

22.77A

Definition Of A Drug Or Alcohol Screening Test

A drug or alcohol screening test includes, but is not limited to, urine testing, hair follicle testing, perspiration testing, saliva testing, blood testing, fingernail testing, and eye drug testing.

Committee Note

720 ILCS 5/17-57(d) (West 2021).

Section 17-57(d) provides that this definition applies to this offense only.
