,  
21 after which the following  
22 proceedings were had:)

23 THE VIDEOGRAPHER: Back on the record, 11:22.

24

57

1 BY MR. SHAPIRO:

2 Q. Lieutenant Warner, before the break, we were  
3 talking about some of the steps in the investigation,  
4 visiting the crime scene, et cetera.

5 And I believe you testified earlier on  
6 that -- that you don't have recollection of  
7 interviewing Heidi Steinman on September 2; is  
8 that -- is that right?

9 A. I do not.

10 Q. Okay. Do you have any recollection of --  
11 of -- of victimology being performed at any point?

12 A. I believe we asked for State Police -- I  
13 forget their title -- to come in and give us an  
14 overview of the crime scene.

15 Q. And -- and -- and when did that occur  
16 roughly?

17 A. I don't recall the date. It would have  
18 been -- well, I'm guessing. I don't recall the date.

19 Q. Okay. Early October sound reasonable or --

20 A. I don't recall the date.

21 Q. Okay. Do you remember who -- who -- who was  
22 there?

23 A. Other than the trooper, I don't.

24 Q. Uh-huh. It was -- it was -- it was a

58

1 state -- it was a state trooper who was -- who was  
2 there?

3 A. It was an employee of the State Police. I  
4 don't recall if they were actually sworn or not.

5 Q. Uh-huh. Was this someone with any  
6 particular expertise or specialization?

7 A. I can't remember the term they used right  
8 now. It's -- they -- they take all the pieces of the  
9 crime scene and say, you know, whether or not it was  
10 probably someone that knew her that did it or  
11 something like that.

12 Q. Is profiler the --

13 A. Profiler. Thank you.

14 Q. Okay.

15 A. Crime scene profiler.

16 Q. Uh-huh. What -- what did the profiler  
17 report?

18 A. My recollection is that it was someone that  
19 knew her. The body was positioned in way to shock  
20 whoever found her. Beyond that, I don't recall.

21 Q. What indicated to the -- to the profiler  
22 that it was someone who -- who knew the victim?

23 MR. DiCIANNI: I'll object to the form -- of  
24 the lack of foundation.

59

1 THE WITNESS: I don't know.

2 BY MR. SHAPIRO:

3 Q. And -- and -- and were you suggesting sort  
4 of a connection between a conclusion that the --  
5 strike that.

6 As I understand it -- understood it, you  
7 were saying that there were two conclusions from the  
8 state trooper. One was that the victim was known to  
9 the perpetrator, and the second that the perpetrator  
10 was attempting to arrange the body in a way that  
11 would shock the person who discovered the victim; is  
12 that right?

13 A. That's my recollection.

14 Q. Okay. And was it -- was it -- was it your  
15 understanding that the purported desire to arrange  
16 the victim in a -- in a shocking way somehow  
17 suggested that the victim was known to the  
18 perpetrator?

19 A. I don't know the science behind her  
20 profession, so I don't know.

21 Q. Okay. Did -- did -- did the state trooper  
22 provide any sort of written report or analysis, to  
23 your knowledge?

24 A. I don't know.

60

1 Q. Have -- if -- if -- if there had been some  
2 sort of written analysis provided, would that have  
3 been placed in the -- the central file of the  
4 homicide investigation?

5 A. If there had been, I would assume there  
6 would have.

7 Q. Uh-huh. It would have been good police  
8 practice to put it in there, right?

9 A. Yes.

10 Q. Okay. And you don't have any knowledge of  
11 what informed the profiler's conclusions, correct?

12 A. What the what informed?

13 Q. I'm sorry.

14 You don't have any knowledge of what it was  
15 that led the state trooper to reach the two  
16 conclusions we've been discussing, right?

17 A. No.

18 Q. Was there anything that to you personally  
19 suggested that the victim and the perpetrator knew  
20 each other?

21 A. Repeat the question, please.

22 Q. Uh-huh. And -- and -- and maybe just to  
23 clarify a little bit. You know, we've -- we've --  
24 we've been talking about what the state trooper

61

1 concluded, and now I'm just asking about whether --  
2 whether you drew any conclusions.

3 Was -- was there anything that indicated to  
4 you that the victim and the perpetrator knew each  
5 other?

6 A. I did not come to any conclusion either way.

7 Q. Uh-huh. Can -- can you -- can you recall  
8 any other cases where a -- well, strike that.

9 Do you have any recollection of a meeting in  
10 early December among investigators in this case?

11 MS. BARTON: Objection to form.

12 THE WITNESS: Which year?

13 BY MR. SHAPIRO:

14 Q. I'm sorry. I'm glad you -- I'm glad you  
15 asked that. I thought it was '93, but looking at my  
16 notes -- December of '94.

17 Do you have any recollection of December  
18 1994 meeting among the investigators in this case?

19 A. I do --

20 MS. BARTON: Same objection.

21 THE WITNESS: -- do not.

22 BY MR. SHAPIRO:

23 Q. Or -- or -- or one in which counsel for the  
24 defendant as well as the representatives from the

62

1 State's Attorney's Office were present?

2 A. I do not.

3 Q. Maybe a meeting to review the evidence in  
4 the case, for example, for -- for -- for lawyers on  
5 both sides?

6 A. There were several meetings. I don't  
7 remember the dates of them.

8 Q. Okay. So -- so you recall several meetings  
9 you had with both defendant's lawyers and the -- and  
10 the -- and the prosecution present?

11 A. Yes.

12 Q. Okay. What -- what -- what do you recall  
13 about those meetings?

14 A. Ones I was involved in was they wanted to  
15 see the evidence. So I brought all the evidence out,  
16 put it on the table, and they both looked at it.

17 Q. Do you recall anything that was -- was  
18 discussed at those meetings?

19 A. I wasn't involved in the discussion.

20 Q. Uh-huh. You were solely there to -- as in  
21 your role as the custodian of the evidence?

22 A. Yes.

23 Q. Okay. Do you recall the day -- I'm not  
24 asking for a particular date. I'm just asking if you

63

1 recall it happening.

2 Do you remember the day when Mr. Beaman was  
3 arrested?

4 A. Yes.

5 Q. Okay. What do you -- do you remember about  
6 the circumstances of the arrest?

7 A. I think I assisted Freesmeyer. We went and  
8 got him. I don't remember a lot about that day.

9 Q. How -- how -- how did you assist Freesmeyer?

10 A. Being there, backup.

11 Q. Uh-huh. Were -- were you back in a car or  
12 truck or were you side-by-side with Detective  
13 Freesmeyer when the arrest occurred?

14 A. I don't have a recollection. I don't know.

15 Q. Do you have any understanding of why  
16 Mr. Beaman was arrested at that time as opposed to  
17 another time?

18 A. No.

19 Q. You don't -- don't recall any discussion of  
20 there being a need to arrest Mr. Beaman at that  
21 particular time because the semester was ending?

22 A. I do.

23 Q. Okay. Well -- all right. I'm glad I jogged  
24 your memory.

64

1 A. Yes.

2 Q. What -- what-- what exactly do you remember?

3 A. That the semester was coming to an end, and  
4 they thought they needed to do it now -- or then. I  
5 remember that. I don't remember any other details to  
6 the conversation.

7 Q. Why did the end of the semester suggest that  
8 he needed to be arrested then?

9 A. I don't know all of the facts for -- they  
10 based the arrest on. That was not my position.

11 One would have been we knew where he was at  
12 that time, and after graduation we may not know where  
13 he is after that.

14 Q. Uh-huh. So it was your understanding that  
15 he was -- he was graduating as opposed to going home  
16 for the summer?

17 A. I don't recall if he was graduating or not.  
18 I don't know.

19 Q. Okay. Beyond the fact that he was not going  
20 to be in Normal for a period of time, do you recall  
21 any reason to believe that Mr. Beaman would -- would  
22 flee?

23 A. I don't recall any conversation about that.

24 Q. Uh-huh. And -- and aside from a con --

65

1 something you might have heard from someone else in a  
2 conversation, do you ever any recollection of why --  
3 of any reason -- let me try that again.

4 Do you -- do you personally -- strike that.

5 Did you personally have any reason to think  
6 that he would flee?

7 A. No.

8 Q. Is it fair to say -- and just correct me if  
9 this is not an accurate characterization -- that you  
10 were heavily involved in the case in the early stages  
11 and then it tapered off to some extent?

12 A. That's fair to say, yes.

13 Q. Okay. Was -- was there a period of time  
14 when you were working pretty much full-time on this  
15 case?

16 A. Early on, the first few days.

17 Q. The first -- okay.

18 And on the first few days, was it sort of a  
19 all-hands-on-deck type of situation?

20 A. Yes.

21 Q. Okay. And was -- was -- was pretty much --  
22 strike that.

23 As far as you know, was every detective in  
24 the Normal Police Department working on the case in

66

1 the early stages?

2 A. If not all, most were.

3 Q. Okay. Can you recall any -- any other case  
4 where all or most of the detectives were working on  
5 that case in the early stages of the investigation?

6 A. Any other?

7 Q. Other cases?

8 A. It happens often.

9 Q. It happens often. Okay.

10 What are some other cases where that --  
11 where that --

12 A. Any homicide or questionable death that --  
13 we're not a large agency, and we don't have that many  
14 detectives, so it's not unusual for a case to start  
15 off with everybody.

16 Q. Uh-huh.

17 A. And then taper down or call more people --  
18 we often have other agencies help us.

19 Q. Uh-huh. How would you say this -- this  
20 homicide case compared to other homicide cases in  
21 terms of the level of staffing?

22 A. Typical.

23 Q. Okay. Okay. So at the beginning of the  
24 case, there were a number of people working almost

67

1 full-time, yourself included, right?

2 A. Yes.

3 Q. Okay. And you said that after that, some  
4 began to taper off?

5 A. Yes.

6 Q. Okay. Who -- who -- who -- who -- who was  
7 involved initially in the case that you can remember?

8 A. Myself, Tony Daniels, Tim Freesmeyer,  
9 Rob Hospelhorn, John Belcher. Those were the ones I  
10 recall. There could have been more. There may have  
11 been some officers that were brought in.

12 Q. And Zayas, right?

13 A. I'm sorry. Yes, Lieutenant Zayas was in  
14 charge of CID.

15 Q. And -- and -- and CID is the detective  
16 division?

17 A. Criminal investigation division, detectives.

18 Q. Okay. So the other officers you mentioned  
19 but can recall by name, safe to say they -- they kind  
20 of tapered off, right?

21 A. Yes.

22 Q. And what about Belcher?

23 A. I don't think he had a lot of involvement.  
24 I don't recall.

68

1 Q. And fair to say Daniels tapered off after  
2 the first couple of months?

3 A. Yes.

4 Q. And -- and as -- as -- as Daniels tapered  
5 off, Freesmeyer took a broader and broader role in  
6 the investigation?

7 A. Yes.

8 Q. And you mentioned yourself, and -- and you  
9 had put yourself in the category of people whose  
10 involvement tapered off, right?

11 A. Yes.

12 Q. Okay. And let's sort of work through --  
13 through -- through your involvement. It -- what  
14 period were you working almost full-time on the case?

15 A. I couldn't speculate. I don't remember.

16 Q. Okay. A few days to a week, is that --  
17 ballpark; is that right?

18 A. I'd probably say a few weeks.

19 Q. Few weeks, okay.

20 And then after the few weeks, the tapering  
21 process began?

22 A. Yes.

23 Q. And from the end of the first few weeks to  
24 the conclusion of the investigation, was your level

69

1 of involvement fairly similar throughout that time or  
2 did it go up and down throughout?

3 A. It did not go up. If anything, it went  
4 down.

5 Q. Okay. Rough -- and after -- after the first  
6 few weeks, roughly what percentage of your time would  
7 you say you were devoting to the case?

8 A. It's difficult to speculate it. It depend  
9 on the day. There might be a day when I worked on  
10 the case all day, and it might not be for a week or  
11 two later that I did anything on it.

12 Q. Okay. Yeah, that helps clarify. Yep.  
13 Thank you.

14 I think we talked about the -- some of the  
15 interviews that you conducted in this case. Do you  
16 recall any interviews that you were present for but  
17 did not personally conduct?

18 A. No.

19 Q. Okay. You don't remember an interview with  
20 Michael Swain?

21 A. Vaguely.

22 Q. Okay. That was an interview that was  
23 conducted soon after the body was found?

24 A. Probably.

70

1 MR. DiCIANNI: Yeah, I'm going to object to  
2 speculation.

3 BY MR. SHAPIRO:

4 Q. Was that -- was that interview conducted by  
5 Detective Freesmeyer with you present?

6 MR. DiCIANNI: Same objection.

7 THE WITNESS: I don't remember.

8 BY MR. SHAPIRO:

9 Q. Okay. You say that you have a vague  
10 recollection of it. What -- do you remember anything  
11 about it?

12 A. I remember that it happened. I don't  
13 remember the particulars without looking at the  
14 statement.

15 Q. You mentioned earlier that you recall  
16 Morgan Keefe's distraught demeanor. Do you remember  
17 anything about Mr. Swain's demeanor?

18 A. I do not.

19 Q. Okay. Did you personally write any reports  
20 in this case?

21 MR. DiCIANNI: Object, asked and answered.

22 You can go ahead and answer.

23 BY MR. SHAPIRO:

24 Q. I apologize if I asked that already. I'm

71

1 not -- I'm not trying to belabor it. I just don't  
2 remember asking you.

3 A. I don't recall if I did.

4 Q. Okay. If you had written reports, what --  
5 well, let me -- let me -- let me ask it a different  
6 way.

7 There's been testimony in this case that  
8 when reports were filled out, they were filled out in  
9 triplicate typically? Is that consistent with your  
10 recollection?

11 A. Yes.

12 Q. Okay. And was it like a carbon copy type of  
13 system or how did it work?

14 A. Well, there was two options. One was a  
15 multipart form that you handwrote or put in a  
16 typewriter back then. We -- some people were using a  
17 mainframe computer which is basically a word  
18 processor, and there was a template so you'd have to  
19 print out more copies.

20 Q. Okay. So I take it that the handwritten or  
21 typewritten form, that was a carbon copy system?

22 A. Yes.

23 Q. Okay. And -- and the idea of printing out  
24 multiple copies if you did it on a computer was

72

1 essentially to replicate that carbon copy system?

2 A. Yes.

3 Q. Okay. What was the purpose of the multiple  
4 copies?

5 A. I don't remember what it said on the forms  
6 where they went. One went to records. One -- I  
7 don't remember. They went to different locations.

8 Q. Uh-huh. Did -- did -- did one -- did one go  
9 to the State's Attorney's Office?

10 MS. BARTON: Objection to form.

11 THE WITNESS: I don't remember.

12 BY MR. SHAPIRO:

13 Q. Okay. What's your understanding of the  
14 process through which -- well, you know, let's --  
15 let's -- let's back up.

16 Since you -- since you mentioned central  
17 records, I want to try to understand the  
18 recordkeeping and filing system.

19 What sort of documents go into central  
20 records?

21 A. Anything that would go in the case file  
22 other than physical evidence.

23 Q. Okay. Is there a -- is there a difference  
24 between central records and the case file or?

73

1 A. I wouldn't say -- well, records would be a  
2 location in the building, the records office.

3 Q. Uh-huh.

4 A. The case file would, I guess, be the box or  
5 whatever the papers ended up being in.

6 Q. Okay. So just to make sure I'm  
7 understanding, when you say one of the copies of the  
8 police report would go to the central records, that  
9 means it would go into the case file --

10 A. They would put it into the case file.

11 Q. Okay. So the police officer would hand that  
12 copy to central records; central records would put it  
13 into the case file?

14 A. Goes to the supervisor first.

15 Q. Okay.

16 A. Then from the supervisor's approval, goes  
17 into records, records would file it into the case  
18 file.

19 Q. Okay. So the copy that goes to central  
20 records and the case file is the same copy that goes  
21 to the supervisor?

22 A. The multipart form would go to the  
23 supervisor. They would turn it into records, then it  
24 would be separated.

74

1 Q. Okay. So -- so -- so records would get the  
2 three copies, correct?

3 A. I don't remember how many copies there were  
4 on the --

5 Q. Okay. Records would get all the copies?

6 A. Yes.

7 Q. Okay. And records would then put one copy  
8 into the case file?

9 A. Yes.

10 Q. And -- okay. Understood.

11 Okay. And you said that anything other than  
12 physical evidence is supposed to go to central  
13 records, correct?

14 A. Correct.

15 Q. Okay. And so we already discussed the  
16 police reports and reports from outside experts like  
17 we were talking about earlier, polygraph reports,  
18 fingerprinting reports. That would all -- copies of  
19 that would also go to central records?

20 A. It should all end up in central.

21 Q. Uh-huh. Okay. At the time of the  
22 Lockmiller investigation, was it common for  
23 individual detectives working on a case to also keep  
24 a working file?

75

1 A. Yeah.

2 Q. Uh-huh. Were there any documents that were  
3 distributed to all or most of the detectives working  
4 on a case for their working files?

5 A. I don't recall any.

6 Q. What -- what -- what sort of the documents  
7 would -- would commonly go into those -- those  
8 working files?

9 A. On any case?

10 Q. Sure, yeah, let's talk about any case just  
11 in general.

12 A. Could be the investigators' notes, what  
13 supplements they typed, the original report.

14 Q. Copies of other reports in the case?

15 A. Possible.

16 Q. And in the Lockmiller case specifically,  
17 did -- did -- did you keep any kind of working file?

18 A. No.

19 Q. Do you know if others did?

20 A. I have no personal knowledge of that.

21 Q. With -- with a number of different  
22 investigators working on the case, was it a challenge  
23 to sort of make sure that the left hand knew what the  
24 right hand was doing; in other words, that everyone

76

1 was kept in the loop?

2 A. Yes.

3 MR. DiCIANNI: Object to form.

4 BY MR. SHAPIRO:

5 Q. And what was done to meet that challenge and  
6 to make sure that -- that investigators were informed  
7 about others were doing?

8 MS. BARTON: Objection to form.

9 THE WITNESS: I don't know what the other  
10 investigators knew.

11 BY MR. SHAPIRO:

12 Q. I guess I'm asking you sort of more -- more  
13 about processes. I mean, you'd agree it's a good  
14 police practice for a group of investigators working  
15 on a case to -- to stay informed about what others  
16 are doing, right?

17 MS. BARTON: Objection to form.

18 THE WITNESS: It's a good practice, yes.

19 BY MR. SHAPIRO:

20 Q. Uh-huh. And were -- in your view, were --  
21 were -- were good practices followed in the  
22 Lockmiller case?

23 A. Yes.

24 Q. So what processes were followed to make sure

77

1 that people were kept in the loop?

2 A. We had meetings. I don't recall the dates  
3 or times or who was there.

4 Q. The purpose of the meetings was to share  
5 information?

6 A. Share information, assignments, who's doing  
7 what, who's already talked to who.

8 Q. And would you agree with me that it would be  
9 a good police practice to share important information  
10 about the case in those meetings with the  
11 investigators?

12 MS. BARTON: Objection to form.

13 THE WITNESS: It would be a good practice.

14 BY MR. SHAPIRO:

15 Q. In the Lockmiller case during those meetings  
16 with investigators, was the important information  
17 about the case shared?

18 MS. BARTON: Objection to form.

19 THE WITNESS: I don't know all of the  
20 important information. I don't know what you would  
21 consider important.

22 BY MR. SHAPIRO:

23 Q. No. Fair enough.

24 And -- and -- and I'm not asking you to

78

1 guess as to what I consider important, but it's a  
2 fair statement that, you know, given your decades of  
3 experience as a police officer you -- you have a  
4 sense of what information in the case is important  
5 and what's more tangential, right?

6 A. Yes.

7 Q. Okay. So in the Lockmiller case, do you  
8 think that the important information regarding the  
9 case unearthed by investigators was shared during the  
10 investigative meetings?

11 MS. BARTON: Same objection.

12 THE WITNESS: The early meetings I went to,  
13 yes.

14 BY MR. SHAPIRO:

15 Q. When did you -- when did you stop going to  
16 meetings?

17 A. When my involvement slowed. It was not  
18 necessary for me to go.

19 Q. Okay. So that would have been after the  
20 first couple of weeks that you stopped attending the  
21 meetings?

22 A. Yes.

23 Q. Was anyone from the State's Attorney's  
24 Office present at any of those meetings?

79

1 MR. DiCIANNI: Which meetings?

2 BY MR. SHAPIRO:

3 Q. The meetings that you attended toward the  
4 beginning of the case.

5 A. I don't recall.

6 Q. Was it -- was it typical for State's  
7 Attorneys to -- to be present at investigative  
8 meetings during the first few weeks of the case?

9 MS. BARTON: Objection to form and  
10 foundation.

11 THE WITNESS: It was not typical.

12 BY MR. SHAPIRO:

13 Q. And you've been involved in many cases over  
14 the years in which investigative meetings were held,  
15 right?

16 A. Yes.

17 Q. Okay. So when you say that it is not  
18 typical for the State's Attorneys to be present  
19 during the first couple of weeks of the  
20 investigation, you're -- that means in comparison to  
21 the other cases you've worked on, right?

22 A. Correct.

23 Q. Okay. Do you recall an investigators  
24 meeting held on August 29, the day after the body was

80

1 discovered?

2 MS. BARTON: Objection to form.

3 BY MR. SHAPIRO:

4 Q. It would have been a Sunday.

5 A. I don't recall the meeting. I don't recall.

6 Q. Okay. So you don't know if you were present  
7 or not present at that meeting?

8 A. For a fact, no. I would probably say I was.

9 MR. DiCIANNI: You don't remember?

10 THE WITNESS: I don't remember.

11 BY MR. SHAPIRO:

12 Q. Now, I understand from one of  
13 Detective Freesmeyer's police reports in this case  
14 that Mr. Souk was -- was present at a meeting held on  
15 August 29. I take it you don't have any independent  
16 recollection?

17 A. I do not.

18 Q. Okay. But throughout the course of your  
19 years as a police officer, I -- I take it you've been  
20 present at a number of meetings held after the day a  
21 crime has been discovered, right?

22 A. Yes.

23 Q. Okay. Can you recall in any other case a  
24 meeting held on the day after a crime was discovered

81

1 at which a State's Attorneys -- a State's Attorney  
2 was present?

3 A. I do not.

4 Q. That would be out of the ordinary, right?

5 A. Yes.

6 Q. Do you recall any discussion of John Murray  
7 during any of the meetings you were present at?

8 A. I do not.

9 Q. Okay. Do you recall having any recollection  
10 of the name John Murray coming up in connection with  
11 the Lockmiller case?

12 A. I do.

13 Q. Okay. And what -- and what's that  
14 recollection?

15 A. Person of interest that Detective Daniels  
16 was working on.

17 Q. Why was he a person of interest?

18 A. Acquaintance or some relation to the victim.  
19 I don't remember.

20 Q. Was he a suspect?

21 MR. DiCIANNI: I'll object to a lack of  
22 foundation.

23 THE WITNESS: It was person of interest. I  
24 mean ...

82

1 BY MR. SHAPIRO:

2 Q. Okay. What -- what's the difference between  
3 a person of interest and a suspect?

4 A. I don't use the term suspect a lot. Someone  
5 you need to talk to and figure out if they had any  
6 involvement.

7 Q. Uh-huh. So -- so is it fair to say that --  
8 that when you use the term person of interest,  
9 that's -- it's referring to the same thing that  
10 others might call a suspect?

11 MR. DiCIANNI: Objection; lack of foundation,  
12 form of the question.

13 THE WITNESS: It could.

14 BY MR. SHAPIRO:

15 Q. Where was Tim Freesmeyer's office located  
16 during the Lockmiller case?

17 A. It would have been north of the criminal  
18 investigation division in the same building, office  
19 just north of it.

20 Q. And what -- same floor?

21 A. Yes.

22 Q. How many -- how many people were on that  
23 floor approximately at the time?

24 A. Were on the floor?

83

1 Q. Uh-huh.

2 A. Assigned to a desk? What do you mean on the  
3 floor? Walking around?

4 Q. I'm sorry. How many people worked on that  
5 floor approximately at the time?

6 A. It was a patrol floor, so whoever was on  
7 patrol, records division, there is three in there.  
8 Criminal investigation division, at the time I'm  
9 going to say six or so plus Tim. The exact number, I  
10 don't -- it depends on the day and who was there.

11 Q. Okay. But I think you said -- said three  
12 plus six -- and, I mean, I'm not trying to put words  
13 in your mouth. I realize these are approximate  
14 numbers. But I believe you said three plus six in  
15 the criminal investigations division plus Freesmeyer.  
16 So about ten people worked on that floor?

17 A. The patrol officers and that could be  
18 anywhere from five to ten officers per shift.

19 Q. And the patrol officers would sort of be in  
20 and out during their shift?

21 A. Yes, there would be -- patrol supervisors  
22 would be at a desk.

23 Q. Okay. And -- and -- and how many patrol  
24 supervisors approximately?

84

1 A. One or two a shift probably.

2 Q. Okay. So -- so -- so what I'm hearing  
3 and -- and -- and just tell me if I'm wrong or I'm  
4 missing anything, is that there were about  
5 approximately a dozen people working and then five to  
6 ten sort of in and out on that floor?

7 A. That's a fair statement.

8 Q. Okay. How -- how far was Freesmeyer's  
9 office from the rest of the detectives and CID?

10 A. There was one room in between.

11 Q. There's one room in between.

12 Do you have any reason to think that  
13 Freesmeyer being separated by one room from the rest  
14 of the criminal investigations division interfered in  
15 any way with his ability to remain apprised of  
16 developments in the case?

17 MR. DiCIANNI: Object to lack foundation,  
18 speculation.

19 THE WITNESS: I don't know what Tim knew.

20 BY MR. SHAPIRO:

21 Q. Uh-huh. No, I -- I understand that. I -- I  
22 know you don't know what -- what Tim knew. I'm  
23 asking you can -- you -- you were on the floor,  
24 right? You were in the criminal investigations

85

1 division?

2 A. Yes.

3 Q. Are you aware of any communications problem  
4 that was created by the fact that Freesmeyer was  
5 separated by a single room from the other  
6 investigators?

7 A. I was not personally aware of any issue.

8 Q. Okay. Did you ever hear of Freesmeyer  
9 complain that he wasn't in the loop because of the  
10 location of his office?

11 A. I recall no such conversation.

12 Q. So was -- was -- was -- was Freesmeyer's  
13 office in the juvenile division?

14 A. It was the juvenile division. It was one  
15 office.

16 Q. Okay. And was -- was -- was -- was --  
17 was -- was Freesmeyer basically the totality of the  
18 juvenile division?

19 A. Yes.

20 Q. And the -- he would -- am I right he was --  
21 he was -- he was a detective in the juvenile  
22 division, which is separate from CID, but he was  
23 still a detective; is that -- I don't know -- I don't  
24 know if I'm getting that right.

86

1 A. He was a detective.

2 Q. Uh-huh.

3 A. The juvenile division has a title for a  
4 detective who was mostly assigned juvenile cases.

5 Q. Okay. So at the beginning of the Lockmiller  
6 homicide investigation, most of Freesmeyer's previous  
7 work as a detective was in juvenile cases?

8 A. I don't recall.

9 Q. That's a -- he was -- when did Freesmeyer,  
10 if ever, cease to be in the juvenile division?

11 A. I don't recall.

12 Q. So -- so he may have been in the juvenile  
13 division throughout the entire investigation or  
14 prosecution?

15 A. I don't recall.

16 Q. He had never worked on a murder case prior  
17 to this one to your knowledge, right?

18 A. I don't recall.

19 Q. To your knowledge, he hadn't?

20 A. I don't know.

21 Q. Yeah. Was he young for a detective?

22 A. I don't remember how old he was honestly.

23 Q. Was he younger than the other detectives?

24 MR. DiCIANNI: Well, I -- no, never mind.

87

1 THE WITNESS: Some.

2 BY MR. SHAPIRO:

3 Q. Had he risen up through the ranks fairly --  
4 fairly quickly?

5 A. Quicker than some, yes.

6 Q. And, you know, I understand you don't recall  
7 this; but I -- I believe he was -- was -- was 27 when  
8 became a detective. Is that a young age for someone  
9 to be -- to be working as a detective?

10 A. I'm trying to remember how old I was. It  
11 was probably close to my age.

12 Q. Uh-huh. Is it correct that soon after  
13 Mr. Beaman's arrest, Freesmeyer was promoted to the  
14 head of the detectives division?

15 A. I don't recall the date. It was after. I  
16 don't recall.

17 Q. It was after Beaman's arrest?

18 A. Yeah.

19 Q. Was Freesmeyer perceived as an ambitious  
20 person?

21 MR. DiCIANNI: Object to foundation.

22 THE WITNESS: Perceived by whom?

23 BY MR. SHAPIRO:

24 Q. Well, let me first ask what -- do you

88

1 have -- was -- was he perceived by others --

2 MR. DiCIANNI: Object to foundation.

3 BY MR. SHAPIRO:

4 Q. -- as ambitious?

5 A. I don't know.

6 Q. How did you perceive him?

7 A. Kind of cocky.

8 Q. Why did you think he was cocky?

9 A. Attitudes.

10 Q. Well, what -- what -- what kind of  
11 attitudes?

12 A. I don't have any examples.

13 Q. Was he -- was he disrespectful to people?

14 A. I never witnessed it.

15 Q. Cocky means that he was arrogant?

16 A. Yeah.

17 Q. He had sort of inflated sense of himself?

18 A. Yes.

19 Q. And when he was placed on the Lockmiller --  
20 when he became the lead in the Lockmiller  
21 investigation, do you think that contributed to his  
22 cockiness?

23 MR. DiCIANNI: Objection; speculation, lack  
24 of foundation, assuming a fact that isn't been

89

1 established.

2 THE WITNESS: I don't know.

3 BY MR. SHAPIRO:

4 Q. How did you feel about his becoming the lead  
5 investigator in this case?

6 MR. DiCIANNI: Object to foundation, assuming  
7 a fact not established.

8 BY MR. SHAPIRO:

9 Q. I'm sorry. Lead investigator probably was  
10 not a good phrasing.

11 How did you feel about his assuming primary  
12 responsibility for this case?

13 A. I had no opinion one way or the other.

14 Q. How did you feel about Daniels getting  
15 forced out?

16 A. I had no opinion one way or the other, and I  
17 have no opinion whether he was forced out.

18 Q. Do you think the Lockmiller case had any  
19 role in Freesmeyer's promotion to head of CID?

20 MR. DiCIANNI: Object, speculation.

21 THE WITNESS: I don't know.

22 BY MR. SHAPIRO:

23 Q. What's your impression of -- strike that.

24 Is Timothy Freesmeyer among the best police

90

1 officers you've ever worked with?

2 A. I would not include him in that group, no.

3 Q. Would you -- how would you describe the  
4 level of his police work based on your interactions  
5 with him?

6 A. Adequate.

7 Q. Adequate means kind of minimally competent  
8 but nothing special; is that fair?

9 MR. DiCIANNI: I'll object to that  
10 characterization.

11 THE WITNESS: That's your definition.

12 BY MR. SHAPIRO:

13 Q. Well, I'm asking -- what's your -- what's  
14 your definition?

15 A. Adequate, competent, nothing special.

16 Q. Do you find it surprising that someone  
17 who -- whose work you viewed as nothing special  
18 became the person with primary responsibility for a  
19 major homicide investigation?

20 MR. DiCIANNI: Object; speculation, form of  
21 the question.

22 THE WITNESS: Would you repeat the question,  
23 please?

24

91

1 BY MR. SHAPIRO:

2 Q. Sure. My -- the question is were you  
3 surprised that someone who -- whose work you've  
4 described as nothing special became the person with  
5 primary responsibility for the Lockmiller homicide  
6 investigation?

7 MR. DiCIANNI: And you mean back then?

8 MR. SHAPIRO: Yeah, right, this question is  
9 about back then.

10 THE WITNESS: I was not surprised. I didn't  
11 know everything about Freesmeyer, and perhaps others  
12 had more information than I.

13 BY MR. SHAPIRO:

14 Q. Were there others who were opposed to  
15 Freesmeyer becoming the person with primary  
16 responsibility in this case?

17 MR. DiCIANNI: Object to foundation.

18 BY MR. SHAPIRO:

19 Q. If you know.

20 A. I believe Tony Daniels was not pleased about  
21 it.

22 Q. Anyone other than Daniels?

23 A. I don't recall anyone else.

24 Q. Why do you think Freesmeyer was made the

92

1 person with primary responsibility?

2 MR. DiCIANNI: I'll object; speculation, lack  
3 of foundation.

4 THE WITNESS: I have no idea.

5 BY MR. SHAPIRO:

6 Q. Do you think others would have been more  
7 qualified?

8 A. Not necessarily.

9 Q. Is Freesmeyer someone who knew how to get  
10 ahead?

11 MR. DiCIANNI: Objection; lack of foundation,  
12 vagueness.

13 THE WITNESS: I don't know what he knew.

14 BY MR. SHAPIRO:

15 Q. No, no. I'm not asking what he knew. I'm  
16 asking, you know, did you perceive him as someone who  
17 was good at advancing his career?

18 MR. DiCIANNI: Objection; lack of foundation,  
19 speculation.

20 THE WITNESS: He got promoted, so I guess  
21 yes.

22 BY MR. SHAPIRO:

23 Q. You think it was fair that he was promoted?

24 MR. DiCIANNI: Objection.

93

1 THE WITNESS: I don't know.

2 BY MR. SHAPIRO:

3 Q. Who is a better cop in your estimation,  
4 Freesmeyer or Daniels?

5 A. I don't know.

6 MR. SHAPIRO: It's 12:07. I think I'm at a  
7 decent stopping place if you want to break for lunch.

8 MR. DiCIANNI: Okay.

9 THE VIDEOGRAPHER: Off the record, 12:07.

10 (Whereupon, a break was taken,  
11 after which the following  
12 proceedings were had:)

13 THE VIDEOGRAPHER: Back on the record, 1:08.

14 BY MR. SHAPIRO:

15 Q. Lieutenant Warner, before the break, we had  
16 spoken about Freesmeyer's office in the juvenile  
17 division on the same floor as the CID.

18 A. Yes.

19 Q. And did -- did a time come when Freesmeyer  
20 moved out of that office next to CID and relocated to  
21 the State's Attorney's Office?

22 A. I think that did happen. I don't recall the  
23 date.

24 Q. Uh-huh. Did it happen before or after

94

1 Mr. Beaman was charged in this case?

2 A. I don't recall the date.

3 Q. Do you have any recollection of what time of  
4 year approximately it might have been?

5 A. I do not.

6 Q. Before the break, you also mentioned that it  
7 was atypical for a State's Attorney to be present at  
8 an investigators meeting the day after a crime was  
9 discovered?

10 A. Based on all cases, yes. We don't get very  
11 many homicides.

12 Q. Uh-huh.

13 A. So I could see why they'd want to be.

14 Q. Uh-huh. Have you been at other homicide  
15 cases -- complex cases where the State's Attorney was  
16 present on the day after the investigation?

17 A. I believe they have been present at others.

18 Q. Which ones?

19 A. I think Olanude Adeyooye when she was  
20 murdered. I believe -- I don't recall who was there,  
21 though.

22 Q. Would it be fair to say that it's something  
23 that happens in high profile cases?

24 A. Yes.

95

1 Q. So -- so not all murder cases, just the high  
2 profile ones?

3 A. Yes.

4 Q. Did you encounter Jim Souk at any point  
5 during the investigation?

6 A. Yes.

7 Q. And how is it that you encountered him?

8 A. He was the State's Attorney, and he came to  
9 some meetings.

10 Q. So -- so you -- you were present at meetings  
11 with him?

12 A. I don't recall which ones.

13 Q. Do you recall whether he made any  
14 recommendations?

15 MS. BARTON: Objection to form.

16 THE WITNESS: I don't recall, no.

17 BY MR. SHAPIRO:

18 Q. Do you recall whether he suggested any  
19 avenues of investigation?

20 A. Not to me.

21 Q. Do you recall whether he suggested them to  
22 anyone?

23 A. I don't recall.

24 Q. When Freesmeyer was in the office on the

96

1 same floor as you during the investigation, would  
2 anyone from the State's Attorney's Office visit him  
3 during the investigation?

4 MS. BARTON: Objection to foundation.

5 THE WITNESS: I have no personal knowledge of  
6 such meetings.

7 BY MR. SHAPIRO:

8 Q. You didn't see him -- well, never mind.  
9 Strike that.

10 You recall that the body was discovered on  
11 August 28, 2012 {sic}?

12 A. I don't recall the date.

13 Q. You recall that it was -- the body was  
14 discovered at a time when students were returning for  
15 the fall semester?

16 A. Well, she was already in class, so --  
17 because I called the instructor to see if she had  
18 shown up.

19 Q. Uh-huh. And that -- that -- that was for  
20 the term time as opposed to summer school class?

21 A. I don't recall.

22 Q. But it was early on -- on in the semester --

23 A. Yes.

24 Q. Okay. Were people in the community here

97

1 shaken as a result of the murder?

2 MR. DiCIANNI: Object, foundation.

3 MS. BARTON: I'll join.

4 THE WITNESS: I don't know. I suppose some  
5 were.

6 BY MR. SHAPIRO:

7 Q. I mean, it was a -- fair to say it was a  
8 grisly homicide, right?

9 A. Homicides are unusual here.

10 Q. And -- and this one wasn't only unusual  
11 because it was a homicide, it was unusual because of  
12 the brutal way in which the murder occurred; is that  
13 a fair statement?

14 A. Sure, yes.

15 Q. And in the course of your duties as a police  
16 officer, you have a -- fair to say you have a fair  
17 amount of interaction with the community?

18 A. Yes.

19 Q. For example, you're cognizant of when the  
20 semester begins and ends?

21 A. Yes.

22 Q. And is this the sort of grisly murder that  
23 in your view would be unsettling for the community?

24 MR. DiCIANNI: Same objection.

98

1 THE WITNESS: I can't speak for the  
2 community.

3 BY MR. SHAPIRO:

4 Q. Well, I know you -- I understand -- I'm not  
5 asking you to speak for -- for the community. I  
6 guess what I'm just asking is, you know, you're --  
7 you've -- you've -- you've been a part of this  
8 community since -- since you went to college here,  
9 right?

10 A. Uh-huh.

11 Q. And -- and -- and you've continued to be in  
12 touch with the community both because you continue to  
13 live here and because it's part of being a police  
14 officer here, right?

15 A. True.

16 Q. So really I'm just asking for your opinion  
17 as, you know, someone who's knowledgeable of this  
18 community what you think the reaction was like?

19 MR. DiCIANNI: Objection to foundation.

20 THE WITNESS: I'm sure they were concerned  
21 about it.

22 BY MR. SHAPIRO:

23 Q. Uh-huh. What -- what -- what was -- what  
24 would be concerning about it?

99

1           A.    A student homicide is always front-page  
2 news.

3           Q.    Uh-huh.  And -- and -- and fair to say that  
4 it's particularly unsettling when it's unsolved?

5                   MR. DiCIANNI:  I'll object, form of --  
6 foundation.

7                   MS. BARTON:  I'll join.

8                   THE WITNESS:  Yes.

9 BY MR. SHAPIRO:

10           Q.    And in this case with regard to the  
11 Lockmiller investigation, the sooner the crime could  
12 be solved, the sooner some of the fears and concerns  
13 could be allayed; fair statement?

14                   MR. DiCIANNI:  I'll object to foundation.

15                   MS. BARTON:  I'll join.

16                   THE WITNESS:  Yes.

17 BY MR. SHAPIRO:

18           Q.    Given the fears and concerns of the  
19 community, was there a concern among the  
20 investigators in this case with solving it as quickly  
21 as possible?

22                   MS. BARTON:  Object to --

23                   MR. DiCIANNI:  Objection, foundation.

24                   MS. BARTON:  And form.

100

1 THE WITNESS: No.

2 BY MR. SHAPIRO:

3 Q. The investigators didn't care when this case  
4 got solved?

5 MS. BARTON: Objection, form.

6 MR. DiCIANNI: Objection; foundation, form.

7 MS. BARTON: I'll join.

8 THE WITNESS: I think we wanted to do a good  
9 job, regardless of the time.

10 BY MR. SHAPIRO:

11 Q. Forgive me if I asked you this before. I'm  
12 not trying to be repetitious. I just don't -- don't  
13 recall.

14 Did you have an opinion of Tony Daniels?

15 MR. DiCIANNI: Object to foundation or maybe  
16 form is better than foundation.

17 You can answer it if you can.

18 THE WITNESS: Sure, I have an opinion.

19 BY MR. SHAPIRO:

20 Q. And what's your opinion?

21 A. Decent guy, little opinionated.

22 Q. Is he -- is he a good cop in your opinion?

23 A. You know, he has his positives and

24 negatives.

101

1 Q. Is he honest?

2 A. I've not known him to lie. I don't have any  
3 evidence of that.

4 Q. Uh-huh. Is he fair?

5 A. I suppose it would depend on the  
6 circumstance.

7 Q. Well, I'm asking what -- what you think.  
8 You think he's a fair person?

9 A. Sure.

10 Q. Do you think he's a reliable person?

11 MR. DiCIANNI: Object to lack of foundation.

12 THE WITNESS: He didn't let me down.

13 BY MR. SHAPIRO:

14 Q. Do you know of anyone he -- he let down?

15 A. I do not.

16 Q. Okay. Do you think he's intelligent,  
17 perceptive?

18 A. I think he's intelligent, sure.

19 Q. Does he have good judgment?

20 MR. DiCIANNI: Object to foundation.

21 THE WITNESS: Not always.

22 MR. DiCIANNI: Withdraw the objection.

23 BY MR. SHAPIRO:

24 Q. When -- when has he had bad judgment in your  
102

1 estimation?

2 A. I heard he was disciplined for fighting with  
3 a citizen who questioned his authority.

4 Q. Uh-huh. I heard that too.

5 Have you -- do you have any other instance  
6 in which you think he displayed bad judgment?

7 A. I don't have any recollection of any.

8 Q. Would you agree that for the most part he  
9 has good judgment; would that be a fair statement?

10 A. I think that's a pretty big problem, though,  
11 when he got disciplined.

12 Q. Okay. With -- with the exception of the  
13 discipline instance, do you think he has good  
14 judgment?

15 A. I think so.

16 Q. Okay. I just wanted to go back to the  
17 central file for a moment.

18 Is it your understanding that the case file  
19 which is kept in central records is -- is provided to  
20 the State's Attorney's Office?

21 A. Yeah.

22 Q. At this time I want to hand you a set of  
23 documents which are premarked as Exhibits 1 through  
24 19.

1 Provide a copy of the same exhibits to  
2 opposing counsel.

3 MS. BARTON: This says Volume I. Is there  
4 another one?

5 MR. SHAPIRO: It's -- it's -- it's one  
6 volume. There's not --

7 MS. BARTON: One of one.

8 MR. SHAPIRO: One of one, yes.

9 MS. BARTON: Just checking. I didn't know  
10 how many others you had in your bag of tricks.

11 BY MR. SHAPIRO:

12 Q. Let's look -- could I ask you to turn to  
13 Exhibit 7, please.

14 MS. BARTON: Are you marking all these for  
15 the deposition?

16 MR. SHAPIRO: Yeah, yeah, yeah, yeah. I just  
17 haven't ...

18 BY MR. SHAPIRO:

19 Q. Let me direct your attention to -- to the  
20 first page of Exhibit 7.

21 MR. DiCIANNI: Let me stop you for one  
22 second.

23 MR. SHAPIRO: Yeah.

24 MR. DiCIANNI: Are these the same ones that

104

1 were used in the Freesmeyer?

2 MR. SHAPIRO: There's some overlap, but  
3 they're -- they're not the same.

4 MR. DiCIANNI: They're not the same.

5 MR. SHAPIRO: It's not.

6 MR. DiCIANNI: I guess deposition of  
7 David Warner will identify this and differentiate it  
8 from what was distributed before.

9 MR. SHAPIRO: Yes, right.

10 MR. DiCIANNI: Because you'll have an  
11 Exhibit 7 in both of them, Exhibit 12 in both of them,  
12 so ...

13 MR. SHAPIRO: Yeah. And -- and -- and  
14 thanks. Let's -- let's just put that on the record to  
15 be totally clear on this.

16 The exhibits start at 1, and these are the  
17 exhibits to -- to this deposition. And in some cases  
18 the exhibits have been used previously and may have a  
19 different number --

20 MR. DiCIANNI: Right.

21 MR. SHAPIRO: -- from a different deposition.

22 BY MR. SHAPIRO:

23 Q. So page one of Exhibit 7 is the polygraph  
24 report of -- regarding John Murray that you received

105

1 and that you mentioned previously, right?

2 A. Yes.

3 Q. Now, is the document that you received from  
4 the polygraph examiner, is it just the first page or  
5 did it also include any of the other pages that --

6 A. I don't recall. I didn't open it. I mean,  
7 I read what it was, and I gave it to Tony Daniels. I  
8 didn't look through it.

9 Q. Okay. So you're not sure how many pages  
10 were there, but the first page is what's page one of  
11 Exhibit 7, right?

12 A. Right. That's how I determined what it was  
13 and who needed to see it.

14 Q. Okay. And it's your understanding that  
15 ordinarily a copy of a document such as this would  
16 also be sent to the State's Attorney, right?

17 A. That was my understanding.

18 MS. BARTON: Objection to form, foundation.

19 THE WITNESS: That was my understanding.

20 BY MR. SHAPIRO:

21 Q. Uh-huh. Okay. And is it also your  
22 understanding that a copy of this document should  
23 have gone into the case file in central records?

24 A. Yes.

106

1 Q. Okay. Why was John Murray asked to -- to  
2 take a polygraph, if you know?

3 A. I don't know.

4 Q. And -- and -- and you were the one who made  
5 the request to -- to the polygraph examiner,  
6 Terrence McCann, to perform the polygraph, right?

7 A. I believe I called and made the appointment  
8 based on the first line. It says, "At the request of  
9 David Warner," and that was the only involvement I  
10 had with Mr. Murray.

11 Q. Uh-huh. Beyond that, did you have any  
12 other conversations with the polygraph examiner,  
13 Terrence McCann?

14 A. I don't recall any.

15 Q. Okay. Do you recall reporting to other  
16 investigators on the team other than Daniels the  
17 information received from Mr. McCann about  
18 Mr. Murray?

19 MS. BARTON: Objection to form, foundation.

20 THE WITNESS: I gave it to Tony Daniels. I  
21 don't know if he told anybody else.

22 BY MR. SHAPIRO:

23 Q. But you didn't, right?

24 A. No.

107

1 Q. Okay. Are you aware of any other attempts  
2 to take polygraph of Mr. Murray in the Lockmiller  
3 investigation other than the attempt that's described  
4 in page one of Exhibit 7?

5 A. I don't recall any.

6 Q. Are you familiar with the term exculpatory  
7 evidence?

8 A. Yes.

9 Q. Okay. What's -- what's your understanding  
10 of that term?

11 A. You can't leave out evidence that could help  
12 the defendant.

13 Q. And -- and when you say not -- not leave it  
14 out, what do you mean by that?

15 A. You have to tell the State's Attorney.

16 Q. And what Exhibit 7 shows is that Mr. Murray  
17 was asked questions about his involvement in the  
18 Lockmiller homicide, correct?

19 A. Yes.

20 Q. And Exhibit 7 further shows that Mr. Murray  
21 was unable and -- and refused to complete the  
22 polygraph exam?

23 A. Yes.

24 Q. And directing your attention to the headings  
108

1 on the top third of the page, do you see where it  
2 says, "Suspect: Larbi John Murray"?

3 A. Yes.

4 Q. Fair to say that John Murray's polygraph  
5 was -- was being taken because he was a suspect?

6 MR. DiCIANNI: Object, lack of foundation.

7 MS. BARTON: I'll join.

8 THE WITNESS: They had to put some heading  
9 there. I don't know if they would put anything else  
10 for anybody else. I don't know.

11 BY MR. SHAPIRO:

12 Q. Well, why don't -- why don't we turn to  
13 Exhibit 8 for just a moment. The first page of  
14 Exhibit 8, which bears number at the bottom of page  
15 McLean 1495?

16 A. Yes.

17 Q. Does this appear to be a cover sheet  
18 directed to your attention involving the polygraphs  
19 of Stacey Gates and John Murray?

20 A. I don't know what this is.

21 Q. Well, you see it says, "Suspect: Stacey  
22 Gates, John Murray"?

23 A. Okay.

24 Q. And you see to the left it says, "Attention  
109

1 to Detective David Warner"?

2 A. Yes.

3 Q. Okay. And I want -- why don't you -- and --  
4 and you can take however you want to review this,  
5 this Exhibit 8. I'll have a few more questions about  
6 it. But if you want to take a moment, please feel  
7 free.

8 A. It's hard to read. Hard to make out, a lot  
9 of it.

10 Q. Yeah, no, there -- I agree with you, there  
11 are some parts that are hard to read.

12 But you see that it was directed to your  
13 attention and that --

14 A. I do.

15 Q. And that it involves Stacey Gates and  
16 John Murray, right?

17 A. It's true.

18 Q. Okay. And you also see under the heading  
19 Request, at the request of Detective David Warner?

20 A. I do.

21 Q. And that reads, at the request of  
22 David Warner, the above listed, and then there are  
23 options to choose from, suspect, witness, victim,  
24 applicant. And then it says: Was examined by

110

1 polygraph, detection of deception technique at the  
2 BFS?

3 A. Okay.

4 Q. Did I read that right?

5 A. True.

6 Q. Okay. And among the choices, suspect,  
7 witness, victim, applicant, suspect is the one that's  
8 circled, right?

9 A. That is.

10 Q. Okay. So there are cases in which a person  
11 is polygraphed when they are not a suspect; is that a  
12 fair statement?

13 A. Sure.

14 Q. Okay. And going back to the -- to Exhibit 7  
15 which says "Suspect: Larbi John Murray," that  
16 indicates that John Murray is being polygraphed  
17 because he is a suspect, right?

18 A. That's what it would indicate.

19 Q. Okay. So -- so -- so we were discussing the  
20 polygraph indicates that Murray refused to comply and  
21 complete the exam and that he was a -- and that he  
22 was being polygraphed as a suspect.

23 Would you agree with me that Exhibit 7 is  
24 evidence that is exculpatory as to Alan Beaman?

111

1 MS. BARTON: I'll object --

2 MR. DiCIANNI: Well, I'll object to that.

3 MS. BARTON: I'll object --

4 MR. DiCIANNI: Lack of foundation and legal  
5 conclusion.

6 MS. BARTON: I'll join.

7 MR. DiCIANNI: You can answer it if you can.

8 THE WITNESS: It's a document that the  
9 State's Attorney should have been aware of, yes.

10 MR. DiCIANNI: All right. I'm going to ask  
11 to confer with the witness. There's no question  
12 pending. Let's ...

13 THE VIDEOGRAPHER: Off the record, 1:29.

14 (Whereupon, a break was taken,  
15 after which the following  
16 proceedings were had:)

17 THE VIDEOGRAPHER: Back on the record, 1:36.

18 BY MR. SHAPIRO:

19 Q. Have you received any training in the duty  
20 of law enforcement officers to apprise prosecutors of  
21 exculpatory evidence?

22 A. I don't recall.

23 Q. Are you aware that law enforcement officers  
24 have a duty to provide exculpatory evidence to

112

1 prosecutors in a case?

2 A. My understanding is that when we find  
3 something out, we should tell the State's Attorney.

4 Q. And would you agree with the proposition  
5 that when someone is a suspect in a case and they  
6 can't comply or complete a polygraph examination,  
7 that can be evidence suggesting that person's guilt?

8 MR. DiCIANNI: I'll object to form,  
9 foundation.

10 MS. BARTON: I'll join.

11 MR. DiCIANNI: You can answer.

12 THE WITNESS: It's my understanding that  
13 polygraphs can't be used in court.

14 BY MR. SHAPIRO:

15 Q. And -- and -- and earlier Mr. DiCianni  
16 objected to one of my questions as calling for a  
17 legal conclusion. I just want to be clear. I'm  
18 not -- I'm not asking you a question as a lawyer.  
19 I'm asking you a question as someone who has, you  
20 know, spent -- spent your career in -- in law  
21 enforcement and developed a sense of what evidence  
22 tends to suggest that someone is guilty and what  
23 evidence tends to suggest that someone's not guilty.

24 You -- you -- you must have an understanding

113

1 of the types of evidence that would fall into both  
2 those categories, right?

3 A. Yes.

4 Q. Okay. So with that clarification, would you  
5 agree with me that when you have a suspect in a case  
6 who cannot comply with the instructions and complete  
7 a polygraph examination, that is evidence suggesting  
8 that the person may be guilty of the crime?

9 MR. DiCIANNI: I'll object to foundation.

10 MS. BARTON: I'll join.

11 THE WITNESS: I disagree with that. There  
12 could be any number of reasons.

13 BY MR. SHAPIRO:

14 Q. I'm -- I'm -- I'm not suggesting that the  
15 fact that someone can -- fails to complete a  
16 polygraph exam is conclusive evidence of guilt.

17 Do you think that it is relevant evidence of  
18 guilt?

19 A. No.

20 Q. Why not?

21 A. I think there's more work that needs to be  
22 done.

23 Q. Uh-huh. So -- so then I take it you would  
24 agree that receiving information that a suspect could

114

1 not complete a polygraph examination suggests that  
2 further investigation of that suspect is necessary?

3 MR. DiCIANNI: Object to foundation.

4 MS. BARTON: I'll join.

5 THE WITNESS: I gave the information to  
6 Detective Daniels. I assume he would follow up on it.

7 BY MR. SHAPIRO:

8 Q. I -- I understand that. And -- and --  
9 but -- but -- and but -- and but that's not really  
10 the question that I'm asking.

11 A. Then repeat the question.

12 Q. Okay. Sure. And -- and -- the question is  
13 if you have a suspect in an investigation who cannot  
14 complete a polygraph examination and refuses to  
15 comply, is that relevant evidence of guilt?

16 MR. DiCIANNI: Object, lack of foundation.

17 MS. BARTON: I'll join.

18 THE WITNESS: My previous answer was no.  
19 There's many reasons why that can happen.

20 BY MR. SHAPIRO:

21 Q. Uh-huh. And is receiving polygraph --  
22 strike that.

23 Is receiving a report from a polygraph  
24 examiner that a suspect in a case was unable to

115

1 complete a polygraph exam and comply with the  
2 instructions, does -- does -- does that suggest that  
3 further investigation of the individual is necessary?

4 MR. DiCIANNI: Object, foundation and form  
5 the question.

6 MS. BARTON: I'll join.

7 THE WITNESS: Yes.

8 BY MR. SHAPIRO:

9 Q. So you would agree with me that Plaintiff's  
10 Exhibit 7 suggests that as of when this report was  
11 received, October 5, 1993, further investigation of  
12 John Murray was called for; would you agree with  
13 that?

14 MR. DiCIANNI: I'll object to foundation.

15 MS. BARTON: I'll join.

16 THE WITNESS: I agree.

17 BY MR. SHAPIRO:

18 Q. Do you remember interviewing Stacey Gates in  
19 connection with the Lockmiller homicide  
20 investigation?

21 A. I remember that I did. I don't remember the  
22 particulars.

23 Q. Uh-huh. And -- and forgive me if I -- I've  
24 asked this. Did you review the transcript of your

116

1 interview with Mr. Gates in preparing for the  
2 deposition today?

3 A. Briefly I looked at it. I did not read it  
4 completely.

5 Q. Based on a -- the -- your recent review of  
6 the -- of the interview, what are your impressions of  
7 that interview?

8 A. I would have to review it again. I don't  
9 know.

10 Q. Let's turn to I believe it's Exhibit 1.  
11 Exhibit 1 is the transcript of your interview with  
12 Stacey Gates in the Lockmiller homicide  
13 investigation, correct?

14 A. It appears it is.

15 Q. Let me ask you to review a portion of this  
16 report. I'd like you to turn to the second page --  
17 yeah, it bears Bates stamp AB 2310.

18 A. Yes.

19 Q. Okay. And you see the question that you  
20 asked: "What happened with the call"?

21 A. I do.

22 Q. Okay. And turning to page 2312, you see --  
23 you see the question: "How often have you seen her  
24 since 1991"?

117

1 A. I do.

2 Q. Okay. Let me ask you to review the --  
3 the -- the portion of the transcript in between, What  
4 happened with the call, and How often have you seen  
5 her since '91.

6 A. Okay.

7 Q. Okay. You've had a chance to review the  
8 portion of the transcript that I indicated?

9 A. I did.

10 Q. Okay. What are your impressions based on  
11 your review of the transcript about Stacey Gates's  
12 answers?

13 MR. DiCIANNI: I object to form of the  
14 question.

15 THE WITNESS: Can you be more specific?

16 BY MR. SHAPIRO:

17 Q. Well, did you have any reactions as you were  
18 reading the text I just indicated?

19 A. My recollection of Mr. Gates was he was all  
20 over the place.

21 Q. He's -- that was -- that was sort of my  
22 impression too.

23 So now do you sort of have a recollection  
24 talking to him having read this?

118

1 A. Yeah. He was under the impression that he  
2 was the only person that she was going out with; and,  
3 in fact, that was not true. He described her as his  
4 fiance, which was not true.

5 Q. He had over-inflated views of how Jennifer  
6 perceived him, right?

7 A. Yes.

8 MS. BARTON: Objection to foundation.

9 MR. DiCIANNI: I'll join.

10 BY MR. SHAPIRO:

11 Q. That was what you understood based on your  
12 interview, right?

13 A. Yes.

14 Q. Based on your interview, was he jealous of  
15 the fact that Jennifer had other romantic  
16 relationships in her life?

17 A. I don't think he was aware of them. That  
18 was my recollection.

19 Q. Uh-huh. So Stacey Gates was -- was in love  
20 with Jennifer Lockmiller, right?

21 MS. BARTON: Objection.

22 MR. DiCIANNI: Object, foundation.

23 MS. BARTON: Join.

24 THE WITNESS: I think he said he was. I  
119

1 don't know.

2 BY MR. SHAPIRO:

3 Q. Okay. Your understanding based on the  
4 interview was that he was in love with her?

5 A. I think he said he was.

6 Q. Okay. And he was very attached to her?

7 MS. BARTON: Objection, foundation.

8 MR. DiCIANNI: Same objection.

9 THE WITNESS: I don't know.

10 BY MR. SHAPIRO:

11 Q. Based -- based on the interview, did -- do  
12 you believe that he was very attached to her?

13 MR. DiCIANNI: Same objection.

14 MS. BARTON: I'll join.

15 THE WITNESS: I don't know.

16 BY MR. SHAPIRO:

17 Q. And -- and -- and he did not know that  
18 Lockmiller was seeing other people, correct?

19 A. I don't believe so.

20 Q. Fair to say that Gates was rambling during  
21 this interview?

22 A. I believe he was.

23 Q. Almost incoherent?

24 A. Changed topics a lot.

120

1 Q. Uh-huh. I mean, tell me if you disagree  
2 with this, but reading this transcript, my impression  
3 is you were trying to ask some pretty simple  
4 questions, and you were getting some pretty  
5 convoluted answers?

6 A. Yeah. I experienced that before.

7 Q. Uh-huh. And that's what -- and that's how  
8 you characterize this interview?

9 A. Repeat it again.

10 Q. Is it a fair characterization of your  
11 interview with Mr. Gates that you were asking him  
12 relatively simple questions in a number of instances  
13 and getting rambling answers?

14 A. Yes.

15 Q. Okay. Did that arouse your suspicions in  
16 any way?

17 A. I suppose I -- I don't recall. I would  
18 probably ask more questions.

19 Q. When you -- when you say you would ask more  
20 questions, you mean beyond what was asked during this  
21 interview or beyond the portion that you just  
22 reviewed?

23 A. Beyond the portion I just reviewed.

24 Q. And I -- I -- I think you said that

121

1 reviewing those -- those portions of the transcript  
2 refreshed your recollection as to actually what you  
3 remembered from the interview; is that right?

4 A. To some degree.

5 Q. To some degree, okay.

6 Do you recall whether at the conclusion of  
7 this interview Stacey Gates had aroused your  
8 suspicions?

9 A. I don't know if they were aroused. I think  
10 I expressed to Lieutenant Zayas that some more work  
11 might need to be done on him.

12 Q. And -- and -- so -- so your interview with  
13 Stacey Gates suggested to you that he needed to be  
14 investigated further?

15 A. Yes.

16 Q. Not -- not just talking about this case, but  
17 as a -- as a -- as a general matter based on your  
18 experience as a -- as a police officer, when you're  
19 asking someone questions and they're giving the sort  
20 of rambling answers that Stacey Gates was giving you,  
21 is that the sort of thing that would arouse  
22 suspicion?

23 A. That depends on the context.

24 Q. Uh-huh. Can you explain that a little for

122

1 me?

2 A. For some people, that's how they talk about  
3 everything.

4 Q. Uh-huh. Was it your impression that --  
5 that -- that Stacey Gates just generally was someone  
6 who rambled?

7 A. I believe he was.

8 Q. Okay. I want to work few -- work through a  
9 few other portions of this interview with you. If  
10 you wouldn't mind turning toward the page of  
11 Exhibit 1 that is marked AB 3231, and I'm just going  
12 to -- I'm just going to read this aloud. I think it  
13 will be faster --

14 A. Sure.

15 Q. -- that way.

16 Begin at the bottom of 32:

17 "Question: Did you plan to get  
18 together?

19 Answer: I even -- I guess -- I  
20 guess I even could tell before she went  
21 to California that we might be ironing  
22 things out and that I was beginning to  
23 predict that I think things would --

24 after California I'd be -- we would be  
123

1 back together officially."

2 Did I read that right?

3 A. Yes.

4 Q. Okay. And recognizing it's rambling, is the  
5 gist of what Mr. Gates is saying is that he believed  
6 that upon Lockmiller's return from California, the  
7 two of them would get back together and rekindle  
8 their romantic relationship?

9 MR. DiCIANNI: Object, speculation.

10 MS. BARTON: I'll join.

11 THE WITNESS: Well, the statement says he  
12 would get back together officially. You know, that I  
13 don't know.

14 BY MR. SHAPIRO:

15 Q. Well, what -- what do you -- what do you --  
16 what -- what -- what do you understand it to be  
17 saying?

18 A. That they had some relationship issues and  
19 he wanted to iron things out and get back together.

20 Q. Uh-huh. Okay. Directing your attention a  
21 little bit further down the page on 2322:

22 "Answer: I consider myself" --

23 Do you see where I am?

24 A. Yes.

124

1 Q. Okay.

2 "Answer: I consider myself that  
3 when I read in the paper that this said  
4 it was a domestic -- a domestic  
5 incident, that implied to me that there  
6 was someone that was in love with her or  
7 her or something that was important to  
8 her. I'm sorry. There was no one else  
9 but me in that category, and I guess I  
10 was being selfish. It offended me  
11 totally and it still does. It gnaws at  
12 my craw. Whoever this was is -- no,  
13 whoever she was living with might not be  
14 the murderer, but he is certainly and  
15 probably nothing --- not good person in  
16 her life. And I'm sure whoever it was,  
17 whether it was the person or not, she  
18 wanted him out as quickly as possible."

19 Did I read that right?

20 A. You did.

21 Q. Uh-huh. Fair to say that what Stacey Gates  
22 conveyed to you is that when he learned that  
23 Lockmiller was living with someone, he was very  
24 jealous of that fact?

125

1 MR. DiCIANNI: Object to foundation,  
2 speculation.

3 MS. BARTON: I'll join.

4 THE WITNESS: I don't know. I think he was  
5 surprised he didn't know.

6 BY MR. SHAPIRO:

7 Q. So he was -- well, he's -- he's more than a  
8 little surprised, right? I mean, he said "it gnaws  
9 at my craw," right?

10 A. My impression of him was he was -- he had no  
11 idea she was seeing other people. He thought that he  
12 was the only one in her life. And now he's reading  
13 in the paper that that's not true.

14 Q. Uh-huh.

15 A. So I think he was a bit confused.

16 Q. Would you agree with the proposition that --  
17 well, strike that.

18 I -- I -- I understand you're saying that,  
19 you know, you understood that Gates found out about  
20 Lockmiller's other relationships after the time of  
21 the murder. That's what you're saying, right?

22 A. Yes.

23 Q. So I understand and I appreciate that.

24 But my question to you is as a general

126

1 matter, would you agree with the proposition that  
2 when someone is romantically attached to another  
3 individual, believes that individual is not seeing  
4 other people. Then finds out that that person, in  
5 fact, is romantically involved with other people,  
6 that can be a motive for murder?

7 MS. BARTON: Objection --

8 MR. DiCIANNI: I'll object; foundation, form  
9 of the question.

10 MS. BARTON: I'll join.

11 THE WITNESS: I don't know.

12 BY MR. SHAPIRO:

13 Q. Well, as someone who's been a police officer  
14 for your whole career, you've formed some sense as to  
15 what can be a motive to commit a crime, can you  
16 not -- have you not?

17 A. Yes.

18 Q. Can jealousy and hurt feelings in connection  
19 with a romance be a murder -- a motive to commit a  
20 crime?

21 A. Yes.

22 Q. So -- and would you agree that thinking that  
23 you're the only person who is romantically involved  
24 with someone and then finding out that you're not can

127

1 be a motive to commit a crime?

2 MR. DiCIANNI: Object, lack of foundation.

3 MS. BARTON: I'll join.

4 THE WITNESS: At that time, the crime has  
5 already been committed.

6 BY MR. SHAPIRO:

7 Q. I understand that, right. And -- and  
8 that's -- that's why I was sort of making that  
9 qualification.

10 Let's say Gates were to have found out, you  
11 know, prior to the murder that Lockmiller was seeing  
12 other people, could that be a motive to commit a  
13 murder?

14 MS. BARTON: Object to form and foundation.

15 MR. DiCIANNI: Yeah, I'll join in that.

16 THE WITNESS: Could be.

17 BY MR. SHAPIRO:

18 Q. Let me direct your attention to page 23 --  
19 AB 2327 of Exhibit 1.

20 MR. DiCIANNI: 2327?

21 MR. SHAPIRO: Yes.

22 BY MR. SHAPIRO:

23 Q. And -- and this is another portion I'm going  
24 to ask you to read to yourself. You see where it

128

1 begins:

2 "Answer: He looked up" --

3 I'm sorry. You know what, my apologies.

4 Let's back up to 2326. You see where you ask the

5 question: "What's on the backside; do you know"?

6 A. Yes.

7 Q. And then turn to page 2328. You ask the  
8 question about two-thirds of the way down the page,

9 "Did she ever have any complaints?"

10 MR. DiCIANNI: Wait. That's not what I see.

11 What page did you say?

12 MR. SHAPIRO: 2328.

13 THE WITNESS: Yes, I do.

14 BY MR. SHAPIRO:

15 Q. Okay. "Did she ever have any complaints,"

16 right?

17 A. Yes.

18 Q. So would you take however you need to -- to  
19 read everything in between the start of the question,

20 "What's on the backside; do you know," on 2326 and

21 "Did she ever have any complaints" on 2328.

22 MR. SHAPIRO: Oh, sure. And why don't we

23 take a break.

24 MR. DiCIANNI: All right. I -- I -- I don't  
129

1 want to repeat what happened yesterday. I think that  
2 if we're going to take a break, then the witness is  
3 going to take a break as well. And if we're going to  
4 read reports, then we're going to do that during the  
5 course of the deposition. I don't want us breaking  
6 and him reading.

7 MR. SHAPIRO: That's fine.

8 And just for purposes of this deposition, I'm  
9 not going to argue because I'm not going to go over  
10 seven hours on this one.

11 MR. DiCIANNI: All right.

12 So you take a break too.

13 THE VIDEOGRAPHER: Off the record, 2 o'clock.

14 (Whereupon, a break was taken,  
15 after which the following  
16 proceedings were had:)

17 THE VIDEOGRAPHER: Back on the record, 2:11.

18 BY MR. SHAPIRO:

19 Q. And since we are on the record,  
20 Lieutenant Warner, you remember before the break I  
21 gave you a portion to read, and you remember that  
22 portion?

23 A. Yes.

24 Q. Okay. So please go ahead and review it.

130

1 MR. DiCIANNI: Could you remind me?

2 MR. SHAPIRO: Sure. It's -- begins on 2326  
3 with "What's on the backside; do you know?" and ends  
4 on 2328 with "Did she ever have any complaints?"

5 MR. DiCIANNI: Thanks.

6 MR. SHAPIRO: Sure.

7 THE WITNESS: Where we ending at?

8 BY MR. SHAPIRO:

9 Q. We were ending on 2328 at "Did she ever have  
10 any complaints?"

11 A. Okay.

12 Q. Okay. Having -- having read the portion of  
13 the interview with Stacey Gates that you just read,  
14 did that trigger any independent recollections -- any  
15 further independent recollections in your mind of  
16 this interview?

17 A. It was difficult to read because he was  
18 rambling again. Not really, no.

19 Q. Okay. In the portion of the interview that  
20 you just read, Stacey Gates informs you of two people  
21 who he viewed as possible suspects in the case,  
22 right?

23 A. Stacey was a person who tried to remember  
24 anything that could possibly help us.

131

1 Q. Uh-huh.

2 A. Going back years before someone he saw,  
3 just -- he's one of those people that any little  
4 thing he could think of, he told us.

5 Q. Uh-huh. But in his mind, these were people  
6 that could be considered suspects based on what he  
7 told you, right?

8 A. Apparently.

9 Q. Okay. And the first person he describes in  
10 this section is an individual who he says had huge  
11 legs and a big rack of shoulders?

12 A. Yes.

13 Q. He says this individual had a southern  
14 drawl?

15 A. He did.

16 Q. And that this individual appeared on  
17 Lockmiller's doorstep one night in the summer of '92  
18 wearing an overcoat, right?

19 A. That's what he said.

20 Q. And he knocks -- according Gates, this  
21 individual knocks on the door, and Gates answers the  
22 door, and this individual is asking for Lockmiller,  
23 right?

24 A. That's what he said.

132

1 Q. Okay. And Gates further said that this  
2 individual told him words to the effect of don't you  
3 sass me or I'll break the F'ing door down, right?

4 A. That's what he said.

5 Q. And Gates had suspicions as to whether  
6 Lockmiller knew this person previously, right?

7 A. That's what he said.

8 Q. Okay. Was any effort made to locate this  
9 individual who according to Gates appeared on  
10 Lockmiller's doorstep in the summer of '92?

11 MS. BARTON: Objection to form and foundation  
12 as to who.

13 MR. DiCIANNI: I'll join.

14 THE WITNESS: I did not. I don't know if  
15 anybody else did.

16 BY MR. SHAPIRO:

17 Q. And just -- and just as a result of the  
18 objection, are you aware of any effort that was made  
19 to identify this individual who's -- who knocked on  
20 Lockmiller's doorstep in December of '92?

21 A. I have no knowledge of that, no.

22 Q. Do you think it's something that should have  
23 been followed up on?

24 A. Yes.

133

1 Q. In the same portion of the interview that --  
2 that you just read, Stacey Gates also refers to an  
3 individual who he says was known as Psycho Bill,  
4 right?

5 A. He did.

6 Q. And Gates says that Psycho Bill was reputed  
7 to lure women into his room and film them, correct?

8 A. That's what he said.

9 Q. And he further said that Jennifer and  
10 Psycho Bill had dated for a while, right?

11 A. That's what he said.

12 Q. And he further said that there was a point  
13 when Psycho Bill stalked Jennifer, right?

14 A. That's what he said.

15 Q. Was any effort, to your knowledge, made to  
16 identify who the individual that he referred to as  
17 Psycho Bill was?

18 A. I have no knowledge of it.

19 Q. To your knowledge, was anything done to  
20 locate the individual who he referred to as  
21 Psycho Bill?

22 A. I have no knowledge of that.

23 Q. Okay. At the time of the Lockmiller  
24 homicide investigation, was there any sort of

134

1 database maintained by the Normal Police Department  
2 or that could be accessed by the Normal Police  
3 Department that could be used to identify --  
4 ascertain the identity of individuals based on  
5 nicknames?

6 A. I believe there was a database that  
7 contained information on people arrested.

8 Q. Uh-huh. And would that database have  
9 included nicknames of people who are arrested?

10 A. If they were known.

11 Q. Uh-huh. To your knowledge, was any effort  
12 made to determine whether the nickname Psycho Bill  
13 appeared anywhere on that database?

14 A. I don't recall.

15 Q. Okay. And -- and -- and you -- and you  
16 didn't do anything -- you did not search for  
17 Psycho Bill in that database, right?

18 A. I don't believe so.

19 Q. Okay. Do you recall requesting a polygraph  
20 examination of Stacey Gates?

21 A. Well, I know I did. I don't remember the  
22 incident.

23 Q. Do you recall receiving a report from a  
24 polygraph examiner regarding an examination of

135

1 Mr. Gates?

2 A. I saw it in the packet of paper.

3 Q. Uh-huh. You saw it in the packet of paper  
4 that you reviewed --

5 A. Yeah.

6 Q. -- for the deposition. Okay.

7 But you don't have a independent  
8 recollection of having either requested and received  
9 that polygraph?

10 A. No, not really.

11 Q. Okay. Let's turn to Exhibit 8, please.

12 A. I'm sorry, 8?

13 Q. Yes, Exhibit 8.

14 MR. SHAPIRO: Oh, first just a housekeeping  
15 matter on -- on -- on page -- first page of the  
16 exhibit, McLean 1495. We talked about this page  
17 earlier. I believe I read the acronym in the middle  
18 of the page BFS. Ms. Barton corrected me during the  
19 break. That appears to be BES.

20 MS. BARTON: I don't know. I don't know if  
21 it is or not.

22 THE WITNESS: I don't know what that means.

23 BY MR. SHAPIRO:

24 Q. Do you know what BFS or BES would stand for?

136

1 A. No, I don't.

2 Q. Okay.

3 MR. DiCIANNI: Is it Bureau of Forensic  
4 Sciences?

5 THE WITNESS: Oh, that could be.

6 MS. BARTON: Oh, that's good.

7 BY MR. SHAPIRO:

8 Q. All right. Let's turn to the second and  
9 third pages of Exhibit 8 which are marked McLean 1496  
10 and 1497.

11 This is the polygraph report regarding  
12 Stacey Gates that you referred to a moment ago,  
13 right?

14 A. It appears that it is, yes.

15 Q. Okay. And I know you don't have an  
16 independent recollection of requesting or receiving  
17 it, but do you have -- but it indicates on its face  
18 that you requested a polygraph examination of  
19 Mr. Gates, right?

20 A. It does.

21 Q. Okay. Do you have any reason to doubt that  
22 you requested such an examination?

23 A. I do not.

24 Q. Okay. And the polygraph report regarding

137

1 Mr. Gates is addressed to you, right?

2 A. It is.

3 Q. Okay. And do you have any reason to doubt  
4 that you received this polygraph report?

5 A. I do not.

6 Q. Okay. Do you have any recollection of what  
7 was done with this polygraph report subsequent to  
8 your receiving it?

9 A. I would have turned it in to my supervisor.

10 Q. And who -- who was your supervisor?

11 A. Frank Zayas.

12 Q. Okay. Can you help me understand why the  
13 Murray polygraph you would have given to Daniels or  
14 this one you would have given -- you gave to Zayas?

15 A. Because Daniels was doing the investigation  
16 on Larbi, and I was doing the one on Bubba.

17 Q. Okay.

18 A. So there was no reason to give it to anybody  
19 else. I turned it in.

20 Q. And is it your understanding that the  
21 polygraph examiner would have -- would have sent a  
22 copy of the same document regarding Mr. Gates to the  
23 State's Attorney's Office?

24 MS. BARTON: Objection to foundation.

138

1 THE WITNESS: That was my understanding.

2 BY MR. SHAPIRO:

3 Q. And was it also your understanding that a  
4 copy of the polygraph examination regarding Mr. Gates  
5 would be placed into the case file in central  
6 records?

7 A. Yes.

8 Q. And that Zayas would have been the one to  
9 receive the polygraph report and transmit it to  
10 central records, right?

11 A. Yes.

12 Q. Okay. Do you recall having any  
13 conversations with the polygraph examiner about  
14 Stacey Gates?

15 A. I do not.

16 Q. Now -- now, earlier I think you said with  
17 the Murray polygraph, you wouldn't have reported it  
18 to the team of investigators because that -- that  
19 would have been Daniels's responsibility; is that --

20 A. Right.

21 Q. Is that right?

22 MS. BARTON: Objection to form.

23 BY MR. SHAPIRO:

24 Q. But for -- for this one, you -- you -- you  
139

1 were the investigator who was looking into Gates,  
2 right?

3 A. That's correct.

4 Q. Okay. Having received this polygraph report  
5 regarding Mr. Gates, did you report it to the other  
6 investigators working on the case?

7 MS. BARTON: Objection to form.

8 THE WITNESS: I turned in the form to my  
9 supervisor, and he would have assigned someone else if  
10 it needed follow-up or back to me.

11 BY MR. SHAPIRO:

12 Q. So -- so you don't recall informing anyone  
13 other than Zayas that you had received this report  
14 shown on Exhibit 8, right?

15 A. I don't recall, no.

16 Q. Given that there were several different  
17 investigators working on the case, do you think it  
18 would have been a good practice to inform the other  
19 investigators of the results of this examination?

20 MS. BARTON: Objection to form.

21 MR. DiCIANNI: I'll object to foundation,  
22 form.

23 THE WITNESS: That wasn't my position. My  
24 job was to turn it into my supervisor, and they spread  
140

1 it out or assign someone else or follow up. That  
2 wasn't my call.

3 BY MR. SHAPIRO:

4 Q. Okay. The report shown on pages 1496 and  
5 1497 of Exhibit 8 indicates that Stacey Gates was  
6 polygraphed as a suspect, correct?

7 A. That's what it says.

8 Q. Do you disagree with the characterization of  
9 Stacey Gates as a suspect?

10 MR. DiCIANNI: I'll object to foundation.

11 MS. BARTON: I'll join.

12 THE WITNESS: You know, everybody's a suspect  
13 until they're cleared, so ...

14 BY MR. SHAPIRO:

15 Q. Your testimony is that everyone Lockmiller  
16 knew was -- was a suspect in the homicide  
17 investigation?

18 A. Unless we had reason to believe that they  
19 weren't.

20 Q. Is it your testimony that everyone who  
21 Lockmiller knew was excluded as a suspect in the  
22 investigation?

23 MR. DiCIANNI: Excluded?

24 MR. SHAPIRO: Uh-huh.

141

1 THE WITNESS: I -- I don't understand the  
2 question.

3 BY MR. SHAPIRO:

4 Q. Well, I understand you to be saying that  
5 anyone she knew was a suspect. And presumably one  
6 goal of an investigation is to exclude the people who  
7 didn't do it and find the person who did do it,  
8 right?

9 A. Yes.

10 Q. Okay. Do you feel that everyone that  
11 Lockmiller knew was excluded as a suspect?

12 A. I don't know if they were. It was not my  
13 responsibility to find out.

14 Q. The polygraph report for Mr. McCann  
15 indicates that when asked questions about  
16 Lockmiller's murder, Stacey Gates gave responses that  
17 were erratic and inconsistent, right?

18 A. True.

19 Q. And in your view, an indication that a  
20 suspect gave erratic and inconsistent answers in a  
21 polygraph examination is something that should be  
22 provided to the State's Attorney's Office, right?

23 MR. DiCIANNI: I'll object to foundation.

24 MS. BARTON: I'll join.

142

1 THE WITNESS: The report should have been in  
2 the case file; the case file given to the State's  
3 Attorney.

4 BY MR. SHAPIRO:

5 Q. Uh-huh. So I guess -- right. I -- I -- I  
6 understand that. And I -- I appreciate that. I  
7 guess there -- so when you say it should be, I mean,  
8 you mean that the ordinary protocol --

9 A. I expected it to be.

10 Q. Uh-huh. Aside from the fact that in the  
11 ordinary course a document like this would be  
12 provided to the State's Attorney's Office, would you  
13 agree that one of the reasons it should be provided  
14 is that it could be considered exculpatory?

15 MR. DiCIANNI: Objection; foundation, legal  
16 conclusion.

17 MS. BARTON: I'll join.

18 THE WITNESS: I don't know.

19 BY MR. SHAPIRO:

20 Q. Does a polygraph report indicating that  
21 Mr. Gates gave erratic and inconsistent response to  
22 questions about Jennifer Lockmiller's murder make it  
23 more likely or less likely he was involved in the  
24 murder?

143

1 MR. DiCIANNI: Objection to foundation.

2 MS. BARTON: I'll join.

3 THE WITNESS: I can't determine from that.  
4 He gave erratic responses to every question.

5 BY MR. SHAPIRO:

6 Q. But all of the questions involved his  
7 involvement in Lockmiller's murder, right?

8 A. And during the interview, he was all over  
9 the place.

10 Q. Uh-huh. So you would describe Gates's  
11 responses as erratic and inconsistent not only in the  
12 polygraph exam but in every question you asked him  
13 about the Lockmiller murder, right?

14 A. Yes.

15 Q. In your view, was Stacey Gates excluded as a  
16 suspect in the Lockmiller murder?

17 A. I don't know if he was or not. I did what I  
18 was assigned and went on.

19 Q. Uh-huh. And based on what -- what you were  
20 able to uncover your -- or your part of the work on  
21 Stacey Gates, you knew that he was romantically  
22 attached to Lockmiller, that he was erratic and  
23 inconsistent when he talked to you?

24 A. Yes.

144

1 Q. And that he was erratic and inconsistent  
2 during the polygraph?

3 A. Yes.

4 MS. BARTON: Objection to form and  
5 foundation.

6 BY MR. SHAPIRO:

7 Q. All of those statements are fair and  
8 accurate, right?

9 A. Yes.

10 Q. And taking those pieces of information  
11 together, that would indicate that Gates was a person  
12 of interest in the investigation who warranted  
13 further inquiry; would you agree with that?

14 A. Yes.

15 Q. Do you have any understanding or  
16 recollection of charges against John Murray in other  
17 cases?

18 A. No.

19 Q. Do you recall John Murray ever working as a  
20 confidential informant?

21 A. I wouldn't know that.

22 Q. Do you recall that in a case in which  
23 John Murray was a defendant, you were listed by the  
24 State's Attorney's Office as a potential witness?

145

1 A. I don't recall.

2 Q. Okay. Let's turn to Exhibit -- I believe  
3 it's 19.

4 A. 19?

5 Q. 19, yeah, the back exhibit.

6 And just for the record, I believe the arrow  
7 and the circle -- I'm sorry.

8 Do you have an arrow and a circle on your  
9 copy?

10 A. I do not.

11 Q. Okay. That's just a notation in mine.  
12 Never mind.

13 So -- well, please -- please go ahead and  
14 review Exhibit 19 and let me know when you've had a  
15 chance to do so.

16 A. I don't recall.

17 MR. DiCIANNI: What was the question?

18 BY MR. SHAPIRO:

19 Q. Actually there's not a question. Yeah, just  
20 go ahead and review and let me know when --

21 A. Okay. I reviewed it.

22 Q. Okay. So Exhibit 19 is -- is a legal  
23 document involving a case against John Murray in  
24 which you were listed as a potential witness, right?

146

1 A. That's what it says.

2 Q. Okay. And you don't have any recollection  
3 of this -- the case that is described here?

4 A. I do not.

5 Q. Okay. Do you -- do you have any  
6 understanding of -- of -- of why you would be listed  
7 as a potential witness in this case?

8 A. Not without reading the case report.

9 Q. Okay. And opposing counsel's quite rightly  
10 going to object to the next -- next question on  
11 grounds of speculation, but I -- but I really just am  
12 trying to understand. So that's fine.

13 Do you have any sense of why you might have  
14 been listed in a case as a potential witness that you  
15 don't have any recollection of? I mean, I'm asking  
16 you to speculate, and I understand it's a speculative  
17 question. I'm just trying to find out for my own --

18 MS. BARTON: Well, to the extent that he  
19 asks -- that you're asking him to speculate, then I  
20 would object.

21 MR. DiCIANNI: I'll join.

22 BY MR. SHAPIRO:

23 Q. Go ahead. What do you think?

24 A. I would guess it had to do with my

147

1 employment as a detective. I don't know.

2 Q. Okay. Do you have any knowledge of anything  
3 that was done in the Lockmiller investigation to  
4 exclude Murray as a suspect?

5 A. I -- no.

6 Q. Okay. Do you remember testifying at trial  
7 in this case?

8 A. I do.

9 Q. I'm sorry. By this case, I mean the  
10 Lockmiller case.

11 A. I do.

12 Q. Okay. Do you recall that the prosecution  
13 argued in the case that suspects other than Beaman  
14 had been excluded and that Beaman was the only  
15 remaining suspect?

16 MS. BARTON: I'll object to form.

17 THE WITNESS: I don't believe that was in my  
18 testimony.

19 BY MR. SHAPIRO:

20 Q. Were you present for parts of the trial  
21 other than your own testimony?

22 A. I was not.

23 Q. Okay. Based on the portions of the  
24 investigation that you're familiar with, are you

148

1 aware of any evidence against Alan Beaman other than  
2 circumstantial evidence?

3 A. I have not read the entire case report. I  
4 don't know.

5 Q. Okay. And -- and -- and that's why I'm  
6 asking based on what's familiar to you. And with  
7 regard to the university investigation that is  
8 familiar to you, are you aware of anything other than  
9 circumstantial evidence against Mr. Beaman?

10 A. I am not.

11 MS. BARTON: Objection, form.

12 MR. DiCIANNI: Join.

13 BY MR. SHAPIRO:

14 Q. I'm just going to read a very brief question  
15 and answer of -- from a 2004 deposition regarding  
16 this case that was given by Mr. Souk.

17 "Question: This is an entirely  
18 circumstantial case?

19 Answer: It was."

20 Based on what you know about this case, do  
21 you have any basis to disagree with that  
22 characterization?

23 A. I do not.

24 Q. Are you aware of any investigation that was  
149

1 undertaken as to whether some unknown sexual partner  
2 killed Jennifer Lockmiller?

3 A. I don't recall.

4 Q. Are you aware of any investigation as to  
5 whether just some random person was the murderer?

6 A. I don't recall.

7 Q. Are you aware of any investigation that was  
8 undertaken to determine whether the murderer was a  
9 home invader?

10 A. I don't recall.

11 Q. Are you aware of any investigation that was  
12 undertaken to determine whether the murderer was  
13 someone who had stalked Jennifer Lockmiller?

14 A. I don't recall.

15 Q. Are you aware of any investigation that was  
16 done to attempt to ascertain all of the people who  
17 had classes with Jennifer Lockmiller?

18 A. I don't have any knowledge of that.

19 Q. Are you aware of any investigation that was  
20 undertaken to determine all of the people that  
21 Lockmiller worked with at the newspaper, the Vidette?

22 A. I don't have any knowledge of that.

23 Q. Are you aware of any investigation that was  
24 undertaken to determine whether the murderer was

150

1 someone that Jennifer Lockmiller knew from the gym?

2 A. I'm not aware of that.

3 Q. As the evidence custodian, would you have  
4 been the person who received any physical evidence  
5 that was recovered from Mr. Beaman's vehicle?

6 A. Eventually, yes.

7 Q. Are you aware of any physical evidence  
8 recovered from Mr. Beaman's vehicle?

9 A. I believe there was some evidence. I don't  
10 recall exactly what it was.

11 Q. Do you have any thoughts on what it was at  
12 all?

13 A. I'm thinking some papers or receipts or  
14 something. I don't remember.

15 Q. Are you -- are you -- are you referring to a  
16 receipt that would have indicated the number of miles  
17 on Mr. Beaman's car when he got his tires changed?

18 A. I think it was something about that, yes.

19 Q. Okay. Are you aware of any other evidence  
20 recovered from Mr. Beaman's car at any point in the  
21 investigation?

22 A. I know there was some. I don't recall  
23 exactly what it was.

24 Q. Are you -- are you -- are you talking about

151

1 documentation related to the odometer or mileage,  
2 that sort of thing?

3 A. I know that was recovered, yes.

4 Q. Okay. Do you have any knowledge of any  
5 evidence recovered from Mr. Beaman's vehicle other  
6 than, you know, evidence concerning the odometer or  
7 mileage?

8 A. I don't recall.

9 Q. Okay. Was a search performed of  
10 Mr. Beaman's home?

11 A. I don't recall.

12 Q. And just to be a little bit more -- more  
13 clear, do you have any recollection of a search being  
14 conducted of either his family home in Rockford or  
15 his -- his -- his the place where he lived during the  
16 year in -- in Bloomington-Normal?

17 A. I don't recall.

18 Q. Do you have any knowledge of any effort  
19 being made to speak to the regulars at the bars that  
20 Jennifer Lockmiller would visit?

21 A. I don't have any information on that.

22 Q. Okay. Do you have any information as to  
23 whether the bartenders or other staff at the bars  
24 that Lockmiller would frequent were contacted as part

152

1 of the investigation?

2 A. I don't have any information on that.

3 Q. Do you have any information about efforts  
4 being made to track down individuals that Lockmiller  
5 might have encountered at a rehab clinic?

6 A. I don't have any information on that.

7 Q. Would it be fair in your estimation to say  
8 that Lockmiller spent time with a lot of different  
9 men?

10 A. I believe that was accurate.

11 Q. And she would -- she liked to go to bars and  
12 meet people?

13 A. That's my recollection.

14 Q. And she'd -- she'd -- she'd flirt with men  
15 at bars?

16 A. I don't have any knowledge of that.

17 Q. Okay. She drank a lot?

18 A. My recollection is that she was a drug user.

19 Q. Uh-huh. Do you recall that she -- she did  
20 drugs with a number of different people?

21 A. I don't recall that. I wouldn't doubt it,  
22 though.

23 Q. Uh-huh. And -- and -- and why wouldn't you  
24 doubt it?

153

1           A.    I think I heard that.  I don't have any  
2   direct recollection of that.

3           Q.    Uh-huh.  Fair to say she had a number of  
4   sexual partners?

5           A.    I believe she did.

6           Q.    Fair to say that there were a number of  
7   different people who moved in and out of Lockmiller's  
8   life?

9           A.    I believe there was.

10          Q.    In light of that, do you think it would have  
11   been an important component of the investigation to  
12   try to identify all of Lockmiller's acquaintances?

13          A.    Yes.

14          Q.    Are you aware of any evidence that indicated  
15   that this was a crime with a sexual motive?

16          A.    I'm not.

17          Q.    Okay.  And I believe you said earlier you're  
18   not aware of any evidence that would indicate a  
19   staged rape?

20          A.    I'm not.

21          Q.    Okay.  Someone who's -- who's dealt  
22   extensively with crime scenes, is the fact that there  
23   was a fan found on top of Jennifer Lockmiller's face  
24   an indication to you in any way that -- I'm sorry, on  
154

1 top of her body, an indication of an impersonal crime  
2 to you?

3 MR. DiCIANNI: Any what?

4 MR. SHAPIRO: An impersonal crime.

5 MR. DiCIANNI: Im, im, i-m-p-e-r?

6 MR. SHAPIRO: Yes.

7 MR. DiCIANNI: I'll object to vagueness.

8 THE WITNESS: Repeat the question, please.

9 BY MR. SHAPIRO:

10 Q. Sure. Do you recall there was a fan  
11 found --

12 A. I do.

13 Q. -- on top of the body?

14 A. Yes.

15 Q. Does that in any way indicate to you that  
16 this was an impersonal crime committed by someone  
17 that Lockmiller did not know?

18 A. I did not come to that conclusion, no.

19 Q. As you sit here right now, what do you think  
20 of that argument?

21 A. I still wouldn't come to that conclusion.

22 Q. Can -- can -- can you explain to me why --  
23 why you don't agree?

24 A. There's any number of ways that fan could

155

1 have ended up where it did. Is that a possibility?

2 Sure.

3 Q. Uh-huh. So the fan, for example, could have  
4 just fallen off the dresser and landed on her?

5 A. Well, it was certainly used in the  
6 commission of a crime; and it could have ended up  
7 there by being drug there, it could have been placed  
8 there. There's many ways it could have got there.

9 Q. Okay. There's -- there's -- there's one  
10 thing I think I should clarify here. I think you  
11 testified earlier that your recollection was that she  
12 was strangled with the cord --

13 A. Cord.

14 Q. -- of the fan, right?

15 A. Yes.

16 Q. So I'll represent to you that actually she  
17 was found with a cord of an alarm clock --

18 A. Alarm clock.

19 Q. -- around her neck.

20 A. Okay. Yes, yes, yes.

21 Q. Okay. Okay. Okay.

22 So with the clarification that -- that  
23 the -- the fan apparently was not used in the  
24 strangulation --

156

1 A. Okay.

2 Q. -- does the presence of a fan on top of the  
3 body indicate a crime committed by someone who  
4 Lockmiller did not know in any way?

5 A. Based only on that information, I would not  
6 come to that conclusion.

7 Q. Uh-huh. Sure. I understand that it would  
8 be, you know, one might not leap to that conclusion  
9 based solely on that -- that information.

10 Is it information suggesting that the  
11 possibility of a murder by someone she didn't know  
12 was something that warranted further investigation?

13 MR. DiCIANNI: Well, would you read back the  
14 question.

15 (Whereupon, the record was  
16 read as requested.)

17 MR. SHAPIRO: Why don't I re-ask that  
18 question.

19 MR. DiCIANNI: Yeah.

20 BY MR. SHAPIRO:

21 Q. I understand that in your view standing  
22 alone the fact that there was a fan on top of the  
23 body does not prove that the murderer did -- and  
24 Lockmiller did not know each other.

157

1 BY MR. SHAPIRO:

2 Q. Lieutenant Warner, you mentioned that you  
3 had reviewed an interview that you performed of  
4 Morgan Keefe. Is Exhibit 20 a transcript of that  
5 interview?

6 A. It appears that it is.

7 Q. Okay. And let me again ask you to read a  
8 portion of this interview transcript as well, but  
9 beginning point is on page 1353.

10 A. Okay.

11 Q. And the beginning point will be your  
12 question: "So you, Kelly, and Jen went where on  
13 Saturday?"

14 A. Okay.

15 Q. And the ending point will be on the  
16 following page, page 1354, two-thirds of the way  
17 down. You say, Monday night. And Ms. Keefe responds  
18 uh-huh, indicating yes?

19 A. Yep.

20 Q. Okay. Take a moment to read that.

21 A. I'm sorry. Where were we starting again?

22 Q. 1353. "So you, Kelly, and Jen went where on  
23 Saturday?"

24 A. Okay. Thank you.

159

1           Okay.

2           Q.   In the portion of the -- well, first let me  
3 ask you, do you -- do you have any independent  
4 recollection of the portion of the interview with  
5 Ms. Keefe that you just reviewed?

6           A.   No, I do not.

7           Q.   Okay.  In the portion of the interview that  
8 you just reviewed, Ms. Keefe is -- is -- is talking  
9 about an occasion on Saturday before the murder, the  
10 Saturday before the murder, when Lockmiller went out  
11 with Morgan Keefe and Kelly Hamburg, right?

12          A.   Yes.

13          Q.   Okay.  And in that portion of the interview,  
14 Keefe tells you that on that Saturday, the group was  
15 walking between two bars and encountered a couple of  
16 guys, right?

17          A.   Yes.

18          Q.   And that there was an exchange of phone  
19 numbers between one of the guys and Lockmiller.  
20 Either she gave him her number or the other way  
21 around, right?

22          A.   There was something written on a napkin,  
23 yes.

24          Q.   Uh-huh.  And that was a phone number that

160

1 was written on the napkin, right?

2 A. I don't -- did it say that? I don't  
3 remember. I thought she wasn't sure what she wrote.

4 Q. Oh, maybe you're right. So she says -- I  
5 guess we're on the top of 1354 --

6 A. It might have been her phone number.

7 Q. Okay. So there was an encounter with --  
8 with the two guys between the two bars. Something  
9 was written down on a napkin, and Keefe thought that  
10 it might have been a phone number, right?

11 A. Yes.

12 Q. Are you aware of any efforts that were made  
13 to ascertain the identity of the men that Lockmiller  
14 met in between two bars on a Saturday before her  
15 murder?

16 A. I'm not aware of any, no.

17 Q. Okay. Do you view that as an angle that  
18 should have been followed up on?

19 A. I think it should have, yes.

20 Q. Okay. And in that same portion of the  
21 interview that you just reviewed, Keefe also told you  
22 that on the Saturday before the murder, Lockmiller  
23 met a guy in a bar who lived in Woodstock and went to  
24 ISU, right?

161

1 A. Yes.

2 Q. Okay. Was any effort made, to your  
3 knowledge, to identify that individual?

4 A. I have no knowledge of that.

5 Q. Okay. In your view, is that something that  
6 should have been followed up on?

7 A. I think so.

8 MR. SHAPIRO: Mark this as 21, please.

9 (Whereupon, Warner Deposition  
10 Exhibit No. 21 was marked for  
11 identification, CML.)

12 BY MR. SHAPIRO:

13 Q. Exhibit 21 is a transcript of an interview  
14 that you conducted with Heidi Steinman, correct?

15 A. Yes.

16 Q. And if I can could direct your attention to  
17 page eight of the interview.

18 A. Page eight?

19 Q. Yes. That also bears Bates number AB 1433.

20 A. Okay.

21 Q. And toward the bottom of the page, do you  
22 see where it says: "Heidi: I remember she said ..."

23 A. I'm sorry. I don't see that.

24 Q. "I remember she said -- I don't know his

162

1 name."

2 A. Oh, yes, I see that.

3 Q. Okay. This is a just short excerpt, so I'll  
4 read it aloud.

5 "Heidi: I remember she said -- I don't know  
6 his name, but she said she met a guy at a bar, and he  
7 kept calling her, but I don't know.

8 Dave: Do you know when that was?

9 Heidi: I bet it was, like, August 20th or  
10 21st that weekend."

11 Did I read that correctly?

12 A. You did.

13 Q. Okay. So Heidi Steinman also referred to  
14 someone that Lockmiller met shortly before the murder  
15 in a bar, right?

16 A. That is correct.

17 Q. Okay. And Steinman also reported that this  
18 individual kept calling Lockmiller after that  
19 encounter, right?

20 A. She did.

21 Q. Okay. To your knowledge, was any effort  
22 made to ascertain the identify of this individual?

23 A. I have no knowledge of it.

24 Q. Okay. In your view, is this an angle that

163

1 should have been followed up on?

2 A. I believe so.

3 Q. Okay. Let me direct your attention to  
4 Exhibit 17 which is in the large packet.

5 A. Okay.

6 Q. And you can go ahead and review Plaintiff's  
7 Exhibit 17 before I ask some questions about it.

8 A. All right.

9 Q. Do you have any independent recollection of  
10 the individual, Danny Hosey, who's described in this  
11 exhibit?

12 A. I do not.

13 Q. The exhibit indicates that you and  
14 Officer Hospelhorn had an encounter with Mr. Hosey on  
15 September 27, 1993, correct?

16 A. It appears we were sent there.

17 Q. Okay. And when you arrived there,  
18 officer Ludington informed you that Hosey was found  
19 with knives in his car with a substance on them that  
20 appeared to be blood; is that correct?

21 A. It's unclear to me if Ludington was there.

22 Q. Okay. But -- but in any event, the report  
23 indicates to you -- strike that.

24 The report indicates that Ludington had

164

1 found knives with what appeared to be blood in  
2 Hosey's car, right?

3 A. That's what it says, yes.

4 Q. And the report further indicates that the  
5 following day, September 28, Hospelhorn and Ellington  
6 went to the truck stop where Hosey was apparently  
7 temporarily living or camped out and spoke with him,  
8 right?

9 A. That's what it says.

10 Q. And -- and -- and you -- you weren't present  
11 for that second part of it as far as you know, right?

12 A. Does not appear that I was.

13 Q. Okay. And under the victim's name on this  
14 report, it says Jennifer Lockmiller, correct?

15 A. It does.

16 Q. And that indicates that the purpose of this  
17 report is that it relates to the Lockmiller homicide  
18 investigation, right?

19 A. It has the homicide case number on it, case.

20 Q. Uh-huh. You wouldn't put that on a police  
21 report that had nothing to do with the Lockmiller  
22 homicide investigation, right?

23 A. No.

24 Q. Okay. And the des -- Officer Hospelhorn's

165

1 description of the second -- of the encounter with  
2 Hosey, the one which you were not present, describes  
3 him as a manic depressant who has been off his  
4 medication, right?

5 A. It does.

6 Q. It also says that he seems disoriented and  
7 started to recite passages from the bible, right?

8 A. It does.

9 Q. Based on what you know about these events  
10 involving Danny Hosey based on this report, do you  
11 think that Hosey should have been further  
12 investigated in connection with the Lockmiller  
13 homicide?

14 A. It sounds to me that he refused to  
15 voluntarily cooperate with -- with anything.

16 Q. Okay. So he -- so he -- he didn't -- he  
17 didn't cooperate. Is it your view that after having  
18 not cooperated that should have been the end of any  
19 investigation into whether Hosey was involved in the  
20 Lockmiller homicide?

21 A. I don't know what else they would have done  
22 at that point. They had no reason to detain him.

23 Q. Well, the report indicates that  
24 Officer Ludington had found knives in Hosey's car

166

1 with what appeared to be blood, right?

2 A. That's what he reported, yes.

3 Q. Uh-huh. Could a test have been run on those  
4 knives to ascertain whether it was blood?

5 A. Test could have been done, yes.

6 Q. Could a test have been run to determine  
7 whether the substance on the knives was  
8 Jennifer Lockmiller's blood?

9 A. Could have.

10 Q. Do you think that those would have been  
11 sensible steps to take?

12 A. I believe the puncture wounds were caused by  
13 a pair of scissors.

14 Q. So you don't think the fact that he was  
15 found with knives in his car with what appeared to be  
16 blood was something warranted further investigation  
17 to determine whether the substance was blood?

18 A. I think the -- no, I don't.

19 Q. Do you think that a criminal background  
20 check should have been run on Mr. Hosey?

21 A. I think that would be reasonable.

22 Q. Do you have any reason to think that a  
23 criminal background check was run?

24 A. I have no information that one wasn't.

167

1 Q. You have no information either way?

2 A. No.

3 Q. And you have no information either way as to  
4 whether any tests were run on the knives, on the  
5 blood on the knives, right?

6 A. I do not.

7 Q. Okay. Was any inquiry made, to your  
8 knowledge, as to whether crimes similar to the  
9 Lockmiller murder had been committed?

10 MS. BARTON: I'll object to form and  
11 foundation.

12 MR. DiCIANNI: I'll join.

13 THE WITNESS: Would you repeat the question,  
14 please?

15 BY MR. SHAPIRO:

16 Q. Sure. Was there any attempt to ascertain  
17 whether crimes similar to the Lockmiller murder had  
18 occurred?

19 A. I don't --

20 MS. BARTON: Same objection.

21 THE WITNESS: I don't recall.

22 BY MR. SHAPIRO:

23 Q. Is there any sort of database or service  
24 that was available to the Normal Police Department

168

1 that would have enabled officers to determine whether  
2 similar crimes had been committed?

3 A. Yes.

4 Q. Can you describe that database or core  
5 information --

6 A. I believe it's the MOCIC database. You can  
7 fill out an inquiry and --

8 MS. BARTON: Can you repeat that.

9 THE WITNESS: MOCIC.

10 You fill out an inquiry, describe what you're  
11 looking for, and they search their database.

12 BY MR. SHAPIRO:

13 Q. And I'm sorry. What does the acronym stand  
14 for?

15 A. I don't remember.

16 Q. Would you just repeat the acronym again.

17 A. MOCIC.

18 Q. MOCIC. Okay.

19 And is it fair to say that the purpose of  
20 that database is to enable investigators in one crime  
21 to gain leads by comparing that crime with other  
22 similar crimes?

23 A. That would be the purpose, yes.

24 Q. Uh-huh. And -- and -- and that's an

169

1 important purpose because certain crimes have  
2 hallmarks that may be associated with a particular  
3 single individual, right?

4 A. They can.

5 Q. And that -- that -- that's the purpose of  
6 the database, right?

7 A. I'm not sure if that's the only purpose of  
8 the database.

9 Q. Okay. Well, I mean, one -- I'm not trying  
10 to put -- put words in your mouth, but is it -- is  
11 it -- is it fair to say -- and, you know, I don't --  
12 I don't know this -- know this well, so please  
13 correct me.

14 Is it fair to say that one reason the  
15 database exists is to help police gain leads in one  
16 crime by comparing it to other similar crimes?

17 A. Yes.

18 Q. Okay. And are you aware of -- strike that.

19 To your knowledge, was there any effort in  
20 the Lockmiller homicide investigation to use that  
21 database to ascertain whether similar crimes have  
22 been committed?

23 A. I have no knowledge of that.

24 Q. And -- and -- and I believe you said earlier

170

1 you do not have any knowledge of anything being done  
2 to compare this crime to other possible similar  
3 crimes, right?

4 A. I do not.

5 Q. Do you think that attempting to compare the  
6 Lockmiller murder to other possible similar crimes  
7 would have been worth doing?

8 MR. DiCIANNI: Objection, for -- foundation.

9 MS. BARTON: I'll join.

10 THE WITNESS: I suppose that value would  
11 determine what you found out.

12 BY MR. SHAPIRO:

13 Q. Well, you don't know what you're going to  
14 find out until you try, right?

15 A. Then I don't know the value.

16 Q. Well, fair to say that that's true of many  
17 things in an investigation, right? There -- there --  
18 there -- there's steps that one should take, but you  
19 don't really know if they're going to pan out until  
20 they're done, right?

21 A. Yes.

22 Q. Okay. And so as an investigator, one has to  
23 make judgments as to whether something is  
24 sufficiently likely to be fruitful before undertaking

171

1 it, right?

2 A. It's something that could have provided  
3 information.

4 Q. Uh-huh. Would it have been a good practice  
5 to check for similar crimes?

6 A. Yes.

7 Q. So in the Lockmiller murder, the body was  
8 arranged in an awkward and somewhat unusual position.  
9 Would you agree with that characterization?

10 A. Yes.

11 Q. And the victim was stabbed with a scissors  
12 in between her breasts, right?

13 A. Yes.

14 Q. And that stabbing with the scissors occurred  
15 when the victim was already dead, right?

16 A. I believe so.

17 Q. Do any of those factors stand out to you as  
18 ones that might suggest a killer with a particular  
19 hallmark?

20 A. It could also suggest that -- there could be  
21 many suggestions about that.

22 Q. I understand that, but -- but -- but the  
23 question is -- is one thing that it could suggest a  
24 killer a particular hallmark?

172

1 A. Sure.

2 Q. Are you aware of any evidence that was  
3 encountered -- strike that.

4 Are you aware of any evidence that was  
5 uncovered during the course of the investigation that  
6 Alan Beaman had ever been violent to any person?

7 A. Evidence? No, I don't think so.

8 Q. Let me direct your attention to Exhibit 16  
9 toward the back of the packet of exhibits.

10 A. Okay.

11 Q. Do you know whose notes are shown in  
12 Exhibit 16?

13 A. I do not.

14 Q. Okay. They're not your notes?

15 A. They're not.

16 Q. Toward the top on the left-hand column of  
17 the first page of Exhibit 16, do you see that there  
18 are four S's with circles around them?

19 A. I do.

20 Q. Is that a notation you're at all familiar  
21 with?

22 A. I don't know. That could mean -- I don't  
23 know, suspect, I suppose. I don't know.

24 Q. And you see that appears next to individuals

173

1 including John Murray; Bubba, presumably Stacey  
2 Gates; and Alan, presumably Alan Beaman, right?

3 A. I do.

4 Q. Okay. And the notation after John Murray  
5 Larbi says drug supplier, question mark, right?

6 A. Yes.

7 Q. The notation next to Rob Curtis says  
8 stalking type, right?

9 A. Yes.

10 Q. Okay. So looking at these notations as a  
11 whole, do you think it's reasonable to conclude that  
12 the S notations indicate that these individuals were  
13 suspects?

14 MR. DiCIANNI: I'll object to speculation.

15 MS. BARTON: And foundation.

16 THE WITNESS: Yeah, I don't know what the  
17 writer of this was thinking.

18 BY MR. SHAPIRO:

19 Q. Can you think of any other explanation than  
20 they're being suspects?

21 MR. DiCIANNI: Objection, speculation.

22 MS. BARTON: Same.

23 THE WITNESS: It could be 5's. I don't know.

24

174

1 BY MR. SHAPIRO:

2 Q. Did Detective Daniels express any doubts  
3 about Beaman's guilt to other investigators?

4 MR. DiCIANNI: Object to foundation.

5 MS. BARTON: I'll join.

6 THE WITNESS: I don't know what he told other  
7 investigators.

8 BY MR. SHAPIRO:

9 Q. Uh-huh. Did he express doubts to you?

10 A. I don't recall any.

11 Q. There was a meeting held on May 16, 1994  
12 where a decision was made to charge Mr. Beaman. You  
13 weren't present at that meeting, right?

14 A. I don't recall.

15 Q. Earlier you testified that when an  
16 investigator completes a report, that report would be  
17 reviewed and signed by a supervisor?

18 A. Yeah.

19 Q. Okay. And what's -- what's -- what's the  
20 purpose of having the supervisor sign and review the  
21 reports?

22 A. Make sure it contains necessary information.

23 Q. No -- I'm sorry?

24 A. Make sure it contains necessary information.

175

1 Q. Okay. So if necessary information were  
2 omitted, one of the supervisor's responsibilities  
3 would be to correct that, right?

4 A. Send it back, right.

5 Q. Can you think of any reason why reports by  
6 an investigator in this case would not have been  
7 signed by a supervisor?

8 A. I don't know.

9 Q. Okay. Let me -- let me ask you the question  
10 with -- with regard to some -- some specific  
11 documents.

12 Let's first turn to Exhibit 2 in the packet,  
13 if you would.

14 A. Okay.

15 Q. I'm just going to ask you -- I'm not going  
16 to ask you questions, I think, that will require any  
17 sort of line-by-line review of this report. If you  
18 disagree with that and want to review it, just let me  
19 know, and we can do that.

20 But the question is this: Exhibit 2 is a  
21 report prepared by Timothy Freesmeyer in this case,  
22 right?

23 A. That's correct. That appears to be right.

24 Q. And Exhibit 2 you'll see contains at the

176

1 bottom of each page a field for supervisor's name and  
2 ID; is that right?

3 A. It does.

4 Q. Okay. And this, I think, will require you  
5 to flip through. The question is going to be every  
6 page in this exhibit has a blank where the  
7 supervisor's signature should be?

8 A. It does.

9 Q. Okay. If you would turn to Exhibit 3.

10 A. Okay.

11 Q. Exhibit 3 appears to be a continuation  
12 report prepared by Detective Freesmeyer in this case,  
13 right?

14 A. It appears that way, yes.

15 Q. And I think you know what the next question  
16 is -- is -- is going to be. This continuation report  
17 by Freesmeyer is blank on every page in the field for  
18 the supervisor's signature, correct?

19 A. Correct.

20 Q. Okay. Can you think of any reason why these  
21 reports by Freesmeyer would not have been signed by a  
22 supervisor?

23 A. I have no idea why it wasn't signed by a  
24 supervisor.

177

1 Q. Okay. Let me direct your attention to  
2 Exhibit 5.

3 A. Yep.

4 Q. Okay. So Exhibit 5 is a -- is a report by  
5 Freesmeyer that has been signed by the supervisor,  
6 Lieutenant Zayas, right?

7 A. That's correct.

8 Q. Okay. And if you flip back to Exhibit 2,  
9 I'm just going to ask you whether Exhibit 5 is the --  
10 appears to be the first 24 pages of Exhibit 2?

11 A. I'm sorry. What?

12 Q. Yeah, it's a -- maybe I'll make a statement,  
13 and you can -- you can tell me if you agree or  
14 disagree. The statement is that Exhibit 5 --

15 A. Okay.

16 Q. -- contains the first 24 pages of the  
17 Freesmeyer report shown in Exhibit 2 and the first 24  
18 pages are signed?

19 A. Without -- I don't know is my answer.

20 Q. Okay. All right. Well -- well, I think --  
21 I mean, I think -- I think there's a way to cut --  
22 cut through this a little more quickly. Let's -- let  
23 me point you to Exhibit 6.

24 A. 6, okay.

178

1 Q. Exhibit 6 is a -- three pages of a report by  
2 Freesmeyer that are signed by Zayas, right?

3 A. Yes.

4 Q. Okay.

5 A. I think. Yes.

6 Q. Okay. So -- so just to save the time of  
7 your having to, you know, compare everything, I'll  
8 just -- I'll just represent to you and ask you to  
9 take it as true for purposes of this question that  
10 taken together, Exhibit 5 and 6 are the first 26  
11 pages of Exhibit -- of Exhibit 2. And that after  
12 those first 26 pages, we haven't gotten any further  
13 pages of this report by Freesmeyer signed by Zayas,  
14 okay. Does that make sense?

15 A. Is that what you're telling me?

16 Q. I'm telling you that.

17 A. Okay.

18 Q. I'm not asking. Right.

19 And the last pages of the report of  
20 Exhibit 24 through 26 --

21 A. 20 -- I don't have.

22 Q. I'm sorry. Exhibit 6, pages 24 to 26.

23 A. These aren't numbered.

24 Q. I'm sorry. They're numbered at the top on  
179

1 Freesmeyer --

2 A. Okay, that number. 24 to -- okay. What was  
3 your question?

4 Q. So I'm just -- I'm just going to represent  
5 to you that -- that -- that, you know, this is the  
6 latest date, September 24, 1993 that we have a signed  
7 portion of the report from Freesmeyer -- from -- this  
8 is the last part of the report that we have with a  
9 signature from Zayas, okay?

10 A. Okay.

11 Q. So can you -- can you think of any reason  
12 why Zayas would stop signing Freesmeyer's reports as  
13 of late September '93?

14 A. I have no idea.

15 Q. Would that be a departure from protocol?

16 MR. DiCIANNI: I'll object to form of the  
17 question.

18 BY MR. SHAPIRO:

19 Q. Would it -- would it -- I'll rephrase the  
20 question.

21 Would it be a departure from protocol for  
22 portions of an investigator's report not to be signed  
23 by a supervisor?

24 A. I would expect them to be signed if they

180

1 were turned in to the supervisor.

2 Q. Why would you expect them to be signed?

3 A. That's what typically happens.

4 Q. Uh-huh. And if they're not signed, is that  
5 an indication that there's something wrong with the  
6 report?

7 MR. DiCIANNI: I'm going to object,  
8 speculation.

9 THE WITNESS: I don't know why they weren't  
10 signed. I wouldn't speculate the cause. I don't  
11 know.

12 BY MR. SHAPIRO:

13 Q. Have you ever turned in a report that a  
14 supervisor refused to sign?

15 A. I -- you know, I don't look at them after  
16 they're signed. They get turn -- if they get signed,  
17 they get turned in.

18 Q. Uh-huh. And if they're not signed, would  
19 they be sent back to you?

20 A. They could be. I don't know why they were  
21 not signed.

22 Q. Do you have any recollection of a conference  
23 in Florida about cold cases that occurred during the  
24 Lockmiller homicide investigation? I don't believe

181

1 you attended.

2 A. I don't think I went to Florida.

3 Q. I don't think you did either. My question  
4 is do you recall anyone else doing that?

5 A. I do not.

6 Q. Okay. Do you have any recollection of a  
7 meeting with the Chicago Police Department's violent  
8 crimes unit held by investigators in this case?

9 A. I do not.

10 Q. Do you have a view as to whether Alan Beaman  
11 killed Jennifer Lockmiller?

12 A. I have not read the complete case file. I  
13 don't know.

14 Q. Is there any aspect of the investigation --  
15 of the Lockmiller homicide investigation that you  
16 believe should have been done differently?

17 A. I have not read the entire case file. I  
18 don't know what was done.

19 Q. So -- so -- so you don't have a view as to  
20 whether the investigation was thorough and complete?

21 A. I've not read the whole case file. I don't  
22 know what was done.

23 Q. Okay. We discussed earlier that you've been  
24 a part of this community for -- for a long time?

182

1 A. Yes.

2 Q. And is it fair to say that as a resident of  
3 this community and a police officer who works in this  
4 community, you've had an opportunity to observe how  
5 it's changed over the years?

6 A. Yes.

7 Q. Okay. Would it be fair to say that -- that  
8 in the '90s in this area and particularly around the  
9 universities there was a rebirth so-to-speak of the  
10 hippy movement?

11 A. The '90s?

12 Q. Yeah, that -- maybe a better way of phrasing  
13 it is there was sort of neo-hippies with long hair,  
14 that sort of thing?

15 A. I think long hair came back into being  
16 popular. I don't know about any movement.

17 Q. Okay. Movement is probably a wrong -- wrong  
18 way to put it.

19 There were -- there were a group people in  
20 the late '90s who in general had certain  
21 characteristics; longer hair, casual attitude toward  
22 substance abuse, devotion to particular kinds of  
23 music, limited respect for authority and tradition.  
24 Is that making any sense to you?

183

1 A. Is that a question or a statement?

2 Q. Yeah. Well, I'm asking would you agree with  
3 that statement and if not, you know, where -- where  
4 is it going wrong?

5 A. You have to repeat the question. You lost  
6 me.

7 Q. Okay. Well, you -- you -- you remember that  
8 I think you said that there was sort of group of  
9 folks in the early '90s who were wearing their hair  
10 longer?

11 A. Yes.

12 Q. Were there any other characteristics you'd  
13 associate with that group?

14 A. Like you said, certain music. I don't  
15 remember.

16 Q. Casual attitude toward the use of certain  
17 drugs?

18 A. Okay.

19 Q. You agree with that?

20 A. Sure.

21 Q. Limited respect for authority and tradition?

22 A. That's been going downhill for a long time.

23 Q. And these guys were a part of it, right?

24 A. A lot of people are part of that.

1 Q. Okay. In the -- in the early '90s, were --  
2 was the police department having to deal with a lot  
3 of these people with drug convictions, drug arrests;  
4 that sort of thing?

5 A. I guess I don't like the term "these  
6 people."

7 Q. Yeah, that's --

8 A. That's offensive to me.

9 Q. Okay. Well, I -- I -- I'm not trying to be  
10 offensive.

11 A. No, I know you're not.

12 Q. I'm trying to talk about a group with  
13 certain characteristics, and I'm not trying to --

14 A. And you're asking if we were biased against  
15 them.

16 Q. No, no, no, no. I'm not asking --

17 A. Ask the question.

18 Q. Sure. I'm asking whether -- whether you --

19 A. I'm totally lost here.

20 Q. No, no, no, no. That's fair.

21 I'm asking whether you -- whether the police  
22 department regularly had occasion to have to arrest  
23 or charge people belonging to that group with drug  
24 offenses, disturbing the peace, public drunkenness;

185

1 that sort of thing?

2 A. We regularly had occasion.

3 Q. Uh-huh.

4 A. I'm sure we arrested some people that fit  
5 that description. I don't know how many.

6 Q. Uh-huh. In your view, was -- was -- was  
7 there any tension between the -- the -- the police  
8 department and that group?

9 A. I don't recall any.

10 Q. Okay.

11 MR. DiCIANNI: David, I remember the real  
12 '60s when those questions first started coming up. By  
13 the '90s, that was not a reality anymore.

14 MR. SHAPIRO: Fair enough.

15 Why don't we take a break.

16 THE WITNESS: Thank you.

17 THE VIDEOGRAPHER: Off the record, 3:32.

18 (Whereupon, a break was taken,  
19 after which the following  
20 proceedings were had:)

21 THE VIDEOGRAPHER: Back on the record, 3:42.

22 BY MR. SHAPIRO:

23 Q. You mentioned earlier, Lieutenant Warner, at  
24 one point Freesmeyer was promoted to the head of CID,

1 right?

2 A. Yes.

3 Q. Do you remember any sort of announcement or  
4 ceremony being associated with that promotion?

5 A. I don't believe there was much of a  
6 ceremony. There typically wasn't.

7 Q. Do you recall any discussion about the  
8 reasons for the promotion?

9 A. Not with me.

10 Q. Now, I'll represent to you that the two  
11 polygraphs we discussed earlier, the polygraph of  
12 Mr. Murray and Mr. Gates, were not provided to  
13 defense counsel during Mr. Beaman's criminal  
14 investigation. Do you have any explanation of why  
15 that would have happened?

16 A. I do not.

17 Q. Okay. Well, I just have one more question,  
18 but before I ask it, I want to say thank you for your  
19 time today. I apologize for any disruption  
20 associated with your schedule and with this -- this  
21 deposition.

22 Obviously I sit here as someone who believes  
23 that Mr. Beaman was wrongfully convicted and spent 13  
24 years in prison for something he didn't -- didn't do.

187

1 And I've done my best to ask you questions about the  
2 investigation today, but obviously as someone who --  
3 who wasn't there, I don't always know the best  
4 questions to ask.

5 So my question to you is is there anything  
6 that you think I should know or you think Mr. Beaman  
7 should know that we haven't covered today?

8 MR. DiCIANNI: Yeah, I'm going to object to  
9 that. I don't -- you can go ahead and answer.

10 THE WITNESS: No.

11 MR. SHAPIRO: Okay. Thank you.

12 MR. DiCIANNI: Done?

13 MR. SHAPIRO: Yes, I'm done with the  
14 questions.

15 MS. BARTON: I just have a couple.

16 MR. DiCIANNI: Sure.

17 CROSS-EXAMINATION

18 BY MS. BARTON:

19 Q. Lieutenant, right?

20 A. Yes.

21 Q. Lieutenant, you testified when Mr. Shapiro  
22 was asking you questions that you thought the State's  
23 Attorney's Office should have received a copy of the  
24 polygraph reports, right?

188

1 A. I did.

2 Q. And that would include John Murray's report  
3 and also Stacey Gates's, right?

4 A. Correct.

5 Q. You didn't provide either one of those  
6 reports to anyone in the State's Attorney's Office,  
7 right?

8 A. Directly, no.

9 Q. Okay. And you didn't do anything to verify  
10 that the State's Attorney's Office received those  
11 reports, right?

12 A. I wouldn't verify if any report was sent  
13 over.

14 Q. But you didn't do that in this case, right?

15 A. No.

16 MS. BARTON: That's it. Thank you.

17 MR. SHAPIRO: Okay. No recross from me.  
18 Thank you.

19 MR. DiCIANNI: Okay. Re --

20 MR. SHAPIRO: Oh, I'm sorry.

21 MR. DiCIANNI: No, I don't have a question.  
22 I'm just saying we will reserve signature.

23 MR. SHAPIRO: Thank you very much.

24 THE VIDEOGRAPHER: This concludes the video  
189

1 deposition of Dave Warner. The time, 3:45.

5 I, CHRISTINE M. LUCIANO, Certified Shorthand  
6 Reporter, State of Illinois, DO HEREBY CERTIFY, that  
7 pursuant to agreement between counsel there appeared  
8 before me on December 18, 2012, at 201 Broadway  
9 Street, Normal, Illinois, DAVID WARNER, who was first  
10 duly sworn by me to testify to the whole truth of his  
11 knowledge touching upon the matter in controversy  
12 aforesaid so far as he should be interrogated  
13 concerning the same; that he was examined and his  
14 examination was taken down in shorthand by me and  
15 afterwards transcribed by stenographic means; that the  
16 deposition is a true record of the testimony given by  
17 the witness; and that the signature of the deponent is  
18 reserved.

19 IN WITNESS WHEREOF, I have hereunto set my  
20 hand this 2nd day of January, 2013.

MCCORKLE COURT REPORTERS  
200 North LaSalle Street, Suite 2900  
Chicago, Illinois 60601  
January 2, 2013

Ance1, Glink, Diamond, Bush, DiCianni & Krafthefer  
Mr. Thomas G. DiCianni  
140 South Dearborn Street, Suite 600  
Chicago, Illinois 60603  
RE: Beaman vs. Souk, et al.  
Dear Mr. Thomas G. DiCianni:

Enclosed is the deposition of DAVID WARNER,  
taken in the above-captioned matter on December 18,  
2012, along with the original errata sheet. Pursuant  
to the rules of court, please have the deponent read  
the transcript and sign the signature page.

Under the provisions of the Rules pertaining  
to the reading and signing of deposition transcripts,  
you have 28 days from the date of this notice to  
attend to this matter. If any corrections/changes are  
required, they must be made on the errata sheets, not  
on the transcript itself. All errata sheets must be  
signed. After you have completed the above, please  
send the original to the above address, and I will  
facilitate delivery of the errata sheet.

Our office has no authority to grant an  
extension of time for review of the transcript. So  
please understand that should you fail to sign and  
return the certificate within the specified time  
period, the unsigned deposition may then be used as  
fully as though signed, with certain exceptions under  
the Rules.

Very truly yours,

Christine M. Luciano, CSR

This is Detective Daniels of the Normal Police Department. I am present with Detective Rob Hospelhorn and a Mr. Alan Beaman. We are in the Winnebago County Sheriff's Department. Today's date is August the 28th, the approximate time is 11:02 p.m. We are conducting an interview with Mr. Beaman.

Tony: Could you state your complete name please?

Alan: Alan Wayne Beaman.

Tony: What is your address, Alan?

Alan: [REDACTED] Rockford, Illinois.

Tony: What is your date of birth?

Alan: [REDACTED]

Tony: And your home telephone please?

Alan: 962-6540 and area code 815.

Tony: Alan do you understand at present you are not under arrest?

Alan: I understand.

Tony: You also understand that you do not have to answer any questions you do not wish to answer?

Alan: I understand.

Tony: You also understand that you can leave at any time?

Alan: I understand.

Tony: Alan, can you tell us where you were this past week?

Alan: This past week I have been in Rockford working for my uncle.

Tony: And what type of work is that?

Alan: It's pretty much odd jobs, handywork. I've been painting mostly this week. In the past I've been doing some blacktopping, and uh, carpentry. I work at his store, he owns four Stores, Gray's IGA, and at night I work with another person, Dennis, who uh, he and I will do whatever needs to be done at whatever store.

*et al* (711)

Tony: Do you live here in Rockford?

Alan: Yes.

Tony: Are you on vacation from school in Normal?

Alan: Yes.

Tony: What school do you attend in Normal?

Alan: I attend Illinois Wesleyan University in Bloomington actually.

Tony: Where do you reside in Normal/Bloomington?

Alan: Uh, it depends, where I am going to or where have I?

Tony: Yes, what was your last address?

Alan: My last address was [REDACTED].

Tony: In Bloomington?

Alan: Yes.

Tony: Did you have an apartment number there?

Alan: Apartment #3

Tony: When did you come back home here in Rockford?

Alan: When did I come back home? Uh, it would have been like, August. The second week in August.

Tony: The second week?

Alan: No, it was in the middle of the first week in August actually.

Tony: Do you recall the day of week?

Alan: No I don't know exactly when.

Tony: Do you recall the date?

Alan: No.

C 1241

~~01/2/18~~ (7)

C08688

AB001253

Tony: Who are you staying with while you are back here in Rockford?

Alan: My parents.

Tony: So you have been back here since about the first, the middle of the first week in August, that would be around the 4th or 5th, does that sound right?

Alan: Yeh.

Tony: How did you get back...

Alan: Might have been a Wednesday.

Tony: Pardon me?

Alan: It might have been Wednesday.

Tony: Ok, how did you get back here from Normal?

Alan: I drove.

Tony: Did you drive with anyone?

Alan: No.

Tony: Ok. You've been back here in Rockford since the 4th of August is that correct?

Alan: Yes.

Tony: Did you make any return trips to Normal or to Bloomington?

Alan: No.

Tony: Did you make any trips outside of Rockford?

Alan: Uh, I went to Carpentersville to pick up a friend who had been stranded. That would have taken about twenty minutes.

Tony: Ok. What was that friends name.

Alan: Ed (Larkinson?)

Tony: And do you recall the date that was?

APPENDIX 002902

Alan: Uh, that would have been...last week? What's the date?

Tony: This is Saturday the 28th.

Alan: Saturday the 28th. It would have been like, last week sometime, I don't know.

Tony: What is your uncle's name?

Alan: Cliff Gray.

Tony: Spell his last name?

Alan: Gray.

Tony: And do you have his address?

Alan: Uh, Not off the top of my head, no.

Tony: Do you have his phone number?

Alan: Not off the top of my head.

Tony: How would I get ahold of Mr. Gray.

Alan: Uh, you would have to, probably call my parents and find out the number, or call the store, Gray's IGA. Or you could look it up in the phone book.

Tony: What were you doing today?

Alan: What was I doing today? Today I got up at about 3:00. I went to a rehearsal at church, cause I'm playing the guitar tomorrow morning, and uh, then when I got done with that it was about 6:00. I came back home, and was working on replacing, or not replacing but putting a tape deck into my car, my Dad was helping me. And that is what I have been doing up until I left my house and ten minutes later I got pulled over.

Tony: What were you doing yesterday, friday the 27th?

Alan: Yesterday? I, Ok. Um, I got up at like 9:00, cause I work nights, the graveyard shift. I got up at 9:00 and uh, I called a friend, and she and I went out to Denny's for coffee and, uh, then we went out to Sinissippi Gardens and went for a walk and then I went home, after I dropped her off, and went to bed.

Tony: You say you worked a graveyard shift, what kind of work do you do?

Alan: I already said, I just paint and, you know, tear this wall out and put this wall back and stuff.

Tony: You work at night?

Alan: Yeh, because that is when there is nobody in the store, to like, have to paint around, no food sitting along the counters.

Tony: Ok, that is at the IGA store that your uncle owns?

Alan: Yeh.

Tony: What were you doing, Thursday, the 26th of August?

Alan: Thursday, the 26th. Thursday. Well, I went to work Thursday morning and then when I got off work at 11:00, I went over to my uncles and I was going to start doing his driveway cause he wanted somebody to blacktop, or seal the blacktop in his driveway. And so I was just edging the driveway that day, and then I was getting tired so I went home and went to bed. Um got up and went to a party and, went back to work again.

Tony: What time did you go to work on the 26th?

Alan: 1:00 in the morning.

Tony: 1:00?

Alan: yep.

Tony: And what time you get off?

Alan: I got off at 11:00.

Tony: Is that 11:00 p.m. or 11:00 a.m.?

Alan: 11:00 a.m.

Tony: And you went home and went to bed?

Alan: Yeh.

Tony: What time did you get up?

Alan: I got up at around 7:00 or 8:00 maybe.

APPENDIX 002904

Tony: P.m.

Alan: Yeh.

Tony: You say you attended a party?

Alan: Yeh.

Tony: Where was that party?

Alan: It was on 15th Street, I don't know the exact address.

Tony: Who resides there?

Alan: David Olson.

Tony: O-L-S-O-N?

Alan: I think so.

Tony: Ok, how long did you stay at his party Thursday night?

Alan: I was at his party until I went to work.

Tony: Which was what time?

Alan: Which was 1:00 in the morning.

Tony: On Wednesday, August 25th, what did you do?

Alan: I'm trying to think what went on, I know I went to Olson's house that night too.

Tony: Do you recall what time?

Alan: His parents were out of town. Oh, probably around like 10:00 so I would have gotten up at about 7:00 or 8:00 and went and eaten with my Mom and Dad and ...

Tony: Are you saying 10:00 in the morning?

Alan: What? No, at night.

Tony: 10:00 p.m. at night, Wednesday night.

Alan: Yeh.

6

C 1245 222

(71)

C08692

AB001257

Tony: Who was there.

Alan: Who was there? People, just friends of mine.

Tony: Ok, what did you do after you went to this house?

Alan: Then I went to work.

Tony: What time did you go to work?

Alan: 1:00 in the morning.

Tony: So you went to his house at 10:00 p.m. and stayed there until about 1:00 a.m.?

Alan: Yeh.

Tony: What did you do prior to 10:00 p.m.?

Alan: I hung out with my Mom and my Dad.

Tony: And where were they?

Alan: At home.

Tony: Then during Wednesday, during the day, you were at home with your parents?

Alan: During the day, I was asleep.

Tony: Ok, where were you sleeping?

Alan: In my bedroom.

Tony: Ok, so you were at home, is that correct?

Alan: Yeh

Tony: On Tuesday, the 24th, where were you?

Alan: Same schedule, go to work, you know, that's what we all do.

Tony: Ok, so normally what time do you get off of work?

Alan: Normally, I get off at about, sometime between 9:00 and 11:00 and I go home and-go straight to bed after that and then I get up at about, uh, usually between 7:00 and 9:00.

7

C 1246

~~C-1223~~

(717)

C08693

APPENDIX 002906

And either I go out with my parents or I go out for a little while before I have to go to work again.

Tony: OK, so you work the graveyard shift, which is usually what, 1:00 until...

Alan: uh huh, 1:00 until 11:00 usually.

Tony: 1:00 in the morning until 11:00 in the morning?

Alan: Right.

Tony: Then you go home and get a few hours rest, sleep.

Alan: I Try to get 8 hours of sleep usually.

Tony: Do you recall where you were on the 24th?

Alan: The 24th would have been what?

Tony: Tuesday.

Alan: Tuesday, It would have been the same thing. Same with Monday too.

Tony: Did you happen to go out of town on the 24th?

Alan: No.

Tony: Or were you down in Normal/Bloomington on the 24th?

Alan: No.

Tony: If you were to go down to Normal/Bloomington, how would you get down there?

Alan: I would drive.

Tony: What do you drive?

Alan: I drive a Ford Escort.

Tony: Do you know the license plate number?

Alan: BBB 282.

Tony: Name some of your friends that you have down there in Normal/Bloomington.

C 1247  
~~21224~~  
71

C08694

Alan: In Normal, friends of mine, uh, most of them have moved out and people I know that are down there still, my ex-girlfriend, ...

Tony: What is her name?

Alan: Jennifer Lockmiller.

Tony: Where does she live down there?

Alan: She lives at 412 North Main?

Tony: Do you know the apartment number?

Alan: Apartment #4.

Tony: When did you last see her?

Alan: When did I last see her? I last saw her before I came back to Rockford.

Tony: Which was when?

Alan: Which would have been, like, the 4th of August.

Tony: OK, have you called her since then?

Alan: I have not called her, she has called my twice.

Tony: What was the purpose of her calling you?

Alan: She was calling me to try to get me to talk to her about our break up and I said "I don't really want to talk to you, you cheated on me so it's over and I don't want to talk to you ever again", I said "bye", hung up the phone, and just, I didn't want to talk to her.

Tony: What was the break up over?

Alan: She cheated on me with my roommate.

Tony: Who was your roommate?

Alan: My roommate would be Mike Swaine, he is not there any longer.

Tony: When did this relationship..., Pardon me?

Alan: He's not there any longer either.

Tony: Where is Mike?

Alan: Uh, he would have gone back home too, we were working summer stock Theatre, Campus of Illinois Wesleyan

Tony: Together? Together?

Alan: Yeh.

Tony: What were your time periods that you were working at the Theatre?

Alan: At the Theatre, what do you mean like?

Tony: You say you were working it together?

Alan: Yeh.

Tony: OK.

Alan: It's a 9:00 to 5:00 job and then if there is a show at night we would work at night.

Tony: Ok. What was the last date the two of you worked together at the theatre?

Alan: The last date the two of us worked together, it would have been a Saturday, it was the last Saturday in July, I believe, what day of the week was July 31st?

Tony: The 31st is a Saturday.

Alan: Ok, so it would have been the Saturday before that, it was the last Saturday.

Tony: The 24th?

Alan: Yes.

Tony: Was that the last time you saw him, have you talked to him?

Alan: No I saw him when I was back in Bloomington also before I left for Rockford, I went to Cincinnati for a week.

Tony: Ok when, ok when did you last see him then?

Alan: The last time I would have seen him would have been August 4th.

Tony: In Bloomington?

Alan: Yeh.

Tony: Whereabouts in Bloomington?

Alan: At the apartment. I went back to pick up my stuff and leave them my keys.

Tony: Who's apartment?

Alan: Our apartment.

Tony: Then you shared the same apartment?

Alan: Yeh.

Tony: Was that the week of the 4th?

Alan: I, I don't even know, it might, it was probably like a Tuesday or Wednesday.

Tony: Ok, was he there when you were packing to leave?

Alan: Um, no, he was not there when I was packing to leave because I packed to leave before I went to Cincinnati on the Sunday after the last, right after the last day he and I worked together. So it would have been the last Sunday, the last Sunday in July. I packed my car and then I went to Cincinnati with a friend of mine and I was there for a week and a half and then I came back, got my car, and left for Rockford immediately.

Tony: Ok, clear this up for me if you will, the last time the two of you, that's Mike...

Alan: Right.

Tony: What's Mike's last name?

Alan: Mike Swaine.

Tony: You and him worked together was the 24th of July is that correct?

Alan: I think so.

Tony: Is that correct.

Alan: Yeh.

Tony: Yeh, when was the last time you were in the apartment that the two of you shared in Bloomington?

Alan: The last time I was in the apartment would, was August 4th.

Tony: And when was the last time you saw Mike?

Alan: August 4th.

Tony: Ok, where did you see him?

Alan: In the apartment.

Tony: OK, that's in Bloomington right?

Alan: Yes.

Tony: You say you went to Cincinnati, Ohio with a friend?

Alan: Yes.

Tony: What is that friends name?

Alan: Jamie Thorman.

Tony: And, uh, spell his last name.

Alan: T-H-O-R-M-A-N

Tony: Where does Jamie live?

Alan: He lives in Cincinnati, Ohio, actually in uh, uh, what is that suburb, it's uh, well it's in the Cincinnati area.

Tony: How long did you stay in Cincinnati?

Alan: I was there for about a week and half.

Tony: And when you left, where did you go?

Alan: His Mom drove me back, to uh, to my apartment where I picked up my car and then I came to Rockford.

Tony: So that's in Bloomington, is that right?

Alan: Yeh.

12

C 1251

~~ET 228~~

C08698

AB001263

APPENDIX 002911

Tony: So you were there for approximately, until the 14th or so of August, is that correct?

Alan: Approximately, yes.

Tony: And when you returned to Bloomington around the August 14th or 15th, did you happen to visit Jennifer?

Alan: Yes, I stopped by her house.

Tony: Stopped by her house which is on Main Street in Normal?

Alan: Right

Tony: Ok, what was the purpose of that visit?

Alan: Just to see how she was doing because we had broken up awhile before that and uh,

Tony: Ok, how was she doing?

Alan: Uh, she seemed stable at the time. I knocked on the door, she answered it, she let me in and we talked for a little while, like maybe a half hour, and then I took her to class cause she needed a ride to class so I dropped her off at class and then I left for Rockford and that would have been around 1:00.

Tony: How long did the two of you visit?

Alan: It was about a half hour to 45 minutes maybe at the most.

Tony: What was her state of mind at the time?

Alan: Just calm.

Tony: Was she dating anybody at the time?

Alan: I have no idea, I didn't ask, I didn't want to know.

Tony: What was the purpose of your visit then?

Alan: Just to see if she was alright.

Tony: Did she mention who she was dating?

Alan: No.

Tony: Did she inquire as to you and her getting back together and renewing your relationship?

Alan: Well, yes and no, it was just kind of a, she kissed me good bye in the car and I told her that might be the last time we ever kissed because I really didn't think that I could ever trust her again. But that was..

Tony: How did you know that she was dating your roommate?

Alan: He told me, they weren't dating, it was just an affair happened between them about, it would have been at the end of, towards the end of June and he told me about it a couple days after it happened so it would have been right at the end of June.

Tony: How did you feel after you left her that last day there in August, the last time you saw here?

Alan: I felt good, I felt like, you know, ok, I'm just getting out of here, and forget about it.

Tony: Did you more or less put that all behind you?

Alan: Pretty much, yeh.

Tony: Did you ever have a key to her apartment?

Alan: I did at one time and then she got it back.

Tony: How did she get it back.

Alan: I just gave it to her cause she wanted it, so..

Tony: Ok, when did you give it to her?

Alan: That, that was like during the school year, that was like uh, what was it, March or April.

Tony: Of 1993.

Alan: Yeh.

Tony: When you left her at school back in August 14 or 15, where did you go then?

Alan: I went to Rockford.

Tony: Up here?

Alan: Yeh.

14

C 1253

CJS700

~~CJS700~~

AB001265

APPENDIX 002913

Tony: OK, and what did you do while you were up here?

Alan: I worked.

Tony: You haven't been down to Normal/Bloomington since?

Alan: I haven't been down there since.

Tony: And you said that she had called you a couple of times?

Alan: Correct.

Tony: Where did she call you?

Alan: At home.

Tony: Ok, what time during the day did she call you?

Alan: The first time she called it was in the evening and the second time she called it was like, early afternoon.

Tony: Ok, what was the subject of the conversation?

Alan: Uh, the first phone call, subject of the conversation was her calling me up and me pretty much saying I didn't want to talk to her uh and then she coaxed me into talking to her for a little while and just, you know, it was just pretty much small talk. "Oh how are things, how are you doing" and then uh, and then she told me she was going to be leaving for California for a week or so and then she said she would call me when she got back and I said I really didn't care if she did call and I said if you want to send me a postcard, that's cool and that was about it. The second time she called uh, she wanted to talk about the things that had happened in the relationship and I didn't really want to talk about that because it was over and there is no point in talking about it, so I told her that and I said I don't want to talk to you. Then I hung up.

Tony: How did she respond to that?

Alan: Very very not happy, she started crying but I just couldn't deal with her at that point.

Tony: Who ended the relationship, you or her?

Alan: Who? She broke up with me and then she tried to come crawling back and I hung up on her.

Tony: She never drove up here to see you during that period of time?

15

C 1254

*2-23*

C08701

AB001266

APPENDIX 002914

Alan: No.

Tony: You never drove back down there?

Alan: No.

Tony: Who are some other friends you have seen down there since you have left on the 4th of August?

Alan: Since I left the 4th of August when I came back from Cincinnati?

Tony: Correct.

Alan: Um, some other people I know down there just, or what?

Tony: Who else did you visit down there from the time you left 4th of August?

Alan: Right, Um, I visited, her name is Jen Sieg. She lives downstairs from where our apartment was, or lived, I think she has moved, I'm still not sure.

Tony: How do you spell her last name?

Alan: Seig I think or Sieg, one of the two.

Tony: And she lived in the apartment by yours?

Alan: Yeh, downstairs, yeh

Tony: Do you know what apartment number that was?

Alan: That would have been Apartment #1.

Tony: And what is that address again?

Alan: [REDACTED]

Tony: In Bloomington?

Alan: Correct.

Tony: Ok, who else did you visit?

Alan: Uh, I visited upstairs, Katy Corbit, in number [REDACTED]

16

C 1255 4232

C08702

AB001267

APPENDIX 002915

Tony: When did you visit her?

Alan: Uh, right about the same time, it was all, it was all in the same day, It was just, I was just stopping by to say "Hi".

Tony: Do you recall when that was?

Alan: hah?

Tony: Do you recall when that was?

Alan: Like what time?

Tony: What day it was?

Alan: On the fourth.

Tony: The fourth?

Alan: Yeh.

Tony: Ok. And who else did you visit down there?

Alan: That was it. I was just, stopping by Jen's house.

Tony: Did you visit any one else?

Alan: No.

Tony: What was your purpose to , returning to Normal/Bloomington August 4th?

Alan: To get my car.

Tony: OK,

Alan: Cause I went to Cincinnati in Jamie's car.

Tony: And who drove you back?

Alan: His mother.

Tony: Have you written any letters to Jennifer?

Alan: I wrote a letter but I didn't send it.

17

C 1256

C08703

AB001268

APPENDIX 002916

Tony: Do you still have that letter?

Alan: I ripped it up, I might still have it somewhere, torn up.

Tony: What was the contents of that letter?

Alan: Uh, pretty much, just, I don't know, spouting, you know, just I can't believe you did what you did and I can't believe you'd still honestly think I would want to be back together with you after that and, you know, I mean, what would you write to a girl that cheated on you?

Tony: How was your relationship with her, how would you describe your relationship with her?

Alan: We were either fucking for fighting, that's how I would describe the relationship.

Tony: How did you make up when you were fighting?

Alan: Just by, pretty much the only time we, the only way we ever managed to make up anytime was just to say we were putting it all behind us when we really weren't and hiding feelings and pretending to be nice.

Tony: Describe your fights with her, would you please?

Alan: Most of the time it would be about some, what one of my female friends that I would have talked to, or something, that day and she would be like "well have you seen any tits you like?" and I would say no and she would be like "are you sure?", "no", "yes", "no". And we went to a wedding once and at the wedding I was a groomsman and I was supposed to dance with the bridesmaid that I was matched up with and she screamed at me about that. She um, pretty much she was easily thrown into a jealous rage, she would threaten suicide, she called me up once and said, "I am going to kill myself, I just thought I would let you know" so I called 911 and I talked to 911 and they said meet us there and I met them there and she was bullshitting and it wasn't true. She didn't really try to kill herself supposedly. That kind of psycho shit, I mean

Tony: How would she threaten suicide, what would she say?

Alan: She would say she was going to take pills or she was going to get a gun and blow her head off.

Tony: Any other means?

Alan: No.

Tony: How about slitting of the wrist?

01234

Alan: I can't see her doing that, but....

Tony: Did you ever see any marks on her wrist?

Alan: No.

Tony: Was she a violent person?

Alan: Yes, she threw glasses alot, threw dishes alot.

Tony: At you?

Alan: yes.

Tony: And how would react to that?

Alan: Usually I just stood there and took it, I yelled alot, but I didn't ever strike her.

Tony: Never did?

Alan: I never struck her once.

Tony: Not even in self defense?

Alan: No, I just back away.

Tony: Could you describe to us your most hostile period of time with her during a fight?

Alan: My most hostile period of time, she was in the apartment with my roommate and he had borrowed my car to uh, he had borrowed my car to supposedly go to a party on Cherry Street and uh, I don't know, I could tell there was, I could tell he was lying so I just followed him on a bicycle to see where he was going. And he went straight to her house and I don't know, I just wanted to catch them, I wanted to see it, so I broke the door down and I walked in and he was hiding in a closet so I left.

Tony: Do you recall when that was?

Alan: That was, that was like, the middle of July.

Tony: 1993?

Alan: The second week of July, yeh.

Tony: Is this Mike Swaine?

19

C 1258

~~C-1235~~

(F)

C08705

AB001270

APPENDIX 002918

Alan: Yeh.

Tony: And you saw him in the closet and you didn't react?

Alan: I didn't see him in the closet, he told me later he was hiding. Cause I, when I went back to my apartment a friend of mine was sitting on the porch, Chris Perry, and he and I got into his car, and he said "Ok calm down, I am driving, we will go get your keys, cause he had my keys and I wanted them back cause my car was parked right in her parking lot so I knew he was there. And he was not to drive my car anymore so we went there and Chris said he'd go to the door and ask for my keys for me, so he got my keys for me and told me that "yes Mike was there, he had been hiding in a closet" and then I talked to Mike about it later because after I uh, Chris took me around the block again to get my car because it was parked in the parking lot on the other side of the building from her building, so it was nice, neatly hidden from everybody. And he took me to my car and dropped me off at my car and I started to get into my car and I saw Mike walking out and I said "let me give you a ride" and I took him back to the apartment and talked to him on the way back and he was telling me he didn't try anything.

Tony: Has she ever been afraid of you? Jennifer?

Alan: Yes, because of that.

Tony: Because of that?

Alan: Yes.

Tony: You didn't display any hostilities towards her?

Alan: I have never physically assaulted her in any way shape or form, I have yelled at her for things that made me mad but I have never..

Tony: Is there any reason why she would be afraid of you?

Alan: No, except for that I broke the door down, I can understand that.

Tony: Did you ask her permission to enter?

Alan: That time no, I did not.

Tony: Was the door locked?

Alan: I knocked at first, several times, and she wouldn't answer, so I kicked the door down.

Tony: Did you ever possess a key to the apartment?

Alan: I told you that before, yes I did, at one time.

Tony: Did you have a key to apartment when you left Normal/Bloomington on August 4th?

Alan: No I didn't.

Tony: Ok, when did you return the key to her?

Alan: I returned the key to her in like March or April.

Tony: You say there is no reason why other than that one incident that she would be afraid of you?

Alan: No.

Tony: And you never did strike her, with any object or with your hand?

Alan: Never, I have never struck her in anyway shape or form.

Tony: How was your relationship with her in terms of a sexual relationship?

Alan: I'd say extremely good.

Tony: How, how frequent?

Alan: Fairly often um,

Tony: Do you recall the last time you had sexual intercourse with her?

Alan: It was about, it was probably in uh, well I know it was at the end of July. It was like probably July 15, something like that.

Tony: Did she enjoy your companionship?

Alan: Usually yes, except when she was gettingy jealous.

Tony: What would make her jealous?

Alan: All I would have to do is talk to another female.

Tony: When you would talk to another female, be it someone you knew or maybe on a social basis elsewhere, how would she react to that?

Alan: She would give me dirty looks, later on after we left, you know, if we were at a party

or something, she would give me a dirty look. And if we left like the party she would start screaming at me and yelling at me and telling me I was going to cheat on her and telling me I probably already have and uh, telling me that I was a terrible person and on and on. She would just scream at me until I finally calmed her down and convinced her, you know, and she would be like, "Ok I believe you then" and then the same thing would happen the next day.

Tony: Is there any reason why anyone would say they saw you down in Normal/Bloomington particularly at Jennifer's apartment...

Alan: No.

Tony: This past week?

Alan: No.

Tony: You never returned to Normal/Bloomington?

Alan: I have not been back to Normal since, Bloomington/Normal since August 4th.

Tony: Since August 4th? You have never been to Jennifer's since August 4th which is on Main Street?

Alan: Right.

Tony: 412 North Main?

Alan: Uh-huh.

Tony: You never were inside her apartment after you left her?

Alan: No.

Tony: Prior to the 4th, you did leave her the 4th, is that correct?

Alan: Yes.

Tony: And when was the last time you saw Jennifer?

Alan: the 4th.

Tony: Of August?

Alan: Right.

22

C 1261

C08708

~~1238~~

AB001273

APPENDIX 002921

Tony: And that was to take her to school and kiss her good-bye, is that correct?

Alan: yes.

Tony: What was that statement you made to her before you left Normal that day?

Alan: I just said I don't believe, you know, this is probably the last time I'll ever kiss you because I don't believe I can trust you anymore.

Tony: Has your car ever been in that parking lot after July, correction after August 4th?

Alan: No.

Tony: And you have never been into her apartment after August 4th?

Alan: No.

Tony: Have you ever seen her after August 4th?

Alan: No.

Tony: Alan, as you can best recall, when was the last time that you saw Jennifer in the nude?

Alan: In the nude? That would have been, probably the last time we slept together, it would have been like the 15th of July or something like that, roughly.

Tony: Did uh, did she stay at your apartment or did you stay at her apartment?

Alan: The very last time she stayed at my apartment.

Tony: Which was in Bloomington?

Alan: Right.

Tony: On [REDACTED]?

Alan: Correct.

Tony: Did you ever stay in her apartment?

Alan: Yes.

Tony: Can you describe her apartment for me?

C 120

C08709

~~C1239~~

Alan: Uh, sure, um, as you walk in the front door it is probably about the, the actual living room is about 10 feet wide and against the opposite wall from the door it is about 20 feet. The kitchen is right on the left, the living room is in the front, and then to the right there, about five feet from the door to the right there is an archway and then the bedroom is on the left as you go through the archway and the bathroom is right in front of it.

Tony: So it's a one bedroom apartment?

Alan: It's a one bedroom apartment.

Tony: How many beds in that one bedroom?

Alan: There is a bunkbed and then there are two beds that are bunked and then one that is on the floor.

Tony: Which bed is hers?

Alan: She sleeps in all of them.

Tony: All three of them?

Alan: Well, not the top one, not very usually because she puts stuff up there but she sleeps in both the two bottom ones.

Tony: Does she ever sleep in the single bed?

Alan: What?

Tony: Does she ever sleep in the single bed?

Alan: In the single one, yes.

Tony: Yeh, what did you say, she put things on the top bunk?

Alan: yeh, like clothes and there is a teddy bear up there and something, actually it's a dog.

Tony: Or a stuffed animal?

Alan: Yeh.

Tony: What did she keep on the bottom bed?

Alan: Just, on the bottom bed on the bunk, sometimes there is clothes there, other times she

24

C 1263

C08710

240

7

AB001275

APPENDIX 002923

throws the clothes on the other bed and sleeps on that one. Whatever, she'll stumble home and crash on one of them.

Tony: By crash you mean uh, drinking so much or just being tired?

Alan: That's about it, right, she drinks alot.

Tony: How is that apartment of hers, particularly the bedroom, how is it cooled?

Alan: How is it, the bedroom. The air conditioner is in the living room, the bedroom has a fan and she opens the window.

Tony: Do you recall what direction that window opens?

Alan: What do you mean?

Tony: Is that on the North wall, east wall, south wall?

Alan: It's on the North wall.

Tony: On the north wall?

Alan: Yes.

Tony: You say there is a fan, what type of a fan is that?

Alan: It's just a big floor fan.

Tony: Box or round?

Alan: It's a round one.

Tony: A round one?

Alan: Yeh.

Tony: Where does she usually keep that fan?

Alan: Just out in the middle of the floor.

Tony: Does she have a box fan, do you know what I mean by a box fan?

Alan: What do you mean, like square one?

25

C 126

~~e 124~~

C08711

AB001276

APPENDIX 002924

Tony: It's square, yes.

Alan: Um, no. She doesn't have a square box fan.

Tony: She doesn't have one of those?

Alan: No.

Tony: No, does she have a desk in that apartment bedroom?

Alan: She has two desks in that bedroom, one on either side. One that she puts makeup stuff on and the other one is actually a desk.

Tony: Ok, when was the last time you were in her apartment?

Alan: The last time I was in her apartment, it had been August 4th.

Tony: And when was the last time you were in her bedroom?

Alan: The last time I would have been in her bedroom would have been, probably sometime before the 15th of July.

Tony: You weren't in there August the 4th?

Alan: No.

Tony: You weren't in there after August 4th, were you in there this week?

Alan: No.

Tony: Was Jennifer in there this week?

Alan: I have no idea.

Tony: You never visited Jennifer after you left Normal/Bloomington August 4th?

Alan: Right.

Tony: Ok, and there is no reason why anyone can honestly say that they saw you back with Jennifer this past week?

Alan: No

Tony: And you haven't seen Jennifer or heard from her this past week?

~~C-1242~~

C08712

Alan: I heard from her Monday.

Tony: Monday?

Alan: Sunday or Monday is the last time she called.

Tony: And she called you?

Alan: Yeh.

Tony: Do you know of anyone that would bring any bodily harm to Jennifer other than yourself?

Alan: No.

Tony: Have you ever been so mad at her that you would want to slap her?

Alan: No, I've never slapped her.

Tony: How did you react when you found out that she was dating your roommate, Mike?

Alan: I was pretty calm about it because, I don't know, it had been a deteriorating relationship anyways and I was getting sick of always listening to her yelling at me about other chicks. So finally I, you know, I was like you know, you got jealous about all these chicks and you are screwing my roommate, you know, and I was pretty calm about it and I just you know, I was pretty much just, indignant about it and not like, screaming and yelling.

Tony: Did you ever come down just to check to see who she was dating?

Alan: No.

Tony: Other than finding her with Mike that one night, you never did find her with anyone else?

Alan: No.

Tony: Did you ever visit the apartment and find any occasion of another man staying there?

Alan: No.

Tony: Have you ever been told there is another man staying there?

Alan: No.

27

C08713

C 1264

~~C1243~~  
(

AB001278

APPENDIX 002926

Alan: No.

Tony: If you wanted to get into her apartment today, how would go about getting into it?

Alan: Getting into it? Uh, I would have to break the door down like I did before.

Tony: Ok. Why do you say that?

Alan: Huh?

Tony: Why would you say you'd have to break the door down?

Alan: Because there is no way, I don't have a key, there is no way for me to get into it.

Tony: Would she have let you in if you went to visit her?

Alan: Yeh, she would let me in if I knocked.

Tony: Would you want to call her tonight?

Alan: Huh?

Tony: Would you want to call her tonight?

Alan: Yeh, I would call her before I left if I was going to go visit her.

Tony: Have you thought about calling her..

Alan: no

Tony: so you can make uh.?

Alan: I don't want to talk to her.

Tony: You don't want to talk to her, you are finished with her?

Alan: Yeh.

Tony: Ok, if I were to tell you that she wants to see you or talk to you, how would you react?

28

C 1267

C08714

~~et 247~~

AB001279

APPENDIX 002927

Tony: You would meet with her?

Alan: Uh, yeh, I would meet with her, you know, if she really wanted to talk to me.

Tony: Do you have any hopes of getting back together?

Alan: Like it would ever happen. Who knows right? No, I couldn't handle it.

Tony: Why couldn't you handle it?

Alan: Because she would do the same shit again.

Tony: Suppose you were to take her out of that environment and bring her up here?

Alan: It wouldn't matter. It would be worse, she would be even more jealous, she wouldn't know anybody.

Tony: What about your friendship with Mike?

Alan: My friendship with Mike? It's, you know, I haven't talked to him really, I haven't called him at all and he hasn't called me or anything, I'll see him in the school year, you know.

Tony: If something were to happen to Jennifer, who would you contact first?

Alan: I would probably call her parents.

Tony: Why would you do that?

Alan: Because they actually have the capability to deal with something that if it happened to her that they could do something about it.

Tony: Have you ever known her to take any type of drugs, be it LSD, coke, marijuana?

Alan: I know she used to do coke, alot, she hasn't done it officially that I know of since last summer. Um, she smokes pot, Um she has done acid, and ub, other than that, prescription drugs that her doctor has had her on that she takes too many of usually.

Tony: What kind of prescription drugs?

Alan: Like sleeping pills, pep pills that she will take, like, ten times more than she is supposed to. She claims that she doesn't.

Tony: Is she a manic depressive?

Alan: I don't know what it is officially that is wrong with her, no it's not like Lithium or anything like that.

Tony: Where did she get her illegal drugs?

Alan: Her illegal drugs, uh, I don't really want to answer that.

Tony: You know who, but you do know who supplies them correct?

Alan: yes

Tony: Ok, was you ever there when she was taking these drugs?

Alan: Yeh

Tony: Did you ever take any drugs with her?

Alan: I smoked pot.

Tony: Did you ever take any hard drugs?

Alan: No.

Tony: Not any crack?

Alan: I will not do narcotics. That's all I can say about it.

Tony: What are your feelings when she would get high on drugs and you see her in that condition?

Alan: Well, she is just escaping. I mean alot of things that happened to her when she was younger and she doesn't really know how to handle life without being drunk or being stoned or being, you know, fucked up in some way, she can't handle it otherwise.

Tony: Does it make you made when you see her that way?

Alan: It just makes me sad for her, but, she has to have it to be able to be not getting in a fight with somebody or not getting mad or...

Tony: What kind of a fight are we talking about?

Alan: Like a verbal, yelling ...

Tony: Oh, ok not pushing and shoving or physical confrontations?

Alan: She has hit me a few times, thrown glasses at me before, things like that.

Tony: She ever hit you with anything other than glasses?

Alan: No.

Tony: Ok. Did you ever wish for her sake that somehow you could help her with her miseries in life?

Alan: Well, I wished I could, you know, get her off the junk.

Tony: Do you think that's the answer, getting her off the junk?

Alan: Well, I mean it's not helping any you know, she needs to really, like sit down and say "Ok, I need to get off of this shit, and just be real", you know.

Tony: She ever make promises to you as far as your relationship with her if she were to stop taking drugs?

Alan: No.

Tony: Do you think that is part of the problem?

Alan: Oh, I would say it's like 50% of them I think.

Tony: Does uh, did Mike take any kind of these same type of drugs?

Alan: He only smokes pot.

Tony: Pardon me?

Alan: He only smokes pot.

Tony: He only smokes pot.

Alan: Yeh, even rarer, even more rare than I do.

Tony: Ok, how often do you smoke pot?

Alan: Oh, sometimes every two or three days.

Tony: Was you smoking pot when you saw her the last time?

Alan: No, I was straight.

~~9-12-47~~

Tony: Was she smoking pot when you saw, when uh...

Alan: Uh, I think she was packing a one hitter then. The last time I talked to her on the phone I heard her tap out a one hitter too.

Tony: How do you know it was a one hitter.

Alan: Because it was the kind of thing you would tap out that would go kink kink instead of a thunk thunk.

Tony: Oh, you are telling me that you are familiar with that sound that you were able to distinguish what it was?

Alan: Right, I am familiar with the sound of the one hitter hitting an ash tray.

Tony: Ok, you ever get so disgusted at her when she was high on drugs or even alcohol or marijuana that you just want to slap her silly?

Alan: No, I would never strike her.

Tony: What would you do when you come home and find her passed out due to alcohol or drugs?

Alan: Put her in bed.

Tony: Would you do anything else?

Alan: What could I do?

Tony: I don't know, that is what I am asking, do you ever have sex with her when she was passed out?

Alan: No.

Tony: When the two of you had sex in her apartment, normally where would you have it?

Alan: In the bedroom, sometimes in the living room too, but mainly in the bedroom.

Tony: Where in her bedroom would you have sex?

Alan: On the bed, on one of the two beds whichever one she just, she would just lead me into the bedroom.

Tony: What type of sex did she enjoy most?

C 1271

32

~~C 1271~~  
(F)

C08718

AB001283

Alan: Just normal everyday ordinary sex, you know.

Tony: OK, what may be ordinary with some people may be kinky with someone else.

Alan: Ok, well, alright, whatever. Um, we would have sex in maybe, you know, a few different positions but nothing really kinky. I mean, nothing like, no handcuffs involved or anything like that it was just like a, you know we tried to keep it peaceful and loving and beautiful like sex should be.

Tony: She ever enjoy you inflicting pain on her when she, when you were having sex?

Alan: No

Tony: Did she ever have, did she ever perform any oral sex on you in the bedroom?

Alan: Yes, yes.

Tony: And where would you be when this was being performed?

Alan: Laying on the bed.

Tony: You were laying on the bed? Where would she be?

Alan: She would be on top of me.

Tony: You ever have it when you were sitting on the bed and she's on the floor?

Alan: Occassionally.

Tony: And uh, she ever get mad at you or you ever get mad at her during your actual sex acts?

Alan: no

Tony: Never?

Alan: Never.

Tony: Never, never got mad or slapped her?

Alan: No.

Tony: Period?

Alan: Period.

Tony: Aside from the time you had sex did you ever slap her?

Alan: What?

Tony: You ever slap her?

Alan: I have never slapped her.

Tony: While having sex or while not having sex you have never slapped her?

Alan: I have never slapped.

Tony: You ever push her backwards?

Alan: I have never struck her.

Tony: Never struck her, did you ever choke her?

Alan: No.

Tony: Can you think of any reason why someone would say they saw you leaving her apartment this past week?

Alan: No.

Tony: Is this the truth?

Alan: This is the truth.

Tony: You never left her apartment this week, you were not down there in Normal?

Alan: I have never been, I have not been to her apartment this week.

Tony: This past week.

Alan: Right.

Tony: And when was the last time you were in her apartment?

Alan: The last time I was in her apartment would have been August 4th.

Tony: Ok, we have been sitting her talking approximately 45 to 50 minutes and you have never asked me once what this is about, aren't you one bit curious?

C 127:

34

C08720

~~ET 250~~  
(5)

AB001285

APPENDIX 002933

Alan: I just figured you would tell me, I am curious, yes.

Tony: Ok, what do you think this interview is about?

Alan: I have a feeling somebody has killed her or she is missing or something like that. What's up?

Tony: Ok, why do you, what makes you feel that way?

Alan: Because you are asking me questions about my relationship with her and the officer that pulled me over told me it was about a homicide.

Tony: So why do you think it's about her?

Alan: Because that's been what you've mostly asked questions about.

Tony: You are not one bit concerned about her?

Alan: I am concerned, I would like to know what is going on but I figured you'd ask the questions, and I'd answer, you know.

Tony: And how long have you known her?

Alan: How long have I known her? I have known her for about a year and a half.

Tony: And how did you meet?

Alan: We met in the Dugout. She used to go to Wesleyan, now she goes to ISU, but she used to go to Wesleyan and we met in the student center.

Tony: Has either one of you ever contemplated marriage together?

Alan: Yeh, we were engaged.

Tony: How long were you engaged?

Alan: Um, we were engaged for about, well see we didn't start dating until about 6 months after we met so we had only been dating about a month, out of a year and a month and um, then uh, um, we got engaged last October.

Tony: 92?

Alan: Yeh

Tony: And who asked who?

Alan: I asked her to marry me.

Tony: And what was her response?

Alan: "yes".

Tony: Just like that without any time period to think about it, or try? What started the uh, the uh, breaking up of your relationship with her?

Alan: Um, well, she uh, she just got jealous all the time and it just started grating on us and uh, I don't know, it just got to the point there wasn't any point in continuing it. It was just .....

Tony: Who's idea then was it to ...?

Alan: It was hers. She broke up with me because she thought I was screwing around on her.

Tony: Did you give her any reason to think that?

Alan: No.

Tony: Did she ever catch you screwing around on her?

Alan: No, I never did screw around on her.

Tony: You never did, but she did on you?

Alan: yes.

Tony: And the last person you know of was Mike Swaine, your former roommate, so that caused you to break up the engagement, the relationship, all together?

Alan: That just caused me to say "hey, it's not worth even worrying about it, you know, I should just get out and try to forget about it".

Tony: Did she love you more than you loved her?

Alan: I would say I loved her more than she loved me.

Tony: Ok, let's say on a scale of one to ten, one meaning you greatly despise her and hate her, don't want to see her again, and ten meaning I can't live without her, I am so madly in love with her.

Alan: Yes, I was "I can't live without her" up until about last week.

Tony: Last week Ok, why do you say last week?

Alan: Um, I just started dating again. Um, I met a girl and asked her out and we went out.

Tony: Where did you meet this girl?

Alan: At a party.

Tony: Ok, but getting back to my question, how would rate your relationship with Jennifer?

Alan: Um, well, let's say from me to her as far as how much I loved her, 9, 7, 8, 9 around there. And for her it would have been about 5 or 6.

Tony: You know there is an old saying 'there is more than one fish in the ocean', you know, when you get of one situation in a relationship with a girl and you are into another relationship with a different girl you more or less forget that old relationship.

Alan: Right.

Tony: But uh, I don't understand, Alan. You have known her for over a year and a half and probably real intimately for at least a year, you were engaged to her and you were going to be married. You sit there and you rate your relationship almost a 10, 7, 8, or a 9, and yet you are not inquisitive as to what happened to her, can you explain your lack of feeling for Jennifer?

Alan: Well, I just thought you would tell me whenever, I mean, I didn't know, you are asking the questions, I answer them. That's all I know. I'm serious, that is just all I know.

Tony: It's very obvious the reason why we are here and asking you questions and especially when the sergeant informed you it was concerning a homicide in Normal/Bloomington, now who's homicide do you think that is?

Alan: Why don't you tell me, I don't know?

Tony: Well, I want to hear your thoughts? Who's homicide do you think that is?

Alan: I assume it's Jen, because you just keep saying, asking me questions about her, that's all you really ask about.

Tony: Yeh, it is Jennifers.

Alan: Ok.

Tony: Do you want to tell us who is responsible for that?

Alan: I don't know.

Tony: You don't know, do you care?

Alan: I do care.

Tony: Do you want to help us with this?

Alan: Sure.

Tony: Ok, to what degree, to what extent do you want to help us with this investigation?

Alan: What can I do, I mean, what is there that I can do?

Tony: Well, I would like for you to start by telling us the truth as far when the last time you visited Jennifer.

Alan: That is the last time I visited her. What I told you, I have not talked to her since I left Bloomington except on the phone when she has called me twice. I have been in Rockford.

Tony: And you have never been down to Normal/Bloomington?

Alan: I have not been down to Normal/Bloomington.

Tony: And you have not seen Jennifer since when?

Alan: Since August 4th

Tony: Now, a little while ago you told us you went down there the 14th to pick your car up and you stopped by to see her and you drove her to school.

Alan: Well, but, no it was the 4th that I went to get my car.

Tony: Do you want me to go back over my notes and read your answers to you? Or do you want to listen to the tape?

Alan: I am lost now.

Tony: Yes, I think you are lost.

Alan: Ok, um

Tony: I think you are somewhat confused wouldn't you say, about the dates when you left down there?

Alan: Yeh, I don't, I never know the dates.

Tony: Ok. You are confused with the date that you left down there to go to Ohio, you are confused about the date you returned to pick you car up, perhaps, and could you be confused about the last time you saw Jennifer?

Alan: I have not been back down there since I picked my car up from coming back from Ohio and came home, I have been in Rockford.

Tony: You have been in Rockford?

Alan: I have been in Rockford.

Tony: You have never visited her since the last time you took her to school and she was alive then?

Alan: Right.

Tony: What was she wearing?

Alan: She was wearing, I don't even remember that long, I know she had her hair up and she was wearing, I think, blue jeans and she had a white top of some sort on.

Tony: Ok. Where did you pick her up at?

Alan: At her, I went to her apartment and knocked on the door and said "hey how's it going", and she's like, "oh I got to get to class in about a half hour" you know.

Tony: Was she dressed at the time?

Alan: yes.

Tony: She was fully dressed, and what did she have on?

Alan: She had on blue jeans and a white top, I believe, I don't ...

Tony: Ok, you can recall what she was wearing that date, but yet you are confused about the date you were down there.

Alan: I never know the date.

~~C1255~~

Tony: You know why I think you are confused about the dates you were down there? Because I think you were down there more recent than what you are telling us.

Alan: I have not been down there.

Tony: You haven't been down there to visit Mike?

Alan: No.

Tony: You haven't been down there to visit Jennifer or anyone else?

Alan: No, I have not been down to visit anybody, I have not gone to Bloomington/Normal.

Tony: Mike, or Alan, if we could, let's say that we can prove that you were down there this past week,

Alan: I would like to see you try.

Tony: In Jennifer's apartment. Suppose that we can prove, by eye witnesses, that you were down visiting Jennifer in Jennifer's apartment this last week.

Alan: It's not true.

Tony: It's not true, ok. How are we going to prove it's not true.

Alan: How am I going to prove, I am innocent until proven guilty, man.

Tony: I am not accusing you of anything.

Alan: You just told me that I was down there.

Tony: In the apartment and saw Jennifer.

Alan: I was not, I have not been down there.

Tony: I, I, I didn't, I didn't accuse you of anything.

Alan: You have to prove that I was there, and I was not there, so there is no way you can prove it.

Tony: Well, maybe you didn't listen to my statement, do you want me to reiterate what I said?

Alan: Sure.

C 1279

40

C08726

AB001291

APPENDIX 002939

Tony: Ok. What if I can prove by witnesses that you were down in Jennifer's apartment with Jennifer this past week?

Alan: Witnesses?

Tony: Correct.

Alan: They're lying, I have not been down there.

Tony: Ok, how can you prove that you weren't down there?

Alan: How can I prove that I wasn't down there? Well, I have got, uh, several friends in the town that I have been with just about every night, my parents have seen me every day, um my employer has seen me everyday.

Tony: If you were to visit her, if you were to visit her, what time of the day would you be visiting her?

Alan: It would be on a weekend if I were to go anywhere long distance.

Tony: It wouldn't be during the week?

Alan: No, cause I work during the week.

Tony: Ok.

Alan: Why would I drive down in the middle...

Tony: When you go to work, do you have to punch in on a time clock?

Alan: No.

Tony: You don't?

Alan: No.

Tony: Ok. Who takes your word for it that you are working?

Alan: Huh? I just go in, I'm working for my uncle, I work with Dennis Clark and he and I, both just, you know, turn in our hours, we write them down.

Tony: Ok. How do you get in, How do you get into the store?

Alan: There is always somebody working in there, in the bakery.

C08727

C 1281

~~CT 257~~  
(7)

Tony: In where?

Alan: In the bakery.

Tony: And who would that be?

Alan: I don't even know the name. I have only been here ...

Tony: Are they working all night long?

Alan: They are probably working right now.

Tony: Do they work all through the night?

Alan: Yeh.

Tony: Ok. Do they work like, 24 hours a day in the bakery?

Alan: No, that's, the same person is not there 24 hours a day?

Tony: Ok. When you go ..

Alan: The thing is, is there has to be at least two people in the store all time.

Tony: Including yourself?

Alan: That would be including me, when I am there. When Dennis and I are both there, then they can leave.

Tony: When you go to work, how do you enter the building?

Alan: I knock on the window and they come around and and let me in.

Tony: How do you account for the time that you spend there at work?

Alan: What do you mean? We write it down, on an hour sheet.

Tony: Then do you have eight hour sheets that you have to turn in?

Alan: no

Tony: Was there anybody there to verify those?

Alan: No

Tony: Ok, what were your hours Tuesday night?

Alan: Tuesday night? I worked from 1:00 in the morning til, what time did I get off Tuesday, 9, 10?

Tony: Wednesday morning?

Alan: yeh.

Tony: And where did you go when you got off of work?

Alan: I went home and went to bed.

Tony: And Dennis can verify the fact that Tuesday night you worked, went in at what time was that?

Alan: 1:00 in the morning.

Tony: And you worked until when, Wednesday morning?

Alan: I already said.

Tony: Pardon me?

Alan: From 1:00 in the morning until 9:00 or 10:00 in the morning.

Tony: And that can be verified?

Alan: yes.

Tony: By Dennis?

Alan: Yes.

Tony: Can it be verified by your time sheet?

Alan: yes.

Tony: Who verifies your time?

Alan: What do you mean?

Tony: Do they take your word for it that you were there working?

C08729

C 128

~~01259~~  
C

Alan: Right, I just take the piece, I just write down on a piece of paper what my hours were, I take them in.

Tony: Ok. What kind of work was you doing there at the store Friday night?

Alan: Friday night, like last night?

Tony: yes

Alan: Right, last night I was painting the inside of the deli.

Tony: What was you doing Thursday night?

Alan: Thursday night I was painting the outside of the deli.

Tony: And how about Wednesday night?

Alan: Wednesday night, I was tearing out a wall and putting in a new one and we were also doing that Tuesday.

Tony: What were you doing on Monday?

Alan: Monday? What did we do Monday, I don't ....

Tony: What is Dennis' name again?

Alan: Dennis Clark.

Tony: Dennis Clark?

Alan: yes.

Tony: What is the phone number at that store?

Alan: I don't know it off the top of my head.

Tony: Would he be there working tonight?

Alan: No, it's a weekend.

Tony: Is anybody there tonight?

Alan: I don't know, I never go on ...

C 128

*Handwritten signature/initials*

Tony: Ok, who do we contact to verify your hours?

Alan: I don't know. Um .....

Tony: You don't know, who pays you?

Alan: You would contact my uncle, yeh.

Tony: Ok, that's Cliff Gray?

Alan: Cliff Gray, yeh.

Tony: Getting back to this past week in Normal, you stated you wanted to help us.

Alan: Sure.

Tony: And my reply was "you can help us by being truthful with us".

Alan: I am telling you the truth.

Tony: And uh, telling us about your whereabouts this past week. Alan we have reason to believe that you were down in Normal this past week.

Alan: Well, I wasn't there.

Tony: We don't understand why you can't tell us.

Alan: I was not down in Normal this week.

Tony: When was the last time you were in Normal?

Alan: The last time I was in Normal was August 4th, when I left.

Tony: See Alan, you are confused about when you left Normal. Therefore, doesn't it, doesn't it sound reasonable you are confused about not being down there with actually being down there this past week?

Alan: I was not down there this past week.

Tony: You told us several times that the last time you were down in Normal .....

Alan: Was the 4th.

Tony: was on the 14th .....

*01261*

Alan: No, I said the 4th.

Tony: and now you are telling us on the 4th. You said several times the 4th, you said several times the 14th, to pick up your car when you came back from Ohio.

Alan: I don't know what this is all about?

Tony: Pardon me?

Alan: I said I don't know what this is all about?

Tony: What this is, this is about Jennifer's death. I thought you said you wanted to help us.

Alan: I do, but, I am telling you the truth. I have not been down there this week.

Tony: How do you think Jennifer died?

Alan: I have not been down there, I don't know.

Tony: Do you think Mike could have killed her?

Alan: I doubt it.

Tony: Why do you say that?

Alan: I don't see why Mike would kill anybody?

Tony: Ok, who would be responsible then?

Alan: I don't know, perhaps Bubba.

Tony: Who is Bubba.

Alan: Bubba is the ex-boyfried that would never go away that's been around for five years hounding her, calling her everyday. Have you talked to her parents, do you know anything about Bubba?

Tony: Who is this Bubba? Is that his real name?

Alan: I don't even know his real name, she just calls him Bubba? He's from Wisconsin.

Tony: What did she say about Bubba, what did she say about Bubba?

Alan: She says he won't go away, that he's crazy, that he's psycho and let's see, this past year

he drove his car into a brick wall because she wouldn't take him back. I think that is where you ought to be looking, cause I didn' do shit.

Tony: We are asking, were you down there this week?

Alan: I was not down there this week.

Tony: Alan, I don't think you are being truthful with us.

Alan: I am being exactly truthful, I was not down there this week.

Tony: You are confused about when you left Normal/Bloomington, when you went back, I think you are confused...

Alan: I never know the date.

Tony: about being down there.

Alan: I never know the date, I just wake up and ...

Tony: Just the truth, that's all.

Alan: I have told you the truth.

Tony: No, I don't think you have.

Alan: I have told you the truth.

Tony: And you are setting here, and you know what the truth is, you don't want to share that truth with us, and we are asking your help....

Alan: I don't, I just told you the truth.

Tony: We are asking your help, we are asking your help.

Alan: I told you the truth man, I have not been down there to see her since I came back here.

Tony: Which was when?

Alan: Which was the 4th.

Tony: When was the last time you were in Normal/Bloomington?

Alan: The last time I was in Normal/Bloomington was August 4th.

Tony: I would sure like to take you out of this picture but you are not helping us.

Alan: The last time, I am serious man, I just have not been back there, why would I go there, I have got a job here, I am living at my parent's house, I've got no apartment there ..

Tony: When, when, when did, when did you shave your goatee off?

Alan: My goatee? I didn't have a goatee, I had a beard.

Tony: You never did? Ok, beard then?

Alan: When did I shave it? Uh, a couple days ago, before I went out with a chick.

Tony: Let me ask you a question, and I want you to think about it. How did you think we knew you had a goatee if we had never met you before?

Alan: I didn't have a goatee, I had a beard.

Tony: Listen to me, if you had a beard or goatee? You had facial hair, we will call it facial hair for simplicity sake. How do you suppose that we knew that you had facial hair, be it a goatee or a mustache or a beard for the last few days if we had never laid eyes on you?

Alan: I have no idea.

Tony: How do you think we know that?

Alan: I don't know.

Tony: Alan, how do you think we know that?

Alan: I really don't know.

Tony: Don't you think maybe, perhaps somebody told us you had one?

Alan: Lot's of people have facial hair, you have facial hair, maybe you were there, you know, I mean, I don't know what you are trying to get at.

Tony: Somebody had to see you there didn't they Alan?

Alan: I was not there, nobody could have seen me there because I was not there man.

Tony: Somebody saw you there, somebody saw your car there?

Mike: Alan have a what?

Tim: Does Alan have a temper?

Mike: Yes.

Tim: What..

Mike: But he's not physical, I mean he won't, I don't, he's never been physical with me, he's always just freaked out and gotten crazy and hit the wall and cried.

Tim: Ok, freaked, I mean, explain what's, what's it mean?

Mike: It's like, it's like screamed and, or talked on the phone to her, and broken down to the floor in tears.

Tim: Ok.

Mike: And just been a mental wreck, and he's not, his health isn't that good either because he just

Tim: We need to know everything.

Mike: Right, I, all I know, I'm, I'm, I'm not, okay, um, he just, I was just thinking what I was talking to Jen about. Um, she thought he was just infatuated with her but he said he loved her, and, and he was just, he thought that she was the only woman for him.

Tim: Uh-huh. (yes).

Mike: And, he was finding out, I guess they broke up like 18 times.

Tim: Uh-huh. (yes).

Mike: Um, but she would always take him back. Um, and they, and there was another time at a party that, um, they both, I was with them too but I was staying away. I was with some friends of mine. And they started freaking out and she was crying and saying she loved someone else and I guess that was me. But, she, was freakin, she was drunk and he was drunk and I guess he started running around after her and she started running around beating on peoples doors, "Help me, save me."

Tim: Uh-huh. (yes).

Mike: And he, he, and then he got in the car and drove off, um, and then he came back and tried to take her with him.

Tim: Did, did he try to forcibly take her?

C 1442

~~21419~~

(916)

C08754

AB001455

Mike: I don't know, because I was gone at that point I think, um. I don't know.

Tim: The times, the times when you seen him get mad, Mike, you know some people when they get mad they don't say anything they get quiet, other people...

Mike: That's me.

Tim: ... get mad and they, they just kind of go electric, you know.

Mike: Uh-huh. (yes).

Tim: What type, what kind of personality does he have?

Mike: Well, when he got mad, when I saw him at, break in,

Tim: Yeh.

Mike: He broke in and he wasn't, he said he didn't want it to do anything except see me there, and as soon as he saw me there, he'd be fine and know it was true that I was seeing her or whatever.

Tim: Uh-huh. (yes).

Mike: And, then he'd leave he said. Um, but he couldn't find me there, and, and I had told him that I was going to go visit a friend that was in town.

Tim: Uh-huh. (yes).

Mike: It was 2:00 in the morning, which was lame. Um, and I was hid, hiding in the closet because I was terrified because I didn't, I didn't know if he would hurt me, I didn't know, I just didn't know how to deal with the situation, cause I never had anything bad happen. Um, so I just hid, and she said she would do whatever I wanted. She could seek me out and he thought I had snuck out a window.

Tim: Uh-huh. (yes).

Mike: And she, she ended up calling a friend of hers who was a friend of mine and Alan's, too.

Tim: Uh-huh. (yes).

Mike: And he came over and talked to me and said that Alan, he told me that Alan was just mad that I had lied to him and stuff, and that, he'd dro\*\*, I said, he asked me if I needed a ride home and I said no, I walked home, but Alan, he was with Alan, so Alan drove me home. Ah, then we talked and he cried and said how much she hurt him and what, how it was messing up his life.

C08755

C 1443  
G11/20  
(911)

Tim: Uh-huh. (yes).

Mike: And I said, I, and I lied to him and said that I, you know, there is nothing there and I don't want anything or something, and so that's all, I think that's all he knew, I don't think anybody knew that I was, well, my friends sort of, very few knew that I was living with Jen because I didn't want Alan to know. I didn't want many of my friends know because they knew that Jen was like, drank alot and I didn't want, I was just embarrassed I guess.

Tim: Uh-huh. (yes). Did, did he know that you were staying with Jen? That you were living there?

Mike: He suggested it first, before all this happened.

Tim: Ok.

Mike: But, he knew that I had the chance to, and he knew that she was going away to California for a week to visit her brother. So, ah, but as far as I know I don't think he, if I was him I would assume that he, that I wouldn't have stayed there because that would have been the moral thing to do.

Tim: Ok, so there's a chance that he didn't know you were staying there?

Mike: Right.

Tim: Ok. You say that, that Alan left for vacation with somebody or went to another state?

Mike: He went to Cincinnati, to go, to get away, because a friend of his was in town that weekend that this all happen, that he found the notes and came and quit.

Tim: Ok.

Mike: That was the last weekend of August. Um, and he went to Cincinnati to get away from everything because

Tim: The last weekend in August, this is August.

Mike: It's September now, isn't it?

Tim: No this is August 28th.

Mike: Oh, the last weekend of the last, the past, July.

Tim: Ok.

Mike: Thank you. I thought it was September. So that, it, so I didn't, I left on August 22nd not September 22nd.

Tim: Ok. Ok.

Mike: Um.

Tim: So he left the end of July?

Mike: He went to Cincinnati with a friend of his named Jamie Thurman.

Tim: Ok.

Mike: Or Thurogate, I think it is Thurman.

Tim: How long was he supposed to be in Ohio?

Mike: There was no, he didn't have a set time because he wasn't supposed to go. He quit. He broke his contract with this Theatre, and, and said that he just needed to go to Ohio and I said that was the best thing.

Tim: Uh-huh. (yes).

Mike: I, and, I, oh, I didn't think that was the best thing, but I felt bad that I had done this. And I thought he needed to just get away, and cool off, and that would, he needed to just get away from Jen.

Tim: Uh-huh. (yes).

Mike: And, and he did, and he was gone for a week, and like three days.

Tim: Ok.

Mike: And he came back, and I saw him and talked to him and he seemed fine.

Tim: Uh-huh. (yes).

Mike: And I, and I was still living in my apartment, alone.

Tim: Uh-huh. (yes).

Mike: Um, and he, he took all the stuff and packed it up, and went to see Jen, and I had seen, I saw Jen that night and she said she had talked to him, and he, she said he was, ah, he just needed to get away from her, and, um. He was going to wait for her and so he was going to go home to Rockford.

Tim: Ok.

Mike: Um, to visit his friends there. I guess.

Tim: Ok.

C08757

~~87422~~ C 1445

Mike: Um. Ah.

Tim: Did he go home to Rockford?

Mike: Yes, I think so, I don't know for sure. Um, but I heard from his friends that they, he wasn't hanging out with them, he was just hanging out with his parents.

Tim: Ok.

Mike: Which is good because I guess they were just straightening him, straightening him out. Um.

Tim: When was the next time that you saw him?

Mike: I didn't, I haven't seen him at all since then.

Tim: Since he went to Rockford.

Mike: Right. But she said he called once...

Tim: When is

Mike: ...and told her that, pardon?

Tim: I'm, I'm sorry. Go ahead.

Mike: I think, I don't know if it was after I started living with her or before. I don't remember.

Tim: Ok, go ahead.

Mike: Um.

Tim: He called.

Mike: He called and said that he was over her, he didn't love her anymore, he was dealing with other things, and he had seen a psychiatrist when he was down here.

Tim: Uh-huh. (yes).

Mike: Um, but he didn't really keep up with it, and I think she was seeing a psychiatrist in the past and I was trying to get her to, cause I think she had problems.

Tim: Uh-huh. (yes).

Professor David M. Shapiro  
Professor of Law  
Bluhm Legal Clinic  
Northwestern University School of Law  
375 E. Chicago Avenue  
Chicago, IL 60611

Re: Beaman v. Freesmeyer  
Case No. 14-L-51

Dear Mr. Shapiro:

The following report documents my traffic engineering analysis and opinions with regard to the referenced case.

**CREDENTIALS**

I am recently retired from the position of Director of Transportation Engineering Programs for the Northwestern University Center for Public Safety. I continue to teach seminars and workshops in highway design, traffic operations, traffic studies, and traffic crash analysis for Northwestern University, both on-campus in Evanston, Illinois and throughout the United States. I also regularly serve as an instructor in engineering training programs for the National Highway Institute and the Institute of Transportation Engineers. I have a total of 46 years of experience in transportation engineering.

I hold B.S. and M.S. degrees in Civil Engineering from Northwestern University. I am a Fellow of the Institute of Transportation Engineers, a member of the American Society of Civil Engineers, and a member of the Regulatory/Warning Signs Technical Committee of the National Committee on Uniform Traffic Control Devices. I am also a registered Professional Engineer in the State of Illinois and a Certified Professional Traffic Operations Engineer. For more information, see my attached Curriculum Vitae.

008789

## BACKGROUND

It is my understanding that the following information is relevant to my analysis:

- Mr. Beaman was previously convicted of a murder that occurred at 412 N. Main Street in Normal, Illinois in 1993
- Mr. Beaman made a bank transaction at the bank (currently a BMO Harris Bank) located at the intersection of Alpine and Newburg in Rockford, Illinois at 10:11 a.m. on the day of the crime
- Two phone calls were made from the Beaman residence at the intersection of Alvina and Meridian in Rockford, Illinois at 10:37 and 10:39 a.m. on the day of the crime
- Mr. Beaman was observed as present at his residence at the intersection of Alvina and Meridian in Rockford, Illinois at 2:16 p.m. on the day of the crime
- For the purpose of this study, I have assumed that the commission of the murder in Normal Illinois would have required at least 5 minutes

## METHODOLOGY

On the date of July 14, 2015 I conducted travel-time studies along the routes of travel between the Beaman residence and the crime scene, as well as between the BMO Harris Bank and the Beaman residence. These travel-time studies represented normal mid-day weekday traffic conditions. Data were collected for the following travel routes:

- Starting at the Beaman residence at Alvina and Meridian in Rockford, south along Meridian Road 6.2 miles to the entrance ramp for eastbound U.S. Route 20, east along U.S. Route 20 9.7 miles to the exit ramp to southbound I-39, south along I-39 118.6 miles to the exit ramp to northbound I-55, 1.6 miles to the exit ramp to Main Street in Normal, Illinois, south along Main Street 1.8 miles to 412 N. Main (site of crime).
- Starting at 412 N. Main Street in Normal, Illinois, north along Main Street 1.7 miles to the entrance ramp to southbound I-55, south along I-55 0.4 miles to the exit ramp to northbound I-39, north along I-39 119.9 miles to the exit ramp to westbound U.S. Route 20, west along U.S. Route 20 9.8 miles to the exit to Meridian Road, north along Meridian Road 6.4 miles to Alvina Road (Beaman residence).
- Starting at the bank at Alpine and Newburg in Rockford, 0.1 miles to exit the bank driveway on Newburg and west to the intersection of Alpine and Newburg, south along Alpine 2.0 miles to the entrance ramp to westbound U.S. Route 20, west along U.S. Route 20 8.6 miles to the exit ramp to Meridian Road, north along Meridian Road 6.4 miles to Alvina Road (Beaman residence).

These travel-time studies were conducted at speeds of 10 mph higher than the posted speed limits (as of 1993) on all routes, to the extent possible. These speeds represent the actions of a driver attempting to travel the routes as quickly as is reasonably possible without being stopped and cited by police officers for speeding. The basis of using speeds 10 mph greater than the posted speed limits is discussed in more detail later in this report, and is supported by research on typical freeway speeds and Illinois State Police enforcement policies and practices.

Recorded travel times were adjusted to account for conditions that were in existence on the day of my travel-time studies but may not have been present on the day of the crime. These included:

- *Changes in intersection traffic control.* A letter from the Winnebago Highway Department dated March 25, 2015 indicates that the intersection of Auburn and Meridian had been controlled by all-way STOP control at the time of the crime, although it is currently a roundabout controlled by YIELD signs. Recorded travel-times accounted for a full stop at this intersection.
- *Changes in speed limits.* A letter from the Winnebago Highway Department dated March 25, 2015 indicates that the speed limit on Meridian Road from Alvina to the U.S. Route 20 entrance ramp was 55 mph at the time of the crime, although it currently has a speed limit of 45 mph from West State Street to the U.S. Route 20 entrance ramp (the remainder of Meridian Road remains as a 55 mph speed limit). In addition, an email from the Illinois Department of Transportation dated June 25, 2015 indicates that the speed limit on I-39 was 65 mph at the time of the crime, although it currently has a speed limit of 70 mph. Recorded travel-times were determined based on speeds of 10 mph above the 1993 speed limits.
- *Construction zones.* On the day of my travel-time studies, there were construction zones with reduced speed limits on U.S. Route 20 and on I-39. There is no available information regarding possible construction zones on the day of the crime. In cases where recorded travel-times were affected by construction zones, travel-times were adjusted to reflect continuous travel at speeds 10 mph higher than the 1993 speed limits.
- *Channelization.* The intersection of N. Main Street and Gregory Street in Normal Illinois currently includes raised-curb channelization islands that prohibit left turns from southbound Main Street into the residence at 412 N. Main Street. As a result, it is currently necessary to continue south to the intersection of Main and Willow, make a U-turn, and return north 0.1 mile to 412 N. Main Street (scene of the crime). It is unknown whether this same condition existed on the day of the crime. Recorded travel times were adjusted to reflect left turns made directly into 412 N. Main Street, assuming that the curbed channelization did not exist in 1993.

In all cases, the recorded and/or adjusted travel time reflected the highest likely speeds and lowest likely travel times that Mr. Beaman could have attained if he attempted to make the trips between Rockford and Normal or between the bank and his residence on the day of the crime. When multiple travel time runs were conducted, the shortest travel times were used, again reflecting the lowest likely travel times that Mr. Beaman could have attained.

#### ANALYSIS

1. The total available time between Mr. Beaman's bank transaction at Alpine and Newburg (10:11 a.m.) until the second phone call at his residence at Alvina and Meridian (10:39 a.m.) was 26 minutes. My analysis indicates that he could have traveled this distance in 19.70 minutes traveling at 10 mph over the posted speed limits:
  - Bank to U.S. Route 20 entrance ramp: 4.42 minutes
  - U.S. Route 20 to Meridian Road exit ramp: 6.88 minutes
  - Meridian Road to Alvina Road (Beaman residence): 7.40 minutes

19.70 minutes

C08791

Even if Mr. Beaman traveled at the 65 mph speed limit on U.S. Route 20 and encountered increased delays at signalized intersections along Alpine Road, his travel time from the bank to his residence would have required no more than 20.07 minutes. In any case, he could have easily made a bank transaction at 10:11 a.m. and traveled to his residence in time to make a phone call at 10:37 a.m.

2. The total available time between Mr. Beaman's phone call at his residence at 10:39 a.m. and him being observed as present at his residence at 2:16 p.m. was 217 minutes (3 hours and 37 minutes). My analysis indicates that the minimum time to travel the distance from his residence to the crime scene and return to his residence is 233.25 minutes (3 hours and 53.25 minutes) traveling 10 mph over the posted speed limits:

• Residence to U.S. Route 20 entrance ramp:	7.07 minutes
• U.S. Route 20 to exit ramp to I-39:	7.76 minutes
• I-39 to exit ramp to I-55:	94.90 minutes
• I-55 to exit ramp to Main Street:	1.65 minutes
• Main Street to 412 N. Main (crime scene):	2.18 minutes
• Time to commit the crime:	5.00 minutes
• 412 N. Main to I-55 entrance ramp:	2.67 minutes
• I-55 to exit ramp to I-39	0.68 minutes
• I-39 to exit ramp to U.S. Route 20:	95.88 minutes
• U.S. Route 20 to Meridian Road exit ramp:	8.06 minutes
• Meridian Road to Alvina Road (Beaman residence):	<u>7.40 minutes</u>
	233.25 minutes

Thus, even if Mr. Beaman attempted to make this round trip while driving 10 mph above the posted speed limits on all of the roads traversed, it would have taken him 16 minutes more than the available time.

3. In order to complete the round trip within the available time, Mr. Beaman would have to have driven at an average speed of 81.0 mph over the entire 260.3 mile length of the freeways traversed (U.S. Route 20, I-39, and I-55). This is 16 mph over the 1993 posted speed limits on these freeways. It is unknown whether there were any construction zones on these freeways at the time of the subject crime. However, if any construction speed reductions were encountered, this would necessitate even higher average speeds during the remainder of his freeway travel. Similarly, any speed reductions due to slower moving traffic would necessitate even higher average speeds during the remainder of his freeway travel in order to complete the round trip within the available time.

An average speed of 16 mph over the posted speed limit over the entire 260.3 miles of freeway travel does not appear to be a likely scenario. A speed of 81 mph is relatively high for a freeway with a posted speed limit of 65 mph. A recent study of vehicle speeds on various types of roadways throughout the United States (National Traffic Speed Survey II: 2009 published by the National Highway Traffic Safety Administration, U.S. Department of Transportation) found that in 2007, national freeway speeds averaged 64.7 mph, with a 95th percentile speed of 79.2 mph. This means that only 5 percent of vehicles were seen to travel at or above 79 mph.

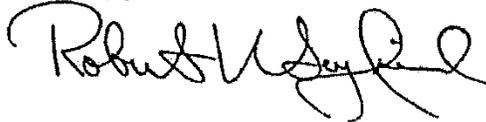

Master Sergeant Mark Nytko of the Illinois State Police was deposed on April 8, 2015, and testified that in 1993 he was a State Police Trooper who performed traffic enforcement on I-39. He further testified that it was the State Police Enforcement Policy to issue citations for vehicles traveling at 10 mph or more above the posted speed limit. He further testified that "violators would be more likely to get stopped for traveling at such a speed as 8, 6 mph over the speed limit" in 1993 and that a driver traveling more than 9 mph over the speed limit would "definitely attract the attention of troopers" as well as local police officers. Master Sergeant Nytko also testified that the State Police had greater resources available for traffic enforcement in 1993 than they do a present, resulting in a greater likelihood of speeders being observed and cited. Thus, it appears to be likely that if Mr. Beaman attempted to make the round trip to Normal Illinois to commit the murder within the available amount of time, his speed on the freeways would have been observed by traffic enforcement personnel and he would have been cited for speeding.

#### OPINIONS

1. There was sufficient time for Mr. Beaman to travel from the bank at Alpine and Newburg to his residence at Alvina and Meridian within the available time.
2. There was not sufficient time for Mr. Beaman to travel from his residence at Alvina and Meridian to 412 N. Main Street in Normal Illinois and return within the available time.

If you have any questions, please feel free to contact me. My curriculum vitae is attached for your information.

Very truly yours,

Robert K. Seyfried, PE, PTOE

C08793 5

IN THE UNITED STATES DISTRICT COURT  
FOR THE CENTRAL DISTRICT OF ILLINOIS  
PEORIA DIVISION

ALAN BEAMAN )  
Plaintiff, )  
-vs- ) No. 10-CV-1019  
JAMES SOUK, et al., )  
Defendants. )

The videotaped deposition of JAMES SOUK called for examination pursuant to Notice and the Rules of Civil Procedure for the United States District Courts pertaining to the taking of depositions, taken before Sandra Eberle, a notary public within and for the County of Cook and State of Illinois, at 357 East Chicago Avenue, Chicago, Illinois, on the 10th day of December, 2012, commencing at the hour of 10:52 a.m. and concluding at 5:25 p.m.

1 different light than I ever thought they would  
2 have been back at the time of the -- you know,  
3 the preparation for trial and the trial.

4 Q. All right. Anything else that you  
5 believe in retrospect you should have disclosed?

6 A. Not that I can think of, no.

7 Q. Okay. Now, when the Supreme Court  
8 issued its opinion, it did not outright reverse  
9 the conviction, it reversed and remanded for a  
10 new trial and a decision was made not to retry  
11 Mr. Beaman?

12 A. That's true.

13 Q. Now, were you consulted about that  
14 decision?

15 A. No.

16 Q. Did you talk informally about that  
17 decision with anybody in the McLean County  
18 State's Attorney's Office?

19 A. Well, now that I think about it, the  
20 only thing I can think of is -- and I'm not sure  
21 if I was asked to do it or I did it on my own.  
22 I know that I did talk with Mrs. Lockmiller to  
23 get her opinion and the opinion of her husband  
24 as to what their feelings were about a retrial.

63

1 I'm not recalling if, you know, maybe I  
2 was asked by Mr. Yoder or Mr. Messman to make  
3 that contact since I had, you know, kept up at  
4 least a Christmas card exchange type  
5 relationship with the Lockmillers over the  
6 years.

7 So I'm recalling that I did do that and  
8 I think passed on some information about that.  
9 In terms of being consulted about my opinion, as  
10 to whether the case ought to be retried, I'm not  
11 recalling being asked for my opinion about it.

12 Q. Well, were you informed of the decision  
13 of the office not to retry the case?

14 A. At some point, I was, sure.

15 Q. Were you informed of that decision  
16 prior to the public announcement of the  
17 decision?

18 A. I don't remember.

19 Q. Would you have expected that you would  
20 be given that courtesy?

21 MS. EKL: Objection, calls for speculation.

22 THE WITNESS: As I think about it, I  
23 probably was told before the public  
24 announcement. I just don't specifically recall.

64

1 I'm not recalling if, you know, maybe I  
2 was asked by Mr. Yoder or Mr. Messman to make  
3 that contact since I had, you know, kept up at  
4 least a Christmas card exchange type  
5 relationship with the Lockmillers over the  
6 years.

7 So I'm recalling that I did do that and  
8 I think passed on some information about that.  
9 In terms of being consulted about my opinion, as  
10 to whether the case ought to be retried, I'm not  
11 recalling being asked for my opinion about it.

12 Q. Well, were you informed of the decision  
13 of the office not to retry the case?

14 A. At some point, I was, sure.

15 Q. Were you informed of that decision  
16 prior to the public announcement of the  
17 decision?

18 A. I don't remember.

19 Q. Would you have expected that you would  
20 be given that courtesy?

21 MS. EKL: Objection, calls for speculation.

22 THE WITNESS: As I think about it, I  
23 probably was told before the public  
24 announcement. I just don't specifically recall.

64

1           But I -- you know, I mean, I was  
2 treated with, you know, courtesy about any  
3 issues related to Beaman. I had, you know, a  
4 good relationship with people in the office and,  
5 you know, I was a sitting judge there so they  
6 probably did tell me but I just don't remember  
7 the specifics.

8 BY MR. BOWMAN:

9           Q. Who probably did tell you?

10          A. Probably Mr. Messman, but it could have  
11 been Mr. Yoder. I'm not sure.

12          Q. And how did they probably tell you?

13          A. I don't remember.

14          Q. Well, when they -- when they probably  
15 told you, did you express any views such as  
16 disappointment?

17          MS. EKL: Objection, form, calls for  
18 speculation.

19          THE WITNESS: You know, I really don't have  
20 a recollection of having any conversation. I  
21 suppose my main recollection would be that I  
22 didn't have any surprise decision.

23                 I mean, I knew from the outset it would  
24 be a rather difficult matter to retry the case

65

1 after so many years so I don't think the  
2 decision surprised me at all.

3 BY MR. BOWMAN:

4 Q. Well, why do you say that?

5 A. Because I knew how difficult it would  
6 be for the state's attorney at that time to put  
7 together the case again for a retrial. So I  
8 wasn't particularly surprised that they chose  
9 not to do it.

10 Q. Well, what about the case would make it  
11 difficult to retry other than the fact that it  
12 would no longer be open to the state's  
13 attorney's office to suggest that Alan Beaman  
14 was the only person who possibly could have  
15 committed the murder?

16 MS. EKL: Objection, form, foundation,  
17 assumes facts not in evidence.

18 THE WITNESS: Well, I believe the Supreme  
19 Court opinion was 2008, if I'm recalling  
20 correctly, so 13 years had past since the trial.

21 It would be a monumental effort on the  
22 part of police and prosecutors to gather up all  
23 the witnesses, all the evidence again, and, you  
24 know, so it didn't surprise me that they didn't

66

1 undertake that effort.

2 BY MR. BOWMAN:

3 Q. Is there some witness who had  
4 disappeared, some piece of evidence that was no  
5 longer available, anything specific that you can  
6 point to, Mr. Souk, to help explain your answer  
7 that it would have been monumental or difficult  
8 to retry the case after the Supreme Court's  
9 decision?

10 A. Well, I didn't have any involvement in  
11 assessing what witnesses might still be  
12 available or what the effort might be. I'm just  
13 talking in general terms of my own experience as  
14 a trial lawyer, that I knew it would be a very  
15 difficult and monumental effort to do that.

16 Q. In other words, the answer to my  
17 question is no, there's nothing specific that  
18 you can point to?

19 MS. EKL: Objection, form. He answered the  
20 question.

21 THE WITNESS: Not specific. I didn't know  
22 anything about any availability of any witnesses  
23 or any or any evidence.

24

C08916 67

1 Q. Right, because to be clear, the other  
2 possibility was that the fingerprint was on the  
3 clock radio because Mr. Beaman had been a  
4 frequent guest in the apartment and it had been  
5 clear that he had touched the clock radio as a  
6 routine matter when he spent the night at the  
7 Lockmiller apartment, yes?

8 A. Based on that evidence and the expert  
9 testimony about the fingerprints, we, you know,  
10 could not prove when the fingerprint would have  
11 definitely been placed there.

12 Q. Right. And to be very clear, you had  
13 -- you had no scientific evidence on which you  
14 could base your argument as to the date of  
15 origin of that print, right?

16 A. Fingerprint experts won't give you such  
17 an opinion or at least they didn't back then. I  
18 don't know what they do now.

19 Q. Well, they certainly didn't in the  
20 record of Mr. Beaman's trial, right?

21 A. Correct.

22 Q. And so what you did in your closing  
23 argument, sir, was to engage in an exercise in  
24 speculation that perhaps the fingerprint was of

125

1 recent origin because if it wasn't of recent  
2 origin, it would have been smudged off, right?

3 MS. EKL: Objection, form, foundation.

4 THE WITNESS: What I did in closing argument  
5 was argue the reasonable inferences of the  
6 evidence as is appropriate and proper for any  
7 attorney in closing argument.

8 BY MR. BOWMAN:

9 Q. Yes, but you had introduced no evidence  
10 at the trial, sir, had you, about anyone's habit  
11 in terms of wiping the clock radio or touching  
12 certain portions of the clock radio, right?

13 A. You know, I'd have to look at the  
14 record. I seem to recall that maybe Swaine  
15 might have given some testimony about that. I'm  
16 not sure if Mr. Beaman did in his testimony  
17 about how often or when they might have touched  
18 the clock radio.

19 But I think -- I think probably they  
20 might have been asked, but I would have to look  
21 at the record to be sure.

22 Q. Well, the clock radio obviously gets  
23 set every night, right?

24 MS. EKL: Objection, form, foundation.

126

1 MS. EKL: Objection. Form, specifically to the  
2 phrase your investigation.

3 THE WITNESS: Well, the investigation of the  
4 Normal police department and any further investigation  
5 by our office after charges were filed uncovered no  
6 evidence that he was physically violent prior to August  
7 23rd of 1993.

8 BY MR. BOWMAN:

9 Q. You mean August 25th?

10 A. Or 25th I guess. I'm sorry. Yeah, the date of  
11 the murder.

12 Q. That's a good way of putting it. We've talked  
13 about this fingerprint in the apartment, and I don't  
14 want to reenter that debate. But you'll agree that at  
15 least at the theoretical level there is an innocent  
16 explanation for Mr. Beaman's fingerprint on this clock  
17 radio, right?

18 MS. EKL: Objection. Form.

19 THE WITNESS: There was a reasonable alternate  
20 explanation for the fingerprints. I think there were  
21 two prints, but.

22 BY MR. BOWMAN:

23 Q. Right. Four of Swaine's, who we know didn't  
24 commit the murder, and two of Beaman's, right?

25 A. Correct.

284

1 Q. And the next thing I want to ask you about,  
2 because I wasn't clear from our conversation on the 10th  
3 of December, is the gap in the alibi. I believe you  
4 characterized the gap in Mr. Beaman's alibi as a very  
5 narrow gap. Is that, am I putting words in your mouth,  
6 or is that your assessment of it?

7 A. I'm not recalling that. I'm not sure what you  
8 mean.

9 Q. Well, let me just ask you then. Will you agree  
10 with the proposition that for Beaman to have committed  
11 the murder on the prosecution's theory and the  
12 investigator's theory of when the murder was committed  
13 he would have had to travel from Bell Federal Savings to  
14 the Lockmiller apartment at a high rate of speed,  
15 committed the murder in a short period of time, and  
16 returned home at a high rate of speed?

17 A. I'm not sure what you mean by high rate of  
18 speed.

19 Q. Well, how about 75 miles an hour?

20 A. Well, I guess what I would agree to is that he  
21 would have had to have traveled to Normal between 11  
22 minutes after 10:00 and have been home in bed by 3:00  
23 o'clock when we know his mother's home. That was the  
24 final, if you will, gap that was never closed by any  
25 evidence. Mrs. Beaman attempted to close that, but he

TIMOTHY FREESMEYER,

called as a witness herein on behalf of the People, having been first duly sworn on his oath, was examined and testified as follows, to-wit:

DIRECT EXAMINATION

BY MR. SOUK:

Q Would you state your name please, and spell your last name?

A Timothy John Freesmeyer, F-R-E-E-S-M-E-Y-E-R.

Q Your occupation?

A I'm a police officer for the Town of Normal.

Q How long have you been a police officer for the Town of Normal?

A Since March 12th of 1990.

Q Your present rank is?

A I'm a sergeant.

Q And I want to call your attention back to August the 28th of 1993. What section of the police department were you assigned to at that time?

A I was assigned to the detective division.

C09548

1 Q At that time did you have occasion to respond to the  
2 scene of the Jennifer Lockmiller murder, [REDACTED] [REDACTED] [REDACTED] [REDACTED]

3 [REDACTED]  
4 A Yes, I did. I was in my squad car when the call  
5 came in.

6 Q About what time do you think you got there?

7 A The call came out, to my knowledge, approximately  
8 ten minutes after two. I would have gotten there probably  
9 about 2:15 to 2:20, after I went to the station to retrieve a  
10 camera and other supplies.

11 Q When you got to the scene, what's the first thing  
12 you recall doing?

13 A The first thing I recall doing was speaking with  
14 Sgt. Mark Kotte and being briefed on the situation.

15 Q Was he inside or outside the apartment at that  
16 point?

17 A I believe he was in the driveway at that point, sir.

18 Q At that point in time had Dean Kennedy, the crime  
19 scene technician, arrived yet?

20 A No, he had not.

21 Q Prior to the time that the crime scene technician  
22 did arrive, what did you do yourself personally at the scene?

23 A I checked in with Officer Fogler, who was securing  
24 the door. He informed me there were two kittens that had

1 gotten out of the apartment that he was having a problem  
2 trying to corral. I collected the kittens, gave them to the  
3 two interns that were with me, asked them to sit with the  
4 kittens until animal control arrived. I then waited at the  
5 scene for the crime scene technician or any other neighbors or  
6 witnesses that might happen by.

7 Q At that time, was Officer Fogler assigned to the  
8 door?

9 A Yes, he was.

10 Q Did you check the perimeter of the building at all  
11 that day?

12 A Yes, sir, I did.

13 Q Did you walk all the way around the building?

14 A Yes, I did. I walked around the entire building  
15 looking for anything on the ground or near the building that  
16 might prove significant.

17 Q Did you find anything that you considered to be of  
18 evidentiary value?

19 A No, sir, nothing significant.

20 Q Prior to Mr. Kennedy's arrival, did you go in Apt.  
21 [REDACTED] at all?

22 A Yes, sir, I did.

23 Q Would you tell us about that? About when was it and  
24 what did you do when you were there?

1           A     Yes, after speaking with Sgt. Kotte and collecting  
2 the kittens, giving those to the interns, I walked back up and  
3 asked Mr. Fogler if I could enter to view the scene. I  
4 stepped through the front door into the bedroom door area, saw  
5 the body, saw the condition, stepped back out of the apartment  
6 again.

7           Q     At that point in time, did anyone go in with you?

8           A     No, sir, I don't believe they did.

9           Q     About how long were you in there?

10          A     Probably between 20 and 30 seconds.

11          Q     At that time did you remove anything from the scene  
12 or disturb anything inside the apartment?

13          A     No, sir, I did not.

14          Q     Were you there when the crime scene technician  
15 arrived?

16          A     Yes, sir, I was.

17          Q     What's your recollection of about what time that  
18 was?

19          A     If I could look at my report I believe I could tell  
20 you.

21          Q     Do you have that in front of you?

22          A     Yes, sir, I do.

23          Q     Would that refresh your recollection?

24          A     I believe it would.

1 Q Okay, if you'd refer to it.  
2 A According to my report at approximately 3:30 to four  
3 P.M. the crime scene technician arrived.  
4 Q You've written rather voluminous reports regarding  
5 this case. Is that correct?  
6 A Yes, sir, that's true.  
7 Q Do you have those in front of you on the witness  
8 stand?  
9 A Yes, sir, I do.  
10 Q If other occasions arise when you feel you need to  
11 refer to them, just indicate that if you would please.  
12 A Thank you, sir.  
13 Q At the time that Mr. Kennedy arrived, obviously he  
14 was then processing the scene as he testified. Is that  
15 correct?  
16 A Yes, sir, that's right.  
17 Q Did you go in and assist somewhat with that process?  
18 A Yes, sir, off and on. I was not in the apartment  
19 the entire time.  
20 Q At some point in time, did you view and retrieve the  
21 purse and the contents that he had previously testified about  
22 and we saw some slides on?  
23 A Yes, sir, I did.  
24 Q And that had Jennifer Lockmiller's identification in

it?

A Yes, sir, a driver's license.

Q And the body that you saw at the scene, did it appear to be the same as the young lady you saw the picture of on the driver's license?

A As close as I could tell, yes, sir.

Q We've had some discussion -- I guess Mr. Beu has asked some questions about something called a crime scene log. Is a crime scene log something that is part of your department's procedure?

A No, sir, it's not.

Q Has it ever been as long as you've been a police officer there?

A In the five years that I've been there, no, sir, it has not.

Q Are you aware that some departments use something called a crime scene log on major crimes?

A Yes, sir. In the larger departments, I would assume they would have to due to the number of people that would be involved.

Q And what's your understanding of what a crime scene log is?

A It's my understanding in large departments they use a crime scene log in order to document anybody going into and

009553

1 out of a crime scene. In our case, in a small department, we  
2 only have approximately four to five uniformed officers -- any  
3 particular shift you may not have any more than four or five  
4 officers. We know everybody by sight. Therefore, we don't  
5 see a need for a crime scene log. We could recreate anybody  
6 that would have gone in or out of that apartment.

7 Q And on the situation that day, do you feel the  
8 department had any problem keeping track of who went in and  
9 out of the scene?

10 A No, sir, not at all.

11 Q At some point in time, did you have some contact  
12 with Mr. Swaine that day?

13 A Yes, sir, I did.

14 Q Is that during the late afternoon hours?

15 A Yes, it was.

16 Q And he'd indicated you were involved in taking a  
17 statement from him. Is that correct?

18 A That is correct.

19 Q Where did that occur?

20 A That occurred in an interview room within the  
21 detective division in the Normal Police Department.

22 Q And how did you -- Where did you first have contact  
23 with him?

24 A I first had contact with him at the scene. After

1 they received the answering machine tape, Detective Daniels  
2 and Detective Warner were able to determine, due to a message  
3 left on the machine, that a Mike Swaine was planning on  
4 returning to the apartment on Saturday. They put that over  
5 the police radio, that they were expecting him. When he  
6 arrived, we immediately put him in police custody, placed him  
7 in my squad car, and then I transported him to the Normal  
8 Police Department for an interview.

9 Q Even though you -- That was basically similar to  
10 what happened to Mr. Beaman in Rockford?

11 A Yes, very similar.

12 Q Even though you're not making an arrest, at that  
13 point, could you tell us why you do have them put the  
14 handcuffs on people who are potential suspects?

15 A Yes, sir. We're dealing with probably one of the  
16 most violent crimes there is, a homicide. We don't know who  
17 the suspect is. We don't know who the culprit is. At that  
18 point, for officer's safety, we treat everyone as a suspect.  
19 Mike Swaine was living in that apartment. He had some direct  
20 involvement in the case, and therefore for officer's safety,  
21 we placed handcuffs on him until we were able to determine  
22 what type of individual we were dealing with.

23 Q After he got to the station, were the handcuffs  
24 removed at that point, after you made sure he didn't have any

1 weapons or anything like that?  
2 A Yes, sir, they were.  
3 Q And you took a formal statement from him at that  
4 time?  
5 A Yes, sir, I did.  
6 Q After you did that, did you have occasion to return  
7 to the crime scene?  
8 A Yes, I did.  
9 Q And at some point in time that day, was a video tape  
10 done showing various aspects of the crime scene?  
11 A Yes, it was.  
12 Q And who did the video tape?  
13 A That was done by the coroner's office. The  
14 camcorder that I had taken had a dead battery, so we asked  
15 them to record the crime scene for us.  
16 Q Do you have that video tape here today so we can  
17 play it for the people?  
18 A Yes, sir.  
19 MR. SOUK: Your Honor, we'll be marking that People's  
20 Exhibit No. 81. We'd ask the court's permission to play that  
21 for the jury now on the T.V. monitor that's in the courtroom.  
22 THE COURT: Any objection, Mr. Beu?  
23 MR. BEU: No, sir.  
24 THE COURT: That will be allowed. May I suggest that you

1 and your client, if he desires to observe that with you,  
2 position yourselves in such a way that you can see the video.  
3 I will move over here also. Off the record for a moment.  
4

5 (WHEREUPON A BRIEF DISCUSSION WAS HAD  
6 OFF THE RECORD.)  
7

8 THE COURT: Let's go back on the record. Are any of the  
9 members of the jury having any difficulties seeing the monitor  
10 from their positions?  
11

12 (NO AFFIRMATIVE RESPONSE.)  
13

14 THE COURT: Apparently not.

15 Q (By Mr. Souk) Before we play the video, have you  
16 reviewed this video prior to coming to court today?

17 A Yes, sir, I have.

18 Q And is it basically going to show us many of the  
19 things -- basically the same views that we've seen on numerous  
20 slides in the courtroom by two previous witnesses?

21 A Yes, I believe the video tape was taken at the same  
22 time that the crime scene technician was taking photographs of  
23 the scene, so it should be very similar.  
24

Q I'd ask you, can you see?

1 A Yes, I can see.

2 Q At this time, I'll -- if I hit the right button --  
3 begin the video tape.

4  
5 (WHEREUPON PEOPLE'S EXHIBIT NO. 81 WAS  
6 PLAYED FOR THE JURY AS THE FOLLOWING  
7 PROCEEDINGS WERE HAD:)

8  
9 Q (By Mr. Souk) Now I'd ask you, detective, to  
10 describe what's being seen on the video tape as it's being  
11 played here just briefly.

12 A You're seeing the two windows and the air-  
13 conditioner under Jennifer's apartment. That's Officer Fogler  
14 standing in the doorway who's securing the door prior to the  
15 crime scene technician --

16 Q Is that the door we're seeing?

17 A That is the south entrance to the apartment, yes.  
18 You're seeing Jennifer Lockmiller's car on the right side of  
19 the screen.

20 Once again, that's the apartment of the people who  
21 live below -- or used to live below Jennifer. The window you  
22 see in the right side of your screen is the living room window  
23 of Jennifer Lockmiller's apartment. The air-conditioner, then  
24 the window on the right would be the kitchen window.

23  
24

Obviously the address of the building, [REDACTED].  
This would be the east side of the building that you're  
looking at now, the side which faces the parking lot area for  
the apartment.

Once again on the left side of your screen you can  
see Jennifer Lockmiller's car that was parked in the parking  
lot.

Okay, now you're looking in the south door of the  
apartment. On your right is a staircase leading up to Apt. 3  
and 4. On the left is a stairway leading down to 1 and 2.

This would be the west side of that same building,  
the side which faces [REDACTED].

I believe now you're viewing the north side of the  
apartment. Those would have been Jennifer's bedroom windows,  
and you see the back stairwell out of the apartment. The  
bottom door goes into Apt. 1 and 2, the top door, 3 and 4.  
That again is the top door with the stairs leading up to it.

That would be the bottom windows of the apartment on  
the northeast corner of the building, and this, once again, is  
the back stairwell leading up to the hallway area going to  
Apt. 3 and 4.

This would be a view from [REDACTED] looking at the  
apartment.

Q That view right there, is that, from your knowledge

C09559

1 of the case, basically the view that Mr. Heyse would have had  
2 from the street?

3 A Yes, sir, it would have been.

4 Q Which apartment building is this that we're just  
5 looking at there?

6 A The apartment building south of [REDACTED]. I'm  
7 not sure exactly what the street number is of it.

8 This is the hallway, I believe, leading down to Apt.  
9 1 and 2. As you come in the South [REDACTED] door, if you go to  
10 your left, you get to the hallway. On the right you're seeing  
11 the stairs leading up to Apt. 3 and 4. These would be the  
12 mailboxes for the apartment building. As you step in the  
13 south door, they're immediately on your left.

14 You're looking down the hallway. Okay, now you're  
15 looking in the door from the hallway into Jennifer's  
16 apartment. This is the living room area.

17 The person you saw briefly was Dean Kennedy taking  
18 photographs of the scene.

19 Q The television and the video is on?

20 A The television is. I can't tell if the video is on  
21 from the picture.

22 This is a view of the body as looking from the  
23 bedroom door.

24 View of the kitchen. The table, you see the book

1 bag and the purse on the table.

2 At this point it appears the person taking the film  
3 is standing in the living room area of Jennifer's apartment.

4 This again is a view of the kitchen from the living  
5 room. The couch, the garbage bag on the couch. In front of  
6 that is a small table with the keys and the remote control.  
7 To the left you'll see the telephone. Directly behind that is  
8 the answering machine. Once again, the coffee table with the  
9 keys, the garbage bag.

10 Q Is that a remote control for the television?

11 A I did not try the remote control to find out what it  
12 operated. I can't answer that.

13 Top of the photograph is the air-conditioner for the  
14 apartment. It was a window unit. These are the living room  
15 windows. The flashes that you saw, as I mentioned earlier, is  
16 Dean Kennedy taking photographs of the scene.

17 These are posters up on the living room wall.

18 The garbage can that was pulled out in the kitchen.  
19 On the table behind the book bag and the purse is a small word  
20 processor, a table-top unit. It's a cream or off-white color.  
21 Some books stacked on top of it.

22 This is the bathroom floor. There's a small piece  
23 of hair laying here which appeared to come from the black cat  
24 which Jennifer used to own.

1 This again is the bathroom.

2 This is the bedroom once again. This is looking in  
3 the door, the wall which would be on your left if you were to  
4 walk into the bedroom.

5 Zooming in on the table. There's a Bible there,  
6 telephone.

7 This is a farther shot. Once again you'll see the  
8 joint compound, sander, other items.

9 This is the back of Jennifer's bedroom door. On the  
10 right side you'll see the hoop earring which Dean Kennedy  
11 referred to, and the clump of hair. This is the other hoop  
12 earring which was found inside the front door. This was the  
13 red shoe which was found in the hallway. And this is a shot  
14 of the other shoe which was still on Jennifer's left foot.

15 You see the white alarm clock on the left, the brown  
16 alarm clock on the right located just behind the power strip.  
17 Single bed that's on the left. See a lamp on her dresser, and  
18 then the bunk beds on the right.

19 Q That lamp appears to be on, correct?

20 A Yes, it does appear to be on.

21 Q Previously we went by the bathroom. Did you notice  
22 if the bathroom light was on?

23 A I believe it was. There was light in the room. I'm  
24 assuming it came from the bathroom light.

C09562

1 purposes?  
2 A Yes, I believe it does.  
3 Q Prior to the -- I'm sorry, when you returned to the  
4 crime scene after questioning Mr. Swaine, were you involved in  
5 retrieving some items of evidence at that point in time?  
6 A Yes, sir, I was. The crime scene technician was  
7 just finishing up his work at the apartment. He asked if  
8 there was anything that I would like to take as evidence which  
9 he was not going to take.  
10 Q And did you gather some items at that point?  
11 A Yes, I did.  
12 Q What items did you gather?  
13 A I gathered the word processor off that table, some  
14 disks I found in the bedroom desk and drawers, and a box of  
15 letters which I believe were found under one of the two beds.  
16 Q Did you, at the station, review the letters that you  
17 had found?  
18 A Yes, sir, I did.  
19 Q Did you find some letters which appeared as if might  
20 have been letters to Jennifer from Mr. Beaman?  
21 A Yes, I did.  
22 MR. SOUK: If we could have the lights please?  
23 A Mr. Souk, I'll need to advance the slide projector  
24 to the right place.

C09563

1 Q (By Mr. Souk) You have the controller here with  
2 you?

3 A Yes, I do.

4 Q If you would advance that.

5 A I'll need to go quite a ways. Could I step down and  
6 adjust the projector?

7 THE COURT: You may.

8 A Thank you.

9  
10 (WHEREUPON A BRIEF INTERRUPTION WAS HAD.)

11  
12 Q (By Mr. Souk) Let me show you first what's marked  
13 People's Exhibit 4-A, and also has Grand Jury Exhibit No. 17  
14 affixed to it, and ask you if those are copies of certain of  
15 the letters that you found at Jennifer's apartment that day?

16 A Yes, sir, they are.

17 Q And are those -- is that Grand Jury Exhibit, are  
18 those letters that Mr. Beaman later admitted were letters that  
19 he had, in fact, written to Jennifer?

20 A I believe so, yes, sir.

21 Q And I'm going to show you People's Exhibit 4-B-1  
22 through 4-B-24, and ask you if those are the originals of  
23 those copies, People's Exhibit 4-A?

24 A Yes, sir, they are.

C09564

1 Q In reviewing these letters, did you find in the  
2 letters certain indications of Mr. Beaman's feelings towards  
3 Miss Lockmiller?

4 A Yes, I did.

5 Q And in preparation for court today we now have a  
6 slide here that appears to have a portion of one of the  
7 letters enlarged. Did you prepare these, and if you will,  
8 take out certain portions that express those feelings that you  
9 found in reviewing the letters?

10 A Yes, I did. The actual letter, itself, will appear  
11 behind the blow-up window. The window makes it just a little  
12 easier to read the important part.

13 Q And the arrow comes from the part of the letter  
14 where that blow-up was taken from, correct?

15 A That's correct. I intended to put the arrow where  
16 it started.

17 Q Do you need a list to know which ones we're on?

18 A I don't believe so.

19 Q The slide that we're looking at now, which number is  
20 that?

21 A That's 4-B-1.

22 Q And Mr. -- The blow-up is in Mr. Beaman's  
23 handwriting. It's actually what's written on the letter.  
24 Is that correct?

1 A Yes, sir, it's an actual blow-up of the letter.

2 Q And the blow-up portion, would you read that out  
3 loud?

4 A Yes. "Thinking about you puts me to sleep at night  
5 and wakes me up in the morning. I'm always afraid you'll get  
6 scared of us and that you'll drop me."

7 Q Could we go to the next slide please? Which letter  
8 is that on the next slide that's now on the screen?

9 A That's letter 4-B-3, People's Exhibit 4-B-3.

10 Q There doesn't seem to be a blow-up on that portion.  
11 Is there a reason for that?

12 A Yes, sir, the approximate bottom half of the letter  
13 I found to be important. Therefore, I thought a blow-up of  
14 the bottom half of the letter wouldn't do much good as  
15 compared to showing the entire letter.

16 Q The portion that goes to his feelings that you  
17 noted, would you read that please?

18 A Yes. Down towards the bottom he lists, "Fantasies:  
19 Funks Grove, lots of brush and covered by foliage. There's no  
20 one around, and even if there was, they couldn't see through  
21 all of the thick foliage. What do you say about that one? Or  
22 in a sleeping bag, or standing up in parenthesis" -- I'm  
23 sorry, yes, "propping you up against a wall or something, end  
24 parenthesis."

1 For the back of People's 4-B-3. I would need to  
2 switch to the next slide.

3 Q Yes, would you do that as you need to?

4 A The back of the page continues, "Or you could let me  
5 do a certain thing I've wanted to do for awhile that you  
6 always tell me I can't do, no pressure of course, but I'll try  
7 to make you beg for it next time I'm with you. Beer massage  
8 would be nice to do again. Damn it, now I'm horny. In the  
9 fly gallery at the theater at IWU (I've wanted to do that for  
10 years.) On the quad, if you're feeling brave enough. It  
11 would also be fun to go into a one-person public restroom and  
12 get a little crazy. God! The possibilities are endless.  
13 Write yours to me. I love you. Gotta go. I dig you," and  
14 appears to have Alan's signature on the bottom.

15 Q Would you go to the next slide please, and again  
16 which exhibit --

17 A This would --

18 Q -- does this slide go with?

19 A People's Exhibit 4-B-4.

20 Q And you have no blow-up here. Is there a  
21 substantial portion that you considered to go to his  
22 feelings?

23 A Yes, that is correct.

24 Q Would you read those portions?

C09567

1           A     If I could look at my report. I would need page --  
2 either seven or eight. I stand corrected, this letter starts  
3 in People's Exhibit 4-B-5.

4           Q     Okay, and would you read the portions that go to his  
5 feelings?

6           A     Yes, I would. Underneath the blacked out marks  
7 there's a little spot, and then it starts out, "Okay, you got  
8 it, all out honesty. Here's the things you don't want to  
9 hear. Number one, I really just want you to be with me and  
10 only me," only underlined, "Selfish, but honest. Number two,  
11 when I say I love you on the phone, I wish you would say it  
12 back and not give a shit who is sitting there in your living  
13 room. Number three, I won't be able to handle this much  
14 longer without some growth in our "relationship." Number  
15 four, I'm not sweet, I'm a selfish asshole with a thorn in my  
16 pride and I want to be yours, but only if you're mine." It  
17 continues on the back of People's Exhibit 4-B-5, "Number five,  
18 even I sometimes put on a pair of shiny shoes. Number six,  
19 are you wanting inspiration? You spill your secrets on me,  
20 then you tell me with a whisper of things that will never be,  
21 Black Crowes." It appears to be a quote. "Number seven,  
22 lover cover me with your sleep, let your love light shine.  
23 Lover cover me with a good dream, let your love light shine,  
24 Black Crowes. Number eight, yeah, I fucked up. I'm only

1 human. If you wanted a demi God or a martyr, you should have  
2 become a nun and chased priests." Then there's a star on the  
3 bottom, "I guess that's the bad part about boys who don't wear  
4 shiny shoes, they have real emotions." Real is in large  
5 letters. "Love me, need me, want me, trust me and respect me.  
6 I'll do the same for you."

7 Q The next slide, which exhibit is that?

8 A That was People's Exhibit 4-B-4, and --

9 Q And would you read the portion that goes to his  
10 feelings for Jennifer?

11 A On the back of that exhibit it goes on, "Now my  
12 bitter hands, frayed on broken glass of what was everything.  
13 All the pictures have been washed in black, tattooed all I  
14 see, all that I am, all I'll be. I know some day you'll have  
15 a beautiful life. I know you'll be the sun in somebody else's  
16 sky. But why, why, why can't it be, why can't it be mine?"  
17 And then in very large letters he has, "I love you! Stop  
18 dragging around!" Signed, "Honesty from the heart,  
19 Incorporated," and once again appears to have Alan's signature  
20 on the bottom.

21 Q And now on the next slide goes with which exhibit?

22 A The next slides goes to Exhibit 4-B-8.

23 Q And you've blown up a portion of that, and it's  
24 going to his feelings, correct?

1 A Yes, sir, I have.

2 Q And would you read the blown-up portion of that  
3 please?

4 A "Okay, so I'm a fucking asshole, but I'm not a drug.  
5 You can't just quit me, then come back, then quit me again,  
6 then come back over and over. Sometimes it happens three  
7 times a day. I now understand why things have been tense  
8 these past couple of weeks, and I haven't made it any better.  
9 I'm sorry. I never wanted to hurt you. I just want to love  
10 you, want you, need you, trust you and respect you. Dig?",  
11 and then at the bottom appears to have Alan's signature.

12 Q Go to the next slide please. Again, which exhibit  
13 does this slide equate to?

14 A This is People's Exhibit 4-B-9. There were two  
15 particular quotes on the front page of this exhibit. The top  
16 one states, "I'm good and messed up about everything."  
17 Farther towards the bottom he states, "I don't know what my  
18 life is for yet. I don't know about anything for sure, but I  
19 know that I love you."

20 Q The next slide please. And this slide refers to  
21 which exhibit?

22 A This slide exhibit relates to Exhibit 4-B-10.  
23 "When I say goodnight to you, I want you to kiss me goodnight  
24 whether or not Jon, or Slush, or Bubba is watching." Towards

1 the bottom in large letters it says, "I want to be at peace  
2 with you and for you to be at peace with me."

3 Q Next slide please.

4 A The next slide relates to Exhibit 4-B-13.

5 Q And the blown-up portion there that you -- that goes  
6 to his feelings?

7 A States, "I know there's things about me that bother  
8 you, but I want to make a change in my lifestyle. I want to  
9 be monogamous, and I want it to be with you."

10 Q The next slide refers to which exhibit?

11 A The next slide refers to Exhibit -- People's Exhibit  
12 4-B-15. The large portion shows, "I love you! More  
13 passionately than Romeo did Juliet. More hopelessly than  
14 Ophelia did Hamlet. More vengefully than did Medea, Jason."  
15 And then in parentheses, "Don't worry, I won't kill anybody.  
16 I don't believe in that.", end parentheses -- or end quotes.  
17 "I do unto others as I would have them do unto me from now on.  
18 That's why I love you, ..., that's why I need you, ..., I  
19 could really grow up for you," with really underlined.

20 Q Next slide please. Next slide refers to which  
21 exhibit?

22 A Refers to People's Exhibit 4-B-16.

23 Q And the blown-up portion reads?

24 A This is on the bottom of the note, "When I show up

1 at your door on Friday, you'd better grab me, pull me in, shut  
2 the door, lock it, throw me down right there on the floor, and  
3 make love to me. Dig? P.S. I miss you muchly. P.P.S. I  
4 tried to make this smell like me, smoke. P.P.P.S. I don't  
5 care if you bleed all over me."

6 Q Next slide please. Which exhibit does this slide  
7 refer to?

8 A This refers to People's Exhibit 4-B-18.

9 Q Read the blown-up portion please.

10 A Just a moment, let me take a look. Says, "As I came  
11 to realize that I needed you I became insecure and afraid of  
12 losing you. Jealousy became all too common. Then when I went  
13 back to school I felt that you were trying to return to your  
14 past, that," and it's continued onto 4-B-19. Picking up where  
15 I left off "that you didn't need me or love me. I was walking  
16 on eggs and I thought you didn't love me anymore. So I ran  
17 away."

18 Q Next slide please. This equates to which exhibit?

19 A Sir, may I approach the slide so I can see it a  
20 little closer?

21 MR. SOUK: Your Honor?

22 THE COURT: You may.

23 A This slide relates to People's Exhibit 4-B-21.

24 Q (By Mr. Souk) And would you read the blown-up

1 portion of that please?

2 A Yes. "I'm sorry that I've been such an ass lately.  
3 It seems like every time I don't get my way, I freak out and  
4 do something stupid." The bottom quote, "and then over the  
5 weekend in Chicago," excuse me, "I know that it's a problem  
6 and I'm really trying to mellow out about things like that."  
7 The next two quotes are from the same page, "Needless to say,  
8 this whole Bubba thing has got me freaked out more than you  
9 could possibly imagine." The smaller box on the right is the  
10 way he signed off on the letter, "With the most confusing and  
11 passionate love ever imaginable in anyone's wildest dreams."  
12 Once again it appears to have Alan's signature at the bottom.

13 Q All right, the next slide please.

14 A This slide relates to People's Exhibit 4-B-22. It  
15 states, "I have a short temper, I need your help with that."

16 Q Next slide?

17 A This slide shows the entire letter marked People's  
18 Exhibit 4-B-23.

19 Q And would you read the portion of that that relates  
20 to his feelings?

21 A Yes, sir. "I can't bear any longer to stare into  
22 your eyes to see the barrage of countless past lovers of your  
23 life. I cannot look at you if I cannot touch you. Damned if  
24 I do, damned if I don't. I will not let myself love ever

1 again. I'll just sink back into the hollow, selfish, unhappy,  
2 bottle crawling pieces of man that found true love for a few  
3 brief weeks and had it stolen by the child in him that merely  
4 wanted to make things less sticky for you. After all, it was  
5 you who said you didn't want to a commitment. And then when  
6 I finally stopped trying to get a commitment, you gave up on  
7 me without ever saying that you did want one. That's not  
8 fair. That's narrow-minded. Remove the log from your eye  
9 before removing the twig from mine. Get it?"

10 Q Next slide please.

11 A This again appears to be the back side of 4-B-23.  
12 "When I'm around you I feel like falling apart and I can't  
13 handle that anymore. If I thought that things would ever  
14 change with us," in quotes, "it might make it easier. Your  
15 phrase NBF is just a sign to me of my failure to be good  
16 enough for you, and your constant reminding me is a living  
17 hell. I want you back and I'll sacrifice my pride to get you  
18 back. But if I can't have you back, then pride is all I  
19 have," all in capitals. "So don't do me any favors. Just do  
20 what you want to do. And if I can't convince you of my love  
21 and we can't get back together to form a basic trust, then get  
22 the fuck out of my life." There's more, but I didn't feel it  
23 was relevant.

24 Q Do those slides now complete the portions of the

1 letters that related to Mr. Beaman's feelings towards Miss.  
2 Lockmiller?

3 A Yes, sir, I believe they do, the important parts..

4 Q From the day that Jennifer's body was discovered,  
5 have you remained assigned to and working on this case?

6 A Yes, sir, I have.

7 Q I want to ask you some questions now about the  
8 further investigation in this case beginning with August the  
9 29th of 1993. Did you have occasion to reinterview Mr. Swaine  
10 on that day?

11 A Yes, sir, I did.

12 Q Did you also, on that day, return to the scene with  
13 Detective Warner?

14 A Yes, sir, I did.

15 Q And on that occasion did you and he gather a piece  
16 of evidence from the scene that had been left there?

17 A Yes, sir.

18 Q What was that?

19 A That was a plastic garbage bag that was left on the  
20 couch in the living room.

21 Q Was it still in the same place that it had been the  
22 day before?

23 A Yes, it was.

24 Q When you had left the day before, and after the

1 crime scene technician had finished and Jennifer's body was  
2 removed, was the scene sealed up in any way?

3 A Yes, sir, it was.

4 Q What did you do to seal the scene?

5 A I believe, first of all, we locked the door, and  
6 then we called the maintenance person over who took a large  
7 piece of plywood, placed the plywood across the doorway. The  
8 crime scene technician then placed the red evidence seal  
9 across a portion of the plywood and the door so that if  
10 anybody were to try to remove that tape it would show on that  
11 plywood that it would come off. He then placed his initials  
12 on that tape to show that he had been the one to place that on  
13 there.

14 Q And you saw it placed on that tape?

15 A Yes, sir, it was.

16 Q Did you have to remove that seal and the plywood to  
17 get in?

18 A Yes, sir, we did.

19 Q Show you People's Exhibit No. 46, which I don't  
20 believe has been opened. Ask you if you'd open that just  
21 enough to look and see what's in it. Tell us what that is  
22 please.

23 A Yes, sir, that appears to be the pink garbage bag.

24 Q Does it appear to be in the same condition as when

1 you gave it to the lab for fingerprints?

2 A There's been extensive evidence of fingerprint work,  
3 but other than that, it appears to be the same pink garbage  
4 bag.

5 Q Did you or Detective Warner later deliver that to  
6 the crime lab for analysis?

7 A Yes, sir.

8 Q I want to call your attention now to August the 30th  
9 of 1993, and ask you if on that date you had occasion to do  
10 some checking to discover possible credit cards issued to Alan  
11 Beaman, and what you found in that regard?

12 A Yes. I contacted the credit bureau and asked for a  
13 search on any credit cards, bank cards, ATM cards that he  
14 might have in his name. We were trying to determine if they  
15 might have been used for anything during that time frame.

16 Q Did you discover any credit cards in his name?

17 A Yes, sir, we discovered two credit cards in his  
18 name.

19 Q Okay, and any usage on those credit cards that was -  
20 - that you could figure out was relevant to this  
21 investigation?

22 A Nothing that was relevant, no. One card had not  
23 been used, and the second one was last used in Rockford at a  
24 Denny's.

1 Q At that point in time, were you checking out anyone  
2 else's credit cards?

3 A At that point in time, no, I don't believe so.

4 Q Perhaps we're getting a little ahead of ourselves,  
5 but at some time later in the investigation, did you ever have  
6 occasion to check car rental agencies in the Rockford area to  
7 determine if you could find any evidence of Mr. Beaman having  
8 rented a car on or about August 25th of 1993?

9 A Yes, sir.

10 Q Did you ever find any evidence of any such rental?

11 A No, sir, there was no evidence of such a rental.

12 Q On August the 31st of 1993, ask you if you had  
13 occasion to go to the grand jury and seek your first subpoena  
14 in this case for phone records relevant to the investigation?

15 A Yes, I did.

16 Q And just for simplification purposes, were there a  
17 number of occasions after that where you returned to the grand  
18 jury to get additional phone records?

19 A Yes, sir.

20 Q And would it be accurate that the phone records that
