

# NO SMART PHONE?

# NO CAMERA?

# NO INTERNET?

## NO PROBLEM!

# You can still attend court from home by calling in.

If you have a phone but no internet or camera, you can still join a remote court appearance by calling the phone number and using the Meeting ID and Passcode that the court gives you.

If you need more information or have questions, reach out to the Clerk's office as soon as possible. If you wait until right before your court date, it may be too late to get help.
